This cabinet is more than an attractive piece of furniture—it is sturdily built to hold a full load of records. Built by expert American workmen who take pride in their work. All corners are fitted accurately; there are two strong shelves, each with three partitions, all braced securely against strain. Partitions keep albums upright, lessening warping and breakage and making desired albums much easier to remove.

The single door is surfaced with a beautiful piece of veneer, showing the full pattern of the grain. Door is carefully fitted to keep out dust. Size of cabinet, 30¾ inches high, 18¼ inches wide and 16¼ inches deep.

When you order a new cabinet for your home you will want a new set of smart, colorful matching albums for your records. See those shown on opposite page.

State choice of mahogany or walnut veneer. Albums not included. Not mailable.

57 KM 5652—Shipping weight, 39 pounds.....**$15.95**

SILVERTONE Phonograph Needles . . . buy the best for finest performance

Standard steel Needles. Good quality steel, accurately sharpened for smooth playing. Designed for spring wound phonographs; needles for electric phonographs shown at right. Regular steel needles may be had in four tone ranges. Shipping weight, each package, 3 ounces.

Cat. No.	Tone	Q'ty	Price
57 K5702	Med.	200	13c
57 K5703	Loud	200	13c
57 K5704	Ex. ld.	200	13c
57 K5705	Giant	50	5c

Silvertone 12-play steel Needles. Save annoyance of changing needle for every record. 12-play needle works well on either electric phonographs or combinations, gives good reproduction. Note that each needle plays 12 times; package of 50 needles will play 600 recordings. Shpg. wt., 3 oz.

57 K5710—Pkg. of 50 needles..**19c**

Silvertone 1000-Play needle. A fine needle with a special alloy point, more carefully ground than needles at left. Scientific design makes possible more pleasing tone by reducing surface noise. Recommended for electric phonographs and automatic changers. Long life of needle (up to 1000 plays with 1¼ oz. light weight phonograph arms) adds to fun of playing records. Wt., 2 oz.

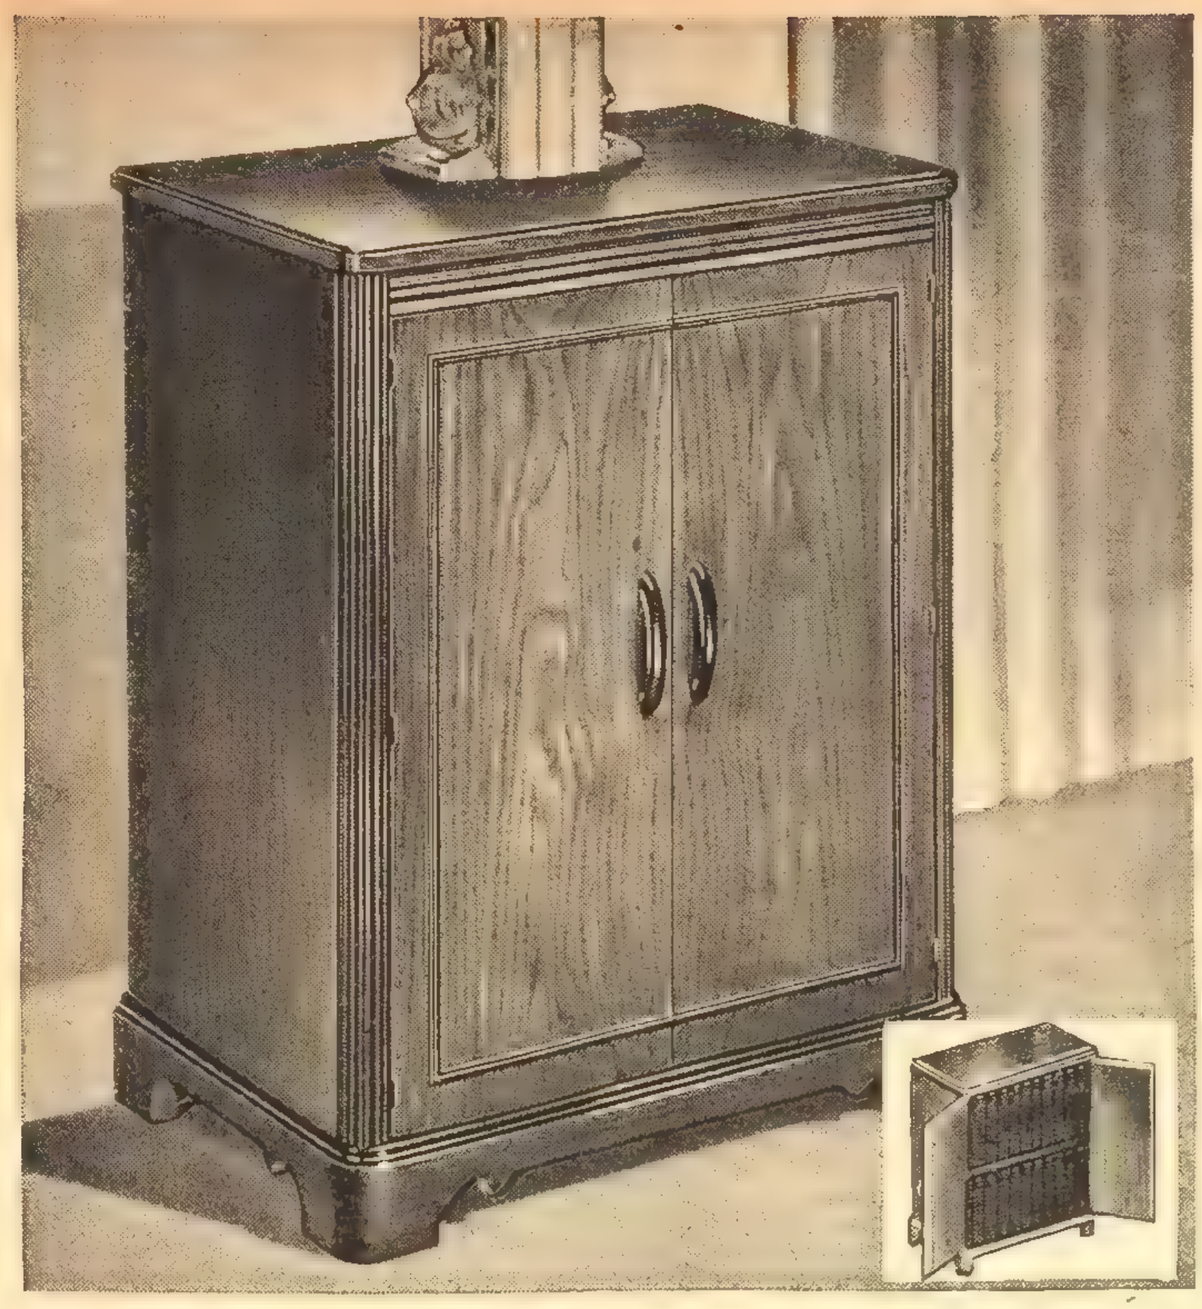
57 K 5713.....**39c**

Silvertone 5000-play needle. Excellent quality needle that will give greater satisfaction from your favorite records. Designed by sound engineers wanting a needle to reproduce tone quality intended by recording artists. Famous floating point of smooth platinum alloy, encased in a protective sleeve, glides over record grooves with minimum of surface noise. Recommended for electric phonographs and record changers. Gives up to 5000 plays with lightweight (1¼ oz.) phonograph arms.

57 K 5714—Wt., 2 oz.**69c**

Silvertone Sapphire jewel needle. Sears finest needle. Improved type of sapphire needle that will bring you a new-found pleasure in your recorded music. Genuine jewel point, mounted, ground and polished like a fine gem, permits the most natural reproduction of original tone, and unusual construction of needle shank decreases undesirable "chatter." Silvertone sapphire jewel needle, because of the extreme hardness of the jewel, will serve almost the entire lifetime of most phonographs and combinations, giving up to 8000 plays with lightweight (1¼ oz.) phonograph arms.

57 K 5717—Shpg. wt., 2 oz.**$1.69**



Cutting Needles for Home Recorders

C Hardened steel recording needle that will give up to 2 hours of cutting time—enough for sixty 6½-inch recordings. Shpg. wt., 2 oz.

57 K 5735.....2 for **33c**

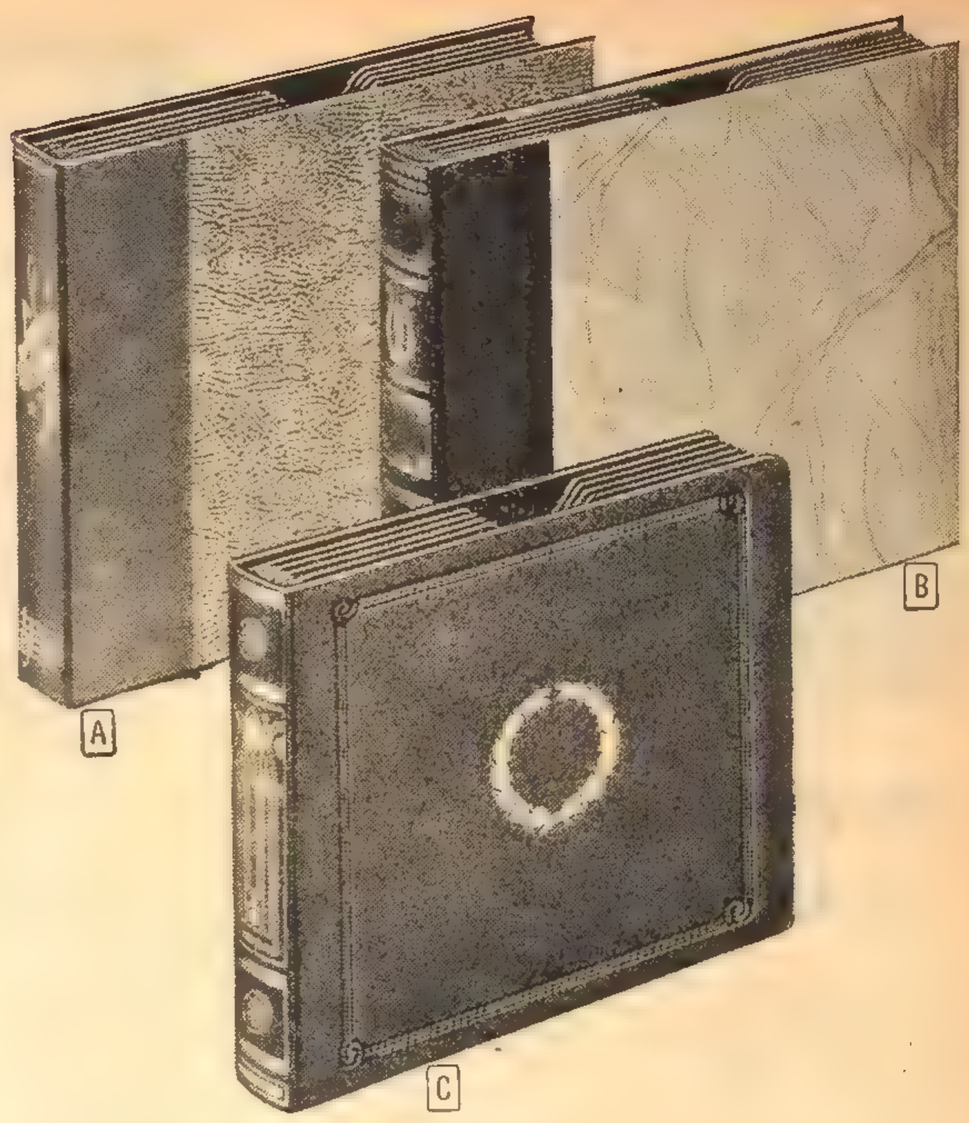
D Finest quality cutting needle. Has inset tip of special alloy for noiseless recording. Individually inspected. Gives up to 10 hours of recording time or about 300 6½-inch recordings. Shpg. wt., 2 oz.

57 K 5736....Each **89c**

"Aristocrat" Record Album Cabinet

- Holds twenty-two 10- or 12-inch 12-pocket albums.
- Deluxe mahogany or walnut veneer . . . top and doors hand rubbed.
- Double doors carefully fitted as protection against dust.

$26.95



Our finest cabinet, skillfully styled to complement your favorite pieces of furniture. Its design gives it distinction and the care with which it is made gives it highest rank in cabinet making. It is well named the "Aristocrat."

The cabinet is made from only the choicest selected genuine mahogany and walnut veneers. Double doors, top and sides are hand rubbed for greater luster, bringing out the grain of the classic mahogany and richly figured walnut woods. Roomy interior, with two well braced shelves, has ample space for a large record collection, twenty-two 12-pocket albums. Two dividers on each shelf keep albums upright, help protect records. The whole cabinet is well protected against strain, all joints expertly fitted. Size, 33⅜ inches high, 25⅜ inches wide and 16¼ inches deep.

This is an ideal cabinet for those who want a truly fine piece of cabinet-making, to match other fine furniture in their homes. In original design and styling, in master craftsmanship and superior materials used, this cabinet is Sears finest by far.

Matching sets of albums for your new cabinet are shown at right—choose a set that will do justice to your record collection. Albums in illustration not included.
State choice of mahogany or walnut veneers.

♦4 K 2875TY—Zenith Hearing Aid. Postpaid....$40.00

AMERICAN MEDICAL ASSN. ACCEPTED COUNCIL ON PHYSICAL THERAPY

Accepted by
American Medical Association
Council on Physical Therapy

There are cases in which deficient hearing is caused by a progressive disease and any hearing aid may do harm by giving a false sense of security. Therefore, we recommend that you consult your otologist or ear doctor to make sure that your hearing deficiency is the type that can be benefited by the use of a hearing aid.

Now—a fine precision quality hearing aid is available at a price within the reach of all . . . and a new world of happiness has been opened to the hard of hearing. The new Zenith Radionic Hearing Aid is restoring many men, women, and children with impaired hearing to lives of greater usefulness . . . it is helping them to rediscover the pleasures of music and the radio, to hear the church service, and to enjoy more fully the priceless companionship of family and friends.

This amazing instrument is as easy to order from your Sears catalog as a new coat. It comes to you complete and ready to wear—no professional fitting or testing is necessary. All controls are on the outside—easy to get at. With a touch of your finger you adjust tone or change volume for your particular hearing need—as conveniently as you focus a pair of binoculars.

The new Zenith flesh-tint earphone and cord are inconspicuous. Amplifier unit in black plastic case measures only 2¾x5⅛x⅞ inches; fastens with clip to clothing or under-garment holder; may be worn entirely concealed under clothing. Battery case measures 4¼x3½x1¼ inches; may be attached to belt, carried in pocket, or strapped to leg. Women will be interested in the special holders shown below. Booklet included has complete instructions for using and wearing the Zenith Hearing Aid. It is written with understanding, and helps you in the great adventure of re-entering the world of normal sound.

- **Ready-to-wear self-fitting earpiece.** Four sizes in ear tubes and ear tips included. You wear the size that fits you most comfortably.
- **Four-position tone control** on outside of case. Each position provides a combination of "listening frequencies"—adjusts the kind of tone. You select the position that fits your individual hearing deficiency.
- **Special "quiet type" volume control**—adjusts the amount of sound.
- **Inconspicuous flesh-tint** earphone and cord have a new look of youth. Cord is covered with durable plastic, is washable, won't kink.
- **Garment clip** holds amplifier in place. Clip fits front or back of case.
- **Low-operating-cost circuit** insures economical battery consumption.
- **Guaranteed for one year** against defects in material and workmanship. During this period a nominal handling charge of $1.00 will be made to cover minor repairs (other than defects) on the hearing aid.
- **Five-year service policy.** At any time within five years Zenith Radio Corporation will completely recondition Hearing Aid at cost of $7.50.

Quality in Diamonds for 52 years

Diamond rings priced from **$12.25 to $3800.00** on the following pages

When you buy her diamond, you want a stone whose purity and fire are worthy expressions of your deepest sentiments. And—whether you buy one diamond in a lifetime or many diamonds—you want full value for the money you invest. To be certain you get the best in diamonds, choose a trusted diamond dealer: one whose expert knowledge assures you quality, whose reputation for honest dealing is unquestioned and of long standing, whose guarantee is generous and reliable. Sears are such diamond merchants. For 52 years we have sold diamonds selected by experts, graded by the most exacting standards, and guaranteed exactly as represented. To be considered in the purchase of any diamond are the factors described below.

Money-back Guarantee

Sears send a Certificate of Guarantee with every diamond ring having a 1/20 ct. or larger center stone. It shows weight and quality, registration number, purchase price, and details of our Trade-in Plan. If you are not completely satisfied with your ring, return it within 30 days. We'll refund your money. Few merchants offer so strong a guarantee.

One-year Trade-in Privilege

You may return your ring (providing the diamond is in its original setting) together with our Guarantee Certificate within one year of purchase date and apply its purchase price to a larger, more expensive diamond —an unusually generous offer. We can allow Federal Excise Tax paid on a new purchase only if the ring is exchanged within 60 days.

Facts you should know about diamonds

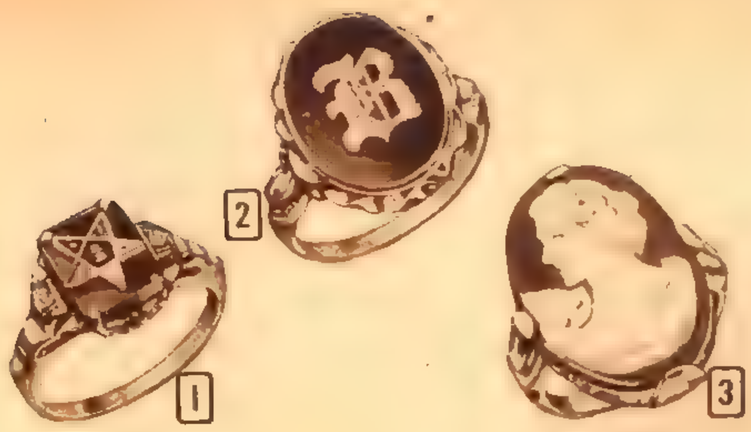
Size alone does not determine the value of a diamond. A one-carat stone may be worth as little as $200 or as much as $900 depending upon its quality. These are the factors which determine quality and upon which all Sears diamonds are judged: color, clarity, cut and proportion.

Color: A truly fine diamond is as clear as the purest drop of water, with a blue appearance which comes from its reflection of light. Such diamonds are called blue-white; others are rated as white or yellow. Diamond value increases with each stronger degree of reflected blue light and decreases with each stronger degree of reflected yellow light. Sears sell only blue-white diamonds.

Clarity (degree of perfection): Although many diamonds are referred to as perfect, none actually is. Tiny flaws may be present in any diamond, even in museum gems. However, if no flaws can be seen when the diamond is magnified 10 times, reliable jewelers regard it as perfect. Sears finest diamonds meet or exceed this standard.

Cut and proportion: Fine cutting by master cutters adds much to the value of a diamond. Three popular styles of cutting are: round, emerald, and marquise. A full cut round or marquise diamond has 58 mirror-like facets or surfaces which reflect the light; the emerald-cut stone has 50. The degree of brilliance is determined by the precise tilt of each facet in relation to its neighbor and upon its expert polishing. All 1/16 ct. or larger center stones in Sears diamond rings are full cut and correctly proportioned and finished for utmost brilliance.

Carat size of diamonds: A carat is the unit of weight by which diamonds are sold. We show each ring with the largest carat size stone in which the ring is listed, enlarged ¼ to bring out the design of the ring. For actual carat sizes, see the chart below.



Mountings for Sears Diamonds

Sears diamonds are set only in solid 14K gold or palladium mountings. All center and side diamonds are set in palladium or white gold, which intensifies their blue-white fire and creates an illusion of greater size. The value of the mounting depends upon the amount of hand work required, the number and size of side diamonds, the amount of gold or palladium used. Palladium, a jewelry metal of rare beauty and distinction, is one of the noble platinum metals. It is a soft, lustrous white, harder than gold, non-tarnishable.

Because of present difficulties of supply, ring designs may vary slightly from the illustrations. We guarantee your satisfaction. If you do not find the ring you want in this catalog, write to our Personal Service Dept. You will receive full information.

TRADITION Blue-White Diamonds . . . $54.95 to $1700

Our Own Trade Name

Tradition—a name that stands for years of beauty, quality, and exceptional value in diamonds . . . Sears own name for the exquisite diamond rings on these two pages . . . diamonds that become treasured tradition handed down in your family.

Diamonds of our Tradition quality—equal or superior to the finest offered by many stores—are chosen for their brilliant blue-white color, pure flame, and superb cut and finish. They are so pure that even to an expert's trained eye they show no flaws when magnified seven times. They must pass standards of excellence so high that only one in 150 stones examined is accepted and adjudged worthy the Tradition name.

Tradition diamonds are mounted in distinctive hand-finished rings beautifully detailed to enhance the radiant quality of the stones. All rings are solid 14K yellow gold with diamonds set in precious white palladium to bring out their full brilliance. Each Tradition diamond ring is registered and sent to you with Sears Certificate of Guarantee.

State ring size, 5 to 8, and size of center diamond. Carat sizes quoted refer to center diamond only. See "How to Order" on page 545. Be sure to print initials and date for engraving in wedding rings.

Brides' Book included with brides' wedding rings. Rings in attractive gift box. Rings marked ♦ sent from Chicago or Philadelphia. Order from your nearest Sears mail order house. Sent postpaid.

Star sapphire and diamond rings for men and women

Star sapphires are genuine precious gems ranging in color from a pale milky blue to deep blue. Each has a many-rayed star reflected from its depths which becomes more pronounced under bright sunlight or sharp electric light. All genuine star sapphires regardless of price are marked with spots termed "naturals." These are not flaws, but nature's own way of marking these stones. Imitation stones are marked thus to appear genuine. *State size. Postpaid.*

Man's star sapphire . . . about 10 cts. Pale blue, cabochon cut, high and dome-like, in massive 14 K white gold ring with 2 side diamonds. *State size, 8 to 12.*
♦4 K 03360EY . . . **$350.00**

Woman's star sapphire about 9 cts. A smooth cabochon cut gem in a clear light blue color mounted in a handsome 14 K white gold ring, 6 side diamonds.
♦4 K 03361EY . . . **$450.00**

Woman's star sapphire, smooth oval gem about 5 cts. Deep blue color. Encircled by 12 full-cut blue-white diamonds, total 1⅛ cts. Palladium mounting.
♦4 K 03362EY . . . **$895.00**

Diamond studded palladium watches in dramatic styles

Three exquisite watches, the case designs created in precious palladium paved with close-set shimmering diamonds. Palladium, one of the brightest and whitest of the platinum metals adds its brilliance to the sparkle of the diamonds. Fine quality 17-jewel precision movement. Safety clasp. Number of diamonds and exact pattern may vary, but value will be the same or better. We guarantee satisfaction. Shown ⅞ actual size. *State wrist size. Postpaid.*

Tiny baguette-shape watch with 22 round and 2 baguette shape diamonds . . . dainty, feminine, brilliant. Black cord wrist band, strong clasp.
♦4 K 03345EY . . . **$365.00**

Square shaped watch in luxurious case encrusted with 12 small and 22 larger round diamonds for sparkling radiance. Black cord band, strong clasp.
♦4 K 03347EY . . . **$725.00**

Cushion-shaped watch, with 56 diamonds, 36 round and 10 baguette. Exquisitely designed . . . our most brilliant diamond watch. Black cord band, strong clasp.
♦4 K 03346EY . . . **$860.00**

Our Finest Quality Blue-White Diamonds . . . $79.95 to $3800

Blazing blue-white gems, superb in cut, proportion, and finish . . . of a quality so fine they may be called perfect. According to standards accepted by reliable jewelers, a diamond may be called perfect only if no flaws can be seen when the diamond is magnified ten times. The diamonds on these two pages meet or exceed this high standard. They are chosen from the cream of the world's diamond yield. They are so rare and superior that only one diamond in every 300 examined by our appraisers conforms to our standards for this quality.

Our finest diamonds are mounted in hand-finished rings of exquisite beauty, either white palladium or 14K yellow gold with diamonds set in palladium to bring out their full beauty. Side diamonds are perfectly matched for size, color, and proportion. Diamond rings of this quality are sold by the most exclusive jewelers and by Sears where you save substantially.

State ring size, 5 to 8, and size of center diamond. Carat sizes listed refer to center diamond only. See "How to Order" on page 545. Be sure to print initials and date for engraving wedding rings. Bride's Book included with bride's wedding ring. Each ring in attractive gift box. Rings marked ♦ shipped from Chicago or Philadelphia only. Order from your nearest Sears mail order house. Sent postpaid.

Five magnificent diamond rings set with our finest stones . . . exquisite palladium mountings

1/2 carat diamond ring **$374.95**

Brilliant-cut solitaire diamond . . . a superb round-cut stone whose flaming brilliance is enhanced by beautifully simple palladium mounting. Ring is highly polished, has beveled shank.

♦4 K 02572EY

Diamond-set Wedding Rings

Each diamond wedding ring is solid 14K yellow gold or white palladium set with fiery blue-white cut stones. In all rings diamonds are set in white gold or palladium to make them appear more brilliant. They may be set *fishtail style*—each held in separate prongs; *box style*—each set in a separate square, heart, or other shape; or *channel style*—set edge to edge. Each ring is carefully hand-finished with attention to finger comfort as well as to beauty. Prices vary according to the size and value of the diamonds used, the amount of gold or palladium, and the fineness of design and finish.

The Bride's Book illustrated is included with each bride's wedding ring. Each ring in attractive gift box. Initials of bride and groom and wedding date may be engraved at no extra charge.

State ring size, 5 to 8. Print plainly initials and date you want engraved. See opposite page for "how to order correct size." Rings marked ♦ mailed from Chicago or Philadelphia only. Order from your nearest Sears mail order house. Postpaid.

HOW TO ORDER ALL RINGS IN CORRECT SIZE

If you know your ring size: State it in your order. We will mail your ring at once if the size is from 5 to 8 for women and from 8 to 12 for men.

If you do not know your ring size: 1 tie a stout ribbon snugly around your finger. Knot securely; slip off without stretching. Send it to us with your order. Or 2 cut a strip of cardboard 5 in. long in shape illustrated. Drop a ring that fits you comfortably over the narrow end of cardboard; do not force. Where the ring stops, draw a line across cardboard at both sides of the ring. Send cardboard to us. We will send ring you have selected in your correct size. Allow 10 days for women's rings smaller than 5, larger than 8; for men's rings smaller than 8, larger than 12. $1.00 additional charge for women's rings larger than 8½ and for men's rings larger than 12.

Rings enlarged ¼ to show design . . . all prices include 20% Federal Excise Tax . . . For Easy Terms see inside back cover CPBKMN **PAGE 545 . . WEDDING RINGS**

EVERSHARP

New Fifth Avenue Pen Set

Available after August 1st

Hooded Point
Hood completely shields inked point, protects fingers. Curved to fit finger grip naturally.

Magic Feed
Even flow down to last drop of ink. Can be carried without leaking at 12,000 feet.

Military-type Clip
Streamlined clip holds pen or pencil low in pocket. Meets military requirements.

Repeater Pencil
Holds 6 months' lead supply. Feeds with machine gun speed. CLICK . . . new point is ready.

Deluxe pen and pencil set . . . caps are 14K gold over sterling silver $22.80

- Beautiful spiral design cap of 14-karat yellow gold over sterling silver
- Convenient friction-grip cap . . . snaps on and off easily without turning
- Longer than conventional pens when opened . . . it writes with less strain
- 14K gold point writes smoothly. No special ink required.

A pen to last a lifetime . . . beautiful as a piece of fine jewelry. It's built on entirely different engineering principles. The inked point is covered with a hood, curved to fit your finger-grip naturally, protects fingers from ink stains. The amazing, exclusive Magic Feed means extra writing efficiency. Pen will write without flooding or blotting, even at sub-stratosphere levels . . . can be carried without leaking.

The slender unbreakable barrel balances perfectly in your hand. Friction-grip cap is 14K yellow gold over sterling silver; snaps on and off without turning. The 14K gold point is smooth writing, long-wearing.

Handsome matching pencil—repeater style—holds six months' lead supply. Feeds lead easily, quickly. *State 1st and 2nd color choice:* dubonnet, navy blue, army brown, or black; also fine or medium point. Same price cash or terms. Prices include 20% Federal Excise Tax.

4 K 5740TE—Standard Pen (6 in. open). Pen-pencil set. Postpaid. . . . $22.80
4 K 5759TE—Short Pen (5⅛ in. open). Pen-pencil set. Postpaid. . . . 22.80

Service guaranteed forever on Eversharp Fifth Avenue. Should defects in material or workmanship appear in either pen or pencil, return to Eversharp. Include all parts and 35c to cover cost of postage and handling.

Outstanding values in quality Fountain Pens

Webster... a great fountain pen, exclusive with Sears $3.95

A
- 14K gold point, osmiridium tipped, slightly turned up for smoothness
- Large ladder feed . . . ink flows to point the instant you start writing
- Easy-grip clip has rocker action, clips on pocket with feather touch
- Simple, trouble-free filler winds like a watch; 3 turns of the cap—release, and pen is filled. A feature not found on other pens.

Webster, the "Super Value" pen, is designed for busy men and women. Its performance is guaranteed. See Webster plus-features listed. Notice the slender, streamlined barrel of unbreakable Du Pont Pyroxylin—the handy Ink-Vue window that shows you when pen needs refilling—the heavy 14K gold point with curved nib. Point writes two ways: medium point held normally writes medium; turned over it writes fine. Fine point turned over writes extra fine. *Colors:* silvery pearl, jet black, or emerald pearl. *State color; also fine or medium point.* Shpg. wt., 4 oz.

4 K 5791—Men's size pen. . . . $3.95 4 K 5792—Women's size pen. $3.95

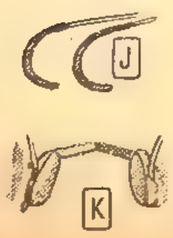
Special Lenses—prices quoted promptly

If lenses with corrective or special base curves are desired, add $1.00 for each single vision lens; $1.50 for each bifocal lens. Write for prices on all other types.

All work is done under the personal supervision of registered opticians. Exact accuracy is fully guaranteed. Sears fill your prescription accurately, economically, but do not prescribe glasses. For your prescription, consult an Oculist who treats defects and diseases of the eye; or an Optometrist who measures defects in vision. Sears complete glasses are priced especially low—cost less than frames and lenses ordered separately—to bring you extra savings.

Prices shown on this page are for regular lenses only, and cover about 60% of all eyeglass prescriptions. Slightly higher prices may be charged for special lenses not within plus or minus 2.00 diopters—your doctor will explain. If extra cost is over $2.00, we will notify you first. If extra cost is under $2.00, we will fill your order, mail your glasses promptly and bill you for the balance due.

Choose the service that fits your need



1. Complete New Glasses—Frames and Lenses—by Prescription. To Order: Send eye doctor's prescription; and any pair of glasses (including frames) worn recently, for size. If you have no glasses, have your doctor include: (1) pupillary distance (between centers of pupils); (2) size of lens; (3) width between lenses; (4) temple length; (5) type of lens (single-vision or bifocal); (6) lens shape; (7) lens color. Glasses ground to prescription not returnable.

2. Complete New Glasses—Frames and Lenses—by Duplication To Order: Give catalog number of complete new glasses you select (listed above) and send the pair you wish duplicated. We return your old pair to you

3. New Lenses Only—by Prescription or Duplication . . . we replace present or broken lenses and mount them in your frames. **To Order:** Send your frames with old lenses or prescription. For lenses, see left; order by catalog number.

4. New Frame Only—your present lenses mounted in. To Order: Give catalog number for new frame only (see above) and send present glasses (including lenses) with your order. Write for prices on any frame not shown here.

5. Minor Repairs. We repair broken, damaged frames, bridges, temples, etc. **To Order:** Send glasses and $1.50 which covers cost of most repairs. This will speed return to you. If cost is less, we will refund the difference promptly. (Shell frames cannot be repaired.)

J Ear-Ease Cushions. Help avoid irritation. Fit temples of any glasses, except shell frames.
4 K 2990—Shpg. wt., 2 ounces.....Pair 21c

K Nos-Ease Cushions. Fit over pearl pads, help keep glasses from slipping; relieve irritation.
4 K 2988—Shpg. wt., 2 ounces.....Pair 21c

L Nationally-advertised C-Thru Liquid Cleaner for gems and lenses. Cleans and polishes jewelry.
4 K 2950—2-oz. bottle. Shpg. wt., 4 oz..... 25c

How to mail glasses for duplication and repair

Wrap your glasses in tissue paper or cotton; place in eyeglass case with your name and address. Print plainly. Send complete glasses with frames (for broken lenses, send all pieces you can). Wrap each lens separately: mark Left or Right. Pack eye-glass case with tissue paper or cotton and place in strong cardboard or wooden box; enclose order and money *inside*. Mark package "Glass—Handle with Care." Send First Class or Registered Mail to Sears, Roebuck and Co., Optical Department 155.

"I WANT TO KNOW MORE ABOUT SEARS Approved VITAMINS"

REG. U.S. PAT. OFF.

Writes Mrs. B. C. Cook of New York City

So much has been written about different vitamin products that many persons, like Mrs. Cook, are confused as to which vitamins are the best buy. Below we have attempted to answer her questions (the ones most frequently asked) as simply as possible. Study also the chart below, and send for our *new* Vitamin Booklet. We believe this will tell you all you really need to know about buying vitamins.

Are vitamins good for babies?

Yes . . . especially A and D, important for strong bones and teeth. Many doctors recommend vitamins for baby.

Are they the same as in foods?

A vitamin, whether in a food or in a capsule is the same chemically. It has the same chemical properties and chemical reactions.

Do hard workers need more?

Vitamins especially the B Complex, help convert food into energy. The harder the work, the more vitamins are needed.

What do doctors think of them?

Many doctors recommend vitamins because they are recognized by medical authorities as a valuable supplement to the diet.

Are vitamins a "cure-all"?

No! All Sears Approved Vitamin products are sold only as food supplements to help guard against vitamin deficiencies.

Are Sears Vitamins tested?

Sears Approved vitamin products are tested for purity, potency and quality by actual chemical, physical and biological assay.

Where are vitamins made?

Sears Approved vitamins are made in America's foremost laboratories, under exacting care. A control number on each product is your safeguard.

How can I choose the best?

Look for high potency and low cost per day. Sears Approved vitamin products give full minimum requirements at a low cost per day.

The Vitamin Story in Chart Form

Here are the vitamins for which minimum daily requirements have been established by the *Federal Food and Drug Administration*	B COMPLEX FACTORS			A	D	C
	B_1 Thiamin	B_2 Riboflavin	Niacin Nicotinic Acid			Ascorbic Acid
Here are official minimum daily requirements of each vitamin	333 U.S.P. Units	2000 Micrograms	10* Milligrams	4000 U.S.P. Units	400 U.S.P. Units	600 U.S.P. Units
Here's what deficiency of these vitamins may result in	Sluggish appetite and digestive disturbances	Certain skin disorders especially at corners of the mouth	Certain muscular weaknesses and certain skin disorders	Lowering of body resistance to colds and similar infections	Poor formation of teeth, or rickets in infants or children	Weakening of cell structure throughout the body
Sears offer vitamin products of the following types	Sears Approved B_1, B_2 and B Complex products pages 554 and 555			Sears Approved A and D products. Pages 556 and 557		Approved Vitamin C Page 557

For ALL of the above vitamins, plus B complex factors and valuable minerals order Sears Approved SUPER-KAPS Vitamin-Mineral Capsules. See opposite page
For other multi-vitamin products, pages 552 and 553

*This dosage established by the Council on Food and Nutrition.

1 milligram equals 1000 gammas or 1000 micrograms. 1 U.S.P. unit equals 1 international unit.

Write for this free booklet

New 1944 Fall Edition

"Which Vitamins are Best for Me" is an interesting and educational booklet on the essential vitamins. It's up to the minute in information . . . easy to understand and it will help you learn more about vitamins and what they mean to you. Just send a letter or postcard to Sears, Roebuck and Co. Ask for number 743K.

All potencies are guaranteed correct at time of publication of this catalog

In vitamins there's no better buy than a SEARS Approved Product

SEARS Approved SUPER-KAPS

TYPE 1—VITAMIN CAPSULES

Offer all 8 essential Vitamins for as little as 1¾c a day

One capsule taken each day supplies:

- Vitamin A—5,000 U.S.P. units
- Vitamin B_2(G)—2,000 micrograms
- Vitamin D—1,000 U.S.P. units
- PantothenicAcid—1,000micrograms
- Vitamin B_1—500 U.S.P. units
- Vitamin C—600 U.S.P. units
- Vitamin B_6—50 micrograms
- Niacinamide—10 milligrams

Now . . . new, improved Super-Kaps at reduced prices. You save from 13% to 20% over our last big catalog prices. In addition Super-Kaps are now deliciously flavored . . . no unpleasant odor or taste. So help guard against vitamin deficiencies the easy, economical way. One capsule a day supplies the official minimum daily requirements of all the recognized vitamins as established by the Federal Food and Drug Administration. (More than official minimum requirements on some.) Check the potencies of Super-Kaps given above.

$1.33 50 Capsules (50-day supply)

Now, more than ever, it is your duty to stay well and on the job. With food rationing and food shortages you can't be too certain of getting all the vitamins you need from the food you eat. By taking Super-Kaps as a supplement to your regular diet you can be sure of getting at least your official minimum daily vitamin requirements.

8 K 1825—Shpg. wt., 5 oz. . . . . 50 capsules (50-day supply) **$1.33**
8 K 1826—Shpg. wt., 8 oz. . . . . 100 capsules (100-day supply) **2.29**
8 K 1838—Shpg. wt., 1 lb. . . . . 200 capsules (200-day supply) **3.89**
8 K 1842—Shpg. wt., 2 lbs. . . . . 400 capsules (400-day supply) **6.98**

TYPE 2—VITAMIN AND MINERAL CAPSULES

Offer 8 Vitamins . . . 8 Minerals plus liver concentrate for as low as 3c a day

Two capsules taken each day supply:

- 8 Vitamins—the same light colored capsules listed at left
- 8 Minerals—in dark colored capsules containing:
- Iron • Zinc • Cobalt • Copper • Potassium
- Iodine • Manganese • Magnesium • plus Liver Concentrate

Super-Kaps Vitamin-Mineral capsules (1 light and 1 dark) supply 8 vitamins, 8 minerals and Liver Concentrate . . . an excellent supplement to your regular daily diet. Super-Kaps give you all the above factors at new, reduced prices . . . prices that will save you money. These capsules are your best vitamin buy because:

$1.79 100 Capsules (50-day supply)

Super-Kaps supply at least official min. daily requirements of Vitamins A, B_1, B_2(G), C, D. Also supply the other B Complex factors known to be essential in human nutrition, although official requirements have not yet been established for them.

Super-Kaps supply the official minimum daily requirement of Iron; in addition to Liver Concentrate . . . both important in the treatment of nutritional anemia.

Super-Kaps, in addition to Iron, supply supplementary amounts of 7 other minerals known to be essential to the diet. (See list of minerals above.)

Why pay more? It's the Vitamin content (potency) that counts when you buy vitamins. So buy Sears Approved Super-Kaps . . . they give high potency at low cost per day. And they also supply 8 important minerals plus liver concentrate.

8 K 1801—Shipping weight, 8 ounces. . . . . 100 capsules (50-day supply) **$1.79**
8 K 1831—Shipping weight, 1 pound. . . . . 200 capsules (100-day supply) **3.09**
8 K 1841—Shipping weight, 2 pounds. . . . . 400 capsules (200-day supply) **5.69**

All Sears Approved vitamin products are sold only as a food supplement to help guard against vitamin deficiencies. They are not sold as cures for already existing deficiencies. If such deficiencies are suspected, consult your physician.

Sears Approved Super-Kaps available on Easy Terms . . . see inside back cover

Multiple Vitamin Products

To supplement your daily diet—

SEARS Approved
REG. U.S. PAT. OFF.

Vitamin-Mineral Tablets
. . . cost as little as 3⅓c a day

Vitamin Content per 3 Tablets:

- Vitamin A—5,000 U.S.P. units
- Vitamin C—600 U.S.P. units
- Vitamin D—500 U.S.P. units
- Iron—10 milligrams
- Vitamin B_1—333 U.S.P. units
- Vitamin B_2(G)—2,000 micrograms
- Niacinamide—10 milligrams
- Calcium and Phosphorus

$1.29
32-day supply

Now you can get the vitamins and minerals you want in easy-to-take tablet form. Made especially for those who find it hard to swallow capsules. These small, white, sugar-coated tablets, may be chewed or swallowed whole. You can also crush them and serve in fruit juice, milk or soft foods. Three tablets daily supply official minimum daily requirements of Vitamins A, B_1, B_2(G), C, D and Iron; in addition to Niacin, Calcium and Phosphorus. Tablets in the introductory 96-tablet size box are individually wrapped in cellophane (as illustrated). Tablets in the large size (300) bottle are bulk packed in bottles for greater economy.

8 K 467—Shipping wt., 6 oz. . . . . 96 tablets (32-day supply) $1.29
8 K 735—Shipping wt., 1 lb. 6 oz. . . . . 300 tablets (100-day supply) 3.29

Sears Approved A-B_1-D-G Capsules
. . . cost as little as 1¼c a day

Vitamin Content per capsule:

- Vitamin A—5,000 U.S.P. units
- Vitamin D—1,000 U.S.P. units
- Vitamin B_1—333 U.S.P. units
- Vitamin B_2(G)—2,000 micrograms

$1.39
100-day supply

One capsule a day is all you need take to get the official minimum daily requirements of these 4 vitamins . . . the ones most often lacking in the average diet. Recommended for those who feel they are getting sufficient Vitamins C, B_6, Niacin and Pantothenic Acid from their regular diet. These high potency capsules will aid in preventing a dietary deficiency arising from a lack of Vitamins A, B_1, B_2 (G) and D. Here is an easy and economical way to add these factors to the diet. For vitamin preparations containing all the vitamins plus valuable minerals . . . see Super-Kaps on the preceding page.

8 K 1821—Shipping wt., ½ oz. . . . . 100 capsules (100-day supply) $1.39
8 K 1822—Shipping wt., 14 oz. . . . . 200 capsules (200-day supply) 2.59
8 K 1827—Shipping wt., 1 lb. ½ oz. . . 400 capsules (400-day supply) 4.69

Sears Approved Junior Super-Kaps
. . . cost less than 2c a day

Vitamin Content per capsule:

- Vitamin A—3,000 U.S.P. units
- Vitamin C—400 U.S. P. units
- Vitamin D—800 U.S.P. units
- Vitamin B_1—250 U.S.P. units
- Vitamin B_2(G)—2,000 micrograms
- Niacinamide—10 milligrams

$1.89
100-day supply

Now . . . a brand new Super-Kaps vitamin capsule for children from 3 to 12 years of age. These tiny capsules (⅔ the size of regular Super-Kaps) were made especially to meet the children's official daily vitamin requirements as established by the Federal Food and Drug Administration. These tiny Junior Super-Kaps supply only those vitamins known to be essential to children . . . and in the potencies they normally need. Twice the official minimum daily requirement for Vitamin D is supplied because Vitamin D is so very important to growing children in bone, tooth and growth development. Youngsters can easily swallow these tiny capsules, and will like the pleasant vanilla flavor. One capsule a day meets or exceeds official minimum daily requirements.

8 K 1820—Shipping wt., 8 oz. . . . . 100 capsules (100-day supply) $1.89

It's easy to order all needed vitamin products on Sears Easy Terms . . . see inside back cover for details

Sears Approved Vitamin E Capsules

Vitamin E Concentrate Capsules

E — High potency capsules . . . 30 times richer in Alpha Tocopherol (active principle) than capsules listed below. Each capsule contains concentrate of natural mixed tocopherols distilled from vegetable oils. The value of Vitamin E in human nutrition has not yet been established, and, therefor, no official dosage has yet been established. Take one capsule daily, before or after meals, as directed by a physician. $2.98, 100 capsules

8 K 1830—Shipping weight, 10 ounces . . . . . .100 capsules $2.98

Wheat Germ Oil Capsules

F — Each capsule contains 3 minims of cold-pressed pure wheat germ oil. Equivalent in Vitamin E activity to about 0.36 milligrams of Alpha Tocopherol. These easy to take capsules are a rich source of Vitamin E. Take one capsule a day, before or after meals, as directed by a physician. It's smart economy to order larger size. $1.09, 100 capsules

A and D Vitamin Products

SEARS *Approved*
REG. U.S. PAT. OFF.

High potency A and D Tablets
Cost as little as ½c a day

Vitamin Content per tablet:

A • Vitamin A—5,000 U.S.P. units • Vitamin D—500 U.S.P. units

Each tablet is equal in Vitamin A and D potency to 1½ teaspoonfuls minimum standard U.S.P. Cod Liver Oil. Supplies 25% more Vitamin A and D than official minimum daily requirements. These tablets are made with a deliciously flavored sugar base . . . so children and adults may chew or swallow them whole. A deficiency of Vitamins A and D in the diet may result in lowered resistance to colds and similar infections, poor bone and tooth formation.

In vitamins there's no better buy than a SEARS Approved Product

Sears Approved A, D and C Vitamins . . . Ideal for Infants

High Potency Cod Liver Oil

A — *Vitamins per gram:*
A—2,000 U.S P. units
D— 180 U.S.P. units
95c Pint

Many doctors recommend cod liver oil for babies because its Vitamins A and D help maintain healthy bodies, good teeth and sound bones. Biologically tested and guaranteed. Shipping weights, 2 lbs. 11 oz. and 4 lbs. 14 oz.

8 K 562 . . . . . Pint (16 ounces) 95c
8 K 564 . . . . . Quart (32 ounces) $1.79

Spearmint-flavored Cod Liver Oil

Same as Sears Approved Cod Liver Oil listed above, but has spearmint flavor. Shipping weight, 2 lbs. 11 oz.

8 K 567 . . . . . Pint (16 ounces) 95c

Cod-Halibut Oil with Viosterol

B — *Vitamins per gram:*
A—8,500 U.S.P. units
D— 850 U.S.P. units
76c 4 ounces

Ten times richer in vitamins than minimum standard U.S.P. Cod Liver Oil. Shipping weight, 10 ounces.

8 K 1840 . . . . . 4 ounces 76c

Halibut Liver Oil with Viosterol

C — *Vitamins per gram:*
Vitamin A—65,000 U.S.P. units
Vitamin D—10,000 U.S.P. units

Especially rich in both Vitamins A and D. Helps in development of strong bones and teeth. Dropper cap included. Shipping weight, 11 ounces.

8 K 1812—2 oz. (60-cc) bottle $1.98

Oleum Percomorphum

D — *Vitamins per gram:*
A—60,000 U.S.P. units
D— 8,500 U.S.P. units
$2.39 2 ounces

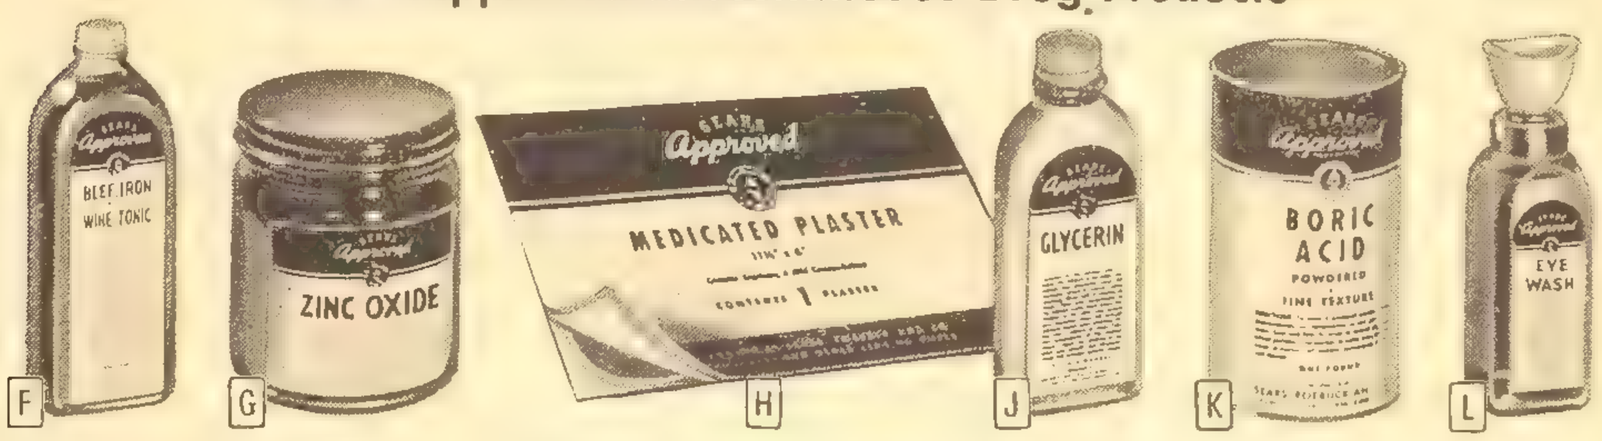
High potency natural vitamins obtained solely from fish liver concentrates. 3 drops daily is all that's needed to supply the official minimum daily requirements of Vitamins A and D. Vitamin D is necessary in the formation of strong, healthy bones and teeth, because it promotes calcium and phosphorus absorption. A deficiency of Vitamin A may result in lowered resistance to colds and similar infections. Handy dropper cap included. Shipping weight, 14 ounces.

8 K 1813—2 oz. (60 cc) bottle. . . . $2.39

Vitamin C Tablets

E — *Vitamins per tablet:*
C—500 U.S.P. units
89c 100 tablets

For adults as well as children. Also known as Ascorbic or Cevitamic Acid. Each tablet contains 25 milligrams and is equal in Vitamin C content to almost 1⅞ oz. of fresh orange juice. Recommended for those who can't drink orange or tomato juice.



8 K 734—Shpg. wt., 6 oz. 100 tab. 89c

Sears Approved Saccharin Tablets

Conserve precious sugar for cooking and baking by sweetening tea and coffee with these ½-grain size Sears Approved Saccharin tablets. 23c 100 tablets

Used in reducing diets because saccharin is non-fattening. Also recommended in restricted diets. Saccharin is about 500 times sweeter than sugar; one Sears Approved tablet equals 2 lumps of sugar in sweetness. However saccharin does not have the food value of sugar, so do not give it to children in place of sugar.

We recommend that you buy the large size . . . save money and have enough for a long time. Shpg. wts., 4 oz. and 14 oz.

Mineral Oils and Laxatives

SEARS Approved REG U.S.PAT.OFF.

Extra Heavy Mineral Oil

New Low Prices on all Four Sizes

Meets or exceeds all U.S.P. Specifications . . . Has an extra high viscosity rating—325 to 375 . . . Colorless—odorless—tasteless. A mild laxative — non-fattening — non-habit forming and non-irritating

A In mineral oil, it's viscosity that counts. Viscosity is the rate of flow of any given liquid. The higher the viscosity, the slower the flow; this means there is less tendency to "leak." Sears Approved Mineral Oil has an extra high, natural viscosity (325 to 375) and meets all U.S.P. requirements. Has a mild, non-irritating action and is not habit forming. This process of lubricating the intestines is purely mechanical, because the body does not absorb the oil in digestion. New reduced prices. Order larger sizes for greater economy. Caution: use as directed. Shipping weights, 2 lbs. 12 oz.; 4 lbs. 14 oz.; 9 lbs. and 13 lbs. **29c** Pint

8 K 580.....Pint (16 ounces) **29c** 8 K 581.....Quart (32 ounces) **49c**

For Headache and Cold Discomforts

You save when you buy SEARS Approved Aspirin Tablets

REG. U.S. PAT. OFF.

PURE — Each tablet contains 5 grains U. S. P. Aspirin . . . . the highest quality.

QUICK — Tablets disintegrate quickly, giving you effective relief sooner.

EFFICIENT — May also be used as a gargle when dissolved in glass of warm water.

A We believe Sears Approved Aspirin Tablets to be as fast in action, as pure in quality and as effective in results as any brand of aspirin you can buy . . . and we'll refund your money if you do not agree. Each tablet contains 5 grains of U.S.P. Aspirin. Helps relieve discomforts of simple headaches, head colds, minor neuralgia and muscular aches and pains that usually accompany a cold. May also be used as a gargle when dissolved in a glass of water. These tablets disintegrate rapidly . . . start working quickly. Shipping weights, 8 ounces and 14 ounces.

Alkaline Effervescent Tablets

Sears Approved Brand

27c 25 tablets

A Are you troubled with indigestion and stomach disturbances because of over-acidity or over-indulgence? Then try Sears Approved Alkaline Effervescent Tablets. They're fast-dissolving, pleasant tasting and contain aspirin as well as important alkalizing ingredients. Drop one or two of these tablets in a glass of water . . . watch how quickly they bubble up and completely dissolve . . . that's how their fast action begins. Sears Approved Alkaline Tablets are also helpful in relief of headaches and discomforts due to colds as well as indigestion. They make a sparkling, effervescent drink that's easy and pleasant to take. Sold exclusively by Sears where your satisfaction is guaranteed or your money refunded.

Permanent Cold Wave Sets
Do your hair economically

To look your best and to be in style your hair must be at its loveliest. Fashion calls for wavy hair whether you are wearing a hat, flower, a band or just your most becoming hair-do. Permanent waves need not be expensive . . . they need not take the hours of time and care heretofore required. Scientific discovery has at last made them simple.

Now you can do your own permanent wave . . . thanks to the cold wave method. Without having any previous experience in hair waving you can follow simple instructions and wave your hair at your own convenience, right in your own home. These sensational new home sets wave a full head of hair in a long-lasting permanent without danger of burns or discomfort . . . without danger of discoloring or injuring the hair in any way. Recommended for all types of hair including children's fine hair. If you have not already used a cold wave set we invite you to try it at no risk to you. Order with confidence, and if you are not entirely satisfied we will gladly refund your money. We offer three of America's most popular sets for your selection.

"Crowning Glory" Cold Wave Set . . . our best

Which Type Arch Support shall I buy?

Many foot discomforts may be caused by weakening of either or both of the two main arches of the foot. These two arches are [1] the longitudinal arch, extending from the heel forward to the ball of the foot, and [2] the metatarsal arch, extending from side to side across the ball of the foot. (See illustrations at left.)

The longitudinal type Arch Support gently lifts weakened arch to a natural position; helps relieve fatigue, muscle strain and pains caused by weakened arch.

The metatarsal type Arch Support is designed to raise affected metatarsal bones into proper position; helps avoid cramp-like pains and calluses on ball of foot, corns between toes and excessive wear on shoes, due to weak metatarsal arches.

HOW TO SELECT THE TYPE YOU NEED

Longitudinal type. Small views at left show the footprint of normal foot [3] compared with the print of a foot with a weakened longitudinal arch, or "flat" foot [4]. To test your own feet, cover each foot with dusting powder, and stand on dark paper to get footprints. Then compare your footprints with those in small views.

Metatarsal type. Calluses across ball of foot, corns between toes, and excessive wearing of shoe soles at ball of foot are usual symptoms of weakened metatarsal arch. Milder cases may require only an elastic support, but for continued use, many prefer strong leather and metal styles.

Cooper Arch Supports

[A] **Designed to support weakened Longitudinal Arch** If you suffer from aching, burning feet and shooting leg pains caused by weakened or fallen longitudinal arches, try the famous Cooper Arch Support, designed exclusively for Sears. It gently raises the longitudinal arch to natural balance . . . is made to shape and adjust itself to your particular type of arch. Designed to provide firm, comfortable support. Rust-resistant metal plates are covered with good leather, which is soft, comfortable and sturdy. Two-plate construction gives flexibility yet exerts constant pressure. It's light in weight, and cannot be noticed in your shoe. *State shoe size, including width.* Shipping weight, pair, 12 ounces.

Shoulder Braces induce good posture

GOOD–Shoulder Brace

Our economy shoulder brace supports shoulders firmly, comfortably. Made of sturdy cotton webbing with a triangular shaped cotton elastic insert in back that stretches in all directions. Will not slip. Easily adjusted for firm or mild support as needed. Sliding pads on shoulder straps prevent "cutting." Washable. White. *For men, women and children.* To order: take snug measurement around waist. *Sizes:* Small (under 27 inches waist measure); Medium (27 to 32-inch waist); Large (over 32 inch waist); Shpg. wt., 6 oz.
93c
18 K 1409—*State size*....93c

BETTER—Shoulder Brace

This lightweight, comfortable brace helps improve your posture. Made of strong cotton cloth. Front straps adjust back laces for better fit. Washable. White. *Even sizes:* 24 to 38-in.chest. See "How to Measure" below. *State exact measurement.* Shpg. wt., 8 oz.

CMNK PAGE 561 . . FOOT NEEDS
C PAGE 505 . . WHEEL CHAIRS

It's easy to select the right style and size Truss

Which style Truss shall I buy?

Hood style Steel Spring Truss . . . The one most often recommended by truss-fitting experts. Widely used to restrict high or medium type ruptures.

French style Steel Spring Truss. . . Best used to restrict the medium or low types of rupture.

Scrotal style Steel Spring Truss . . . A heavy-duty truss particularly designed for low ruptures.

Elastic style Trusses. For milder cases of rupture where only light pressure is needed.

HOW TO MEASURE FOR TRUSSES

Stand relaxed. Have someone draw tape measure straight around body in direct line with point of rupture (over your bare skin) as shown at left. Take snug measurement. Send this exact measurement. *Do not send waist measurement.*

Note: If you need a larger size than those listed, we will get it for you at no extra cost. Allow up to 60 days for delivery of special sizes.

French style Spring Trusses

A GOOD . . . Standard model French style Spring Truss. Pad fits natural curve of your body, exerts firm pressure. Steel spring is covered with sweat-resistant leather. Readily adjustable for greatest comfort. For low and medium type ruptures. *Even sizes:* 32 to 44. See "How to Measure" above. *State (1) exact measurement and (2) whether for right or left side.*

New low price **$3.89** Single

8 K 1362—Shipping weight, 15 ounces . . . . . Single style only **$3.89**

B BETTER . . . "Grip-Tite" model French style Spring Trusses. Special fixture makes pad adjustable to any position. Padded steel spring covered with good quality cowhide leather. Holds more comfortably and firmly than GOOD quality truss above, because the corrugated rubber pad guards against slipping. Designed for low or medium type ruptures. *Even sizes:* 32 to 44. See "How to Measure" above. *State (1) exact measurement and (2) right or left side.*

$4.98 Single

Shipping weight, 1 lb.
8 K 1385—Single style . . **$4.98**

Shipping weight, 1 lb. 4 oz.
8 K 1386—Double style (small view) . **$6.98**

C BEST . . . Adjustable model French style Spring Truss. Front pad covered with corrugated rubber; helps avoid slipping. Leather covered rust-resistant steel spring; padded back pad. So easy to adjust that you can regulate the pressure from firm to mild with one simple motion, even while wearing it. (See small view.) For low and medium type ruptures. *Even sizes:* 32 to 42. See "How to Measure" above. *State (1) exact measurement, (2) right or left side.*

$8.98 Single

8 K 1388—Shipping weight, 1 pound 1 ounce . . . . . Single style only **$8.98**

Hood style Spring Trusses

D STANDARD MODEL . . . Hood style Spring Trusses. Leather-covered pads adjust to any angle; lock firmly in place. Padded steel springs are covered with sweat-resistant leather. Gives firm, comfortable support. Made on the rigid front principle with back fastening. Single style has dummy pad on unaffected side. For high or medium type ruptures. *Even sizes:* 32 to 42. See "How to Measure" above. *State (1) exact measurement and (2) right or left side.*

Shipping weight, 1 lb. 4 oz.
8 K 1392—Double *was $9.98* **$8.98**

Scrotal style Spring Trusses

F STANDARD Scrotal style Spring Truss. Soft, leather-covered pad is shaped for correct pressure. Steel spring is covered with soft, sweat-resistant cowhide. A popular truss for scrotal ruptures, because it gives comfortable pressure and is easily adjustable. Washable cloth understrap. Designed for low ruptures. *Even sizes:* 32 to 42. See "How to Measure" above. *State (1) exact measurement and (2) whether for right or left side.*

$5.98 Single

8 K 1341—Shipping weight, 1 pound 3 ounces . . . . . Single style **$5.98**

G DELUXE "anti-slip pad" Scrotal style Spring Trusses. Adjustable corrugated rubber-covered pad grips body firmly. Well-padded spring is covered with genuine cowhide leather. Better quality, longer wearing than truss above. Rubber understraps. Easily adjusted. For low ruptures. *Even sizes:* 32 to 42. See "How to Measure" above. *State (1) exact measurement and (2) right or left side.*

Low-priced Abdominal Belt

A • Fine cotton coutil fabric
• Made with boning front and back for support
$1.79

Wrap-around style. Adjustable opening at back with pull strap that encircles entire belt and buckles at front. Length, front, 7 in.; back, 4¾ in. *Even sizes:* 30 to 44. See "How to Measure" below. Shpg. wt., 10 oz.

18 K 1466—*State measurement*...$1.79

Walter's Mesh Support

C • White cotton mesh
• Three adjustable cotton webbing side straps
$3.18

Extra comfortable, for general abdominal support and relief from strain. Three White leather-covered stays. Length, front 7 in., back 4½ in. *Even sizes:* 32 to 46. See "How to Measure" below. Shipping weight, 12 ounces.

18 K 1457—*State measurement*...$3.18

Standard model Sacro-Iliac Belt

E • Heavily cushioned, correctly shaped back pad follows natural contour of body to assure maximum comfort
• Three adjusting leather straps in front; back laces for good fit
• Sturdy, washable natural color canvas . . . known for its long service
$4.79

Many doctors recommend this type of belt to help relieve backaches due to strains, over-exertion, lumbago and sacrum displacements (causing sharp pain in lower part of back). Back pad can be placed on the spot where needed most. Width at front and back, about 5 in. Soft understraps included, when attached help hold belt in place. Leather covered stays. *Even sizes*: 30 to 44. See "How to Measure" below.

18 K 1461—*State exact measurement.* Shipping weight, 14 ounces.....$4.79

Futuro Abdominal Belt

B • Form-fitting front pad
• Cotton felt lining
• Wide adjustable straps
$2.89

Very comfortable because the 6-inch leather front pad gives abdomen an upward and inward lift. Ideal for those doing work requiring lifting. Cotton webbing straps. *Even sizes:* 30 to 46. See "How to Measure." Wt. 10 oz.

18 K 1501—*State measurement*...$2.89

Hernia Belt

D • Firm cotton fabric-front flannelette lined
• Extension hernia tabs
$3.98

Detachable understraps. Snap fastener front opening. Pull-strap cluster back laces. Boned front and back for proper support. Length; front, 7 inches; back, 6½ inches. *Even sizes:* 32 to 44 inches. Shpg. wt., 10 oz.

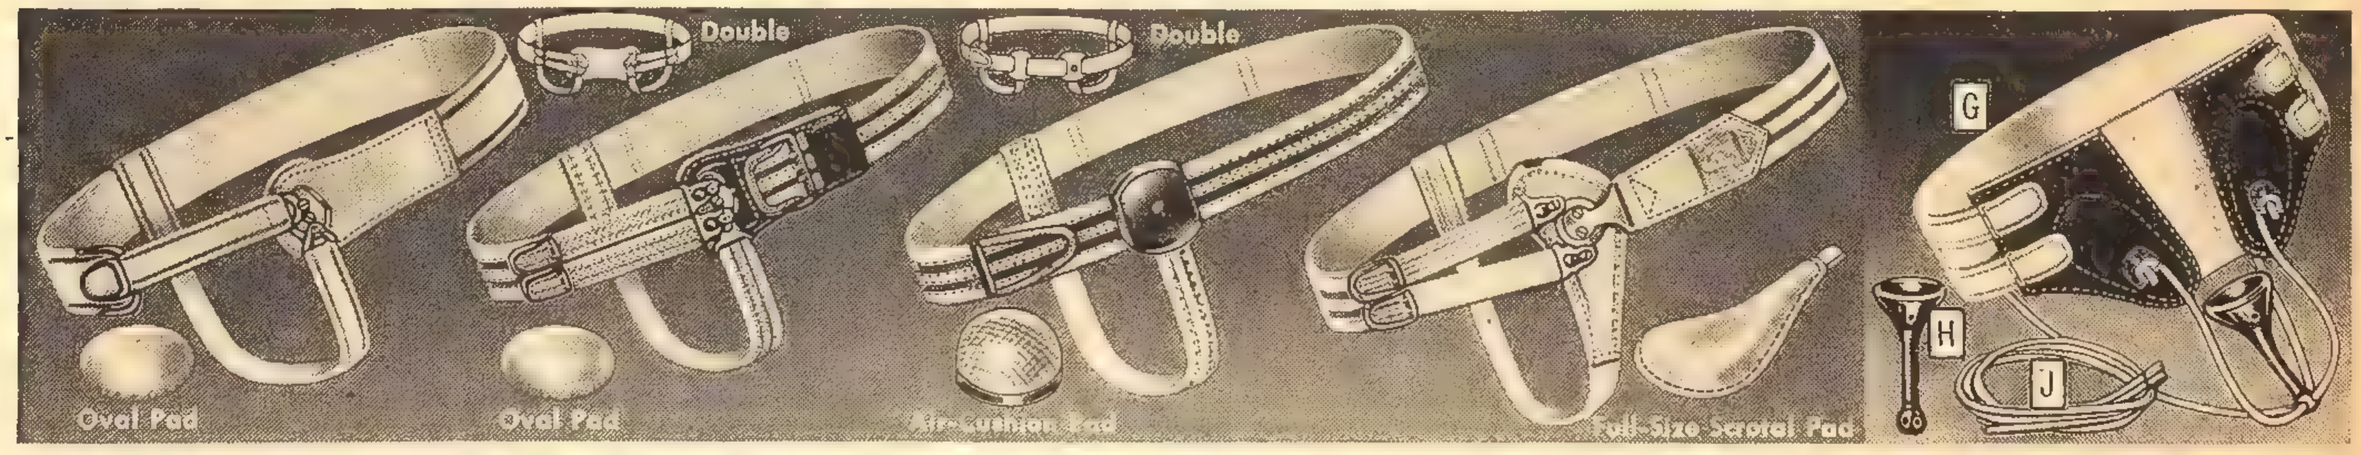
18 K 1493—*State measurement*...$3.98

Deluxe Sacro-Iliac Belt . . . our finest

F • Better quality, longer wearing white canvas fabric. Washable
• Soft, comfortable back pad is adjustable and correctly shaped
• Three side straps and uplift strap adjust belt for better fit
$5.97

For men and women. Help relieve that sacro-iliac pain with the aid of this correctly shaped belt. Will give more satisfactory support than standard model. Has a special back pad that adjusts to several positions up or down by means of snap fasteners. Adjustable uplift strap encircles entire belt and gives firm upward and inward pressure. Flexible corset stays prevent rolling. Soft understraps included; when attached help hold belt in place. Length, front, 6½ in.; back 8 in. *Even sizes*: 32 to 42.

18 K 1463—*State exact measurement.* Shipping weight, 14 ounces.....$5.97



HOW TO MEASURE FOR ABDOMINAL BELTS

Stand relaxed. Have someone take your measurement around body from a point (2) just below top of hip bones at back to (1) the fullest part of abdomen in front. (See view at left.) Hold tape measure snugly. Send exact measurement. *Do not send your waist measurement.*

HOW TO MEASURE FOR SACRO-ILIAC BELTS

Stand relaxed. Have someone take your snug (not tight) measurement around body just below hips and over point of pain in back at (1) and (2) as shown at left. Measure with underclothes on or off, according to the way you'll wear belt. *State exact measurement.* Do not send waist measure.

Elastic Style Trusses for Milder Hernia

New York style Truss

Lightweight, yet gives ample support. Made of cotton webbing with cotton elastic insert. Sweat-resistant leather covered pad may be worn on either right or left side. Understrap holds truss firmly in place. Washable. *Even sizes:* 30 to 42. See "How to measure" on opposite page. *State exact measurement.* Shipping weight, 8 ounces.

GOOD QUALITY . . . low priced Douche Syringe

79c

A A good quality douche syringe of synthetic rubber, economically priced. Has a curved hard rubber pipe designed to fit contour of the vagina comfortably. The special balloon spray tip throws a gentle spiral spray both upward and outward as shown in the small view at right. Soft rubber shield on pipe. Cap for pipe included. Capacity of bulb, 8 fluid ounces. See "Special Notice" regarding rubber on opposite page.
8 K 2303—Shipping weight, 12 ounces. . . . . Complete for only 79c

BETTER QUALITY . . . "Contour" Douche Syringe

$1.39

B Very comfortable because it is designed with a tapering, extra flexible soft rubber pipe (see small inset view at the right) shaped to follow the natural curve of the vagina. Extra wide, soft rubber shield forms a tight closure that holds the douche solution until you release it. Capacity of bulb is 8 fluid ounces. Be sure to read "Special Notice" regarding rubber on opposite page.
8 K 2309—Shipping weight, 1 pound 2 ounces. . . . . Complete for only $1.39

BEST QUALITY . . . Miracle Douche Syringe

$2.37

C Perforations on tip and sides of the long grooved nozzle throw a flushing upward and outward spray that reaches all parts of the vagina. (See small view at right.) Flexible, soft rubber pipe bends to follow the natural curve of the vagina. Extra wide rubber shield forms a tight closure that holds solution until it is released. Capacity of bulb, 10 fluid ounces. See "Special Notice" regarding rubber on opposite page.
8 K 2316—Shipping weight, 1 pound 1 ounce. . . . . Complete for only $2.37

8 K 2537—For boys. Shpg. wt., 9 oz..... 4.98

C **Comfortable wide-top Urinal for men.** Holds scrotum without chafing. Adjustable waistband, and leg straps for attaching bag to leg. For day use only.

8 K 2533—Shipping weight, 13 ounces.....$5.98

NOTICE: For sanitary reasons, urinals *can not be returned* after they have once been used.

SPECIAL NOTICE: Rubber goods on these two pages (with a few exceptions) are now made from synthetic rubber . . . a material that has many advantages over natural rubber it replaces. Actual tests have proved that these products have longer-wearing properties and greater utility than those made of natural rubber. In most cases they can withstand higher temperatures in sterilization and are unaffected by oils and grease that make natural rubber soft and tacky. We guarantee satisfaction or we'll refund your money plus postage.

KLEINERT'S Bra-Shields give you uplift style and protect your clothes

Kleinert's Tie-on Dress Shields

Takes a second or two to put on and you have instant protection for your dresses . . . an attention you can't afford to neglect, for perspiration odor or stain can almost ruin any dress. Shields are an aid to personal daintiness. Attached nainsook covered shields, rayon tape over shoulders. Flesh color cotton net ties in front. *State bust size:* small, 30-32 in.; med., 34-36 in.; large, 38-40 in. **62c**

25 K 5457—Shpg. wt., 3 oz...Each 62c

Kleinert's Brassierette

Fine cotton net garment in flesh color with attached nainsook covered dress shields. A double duty garment . . . a perfect brassiere, plus Kleinert's quality dress shields to protect clothes from underarm stain. Tape bound net at back with elastic insert and hook fastener. Adjustable shoulder straps. *State bust size:* 32, 34, 36, 38, 40, 42 in. (measure over fullest part). **98c**

25 K 5450—Shpg. wt., 4 oz...Each 98c

Skein . . . . . 10c 3 for 29c

Kleinert's net Bra-Form

For stylish bust lines with cool comfort. Besides protecting your dresses, the Bra-Form is an attractive uplift brassiere of durable cotton net. Washes well. Tearose color. Because nainsook-covered shields are attached to brassiere, you don't have to change shields from dress to dress. Adjustable strap. Hooks at back. *State bust size:* 32, 34, 36, 38, 40 in. (measure at fullest part). **$1.23**

25 K 5451—Shpg. wt., 4 oz..Each $1.23

[illegible] Shipping weight, 2 oz.

25 K 5856. . . . . 3 boxes for 29c

Kleinert's rayon satin Bra-Form

You don't have to switch shields from dress to dress . . . Bra-Form gives stylish, uplifted bust lines with comfort and assurance. Brassiere is of rayon satin. Nainsook covered shields. Adjustable shoulder straps. Hooks at back. Tearose color. *State bust size:* 32, 34, 36, 38, 40 in. (measure over fullest part). **$1.47**

25 K 5458—Shpg. wt., 5 oz..Each $1.47

Replacement Parts for Sears Sewing Machines

1 *HOW TO ORDER* . . . Look for full name of your machine—usually printed on arm of machine. Look for complete Serial Number—usually die-cut into small raised surface on base of sewing head, or cut into bottom side of base plate. *Caution—don't get Patent Number by mistake.*

2 *WHEN ORDERING . . . state Name and Serial Number of your Sears sewing machine, and also name and catalog number of the parts wanted.* Prices for the various parts are printed at the top of each column in the tables below. Check to make sure you order correct parts.

3 *IMPORTANT* . . . We carry parts for Sears machines only. If you cannot find name of your Sears machine in tables below, *write to Personal Service department of Sears mail order house nearest you, giving name and serial number of your machine, and state parts wanted.*

Replacement Brushes and Belts for Sears Vacuum Cleaners

The replacement vacuum cleaner belt and brush shown at left will fit any of the Sears cleaners listed in the table below. If you do not find the name of your Sears vacuum cleaner listed, or if you need replacement parts not shown, *write to the Personal Service Department of the Sears mail order house nearest you; be sure to include in your letter the name and model number of your Sears cleaner.* We do not carry replacement parts for any vacuum cleaners not sold by Sears. The brush shown at left has a strong wood core, and is the correct size to fit any of the Floor Type cleaners listed below. The rubber belt is correct width and size for cleaners listed.

HOW TO ORDER—On the bottom of motor housing of your Sears vacuum cleaner, you'll find a small black plate like the one shown at left. This plate shows the Model Number of your cleaner. To order replacement belt or brush, simply find the name and model number of your cleaner in table at right, and order by catalog number given for brush or belt.

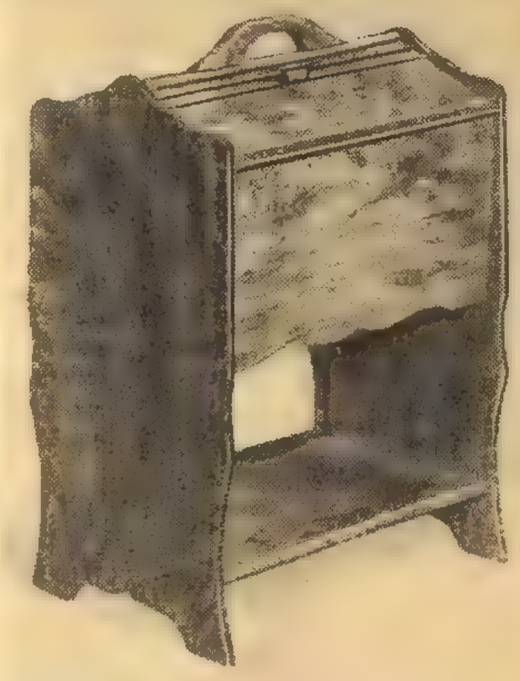
"Jiffy" Dress Form Kits

96c Set

A "make-it-yourself" dress form that duplicates your figure perfectly. Used by thousands of satisfied customers. It's an inexpensive means of obtaining accurate measurements, so important for a professional fit. Simply slip jersey around your body and have someone place as many pieces of gummed tape over jersey backing as is necessary to form a firm, hard paper cast of your body contours. Then cut away the finished form—cut up the back for removal—and there you have a dress form that's perfect for you. Use this "Jiffy" kit and become your own dressmaker. Set will make any bust size up to 42 inches. Make forms for other members of your family as an aid to efficient home sewing. Outfit includes cotton jersey, roll of gummed paper tape and easy to follow step-by-step instructions.



25 K 5292—Shpg. wt., 2 lbs. . . . Set **96c**

20-inch length . . . Each 47c

HOW TO MEASURE SLIDE FASTENERS—lengths given are for metal parts only. Tape extends at both ends for turning under and sewing to garments. Be sure you order the right type fastener to suit your purpose. *State catalog numbers, lengths and colors.* Because of limitations placed on manufacturing of slide fasteners, our selection is reduced. It may, therefore, be necessary for you to consider using a slightly different length and a contrasting color. Please indicate your second color choice to eliminate possible disappointment.

High quality LIGHTMASTER Lighting Fixtures

Sears new LENS-LITE concentrates light where you want it

$2.79

Wonderful new lighting fixture . . . the only one of its kind made today. Gives perfect light for shaving or applying make-up. Amazingly low priced for a lighting fixture with so many features. It combines the scientific principles of indirect lighting with unequalled efficiency as a practical, over-the-mirror fixture. The modern, smartly designed white plastic shade is equipped with a 3-inch wide clear glass lens. This lens is set at just the right angle to throw a broad beam of light on your face as you stand before your mirror. Men can shave in glareless, shadow-free light . . . women will be thrilled at the ease with which make-up can be applied. The louvered (ridged) bottom of the shade sends light downward; the open top gives plenty of light for general illumination.

The one-piece holder is made of gleaming white plastic . . . easy to keep clean and spotless by simply wiping with a damp cloth. There is a handy plug-in type outlet in the bottom of the holder for your electric razor, curling iron, etc. Sears Lens-Lite is 6 inches long, 5¼ inches deep and extends 8½ inches from the wall. Easy to install. Has the approval of Underwriters' Laboratories, Inc. Takes one 100-watt bulb (bulb not included . . . order it separately from the opposite page).

20 K 2916—With pull switch. Shipping weight, 2 pounds 2 ounces.....$2.79

NOTICE: All Lightmaster Fixtures are listed and approved by Underwriters' Laboratories, Inc. Bulbs are not included . . . order them separately from the opposite page. For complete details on Sears Easy Payment Plan, see inside back cover.

A 1-light shaded Upright Bracket. Holder is made of high quality porcelain baked to a glossy white finish; matching shade is of white glass. Handy plug-in type appliance outlet in base of holder. Bracket is 4⅝ inches wide, 7⅛ inches high; and extends 4⅝ inches. Takes one bulb up to 40-watt size. See "Notice" at left. Shipping weight, 2 pounds 12 ounces.

20 K 2862—With pull switch.....$1.39

B 1-light over-the-mirror Bracket. Gleaming porcelain holder with white glass shade to match—easy to keep clean and new-looking. Appliance outlet in base for plugging in razors, curling irons, etc. Bracket is 4⅝ in. wide, 4⅝ in. high, and extends 8 in. Takes one bulb up to 60-watt size. See "Notice" at left. F Tubular Bulbs. Standard base, clear bulb. 5⅝ inches long. Diam., 1¼ in. For any 110–120-volt current.

20 K 3827—25 watts. Postpaid.....Each 27c

G Inside Frosted Bulbs. Genuine Mazda quality. The larger sizes are the most economical to buy, because they give more light per watt, and therefore cost less in the long run. The larger sizes also give better, safer light for your eyes. For example, sewing is ordinarily much harder on eyes than reading, and therefore requires much more light. Newspaper reading requires three times as much light as it takes to read a well-printed book. Older people need more light than younger people, because the pupils of their eyes are smaller. Don't risk your eyes—buy large size bulbs. Sent to you postpaid.

20 K 3848..... 15 watts.....3 for 32c
20 K 3802..... 25 watts.....3 for 32c

Selected from 12,000 Originals!

AMERICAN ART of TODAY

Reproductions of Fine American Paintings offered to you at unbelievably low prices

NOW you can own reproductions of some of the finest paintings in present-day American Art. Here are new pictures to bring new beauty, new color and rich distinction into your home. And . . . they are offered at outstanding prices that everyone can afford!

The Original paintings are truly representative of the best in modern American Art and they are significant of the trends today's art is taking. They are the works of foremost American painters—men and women who have won many of the most coveted honors and awards in their field. Sears bought these originals outright—and **only at Sears** can you purchase the reproductions. They were chosen by experts from a selection of over 12,000 originals.

Never before reproduced! None of the originals of the 12 pictures shown in color on the following pages has ever before been reproduced.

Reproductions look like signed Originals . . . feel like Originals. The gorgeous coloring of these pictures is due to a new scientific process, one that has taken years to perfect and which embodies the latest developments of the engraver's skill. This process achieves a finished color texture finer than ordinary reproduction methods can attain. Delicate color tones, even the brush strokes, are marvelously duplicated. These reproductions are so skillful, in fact, that they have been framed without glass as original oils are framed. The very paper is rough-textured like the canvas on which the artist painted the original. Art experts have examined these pictures side by side with the originals, and have expressed their astonishment at the faithfulness of the reproduction.

Interesting booklet Included with each Picture

An informative booklet, giving you a biographical sketch of the artist and a history of the painting, is attached to each picture by a colored cord. Gives your picture individuality. You'll be proud to be able to tell your friends the story of the picture as they admire its beauty.

All of these works of art have individually designed frames

A frame is an important part of a picture and should receive as much attention as is given to the selection of the picture itself. A properly designed setting will emphasize the beauty of a painting.

The frames which strikingly complement the exceptional beauty of these reproductions have been specially designed by experts. Each and every picture was given individual consideration. The harmonious coloring and finish, symmetrical pattern and individual design of the moulding—when combined with the subject for which each was created—result in a distinctive, beautiful unit. Each moulding has the width and the shape which displays the painting to the greatest advantage. Appropriate finishes blend with the colorings of the subjects.

You are assured of a rich, distinctive unit, combining good taste and quality. You will be very much pleased, we are confident, with the frame which has been created for each picture you select.

Your complete satisfaction is guaranteed

Not until you actually see these superb works of art can you fully appreciate their beauty. The reduced-size illustrations shown on the following pages of this catalog cannot do justice to their soft tonal and true color values. This catalog has been printed from commercial four-color process plates; the picture illustrations it contains are intended only to give you an idea of the general color content.

Authentic Reproductions Shown on Opposite Page

Available after July 15th

A **"MAY MORNING" *by Carl Wuermer***—This study centers around a blossom-laden tree, painted against the background of Virginia countryside in spring. Green meadows and gently sloping hills are the perfect setting for delicate apple blossoms. Refreshing as spring air, this picture brings the appealing May morning into your home. Handsome hardwood frame, two inches wide, is finished in rich dull gilt. Attractive stylized floral forms ornament the outer edge of frame. Overall size, 27¾x33¾ in. No glass.
35 KM 1337—Shipping weight, 11 pounds **$4.79**

B **"THE TEMPLED HILLS" *by Moore Smith*** — The sweep and magnificence of America's lofty heights, caught in a picture that will bring out-of-door peace and loveliness to your home. With wide strong strokes, the artist paints a foreground of rugged rocks, and in the distance, mountains veiled in soft, misty blues. Dull gilt 2-inch moulded wood frame, lightly antiqued in white, adds to the dignity and depth of the subject. Whittled effect on outer edge suggests rough evergreen bark. Overall size, 27¾x 33¾ in. No glass.
35 KM 1338—Shipping weight, 13 pounds **$4.79**

C **"ANEMONES AND SILVER" *by Mary Gray***—Fresh flower color makes a charming contrast to the gleam of silver bowl and candlesticks. Done by an expert in flower painting, this study of anemones is a cheerful color accent in homes. You will find its gayety of spirit an important help in creating more pleasant surroundings. Attractive hardwood frame is two inches wide, finished in rich dull gilt. Moulding is ornamented with graceful stylized flower petal design. Overall size is 27¾x33¾ inches. No glass.
35 KM 1339—Shipping weight, 13 pounds **$4.79**

D **"FARM IN WINTER" *by Theodore Kautzky*** — Snow and stormclouds surround the old homestead with winter beauty. This is a picture for those who enjoy windswept skies and sparkling snowdrifts. This technically fine painting reveals all the dignified beauty of a typical American farm. Moulded 3⅛-inch wood frame, is set at angle to give greater depth. Finish is light pine, lightly antiqued with white. Graceful profile with one line of beading. Blue striped fillet harmonizes with picture. Overall size, 30x36 inches. No glass.
35 KM 1341—Shipping weight, 14 pounds **$9.79**

E **"SPRINGTIME IN THE BERKSHIRES" *by Robert Hamilton***—Sunshine slants between slender white birches—beyond, a cherry tree is in full bloom. An artist's skill takes us to a quiet spot in New England's Berkshires. Wooded hills look down on a serene blue lake. In your home, this picture will be a beautiful reminder of spring's peaceful awakening. Moulded wood frame, 3⅛ inches wide. Finish is pickled pine with cool moss-green glaze. One row of beading ornaments inner edge. Overall size, 30x36 inches. No glass.
35 KM 1342—Shipping weight, 13 pounds **$9.79**

F **"THE GLORY OF JULY" *by G. Laurence Nelson***—A bowl overflows with the abundance of rich garden blooms. Done with thoughtful attention to each flower. Smooth white lily petals curve gracefully against dark blue hyacinth. Lovers of fine floral painting will find special satisfaction in this study of floral loveliness. Picture is given depth by 3⅛-inch moulded frame. Natural pine finish is antiqued with white and gilt. Stylized flower shapes form attractive border. Overall size, 30¾x36¾ inches. No glass.
35 KM 1340—Shipping weight, 14 pounds **$9.79**

Ⓐ *"May Morning" by Carl Wuermer . . .* $4.79

Ⓓ *"The Farm in Winter" by Theodore Kautzky . . .* $9.79

Ⓑ *"The Templed Hills" by Moore Smith . . .* $4.79

SHOWN ON OPPOSITE PAGE

Available after July 15th

A **"THE OLD HOUSE"** *by George Drew*—An artist who knows and loves America's past paints the portrait of a proud old house. Surrounded by trees, the old house stands peacefully in afternoon sunlight. Reminiscent of all old houses and the storms they have withstood, this is a painting to study and enjoy. Moulded wood frame, 3 inches wide, is set at angle to give depth. The gracefully shaped scalloped edge frame in Antique gift finish is especially appropriate. Overall size, 30x42 inches. No glass.
35 KM 1343—Shipping weight, 13 pounds.... **$14.50**

B **"EDGE OF THE DESERT"** *by Gustave Cimiotti*—Limitless scope of mountain majesty seems to have stretched this picture to include our whole vital West. The freshness of clear high air, the stillness of the desert are in this picture; to own it, is to possess some of the beauty of America. Massive 3½-inch frame, especially designed for this painting. Clear terra cotta finish, flecked with golden gilt like that of mountain sunshine. Overall size, 31x43 inches. No glass.
35 KM 1344—Shipping weight, 15 pounds.... **$14.50**

C **"THE SHINING SEA"** *by Charles Vickery*—Pounding surf and white foam with adventure in it! Tranquil sky and turbulent sea are masterfully executed in marine blues and greens. Dramatic in scope, this painting brings the vivid freshness of the open sea into your home. Wide 3½-inch moulded wood frame is sweeping in design, finished in antique white; simple stylized marine plants are carved in corners. Narrow band repeats blue of sea and sky. Overall size, 30¾x42¾ inches. No glass.
35 KM 1345—Shipping weight, 15 pounds.... **$14.50**

D **"AUTUMN TERRACE"** *by F. Ballard Williams*—A symphony of autumn color and romantic figures. With rich detail the artist paints silken-gowned ladies under trees turned golden. The group is placed in a classic terrace. Pleasant as music, this is a gracious picture to hang in your home. Handsome moulded wood frame, 3 inches wide, is finished in warm golden tones, touched lightly with gilt. Graceful carved leaves form ornamental corners. Overall size, 33¾x41¾ inches. No glass.
35 KM 1346—Shipping weight, 20 pounds.... **$19.50**

E **"SUNLIGHT AND SHADOW"** *by Anthony Thieme* Afternoon peace as it is in a little town where gardens grow within neat fences and time is leisurely. Cool tree shadows on the street, sunshine on horse and rider. Like a walk down a New England lane, this picture offers relaxation. The 3½-inch width of frame in lightly antiqued gilt finish gives weight and depth. Especially suitable is the carved leaf design on corners of frame. Overall size, 35x43 inches. No glass.
35 KM 1348—Shipping weight, 20 pounds.... **$19.50**

F **"THE LITTLE HARBOR"** *by Julius Delbos*—Early morning finds the fishing boats with furled sails, the awakening life of the wharf reflected in still water. With rich truthful color the artist paints the fisherman's life. A pleasant picture, because in it the artist shares with you his love of boats and water. The decorative nautical designs on the 3-inch moulded wood frame create an ideal setting for this scene. Antique white finish. Overall size, 34¼x42¼ inches. No glass.
35 KM 1347—Shipping weight, 20 pounds.... **$19.50**

Distinctive
Plate Glass Mirrors

Mirrors are living pictures of the furnishings in your home and reflect your personal good taste. Make each room alive and bright with an appropriate type of mirror or mirrors; make use of Sears wide selection in fine quality mirrors to highlight the points of interest in every room in your home! Each handsome hardwood frame has been especially created and designed by an expert. They make wonderful gifts too!

These Harmony House Mirrors are made of high quality plate glass, as determined by the National Bureau of Standards. The glass has been carefully ground on both sides to uniform thickness; then highly polished and silvered. An improved coating over the silver resists clouding, flaking, peeling. These varied and costly operations make Sears mirrors among the finest you can buy. All of these mirrors possess great clearness, great brilliance, and are as fine as any made in the country's quality glass factories.

Exquisite *Harmony House* Stemware

ILLUSTRATED ON OPPOSITE PAGE

Harmony House stemware is our best buy because: It is hand-blown to eliminate mold marks and make possible more beautiful shapes. Made of lead glass, called crystal, which is of greater brilliance and more chip resistant than ordinary glass. Easily identified by bell toned ring, when tapped. Motifs are carefully cut or etched and the degree of skill required in applying the pattern determines the price. Cut patterns are brilliantly polished. Each decorative stem is appropriately designed for the bowl shape. Available in all popular pieces. All patterns exclusive with Sears. Manufactured and decorated by the same manufacturer, insuring continuity of open stock.

12-piece Starter Sets below consist of the most popular pieces: 4 Goblets, 4 High Sherbets and 4 Salad Plates. *You save money by purchasing the set.* Makes an ideal and practical gift for any occasion. Can be easily added to from open stock.

MEASURING INSTRUCTIONS: Make and send heavy paper pattern (paste, do not pin) of one half of table top, not including beveled edges. Please write name and address on paper pattern. For extra leaves, order in same quality as table pad, state length and width.

How To Order Pads for Drop Leaf Tables: Pads for drop leaf tables should be made in three parts. The overall measurement of the three parts determines price of pad. Order extra leaves in same quality as pads.

How To Order Pads for Round Tables: Just send us diameter of table.

SHIPPED FROM: Chicago, Illinois; Cleveland, Ohio; Brooklyn, New York. Order and pay postage from Sears nearest mail order house.

Fine tailored Cloth and Napkin Sets

70x90 inches
$13.89
9-piece set

A If you're looking for a tablecloth that is truly beautiful . . . here is the type of cloth you've always wanted to own. This cotton cloth is lovely enough to use for your most formal dinner or a luncheon, yet it's also practical enough to be used every day for the family meals. Its style is really exclusive . . . you've seen it advertised by the better linen shops. The center of ivory white is decorated with air brush prints of morning glories so real-looking they appear almost dew-fresh. A wide, harmonizing border falls in graceful folds around your table. (Add 16 to 24 inches to length and width of your table to allow for 8 to 12-inch drape all around.) Edges are neatly finished with white overlocked stitching for a smart, tailored accent. Napkins are about 16x16 inches square. Attractively boxed. Give it as a gift to the bride . . . it's the practical luxury gift that she'll cherish always. Hand washable . . . use mild soap flakes; we recommend Lux. *Colors:* blue, gold or rose. *State color:*

SNUGS Slip Covers

REG. U. S. PAT. OFF.

protect and beautify

- They fit because they're knit.
- Make old furniture look like new.

Redecorate your rooms in a twinkling . . . with Sears Snugs slip covers. Heavy, elastic-like cotton covers are well-known for their serviceability, utility and beauty. They're knit to fit your furniture like a glove . . . no wrinkles, no bulges, no sagging. They look like a fortune but cost only a fraction as much as custom made covers. Plan on giving your furniture that "Snug" look . . . you'll like it!

Drake pattern

$4.25 Chair Cover **$7.69** Sofa Cover

If your furniture is worn, hide its shabbiness with Snugs covers; if it is new, protect it with Snugs covers. Made of fine cotton knit in a multiple circle pattern to resemble tapestry. Draw cords underneath to give smooth fit. Separate cushion covers. Directions for fitting. Dry cleanable. *Colors:* wine, blue or natural tan (shown below).

Chair Slip Cover

See chair styles below. *State style letter of chair nearest your own and color wanted.* Shipping weight, 3 pounds.

24 K 3585M. Each $4.25

Sofa Slip Cover

See sofa styles below. *State width and style letter of sofa nearest your own and color.* Shpg. wt., 5 lbs. 9 oz.

24 K 3586M.....$7.69

Warwick pattern

$4.79 Chair Cover **$8.49** Sofa Cover

Select these fine ready-made Snugs slip covers for seasons of dependable service . . . 15% heavier quality than "Drake" above. Diamond knitted pattern and jewel colors will lend interest to your rooms. Will stand hard usage from younger members of the family. Draw cords underneath pull covers tight. Directions for fitting. Separate cushion covers. Dry clean. *Colors:* blue, wine or green (shown below).

Chair Slip Cover

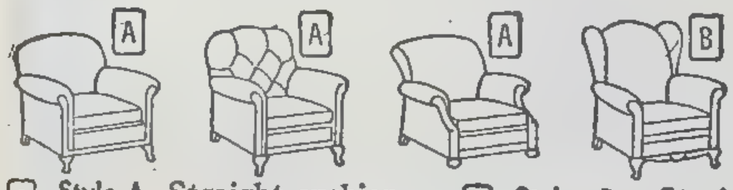
24 K 3529M.....$8.49

HOW TO MEASURE FURNITURE FOR SNUGS



Snugs . . . ready-made slip covers are easily fitted to your furniture if it is similar to any of the styles shown here, and if the measurements are the same. To get the width, measure across the outside back at the widest point. T-cushions will not fit straight cushion styles. *When ordering, be sure to state style letter of chair or sofa nearest your own; also state width of sofa.*

Furniture styles for Snugs Slip Covers

E **Sofas, Style E.** Straight cushion styles. Sizes to fit sofas 66 to 84 inches wide across outside back. *Be sure to state width of your sofa.*

F **Sofas, Style F.** T-cushion styles. Sizes to fit sofas 66 to 84 inches wide across outside back. *Be sure to state width of your sofa.*

A **Style A.** Straight cushion styles. To fit chairs from 27 to 33 inches wide across outside back.

B **Style B.** Straight cushion styles. Fit chairs 24 to 28 in. wide across outside back.

D **Style D.** Straight cushion styles. Fit chairs 29 to 35 in. wide across outside back.

C **Style C.** For T-cushion styles. To fit chairs 27 to 33 in. wide across outside back.

SNUGS slipcovers may be ordered on our Easy Payment Plan; for further details, see inside back cover.

100% Angora wool Mohair . . . 54 inches wide

[A] **Available after Aug. 15th.** Wool mohair surface, cotton back. Sears finest upholstery fabric. Rich, deep pile material made to give years of wear; in warm glowing colors so pleasing to the eye. You'll like it for living room sofa or chair. 229 resilient, crush-resistant tufts woven to every sq. inch (Commercial Standard CS52–35 requires only 225 tufts). Shipping weight, yard, 1 lb. 12 oz.
24 K 6434—Colors: as shown. *State color*.....Yard **$3.98**

Striped cotton and rayon Faille . . . 54 inches wide

[B] **Available after Aug. 15th.** Favorite bold, bright stripes, formal in design, yet colorful enough for sofa or chair in the most informal living room. For dining room chairs, too. 1⅛-in. rayon satin stripe on closely woven faille ground. Shpg. wt., yd., 1 lb. 4 oz.
24 K 6409—Colors: as shown. *State color*.....Yard **$1.30**

Diagonal ribbed weave, striped Cotton . . . 48 inches wide

[C] Strong, closely woven cotton to give you excellent service; narrow stripes, ⅝ in. wide, in bright hues that bring out the beauty of the soft background colors. Use it to reupholster or to slip-cover any living room sofa or chair. Shipping weight, yard, 14 oz.
24 K 6460—Colors: as shown. *State color*.....Yard **99c**

Budget quality cotton Tapestry . . . 54 inches wide

[D] Woven floral design that suggests tiny flowers tied with lacy ribbon . . . a charming pattern exclusive with Sears. This gay, colorful furniture covering is very decorative for any living room chair or sofa. You can depend on the sturdy yarn-dyed cotton to give years of satisfaction. Shipping weight, yard, 1 lb. 8 oz.
24 K 6305—Colors: as shown. *State color*.....Yard **$1.34**

Cotton and rayon Tapestry . . . 54 inches wide

[E] **Available after Aug. 15th.** Miniature bouquet. A fine quality, firmly woven fabric, long wearing, slow to show soil. A covering you'll like for wing, club or barrel chair. Nice for dining room chairs, too. Small bouquets with rayon woven in a tan lighter than cotton background form a lacy looking design.
24 K 6443—Color: as shown. Shpg. wt., yd., 1 lb. 3 oz. Yard **$2.25**

Needlepoint-type cotton Tapestry . . . 54 inches wide

[F] **Available after Aug. 15th.** Heavy quality durable cotton. A favorite pattern with Sears customers because of beauty and simplicity of design which resembles genuine needlepoint. Fine enough for any living room furniture. Full-blown roses are framed with sprigs of rosebuds and contrast brightly with tan background.
24 K 6442—Color: as shown. Shpg. wt., yd., 1 lb. 3 oz. Yard **$2.25**

Cotton Tapestry . . . economically priced . . . 36 inches wide

[G] **Available after Aug. 15th.** A practical choice for a man's chair or any living room piece; for dining room chairs, too; even for slip covers. Small florals centered in a brocaded effect diamond surface pattern. Good quality, thriftily priced. Shipping weight, yd., 15 oz.
24 K 6335—Colors: as shown. *State color*.....Yard **73c**

Tweed-like finish . . . sturdy Cotton . . . 54 inches wide

[H] **Available after Aug. 1st.** Some people prefer rough surface fabrics for upholstery; if they're your choice, we recommend this nubby cotton flecked with tan threads to resemble tweed. Good looking and made to give good service. Shpg. wt., yd., 1 lb. 13 oz.
24 K 6303—Colors: as shown. *State color*.....Yard **$1.44**

Jacquard Velour . . . rayon and cotton . . . 54 inches wide

[J] **Available after Aug. 15th.** As practical as it is beautiful. The large modern all-over leaf and scroll rayon design is woven over a firm cotton back. The short pile surface resists matting. Grand for comfortable chairs or sofa. Choose it in a color to harmonize with your draperies. Shipping weight, yard, 1 lb. 11 oz.
24 K 6437—Colors: as shown. *State color*.....Yard **$1.49**

Cotton Friezette . . . economy fabric . . . 54 inches wide

[K] **Available after Aug. 1st.** It costs so little to make your furniture look like new if you use this upholstery fabric. Select it in two harmonizing colors for your living room. Closely woven cotton will stand lots of wear; won't readily show soil. Shpg. wt., yd., 1 lb.
24 K 6418—Colors as shown. *State color*.....Yard **74c**

36 inches wide. Lighter weight cotton Friezette, similar in construction, but will not match 24K6418. Shpg. wt., yd., 12 oz.
24 K 6421—Colors: as shown. *State color*.....Yard **42c**

Heavy texture weave Cotton . . . 54 inches wide

[L] **Available after Aug. 1st.** You'll select this upholstery fabric for its rugged smartness, soft colors, heavy quality. Goes well with light modern woods or early American furniture. Natural white yarns woven into neat broken diamond pattern. Shpg. wt., yd., 1 lb. 10 oz.
24 K 6361—Colors: as shown. *State color*.....Yard **$1.60**

Lustrous cotton and rayon Damask . . . 54 inches wide

[M] **Available after Aug. 15th.** There's appealing beauty in this new upholstery damask. Graceful design, woven to resemble the quilted effect of high priced brocatelle, is accented in lighter color cotton against rayon background. Firm, sturdy weave. Shpg. wt., yd., 1 lb.
24 K 6423—Colors: as shown. *State color*.....Yard **$1.85**

Sears Accessories for a better-looking job

Steel Webbing, Tool, Nails

[N] Steel webbing is especially good to strengthen new or old upholstery. There is no need to remove old webbing or springs. Simply nail this new webbing over the old, forcing the springs into place. Our laboratory tests showed this steel "tape" withstood tests equal to a 200-lb. man sitting down 222,000 times. 25 ft. required for a chair; 50 ft. for sofa. ¾-inch wide, perforated for nailing.

Make your home or farm safer with steel webbing. Repair worn furniture or dangerous hanging pipes before it's too late. Use this webbing for general reinforcing; for binding boxes; to support sagging limbs of trees; to strengthen and support old chimneys; to reinforce split fence posts and tail gates; to support rain gutters and pipes; to splice beams, joints and rafters; or for pipe suspension. Instructions included.

Two-piece Set consists of 75 feet of steel webbing; 80 nails; cast iron tool for stretching firm.
24K674—Shpg. wt., 5 lbs. 2 oz. **$1.74**

Stretching tool only. As in set above.
24 K 676—Shpg. wt., 15 oz. Each **34c**

25 feet Steel Webbing with Nails (for best results, use with tool above).
24 K 677—Shpg. wt., 1 lb. 11 oz. **57c**

Cotton Upholstery Padding

[P] For furniture that needs building up. Soft, clean cotton padding in felt layers to use over moss. Guards against matting. 27 in. wide. Use it for filling over springs, backs and arms of chairs. You'll need about 18 yards for sofa; 8½ yards for chair. Shpg. wt., yard, 1 lb. 4 oz.
24 K 696.....Yard **25c**

Upholstery Moss Padding

[R] Clean moss to pad springs. Resilient, springy filling for upholstery. Easy to use. About 10 pounds covers seat, arms, and back of 2-piece suite. Packed 2 lbs. to paper bag. Shpg. wt., 2 lb. bag, 2 lbs. 2 oz.
24 K 694.....2-pound bag **58c**

Ornamental Gimp . . 2 styles

[S] **Flat Gimp.** 88% cotton, 12% rayon. ½-inch wide. Attractive. *State color, or send sample you want matched.*
24K680—Shpg. wt., yd., 1 oz. Yd. **4c**

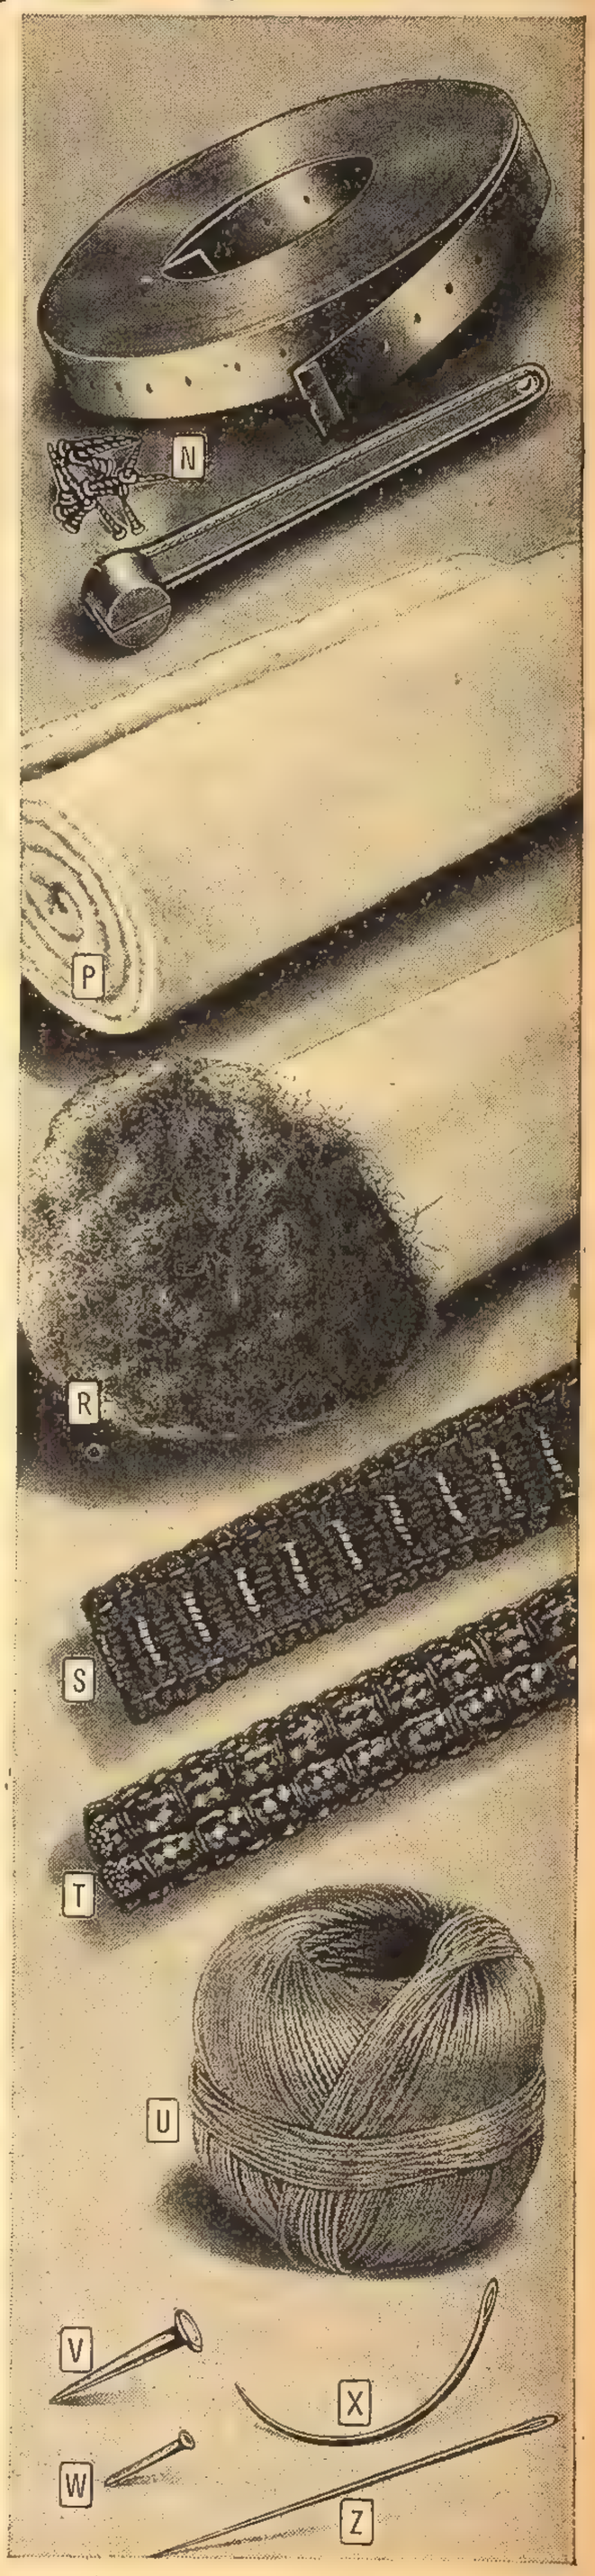
[T] **Heavy corded Gimp.** 78% cotton. 22% rayon. ½-inch wide. More decorative than flat gimp; better for plain or conservative fabrics. *State color, or send sample you want matched.* Shpg. wt., yd., 2 oz.
24 K 681—Yard.....**9½c**

Cotton Sewing T

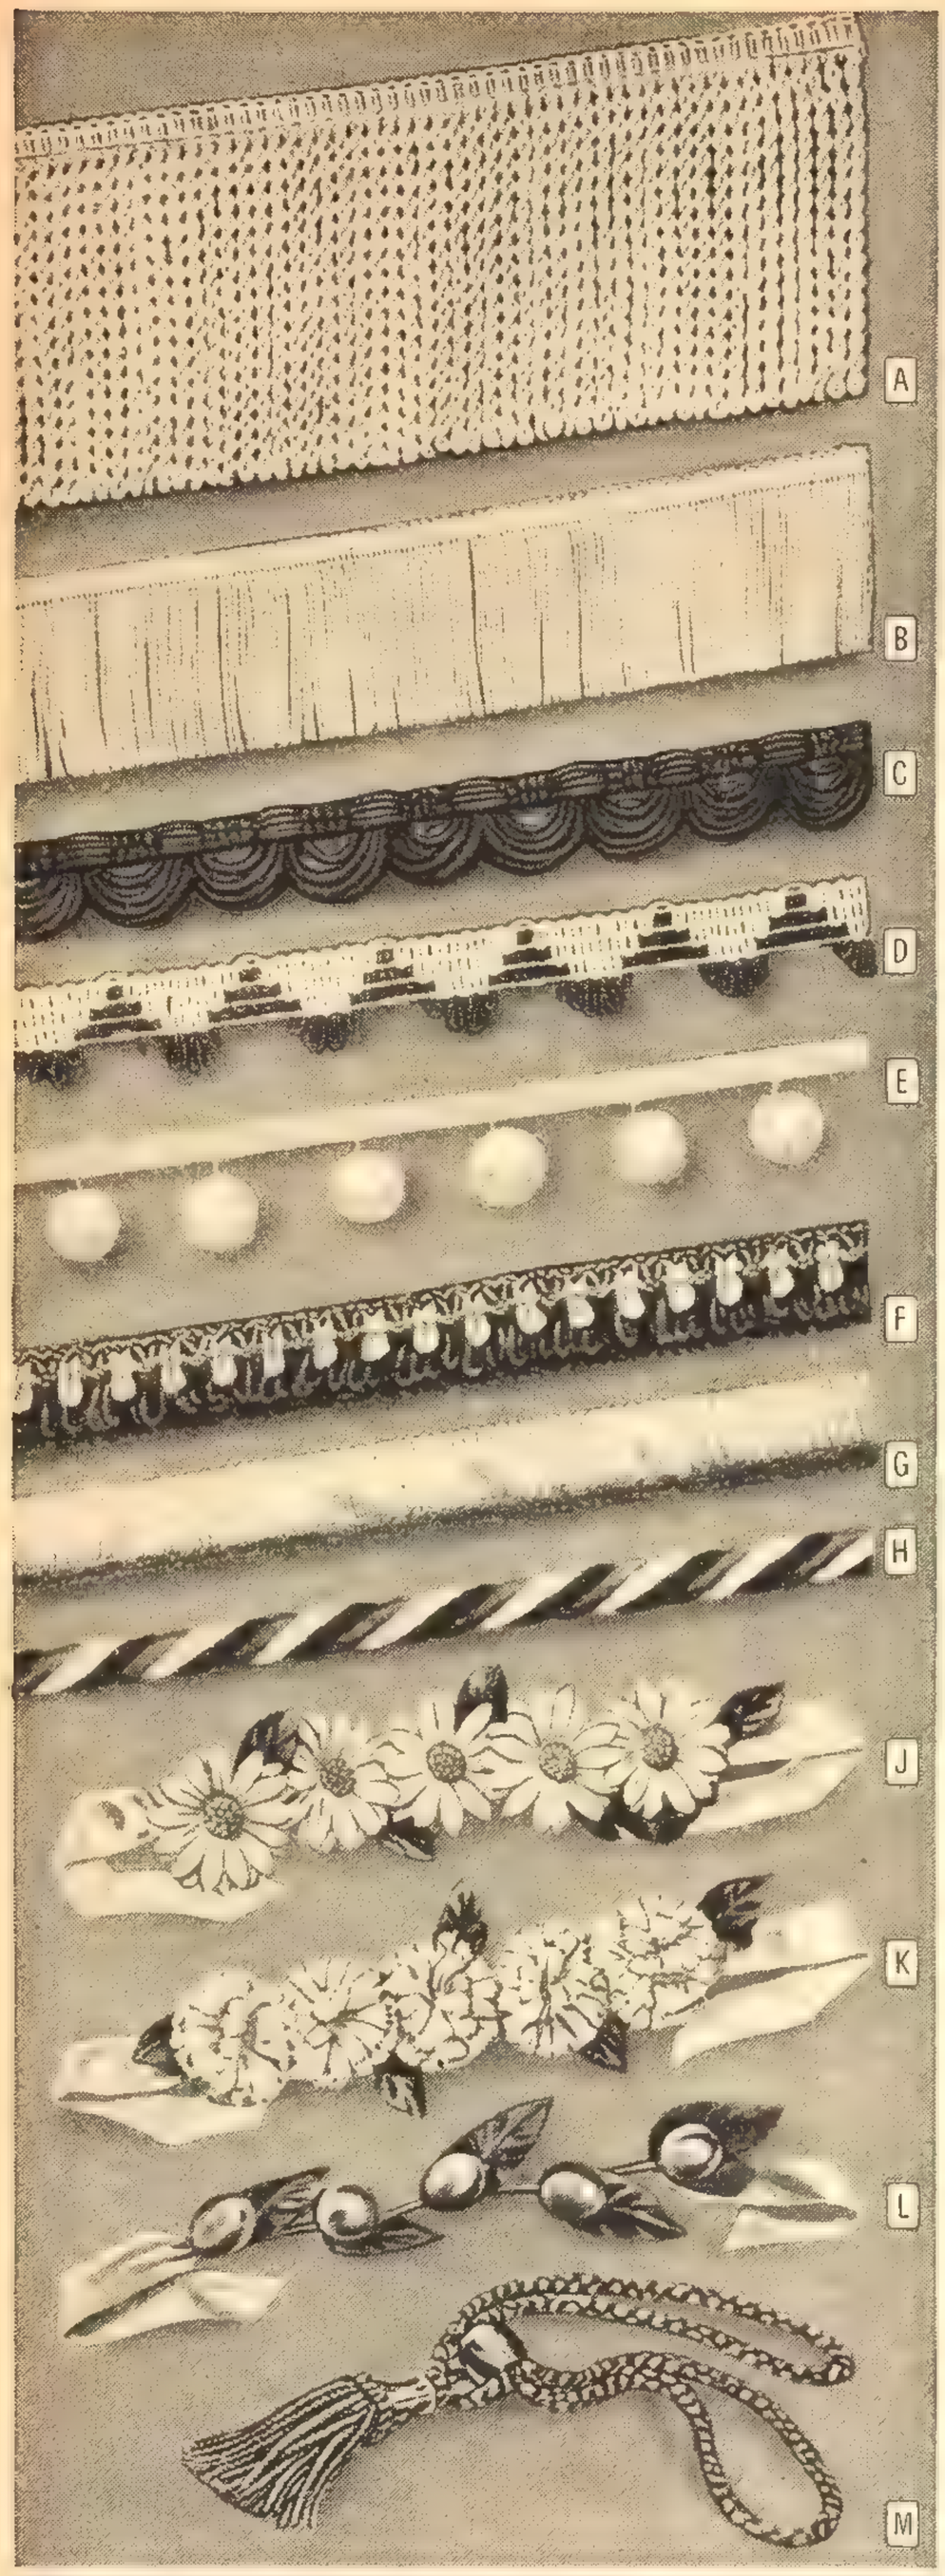
[U] Strong cotton t your springs to t e curved needle on ball.
SORRY—NOT AVAILABLE
wt., 13 oz. Ball

Gimp and Webbing Nails

[V] **Larger Webbing Nails.** 1 1/16-inch blue steel nails. Large flat head and sharp points. Shipping wt., 5 oz.
24 K 695—Box of about 200.....**9c**



[W] **Gimp Nails.** 3/16-in. blue steel sharp-pointed nails. Shpg. wt., 3 oz.
24 K 692—Box of about 320.....**5c**



Straight and curved Needles

[X] **Curved steel Needles.** These needles measure 4 in., end to end. Use them for sewing springs to burlap or webbing. Makes a stronger, more lasting job. English imports.
24K689—Shpg. wt., 3 oz. Each **14c**

[Z] **Straight Needles.** 8 in., from eye to point—for sewing through filling or cotton padding to avoid shifting out of place. English imports.
24 K 688—Shpg. wt., 3 oz. Each **14c**

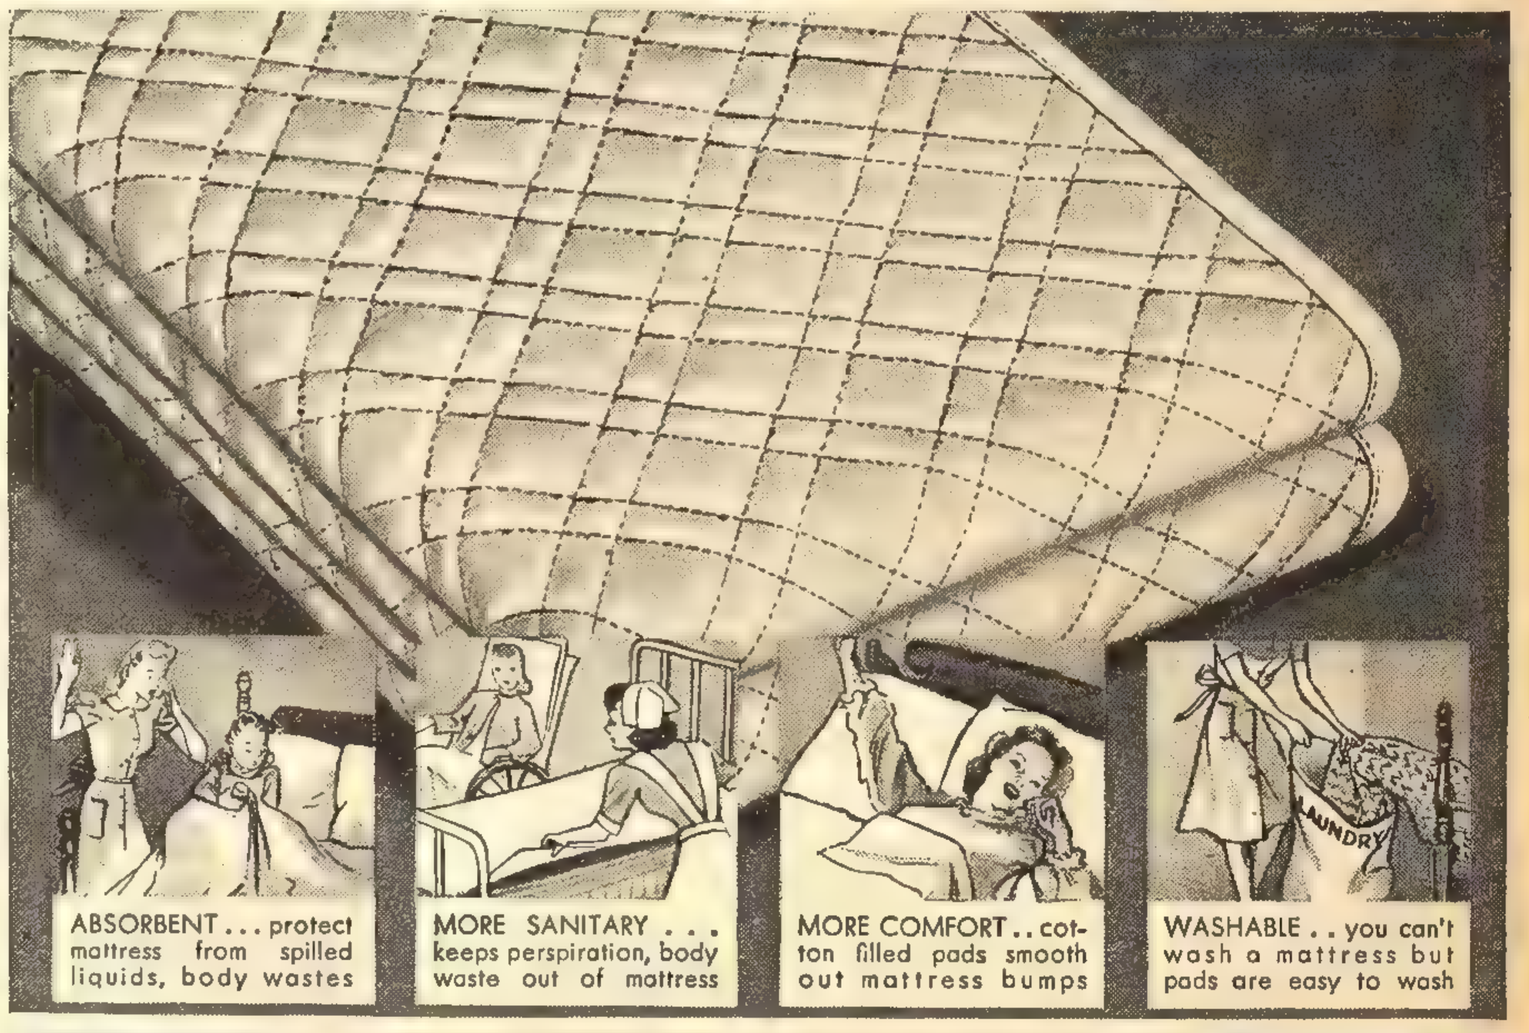
Mattress Pads

Deluxe quality . . . Available after Sept. 4



- Bleached white sheeting cover is made of closely woven, fine cotton staple fibers
- Filling is 100% soft, bleached white cotton

Combine comfort and sanitary protection with our fine quality mattress pad. The soft filling makes it especially absorbent and comfortable. It's quilted in an attractive double box design. Rip-resistant lockstitching holds the cotton firmly in place; prevents it from slipping to form uncomfortable thick and thin spots. Edges are reinforced by strong bleached bias tape binding. Will keep its shape and softness even after laundering. Protects your mattress against wear and tear; keeps it from getting stained by spilled liquids, perspiration and other body wastes. Can be used for studio couches, day beds.

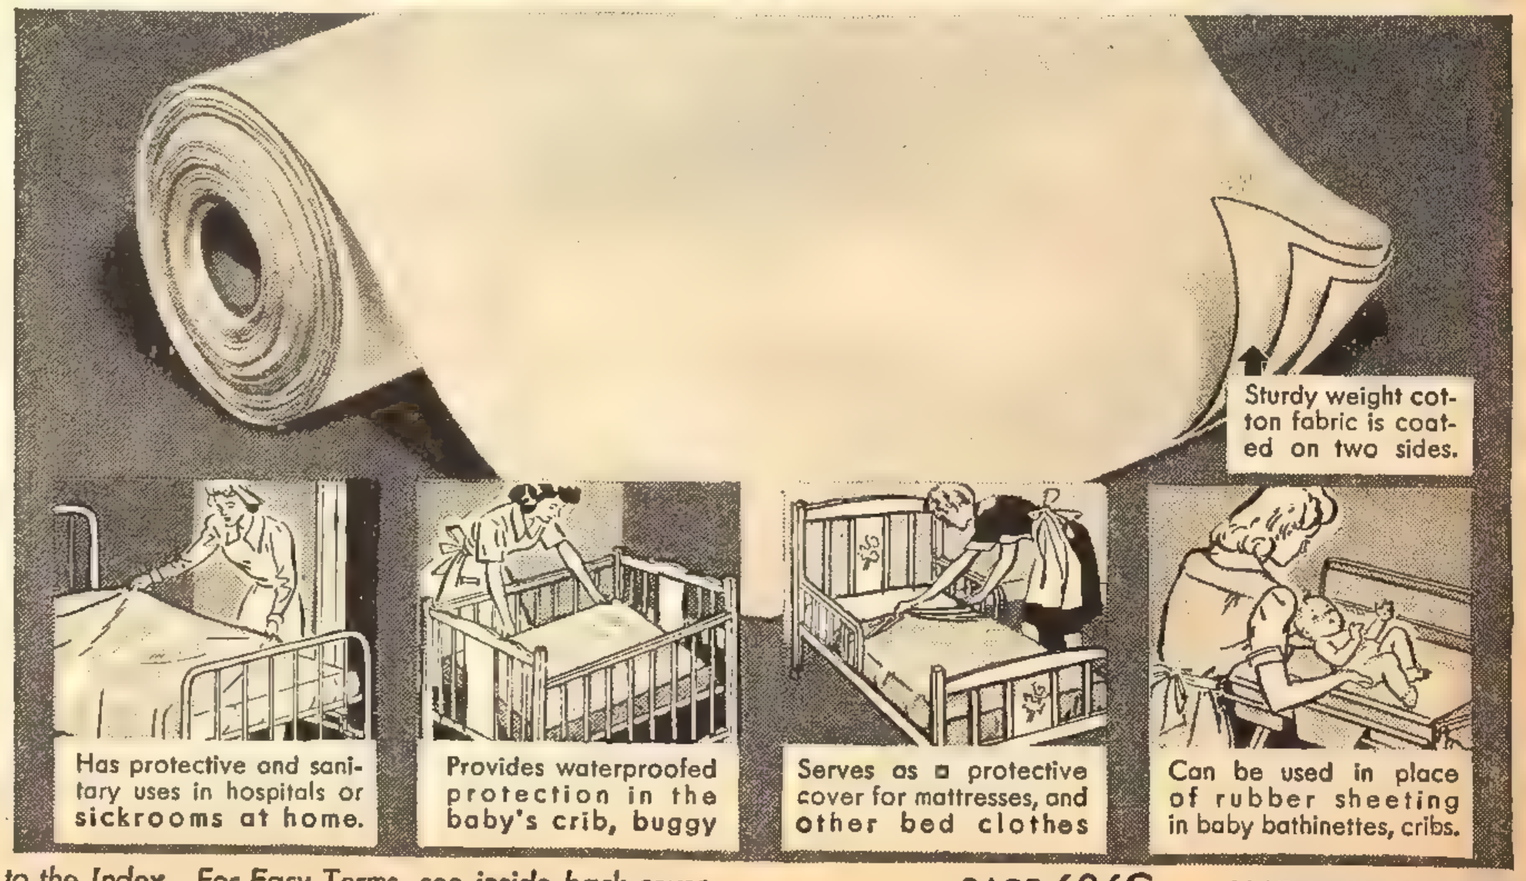
Waterproof Sheeting



- Smooth, glossy, pliable and easy to clean
- Ideal to use in place of rubber sheeting
- Protection for sickrooms, nurseries

All-purpose waterproof sheeting . . . of the same type as used in hospitals. Strong cotton fabric is smoothly coated on both sides with a special non-rubber compound. Won't peel or crack with ordinary care. Dust-tight, perspiration-proof, soil and stain resistant. As necessary in the home as in the hospital. Cut it, sew it—just like any other fabric. Or use it without hemming. The cut edges will not fray. For protective linings, non-allergic pillow and mattress covers, crib sheets, arm shields and other uses. Clean with a damp cloth. White. *Width:* 36 inches.

Fluffy Batts for making new pillows

It's no trick at all to make a sleep-inviting pillow or a decorative cushion with this brand new batt. Just the right size for a generous 20x26-inch pillow, with no cutting or fitting. First lay the pillow tick flat, right side out, and roll it back until it is completely inside out. Then unroll it over the batt and sew up open end. As easy as rolling a stocking over your leg—takes as little time. Instructions with each batt.

And if you sneeze at night — this type of pillow is ideal relief for hay fever sufferers who are allergic to feathers. Sanitized by Westinghouse SteriLamps. Will not mat or slip around with ordinary use.

FLUFFY COTTON. Clean, white fibers. Makes a comfortable, resilient pillow that stays soft and smooth under ordinary use. Cover it with waterproof nursery sheeting for baby buggies and bassinets. (See index.) Combines lasting satisfaction with low price. Shpg wt., 3 lbs.

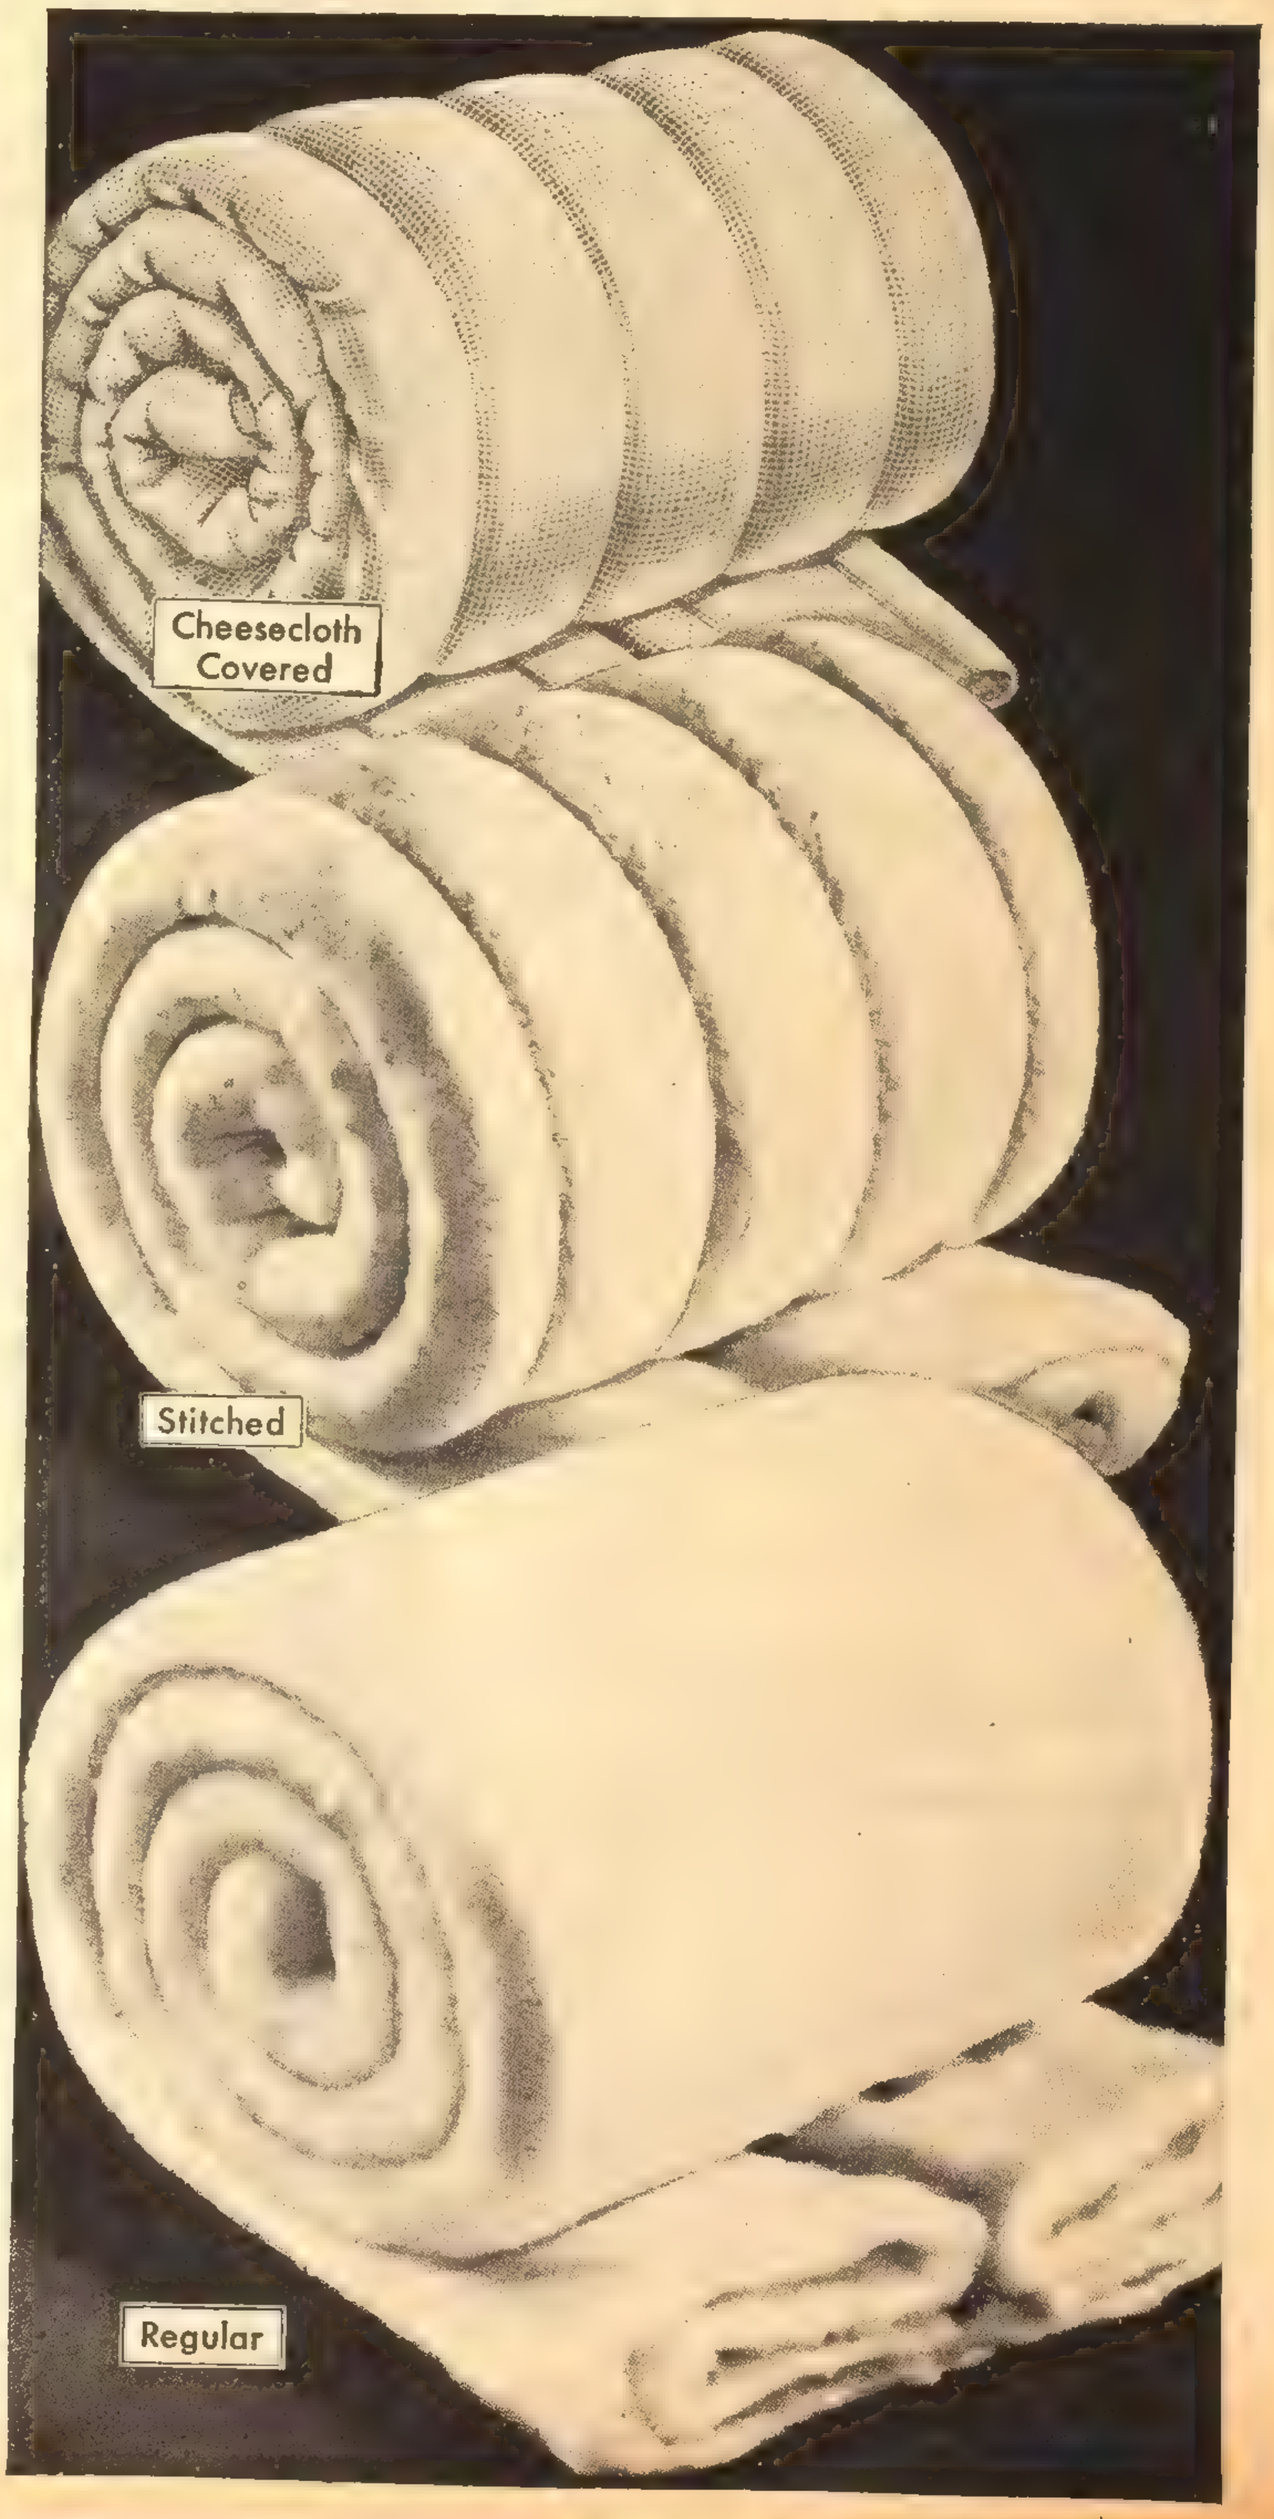
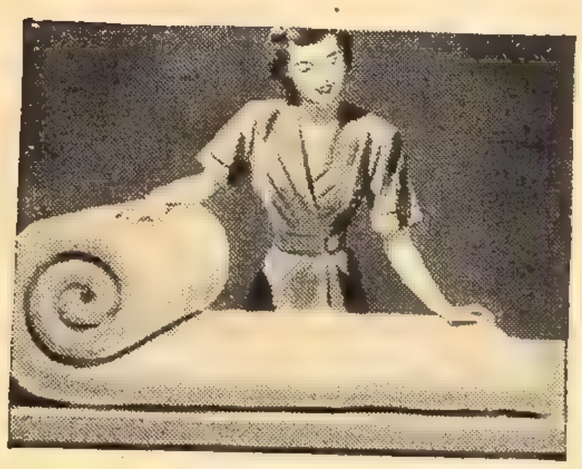
Slumbersound Comforter Batts



REG U S PAT OFF



1• **All new materials.** Sears use all new wools, rayons, cottons in hygienically made batts

2• **Sanitized treatment.** All Sears batts are sanitized by Westinghouse SteriLamp rays

You get these SIX Important features in Sears Batts

3 **Uniformly thick.** All batts are "layer built" for even thickness. No thick or thin spots.

4 **Easy-open fold.** Batts open as easily as a book with exclusive easy-open fold.

5 **In protective bags.** Batts are packed in heavy paper bags. They stay fresh, clean.

6 **Comforter instructions.** Simple instructions on making a comforter come with each batt.

ALL WOOL

These have a high heat retention value that will give more warmth without uncomfortable weight. They have gone through the MOTH-OFF process and are guaranteed against moth damage for 5 years. There are more fibers in a wool batt since finer fibers are used.

Warm All Wool Comforter Batts

GOOD grade . . . thrifty quality $2.24 3-lb. roll

Here's the popular "Western Plains" batt of a good quality staple. It's made of long fibered all new wool and it's large enough to make a good, full-sized comforter that's cozy and warm and won't mat down. Widely used by thrifty housewives. Regular style. Natural cream color. *Size*, 72x90 inches.

Shpg. wt., 3 lbs.
96 K 02630. . . . Each 2 lb. roll $1.49
Shpg. wt., 4 lbs.
96 K 02631. . . . Each 3 lb. roll $2.24

BETTER grade . . . cheesecloth cover $3.12 3-lb. roll

Famous "Western Plains" quality wool batt is covered with unbleached cheesecloth. This makes it much easier to handle, easier to tuft and thus saves you time and work. Edges are lockstitched and wool is prevented from slipping or lumping by stitching every 5 inches lengthwise over the batt. Wool weighs about 2¼ lbs.; cover about ¾-lb. *Size*, 72x90 inches.

Shpg. wt., 4 lbs.
96 K 02632. . . . . Each 3 lb. roll $3.12

OUR BEST . . . superb quality $3.79 3-lb. roll

All new, choice, oyster-white wool is used in our most luxurious batt. It's a plumper, longer lasting batt than those at left. Millions of tiny air pockets which trap body heat are made by the finer, interlacing fibers which are used. Gives most warmth with minimum weight. Regular style. *Size*, 72x90 inches.

Shpg. wt., 3 lbs.
96 K 02677. . . . Each 2 lb. roll $2.49
Shpg. wt., 4 lbs.
96 K 02678. . . . Each 3 lb. roll $3.79

PART WOOL

Scientifically blended construction gives you amazing warmth and resiliency. Blending of choice fibers results in the formation of millions of tiny air pockets which trap body heat and prevent it from escaping rapidly. Moth-OFF processed with a 5-year guarantee.

Blended Part Wool Comforter Batts

GOOD grade . . . with 10% wool 86c 3-lb. roll

A warm, part wool batt at a low price. Thrifty quality is a mixture of 10% "Western Plains" wool and 90% good cotton linters. The crinkled wool fibers give the batt the necessary warmth and keep it from matting down. Fluffy and springy feeling . . . designed to give plenty of lasting, everyday service. Regular style. Natural cream color. *Size*, 72x90 inches.

Shpg. wt., 4 lbs.
96 K 02642. . . . . Each 3 lb. roll 86c

BETTER grade . . . with 25% wool 98c 2-lb. roll

Contains more wool, therefore gives more warmth. 25% fine "Western Plains" wool blended with 50% staple cotton and 25% cotton linters to produce a batt of real excellence. Strong and sturdy. Plump, soft and cushiony . . . may be used for padded robes and jackets as well as cozy comforters. Regular style. Natural cream color. *Size*, 72x90 inches.

Shpg. wt., 3 lbs.
96 K 02645. . . . . Each 2 lb. roll 98c

OUR BEST . . . with 50% wool $1.29 2-lb. roll

50% fleecy "Western Plains" wool combined with 50% India cotton. Both the wool and the cotton are naturally curly, which is ideal for a batting mixture. Has unusual fluffiness, downy light weight and extra warmth. Exceptional life, strength and resiliency. Makes a soft, billowy comforter filling. Regular style. Natural cream color. *Size*, 72x90 inches.

Shpg. wt., 3 lbs.
96 K 02648. . . . . Each 2 lb. roll $1.29

ALL COTTON

Slumbersound cotton batts are made of longer, first quality fibers to give you a loftier, more resilient batt. You can make comforters and pillows or use them to stuff toys, make padded robes, renovate old mattresses, reupholster furniture and insulate your home.

Fine All Cotton Comforter Batts

GOOD grade . . . cream color 59c 3-lb. roll

Blend of all new unbleached American cotton and cotton linters. Cotton fibers give a lofty quality; linters add resiliency. Shorter fibered than batts at the right, but will retain its fluffiness and warmth for a long period of time. Regular style. Natural cream color. *Size*, 72x90 inches.

Shpg. wt., 4 lbs.
96 K 02608. . . . . Each 3 lb. roll 59c
Shpg. wt., 5 lbs.
96 K 02609. . . . . Each 4 lb. roll 79c

BETTER grade . . . stitched lengthwise 79c 3-lb. roll

Blend of new bleached cotton linters and finer grade American cotton than used in batt at left. Stitched every 5 inches lengthwise for easier handling and greater strength. Stitched batts require less tufting, less work. Cream-white.

Extra large size, 80x90 inches.

Shpg. wt., 4 lbs.
96 K 02625. . . . . Each 3 lb. roll 79c
Regular size, 72x90 inches.
Shpg. wt., 4 lbs.
96 K 02624. . . . Each 2½ lb. roll 64c

OUR BEST . . . bleached white $1.00 3-lb. roll

All superb American cotton—soft, luxurious. Stitched every 5 in. lengthwise so that cotton stays fluffy, but will not slip. Makes for extra strength, easier handling, less tufting. White so colors in comforter fabric will stand out.

Extra large size, 80x90 inches.
Shpg. wt., 4 lbs.

Colorful Cretonne Fabrics

Only 25c A yard 10-yd. bolts

Available after October 15

- Firmly and evenly woven . . . 36 in. wide
- Wide choice of lively, sparkling patterns
- Fresh, beautiful, clear colors are sunfast

Designs carefully chosen, then printed by a process usually reserved for more expensive fabrics. This brings out every exquisite detail of pattern. Any of them will add life and color to your room.

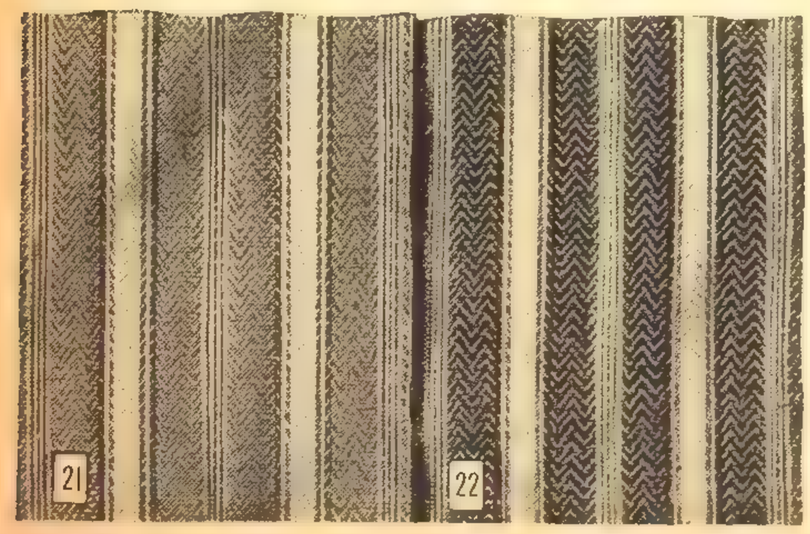
[1] **Paisley**—An ever-popular multicolor print on a pretty cream colored background.

[5] **Prince's Feathers**—Colorful blue pinwheels and border on a lovely rose pink colored ground.

[6] **Pansy Bouquet**—Bunches of prim posies. Soft blue background has double white stripes.

[7] **Floral Bouquet**—Large, beautiful, naturally colored roses on a pleasing blue background.

[8] **Floral Bouquet**—The same attractive pattern as Number 7 above, but on a rose colored ground.



[9] **Dogwood Patch**—Delicate flowers in diagonal squares. Rose colored background, border.

[12] **Patchwork**—Blue predominating with rose, green, gold florals, leaves. White background.

You'll enjoy working with these lovely materials. And you save by making your own warm comforters. 10 yards make a full size comforter. It's easy with Slumbersound batts that come with easy-to-follow instructions. (See index.)

It's thrifty and smart to dress up the things you have. If the edges of your quilt are worn, a new border makes it good as new again. A slip cover gives decorative value to a worn, drab looking chair. Match with draperies. Sold only in 10-yard bolts. Shipping weight, 10 yards, 3 pounds 2 ounces.

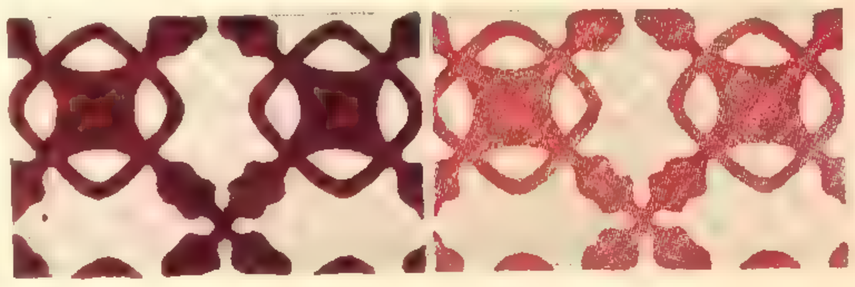
Available after September 4 — $9.00 Each



- Extra long, wide . . . finished size about 84x102 in.
- Authentic applique type design . . border on 2 sides
- Strong, rip resistant, single box, diamond lockstitch

Strikingly beautiful, exceedingly practical. Authentic old pattern carefully reproduced to resemble the finest hand applique. Use it as a lightweight comforter at night. In the morning, smooth it out and you have a decorative cover by day. Drapes generously over the sides and foot of a full size bed. So lovely you need nothing more over it. Doesn't show wrinkles.

The soft sheen of the fine quality, heavy printed cotton top sets off the beauty of the pattern. Reverse side of plain white cotton . . . thread count 64x60. Fluffy white cotton filling held by single box diamond lockstitch. Cotton tape binding. Border on two sides only. Washable *colors:* white with blue, wine or dusty rose. Shpg. wt., 7 lbs. (See below for flounce.)

56 K 2516—*State color wanted*. . . . . Each $9.00

Wine — Dusty Rose

White "Petticoat" Flounces

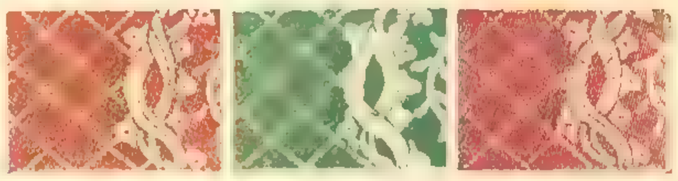
Turquoise Eggshell Blue

Medallion . . . lacy pattern



$2.87 Each

Available after August 15th. Naturally you want a bedroom that is both pretty and practical. This cotton-fresh bedspread will dress up your bedroom and give you fine service at the same time. Lacy medallions in natural cream colored yarns look like embroidery on the deep-toned background . . . a dainty design to go with any room scheme. You can rely on this bedspread to give you good and dependable service, too . . . that's why so many women select it for every-day use. Sturdy weave cotton takes lots of hard wear . . . resists wrinkling. Hemmed at top and bottom; selvage sides. Wash with care but washing won't be necessary often as this spread doesn't show soil quickly.

Colors: blue, rust, green, or dusty rose.

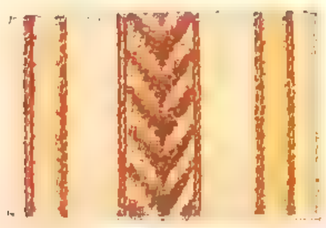
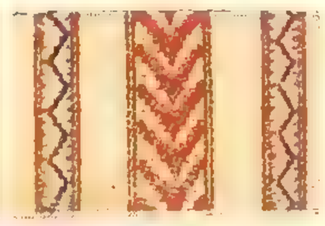
Blue



Homespun-type, peasant design

Available after August 15th. A bedroom, playroom or den can be "fixed-up" in a jiffy with gay, striped bedspreads like these . . . and it needn't cost much. By all means, carry out the lovely color effect with draperies. It's so easy; simply cut the 76x90-in bedspread in half, hem, and draperies are ready to hang. Wide and narrower stripes are woven in geometrical designs and alternate on natural color cotton crash. Overlock-stitched edges. Wash with care.



$2.10 Each 86x105 in.

Colors: green and gold; brown and gold; or red and blue. *Be sure to state color wanted.*

90-inch yard goods . . . economical to use

$1.20 Yard

Take this cheery homespun type cotton fabric and make your own spreads, draperies, draw curtains, pillow covers or table mats. Because of its extra width, a few yards will go a long way . . . only two yards make a couch throw or draperies (use width for length). *Colors:* shown below. Shpg. wt., yd., 1 lb. 6 oz.
24 K 6200M—*State color*.....Yard $1.20

Floral design Bedspread

$2.87 Each 86x105 in.

Available after August 15th. Stripes of graceful blossoms look like hand embroidery against soft cotton background; it's unusual to find such a delicate, detailed design on homespun-type bedspreads. It's sturdy enough to give years of service. It won't wrinkle easily or show soil. Prelaundered. The attractive natural colored background of fine yarns has diagonal lines of heavier yarns which form a diamond design. In three sizes: full bed, twin bed and cot size to add color and charm to any bedroom. And it's easy to make matching draperies; simply cut the 76x90-inch size bedspread in half and hem. Wash with care . . . use gentle Lux suds to keep the colors lovely looking longer.

Colors: dusty rose, blue or green. *State color.*

RAYON SATIN $10.98 Each

Soft, gleaming, featherproof Celanese rayon satin

• Finished size: 68x80 inches. Finished weight: 6¾ pounds

Rich, rayon satin covering . . . heavier, more closely woven than the covering on the comforter at the left. 250x104 threads in each square inch . . . no feathers can filter through. Made with painstaking care so that both sides are exactly the same except for color . . a different color on each side. The same filling as comforter at the left. Crushed, small, new hen feathers cleaned, sterilized, dried and fluffed over currents of warm air. Mothproof treated. Weight of filling, 4⅝ pounds.

Full generous size. Dry cleanable. Individually packed. *Color combinations:* monte blue with rosedust or wine with rosedust. Shipping weight, 9 lbs. 10 oz.

56 K 08401—*State color combination wanted*.....Each $10.98

A white petticoat flounce sets off the beauty of your comforter and dresses up your bedroom. (See index.) You may buy both on Sears Easy Payment Plan. Full details are given on the inside back cover.

Slumbersound

Blanket Sheets

Cotton blankets and blanket sheets are known for their long wear. While they are not as warm as those with a wool content, they give satisfactory service. Fibers are straight and long. The longer the fiber, the stronger the yarn and the blankets.

Heavy quality . . . natural cream-white

- 100% fine, long cotton fibers. Long size: 70x95 inches. Wt., 1¾ lbs. **$1.39** Each

Cold getting into bed on wintry nights? Not if you use fleecy napped blanket sheets. From grandmother on down to baby, everyone loves these cuddly, creamy-white sheets. Snuggle between them for added warmth and comfort—they're as warm as toast, as soft as down and inexpensive enough to suit any budget. Closely woven of best quality, staple cotton for a sturdy underweave.

Fine all purpose, all-season sheets. Sleep between them in cold weather; use them as light covers in summer when a heavier blanket would be uncomfortable. Save wear on your better blankets too. Bleached creamy white with mild chemicals so that the fibers are not weakened. Reinforced, overlock stitched ends. Washable.

56 K 08663—Shipping wt., 2 lbs. 6 oz...Each **$1.39**

Slumbersound

5% Wool Blankets

[B] 5% wool Slumbersounds are great for year-round use. Smoother, softer than all cotton. "Core thread" construction—with a strong cotton thread for the underweave and new warm wool in the nap—just like the more expensive part wools.

Bright Plaid Pairs . . . in 2 colors

- 95% new cotton and 5% new wool Standard size, 70x80 in. Wt., 3 lbs. **$2.45** Pair

A blanket for people who want quality and good looks at a moderate price. Has "core thread" construction, too, which puts the warmth of lively new wool in the nap, the strength of cotton in the underweave. Colors are vivid and clear. 3-inch sateen binding. Practical for "extra bedding." Washable. *Plaids.* blue or rose, each with white. Shipping wt., 4 lbs. 2 oz.

56 K 08223—*State 1st and 2nd color choice.* Pr.**$2.45**

A "pair" is two full size blankets woven in one single length. All Slumbersound blankets on these pages are washable in Lux according to directions.

REG. U.S. PAT. OFF.

25% Wool Blankets

More warmth in these blankets than in the 5% wools or the all cottons. Woven the "core thread" way to give you more warmth and longer service. You have your choice of either plaid blanket pairs or solid color singles. Attractively bound ends.

Singles . . solid colors . . white borders

[A] • 50% rayon, 25% reused wool, 25% cotton. Size, 72x84 in. Wt., 3⅛ lbs. **$3.30** Each

A good looking blanket blended of choice wool, rayon and cotton fibers. The wool gives it warmth; the rayon gives it body, beauty, rich coloring; the cotton gives it strength. "Core thread" construction consists of weaving a heavy springy wool thread about a strong cotton core . . . gives a thicker, fluffier nap; a more durable underweave. Rich, true colors. Smart, 3-inch rayon taffeta binding. Washable. *Solid colors:* green, woodrose (dark rose) or blue, each with white border. Shpg. wt., 3 lbs. 10 oz.

56 K 08537—*State 1st and 2nd color choice.* Ea. $3.30

Colorful Plaid Pairs . . . in 3 colors

[B] • 75% new cotton, 25% new wool. Full size, 72x84 in. Wt., 3¾ lbs. **$4.29** Pair

The use of new materials and fine dyes makes possible the clear brilliant plaids of this attractive part wool blanket. "Core thread" construction, too, which puts the warmth of lively, springy new wool in the nap, the strength of the cotton in the sturdy underweave. The downy soft nap stays light and fluffy even after many washings. Attractive 3-inch binding. *Plaids:* cedar and white, blue and white or rose and white. Shipping weight, 4 lbs. 4 oz.

56 K 08540—*State 1st and 2nd color choice.* Pr. $4.29

Slumbersound
REG. U.S. PAT. OFF.

50% Wool Blankets

Twice as much wool as in the 25% wools . . . fluffier, heavier, more resilient nap. Made with "core thread" construction. Washed after completion, just like all-wool blankets, to help reduce shrinkage. Pairs in gay plaids, singles in solid colors.

Gay Plaid Pairs . . . in 3 colors

[C] • 50% new wool and 50% new cotton. Full size, 72x84 inches. Wt., 4 lbs. **$6.48** Pair

Winter sleeping comfort requires warmth—warmth that you'll find in these fine Slumbersound plaid blankets. Heavier and warmer than the blankets above for they have a greater wool content. Colors are clear and bright because only fine quality new cotton and wool have been used. Retains its fresh loveliness and charm even after many launderings. Has the "core thread" construction, too, which puts the warmth of lively new wool in the nap, the strength of the cotton in the underweave. Gleaming 3-inch rayon satin binding. *Plaids:* blue, cedar or rose, each with white. Shpg. wt., 4 lbs. 8 oz.

56 K 08591—*State 1st and 2nd color choice.* Pr. $6.48

Single Blankets . . . double woven

C • 100% all new, long fibered American wools. Full size, 72x84 in. Weight, 4 pounds. Double weave results in a warmer, softer blanket. **$10.49** Each

Double woven—with two filling (or crosswise) threads to every warp thread. Since the filling threads are the ones that are later brushed up to form the nap, this blanket has a fluffier, more buoyant surface than those above. Millions of tiny air cells form an insulating air cushion that keeps the warmth in and the cold out. Fine quality wool takes dyes clearly; results in soft pastel shades. Washed and scoured after completion to help reduce shrinkage. 3-inch rayon satin binding. Individually boxed. *Solid colors:* dusty rose, blue, green or peach. Shipping wt., 4 lbs. 12 oz.

56 K 08116—*State 1st, 2nd color choice.* Each **$10.49**

Simple washing instructions are included with every blanket you buy from Sears. Washing them in gentle Lux flakes will keep them lovely longer.

All Wool Blankets

Single blankets . . our best quality

• 100% fine, long fibered new American wools. Full size, 72x84 in. Weight, 4 lbs. Double woven—Sears finest, most luxurious blanket.

$14.19 Each

Our very best, most beautiful all-wool blanket. Double woven with two filling threads for every warp thread—twice as many threads to be napped. The thicker the nap, the warmer the blanket because the tiny air pockets formed by the interlacing fibers keep the heat from escaping and the chilly outer air from passing in. To secure this thick nap the blanket is passed over and around cylinders of hundreds of curved wire teeth. These fine teeth gently pick up the yarns and fluff them up into a soft, fluffy texture.

If you're looking for a blanket that will give you lasting satisfaction, this is it. It's dyed into deep true colors with finest quality dyes; closely woven to give a firm, durable underweave; washed after completion to help reduce shrinkage. 3-inch rayon satin binding. Individually boxed. *Solid colors:* dusty rose, blue, cedar or white. Shipping weight, 4 pounds 12 ounces.

56 K 08131—*State 1st, 2nd color choice*. . Each $14.19

Single blankets . . our heaviest

• 100% new American wools—deep, luxurious nap. Full size, 72x84 in. Weight, 5 lbs. Colorful and gay—white with "candy stripe" border.

$12.98 Each

Five pounds of resilient, fine quality new wools—all in one Slumbersound blanket! For real winter sleeping comfort—because the additional weight gives more warmth when the temperature falls. You'll love the clear, deep, border colors, too, just as much as you'll love its cuddly warmth. It will add a handsome, rich note to your bedroom; make it look brighter, more cheerful for years to come.

Long wool fibers are expertly woven. Firm, close weave gives years of wear. Washed after completion to help reduce shrinkage. Downy-soft, buoyant nap, made by gentle brushing of the filling thread yarns, gives super warmth. Tiny air cells formed in the napping process have an insulating quality, for they retain body heat and keep it from escaping too rapidly. Ends are reinforced with wide over-lock stitching. Individually boxed; *Color:* white only with multicolor border. Shipping weight, 5 pounds 15 ounces.

56 K 08124.....Each $12.98

Slumbersound Spring Covers
Save mattress and bedclothes

Only 89c Each

• Protects mattress, makes it last longer.
• Helps keep mattress, bedclothes clean.
• Stands up under years of ordinary use.
Safeguards bedding and mattress against wear, tear and rust, loose or broken springs. Makes it easier to turn mattress or tuck in sheets. Acts as insulator by keeping cold floor drafts from penetrating up. Durable Kraft sulphate pulp . . . laboratory tests show it will stand up under years of ordinary use. Fastens down flat to spring with tape ties that fit through metal grommets. Tape bound. Unbleached natural color. Measure mattress for size.

• Have aches, pains from a too soft bed?
• Backaches from arthritis, lumbago, etc?
Aid to proper sleeping posture. Recommended where less resilient bed will help relieve pain from arthritis of the spine, lumbago, sprained or strained backs. Helpful during convalescence from illness or long periods in bed due to fractures. Laminated wood pulp fiber entirely covered with water repellent paper. Cream on one side —attractive color other. *Size*: about 24x60 in. Hinged 12 in. from each end. Fits twin or single bed, cot, or half of double bed; use two for entire double bed.
96 K 02469—Shpg. wt., 13 lbs. Each $3.89 2 for $7.60

Colorful Shower Curtains

Pyroxylin-coated cotton fabric

Shower Curtains $3.95 Set of Shower and Window Curtains $6.98

- Beautifully styled—lovely, distinctive designs on snowy white, long wearing cotton fabric
- Reverse side is coated with water-repellent pyroxylin . . . ideal for shower curtains.
- Heavy weight curtains hang in rich, deep folds

Does your bathroom have that drab, uninviting look? Here is an easy way to give it brand-new charm and a bright, cheerful appearance at low cost. Dress it up with these beautiful shower and window curtains—they'll make it a room you can be proud of.

They are a wonderful combination of beauty and serviceability. The sturdy cotton fabric will give long wear. The reverse side is coated with pyroxylin to make it water-repellent. To clean it sponge it off with mild soap and water. You'll love the refreshing, colorful designs on smart-looking, white backgrounds.

Each curtain is carefully tailored. Shower curtains have reinforced hems with securely set-in metal eyelets. (Shower curtain hooks not included; order from opposite page.)

Your choice of three exquisite, two-color designs: *Rose O'Sharon* is delightful in its full-blown beauty. *Yachting* with its sweeping sail boats suggests the bracing sea. *Plume* expresses the romantic charm of the Regency period. All three come on white backgrounds with black, blue, dusty rose, green, maize or peach predominant. *State color desired.*

Shower Curtains, approximately 6x6 feet. Shipping weight, 1 pound.

Clothes Hampers and Bathroom Fixtures

Smartly styled . . . Sturdily built

Store soiled clothes and linens the modern, sanitary way—in one of these attractive hampers. Save steps and time, have one in your bathroom, one in your bedroom, one in the kitchen. They are not only extremely practical, but with their beautiful styling they'll add a smart, decorative note to your home.

← Giant-size Upright Hamper

$6.89

- Sturdily constructed of carefully selected materials
- Strong, tongued and grooved wood frame for extra rigidity
- Extra large size: 12x22x29½ inches high; it actually holds 28 pounds of laundry . . . yet it takes up little floor space
- Smart-looking woven fiber lid is wood-reinforced; hinged
- Smooth, high quality enamel finish is easy to keep clean
- Colors harmonize with Sears other bathroom accessories

This giant hamper is a wonderful combination of beauty and utility, ideal for a large family. It's big and roomy to hold lots of laundry, yet takes up little floor space. With its smart and simple styling it will add modern beauty to your bathroom or bedroom. Finely built of carefully selected materials to give you years of service. All joints are tongued and grooved and glued for additional strength. Narrow woven fiber body lets air circulate to reduce musty odors. Finished with smooth enamel inside and out. Easy to clean: just wipe it with a damp cloth. Your choice of blue, green, ivory, peach or white. *State color desired.*

11 K 02625—Shipping weight, 16 pounds.....$6.89

← Double purpose Bench Hamper

$4.98

- Constructed of selected materials. Strong wood frame for extra rigidity. Reinforced woven fiber lid, securely hinged
- Inside is entirely lined with a soft sprayed-on rayon nap to protect your dainty garments and stockings from snags
- Outside has smoothly sprayed, easy-to-clean enamel finish

Study the features of this hamper and you will recognize its fine quality. Serves double duty: 1—Use it for storing your family's soiled clothes and linens, and 2—use it at the same time as bench for your bathroom or dressing table. It's just the right height to make a comfortable seat. The firm lid consists of wood encased in attractively woven fiber. Sturdily built to give you long service. All joints of the seasoned wood frame are tongued and grooved and glued for strength. Covered with woven fiber, finished with smooth enamel in soft pastel shades. Choose yours in blue, green, ivory, peach or white. *State color.* Size, 12x20½x20 inches high.

11 K 02624—Shipping weight, 12 pounds.....$4.98

Sparkling Glass Bathroom Fixtures

Beautify your bathroom . . . increase its efficiency with these smart, modern fixtures. Made of thick, crystal-clear glass . . . fire-polished to a high luster, annealed (tempered under great heat) to make them strong and durable. Easy to put up. Each fixture has holes for screws. (Screws not included).

Harmony House
REG. U.S. PAT. OFF.

Shag Bath Sets

- Emphasize the charm and beauty of your room
- Soft and warm when you step out of your bath

$2.69
Ea. 18x34 in.

Charm Tred—Popular, thick, cut pile, tufted shag mats. Modestly priced ensembles with a lot of decorative value. The right touch to give new interest to your room. Blend with any toweling pattern.

Strong, soft, 4-ply yarn dyed cotton is firmly tufted into natural colored duck backing. Then each loop is cut for extra fluffiness. Stays thick and soft after washing. Lux will help you keep the colors fresh and clear.

Matching standard size lid cover. Washfast *colors:* green, peach, blue, white or dusty rose. *State color wanted.*

Mat size	Shape	Cat. No.	Shpg. wt.	Each
18x34 in.	Oblong	96 K 2917M	1 lb. 12 oz.	$2.69
24x36 in.	Oblong	96 K 2918M	2 lbs. 12 oz.	3.78
24x48 in.	Oblong	96 K 2919M	3 lbs. 4 oz.	5.95
Standard Lid Cover		96 K 2920M	8 oz.	1.05

Thick, downy soft pile
Lovely decorator colors

- Deeper pile, heavier back . . . brand new texture
- Effective way to give a room that "new" look

$2.95
Ea. 18x36 in.

Fringe Tuft—rows and rows of soft, heavy cotton fringe make an interesting texture that brings out the beauty and sparkle of your bathroom. Makes it thick and soft under your feet, too.

The cut fringe is securely sewed to a natural colored duck back which is heavier than those above to give more body to the mats and make them wear longer. It's so easy to have them always fresh and clean because they're washable and stay soft and fluffy after many tubbings.

Three convenient sizes to choose from and a matching standard size lid cover. Washfast decorator *colors:* peach, blue, dusty rose or white. *State color wanted.*

Mat size	Shape	Cat. No.	Shp. wt.	Each
18x36 in.	Oval	96 K 2984M	1 lb. 14 oz.	$2.95

30x30 in.	Round	96 K 2987M	2 lbs. 1 oz.	3.59
Standard Lid Cover		96 K 2989M	13 oz.	1.59

Our finest cotton Mats
Blended pastel colors

- Strikingly beautiful . . . practical and durable
- Perfect setting for any home decoration scheme
- A bathroom lovely as any room in your home

$4.95
Ea. 24x36 in.

Twintone Charm Tred—triple stitched, twisted loop pile. Your feet sink into the luxurious thickness. Its lasting beauty, up-to-the-minute styling is just what you'll want for yourself or for gifts.

Practical, too . . . just put it in the washing machine and through the wringer, then shake out and dry. The colors remain bright and clear . . . it always stays soft and fluffy.

Center of soft pastel colors blended with white. Higher pile solid color border. The heavy, natural colored duck back makes a mat that's firm bodied and lies flat.

Four decorator approved washfast *colors:* dusty rose, blue, green or peach, each blended with white. *State color wanted.*

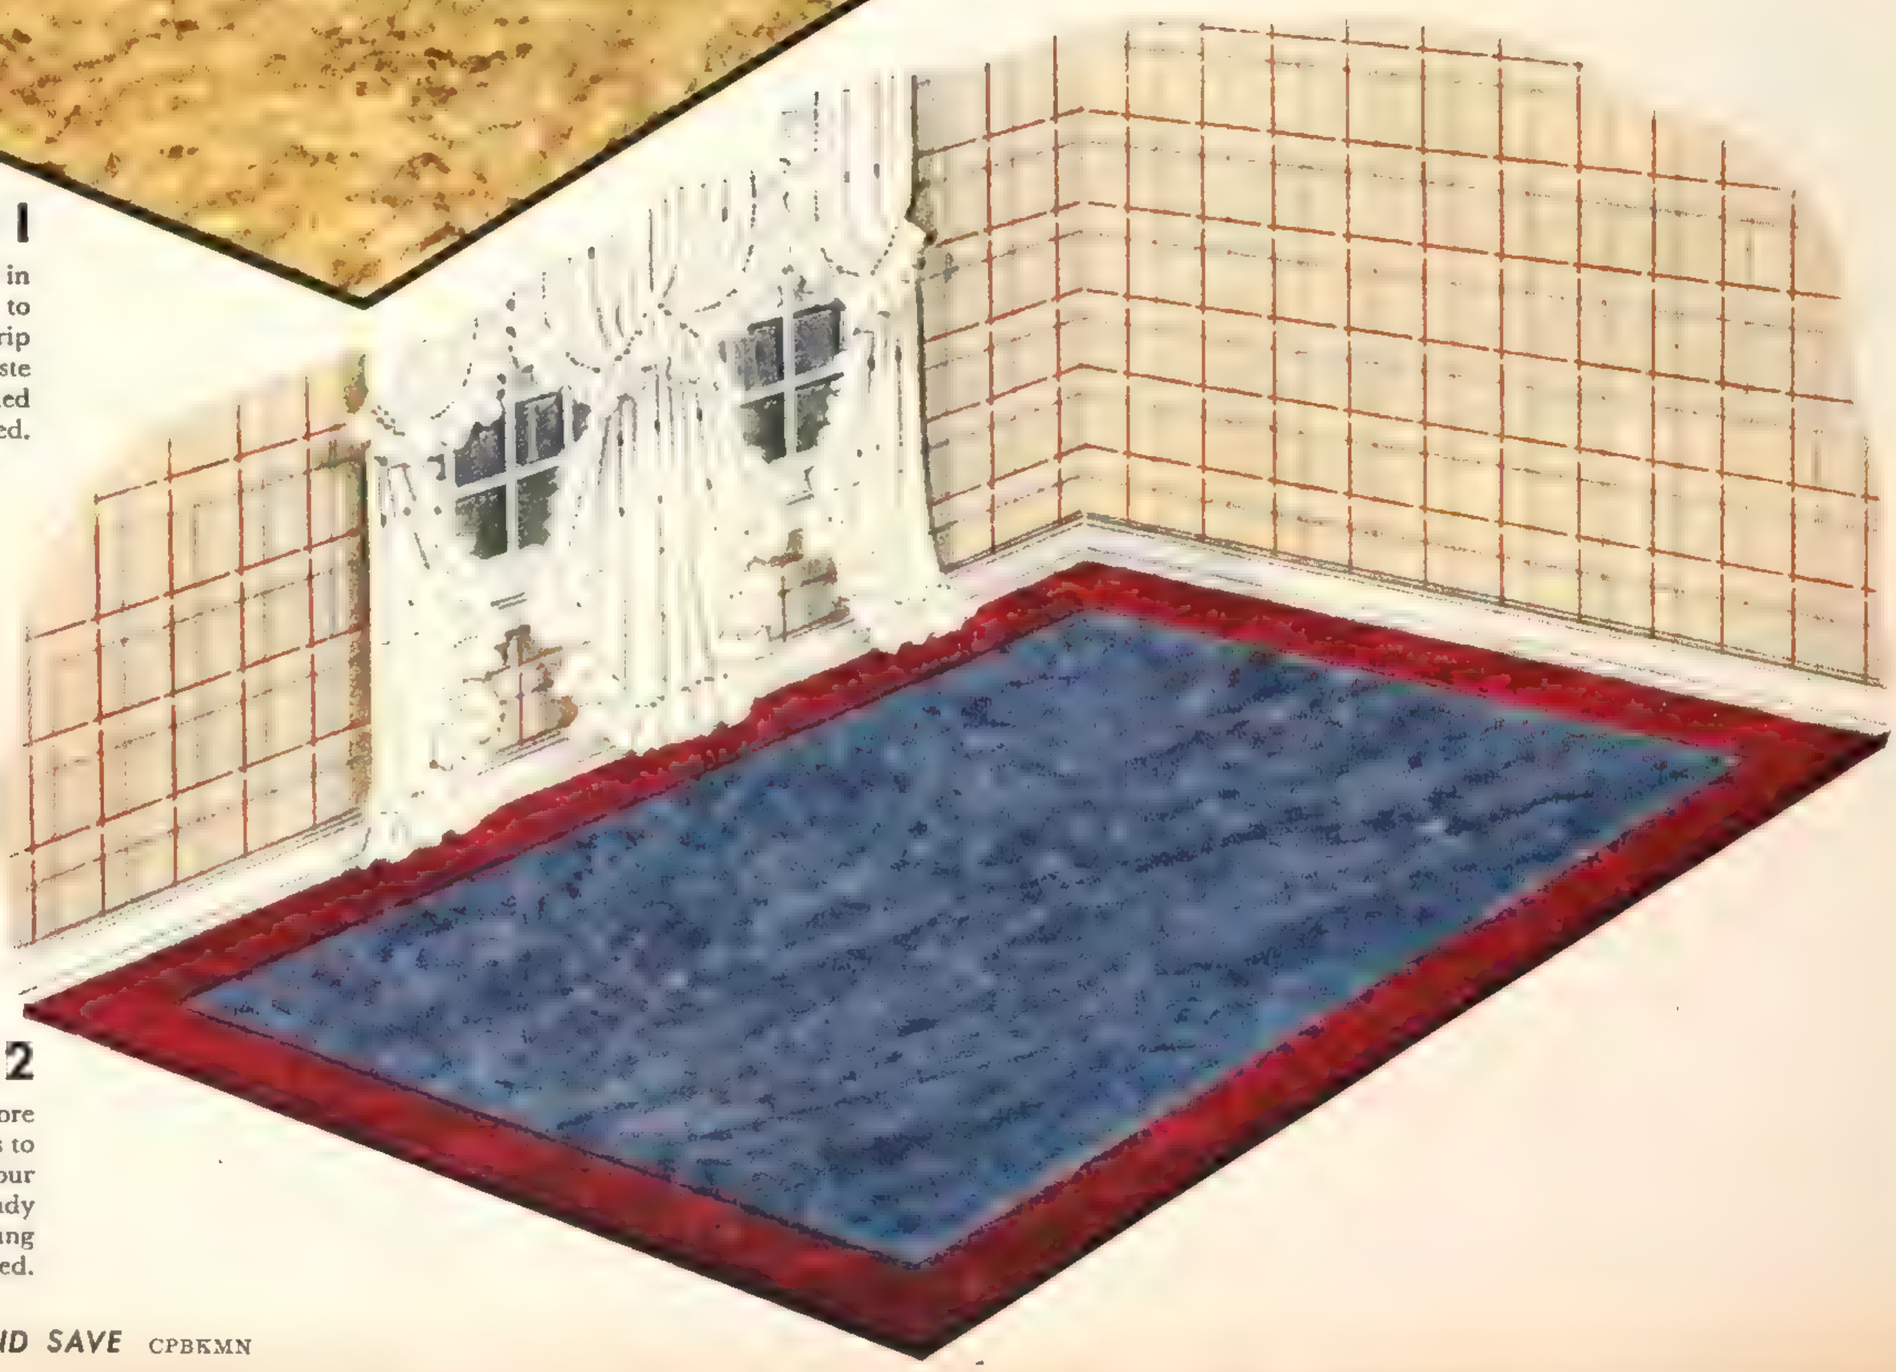
Maximum Shrinkage 1% — All mats and ensembles on this page pre-shrunk to retain their size and shape

There's a new and better way to buy linoleum today . . .

BY THE ROOM . . .

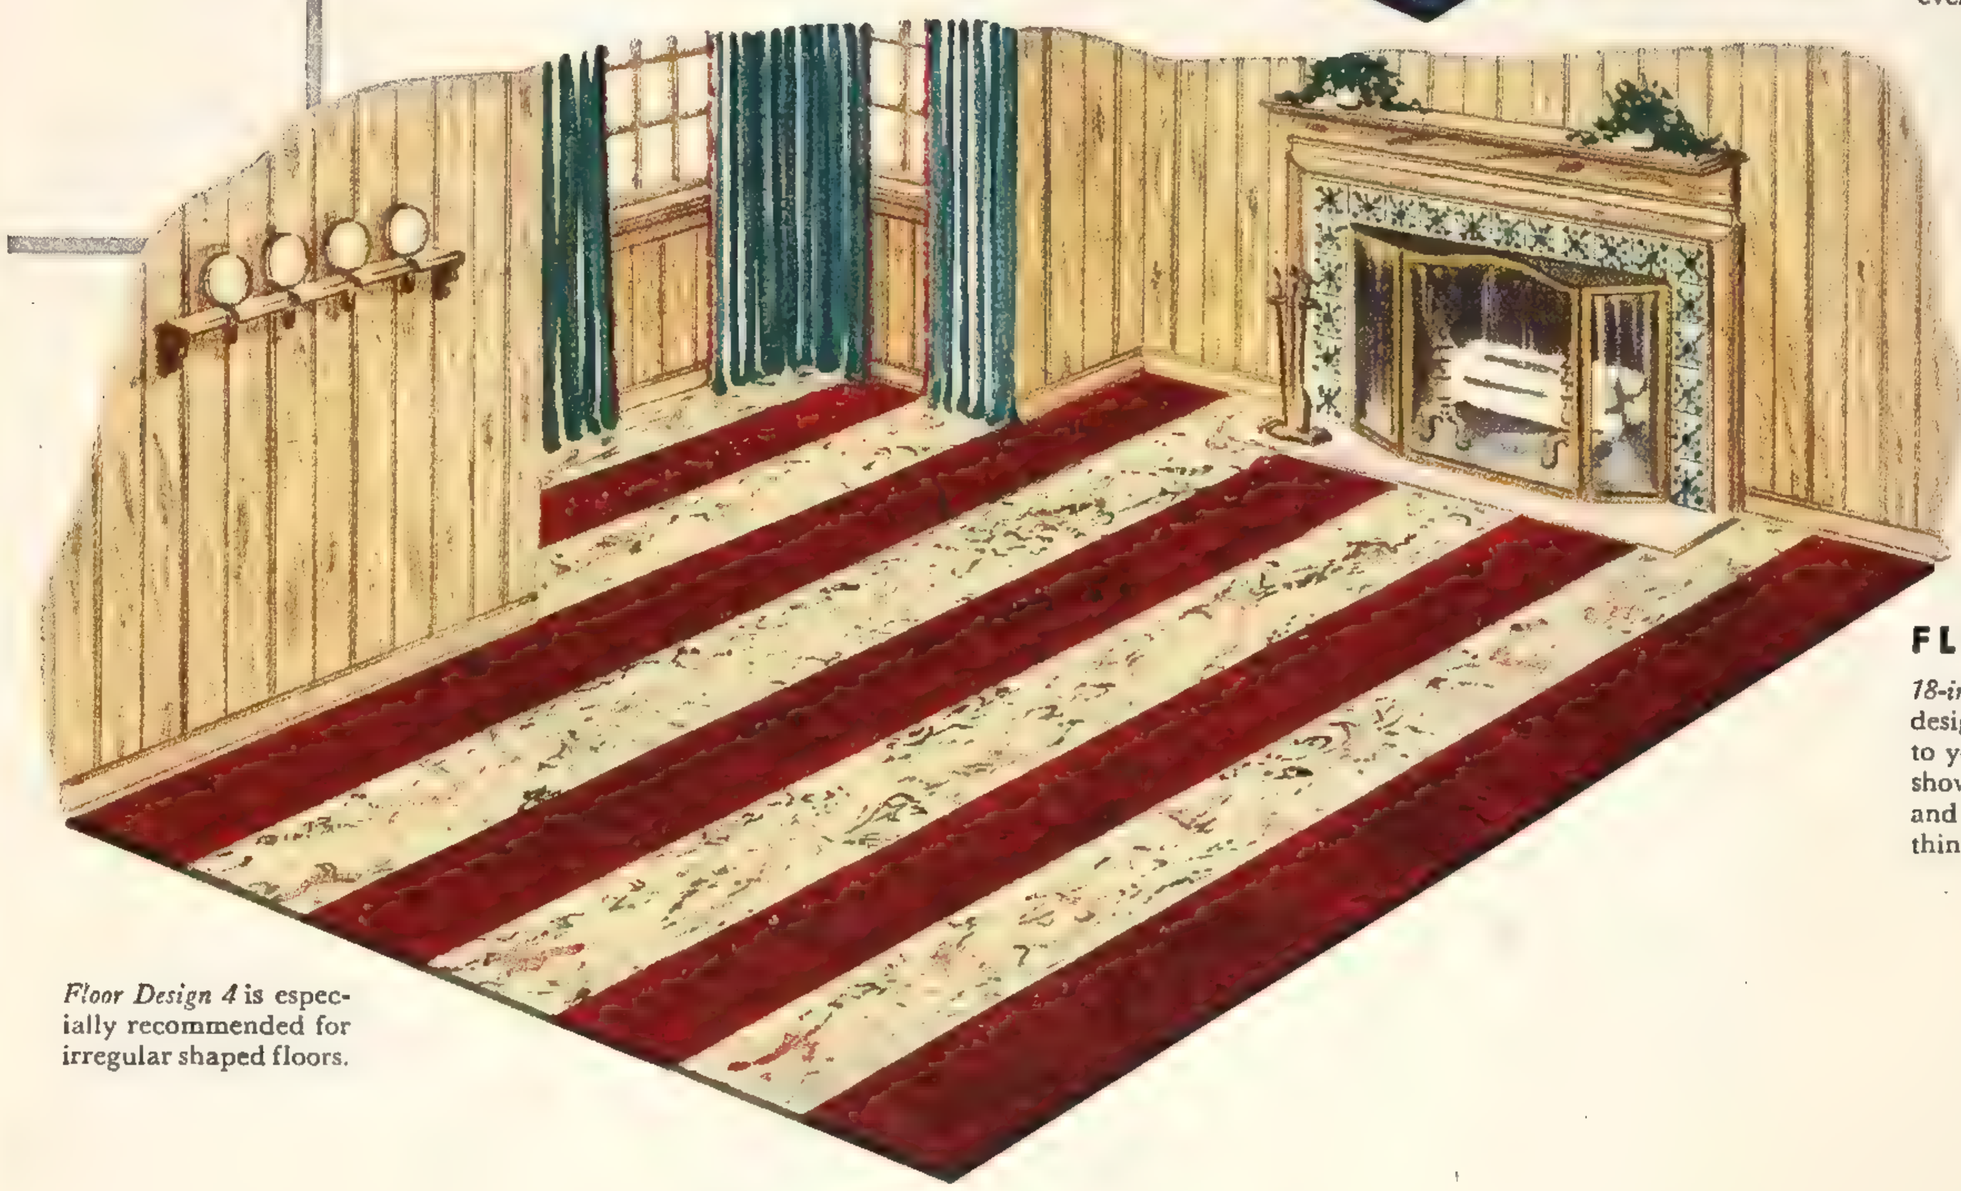


instead of by the foot

Now you pay for only the linoleum needed to cover the floor . . . none of the waste you used to allow for old-fashioned cutting and trimming.

FLOOR DESIGN 1

Smart Single Color, comes to you in one or more strips, according to the width of your floor, each strip cut to size and ready to paste in place. Everything needed to lay the linoleum is included.



FLOOR DESIGN 2

Two-Color Combination, for more decorative appearance. Comes to you with center section and four border strips, cut to size, ready to paste on your floor. Everything needed for laying is included.

FLOOR DESIGN 3

Three-Color Combination, for maximum color accent. Comes to you with center section, four feature strips and four border strips, cut to size and ready to lay. Includes everything needed for laying.

FLOOR DESIGN 4

18-inch Strips of Alternate Colors—a design that's "different." Comes to you with strips of each color as shown, each strip cut to size and ready to paste down. Everything needed for laying included.

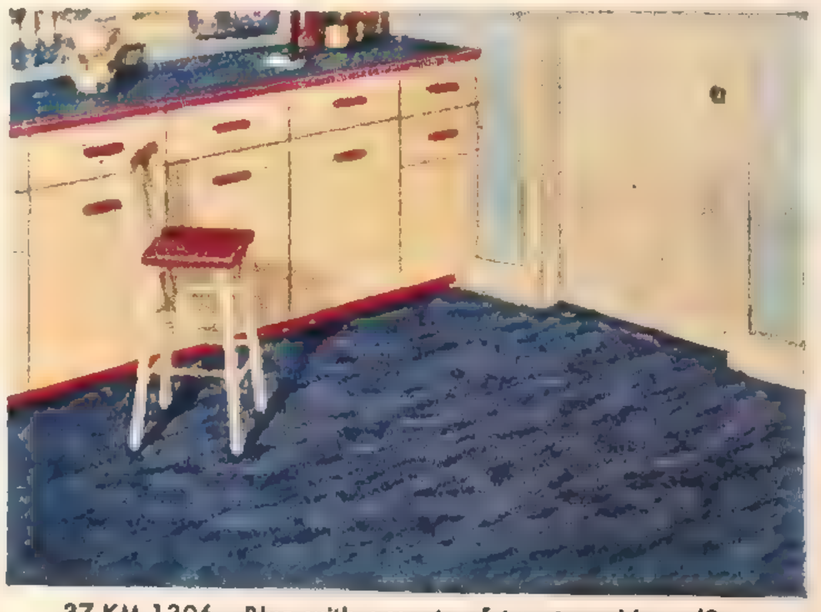
Floor Design 4 is especially recommended for irregular shaped floors.

Gone are the days when you did the cutting, trimming, fitting! Today you can buy famous Servistan linoleum *by the room*—with all pieces cut to fit the exact measurements of your rooms, ready to paste in place. Now you can lay linoleum in half the time it used to take . . . have the beautiful decorator-designed floors shown here in almost any color combination . . . and actually save money in most cases, over the usual way of buying linoleum by the running foot. Turn now to the four pages following and choose your floor design. Select the color combination you like best. Then use the Special Order Blank on (Page C) in back of book.

Here's proof of what you may save. Suppose you want to cover a floor 13½ by 15 ft. with Linoleum Floor Design 4, on page 661. If you bought your linoleum by the foot and purchased paste, spreader, chalk line and chalk separately, you would pay $41.42 for materials alone. You pay only $32.81 when you buy by the room, with everything you need included—*a saving of $8.61.* And that isn't all! By laying it yourself you save $13.50 more (based on an average installation cost of 60c a square yard). *You pocket a total saving of $22.11.*

37 KM 1301—Tan with accents of rust and green. (See larger illustration on page 664, pattern P.)

37 KM 1302—Red with accents of darker red. (See larger illustration on page 664, pattern J.)



37 KM 1303—Ivory with accents of red and black. (See larger illustration on page 664, pattern H.)

37 KM 1304—Ivory with accents of two-tone blue. (See larger illustration on page 664, pattern L.)

37 KM 1305—Multicolor with green, gray, rust, gold predominating. (See larger illus. on page 664, pattern T.)

37 KM 1306—Blue with accents of two-tone blue. (See larger illustration on page 664, pattern K.)

Famous SERVISTAN Gibraltar quality Linoleum

Especially recommended for regular-shaped rooms

Floor Design 1 is particularly suitable for extra large rooms or connecting rooms. Comes in famous Servistan long-wearing Gibraltar-quality linoleum. Patented felt back pastes directly to floor, guards against cracking and bulging, is exclusive with Sears by mail. Floor Design 1 is available for rooms of any size. If your room size is not listed below or if your room is irregular in shape, use Special Estimate Form (page D) in back of book, and we will send you an estimate of the cost. *To order Floor Design 1 from this page:* (1) choose marbleized color you like best from the six shown on this page and note catalog number, (2) find your room size in the table below; (3) then fill out the Special Order Blank (page C) in the back of the book. That's all there is to it. Everything for laying included.

Prices include everything for laying—paste, spreader, chalk line, chalk and instructions

Famous SERVISTAN Gibraltar quality Linoleum

Especially recommended for regular-shaped rooms

Floor Design 2 is particularly suitable for regular-shaped rooms of any size. Comes in famous Servistan long-wearing Gibraltar-quality linoleum. Patented felt back pastes directly to the floor, guards against cracking and bulging and is exclusive with Sears by mail. If your room size is not listed below or if your room is irregular in shape, use the Special Estimate Form (page D) in the back of this book, and our experts will send you an estimate without charge, covering all materials needed and the cost. *To order Floor Design 2 from this page:* (1) choose the marbleized color you like best from the six shown on this page and note catalog number (2) find your room size in the table below (3) then fill out the Special Order Blank (Page C) in back of book. Everything for laying is included.

Prices include everything for laying—paste, spreader, chalk line, chalk and instructions

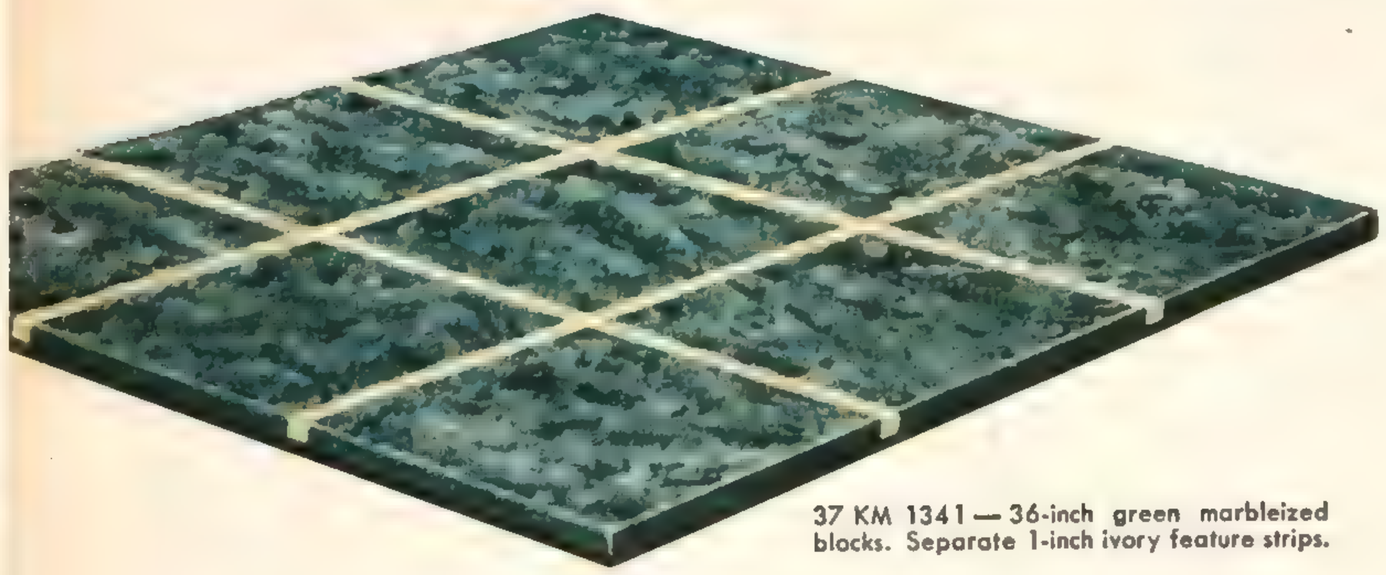
New! Exclusive!

36-inch Linoleum Squares

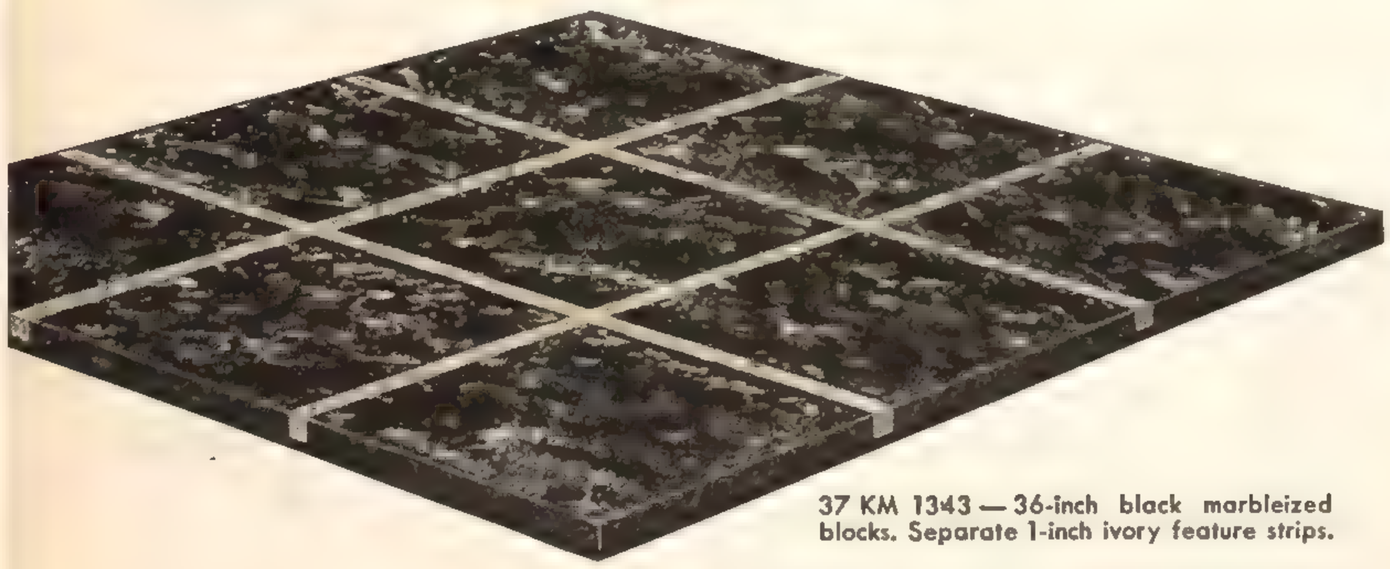


Ideal for hard-to-fit, irregular shaped rooms

- Famous Gibraltar quality on patented Felt Back. Paste directly to floor—no lining felt needed—saves time and money. Gibraltar guarantees finest materials, fadeproof colors, thick, tough wear-layer for years of service.

- The use of 36-inch linoleum squares with contrasting feature strips is a new idea for beautiful hard surface floors . . . just as you've seen them in magazines. Recommended by leading interior decorators.

37 KM 1340 — 36-inch ivory marbleized blocks. Separate 1-inch red feature strips.



37 KM 1341 — 36-inch green marbleized blocks. Separate 1-inch ivory feature strips.

37 KM 1342 — 36-inch tan marbleized blocks. Separate 1-inch red feature strips.

Easy Terms are available See inside back cover

37 KM 1343 — 36-inch black marbleized blocks. Separate 1-inch ivory feature strips.

Now you can have the beautiful, breath-taking genuine linoleum floors you've always wanted! Furthermore, you can have them at a price far less than you'd think possible—and you can lay them yourself—*easily!* No fuss, no bother with linoleum rolls because Floor Design 5 comes in easy-to-handle 36-inch squares and separate 1-inch feature strips.

Long wearing. Made of our famous extra-thick, long-wearing Gibraltar quality linoleum on the exclusive Patented Felt Back (quality story on page 664). Easy to keep clean with a damp cloth.

Easy to install. 1-inch wide color strips fit between each 36-inch square of linoleum. Patented Felt Back grips the floor firmly and permanently. No lining felt, rollers or weights needed. Complete, illustrated, laying-instruction book included with each order.

Colors. The colors are long wearing and fade proof. Extend through wearing surface to Patented Felt Back. Gives the fine appearance of marble. Will stay clear and brilliant for years. *Order by catalog number* the color combination desired, from *this or opposite page* and *state your size from those listed below or on opposite page.*

Here's how simple it is to install Floor Design 5

1 Measure and divide the room into exact quarters by measuring from the center of each wall to center of opposite wall and placing chalk lines on the floor. Use chalk line you receive with order.

2 Place block exactly over intersecting chalk lines. Draw chalk line all around first center block . . . paste block exactly within line.

COLORS shown match actual colors of merchandise as closely as modern printing methods permit.

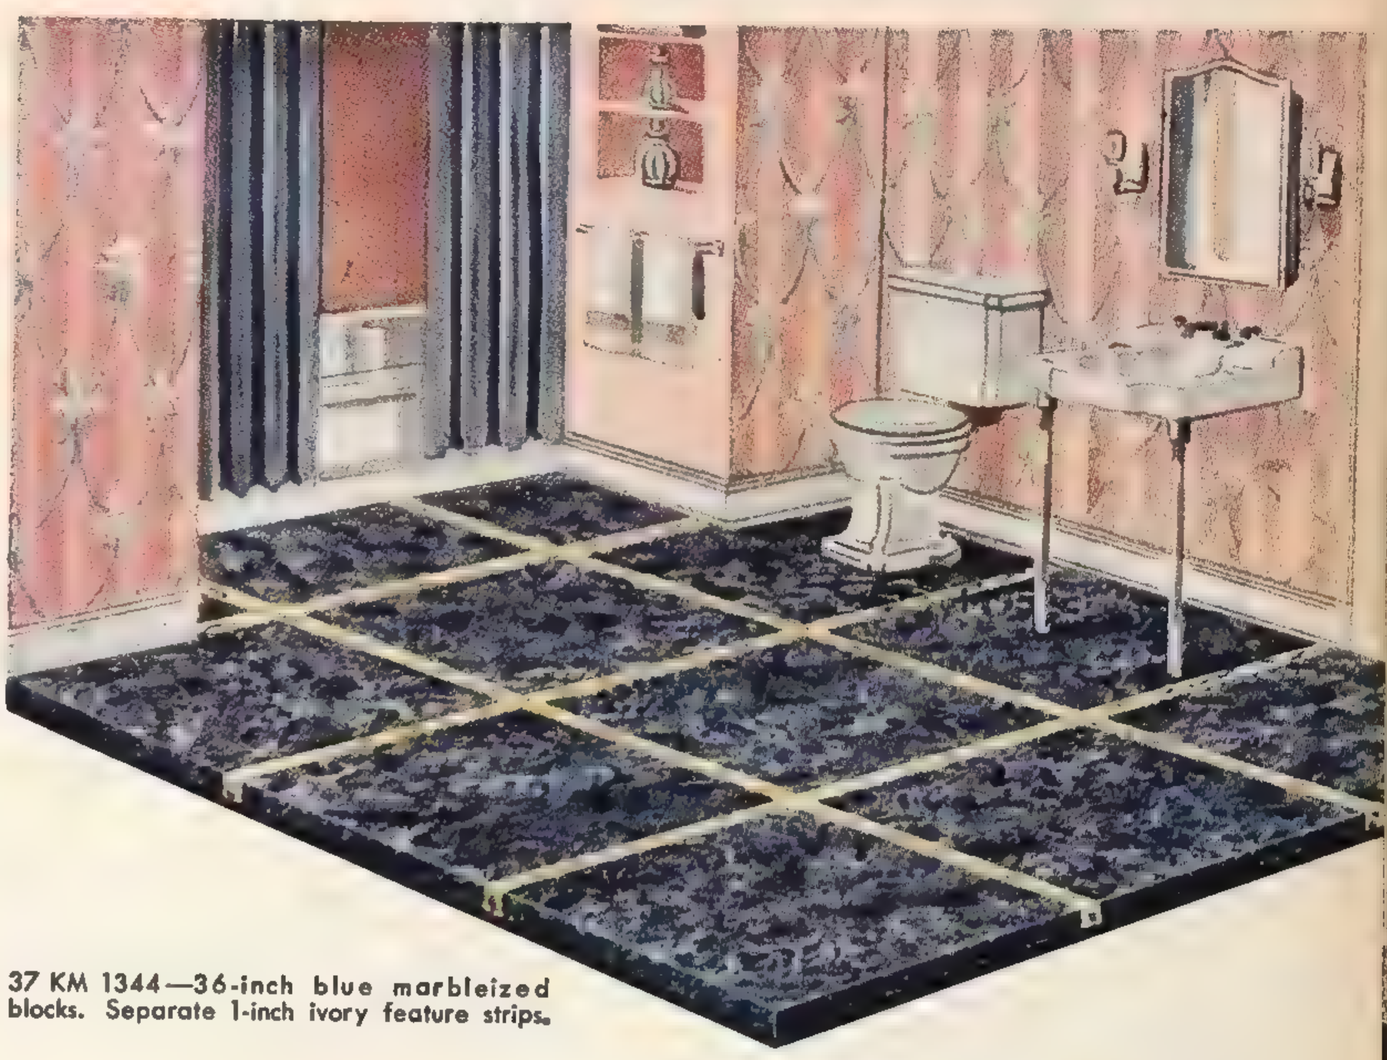
Ready-cut . . . beautiful . . . easy to lay

. . . so easy to lay around pipes and projections. You can do a whole floor in an evening

- Precision factory-cut edges fit perfectly—make smooth, unnoticeable seams —no trimming . . . Easy to order—just select color combination you want, find your room size in table, fill out Special Order Blank in back of book.
- Sears include all materials needed for installing—paste, paste spreader, chalk and chalk line—there are no "extras" for you to buy . . . Complete, easy-to-follow laying instructions included, illustrated step-by-step.

Here's how you order Servistan 36-inch Linoleum Squares

1 First measure the floor. *Be sure all measurements are correct.* Measure width at each end of room and length on each side.



2 All room sizes *listed on these two pages* are for regular shaped rooms. To order, select by catalog number the color combination you like best from the eight beautiful designs shown. Find your room size in table below or on opposite page and fill out Special Order Blank on page C in back of book.

If your room size is not listed, or your room is irregular in shape due to constructions, projections, cabinets, etc., fill out Special Estimate Form on page D in back of book, and we will send an estimate of the cost.

Note: On the Special Linoleum Order Blank and Estimate Form on pages C and D in back of book—the 36-inch square designs on these two pages are identified as Floor Design 5. In ordering, give information as requested for Floor Design 5.

SERVISTAN Linoleum, our famous Gibraltar quality

REG. U.S. PAT. OFF.

Scientific Patented Felt Back makes laying easy—available by mail only at Sears

- Wear tested—60% thicker, longer wearing, than our Thrift quality.
- Thick, tough wear layer is of the finest quality genuine inlaid linoleum.
- The Patented Felt Back on *Servistan* Gibraltar linoleum is the greatest scientific development towards the improvement of linoleum in 20 years.
- Patented Felt Back serves a double purpose . . . saves time and money . . . makes laying easy. No separate felt lining needed. See explanation below.
- Colors go through wear layer to Patented Felt Back—won't wear off.
- Stainproof! Spotproof! Easy to keep clean with damp cloth—saves time.

Enlarged view—See story at right

Enlarged view of Servistan Gibraltar at left shows: (1) Thick, beautiful wear layer . . . easy-to-clean surface. (2) Patented felt back combines backing material and lining felt, which guards against cracking. buckling and permits easy removal. It pastes directly to the floor.

Servistan Gibraltar is perfectly color-styled to harmonize with draperies, curtains, upholstery fabrics, etc. Use plastics on page 681 for finishing counter or table tops. Use Sears wax occasionally to keep your linoleum new and shiny looking. See page 683 for wax.

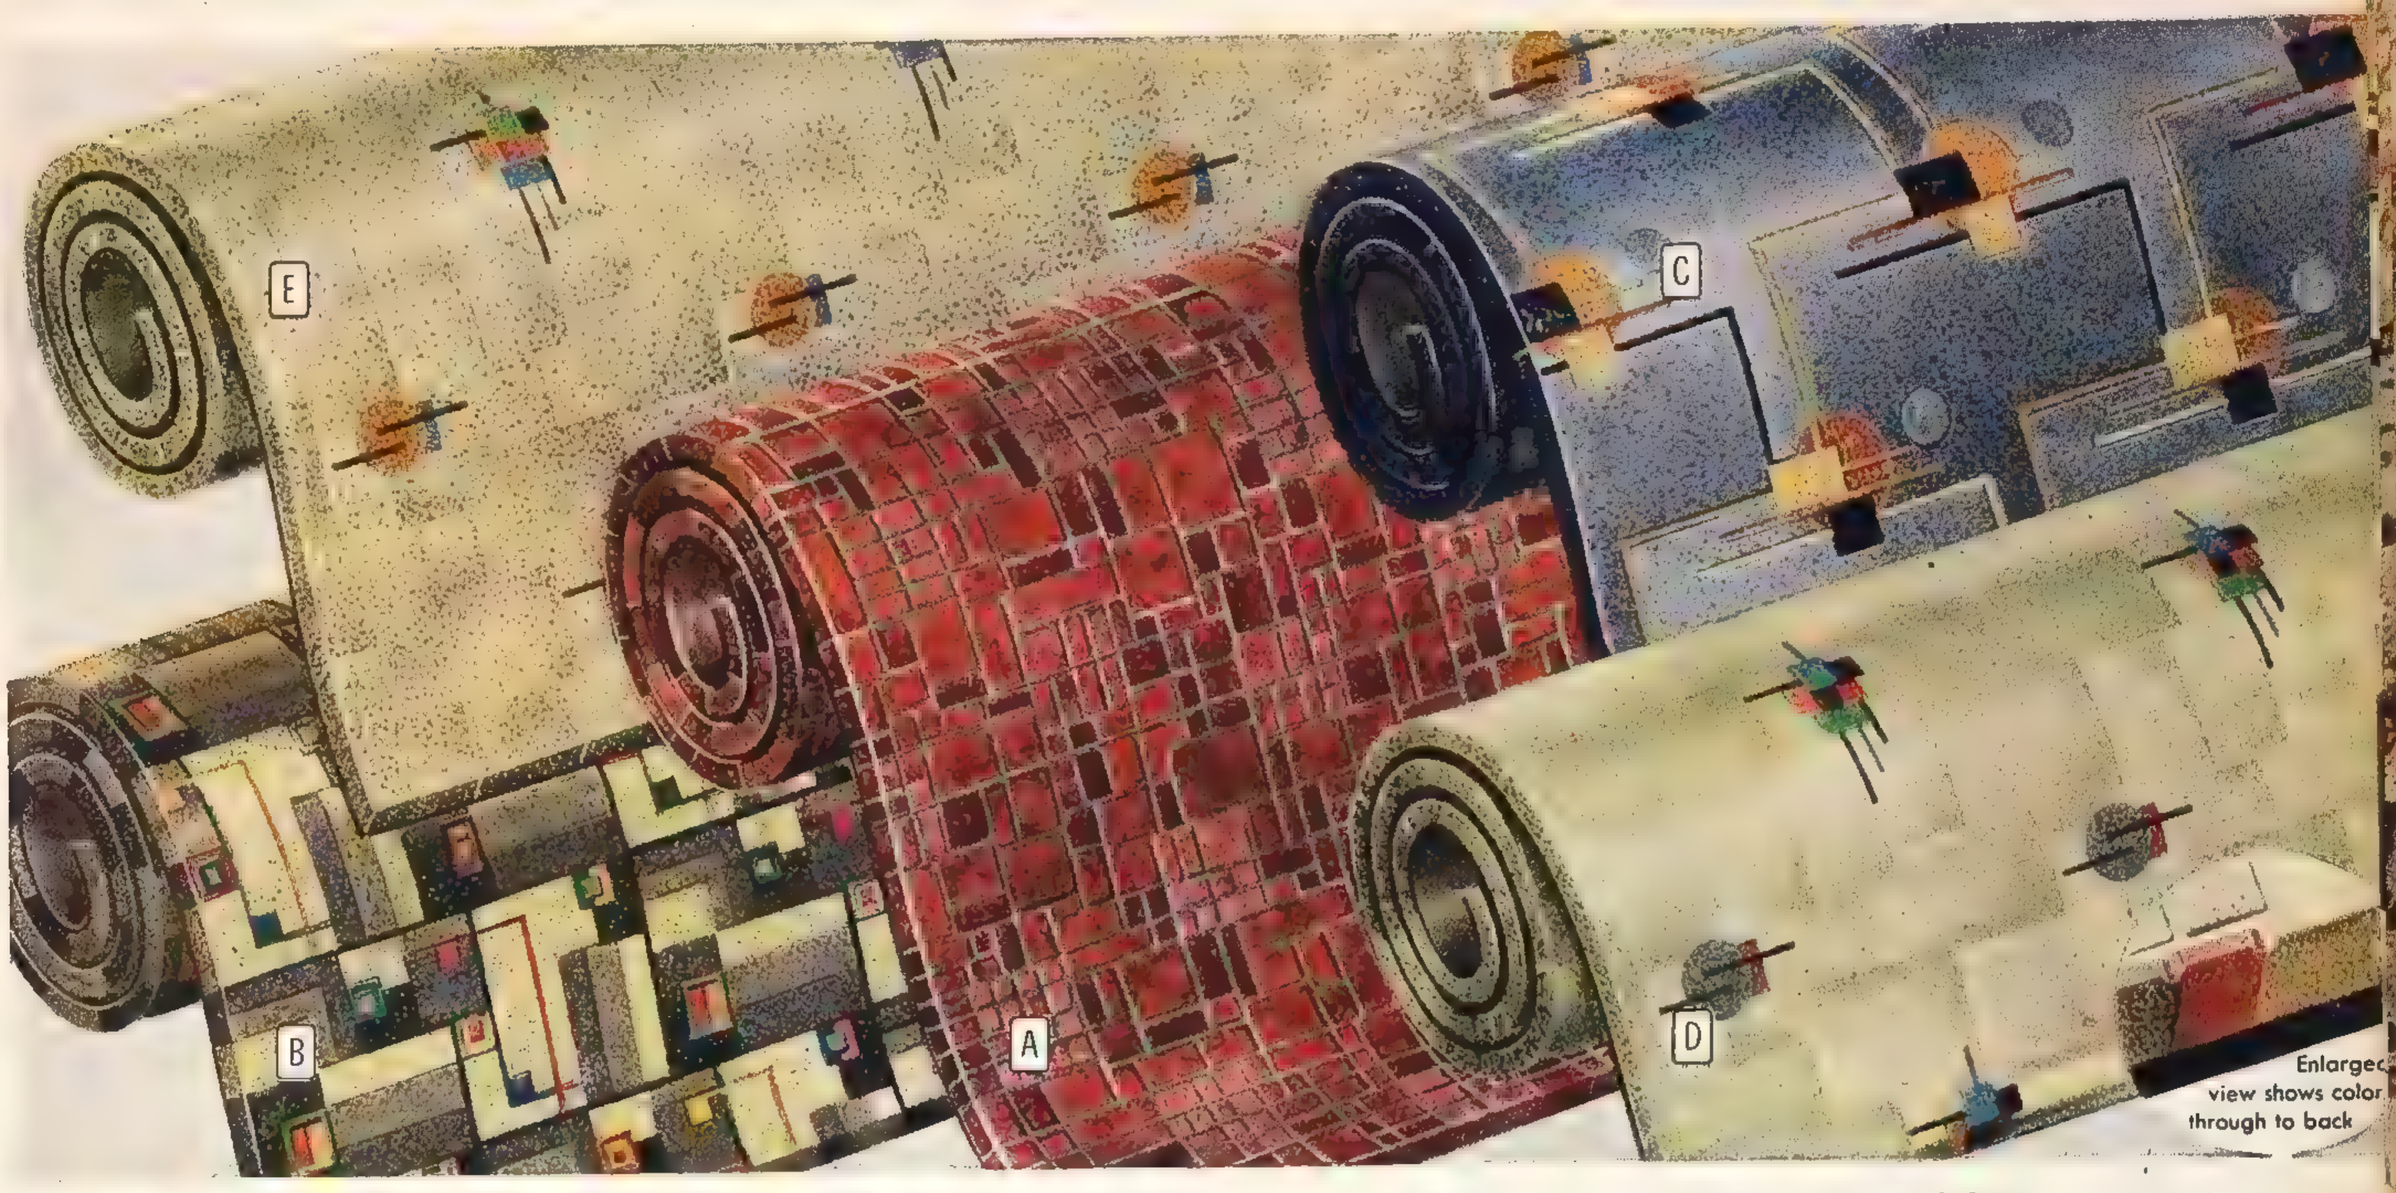
Gibraltar quality Threshold or Doorway Strip. Use in doorways that have no wooden thresholds to protect edges of linoleum (see sketch above). Each strip 36 in. long, 7 in. wide, and includes a 36-in. strip of *black* plastic protective edging. Instructions for laying included. Available in same colors as borders. Mailable.

State letters JJ, SS, MM, or HH shown on color wanted.



37 K 01285—Threshold strip. Shpg. wt., 2 lbs. 59c

NOTE: Colors shown on these pages match actual colors of merchandise as closely as is possible with modern printing methods. Freight rates are low, see pages 900 and 901 to estimate them. See inside back cover for Easy Terms.

Distinctive embossed design Inlaid Linoleum

Nothing like it . . . it is the most luxurious of all figured linoleum with its exclusive "raised tile" effect

- Outstanding for style and colors because of the unique tile designs and the textured, soft, warm appearance which no other linoleum has
- Outstanding for wear because of the fine quality materials used in the thick, tough wear layer and the strong, flexible, new fresh fiber felt back.
- Rich colors go all the way through the wear layer to the strong felt back —will not fade or scuff off—will retain their beauty for years.
- Styled by leading designers in the colors suitable for most color schemes.
- Stainproof! Spotproof! Wax sealed surface, easy to clean with damp cloth.

Enlarged view shows color through to back

Rich-looking Embossing creates a new depth of beauty for your floors . . . a rich feeling of warmth and texture . . . breaks up "glossy" highlights and helps to hide tracked-in dirt. It tends to conceal irregularities in the subfloor. Springy resilience deadens sound and makes walking easy on your feet. Doesn't tire you out like hard unprotected floors do. Occasional waxing keeps floors new looking. See page 683 for wax. Stainproof and spotproof . . . easy to clean. Colors and shading of colors are permanent, they go clear through wear layer to the fresh fiber felt back.

Important! If two or more widths of embossed linoleum are needed to cover your floor, order the first strip the actual length of your room, and allow 18 inches extra to the length of each additional strip for exact matching of pattern. When laid properly, the strips will fit so closely together that the seams will be practically invisible.

Easy to lay! Complete instructions furnished. Embossed linoleum should be laid over separate felt lining. See page 683 for felt lining. Order linoleum paste extra. See opposite page or page 683 for paste.

37 KM 1666—Embossed Inlaid Linoleum. 6 feet wide. . . . . Shipping weight, 4 pounds 2 ounces. Per running foot 96c

Up to 12 feet mailable. Order by the running foot or from room sizes below. State letter A, B, C, D or E shown on pattern you want. Also state length needed.

Servistan Inlaid Linoleum, Thrift quality . . . Exclusive Patented Felt Back

Wear Tested. Thrift quality is an outstanding value in inlaid linoleum at Sears popular low price No other linoleum at this price has so many money saving features. Will give you many years more service than the best quality enameled surface floorcovering. It is made of the best linoleum materials, same as used in Gibraltar quality on opposite page, but wearing surface is not as thick, nor is the patented felt back quite as thick.

Marbleized colors go all the way through the wearing surface, can't scuff off.

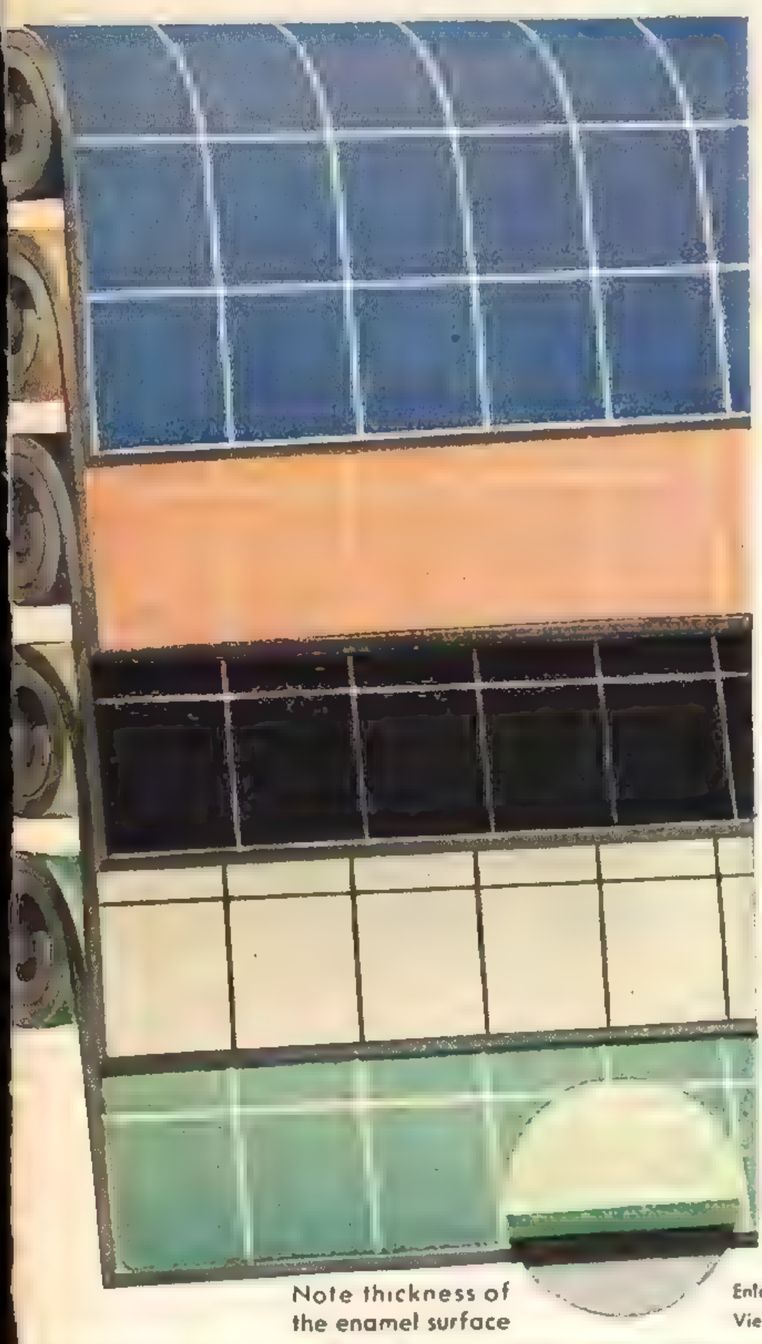
Lustrous, smooth surface. Pre-waxed at factory. Stainproof and spotproof. Easy to clean with a damp cloth. Occasional use of Sears self-polishing wax on page 683 will keep surface glistening. Easy to lay. Pastes directly to the floor. Complete instructions furnished. No separate felt lining needed. Order paste extra, see opposite page or page 683 for paste.

37 KM 1406—Servistan Thrift quality Inlaid Linoleum. 6 feet wide. Shipping weight, 3 pounds. . . . . Per running foot 55c

Comes in five marbleized colors as shown above. Up to 15 feet mailable.

State letter G, J, K, L or M shown on color wanted. Also state the length needed.

55c
A foot
6 feet wide



Shop the easier, thriftier way . . . by mail. Easy Terms are available, see inside back cover for details. See pages 900 and 901 for freight and express rates.

New! DURAWALL Enameled-Surface Wallcovering

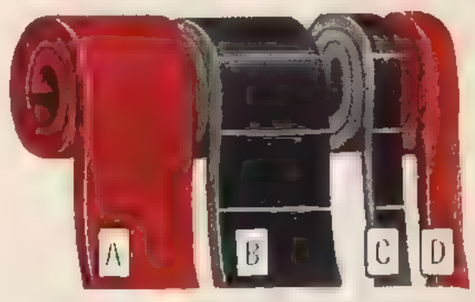
Flexible and easy to handle . . . for halls, kitchens, baths, nursery walls

- Waterproof. Spot-resistant. Stain-resistant. Enamel surface is easy to clean.
- Glossy surface . . . no cracks, corners or crevices to collect and hold dirt.
- Durawall saves money by ending the need for periodic redecorating.
- Easy to order. Easy to apply. Complete instructions are included.

NOTE: Colors shown on these pages match actual colors of merchandise as closely as is possible with modern printing methods. Easy Terms are available. See inside back cover.

Note thickness of the enamel surface

Enlarged View



Easy to install
Flexible, easy to handle. Comes 4½ feet wide. No special tools needed. Instructions included.

Easy to clean
Wipes clean in a jiffy with a damp cloth. Resistant to steam, water, or stains.

Long lasting beauty
Colors are clear and bright with all the gloss of ceramic tile. Will remain beautiful for years.

Base Molding. (A) Plain red. (B) Black with white scoring lines. Width 4¼ in. **Cap Strip.** (C) Black with white scoring lines. (D) Plain red. Width, 1½ inches. Order by catalog number listed below.

ONLY **10c** A square foot 4½ feet wide

Here at last is a low-cost, waterproof and flexible tile design wallcovering. Ideal for kitchen, bathroom, nursery, or hallway—will stand up under hardest service. Can be installed on plaster, wallboard, paint, or wood walls. Five lovely colors shown at left. The thick, baked-on enamel surface, with its 4½ by 4½-inch tile design, has the gloss and beauty of expensive ceramic tile at a fraction of the cost. *For example:* A room 6 ft. wide and 9 ft. long with one door will require 27 running ft. of Durawall, at 45c a foot or $12.15, and 3 packages of adhesive at 33c each, or 99c. A total cost of $13.14 to cover the walls 4½ feet high.

Low-cost Durawall should not be confused with oilcloth, painted wallboard, paper, or other "imitation tile" wall coverings. It is made of the best quality enamel obtainable, baked on a special waterproof felt back in much the same way that enamel surface floorcovering is made. It will not peel, chip, warp, shrink or bulge.

Easy to clean. Baked on enamel surface is as smooth as porcelain. Resistant to water, steam, grease spots, and stains. No cracks or crevices to collect dirt. To restore its luster, wipe with a damp cloth.

Flexible, easy to install. Comes 4½ feet wide (popular wainscoting height) and any length. Unroll Durawall, and cut it into strips the proper length with sharp scissors. Spread paste on wall with brush. Put Durawall in place and rub with a damp cloth. That's all there is to it! Special back hugs walls, and the paste assures permanent bond to wall. Entire walls may be covered. If installed properly, seams are practically invisible.

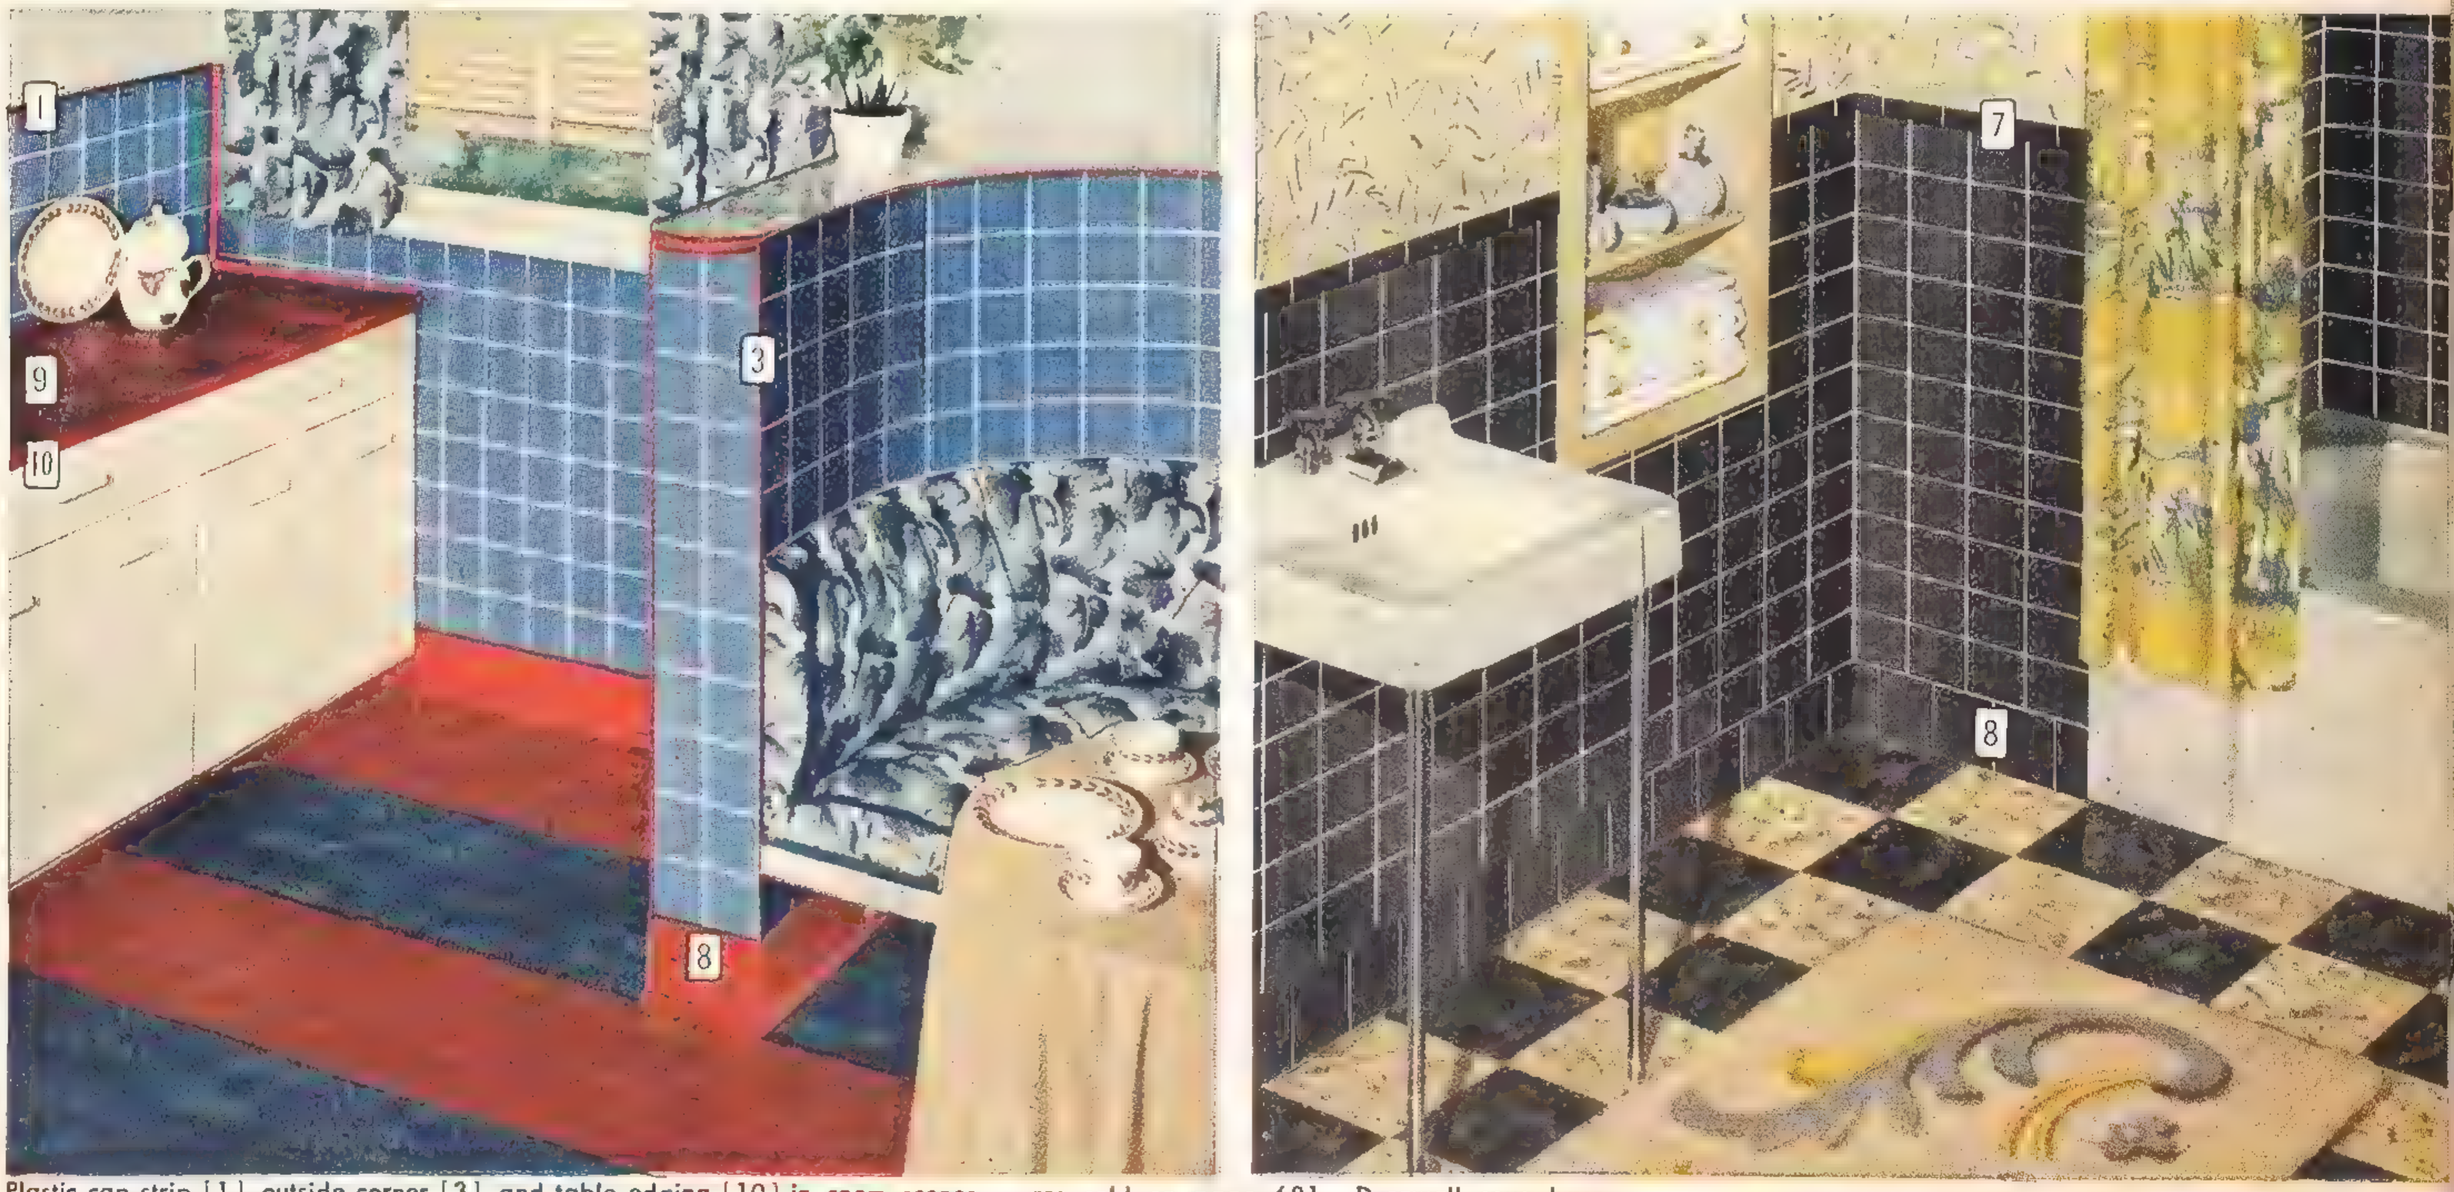
How to measure for Durawall Wallcovering. Measure wall space and determine number of feet, 4½ feet wide you will need, to go around the room. Deduct for windows, doors, etc. When measuring *add* 9 inches extra to length of each wall. This will allow enough extra material to match blocks properly on the wall. If you wish, just send us a diagram showing your wall measurements, also show all windows, doors and their measurements. We will then send you a free estimate of the cost. *State color:* blue, peach, black, green with white scoring line, or ivory with black scoring line. *Order paste* listed below for installing.

37 K 01194—Durawall Wallcovering. Width, 4½ feet. (Up to 25 feet mailable). Shpg. wt., 2 lbs. Per running foot **45c**

A B **37 K 01191—Durawall Cove Base** at top of page. 4¼ inches wide. Paste to wall in place of wood baseboard or cover old baseboards. *State color A or B.* Mailable. Shpg. wt., 4 oz.....per running foot **6c**
For best and easiest installation on outside corners use plastic outside corner 37 K 42F on page 681. Refer to page 681 for plastic trim if you prefer it. Install Durawall cap and cove with paste listed below.

C D **37 K 01192—Durawall Cap Molding** at top of page. 1½ inches wide. To finish off top of Durawall wallcovering. *State color C or D.* (Mailable.) Shipping weight, 1 ounce.....per running foot **2½c**

37 K 059—2½-lb. package Wall Adhesive, covers 54 square feet of wall space. (Mailable). Shpg. wt., 2 lbs. 8 oz. . .**33c**



Plastic cap strip [1], utility cove [2], outside corner [3], shown in room scenes are sold on page 681. Durawall cove base [8] is sold above. Scatter rugs are sold on pages 674 and 675.

. . . beautiful, permanent, sensationally low priced

$13.14 covers the walls of a 6x9 foot room . . . you can install it yourself in a few hours

Durawall cap strip [7], Durawall cove base [8], shown in room scene, are sold on opposite page. Linoleum counter top [9] is sold on page 664. Plastic table edging [10] is sold on page 681

Plastic cap strip [1], outside corner [3], and table edging [10] in room scenes. . . are sold on page 681. Durawall cove base [8] and cap strip [7] are sold on opposite page. Linoleum counter top [9] is sold on page 664. Scatter rug is sold on page 675.

SERVISTAN Linoleum Tile . . . Famous Gibraltar quality

Exclusive . . . sold only at Sears by mail . . . Patented Felt Back makes laying easy

Ready-cut 9-inch Linoleum Squares

- Ideal for irregular shaped rooms . . . 9-inch squares are easy to handle and easy to fit around pipes, projections, etc.
- Precision factory-cut edges fit together perfectly, smoothly.
- Famous Gibraltar quality—see quality story on page 664.
- Patented Felt Back makes laying easy . . . paste directly to floor. No lining felt is needed. Saves money, saves time.
- Everything needed for laying is included, paste, spreader, chalk and chalk line. No "extras" for you to buy.

Beautiful, resilient, marbleized linoleum floor tiles, 9 inches square. Patented felt back makes laying easy. No lining felt necessary. Same quality as Gibraltar, shown on page 664. Instructions for installing included. We include everything for installing; paste, spreader, chalk line, chalk. Of all the floor tiles on the market, linoleum or mastic, we do not know of one that has all the five high quality features of Servistan Linoleum Tile. Check these features against any other tile on the market—prove it to yourself!

1. Patented Felt Back. A new scientific development. Paste directly to floor—no extra cost or bother with laying a felt lining first. You not only save money but installation is quick and easy. When any single tile is worn out, it can be removed and replaced without damaging the floor. This is a feature that linoleum tile with a fully saturated asphalt back doesn't have.

2. Wear Test. To give satisfaction, linoleum must possess these qualities: (a) colors must be permanent, (b) must be resistant to soiling and easy to clean, (c) must maintain its beauty and luster while wearing, (d) must resist denting and (e) must be flexible—resist breaking and chipping. Servistan linoleum tile has all these features, tested by both the manufacturer and Sears laboratory.

3. Rich Marbleized Colors. The beautiful, soft, delicate colors resemble those of real marble. No other types of tile except high priced rubber tile have yet been developed that will equal linoleum tile in this respect. Marbleized colors extend through wearing surface to felt back. Won't scuff or wear off.

4. Stainproof and Spotproof. Smooth, dense surface is compact and evenly textured . . . easy to keep clean with a damp cloth. Wax occasionally for added beauty. See page 683 for wax.

5. Pliant, Resilient, Flexible. Easy and restful to walk on because it is resilient underfoot, will not become brittle and hard. Linoleum is the only satisfactory tile to lay over wood floors. Not recommended for damp basements or over concrete floors.

How to Order 9-Inch Linoleum Squares. First measure the floor. Be sure all measurements are correct. Measure width at each end of room and length on each side. All room sizes listed on this page are for regular shaped rooms. To order, **select by catalog number Style A or B and state letters of colors wanted, E, G, H, J, K or L.** Find your room size in tables below. If your room size is not listed, or your room is irregular in shape due to constructions, cabinets, etc., fill out Special Estimate Form on page (D) in back of book, and we will send an estimate of the cost. Note: On Special Linoleum Order Blank and Estimate Form Pages (C) and (D) in back of book—the 9-inch square designs are identified as Floor Design 6. In ordering, give information as requested for Floor Design 6. **Order by Catalog number.**

37 K 01805—(Style A) Checkerboard pattern of 2 colors. **State 2 letters of colors wanted, E, G, H, J, K or L. State size from tables below.** 6x10½ ft. and smaller sizes are mailable.

37 K 01806—(Style B) Checkerboard pattern of 2 colors with 1-inch feature strip and 9-inch border strip.

State 2 letters of colors wanted, E, G, H, J, K, or L, also state color of border and feature strip.

Border and feature strips come in blue, red, black or ivory marbleized. See page 664 for actual colors of borders and feature strips.

Finest quality "wood effect" enamel surface Rug Border 6½C A Foot 24 in. wide

This enamel surface rug border, with its natural-looking plank design, will give you the beauty of a new-looking, highly polished wood floor at very little expense. Use it in the 24-inch or 36-inch width as a rug border—or in the 6-foot width for covering your entire floor wall-to-wall. The two narrower widths are also excellent for use as runners in halls or entryways. Their gleaming, lustrous surface gives floors a fresh, clean look. Spotproof and stainproof, they help reduce the effort needed for housecleaning as dust and dirt are easily wiped up with a damp cloth. Tough, sturdy, asphalt-saturated waterproof felt back lies flat without fastening—will not buckle or curl up at edges.

To secure maximum service, as well as to keep the surface gleaming and easy to clean, wax occasionally with Sears wax—see page 683. Up to 45 feet of 24 and 36 inch widths, and up to 20 feet of 6-foot width mailable. Order by catalog number. Is available with other floor coverings on your Easy Terms order. See inside back cover.

Today more than ever before your energy is needed. Don't waste it shopping. Sit back in your easy chair and do your shopping by mail. You'll save time, money too this easy way. Easy Terms available, see inside back cover.

SERVISTAN Enameled Floorcovering . . . standard quality

Available in 6-foot, 9-foot, and 12-foot widths by the foot . . . also in over 100 pre-cut room sizes

- Designed particularly to cover your larger size floors without a seam.
- Good heavyweight—not as heavy as deluxe quality on opposite page.
- Smooth, glossy surface made of fine quality enamel baked-on to provide a tough surface which gives you long and satisfactory wear.
- Colors used are the purest and most fade-resistant obtainable.
- Patterns styled to add beauty and harmony to your extra large rooms.
- Stainproof . . . Spotproof . . . Easy to clean by wiping with damp cloth.
- Heavy asphalt-saturated waterproof felt back—lies flat without fastening —won't curl or turn up at edges—no seams to crack or split.
- For added wear we recommend the use of self-polishing wax on page 683.

Choose from the five bright, cheery patterns designed for hard-to-cover extra wide floors. All sizes are seamless—no cracks to collect dirt and germs. It's easy for you to add new charm to your rooms inexpensively. For a room-size rug, order from the sizes listed below. For wall-to-wall covering, order by the running foot. Occasional waxing keeps your floors new looking. See page 683 for wax.

State letter L, M, P, S or T shown on pattern wanted, also state length. Patterns repeat every 18 inches.

37 KM 1086—Width, 6 feet. (Up to 20 feet mailable.) Shipping weight, 2 lbs. 1 oz.. .....Per running foot **28c**

Seamless 9x12-foot Velray Rayon Face Rugs . . . low priced

This rug is not a woven pile fabric . . . not recommended for heavy traffic rooms. Ideal for bedrooms, guest rooms, etc. Naturally mothproofed . . . it has been scientifically proven moths will not harm materials in these rugs. The clear, vibrant colors make them just the thing for any room where traffic is light, yet which must be comfortable and attractive. Leafy pattern blends in with any type furnishings.

Smooth rayon face. The wearing surface is made of strong rayon fibers which are punched into a heavy cushion back. They are firmly held together by a special triple punching process . . . rayon fibers will not pull out. All of these Velray rugs have fringed ends. Five smart colors for you to choose from—burgundy, beige, green, rose or blue.

Don't let that old worn-out or old-fashioned rug mar the appearance of a room that you can make bright and gay so inexpensively. An ideal rug for the thrifty woman who wants beauty at low cost. Dry clean for best results. Use Servistan Rug Cleaner to keep these rugs clean, see page 683.

$17.50 Each, 9x12 feet

If you are planning to redecorate a room, there is no need to wait until you have the cash. Floorcovering as well as everything else you need for a complete job is available on convenient Easy Terms. Include accessories from page 683 with your order . . . they give your floorcovering longer life. For complete details, see inside back cover.

You save time, money, and gasoline too, when you buy by mail at Sears. You can buy all your needs from Sears big catalog right from your easy chair in your home. And you can be sure of getting the utmost in value for each dollar spent.

Choice of burgundy, beige, green, rose or blue. *State color wanted when ordering.*

SERVISTAN Enameled Rugs . . . Searalin and DeLuxe qualities

REG. U.S. PAT. OFF.

Sears Enameled Rugs are famous for service and low prices . . . most popular room sizes

Searalin quality Rugs in exclusive patterns

$3.29 Each, 7½x9 feet

$4.98 Each, 9x12 feet

- Good heavyweight quality enameled rugs
- Surface made from finest baked-on enamel
- Waterproof back made of heavy quality asphalt saturated felt. Lies flat on floor

Beauty: Colorful patterns are planned and styled by leading floorcovering designers to make a style-right setting for the furnishings of any room in the home. Choose the one that best fits your own color scheme. Lustrous, gleaming surface is made of fine quality enamel which is baked on. The rich colors used in exclusive patterns are selected for their fade-resistant qualities. Designs will remain clear and bright. **Quality:** Made to Sears rigid specifications as to quality, beauty and service. Not to be confused with ordinary lightweight enamel surface floorcoverings. A fine quality enamel is used, equal in thickness to many coats of the best floor enamel applied by hand. Tested by severe laboratory tests to prove they'll give long and satisfactory wear. The tough, durable back is made of high-grade felt, fully saturated with asphalt to make it waterproof. Lies flat without fastening . . . won't curl or turn up at edges. Stainproof! Spotproof! Easy to clean with a damp cloth. To maintain luster and for added service, wax rugs occasionally with self-polishing wax, (see page 683). 6x9-foot size mailable.

State letter A, B, H, M, P or S shown on pattern wanted.

DeLuxe quality Rugs Extra wide for big rooms

$6.75 Each, 9x12 feet

$10.48 Each, 12x12 feet

- Finest Extra Wide seamless enameled rugs
- Surface made from best baked-on enamels
- Stainproof. Spotproof. Easy to keep clean
- Long wearing rugs (comparable to Duralin DeLuxe Rugs shown on page 670)

Finest extra wide enameled rugs made. Particularly suitable for hard-to-fit, extra-large floors. Covers floors up to 12 by 15 feet without a seam. Long wearing because of no seams . . . enameled rugs usually show first signs of wear around seams. Lustrous surface is made from the finest enamels, baked on to provide the toughest, longest wearing surface of any extra wide enameled rugs. Sparkling colors are the purest and most fade-resistant obtainable. Colorful patterns. styled to harmonize with the furnishings you have in living room, bedroom, dining room, kitchen. Created by leading designers in floor covering.

Stainproof! Spotproof! Easy to clean by wiping with a damp cloth. Occasional waxing will help maintain the high luster, and give longer wear. See page 683 for wax. Waterproof felt back is made of heavy, tough asphalt saturated felt. There are no seams to crack or split. Won't curl or turn up at edges. Won't buckle or creep. Lies flat without fastening. No paste or tacks needed.

Floorcoverings are available on Easy Terms. See inside back cover for details.

Rug Cushions preserve the beauty of your rugs

Protect your rugs from wear this inexpensive way . . . make them last longer

Your rug should have a cushion . . .
Adds luxurious thickness to your rugs.
Aids cleaning, makes extra-warm floors.
Protects your rug against dirt and wear.

GOOD quality Rug Cushion

$3.29 Ea. 9x12 ft.

A A springy, flat jute fiber cushion; double-needle loomed through improved center to back for firmness and long service. Gives more thickness to any rug. Makes an inexpensive rug feel luxurious. *Edges overcast on 9x12-ft. size only.* Seamless.

37 KM 180—Size to fit 9x12-foot rug. Shipping weight, 22 pounds.....$3.29

37 KM 219—Width, 9 ft. Shipping wt., 1 lb. 11 oz.....Per running foot 28c

37 K 218—Width, 27 in. Up to 60 ft. mailable. Shpg. wt., 7 oz. Per run ft. 7c

IMPORTANT: READ BEFORE ORDERING

Rug cushions are slightly smaller than rug sizes to prevent cushion showing. The 9x12-foot size only, No. 37 KM 180 jute cushion above, has overcast edges. Edges on all other sizes and widths *in all three qualities not overcast.*

9x6-ft. size mailable. Also up to 60 ft. of 27-in. width mailable. If size you need is not listed in quality cushion you want, cut down a slightly larger size to fit your needs, or mail us a diagram showing size desired. A free estimate will be sent. You get a special quantity discount of 5% on all orders of 60 running ft. or more of any width.

BETTER quality Rug Cushion

$5.79 Ea. 9x12 ft.

B Made of hair and jute to give you a heavier, more resilient, longer wearing cushion than one at left. Springy hair, waffle design back forms vacuum cups that make cushion stay in place. Durable jute top. Makes floors warmer, helps insulate against drafts. Edges not overcast. Seamless. *Use 27-in. under hall and stair carpet.*

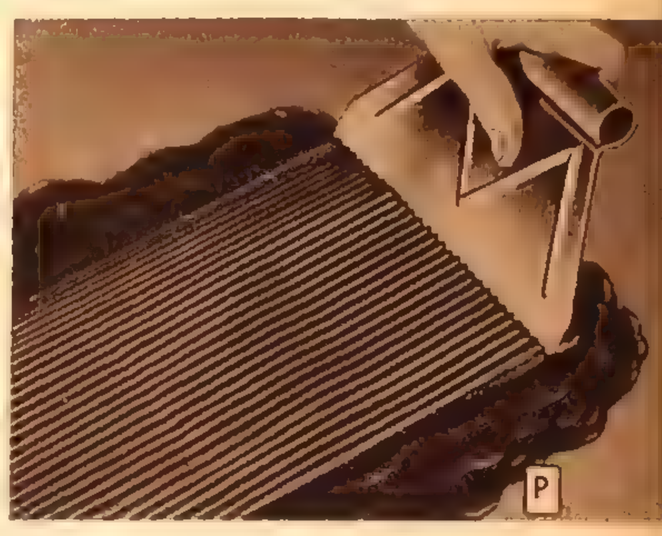
Sears Servistan Rug Cleaner . . . easy to apply



- Keep your rugs, carpets, scatter rugs fresh and new looking. Easy and economical to use. Contains no soap or alkali. **79c** 3-lb. carton
- Servistan Rug Cleaner is safe . . . it will not harm the twist in frieze or any loop pile carpet.

H Now more than ever it is important that your rugs maintain their beauty, give you longer wear. Servistan Rug Cleaner helps you keep your rugs free from dirt without even taking them off the floor. Use it for cleaning entire rugs and carpets, also scatter rugs. Easy to use. Simply sprinkle it on . . . rub it in with a stiff bristle brush . . . and then remove it with a vacuum cleaner. Eliminates danger of shrinking, will not cause mildew, matting or changes in the colors of your carpet. Contains no soap or alkali. Directions for using are on the outside of each carton.

One carton cleans a 9x12 foot rug, and several smaller rugs. Use cleaner once a month on rugs receiving average wear. Recommended for all pile rugs and carpets. If your rug is badly soiled, we suggest you use rug shampoo listed at left. Sears Easy Payment Plan is convenient and helpful. Include items from this page in your Easy Terms order. For complete details, see inside back cover. Mailable.
37 K 3—Shpg. wt., 3 lbs. 3 oz..... 3-lb. carton..79c

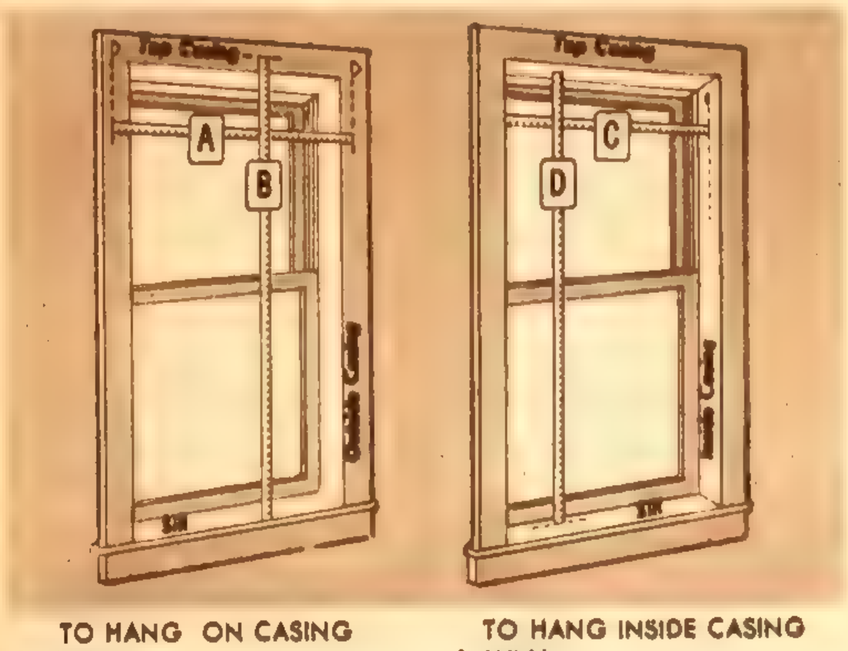
Handy, Economical Paste Spreader

P No fuss, no muss and a better job done when you use this tool that's made for spreading paste. A convenient tool that you can use for many jobs—spreading linoleum paste or any other adhesive on floors, walls, table tops, etc. Saves you time . . . saves you paste because it spreads quickly and smoothly. Designed for neat spreading—saw tooth edge helps spread paste uniformly. This paste spreader is a convenient size—9 inches long, 4½ inches high. Roll-type top fits in hand easily and comfortably. Made of a tough, fiberboard material. **19c** Each
37 K 1—Mailable. Shpg. wt., 8 oz.....19c

How to measure for Window Shades

Only two measurements are needed when ordering—the width of the roller from tip-to-tip and the length. Measure your present window shade if it is a good fit, or measure your window. (See instructions below.) Be sure to use a wood rule or a metal rule when you measure, because tape stretches. Measure each window separately.



1 • You can measure your old window shades

Measure the exact width of the old roller, including the metal tips—just as you see in the illustration above. This will be the tip-to-tip roller width. Also be sure to give the length.

These are the only two measurements you need to send. If you are ordering shades without rollers, we'll send you shades to fit your old rollers.

2 • Or you can measure your windows

TO HANG ON CASING

1. Width
Add 4 in. to actual width of opening (A) above. (2-in. overlap on each side.) This is tip-to-tip roller width.

2. Length
Measure length from middle of top casing to sill. See (B) in illustration above. Order the length as shown in the chart directly below.

TO HANG INSIDE CASING

1. Width
Measure the exact distance between points where the brackets are to be put (C). This is the tip-to-tip roller width of new shade.

2. Length
Measure length of the opening (D) in illustration above. Then order length as shown in chart directly below.

Order lengths according to the following chart

Shade lengths given in chart at right are after hemming. Enough material is allowed for rolling the shade up and down without tearing.

Window lgth.	Order Shade lgth.
Up to 5¼ feet	6 feet
5¼ feet to 6¼ feet	7 feet
6¼ feet to 7¼ feet	8 feet

Shade Pulls

Shade Brackets

State color of window shade on which pull is to be used. Shade pulls add to the appearance of your shades, and make them last longer because of greater ease in raising and lowering. Made of gleaming, rayon-covered cotton. Higbee buttons are incl., that screw into slat to attach the tassel and cord to the window shade. Shpg. wt., each, 2 oz.

A **Long Tassel.** 4½ inches long. Button included.
66 K 848M—*State window shade color*.... Each **10c**

B **Ring Pull.** Economically priced. Button included.
66 K 835M—*State window shade color*.... Each **5c**

Standard metal brackets for use inside or outside window casing. Nails included for attaching brackets to window frames. Brackets are not included free with regular shade orders. Shpg. wt. of 3 pairs, all sizes, 2 oz.

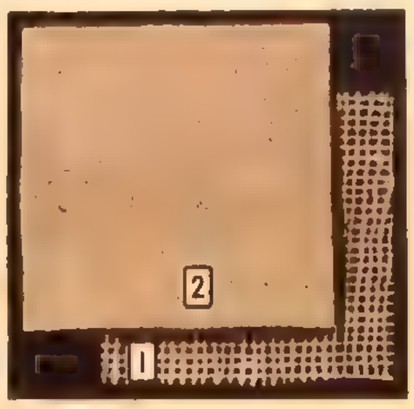
C **Inside brackets** to hang shade inside casing
66 K 0813—For shades of all widths.....3 pairs **5c**

D **Outside brackets** to hang shades on the casing
66 K 0815—For shades 39½ to 49½ in. wide. 3 pairs **5c**

E **Outside brackets** to hang shades on the casing
66 K 0814—For shades up to 39½ in. wide...3 pairs **5c**

Harmony House FINE WINDOW SHADES

OUR OWN TRADE MARK

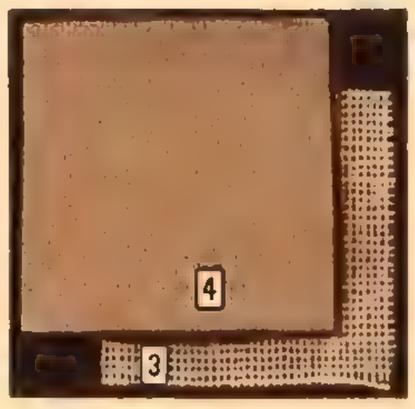


add a luxury touch to every room in your home . . . practical, too

. . . they help reduce cold and save fuel in winter time

GOOD . . . Water Color Shades

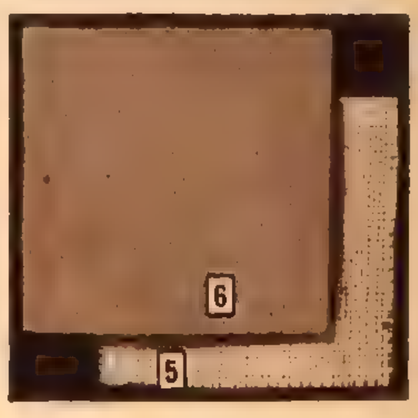
[1] Thread count 56x44 per sq. in. Evenly woven muslin. Filled to give it more body.



[2] A mixture of clay and starch containing coloring matter mechanically pressed into the spaces between threads gives an opaque uniform finish.

BETTER . . . Oil Opaque Shades

[3] Thread count 64x56 per square in. More closely woven. Contains some filling for body.



[4] Both sides are well coated by machine with linseed oil containing coloring matter . . . gives a washable surface.

OUR BEST . . . Handmade Shades

[5] Thread count is 72x68 per sq. in. So closely woven no filling is required.

[6] Treated with a gelatine sizing and stretched. Then nonfading colors in linseed oil brushed on by hand on both sides.

Serviceable, low priced cloth Shades suitable for any room in the house

Low as **61c** Hemmed

- 100 threads woven into every square inch of cloth
- Durable rollers that operate smoothly and wear well

[A] Attractive, dull finish . . . flexible. Straight hemmed style only. Not washable . . . but clean easily with wallpaper cleaner. *Colors:* buff, dark green, sand or white. *State color, tip-to-tip roller width, and length.*

Glossy Translucent Holland Shades

Low as **75c** Hemmed

- Thread count 64x56 . . . 120 threads per square inch
- Long lasting rollers . . . laboratory tested for wear

[B] More closely woven muslin than shade above, coated with wax-like solution and passed through heated rollers to give a smooth, linen-like finish. Hollands cut out glare and view; admit cheerful light. Not washable . . . use wallpaper cleaner. *Colors:* ~~white,~~ dark green or pongee. *State color, tip-to-tip roller width, and length.*

Longer wearing muslin Shades that brighten up your windows

Low as **88c** Hemmed

- 120 threads per square inch . . . heavier, stronger
- Washable . . . easy to keep them clean at home
- Attractive, uniform finish, smooth and flexible
- Rollers laboratory tested for 8,250 operations

[C] A stronger, more closely woven muslin, an oil coating and a sturdier roller make these shades better than those at the left. Because the cloth is more closely woven, the spaces between the threads are smaller . . . less filling is required. The heavy oil coating makes them washable . . . just follow the simple instructions included with each shade. The springs in the rollers withstood 8,250 trips up and down in Sears laboratory before showing wear.

Two attractive styles: straight hemmed or gracefully scalloped . . . scallops outlined with heavy 2-inch, rayon covered cotton fringe. *Colors:* dark green, sand, eggshell or spring green. *State color, tip-to-tip roller width and length.* Detailed measuring instructions are given on the opposite page.

Choose these handmade cambric Shades to give you most in wear and beauty

Low as **$1.23** Hemmed

- 140 threads per square inch . . . our closest weave
- More pliable . . . resistant to pinholes and cracks
- Easy to wash . . . rain resistant . . . fast to sunlight
- Hartshorn rollers . . withstood 22,408 operations

[D] Our best shades . . . guaranteed for 6 years. So closely woven the spaces between threads are so tiny no filler is needed. Makes shades resistant to pinholes and cracks . . . and stay pliable in all kinds of weather. Washable . . . instructions with each shade. Laboratory tests show the rollers will stand up under years of hard use in your home.

Choose either the straight hemmed or scalloped style . . . scallops outlined with 2-in. rayon covered cotton fringe. *Colors:* white, eggshell, buff, or sand.

Also come with a different color on each side. *Color combinations:* dark green outside with white or buff inside. *State color, tip-to-tip roller width, length.* See "How to Measure" on opposite page

Brackets for hanging shades and shade pulls are not included. Order these separately from the listing on the opposite page.

1 KM 1643F—2-piece Suite.....$198.50

Massive Davenport

Matching Club Chair

Luxurious Living Room Suites with resilient coil springs $144.85

Cash—2 Pcs. as listed $11 monthly

Lounge Chair

For a fresh attractiveness in your living room, choose this made-for-comfort three-piece suite. Spring-filled cushions, base and backs provide soft resilience. Roll front seat cushions (spring-filled) give a pleasing modern touch. Cushions are reversible for twice the wear. Impressive size with extra wide arms, large enough to rest your arms comfortably or to hold an ashtray. Button-tufted back gives trimness and keeps filling firmly in place.

Constructed for durability, this three-piece suite has a sturdy hardwood frame made from carefully selected lumber, thoroughly seasoned. Joints are double doweled. Two grooved pegs are hot glued into each joint angle of the frame where strain and pressure are expected. In addition, frames are corner blocked for rigidity. Precision coil springs are used to give you truest comfort. Coils are deeply padded with soft, buoyant materials for lasting comfort in your home. All pieces are covered all over in 100% angora mohair, a velvety deep-pile fabric, woven on a strong cotton back for extra long wear. Choose this sturdy fabric in either wine or blue.

Built for comfort: Davenport length overall, 78 in.; height, 34 in.; height of back, 34 in. Actual seat size, 60x21 in.

Club Chair: This chair is handsomely styled; wide arms and trim, button-tufted back. Overall width, 38 in.; height of back, 34 in.; seat size, 21x21 in.

Lounge Chair: styled to go with davenport and club chair, but slightly different design for variation. Has neatly channeled high back. Lounge chair has back two inches higher than that of davenport and club chair. Other dimensions are exactly the same as club chair.

All pieces shipped from factory near Indianapolis, Ind., or Williamsport, Pa. You pay freight from nearer point.

1 KM 1672F—*Be sure to state pieces and color wanted:* Wine or blue.

Modern spring-filled Living Room Suite $109.00

Cash—2 Pcs. as listed $9 Monthly

Gently curved lines . . . deep, tufted back . . . all spring-filled! These qualities mean attractiveness and years of comfort and you'll find them in this smartly designed three-piece suite. Expertly constructed, this suite is built to take plenty of strenuous wear. Note the wide, comfortable arms and trim wood panels, simply carved for pleasing effect. Panels protect arm fronts from soil and wear. Exposed wood in hand-rubbed walnut finish on hardwood. Neat roll front cushions are reversible for double wear. Deep springs in back, base and seat cushions are padded for more restful comfort. Three-cushion-effect back is tufted for trimness and to hold filling securely in place. Sturdy seasoned hardwood frame is carefully double doweled and corner blocked for added strength. Completely covered in a soft rayon cotton velour in wine or blue. With pieces covered all around you can set them out from the wall.

Davenport: length overall, 78 inches; seat size, 60x21 inches; overall height, 33 inches. Not sold separately.

Club Chair: width overall, 38 inches; seat size, 21x21 inches; overall height, 33 inches. Not sold separately.

Lounge Chair: has same dimensions as club chair, except back is 35 inches high. You pay freight from factory near Indianapolis, Ind. or Williamsport, Pa. *Be sure to state choice of color:* wine or blue.

Modern Occasional Tables in matched groups

Attractively styled group of Modern Matched Tables with walnut finish

Select the smart group of four matched tables shown above or individually as your needs require. All are conservatively styled to achieve complete table harmony. Each piece is designed to add utility and beauty to your room and priced to fit your budget. Tops are of genuine straight-grained veneer. Other parts constructed of solid hardwood. Carefully finished in soft lustrous walnut. Joints are hot-glued and corner-blocked for rigidity and long life. Strong, rounded, tapered legs give firm, sturdy support. Unusually well built and expertly designed. Heavy broad fluted aprons. Shelves provide a handy place for knick-knacks, your current books, magazines, etc. The tables harmonize with almost any style furnishings, and add comfort and convenience to everyone in your home. Sears Easy Terms make it simple for you to furnish your home the way you want. For complete information on this Easy Payment Plan, see the inside back cover. All tables are shipped by freight or express from stock in our mail order house.

Modern trend in Cocktail and Occasional Tables

Contemporary in design, here is a group of occasional pieces to add charm and convenience to your home. Notice the beautiful details, the exquisite proportions of each piece, and notice, too, how modestly they are priced. Easy Terms are available. See the inside back cover for details.

Richly carved Cocktail Table $21.50

Graceful styling with expensive, choice grain walnut veneer top. Balance is of select hardwood carefully finished to match. Clear glass inset on top protects finish from mars and scratches. Note the gallery ends—the richly carved apron, legs and stretchers—the finial in the center. The transitional design lends itself well to almost any style furnishings whether they be contemporary or 18th Century. It is carefully constructed for long life with joints double-doweled and corner-blocked. Top size, 37x19½ in. Height, 17½ in. Shipped by freight or express from stock in our mail order house.

1 KM 3015—Shipping weight, 32 pounds.....**$21.50**

American Eagle Cocktail Table $14.95

Rich, graceful, hand-carved design—highlighted by dramatic American Eagle carving in the center of the top. Removable glass tray. The same carved design sets off the graceful lines of the cabriole legs, enriches the extra deep, attractively shaped apron, the tray frame and the curved stretchers that are crested with a lovely 18th Century finial. Gleaming walnut finish on solid hardwood—carefully rubbed to a soft, natural lustre. The glass tray protects the handsome carving in the center from scratches, mars and cigarette burns—can be used separately for serving. Generously sized—top, (tray size) 35x20½ inches; height, 17½ inches. Use table in front of Davenport as a center for your choice bric-a-brac, or as a handy spot for your smoking supplies. Easy Terms are available for convenient purchase. For complete information on this easy way to buy, see our inside back cover. Table is shipped by freight or express from stock in our mail order house.

1 KM 3321—Cocktail Table. Shipping weight, 25 pounds.....**$14.95**

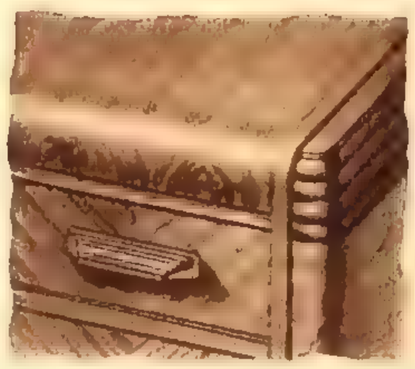
Our finest quality Modern Desk $46.95

Desk—Cash $5 monthly

Superbly styled streamlined desk. It is beautifully proportioned and carefully made by one of America's leading furniture manufacturers, which means quality construction in every detail. Full waterfall top and massive, reeded waterfall ends are of exquisitely grained, 5-ply genuine walnut veneer. Drawer fronts of decorative "V" matched pin stripe walnut veneer. Delicately carved posts between top drawers. Handsome, serpentine reeded molding extends around entire flush-to-floor base. Structural parts are made of strong, seasoned hardwood. The deep, lustrous, hand-rubbed finish brings out all the natural beauty of the rich walnut veneer—makes this a desk that will fit graciously into your room.



Handsomely styled and conveniently planned to give you maximum utility whether you use the desk in the home or for the office. Seven generously-sized drawers with solid walnut pulls. Two lower ones are extra deep. Lower right drawer partitioned for filing. Interiors smoothly sanded and finished with clear varnish. All drawers are center-guided. Four lower drawers glide out easily on "roller-bearings"—are held in position by metal stops. Stops may be released to remove drawer entirely. Glue-blocked joints. Top size is 45x21 in. Height, 30 in.

Matching Modern Chair. Comfortably padded back and slip seat are upholstered in oyster-white artificial leather. Fine quality hand-tailoring and smart nailhead trim. Gracefully tapered legs. Carefully made of heavy, select hardwood. The rich-toned walnut finish is handrubbed to achieve a soft, natural lustre. Continuous back post construction. All joints are corner-blocked and double-doweled. Metal glides for easy moving. Seat size, 16x15 inches. Overall height 34 inches.

Traditional suite . . . charming gallery rail tops $83.50

Cash—3 pcs. as listed
$7 monthly

Lovely Colonial styling that combines rugged built-to-last construction with graceful design details. These livable bedroom pieces are of selected hardwood with solid tops, fronts and ends, finished in a glowing ruddy Priscilla maple color. Gallery rail tops on dresser, vanity, night stand, and chest, add distinction to the ensemble. Notice the authentic details . . . the rounded edges and corners, the wood-pegged effects . . . the curved shaped drawer fronts and the gracefully styled mirror frames. Dove-tailed drawers constructed of hardwood with center-guides for smooth, effortless opening. Inside depth of drawers from front to back, 15½ in. Dust-proof panel under each drawer. All mirrors are genuine plate glass, highly polished for perfect reflection. Furnish your bedroom with a complete suite of Early American design . . . an investment in enduring loveliness at modest cost. Shipped from factory near Indianapolis, Ind., or Norristown, Pa. You pay freight from nearer shipping point. Sears Easy Payment Plan is available to help you budget your payments—see inside back cover. For mattresses and springs, see pages 712 to 718.

Slumbersound Mattress

for sleep that refreshes . . . for comfort that lasts

$18.95

54-Inch Mattress Only

100% Layer-felted for resilience

Slumbersound quality is built into this deep, luxurious 55-pound 100% layer-felted mattress. Layer upon layer of soft, buoyant all white materials cushion your body . . . extra deep layers in the center cradle the heavier parts of your body . . . give you the level-surface rest that is basic for refreshing sleep. You get luxury and comfort in a Slumbersound.

Innerstraps for durability

Slumbersound durability is doubly assured because of the innerstrap construction and the tufting. Innerstraps, fastened securely under the ticking at the points of tufting, prevent spreading and stretching of the layer felted materials. Tufting keeps the filling from shifting, lumping or packing down . . . keeps the surface enduringly smooth. Firm, tapered roll edges contribute to the good wearing quality of the mattress.

Slumbersound beauty comes from the smart red, white, and blue woven stripe ticking with border of rich dark blue. Matching box spring is designed for proper support with resilient coil spring construction on strong wood base. Covered to match mattress.

Choose this wonderfully comfortable mattress alone, or for exceptional economy and smartness in your bedroom, buy a complete Hollywood outfit in either full or twin size. These Hollywood beds have blond maple or walnut headboards and add a modish modern touch to your bedroom. You pay freight from Chicago, Illinois, or Columbus, Ohio, whichever is nearer to your home. For convenience in buying, use Sears Easy Payment Plan, explained in detail on inside back cover.

$16.95 54-inch

55-pound all-felted with innerstrap

Innerstraps, sewn at the points of tufting under the ticking, hold the filling securely. The extra thickness of the 100% layer-felted 55-pound weight supports your body with wonderful level-surface resilience. Deeper layers in the center where your body weight is greater. Durable blue and white woven stripe ticking. Firm roll edges and deep, uniform biscuit tuftings help preserve the mattress' shape. *Shipped promptly from stock.*

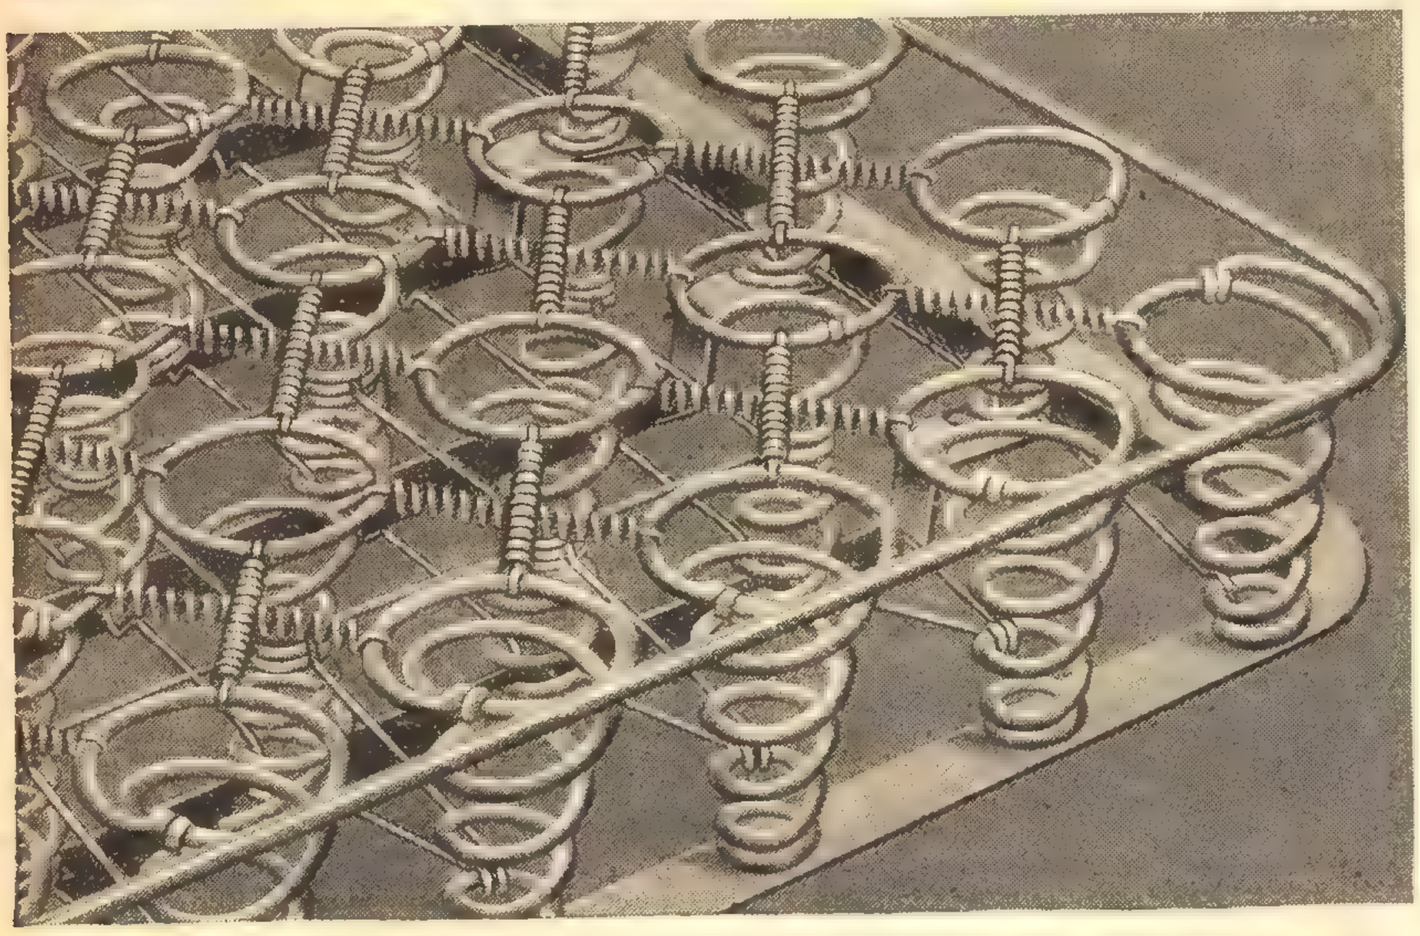
Deep Coil Springs for added comfort



Helical tied top single deck Coil Spring

$9.75 54-inch

← Built to conform to government regulations limiting the weight for single deck bed springs. This steel, helical-tied angle base bed spring will give resilient support to your mattress. Helical coils give spring more platform evenness. The numerous open coils are easy to keep clean.

Spring has rust-resistant finish. You can get this well-constructed bed spring in two convenient sizes: to fit 54-inch (full size) beds or 39-inch (twin size) beds. It's a sound investment in comfort at this low price. . . . Available on Sears Easy Terms, see inside back cover for complete information. Shipped from stock in our mail order house. You pay freight or express from there.

1 KM 5728—Open coil spring. *State size wanted.*
Fits 54-in. (full size) bed. Shpg. wt., 46 lbs. $9.75
Fits 39-in. (twin size) bed. Shpg. wt., 36 lbs. 9.65

Double Deck Springs for extra support

$12.95 54-inch

← Firm, yet resilient spring with double deck coils and level platform surface. Its double deck construction acts as a "double" spring. Lower section supports your weight . . . upper half provides extra resilience.

Steel coils have close wound tops in center for balanced mattress support. Each big coil acts independently because it is cross-tied by small springy helical coils. Drop slats below, riveted to frame, permit use of deeper coils. Two side stabilizers minimize sidesway. Baked-on easy-to-clean rust-resistant finish. Order 54 or 39-inch size. Shipped from stock.

1 KM 5715—Double Deck Coil Spring. *State size.*
Fits 54-in. (full size) bed. Shpg. wt., 58 lbs. $12.95
Fits 39-in. (twin size) bed. Shpg. wt., 48 lbs. 12.85

Fold-a-way Beds with Pads For convenient comfort

$18.45 39-inch

← Use it for an extra bed at night. It folds compactly and can be stored in a closet by day. Or let it serve full time as a daybed for porch, sewing room or den. With an appropriate cover and a few pillows, this fold-a-way bed can be made into an attractive and comfortable couch for daytime use. Bed frame is 73½ inches long in your choice of 30 or 39-inch sizes.

Strong reinforced angle steel frame with rounded non-sag corners. Moves smoothly and easily on rolling casters. Baked-on, rust-resisting, chip-resisting enamel finish. Folded, it's 40½ inches high overall; width overall, 40½ inches. Cot and mattress folded together are 18 inches thick.

Link spring has cross wires suspended by helical (coil) springs. Gives a level surface for mattress and provides sufficient springiness for sleeping or lounging comfort. Strong enough to support a heavy person.

Cot Bed Pad has 100% layer-felted filling, extra deep cushioning quality. Strongly sewn edge and uniform tufts hold it in place. Well-tailored woven stripe ticking. So constructed to fold with bed without injury to mattress filling. Length, 72 inches to allow for stretching. Sold with bed only. Shipped from stock

1 KM 5243—Fold-a-way Bed with pad. *State size.*
39-inch (twin size). Shipping weight, 75 lbs. $18.45
30-inch size. Shipping weight, 65 pounds. 15.25

Sears Easy Payment Plan. Select the spring you need or the fold-a-way bed and add it to your Easy Terms order. For details see inside back cover of this catalog.

Slumbersound Pillows
Our Own Trade Mark
are Paragon Processed

Paragon Processing means

that all Sears pillows are scientifically treated for freshness, purity and buoyance. Feathers are chemically washed, rinsed, oven-dried . . . then gently fluffed for resilience. All fillings are specially processed to provide utmost comfort and freshness in the pillows you buy from Sears.

Unconditionally Guaranteed

for your protection. If in any way your Paragon Processed Slumbersound pillow does not satisfy you completely, you may return the pillow and we'll refund every cent you paid, including postage, and destroy the pillow.

Duplex Bed, wood panel headboard . . . $74.50 as listed

For Boys' Rooms

The space-saving Duplex provides separate-bed comfort for 2 boys, even in a small room. Sturdily built, the Duplex Bed will stand the strenuous wear expected from teen-age boys. Choose the artificial leather-covered headboard for them.

For Guest Rooms

The Duplex, with its twin beds under one headboard, is ideal for guest rooms. This decorative furniture dresses up your room, and the resilient mattress and spring outfits provide real comfort. Beds may be placed together or apart.

For Girls' Rooms

As feminine as a sunbonnet! That's the way your teen-age daughter wants her room. And with this charming Duplex Bed she can arrange the daintiest of rooms. Either of these attractively designed headboards will please her.

Sturdy Beds colonial styled—choice of full or twin size

Again new beauty and comfort!

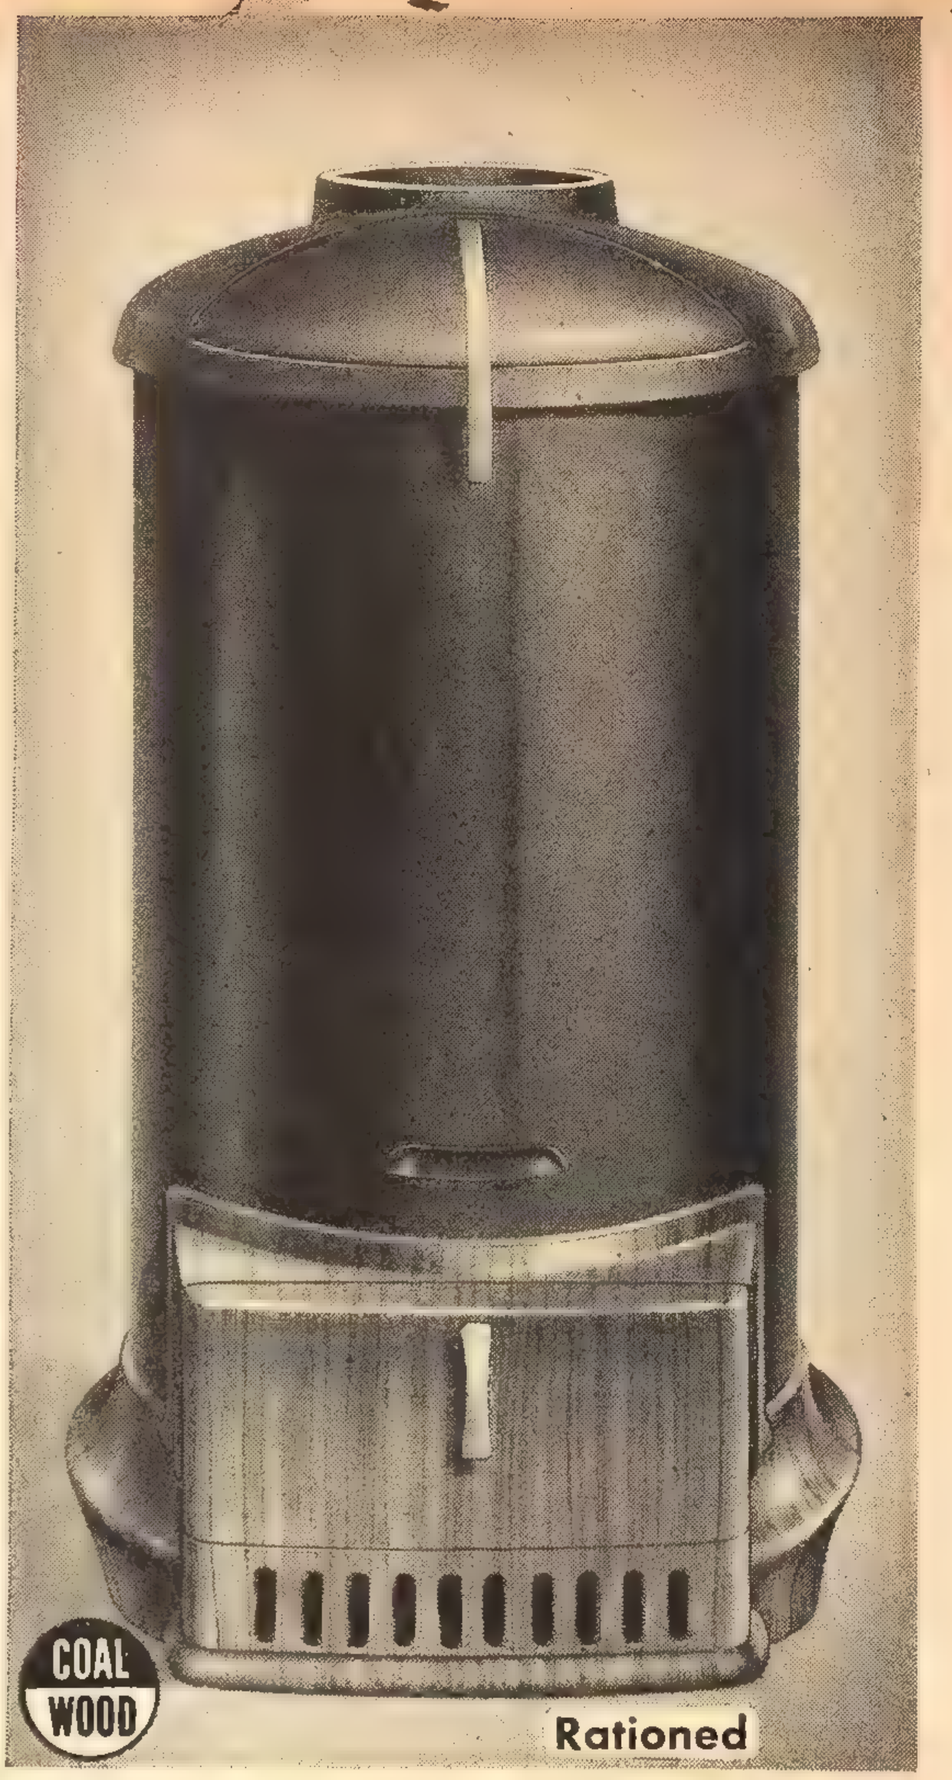
- Easy-to-clean grained-walnut porcelain enamel finish
- Large fuel capacity . . . will hold fire up to 24 hours
- Circulates uniform, moist heat for 1 to 3 rooms

$43.50 Cash

Here's an answer to your heating problems. A massive, properly designed circulating heater that you can "throttle" to the temperature you desire . . . a low fire to take the chill out of those cool fall mornings . . . or slide the damper open and you can keep your home cozy and cheerful in the severest winter blizzard. The rich, dark grained-walnut porcelain enamel finish combined with the modern simplicity in design make it a heater you'll be as proud of as your finest furniture. Truly, the most beautiful circulating heater we have ever sold at this price.

Easily refillable humidifier: Concealed inside of cabinet with exposed opening located at back. Evaporating water constantly adds moisture to the moving heated air . . . moisture that adds to your comfort and aids in prevention of winter-dryness in furniture.

1 to 3 room size: This massive heater, weight 325 lbs., is large enough to heat 1 to 3 rooms comfortably . . . for extra, radiating heat open the outer front door.



Extra heavy 4-piece cast iron fire pot: Large size, 16 in. diameter, 14½ in. deep. Will hold fire up to 24 hours. Burns soft or hard coal and wood. Triple grate bars also made of heavy cast iron, will stand hard firing in severe weather. Openings in the walls of fire pot let in secondary air, resulting in uniform and economical fuel consumption. Grate bar shaker included.

Hot blast down draft tube: Forces air to flow over hot fuel bed where it is heated to high temperature. Heated air mixes with smoke and gases permitting more complete combustion for a hotter and cleaner fire.

Specifications: 23 in. wide; 20 in. deep. Overall height, 44½ in. Feed door opening 7⅝x9⅝ inches. Diameter of inner drum, 16 in. Fits space, 26x28 inches. Cabinet porcelain enameled on three sides and top; plain steel back. Ash pit and draft door opening located on side, deep ash pan included. Check damper and elbow located on the back; hot blast tube slide damper in top of inner body. Takes 6-in. stove pipe.

Be sure to sign and enclose coal-wood heating Ration Certificate with your order.

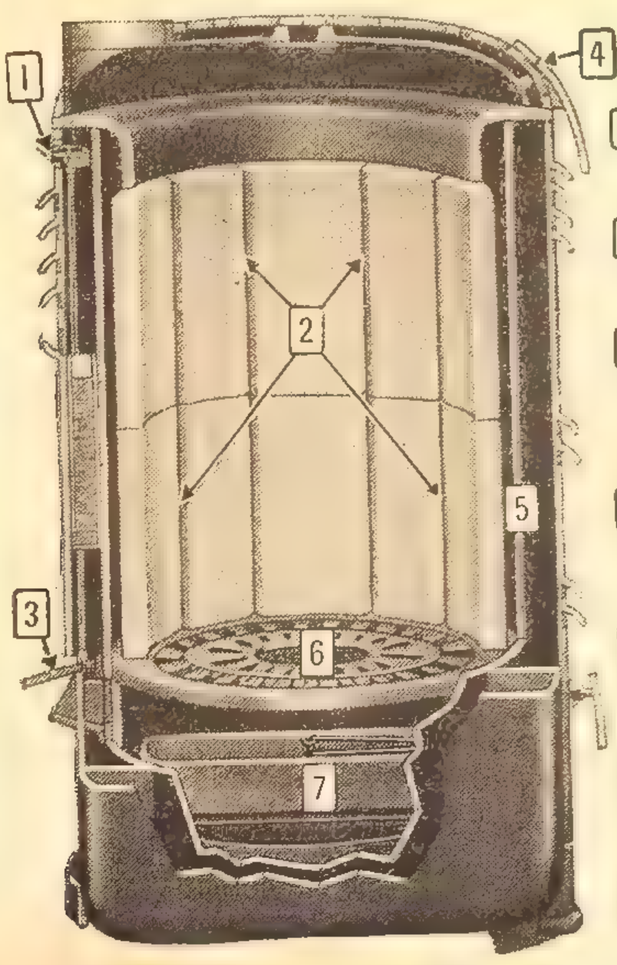
Automatic heat control, sensitive, dependable, conveniently located at top.

Heat control operates direct draft. Automatically maintains direct heat.

Concealed, easily refillable humidifier charges moving hot air with moisture for greater comfort and protection of furniture from excessive winter dryness.

Principle of circulating heater is to admit cool air, heat it as it passes up between cabinet and heating unit, then vent it through top grilles. This action keeps a large volume of heat moving continuously.



COAL WOOD

Rationed

Now you can have moist, self-regulating, circulating heat!

- Finger-tip dial automatically regulates the temperature
- Evaporating water in humidifier constantly moistens heat
- 100-lb. self-feeding coal magazine . . . holds fire all night
- Big heating capacity, easily heats 1 to 4 rooms comfortably
- Light grained-walnut porcelain enameled finish, easy-to-clean
- Sturdy cast iron and steel construction . . . will last for years

$67.95 Cash

CHECK THESE ILLUSTRATED FEATURES

1. Low, Medium, and High automatic heat control at your finger tips.
2. Grooves in fire brick lining cause even burning from outside to center.
3. Direct draft for slow or fast burning is automatic. Responds to heat control shown above. Operation is positive.
4. Heavy cast iron feed door, size 8x13 inches, is placed at the top to make fueling easy.
5. Air duct for pre-heating secondary air adds greatly to heating efficiency and fuel economy.
6. Heavy cast iron grate with draw center permits large bed of fuel and even, economical burning.
7. Large ash pan slides on track, has insulating air space below it.

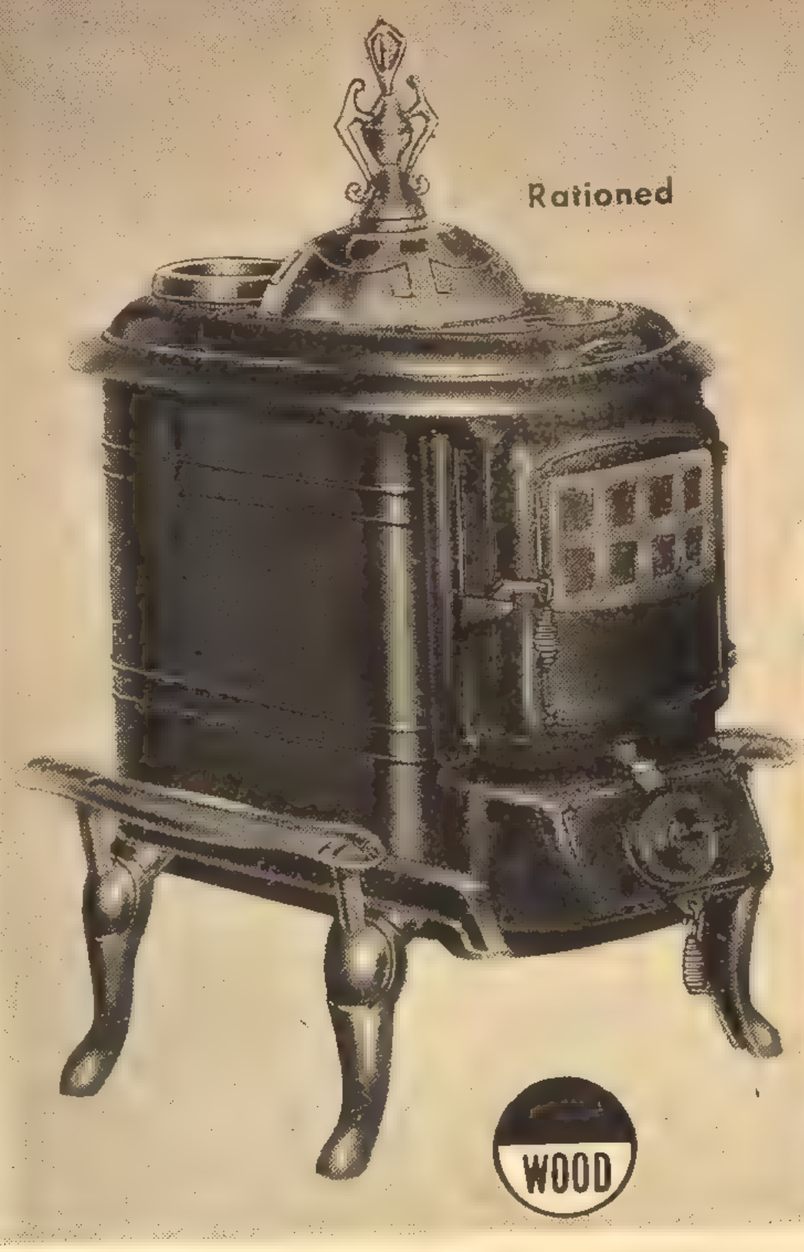
For the first time in Sears history, a magazine feed, humidifying, self-regulating circulator. A beautiful, modernly designed, light grained-walnut porcelain enameled heater that has every feature you could possibly expect. Magazine that holds a fire 24 to 48 hours on one filling of coal. Finger-tip automatic heat control. Humidifier for moistening the heat. Cabinet that circulates moist heat to every part of your home. And beneath this handsome, easy-to-clean cabinet is a ruggedly built cast iron and steel heating unit that will stand years of hard service.

Easily refillable humidifier: Evaporating water moistens the circulating heat as it passes up through the cabinet and out top grilles. Helps keep the heat moist for cozy winter comfort. Also helps protect furniture against winter-dryness.

High efficiency combustion: Produces large volume of heat, easily heats 1 to 4 rooms. Extracts all possible heat values, leaves no clinkers, very little ashes. Secondary air duct preheats air as it passes to top of magazine for more complete combustion.

Refractory fire brick magazine: Holds 100-lbs. coal. Refuel once a day in severe weather . . . less frequently in moderate weather. Design of magazine causes fuel to burn from outside to center, avoids jamming or bridging. Cast iron fire-resisting draw center grates, burn soft or hard coal, coke and wood.

Heat regulator: By dialing the automatic heat control to Low, Medium or High you can regulate the temperature according to the weather and your sense of comfort. The fire burns only at bottom of magazine, controlled by the automatic heat control dial that operates the direct draft.



Specifications: Size, 22x23 in. Height, 42 in. Feed door opening, 8x13 inches. Inside diameter of magazine, 16 in. Cabinet is porcelain enameled on three sides and top; back panel finished in black painted enamel. Reversible collar permits stove pipe to be mounted from either back or top. Takes 6-in. pipe. Large ash pan.

Be sure to sign and enclose a coal-wood heating Ration Certificate with your order.

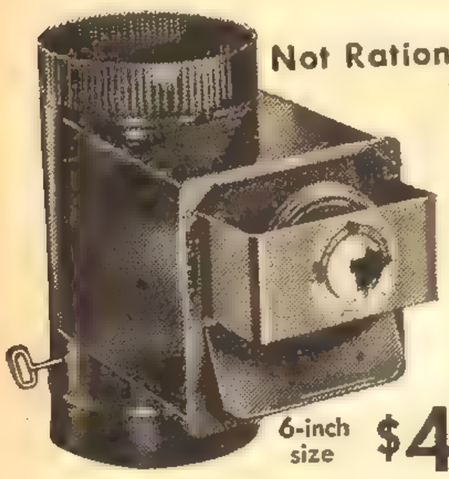
Rationing Information

By government order, the stoves, ranges and heaters listed on these pages are rationed (except items marked Not Rationed). Go in person or write to your local War Price and Rationing Board and ask for the proper kind of Ration Certificate for the stove you want. Also inquire about any changes in stove rationing since this book went to press.

Check each description for the *type* of Ration Certificate required. **To avoid delay, be sure to sign your name on the back and send this Certificate with your order.**

Ruggedly built "Ridgewood" wood-burning Heater



$14.45

A big favorite in wood burning territories . . . built for long life and heavy duty service. Burns wood, cobs and trash, practically anything except coal or coke. Roomy top has convenient cooking space under swinging urn. Entire stove top swings aside, making it easy to put in large chunks of wood. The sturdy bottom and heavily built top, as well as the doors and door frames, are all of heavy cast iron.

The body, or drum, is made of extra heavy gauge steel, double-seamed for added strength. Corrugated cast iron bottom and body linings will stand years of hard firing. Mica feed door windows. Cool, coiled wire handles. Screw draft register in ash-pit door. All parts securely bolted for tight fit, economical burning. Fits space 28x21½ inches. Height to urn base, 26¾ inches. Feed door opening, 9¾x8¾ inches, will take wood up to 23 inches in length. Takes 6-inch stove pipe.

Wood-burning heating Ration Certificate required. See left

Sparkling porcelain enameled Table Top Ranges

- All are made of rugged cast iron and steel for years of hard use.
- Modern designing, all inner working parts concealed by swing doors.
- Finished in gleaming white porcelain enamel, with matching plastic handles.

For Sears Easy Terms see inside back cover

Features in the range shown at right

Handy Reservoir

18-quart blue porcelain enameled reservoir supplies hot water whenever you need it. Rustproof—as easy to clean as a china dish. Large opening for easy dipping.

Efficient Oven

16-inch aluminized oven surrounded by tight seam flue space that pours live heat into every corner. Fully insulated door . . . keeps the heat in.

Popular priced Range . . . tops in beauty and cooking performance

Easy-to-clean white porcelain enamel finish, modern TABLE TOP design with rounded edges and concealed bolts make it a range you'll be proud to have in your kitchen for many years to come. Front swing doors conceal firebox, ash pan and reservoir; soot cleanout also concealed. White, cool plastic handles. High base gives you ample toe room. Rugged cast iron construction for all parts getting hard wear; other parts of this husky range built of Enamelite, a superior enameling steel.

$41.50 Cash

Polished cast iron cooking top requires very little effort to keep spotless and shining . . . needs no blackening. Overall size of cooktop, 38¼x22 inches; six 8-inch lids, lid lifter and cleanout rake included.

16x18x10-inch aluminized (heat-resisting aluminum finish) oven reinforced with extra sheets of steel and cast iron plate to prevent warping; seal heat in for "balanced baking." All-around flue travel circulates clean heat on all sides of oven; speeds baking. Rigid, fully insulated oven door, with adjustable spring.

Big 18-quart reservoir holds large supply of hot water for instant use. Steel reservoir tank finished in blue porcelain enamel—rustproof—for years of use.

Ventilated 16¼x6¼x5-inch firebox: Fire-back made in three interchangeable sections of heavy cast iron . . . easy to replace. Duplex grates burn soft coal or wood up to 18¾ inches in length by removing end linings. Insulated on left end. "Centermatic" easy-to reach, direct draft damper in back section of main top. Draft slide on left end.

Specifications: Height to cooking top, 30¼ in. Overall height, 36¼ in. Cooktop, 38¼x22 inches, including reservoir. Fits space, 38¼x26¼ inches. Takes 7-in. stove pipe. Large removable ash pan. Grate bar shaker handle included.

Be sure to sign and enclose coal-wood cooking stove Ration Certificate with your order.

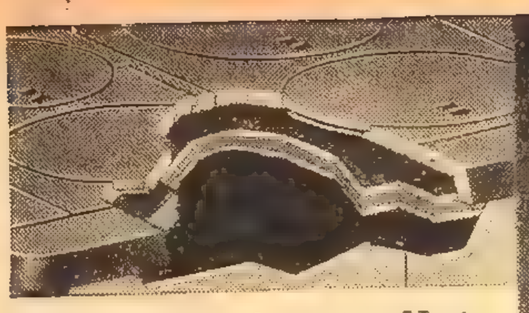
Medium sized Table Top Range

- Gleaming white porcelain enamel finish body; easy to clean
- Interchangeable firebox linings for soft or hard coal or wood
- Polished cast iron cooktop, easy to clean, needs no blackening

$31.95 Cash

Well built, medium size TABLE TOP range of cast iron and steel. Attractively designed and ideally suited to small kitchens . . . yet has most of the cooking and baking features of the finest kitchen range. Every part tight fitting for fuel economy. It's a real baker. Front, sides and backguard finished in white porcelain enamel . . . front base strip and legs in white baked-on enamel. Highly polished, heavy cast iron cooktop saves work . . . never needs blackening. Has six 8-inch lids; lid lifter and cleanout rake included. Ash pit and front of firebox concealed behind swing door. Cleanout opening behind removable panel under oven door.

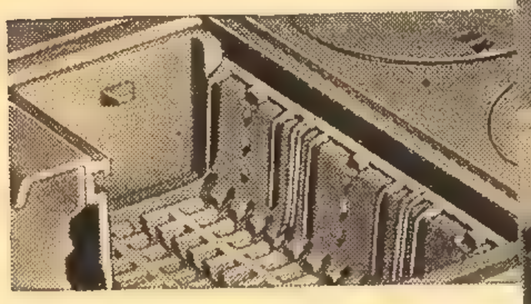


Interchangeable firebox linings, easily removed. Burns soft coal or wood. Also burns hard coal satisfactorily. With end linings removed, takes wood up to 18 inches in length. Draft slide in left body end. Easy-to-reach sliding damper for oven on back center of top. Roomy oven . . . removable center rack. Note high legs for easy cleaning under stove.

Larger dimensions than usually found in cook stoves at this price. Height to cooktop, 29½ inches. Cooktop, 34x21¾ inches. Fits space 34x28 inches. Quick heating aluminized steel oven, 15¾x18x10 inches. Firebox, 16x6¼x7½ inches. Takes 7-inch stove pipe. Large ash pan and cleanout rake included.

Be sure to sign and enclose coal-wood cooking stove Ration Certificate with your order.

22 KM 510P—Shipped from mail order house. Shipping weight, 205 lbs... **$31.95**



For Rationing Information on stoves and heaters see page 7

3-layer warp-proof oven top. Next to oven, thick sheet of asbestos. Then, a sheet of steel. Last, a cast iron plate. All are bolted together; keep heat in oven.

Convenient, large opening for easy fueling . . . large chunks of coal or wood slide through without any trouble. Plate stays in place when raised; lids will not fall out.

Rugged, roomy firebox of cast iron. Interchangeable. 3-section fireback built-in sections to resist warping and cracking. Ventilated for more perfect fuel combustion; gives quick heat to oven.

Our finest Table Top Range . . . picture one in your kitchen!

Balanced proportions and modern streamline designing plus "old-fashioned range" dependability make this fine range an exceptional value at this price. Notice the recessed base for toe room, the smart cool plastic handles, also the swing doors that conceal inner parts. The sparkling white porcelain enamel finish is as easy to clean as a porcelain dish. Heavy cast iron and steel working parts with Enamelite steel body and fully insulated body ends give you uniform, economical heat.

$61.00 Cash

Warp-resistant cast iron cooktop has permanent, highly polished surface . . . needs no blackening . . . just wipe it off with an oily cloth. Overall size: 38x23 inches (including reservoir). Has six 8-inch lids; lid lifter included.

All steel quick-heating oven, made in one piece with heavy, 3-layer top plate to hold an even temperature. Large size: 16x17x11 inches. Seam-tight oven flues circulate heat all around oven . . . for quick, even heating. Door fully insulated to keep heat in. Removable oven rack included.

Precision direct draft damper control is conveniently located on back center of cooktop, draft slide on left end of body; combined with fully insulated body ends they give you perfect heat control.

18-quart Reservoir lined with easy-to-clean blue porcelain enamel. Rustproof. Removable for ease in cleaning. Cast iron close-fitting reservoir cover finished in black porcelain enamel—easy to clean—will not rust from water condensation on bottom side. Cover sets flush with cooktop.

Improved rocker type duplex grates . . . burn soft coal or wood; if reversed, ideal for burning hard coal. Grate bar shaker and ash pan included.

16x7½x7½-inch firebox. Will burn wood up to 19 inches in length with end linings removed. Interchangeable 3-section, heavy cast iron fireback . . . ventilated for perfect fuel combustion, consumes less fuel, resists warping and burning. Also provides quick heat for steel oven. Heavy cast iron front grate.

Handy top fuel feed lifts up, stays in position when raised, leaves your hands free to feed the fire. Two cooking lids stay in place when plate is lifted. Cool, wire handle. Clean-out opening concealed behind removable panel under oven door. Rake included.

Specifications: Height to cooktop, 32 inches. Height, including backguard, 36½ inches. Cooktop, including reservoir, 38x23 inches. Fits space 39x33 inches. Cast iron flue collar takes 7-inch stove pipe.

Be sure to sign and enclose coal-wood burning cooking stove Ration Certificate with your order.

Convenient, quick-heating Kitchen Heaters

- Circulating heaters . . . choice of direct draft or return flue models
- Can be used for cooking and to heat water . . . has two 8-inch cooking lids
- White porcelain enamel finish body . . . easy to keep clean with a damp cloth

$36.95 Cash
Direct Draft Model

Serves as kitchen heater and cookstove. Fits compactly into your kitchen . . . put it next to your gas or electric range. White easy-to-clean porcelain enamel finish; black recessed toe base. Rugged cast iron heating unit burns soft or hard coal, wood or rubbish; circulates heat to other rooms. This sturdy construction resists the wear that years of constant firing give it. Equipped with duplex grates and firebrick liners (for soft or hard coal or wood), check damper, front feed door and roomy steel ash pan.

Patented, adjustable bottom draft control, lever-operated; furnishes correct amount of air to firebox. The draft is drawn from bottom air intake, through firebox and out flue. Cast iron cooktop.
Has two 8-inch cooking lids. Takes 6-inch stove pipe.

Return flue construction model: Gives you 25% greater heating efficiency. Fire travels approximately five times as far as in direct draft model, lowering stove pipe temperature and extracting practically all heat values from smoke and gases.

Specifications for both models: Cooktop, 14x19¼ inches. Firebox, 15½x7½x9¼ inches; takes 20-in. wood with end linings out. Fits space, 15x24 inches; 36 inches high. Shipped from mail order house.

Be sure to sign and enclose a coal-wood heating stove Ration Certificate with your order

Repair Parts, Wicks, Kindlers, Kindler Tape and Inner Burner Tubes are not rationed

Since the Navy Department does not endorse any commodity this is not to be considered an endorsement by the United States Navy Department of any Sears product.

Now on Active Duty

When you are disappointed in finding "Not Available" the beautiful new appliances you need, read this true story and be reconciled. (Then buy another War Bond for that envelope marked "My new Sears washer after the war"). The story starts in November, 1941, in the city of Manila, Philippine Islands, when a Naval officer representing his ship's company bought a Sears standard home-size washing machine for use in his submarine. It was necessary to have the motor rewound in order to accommodate the ship's current and to completely dismantle the machine in order to get it through any of the ship's hatches. However, those things accomplished, from that time (Nov., 1941) until December, 1942, when he wrote us, that machine was running almost continuously, day and night, on the surface and submerged; operated with no special care by over sixty-five men. Only on one occasion were any repairs required and then only to the wringer. So you can see many of the appliances you need are doing yeoman service where they are needed more—on our fighting fronts.

SEARS FAMOUS NAMES HAVE GONE TO WAR!

© 731F . . SEARS, ROEBUCK AND CO.

Sears fine Wardrobes to store and protect garments

Twin-Door Wardrobe

$6.49

Have plenty of extra storage space for your family's clothes, hats, shoes, bedding etc.—set up one of these practical, good looking wardrobes in bedrooms, dressing room or hall. Two eye-level, clear window glass mirrors, mounted on doors, come in handy while dressing. Two racks below are convenient for ties, belts, scarfs, etc.

Sturdily made of 3-ply corrugated fiberboard. Reinforced, wood-framed top, bottom and doors; stained brown finish with plastic knobs and latches. Roomy size, 21x28⅞x67 inches high. Three removable shelves: two at bottom, each 20½x13¾ in. for blankets, etc.; one full width at top for hats. Sturdy wood hanger bar. Each door has three metal hinges for easy opening. Shipped flat. Easy to assemble. Hardware and instructions included.

11 KM 8904—*Not mailable.* Shpg. wt., 27 lbs.....$6.49

"Mirror Queen" Wardrobe

$9.50

1. Top, bottom, front and doors are wood-framed for added strength
2. Two full-length, window glass mirrors are mounted on the doors
3. Each door has three metal hinges for easy opening and closing
4. Three removable shelves for storing hats, blankets, linens, etc.

Relieve your overcrowded closets—store garments, hats, shoes, blankets, bedding, etc. in one of these handsome wardrobes. Put it in your bedroom or hall. It's smart to paper it to match your room; gives a built-in effect. The two full-length mirrors are easily moved into position so you can see your back . . . ideal for a last-minute check-up.

Sturdily constructed of 3-ply corrugated fiberboard, reinforced with strong, brown-stained wood. Onyx-color, plastic knobs and latches. Size, 21x28⅞x67 inches high. Strong wood hanger bar holds up to 22 garments. Two removable 20½x13¾-inch shelves to hold blankets, bedding, etc. One full-width, removable top shelf is ideal for hats. Plenty of space on the bottom of closet for shoes and slippers. Each door has three hinges—when you open them they will not swing shut—no need to hold them, so you can use both hands when hanging up or taking out garments. Wardrobe stands on four legs for better ventilation and easy moving. Shipped flat. Easy to assemble. Hardware and instructions included.

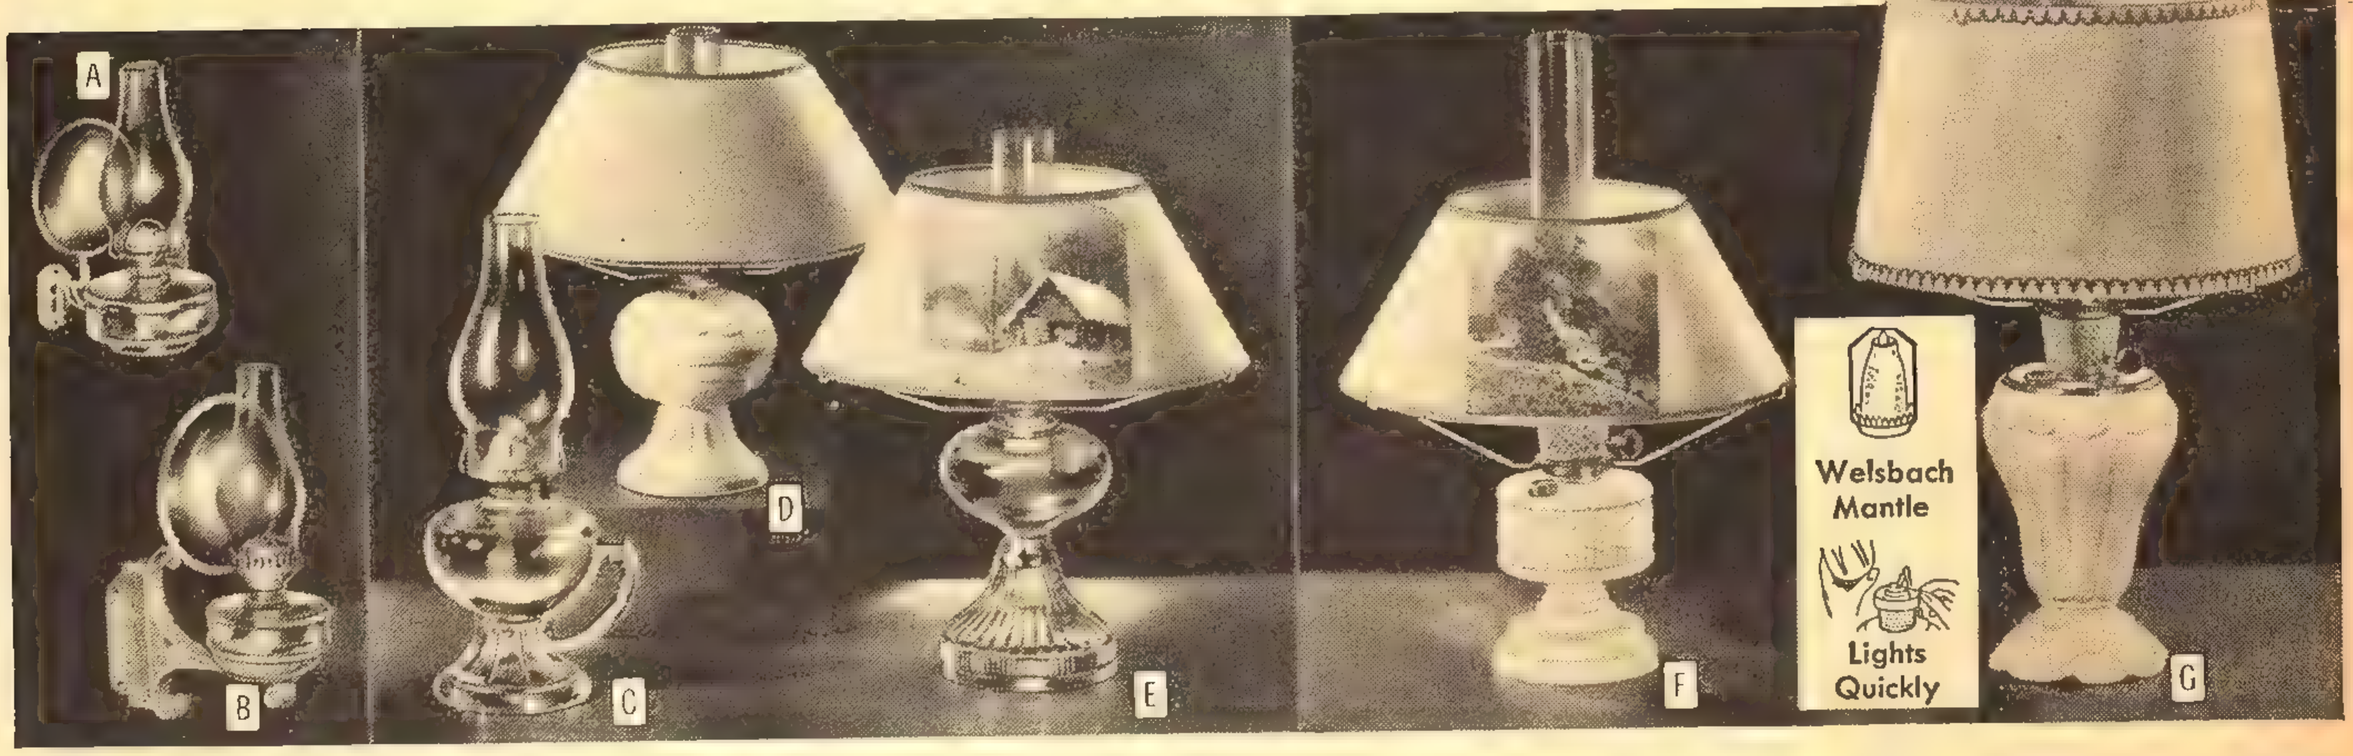
Add a spacious extra closet to your home



The New "Empire" Wardrobe $16.98

1. Solid fiber wallboard, 2 times stronger than corrugated board.
2. Sides, doors, back, top and bottom, independently wood framed
3. Each door has three hinges for support, and easy opening and closing
4. Two eye-level mirrors; tie-racks on doors. One shelf; wood hanger bar
5. Wardrobe stands off floor on 4 legs for good ventilation; easy moving
6. Plastic knobs, latches, corner reinforcements match ivory-color frame
7. Panels have handsome knotty pine finish outside . . . sand-tone interior
8. Smart appearance . . . blends beautifully with any decorative scheme.

This exceptionally good looking, unusually sturdy wardrobe is just the thing for your closet-ailing home. Holds as many as 22 garments. Two eye-level, clear window glass mirrors, mounted on the inside of the doors—it's easy to "see the back of your head." Two convenient racks for ties, belts and scarfs. Full-width removable top shelf for hats, blankets, etc. Each door has 3 hinges . . . stays open when you want to hang up or take out clothes. Carefully constructed like a fine piece of furniture to give you years of service. Contains more than twice as much wood as "Mirror Queen" wardrobe on opposite page. Shipped flat. Easy to assemble. Instructions and hardware included. Size, 21x28⅞x67¼ inches high.

Dependable quality Enamel Cookware

"Visible Cooking" 3-coat Porcelain Enamelware

Now look while you cook in triple coated REPUBLIC enamelware through the heat resistant Pyrex glass covers. No lifting necessary. They fit tightly, keep in most of the steam—the food cooks faster (you use less fuel) and valuable vitamins and natural flavors are retained. Three coats of glossy, white porcelain enamel are fused into the heavy, seamless steel base. It's stain and acid resistant, as easy to clean as a china dish. Gay, red trim. Fast-heating, flat bottoms. Welded, patented "cooler handles" stay cool longer than ordinary type. Will give years of satisfactory service. No dealers' orders accepted; only one of each utensil to a customer.

DUNLAP heavy duty Butcher Saws

D High carbon steel frame. Beechwood handle with weather-resisting finish; securely fastened to frame with three saw screws. Wing nut adjustment. With 18-inch blade.

9 K 3577—Shpg. wt., 2 lbs. 11 oz. $1.35

9 K 3578—Extra 18-inch blades for butcher saw. Width, ⅝-inch. Tempered steel. Free and fast cutting. Shpg. wt., 10 oz. ..... 2 for 29c

DUNLAP Kitchen Cutlery

Every efficient kitchen should have a complete set—and at these low, money-saving prices no kitchen should be without one.

Strong, serviceable; for every-day use. Extra heavy blades made from heat treated and tempered high carbon steel . . take and hold a keen edge. Saber ground to a fine, easy and smooth cutting edge. Occasional touching up will quickly restore blade to original sharpness. Heavy duty genuine rosewood handles are firmly riveted to tang with large rivets so they will not come loose. Bread knife (J) has serrated Burns edge—gives clean, smooth cut. Actual weight of cleaver (K), 1 pound.

FARMERS: See page 878C before ordering.

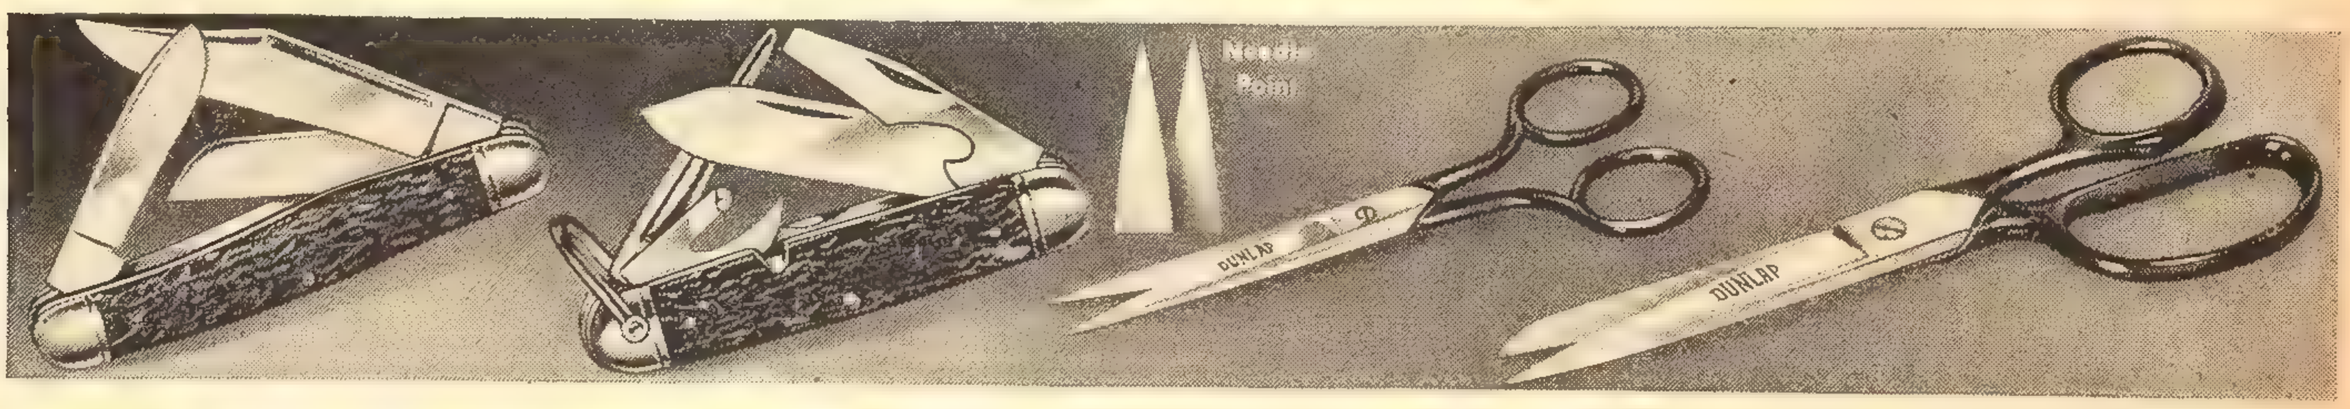
CRAFTSMAN hollow-ground Cutlery

Ground like a straight razor—and just as sharp! Long lasting, sharp cutting edges. Far superior to flat ground knives.



If you want the very top in cutlery—buy from this sensational CRAFTSMAN group. Forget dull blades . . . and tiresome sharpening and regrinding. These high carbon steel blades are razor-sharp. Cut through a roast with the greatest of ease . . . and as thin as you please.

These sensational knives keep their amazingly sharp edges MUCH longer—need only an occasional tuning up on a stone or steel to restore the original keen edge. Hand-fitting handles of selected tropical woods are riveted to stay.

Hollow-ground cutlery is made on the straight razor principle. Every blade ground under water to a sharp, razor-like edge. Care for it as you would a fine razor. Not made for chopping, prying, hacking, etc. Should last a lifetime if used with care.

FARMERS: Before ordering see page 878C for important notice.

Sears long-lasting moth-proofer for rugs, clothing and furniture

- Mothproofs in just one application . . . no other protection needed
- Moth larvae won't eat woolens properly treated with Moth-Off
- Odorless, stainless, non-inflammable . . . quick and easy to apply
- Moth-Off will not stain any fabric that water alone won't stain

49c Pint

Sears approved Moth-Off is not an ordinary moth-repellent or killer, but a penetrating solution that, when properly applied, goes deeply into every fiber of clothing, upholstered furniture, blankets, carpets and rugs. Moth worms actually starve to death on Moth-Off treated woolens. (Articles must be re-treated with Moth-Off only after washing). One gallon is enough to treat all the following articles: 1 suit, 1 overcoat, 1 dress, 1 sweater, 1 blanket and 1 swim suit. Quick and easy to apply—simply use sponge, soft cloth or sprayer. Follow complete directions on the label.

Household Needs and Pet Supplies

SUDZ

Sears APPROVED SUDZ is the miracle cleanser that works like magic in hard or soft water. Entirely different from soap. Won't leave a "grease line" in pans, basins, tubs, etc. regardless of water's hardness. Suds quickly at any temperature. You'll find it's economical; use only one teaspoonful to a gallon of water.

SUDZ is gentle on hands, yet has amazing cleansing powers. China and glassware will sparkle without wiping. Floors and woodwork take on new luster. SUDZ will help keep your house spotless at low cost.

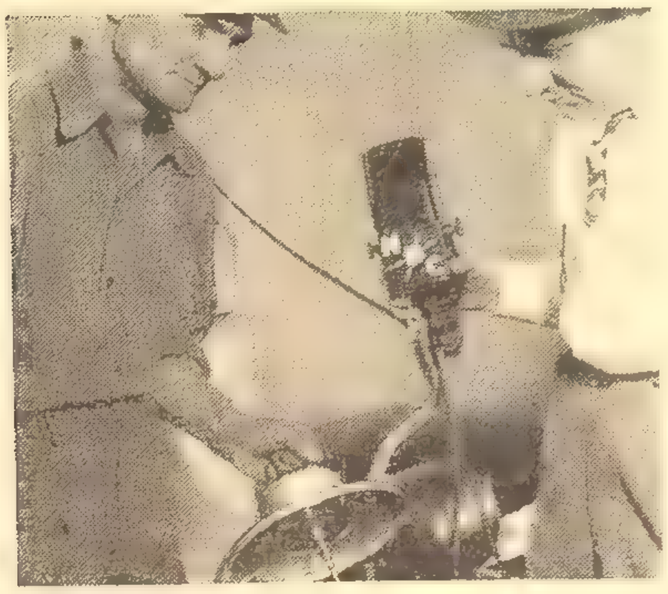
Tune in WMAQ, Chicago 670 on your radio dial

FOR "Town and Farm"

WITH EVERETT MITCHELL



6:15 to 6:45 A.M. Central War Time every day except Sunday

Everett Mitchell, nationally-known farm commentator, has long been identified by his cheery "It's a beautiful day in Chicago".

When Everett Mitchell wants to discuss silage, he visits one of his farm friends while he is filling his silo.

Everett Mitchell calls on an electrified farm to get factual information on how to cut labor costs and increase efficiency.

☆ ☆ ☆

Sears New Radio Program brings you

- Washington News of particular interest to farmers and gardeners.
- Interviews with farm experts who bring practical help in the form of useful information to those in town and on the farm.
- Timely facts from farm groups, breed organizations and the U. S. Department of Agriculture.
- Vital information on problems pertaining to rationing and conservation supplied by Lois Schenck, home economist. Bulletins on restricted merchandise.
- Livestock Market Reports. Recordings of Popular Tunes and Classical Music. Weather reports for Chicago and the Central States.

Everett Mitchell, veteran of more than twenty years in radio, almost all of it in the field of broadcasting agricultural information, has met and talked with farmers in every state in the Union, covered every major event of agricultural interest, and worked in cooperation with all important farm organizations. His knowledge is practical, gained from first-hand experience and observation. As a natural result of his years before the microphone and in the field, Everett Mitchell was selected as expert to assist in the filming of the U. S. Department of Agriculture's motion picture, "Agriculture in Defense."

Now "Town and Farm" with Everett Mitchell will be sponsored by Sears, Roebuck and Co. The program will be heard as usual from 6:15 to 6:45 A.M. daily, Monday through Saturday, over Station WMAQ, the National Broadcasting Company's station in Chicago.

Popular, nationally known Mops . . . utility Dusters

Famous Quality Old English Dust Mops

A "Wrist-action" enables mop head to swing easily into any position—fine for getting under furniture and radiators. Made of high quality cotton yarn that will pick up and hold the dust. 19½x13 inch spread covers large surfaces. Removable and washable. Will go through wringer. 48-inch smooth wood handle. **98c**

11 K 02589—Shpg. wt., 2 lbs. **98c**

Maid of Honor Rug Cleaner

- Tested by Sears Laboratory for your protection
- It's easy to use. See small illustrations at right
- Keep your rugs and carpets colorful and bright at low cost

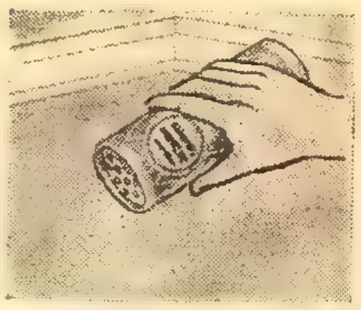
89c

Now you can clean your rugs and carpets at home without the inconvenience of being without a rug for several days. This modern method takes just a few hours. It's economical, too—you'll have fewer cleaning bills.

Maid of Honor Rug Cleaner is safe to use. Non-injurious to any rug or carpet fabric—will not cause fading or discoloration of rugs; will not cause seam openings. One can will clean a very soiled 9 by 12-ft. rug. However, for lightly soiled rugs only ⅓ to ½ can need be used.

For the best results thorough brushing of the powder into the rug is advised. Allow powder to penetrate into the nap. Let it stay there for a few hours and then vacuum rug. Powder will not cause any damage to rug if left on indefinitely. Complete directions are on each can.

11 K 6566—3-lb. can. Shipping weight, 4 pounds..... 89c



48-inch handled scrub brush for brushing powder in well; 8x2½-in. head.

11 K 06437—Shipping weight, 2 pounds..... 25c

For Sears Easy Terms see inside back cover. Your order need total only $10 or more. It's easy to open an account—and you'll find it a real convenience. You can budget payments over the months ahead.

Vacuum rug thoroughly to remove all loose surface dirt

Sprinkle rug evenly with cleaner from handy sifter can

Brush cleaner well into nap of rug and allow to stand

For best results remove powder with vacuum cleaner

Trigger action opens board easily

Won't wobble—Strong under-structure

Folds compactly for easy storage

Sturdy Ironing Boards . . . right height . . . lightweight

HERITAGE MEMORIALS

Our Own Trade Mark

Free Heritage Memorial Catalog. Color illustrations of our six famous granites. Over 650 selections, including monuments, markers, cornerstones, mausoleums. Write today for your copy of Heritage Memorial Catalog 701K.

Heritage Memorial prices include delivery and setting in your cemetery

Prices shown include not only a beautiful, enduring memorial, in a Heritage copyrighted design, but *also* careful delivery, a concrete foundation and proper setting. You are relieved of all details and responsibilities . . . no freight bills to pay, no installation arrangements to worry or confuse you. Heritage Memorials are cut from the finest granites in America, skillfully carved by expert craftsmen. And you can buy any Heritage Memorial on our regular Easy Payment Plan as described on the inside back cover; or on our special plan in which you pay 20% down, and the balance of the listed price within 30 days after delivery (there's no carrying charge on this special plan).

NOTICE: In some unusual cases, there may be cemetery restrictions beyond our control that affect the price of the memorial you buy, or that require selection of a different design—in such cases, we consult you before starting work on the memorial.

SANDERS MONUMENT . . . . $149.50 delivered and set

A truly beautiful monument for double graves and family lots. You may have the Sanders with a family name panel only, for marking family lots . . . we then recommend using one of our Heritage Markers for identifying the individual graves. Or you may have the Sanders with a family name and two panels, with a first name and two dates inscribed in each panel, as shown at right . . . for marking a double grave, as for Father and Mother, or Husband and Wife. Front surface is beautifully polished. Back surface, top of base and name panels have smooth, sand-blown finish. Top and sides of main block, and front, sides and back of base are rough hewn. Overall size is 3 feet 10 in. long, 1 foot 2 in. wide, and 2 feet 8 in. high. Print plainly names and dates to be inscribed. Be sure to see "Notice" above.

63 K 3391—Sanders Monument in Southern Gray Granite $149.50
63 K 3391A—Delivered only* (No foundation or setting) . . 125.25

WAGNER MONUMENT . . . . $317.00 delivered and set

An unusually impressive monument for family lots. Large in size, with graceful, sweeping lines, and beautifully wrought carvings. Main block has brilliantly polished front, back, sides and top. Top and margin of base are also polished. Front, sides and back of base are rough hewn; name panel is smooth, sand-blown. Overall size is 4 feet 6 inches long, 1 foot 2 inches wide, and 3 feet high. Print plainly family name to be inscribed. Please read "Notice" above before ordering.

63 K 3701—Wagner Monument in Southern Gray Granite $317.00
63 K 3701A—Delivered only* (No foundation or setting) . . 277.00

FOSTER MARKER . . . . . $56.75 delivered and set

A slant face marker for an individual grave, or for use as a headstone to mark an individual grave in a family lot, where complete lot is identified by a large monument bearing the family name. This marker is designed with more height than flat or bevel-top markers, so the lettering stands well above the grass and can be read at a greater distance. Front, sides, top and back are rough-hewn. Slant surface is highly polished. Name panels have a smooth, sand-blown finish. Overall size, 1 foot 10 inches long, 1 foot 2 inches high, and 10 in. wide. Print plainly the name, dates, relationship to be inscribed. Read "Notice" above.

63 K 1151—Foster Marker in Southern Gray Granite. $56.75
63 K 1151A—Delivered only* (No foundation or setting) . . 49.25

HOUSTON MARKER . . as low as $24.75 delivered and set

Our most economical marker . . . the bevel top style. Use it to identify an individual grave, or as a headstone for an individual grave on a family lot, where the complete lot is marked by a large monument bearing the family name. Front, back and sides are rough-hewn. Top surface is highly polished. Name panel has smooth, sand-blown finish. Back of marker is slightly higher than front, giving a slope, or bevel to the top surface. If your cemetery requires that markers have a flat top (not beveled), please state so on your order. Cut from Southern Gray Granite. Print plainly the name, dates and relationship to be inscribed. Please read "Notice" above before ordering.

63 K 1011—Overall size: 2 ft. long, 1 ft. wide, 6 in. high. $31.75
63 K 1011A—Delivered only* (No foundation or setting) . . 25.75
63 K 1021—Overall size: 2 ft. long, 1 ft. wide, 10 in. high. 36.75
63 K 1021A—Delivered only* (No foundation or setting) . . 29.25
63 K 1001—Child's marker; 18 in. long, 8 in. wide, 6 in. high. . . . 24.75
63 K 1001A—Delivered only* (No foundation or setting) . . 20.25

* These amazing low prices include delivery of the monument *to your local freight station only*, and do not include the foundation or the setting of the monument.

How to Order Essential Plumbing and Heating Equipment

To save critically needed metals, all Plumbing and Heating equipment marked **RESTRICTED** in this catalog may be sold only to those whose needs are considered essential by our Government. The information given here is subject to any changes that may later be ordered by the Government.

1 Emergency Plumbing and Heating Equipment that is marked Restricted.

You may buy plumbing and heating equipment such as hot water tanks, automatic water heaters, steam and hot water boilers for repair and replacement of similar equipment **worn out, damaged beyond repair or destroyed.** All you need do is fill out the Priority Purchase form shown at the right; attach it to your regular Sears Order Blank and send it to your Sears Mail Order house. For detailed information on ordering automatic water heaters both as a replacement or a new installation, see paragraph 4 below.
Note: This ruling applies to plumbing and heating equipment only. For complete ordering information on Restricted and Rationed Pumps, see paragraph 7 below; for Restricted steel pipe and pump rod, see paragraph 6 below.

2 Construction of Agricultural Buildings

If you are a farmer, you may buy any of the materials necessary for such construction as are approved by the War Production Board. Your County War Board Chairman will supply you with the proper U. S. Government Form and will assist you in filling it out. If he does not have a supply of forms, write to us. If the construction you are contemplating will definitely contribute to the production of food products for re-sale, tell us exactly what plumbing or heating materials you will need. We will furnish the proper forms and help you in their preparation. It will be necessary for your County War Board Chairman to approve the form, and submit it to their authorities for final approval. After you have obtained approval of your application, we can ship the merchandise to you.

3 Building Homes or Remodeling Existing Homes in Defense Areas to Provide Added Living Quarters.

You may buy any materials necessary to the completion of the job, under proper authorization. Write to Sears, Roebuck and Co. Personal Service Dept. for a copy of Form No. 66815. This will aid us in determining how you may procure authority to buy the materials you need, providing you apparently qualify under the Construction Limitation Orders that have been set up.

4 Automatic Water Heating Equipment for replacement or as a new installation can be purchased under the following conditions:

(a) If you need to replace a heater that is damaged or worn out, fill out the Priority Purchase Certificate shown at the right and attach it to your order blank. The new heater must be of the same capacity as the old one you are replacing, but it need not be exactly the same type. As an example, if a hot water tank and side arm heater are both worn out or damaged beyond repair, they may be replaced with an automatic gas water heater.

(b) If you do not have any present means of heating water for family use, and you consider your need urgent, you must get the approval of the War Production Board. They provide certificates to those who meet their exacting requirements in cases where there is, in their opinion, urgent need for such equipment. If you don't know the address of the W. P. B. nearest you, your local War Price and Rationing Board or your local banker can supply it. If the W. P. B. approves your application after you have filled out the certificate furnished by them, send us the approved certificate together with your order. We will then arrange to ship the equipment.

The Priority Purchase Forms shown at the right are for your convenience. Fill out and attach one of them to your Sears Order Blank when buying Restricted Plumbing and Heating Equipment as explained in the column above.

5 Purchasing Agents for Manufacturers, Charitable or Educational Institutions.

Or for any other organization that is entitled to use a Preference Rating Order. Simply send in your order on your regular business order blank. Please furnish also the usual statement required by the Government, on a separate sheet, concerning your Preference Rating Order that you use in purchasing materials from other suppliers. Send both the order and statement to the nearest Sears mail order house.

6 Restricted Steel Pipe, Drive Pipe and Pump Rod can be ordered as follows:

(A) If your order amounts to less than $25 no priority is needed.

(B) You must fill out the STEEL PIPE, DRIVE PIPE AND PUMP ROD ORDER COUPON at right if your order is over $25, but weight of merchandise ordered is not over 20,000 lbs. Attach it to your regular Sears order blank.

If your total purchase of pipe or pump rod for any 3-month period exceeds 20,000 lbs., consult your local War Production Office.

7 How to Order Restricted and Rationed Pumps and Pump Accessories

A **Farmers and Poultry Raisers Need No Priority** to order any pumps except those marked "Rationed." Simply state "I am a Farmer" and sign your name.

B **Farmers or Poultry Raisers can order Rationed Pumps as follows:** Obtain a Rationing Certificate from your local U. S. D. A. County War Board. Attach both copies of the Rationing Certificate securely to your Sears order blank.

C **Non-farmers and non-poultry raisers can order Restricted or Rationed pumps as follows:** A priority rating of AA-4 or better is necessary. (If you do not have this rating, and consider your need urgent you must apply for Certificate WPB-541 from your War Production Office, or your local banker). Fill out certificate and attach a letter giving full details of why you need this pump. Mail certificate, with letter attached to it, to the local War Production Board. Then, if the Board approves your certificate, send it to us with your order.

D **Water storage tanks for new installations of complete pump systems can be ordered** under the same procedure that you must follow in ordering the pump. For example, if the new pump is rationed and you are a farmer, you must follow step B above in ordering your water storage tank.

EASY TERMS. Restricted Plumbing and Heating Equipment, like all Sears merchandise, can be bought on Sears Easy Payment Plan. ⅓ down payment is required for plumbing and heating items; see inside back cover for details.

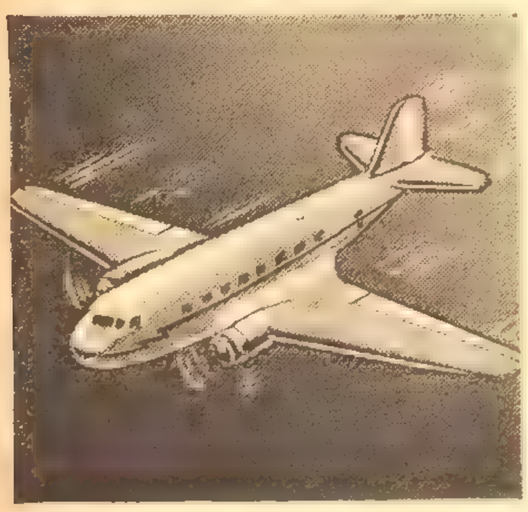
(TOWN AND STATE)

Sears modern Indoor Chemical Toilets

Why put up with exposure to the elements?

Sears sanitary, modern indoor chemical toilets do away with the inconvenience and dangerous exposure of the outhouse . . . and all the unsanitary conditions and many other objectional features common to the old-fashioned outdoor toilet.

Having this modern convenience right inside your home helps form desirable regular habits . . . and, of course, encourages children to develop daily habits which are necessary to their life-long well-being. Families in homes without running water no longer need tolerate an unsanitary outmoded toilet. Sears chemical toilets make low-cost indoor sanitation possible—bring modern comfort and convenience within reach of all.



For modern convenience in congested districts

During these times when people are often forced to live in overpopulated localities . . . where housing and sanitary facilities are inadequate or make-shift . . . Sears sanitary, modern chemical indoor toilets will be welcome additions to any such homes. They are sanitary, odorless and easy to clean. Inner waste containers are removable. Toilet can be set up easily and quickly . . . takes up little floor space.

For sanitation in crowded defense areas

Those who have had modern plumbing in their homes, and are now living in defense areas, housed in either trailer camps or other quarters, will appreciate the advantages offered by Sears chemical indoor toilets. They are attractively styled . . . either in white *vitreous china* (shown on this page) or enameled steel (on facing page) to suit your budget and your needs. They are comfortable and convenient for children to use.

Similar to type used on modern airplanes

Modern airline travel includes a similar sanitary convenience. The great transcontinental airplanes of today make use of a similar type of compact, chemical toilet to provide sanitary facilities with maximum comfort and health protection to travelers. It is generally acknowledged that these modern planes include, in their fittings, only equipment that has proved to be the best by scientific research.

Vitreous China Chemical Toilets

Something New! Stainproof . . Acidproof

Standard white Toilet Seat

Well-designed seat is same as those used on toilets in modern bathrooms. 1-in. hardwood stock. Has no seams or joints. 3 coats high gloss white finish.

Vitreous china Inner Container

Inside container made of same smooth, high-fired, *acidproof, stainproof china* as the outer unit. Easy to empty and clean. Cannot rust or become dented.

- Sanitary . . . can't rust or stain . . . Easy to keep clean
- Convenient . . . Avoid exposure . . . Encourage healthful habits.
- Standard Seat . . . The same as found on modern toilets.

New and Better. Both inside and outside container of Sears indoor Chemical Toilet are made of durable vitreous china, the same china used in modern toilets. The manufacturing process used results in a glass-like glaze that penetrates and fuses with body itself. This surface stays glistening white—cannot discolor, rust, dent or craze (show hairline cracks). This is the same fine quality vitreous china glaze used on newest sinks and lavatories . . . *acid-proof* and *stain-proof* . . . cleans easily as a china dish. **$12.95**

An Outstanding Value. Convenient sanitation at low cost. Easily and quickly set up, this indoor toilet takes only 24x36-inch floor space . . . stands 16 inches high. Can be installed in closet, spare room or basement. Seat is same quality and design as Sears standard bathroom closet seat . . . sturdily reinforced with spiral dowels front and back for added sturdiness, and has 3 coats of durable, easily-cleaned white finish. Removable inside container is easy to empty. Vent pipe carries odors outside (vent pipe not included; order below). Sears Vitreous China Chemical Toilet comes complete with toilet seat and cover, and one gallon of chemical disinfectant. Shpg. wt., 60 lbs.

42 KM 4904—Closet Without pipe and elbows. **$12.95**

Vent Pipe and Elbows

Made of heavy grade, white finished steel. The number of 1-ft. lengths of pipe you will need depends on where you will locate your toilet. Before ordering, measure the distance from toilet to vent opening. The number of elbows necessary depends on the number of turns pipe will make to reach opening.

42 K 8937—**White finish vent pipe.** 3-inch diameter. Shipping weight, 8 ounces. . . . . Per 1-foot length **17c**

42 K 8936—**White finish 90-degree elbow.** Wt., 8 oz. Each. . . . **27c**

(Average installation requires 6 lengths of pipe and 2 elbows.)

. . . for homes without running water

"HANDEE" White enamel-finished Indoor Toilets

Our Own Trade Mark

Streamlined design . . . Extra sturdy . . . Economically priced . . . Easily installed

- Sturdy steel construction, with strong steel inner container
- Vent pipe and elbows furnished to carry odors to the outside
- Set it up right in your own home . . . simple and easy to install

Standard Model Handee Indoor Toilet

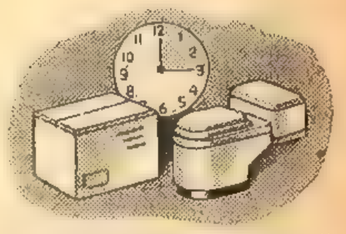
Modern and up-to-date . . . an outstanding value

$7.55 Complete

No running water system required. Gives you all the convenience and health protection of indoor sanitation at a very low cost. For homes, cottages or ranch houses without plumbing facilities. Convenient where there are children. Easy to set up. Once vent pipe is connected, just mix ½-pint of chemical disinfectant with 2 gallons of water and pour into inner container. Toilet takes only 4x5 feet of floor space. Is 16 inches high, 16 inches wide; extends 17½ inches from wall. White enamel-finished. Removable inner container; white finished steel seat and lid; 7 feet of white enamel vent pipe in 1-foot sections; two pipe elbows, 3 inches in diameter, and wall collar. 1 gallon of chemical disinfectant included. Wall deodorizer sold separately at right below. Mailable.

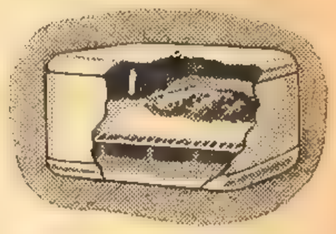
42 K 06927—Shipping weight, 31 pounds..... Complete **$7.55**

- Sturdy, durable steel construction . . . smart looking design
- Modern . . . no need to install vent pipe with this toilet
- Simplified construction makes installation quick and easy



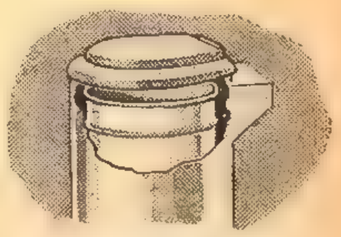
DeLuxe Handee Indoor Toilet

Complete with the features listed at right



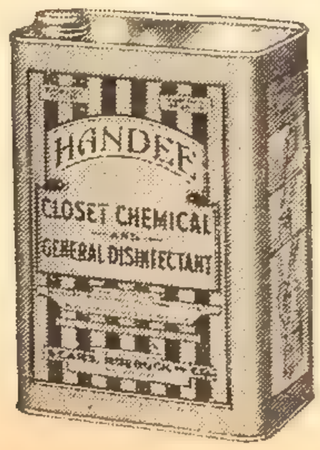
$10.98 Complete

A really comfortable, practical and modern chemical toilet. Saves you and your family the inconvenience of going outdoors on cold winter nights. No holes to cut or drill, and maintenance cost for deodorizer and disinfectant is very low. Baked-on white enamel finish; black base. Takes 4x6 feet of floor space. Extends 27 in. Height, 17 in.; width, 16 in. Comes with one charge of Absorbent Deodorizer which is used in back wall box to absorb odors, (reorder when necessary under catalog number 42K2274 below). Also includes 1 gal. of 42K02272 Disinfectant for use in black porcelain enameled inner container. Setting up instructions furnished.



42 K 06928—Shipping weight, 50 pounds. Mailable. **$10.98**

Only 15 minutes to install. No holes to cut or drill.



All odors are absorbed by special deodorizer.

Easy to clean enameled inner container.

Handee Chemical Disinfectants

Toilet Chemical. Germ-killing, odor-destroying disinfectant. Helps keep your indoor toilet clean and sanitary. Can be used with any of the Chemical indoor toilets illustrated above and on the facing page. Complete directions for using are included. Order an extra supply—have it handy when you need it. One gallon should last about 4 months if used as directed. Shipping weight, 13 pounds.

42 K 02272—Mailable.....1 gallon **$1.19**

Dry Disinfectant for Chemical Toilets. Comes in powder form. Can be used in place of liquid chemical. Just mix with water. Makes about 12 gallons of liquid disinfectant. Shipping weight, 1 pound.

42 K 2273—9½-oz. box.....**98c**

Scented Deodorizers and Refills

Deodorizes and gives rooms a clean, constant fragrance. Just hang it on the wall. Durable holder (5¼ in. high by 3¼ in. in diam.) has a soft light-toned finish. Two perfumed blockettes or fillers (enough for several months' use) are included.

42 K 2276—Shpg. wt., 1 lb. 2 oz.....**93c**

42 K 2277—Extra Refills (Blockettes) for deodorizer above. Wt., 10 oz.....2 for **25c**

Absorbent Charcoal Deodorizer

(Not shown.) Refill for wall box of Deluxe Toilet 42 K 06928 above. Lasts from 8 to 10 weeks. Mailable. Shpg. wt., 1 lb. 2 oz.

42 K 2274.....**47c**

EASY TERMS

You can buy a chemical indoor toilet with a down payment of ⅓ of the cash price, and the rest in easy monthly payments. See inside back cover for details.

Sparkling White Vitreous China Fixtures for your bathroom

Shpg. wt., of cabinet, 260 lbs.

42 KM 5125—Bath Ensemble.....**$74.50**

Now Available! Sears "packaged" Drainage Systems

[F] If lack of sanitary facilities is endangering the health of your family or preventing you from helping to meet defense housing needs, Sears can supply you with a completely planned "package" including all necessary pipe and fittings from roof to sewer to install a modern water supply and drainage system for lavatory, toilet combination and shower outfit for your home. Choose either steel or cast iron soil pipe. Average cost of Hercules steel pipe is about $26.50 for a 1-story home; with cast iron pipe, about $33.50. Two-story house, about $5.95 more.

HOW TO ORDER A DRAINAGE SYSTEM. Just send to Sears for Plumbing Estimate Blank 8206K. Fill out and return. Sears experts will plan the type of installation that meets your needs. Delivered cost estimate will be sent to you FREE.

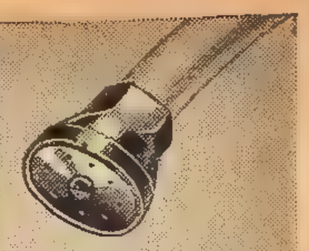
SAVE MONEY—INSTALL IT YOURSELF. Sears will prepare easy-to-follow blueprints showing you how to install all materials and will give you instruction books that illustrate each step of installation. Ask about Sears Tool Loan Plan.

All installations must comply with regulations under Order L-41, which limits installation for residential purposes to less than $200 including materials and labor. Installations costing more than $200 with labor require approval of your County Agricultural Conservation Committee on Farm Construction. On housing, except farm dwellings, contact your nearest F. H. A. field office.

Compact Cabinet Showers
Save space, are easily installed

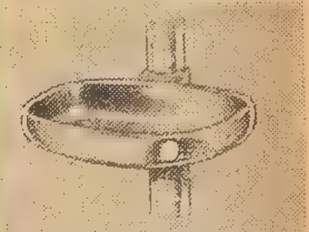
$37.25

Here is a bathing facility that saves time and space and promotes healthful bathing habits. You can have all the benefits of a refreshing, vitality-arousing daily shower with one of these sturdy, convenient cabinet shower units. A cleansing spray of running water washes away dirt, perspiration and soap suds . . . relieves work day fatigue. You'll find that you can afford both the cost and the space, because these units are low in price and take only 32x32x75 inches of space overall. Large and roomy inside—with plenty of elbow and head room.



Solid, superior construction with quality materials assure you of dependable, long-lasting service. The walls are made of durable composition board finished inside and out, with two coats of white finish, baked-on at a high temperature. The base coat and finish coat are *baked on separately*. This careful process makes a thicker coat that penetrates deeper and so preserves the walls longer—makes them durable and water-resistant. The frame is made of 20-gauge gray enameled metal. The concrete base has an integral zinc plated cast iron floor drain with a removable strainer plate and caulking flange for connection to 2-inch pipe. Caulking compound furnished for caulking joint where panels meet base. A shower curtain with hangers and curtain rod are included.

Modern Fittings: The fittings include mixing valve, water-saving shower head that concentrates the water in a direct spray (shower head is threaded for ½-inch pipe), hot and cold indexed handles, shower arm, and a handy soap dish within easy reach.



Accurately made quick and easy installation. Side walls are reversible for either right or left hand installation. Complete, easy-to-follow assembling and installing instructions are included. Can be set up in the bathroom, basement or garage, etc. Can be easily combined with a lavatory or toilet, or both, in many space saving arrangements. See facing page for vitreous china toilets and lavatories. This useful cabinet shower is available on small monthly payments under Sears Easy Payment Plan. You need pay only ⅓ of the cash price as down payment. See inside back cover for complete details.

42 KM 6905—Cabinet Shower with Fittings. Shipping weight, 308 pounds.....**$37.25**

Water-Saver Head gives strong even shower

Handy Soap Dish keeps soap always within reach

Indexed Handles Sure-grip; On or off in quarter-turn

Sears sanitary, white Toilet Seats
to replace seats that are old, cracked or worn

$4.49 [A] **Aristocrat Toilet Seat.** Sears finest seat .. your best buy .. both for the long-lasting luster of its gleaming white finish and for its durable, strong construction that gives you many years of satisfactory service. The hardwood core is made from specially selected 1¼-inch stock. No joints to come apart. Both the front and the back of the seat are doweled (reinforced) to prevent warping and splitting. Five coats of fine quality white finish—two more than on ordinary toilet seats—are sprayed on for a coating that is even, smooth and seamless. The coating is carefully buffed and polished to a high luster. Easy to keep clean. Hinge posts are 5½ inches center-to-center; fit standard bowls. Complete with hinge, nuts, washers and bumpers.

42 K 3705—Shipping weight, 9 pounds.....**$4.49**

$5.59 [B] **Open-front Toilet Seat.** Modern design seat for maximum sanitation. This good-looking open-front style is ideal for use in homes, schools, hotels and other public institutions. Meets exacting code requirements. Made of 1¼-inch hardwood stock; back of seat is strongly reinforced with spiral dowels. The same fine quality, sprayed-on white finish, as on seat 42 K 3705 above, is buffed and polished to a high gloss. It is smooth; seamless and easy to keep clean. Hinge posts are 5½ inches center-to-center; will fit all standard size bowls. Comes complete with hinge, nuts, bumpers and washers.

42 K 3745—Shipping wt., 9 lbs.....**$5.59**

$3.25 [C] **Quality Toilet Seat.** Better than Challenge model below. Seat is 1-piece core molded from treated 1¼-in. wood fiber with hardwood cover. 3 coats of sprayed-on white finish. Hinge posts, 5½ in. center-to-center; fit standard bowls. Complete with hinge, etc.

42 K 3703—Shipping wt., 9 lbs.....**$3.25**

$2.49 [D] **Challenge Toilet Seat.** Seat and cover are 1-inch hardwood stock. Doweled construction. 3 coats of white finish. Hinge posts; 5½ in. center-to-center; fit all standard bowls. Hinge, etc. are included.

SEARS EASY TERMS are available for all merchandise when your order amounts to $10 or more. See inside back cover of this catalog for complete details of Sears Easy Payment Plan.

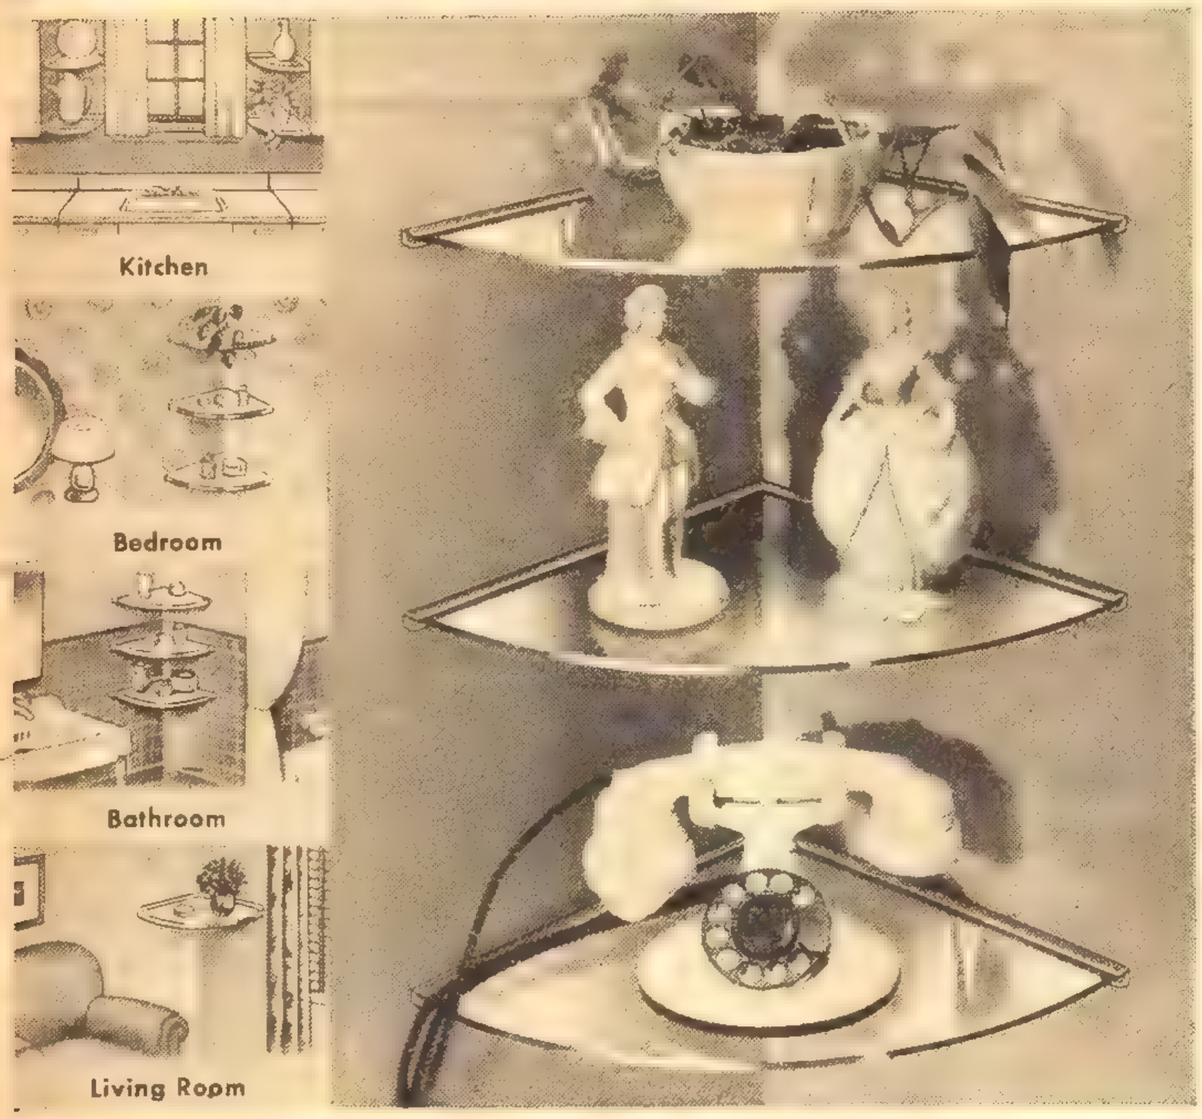
White Flat Rim China Sinks Are acidproof and stainproof

A **$6.70** Sink only

Made of high quality clay that is coated with a deep, glass-like vitreous glaze. The gleaming surface of these sinks cannot discolor because it is both *acidproof and stainproof*—will remain glistening white through many years of hard service in your home. Durable too—will not craze (show fine hairline cracks).

Specifications: Overall size, about 20x18x7 inches. Basin, about 17½x15½x6½ inches deep. Drilled in center for a 4½-inch strainer. Available with or without fittings. (*Trap not included*, order from opposite page.)

Ideal for small kitchens and building into standard sink cabinet tops as shown at left. For plastic sink trim and linoleum top to complete your installation, see description [B] below. Installation instructions furnished.



42 KM 4211—**White Flat Rim China Sink without fittings.** Not mailable. Shipping weight, 35 lbs. **$6.70**

42 KM 4212—**White Flat Rim China Sink with fittings** that include ledge-type mixing faucet and 4½-inch flat strainer. Not mailable. Shpg. wt., 45 lbs. . **$12.35**

B **Plastic sink rim** protects edges of linoleum and guards against seepage of water under linoleum top. ¼-inch bead exposed. Cement, screws, installation instructions are included. Shipped from factory in Chicago. You pay transportation charges from there. Order from our nearest mail order house. **State color when ordering: cream, red or black.**

37 K 149F—**Sink rim for sink described above** (will not fit any other sink). Size, 20x18 inches. Mailable. Shpg. wt., 2 lbs. 6 oz. . . . . Each **$1.89**

To complete your installation, you will also need linoleum for the cabinet top, see page 682; plastic utility cove where cabinet and wall meet, and plastic counter edging for edges of cabinet, see page 681.

Modern Glass Corner Shelves

$1.98 Set of 3

- Add utility to kitchen or breakfast nook.
- Provide extra convenience to the bathroom.
- Create a charming effect in the bedroom.

Attractive, sturdy, can be installed in any square corner—are large and strong enough to hold a telephone, small radio or toaster. These modern shelves add convenience and beauty to any room in your home. They will hold a clock, teapot and spice jars in the kitchen. Will give a finished appearance to the end of a row of wall cabinets or between a wall cabinet and window (see small illustration at the left). In the bathroom, they are especially useful for shaving articles, cosmetics or extra towels. In the bedroom they will hold toiletries, knick-knacks or a favorite picture. They will add to the decorative scheme of your livingroom with ivy plants, china figurines, books, novelties, etc. You can use a group similar to the illustration at the left or you can arrange your own favorite knick-knacks.

The shelves are easily and quickly installed with a screwdriver. All you need do is fasten the grooved-bracket for each glass shelf to the wall or side of a kitchen cabinet. Next, slide the glass shelf right into the bracket—and the job is done! Can be installed singly or in sets. Instructions are furnished.

A set includes brackets, screws, heavy glass shelves, 3/16-inch thick, 11½ inches wide on each side, 16 inches across the front. Front edges have been ground smooth for a finished appearance. For smaller shelves or shelves in varying sizes, cut straight sides of shelf with a glass cutter to the size desired. Accessories shown in illustration are not included.

Scientific Sewage Disposal System protects your family's health

Installing Instructions furnished on request
Ask for No. 2563 K

A $29.50 160-gal. Tank **Long-lasting, Vitrified Clay Septic Tanks.** Provide maximum scientific "city-type" sewage disposal for your home. No chemicals required. Sewage flowing into tanks is completely decomposed by its own bacteria before it flows into drainage bed, where the harmless liquid seeps into the soil. Provide enduring, trouble-free service because they are made of heavy, high quality salt-glazed vitrified clay, one of the most durable materials developed for this purpose. Cannot rust, rot or corrode. Complete with baffles fused into place, connector between tanks. *Covers, base not included* (both can be made of concrete). Inlet, outlet connections fit 4-in. inside diam. pipe or tile. For drain tile, fittings to complete your sewage system installation, see below.

42 KM 3090F—State capacity. Shipping notice below.

160-gal. capacity. For up to 5-person household. 2 vertical tanks, each 24-in. inside diam. by 48 in. high. Shpg. wt., 1100 lbs.. **$29.50**

200-gal. capacity for up to 7-person household. 2 tanks, each 24-in. inside diam. by 60 in. high. Shpg. wt., 1400 lbs..... **$36.50**

240-gal. capacity for up to 9-person household. Same sizes as 160 gal. size above, but with 3 tanks. Shpg. wt., 1650 lbs..... **$42.50**

300-gal. capacity. For up to 11-person household. Same sizes as 200 gal. size above, but with 3 tanks. Shpg. wt., 2116 lbs. **$51.50**

B $7.50 12-gal. Capacity **Grease Trap.** Separates grease from drain lines from kitchen sink, bath tub and laundry tub so that grease will not affect septic tank action. Made of same high quality long-lasting salt-glazed vitrified clay as septic tanks. Comes complete with burned-in outlet baffle. 12-in. inside diam. 36 in. high. Inlet, outlet openings for 4 in. inside diam. pipe. Shipping notice below.

42 KM 3083F—Shpg. wt., 190 lbs..... **$7.50**

SHIPPING NOTICE: Septic tanks and grease traps shipped from factory at St. Louis, Mo. or Red Wing, Minn.—you pay freight from there. Order from your Sears mail order house.

C D E Sears Perforated Drain Tile and Fittings. Made of high quality composition infused with specially refined hard pitch. Evenly perforated for maximum seepage. Durable and long lasting. Records show this type of tile has provided trouble-free service underground for more than 40 years. Highly resistant to shock—supports twice the load required by American Society for Testing Material Code for clay tile. Not affected by moisture, acids or freezing. No need to replace sections. Light and easy to handle, making quick installation possible. Instructions furnished. For quantities to use, see table at right, above.

Kind of Soil	Perforated Drain Tile Needed Per Person
Clean coarse sand or gravel.....	12 feet
Fine sand or light loam.....	20 feet
Fine sand with some clay or loam..	30 feet

42 K 1159—Shpg. wt., 2 lbs. 5 oz..... **32c**

Write Sears Personal Service Dept. for pipe and fittings not listed above. Extra heavy soil pipe also available.

Sturdy Concrete Laundry Tubs and Fittings

$9.95 tub only **Double Compartment Laundry Tub.** Here is an excellent quality laundry tub that will more than meet your washday requirements. It is constructed of concrete that has an extremely smooth finish so that no surface roughness remains to snag your fine and delicate fabrics. Smooth edge around top protects your clothing and hands.

Tub has two large separate compartments—each is 24x24 in. at top, 14 in. deep inside. There is plenty of room to soak, wash or rinse your family's clothes. Wringer will fit on center wall or on either end of the compartments. Overall tub dimensions: 48 in. wide, 24 in. front to back, 16 in. high.

42 KM 4071F—Concrete Laundry Tub without stand or fittings. Double Compartment. Shipped from Chicago, Detroit or Cincinnati. You pay freight charges from point nearest to you. Order from your mail order house. Shpg. wt., 375 lbs..... **$9.95**

42 KM 4069—Double Compartment Laundry Tub with fittings. As above but with strong metal stand (overall height of tub with stand, 32 inches), complete with fittings that include clamp-on type mixing faucet. Rough finish swing spout is threaded for standard hose connection. Has two ½ inch pipe connections for hot and cold water. Fittings also include funnel connection and 1½ inch cast iron trap to wall. Shipped from mail order house only.
Shpg. wt., 400 lbs..... **$15.70**

Easy Terms available on everything at Sears. See inside back cover for complete details

High quality Steel Pipe and Fittings for plumbing, heating, water systems

Inside Diam. Inches	Shpg. Wt. Per 100 Ft., Lbs.	42 KM 1000P [A] BLACK Per Foot	42 KM 1001P [B] GALV. Per Foot	Threads per End if Cut

SEARS EASY TERMS available on orders of $10 or more. See inside back cover for details

Steel Pipe Accessories

[W] **Pipe Joint Compound.** Makes threaded connections leakproof. Won't harden or crack. 1-lb. jar. Wt., 1 lb. 4 oz.
42 K 2299....**19c**

[Y] **Thread Cutting Oil.** High quality, lard base. Meets Federal specification VV-0-251. ½-pint bottle Wt., 1 lb.
42 K 2285....**21c**

[X] **Pipe Joint Compound.** Same as [W] but in 4-oz. tubes.
42 K 2298—Shpg. wt., 6 oz.....**10c**

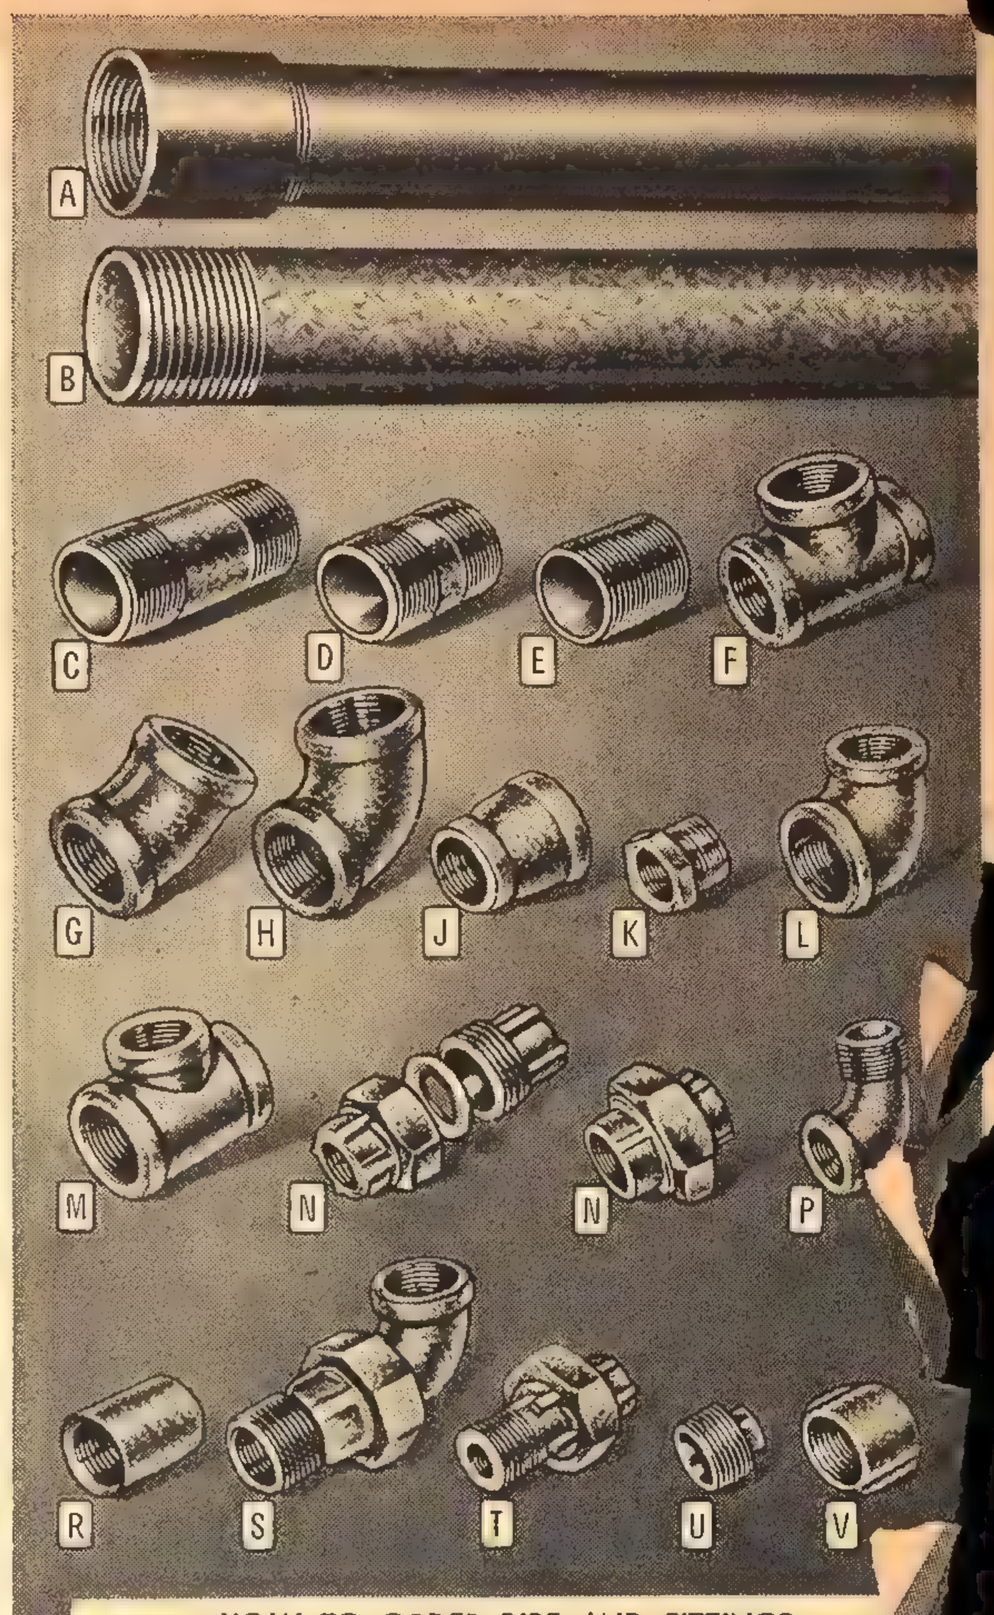
[Z] **42 K 1287—Pipe Straps.** Fasten pipes to walls; ceilings. State size of pipe for which straps are to be used.

In.	Wt. per Doz.	Doz.
¼	5 ounces	5c
⅜	6 ounces	6c
½	8 ounces	6c
¾	12 ounces	8c
1	1 lb. 4 ounces	12c
1¼	1 lb. 5 ounces	14c
1½	1 lb. 8 ounces	20c
2	1 lb. 12 ounces	24c

[AA] **42 K 1288—Pipe Hooks.** For suspending pipes.

State Pipe Size	State Length	Shipping Weight	Per Doz.
½-in.	6-in.	3 oz.	14c
	8-in.	4 oz.	16c
¾-in.	6-in.	4 oz.	16c
	8-in.	5 oz.	23c

[BB] **Valve Packing.** Wick style. Graphited asbestos. A leakproof packing for all sizes of valves; faucets. 30-in. long.
42 K 2202—Wt., 1 oz....**10c**



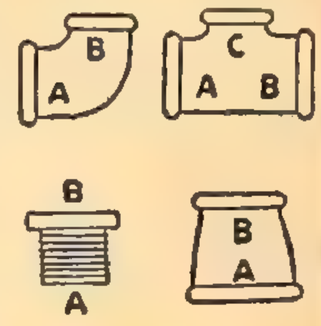
Repair Parts for Water Heating Equipment

TO ORDER RINGS AND WICKS: Give numbers on burner, catalog number of heater or diameter and height of wick carrier.

[CC] **Hot Water Tank Repair Plugs.** Stop that leak in your tank with this handy plug. Will last life of tank. Toggle bolt type for stronger grip. Easy to install—instructions included. Shpg. wt., 4 oz.
42 K 2296..... Each **17c**

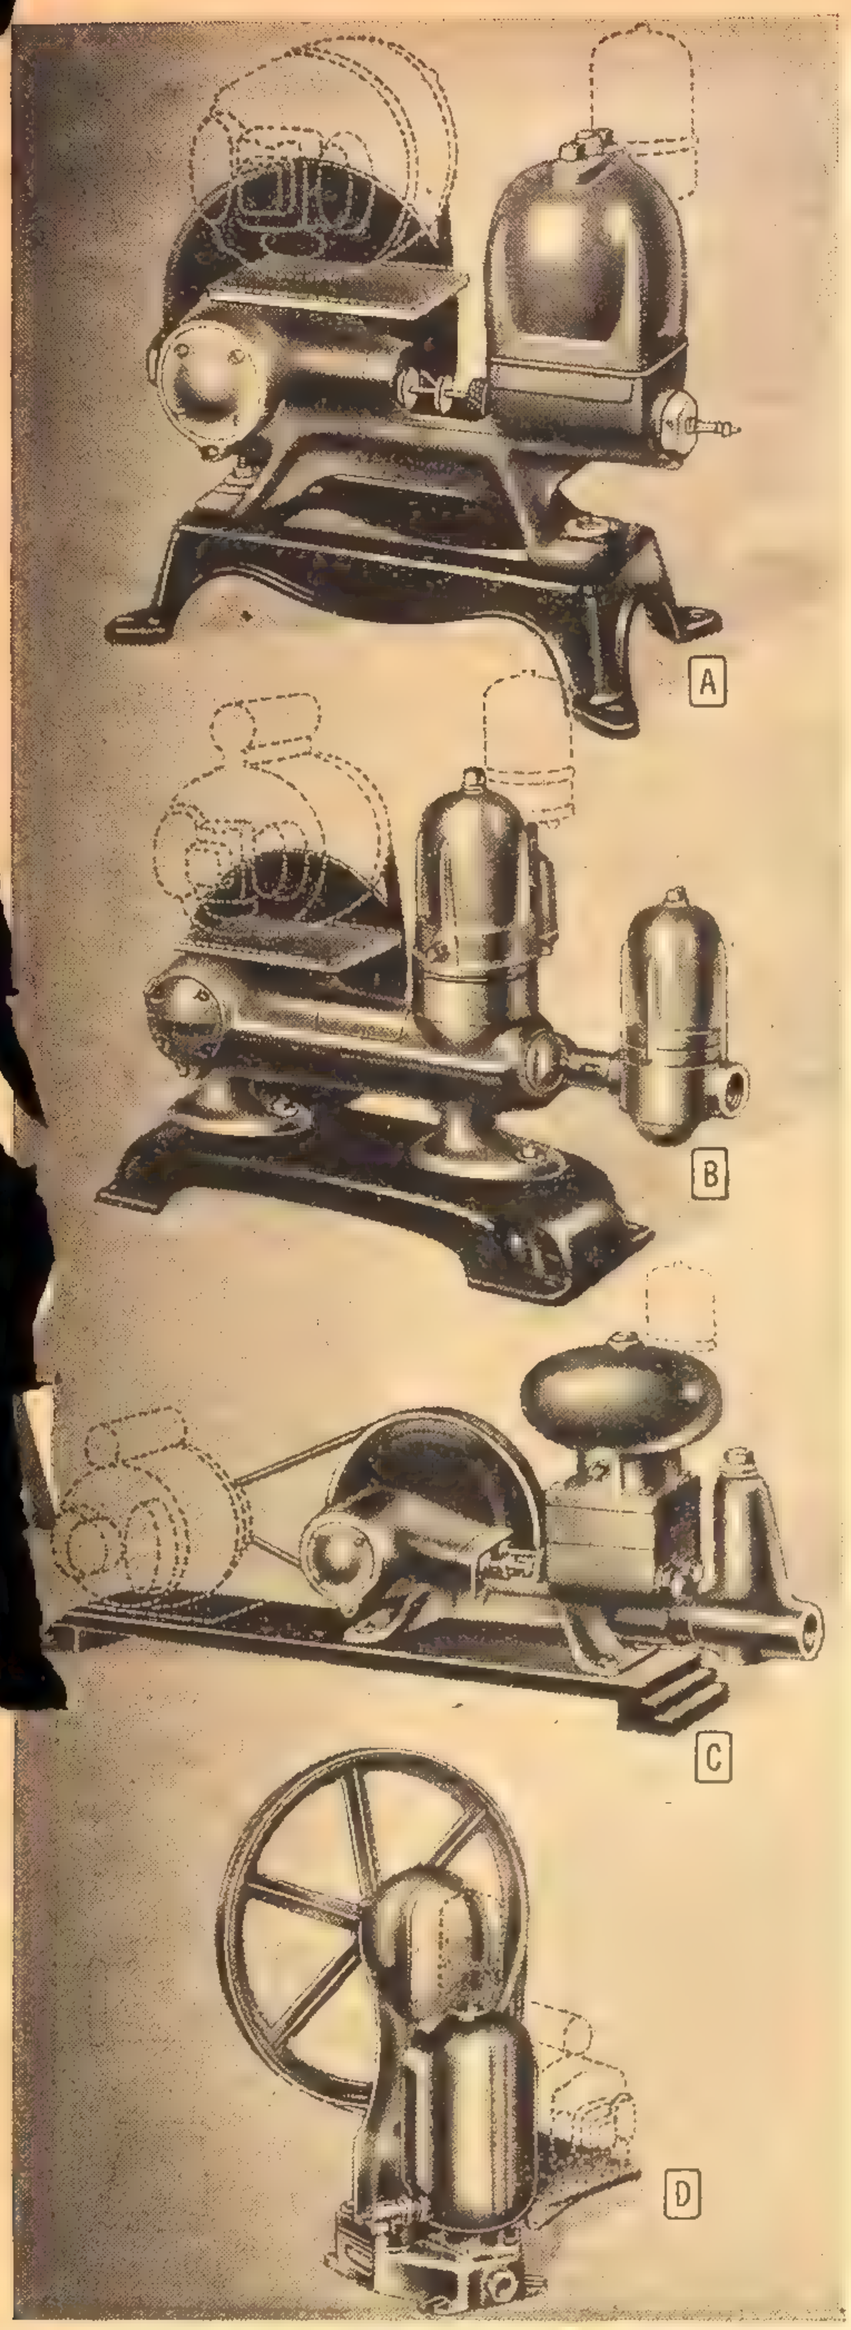
[DD] **42 K 3474**—Wicks for kerosene water heater 2573. Wt., 6 oz. Each. **60c**

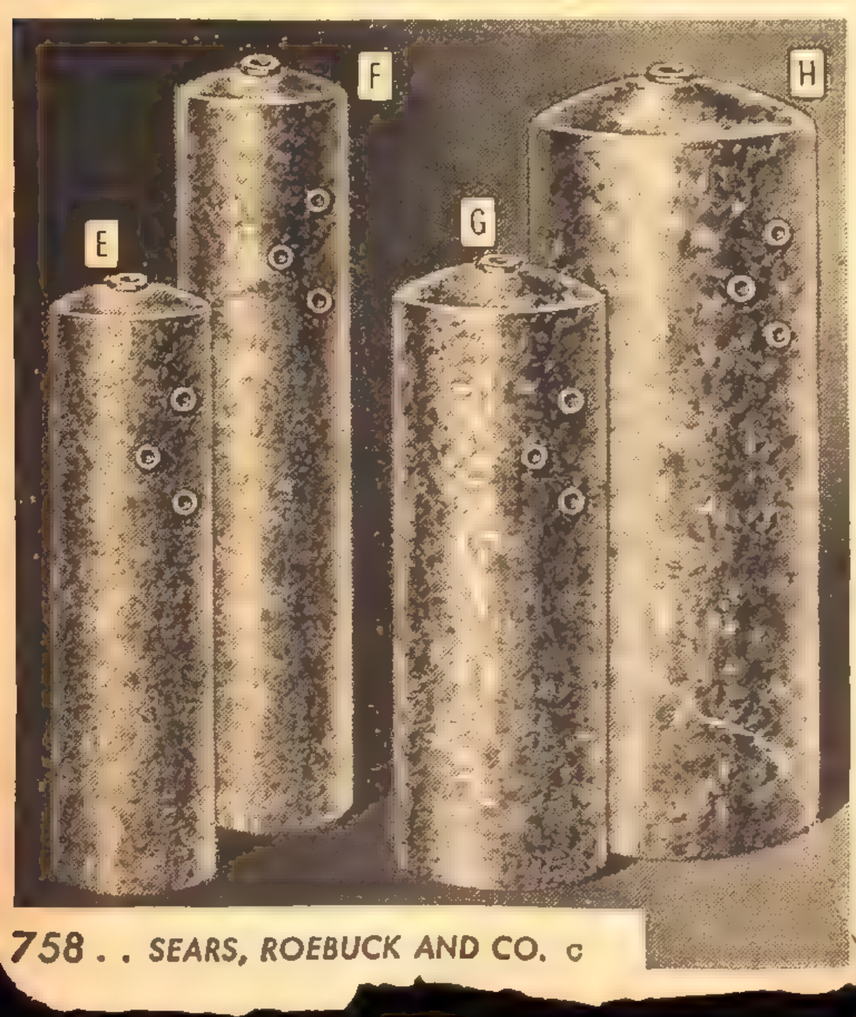
[EE] **Asbestos Rings** for kerosene water heaters 3475, 3473, 3464, 3462, 3461, 3460, 3457, 3453, 3452, 2562, 2560.
42 K 3463—Wt., 6 oz.....Pkg. of 3 sets **21c**
Asbestos Rings for kerosene water heaters 3476; 2576. Wt., 6 oz. 2 wicks per set.
42 K 3465—Pkg. of 3 sets..... **43c**



HOW TO ORDER PIPE AND FITTINGS

Pipe: Place a string around size of pipe you want and hold string firmly where ends touch. Then place string over ruler to find its length. See tables below:





String Length	Pipe Size	String Length	Pipe Size
1¾-in.	½-in.	5¼ in.	1¼-in.
2⅛ in.	⅜-in.	6 in.	1½-in.
2⅝ in.	½-in.	7½ in.	2 -in.
3¼-in.	¾-in.	9 in.	2½-in.
4⅛ in.	1-in.	11 in.	3 -in.

Fittings: Order same size as pipe. For example, a 1-in. elbow or valve fit a 1-in. pipe. When ordering reducers, bushings and elbows, give size **A** and **B** (see sketch at right). For tees, give **A** first, then **B** and **C**. Tees reduce at **B** or **C** or both.

Replacement Pump Assemblies

How to Order Replacement Assemblies for existing water systems

If the mechanical part of your existing water system is worn out or damaged beyond repair, you can buy, as a repair part, a new replacement pump assembly of the same capacity without a ration certificate. The Government has made certain replacement pump assemblies available so that you can keep your present water system operating at peak efficiency and economy. The Government requires, however, that you order only those parts that are absolutely necessary to put your existing system in good working condition.

The various units that make up a complete pump have been assembled in a number of combinations so you can order the one that includes only those parts that are worn out or damaged beyond repair. Assemblies are listed below. They have the same Ever-Ready features that have made Ever-Ready Automatic Electric pumps so well known for long-lasting and trouble-free service.

Follow these steps in making out your order:

1. Choose the assembly listed below that includes only those parts needed for repair.
2. Write up your order on a Sears Order Blank.
3. Then, write on your order one of the following statements, whichever applies to your selection.

   Statement No. 1—My pump body, motor and switch are all damaged or worn beyond repair.

   Statement No. 2—Only my pump body is worn out or damaged beyond repair.

   Statement No. 3—Only my pump motor and body are worn out; damaged beyond repair.

   Statement No. 4—Only my automatic switch and pump body are worn out or damaged beyond repair.
4. Last, sign the statement you have written.

250-gallon-per-hour capacity

A $39.50 — 42 KM 2905

Pump, Motor and Switch Assembly. Square deck-style pump is galvanized inside and out to resist corrosion; cast iron base is painted to guard against rust. Assembly includes pump, ¼-h.p. split-phase motor, pressure switch, belt and base. For 110 to 120-volt, 60-cycle A.C. Order under Statement No. 1; see "How to Order" above. Shipped from nearest mail order house.
42 KM 2905—Shpg. wt., 90 lbs.....**$39.50**

Pump and Motor Assembly only. Without switch. Order under Statement No. 3 above. Shpg. notice below.
42 KM 2650F—Shpg. wt., 89 lbs.....**$37.50**

Pump and Switch Assembly only. Without motor. Order under Statement No. 4 above. Shpg. notice below.
42 KM 2651F—Shpg. wt., 60 lbs.....**$31.25**

Pump Assembly only. Without switch and motor. Order under Statement No. 2. Shpg. notice below.
42 KM 2652F—Shpg. wt., 59 lbs.....**$28.95**

350-gallon-per-hour capacity

B $48.75 — 42 KM 2973

Pump, Motor and Switch Assembly. Streamlined style pump is galvanized to resist corrosion; cast iron base is painted to guard against rust. Assembly includes ¼-h.p. capacitor motor, pressure switch, belt and base. For 110 to 120-volt, 60-cycle A.C. Order under Statement No. 1 above; see "How to Order" above. Shipped from nearest mail order house.
42 KM 2973—Shpg. wt., 110 lbs.....**$48.75**

Pump and Motor Assembly only. Without switch. Order under Statement No. 3 above. Shpg. notice below.
42 KM 2653F—Shpg. wt., 109 lbs.....**$46.50**

Pump and Switch Assembly only. Without motor. Order under Statement No. 4 above. Shpg. notice below.
42 KM 2654F—Shpg. wt., 79 lbs.....**$38.50**

Pump Assembly only. Without motor and switch. Order under Statement No. 2. Shpg. notice below.
42 KM 2655F—Shpg. wt., 79 lbs.....**$36.50**

500-gallon-per-hour capacity

C $69.95 — 42 KM 2982

Pump, Motor and Switch Assembly. For a large capacity water system. Sturdy construction. Assembly includes galvanized twin cylinder pump, powerful ⅓-h.p. capacitor motor, automatic pressure switch, belt and painted cast iron base. For 110-volt, 60-cycle A.C. Order under Statement No. 1; see "How to Order" above. Shipped from nearest mail order house.
42 KM 2982—Shpg. wt., 147 lbs.....**$69.95**

Pump and Motor Assembly only. Without switch. Order under Statement No. 3 above. Shpg. notice below.
42 KM 2656F—Shpg. wt., 146 lbs.....**$67.95**

Pump and Switch Assembly only. Without motor. Order under Statement No. 4 above. Shpg. notice below.
42 KM 2657F—Shpg. wt., 107 lbs.....**$57.95**

Pump Assembly only. Without switch and motor. Order under Statement No. 2. Shpg. notice below.
42 KM 2658F—Shpg. wt., 106 lbs.....**$55.95**

Deep Well Replacement Pump Assembly

D $59.95 — 42 KM 2985

Pump, Motor and Switch Assembly. Includes 3-inch stroke deep well head with ⅓-h.p. capacitor motor, built-in check valve, relief valve, automatic pressure switch and belt. Spring-loaded check valve and Timken roller bearings. For 110 to 120 volt, 60-cycle A.C. For 1 13/16-inch cylinder. Order under Statement No. 1 above. Shipped from nearest mail order house.
42 KM 2985—Shpg. wt., 135 lbs.....**$59.95**

Pump and Motor Assembly only. Without switch. Order under Statement No. 3 above. Shpg. notice below.
42 KM 2659F—Shpg. wt., 134 lbs.....**$57.50**

Pump and Switch Assembly only. Without motor. Order under Statement No. 4 above. Shpg. notice below.
42 KM 2660F—Shpg. wt., 100 lbs.....**$47.50**

Pump Assembly only. Without motor and switch. Order under Statement No. 2. Shpg. notice below.
42 KM 2661F—Shpg. wt., 99 lbs.....**$45.50**

SHIPPING NOTICE: **All assemblies ordered under Statements 2, 3, 4 are shipped from factory in Ohio. You pay transportation from there. Order from mail order house.**

Galvanized Steel Storage Tanks

Can be used with any make pump assembly. Tested before galvanizing to insure a perfect weld; surface scale is removed with an acid solution to produce a clean base for better galvanizing. Zinc galvanized inside and out for longer tank life. Tops and bottoms are of extra heavy gauge metal for added strength and safety. Electro-welded seams for strong leakproof construction. Pressure tested before galvanizing for 150 pounds; guaranteed working pressure of 75 pounds. Tanks have six tappings for easy installation in various vertical positions. Inlet, outlet and air volume control tappings are 1¼ inches in size—have clean deep threads for airtight connections. Available in four different sizes and shapes to suit the capacity of your water supply system and your particular installation problems. No priority is needed if storage tank is purchased as a repair part for existing water systems. For new installations, see "How to Order Pumps," section 7-D on page 753.

42 KM 3189P—Be sure to state the capacity wanted when ordering.

E 24-gallon capacity—12x48 in. in size. Shpg. wt., 56 lbs.....**$12.95**

F 30-gallon capacity—12x60 in. in size. Shpg. wt., 69 lbs.....**$13.95**

G 42-gallon capacity—16x48 in. in size. Shpg. wt., 83 lbs.....**$16.95**

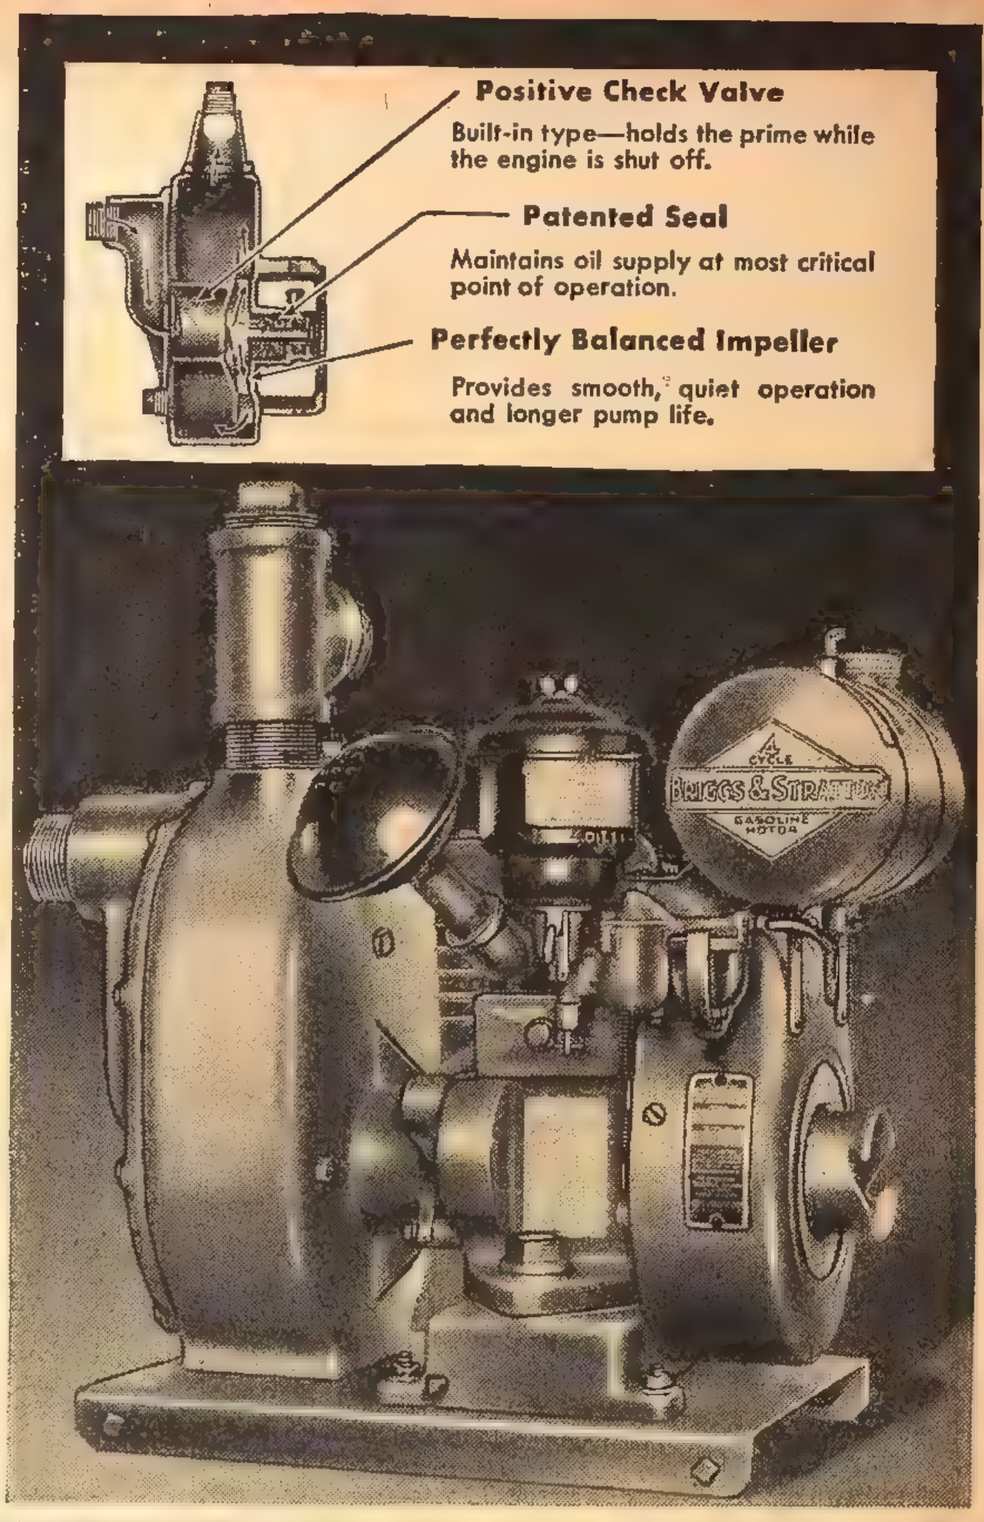
H 82-gallon capacity—20x60 in. in size. Shpg. wt., 163 lbs.....**$29.95**

How to Order Pump Repairs for Sears Pumps

When ordering pump repairs for Sears pumps, please give us the following information.

1. Model number found on the plate or tag fastened to the pump.
2. Catalog number of pump.
3. Number of the part.
4. Name of the pump.
5. Year pump was purchased from Sears.

If you do not know the number and name of the part, send a sketch of the part with your order for replacement to prevent unnecessary delay.



NOTE: Repair parts for pumps are not rationed; no certificate for ordering is needed.

SEARS EASY TERMS are available for all pumps, parts and repairs. See inside back cover for details.

Self-Priming Centrifugal Pumps

- Ideal for irrigation on farms for greater crop yield.
- Pump up to 15,000 gallons of water on 1 gallon of fuel.
- Compact—can be carried; will fit into auto trunk.

$99.50

Greater crop yield is every farmer's aim . . . especially in keeping with the Government's drive for increased food production. Irrigation is one of the best means for realizing that aim. Here is a high efficiency, self-priming, engine driven centrifugal pump that is ideal for this purpose and other small pumping jobs. Streamlined in design. Saves power and fuel because it does not require recirculation of a large percentage of its capacity to keep it primed.

Is self-priming—has no recirculation devices that clog or jam and so decrease efficiency. Before pump is first started, fill pump case with water. From then on, it does not have to be primed manually each time pumping is interrupted. Pumps up to 15,000 gallons of water on one gallon of fuel. Has a 3000 gallon per hour pumping capacity.

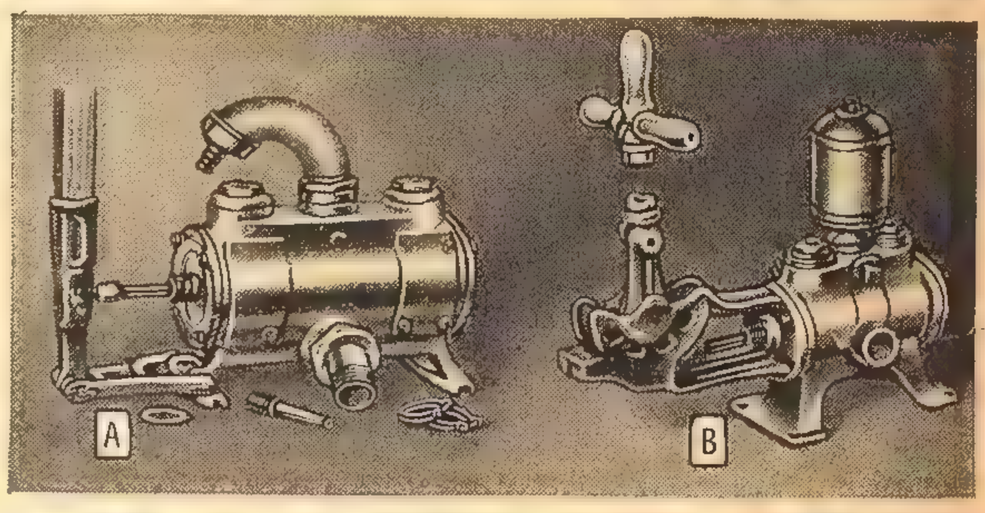
Small, compact and portable. Pump is small in size—only 10 inches wide, 20 inches long and 19 inches high—will fit into an automobile trunk. Light in weight and equipped with handle—a man can carry it easily.

Specifications of pump: Pump has a cast iron case mounted on a steel base. Open impeller handles dirty water; built-in check valve holds the prime while engine is shut off (see cutaway view at upper right). Pump suction and discharge are tapped with 1½-inch iron pipe threads. NOTE: This is a lift and not a pressure pump. Will deliver 3000 gallons of water per hour when lift is not over 10 feet, but will deliver water at a reduced capacity when pump is installed 25 feet above water.

Specifications of motor: 1½ H.P. Briggs & Stratton 4-cycle, air-cooled gasoline engine with patented shaft seal to maintain oil supply (see cutaway view at upper right) between pump body and engine. Equipped with speed changer—operates at a speed of 3000 R.P.M. Fuel capacity, ½ gallon.

Pump is complete with engine mounted on steel base, specially designed, non-clogging deep drawing type, air cleaner, rope starter, spark plug wrench and muffler. Complete operating instructions are included.

EASY TERMS ARE AVAILABLE. You can obtain this useful, efficient self-priming pump on Sears Easy Payment Plan for only ⅓ down and the rest in easy monthly payments. See inside back cover of this catalog for complete details.



Rationed, see page 753 before ordering.

42 KM 2735PF—Self-priming Centrifugal Pump. Shipping weight, 95 lbs. **$99.50**

SHIPPING NOTICE: Pump is shipped from factory in New Jersey. You pay freight from there.

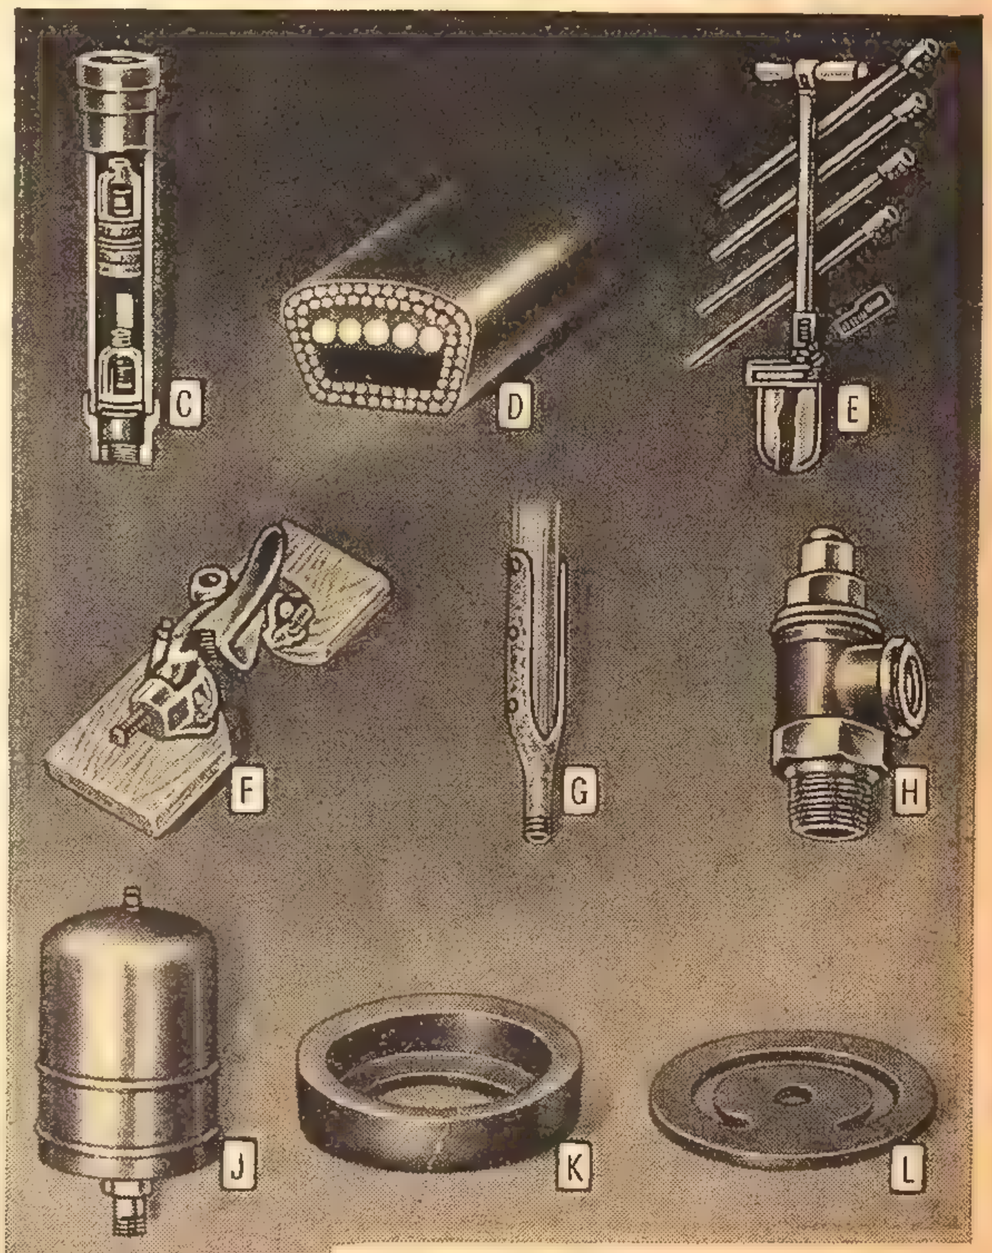
42 K 02334—1½-inch suction hose. 15 foot length. Complete with male and female couplings on opposite ends. Shipped from nearest Mail Order house. Shipping weight, 20 pounds..... **$11.49**

Horizontal Heavy-duty Cast Iron Hand Pumps

A Portable Tank Pumps. For filling tanks, emptying ditches, cess pools, etc. Heavy duty cast iron. Capacity, 1500 gal. per hour, at 30 strokes per minute. Double-acting, 5-in. diam. cylinder has 5-in. stroke. Vertical suction lift is 25 feet. Max. pressure, 50 lbs. Adjustable discharge head. Suction, discharge head tapped for 2-in. pipe or flexible hose connection. 42-in. wood handle, 1-in. hose clevis; nozzle. **$15.50**

Not restricted to farmers, see "How to Order", page 753. Restricted to non-farmers, see page 753.

42 KM 2566P—Shpg. wt., 75 lbs. . . . **$15.50**



42 K 2307—5-inch Plunger Leathers. Shpg. wt., for two, 1 lb. . . . . 2 for **89c**

B Heavy duty Hand Pumps. For forcing water into pressure tank or overhead storage tank. Heavy cast iron with strong ratchet construction for easier operation and less wear on moving parts. Pumps 385 gallons per hour at 30 strokes per minute. Suction lift, 25 feet, horizontal draw, up to 200 feet. Forces water vertically 115 feet. Has a 3-inch cylinder with 5-inch stroke. Tapped for 1½-inch suction and 1-inch discharge head. Has reversible front and back cylinder heads. 31-inch wood handle. **$17.95**

Not restricted to farmers, see "How to Order", page 753. Restricted to non-farmers, see page 753.

42 KM 2588P—Shpg. wt., 70 lbs. . . . **$17.95**

Pump Accessories at Sears low prices

C Outside Cap Cylinders. 10-inch stroke. Easily and quickly installed. Plunger removable without lifting cylinder from well. Non-sticking poppets help provide uninterrupted flow of water. Spring spool valves. ¾-inch pipe thread fits rod [G] described at right.

42 K 02323—State inside diameter.

Inside Diam. In.	Barrel Length In.	Fits Inside Casing	Pipe Size Inches Top	Pipe Size Inches Bot.	Shpg. Wt. Lbs.	Each

c PAGE 759 . . . CENTRIFUGAL PUMPS

Sears Sturdy Hand Pumps

Three easy steps for installation

1 See sketches at right for your type of well; select pump at left. If pump will be set not more than 25 ft. above lowest water level, choose either pump [A], [B], [C], [E] or [F]. If you use pump jack or windmill choose pump standard [B]. If hand operated use [A] or [C].

2 See sketches below for equipment needed above water level for your type of well and your style of pump.

3 See sketches below for equipment needed near or below water level for your type of well and pump.

A $5.25 **Lift Pump, Standard only.** For wells up to 60 ft. deep. Flanged head adjusts to any direction. Tapped 22-in. above base for 1¼-in. pipe. Requires 4 ft. of pump rod and 22 in. of pipe to fit inside of standard. *Cylinder, pipe, rod, pail not included.* Not Restricted to farmers, see shield, upper left. Restricted to non-farmers, see page 753.

42 KM 2534P—Shpg. wt., 45 lbs **$5.25**

B $11.95 **Windmill Force Pump, Standard only.** Cast iron. 6-in. stroke by hand. 6, 8, 10-in. stroke for windmill or pump jack. For wells to 200 ft. Spout tapped 1¼-in. Pump tapped 22-in. above base for 1¼ and 1½-in. drop pipe. Not Restricted to farmers, see shield, upper left. Restricted to non-farmers, see page 753.

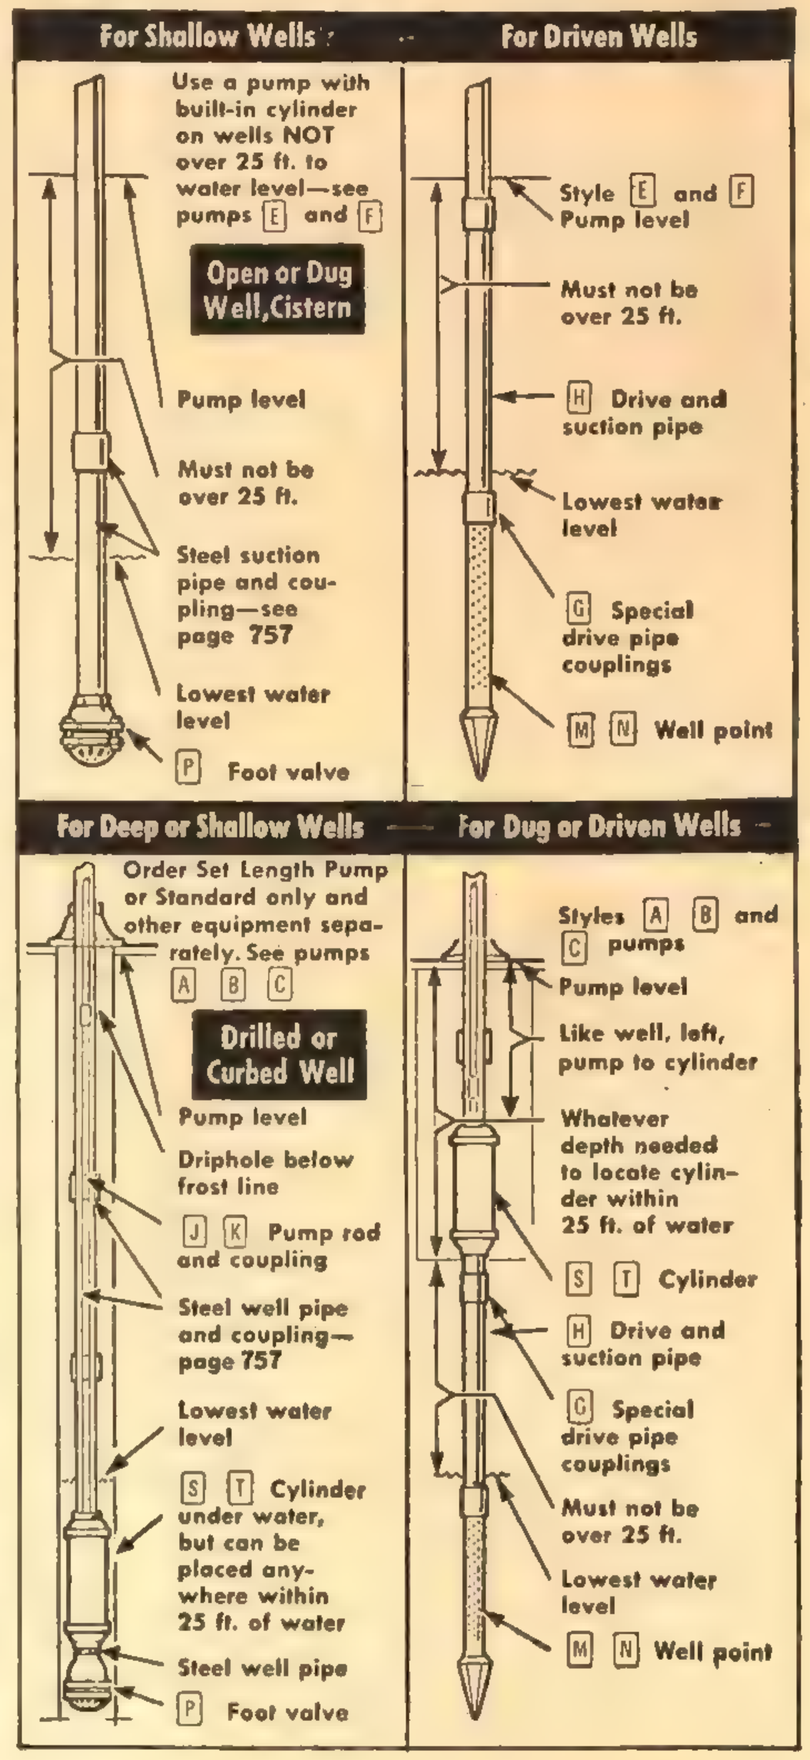
42 KM 2540P—Shpg. wt., 63 lbs..... **$11.95**

C Hand Force Pump, standard only. Same as pump [B] above, *without windmill top*. For 100-ft. wells. Not Restricted to farmers, see shield, upper left. Restricted to non-farmers, see page 753.

42 KM 2541P—Shpg. wt., 56 lbs..... **$8.50**

Windmill Force Pumps or Lift Pumps with complete set length assembly [D]. Includes pump standard cylinder [S], sufficient 1¼-in. drop pipe and rod to extend bottom of cylinder 4 ft. below base of pump. Cylinder must be placed where it will be within 24 ft. of the water at all times. If water level is less than 29 ft. below pump base, simply order enough additional drop pipe to reach from cylinder into the water. If the water is more than 29 ft. below pump base, order enough drop pipe and pump rod to lower cylinder to within 24 ft. of the water and include enough drop pipe to extend from cylinder into the water. Install foot valve at bottom of drop pipe. Submerging cylinder into the water provides better results. Not Restricted to farmers, see shield, upper left. RESTRICTED to non-farmers, see page 753.

New Pump Standard with Set Length



Type of Pump	Catalog Number	Size Cylinder Inches	Length of Stroke	Shpg. Wt., Lbs.	With Iron Cylinder [S]
A Lift Pump	42 K M2529P	3 x10	6 in.	65	$8.85
	42 K M2530P	3½x10	6 in.	69	9.75
B Windmill Force Pump	42 K M2531P	3 x10	6 in.	100	16.50
	42 K M2532P	3½x10	6 in.	102	16.95
	42 K M2533P	3 x16	10 in.	110	18.25

E $2.25 **Pitcher Pump.** Anti-freezing type. Handle adjusts to any direction. 3-in. cylinder. Oak tanned leathers. 25-ft. lift. Tapped for 1¼-in. pipe. 18 in. high. Not Restricted to farmers, see shield, upper left. Restricted to non-farmers, see page 753.

42 K 02570P—Shpg. wt., 22 lbs..... **$2.25**

F $5.69 **Hand Force Pump.** Lifts water 25 ft. Cast iron. 3-in. cylinder. Tapped for 1¼-in. suction pipe. Has ¾-in. discharge outlet under spout. Complete with built-in faucet for ¾-in. hose connection. 20 in. high. Not restricted to farmers, see shield, upper left. Restricted to non-farmers, see page 753.

42 K 02544P—Shpg. wt., 20 lbs..... **$5.69**

Pump Accessories to complete your Pump Installation

G H Drive Pipe, Couplings, galvanized 5-ft. pipe lengths easy to handle. Reamed and threaded ends join easily with couplings [G]. Pipe RESTRICTED, see page 753. State size.

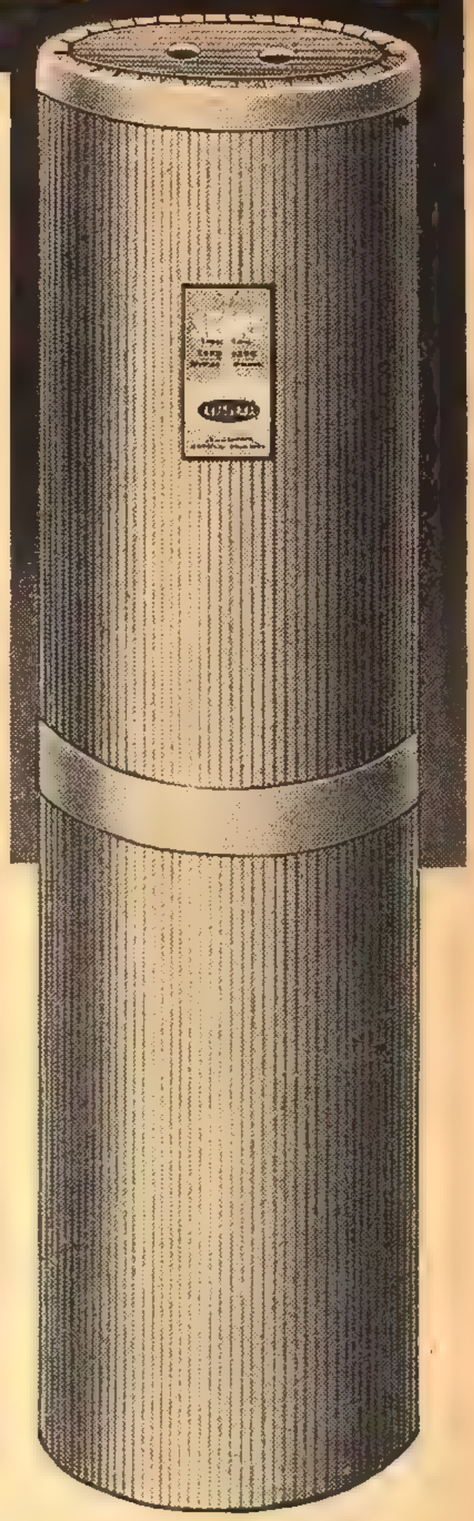
Unconditionally Guaranteed for 5 Years

Two layers of mirror-smooth glass
Inside of tank coated with specially processed glass . . . as smooth and sanitary as a drinking glass.



Glass lining is fused to steel tank
Glass and steel are actually fused together to form a lasting bond . . . not just a surface glaze.

Tank of extra heavy gauge steel
Made of a special grade of steel; about ⅓ thicker than that used in ordinary hot water tanks.

Outer glass coating to resist rust
Glass coating covers entire outside of tank to protect against corrosion due to "sweating."

Fuel-saving insulating jacket
Saves on fuel. Laboratory tests proved that jacket saves up to ⅔ of heat lost in bare tanks.

Tanks lined with mirror-smooth glass . . . will not rust out or leak!

$59.95

Specifications: 20-gallon capacity. Maximum working pressure, 127½ lbs. Recovery capacity, 28.3 gallons per hour at 60° temperature rise. Overall height, 61 3/16 in.; diameter, 14¼ in. Tappings: gas, ½-in., water, ¾-in., vent pipe, 3 in. Insulated with glass wool.

$21.50

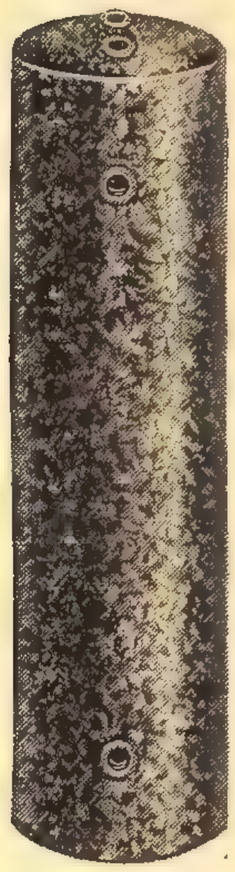
Specifications: 30-gallon capacity. 106 lbs. working pressure. Five standard 1-inch tappings. Overall size, 62 inches high by 14 inches in diameter. Complete with air-cell insulating jacket.

SAFETEST Automatic Gas Water Heaters

Our Own Trade Mark

Clean, hot water whenever needed—at a low operating cost is every homemaker's dream. It can be realized with this highly efficient water heater. It has two features of superiority over ordinary heaters. First, it is lined with tough, flexible glass that cannot rust, corrode, chip or crack. Cut-away view above shows just how glass is fused to the steel body. Tappings are made of stainless steel to prevent rust or corrosion. The second feature of superiority is the 1-in. thick fuel-saving "blanket" of glass wool that insulates the entire tank against wasteful heat loss. Outside jacket has a white enamel finish. Tank is mounted on a sturdy black steel base and legs.

The burner and controls have been scientifically designed so that they heat the water quickly, inexpensively and safely. The thermostat and snap-action safety pilot are completely automatic. The thermostat is adjustable and keeps water at desired temperature. Approved by the American Gas Association. Tank is guaranteed unconditionally for 5 years; will give many more years of trouble-free service. Available for natural, mixed and manufactured gas only. **State type of gas when ordering. Restricted, see page 753 before ordering.**



42 KM 3537P—Shipping weight, 142 pounds..... **$59.95**

Sears modern Hot Water Tanks

An unusual value in hot water tanks! Lined with rust-proof glass and insulated with a fuel-saving jacket, this tank will be a long-lasting investment for your home. Guaranteed unconditionally for 5 years. You can forget about the expense and the worry of getting critical repairs and replacements. Superior construction makes this possible—cut-away view above shows that glass lining is fused to [illegible] tank itself just like the glassy surface of your china sink. Water comes in [illegible] only with this sanitary [illegible] —even the tappings are protected with stainless steel against rust.

Body of tank is made of extra heavy gauge steel. Seams are [illegible] welded (fused into one solid piece—permanent, water-tight and [illegible]. Outer coating of sprayed-on glass helps resist rust due to damp [illegible] or low inlet water temperatures that cause "sweating". [illegible] sulated with an air-cell tank jacket, see complete [illegible] below. Note the chart on test results. Re[illegible] **ordering.**

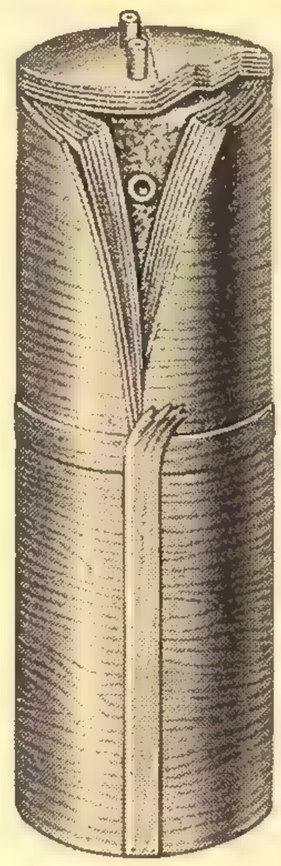
42 KM 3135P—Shipping weight, 90 pounds..... [illegible]

Galvanized Steel Hot Water Tanks

$8.95
30-gal. Std. Wt.

Zinc galvanized with electro-welded seams. Have 6 standard 1-inch tappings—tested with standard master gauges to assure tight fitting connections. Standard weight tanks are made of 14 gauge quality sheet steel, full standard weight. Extra heavy weight tanks are made of extra heavy weight (12 gauge) prime quality sheet steel—are stronger, longer lasting than standard weight. **Restricted, see page 753 before ordering.**

42 KM 3133P—State capacity when ordering.



30-gallon capacity — standard weight. 12x60 inches high. Test pressure, 150 lbs.; working pressure, 85 lbs. Shipping weight, 69 pounds..... **$8.95**

10-inch Grates for Sears Coal Water Heaters

Made of durable heavy cast iron. When ordering, be sure to state number of grates necessary and the number of your heater (shown on ash pit door or on the firing door lid).

42 K 03381—Shipping weight, 3 pounds..... Each **50c**

Sears Temperature Controls to regulate your heating system

$12.95
Standard Outfit only

- Save on fuel bills by preventing wasteful overheating.
- Be comfortable with controlled, steady, even heating.
- Save steps to the basement to regulate the draft doors.

You can now modernize your heating system and add to the comfort of your home with controlled heating. The Government has released a specified amount of material for the production of controls in line with its fuel conservation program. Sears improved temperature controls provide economical heating because they guard against wasteful overheating . . . less fuel is used and furnace is refueled fewer times. They provide an even, steady heat without the "roast-freeze" temperatures common to hand firing. No more needless running down to the basement to adjust the draft doors; you can regulate the thermostat from your easy chair upstairs.

Here is how it works: set thermostat to desired temperature. When heat in room drops below that of setting, damper motor opens draft and closes check damper in the basement to warm up your rooms almost immediately. When room regains desired temperature, the motor closes draft and opens check damper to prevent overheating.

Strongly constructed of quality materials accurately engineered and tested to assure dependability, these controls are a long-lasting investment for your home. Modern design thermostat has a beautiful ivory colored plastic case and base. Is extra sensitive—operates with as little as one degree temperature change. Low-voltage type—safe, uses minimum amount of electricity. Powerful damper motor has built-in transformer. No BX cable or conduit required between thermostat and damper motor. No radio interference. Easily and quickly installed. Complete instructions are included. Fit all hand-fired heating systems—warm air, hot water or steam. Outfit includes thermostat [A], damper motor [B], 33 feet of colored thermostat cable, 18 feet of chain, pulleys, staples [C]. For 110–120-volt 60-cycle, A.C.

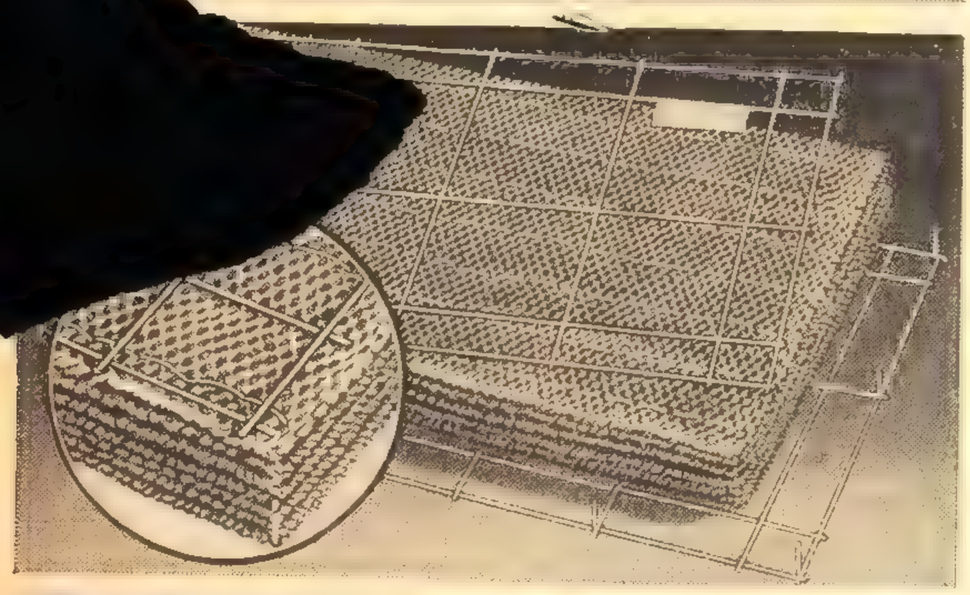
42 K 08870 — Standard Temperature Control Outfit. Shpg. wt., 9 lbs. **$12.95**

42 K 08814 — Standard Temperature Control Outfit as described above plus Limit Control [D]. For warm air furnaces only. Completes your temperature regulation—limit control [D] protects furnace from overheating. Saves fuel! Sturdily built; adjustable mounting flange. Shipping weight, 12 pounds **$17.95**

[D] **42 K 08888—Limit control only.** See description as part of outfit 42K08814 above. Use with any 2 or 3 wire damper regulator or as a control to operate furnace fan. Shipping weight, 3 pounds **$4.95**

Asbestos Pipe Covering reduces fuel costs

23c ½-in. size



Save fuel . . . save money . . . by insulating the pipes of your heating system with Sears Asbestos pipe covering. It will actually pay for itself in a few years. The wasteful heat loss that occurs in bare, uninsulated pipes is reduced from 20% to 30% when these pipes are insulated with this covering. Because the heat is kept in, less fuel is needed to keep your home at the desired temperature, with a resulting decrease in your fuel bills. Made of heavy, corrugated 3-ply air-cell asbestos with a smooth white glazed finish that is kept clean simply by wiping with a damp cloth. Easily and quickly installed—comes in convenient 3-foot lengths that can be cut to needed sizes for perfect fit. Bands for joining sections are included.

See page 762A for Sears Asbestos Cement to cover elbows and fittings.

42 K 08880—Order same size as inside diameter of pipe to be covered.

Size of pipe	½-in.	¾-in.	1-in.	1¼-in.	1½-in.	2-in.	2½-in.

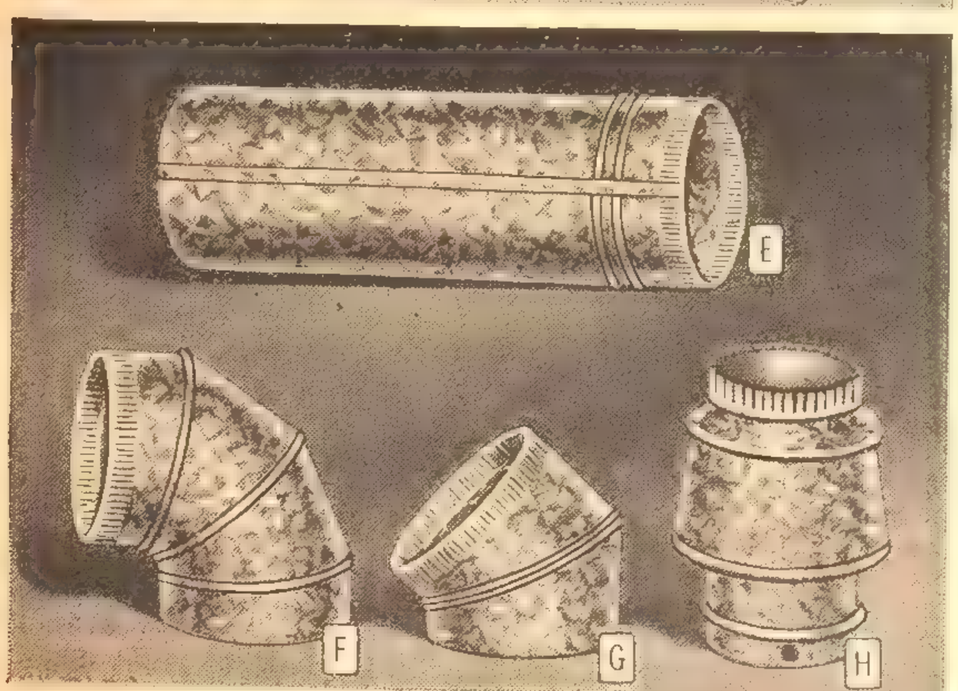
HOW TO ORDER PIPE COVERING: State inside size of pipe it is to cover. For pipe with 2-in. inside diameter, order 2-in. covering.

Hercules Air Filters help cut cleaning costs

$1.09 16x20x2 in.



You will save on cleaning costs when you replace clogged filters with new, efficient Hercules filters for forced-air units. They remove 90% of the dust that otherwise settles on walls, windows and curtains. Filters consist of a "self seal" pad held between two snap action wire grids. Pad is slightly oversize so that it fits snugly into filter holder; no dust can by-pass edge as in ordinary filters. Pad is made of 20 layers of fiber "honey-combed" with thousands of tiny baffles, to which a special non-drying non-drip adhesive is applied. Metal grids can be re-used; just replace the pad.

Filter Pad with Snap Wire Grid. For Sears or any other blower-filter units and forced warm air furnaces of following sizes.

42 K 8153—Be sure to state size.
16x20x2-in. size. Wt., 2 lbs. 8 oz. **$1.09**
16x25x2-in. size. Shpg. wt., 3 lbs. **$1.19**
20x20x2-in. size. Shpg. wt., 3 lbs. **1.19**

Replacement Filter Pad without wire grid. To replace pads when their dust-holding capacity is reached. Best results obtained when replaced twice a season.

42 K 8117—Be sure to state size.
16x20x2-in. size. Wt., 1 lb. 12 oz. **65c**
16x25x2-in. size. Wt., 1 lb. 12 oz. **75c**
20x20x2-in. size. Wt., 1 lb. 12 oz. **75c**

Repair with high quality Smokepipe and Fittings to reduce danger of fire hazards

[E] [F] [G] Replacing worn-out furnace fittings gives added protection against fire hazards. In summer, moisture and soot inside pipes mix together to form a chemical mixture that "eats" small holes right through the metal. In winter, sparks may burst through to settle on nearby wood joists. Sears smokepipe and fittings are made of high quality 26-gauge galvanized metal. For use with water heaters, furnaces and boilers. Smokepipe comes in 2-foot lengths only. Smaller sizes are suitable for use as vent pipes. **Be sure to state size when ordering.**

[H] **Draft Diverter.** For all gas or kerosene water heaters. Prevents backdrafts that might cause burner flame to be blown out. Fits 3-inch flue only.
42 K 8917—Shpg. wt., 1 lb. 8 oz. 51c

HERCULES Hot Water and Steam Boilers

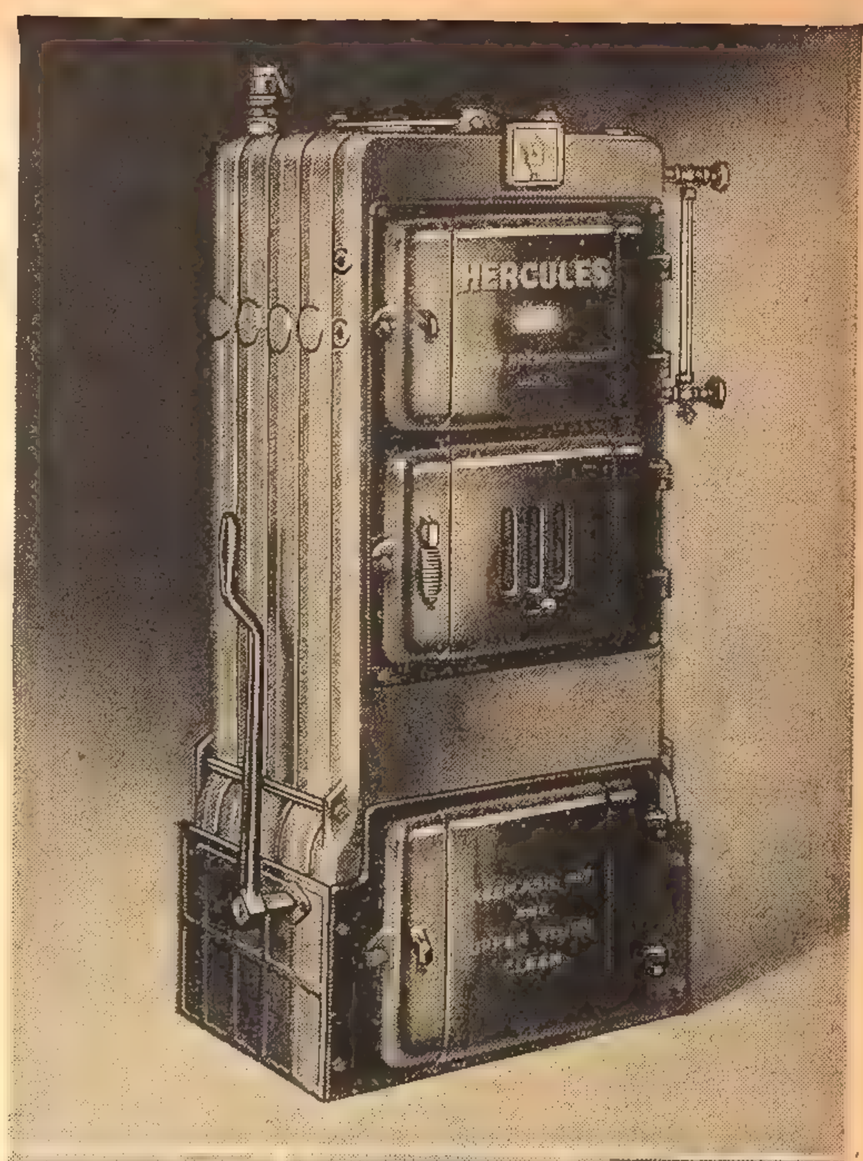
Reg. U.S. Pat. Off.

- Long service—ruggedly constructed of heavy cast iron.
- High heating efficiency—scientifically designed flues give long fire travel.
- Easy cleaning and refueling—doors are extra large.

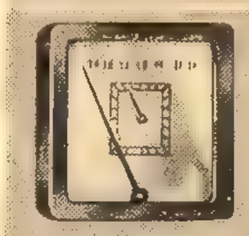
Low as **$97.50** Hot Water Type

Quality materials, sound construction and scientific heating surface design make Hercules steam and hot water boilers a dependable investment at a low cost. Doors are extra large with tight fitting faces to reduce heat losses and save fuel. Large firebox capacity makes for better combustion and reduces the number of re-fueling periods.

Heavy rocker grates are base supported for added strength. Waist high shaker gives more leverage, reduces effort required to operate the clinker breaking grates. High ashpit makes cleaning easy and reduces the possibility of burning out the grates. Low water legs protect sections from excessive heat. Temperature and pressure gauge give accurate reading. Cast iron smoke pipe connector has one choke damper. 9-inch smokepipe is required. Two outlets; two returns, each for 2½-inch pipe. Boiler height, 55¼ inches. Burns hard or soft coal or coke.



Sears Hercules Boilers are I.B.R. Rated. This means tests have been conducted to determine that ratings conform to the Institute of Boiler and Radiator Manufacturers' Code. For added efficiency insulate boiler with 1¼-inch thickness of asbestos cement—200 lbs. cover 5-section boiler; add 25 lbs. for each section more than 5. For complete listing of smokepipe, asbestos cement, and temperature controls see opposite page.



Boilers are RESTRICTED, see page 753 before ordering

Hot Water Boiler is equipped with a built-in altitude, pressure and temperature gauge; a poker, and a flue brush.

Steam Boiler has a steam gauge, relief valve, water level glass, poker, and flue brush.

Accurate Gauge

Large Fire and Fuel Door

Convenient Shaker Handle

HOW TO ORDER REPAIRS FOR SEARS BOILERS, FURNACES AND STOKERS

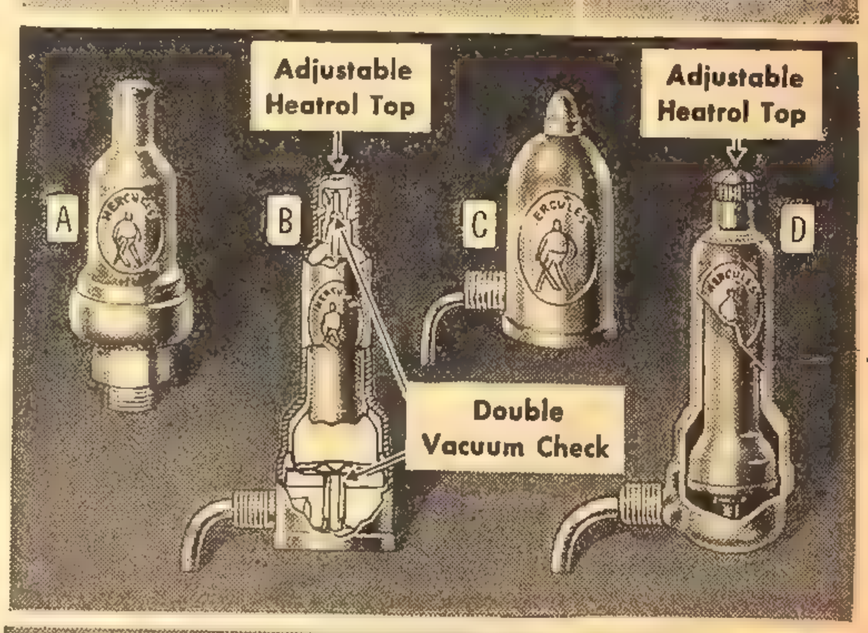
Sears can furnish repair parts for any hot water or steam boilers, cast iron or steel furnaces, or stokers that you have purchased from us. Write to Sears Personal Service Dept. and tell us the name of the part, the number of the part, and the year that the equipment was purchased. Be sure to include also, the information requested under 1, 2, 3 at right depending on kind of part you are ordering.

1. **Hot water or steam boilers:** Model number found on either front of boiler, feed door, ash pit door or dome. State if hot water or steam boiler.
2. **Furnaces:** Model number found on either the front of furnace, the feed door, clean out door or ash pit door.
3. **Stokers:** Model number found on either the gear case or the fan housing.

Sears highly efficient HERCULES Radiator Valves

For uniform heat—to control each radiator and completely equalize the temperature in each room—choose Hercules Heatrol Valves. Hercules Vacuum Valves release air in each radiator and automatically close when steam enters. They stay closed after steam pressure drops. The vacuum created makes radiators heat longer and heat faster. All valves except 42 K 8890 are guaranteed for two years.

[A] **Air Valve.** For basement mains 2½ inches and smaller. Shipping weight, 8 oz.
42 K 8848..... $1.12



Vacuum Valve. Similar to [A]. For basement mains up to 2½ inches. Shipping weight, 8 oz.
42 K 8822..... $2.15

[B] **Radiator Vacuum Valve with Heatrol Top.** Double seal for positive action—closes quickly against steam or water. Shipping weight, 8 oz.
42 K 8821..... $2.19

[C] **Radiator Air Valve.** For regular steam systems. Shipping weight of each, 5 oz.
42 K 8890.....Each 38c 6 or more, each 36c

[D] **Radiator Air Valve with Adjustable Heatrol Top.** Shipping weight, 7 ounces.
42 K 8810..... $1.12

SEARS EASY TERMS are available on all Sears merchandise when your total order amounts to $10 or more. See inside back cover of this catalog for complete details of Sears Easy Payment Plan.

Heating System repairs and accessories

[E] **Insulating Paper.** For covering furnace pipes, walls and ceilings exposed to heat or cold; used as linings for floors. Easy to install.
42 K 8987—20-yard roll, 18 inches wide. Shipping weight, 10 pounds..... 98c
42 K 08991—50-yard roll, 18 inches wide. Shipping weight, 25 pounds..... $2.25

[F] **Asbestos Tape.** For taping warm air pipes at joints, etc. 100-ft. rolls, 3 inches wide.
42 K 8985—Shpg. wt., 2 lbs. 2 oz.....37c

[G] **Cold water Paste.** Use to paste asbestos paper pipe covering to heat pipes. 2½-lb. pkg.
42 K 8989—Shpg. wt., 2 lbs. 12 oz.....29c

[H] **Asbestos Cement.** Saves fuel by insulating boilers, pipes, etc. Dries hard; fireproof. 100 lbs. covers 25 sq. ft. 1 in. deep. **State size.**

42 KM 8875	Shipping Weight	Price
10 lb. pkg.	10 lbs.	37c
25 lb. pkg.	25 lbs.	65c
100 lb. pkg.	103 lbs.	$1.95

[J] **Asbestos Furnace Cement.** Seals joints, makes them gas-tight. Hardens quickly. **State size.**

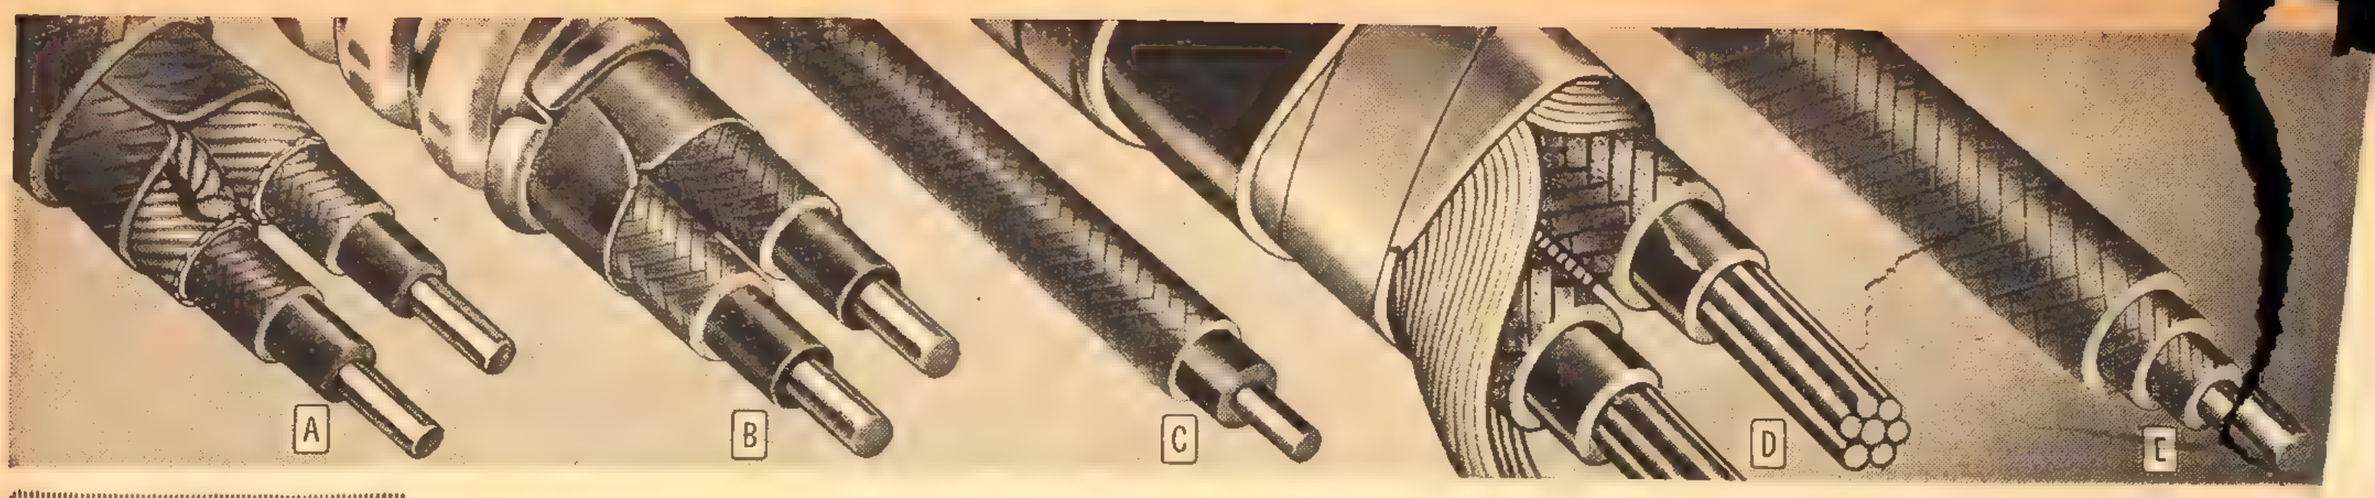
42 K 8986	Shipping Weight	Price
1 pound	2 pounds	15c
2 pounds	3 pounds	23c
5 pounds	6 pounds	43c
10 pounds	11 pounds	79c

[K] **Furnace Coil.** Made of 1-piece welded steel pipe. Both ends threaded to connect to hot water tank.
42 K 8961—For Cast Iron Furnace. **Be sure to state diameter, furnace size.**

Pipe size	Shpg. wt.	For 18-22 in. furnaces	For 24-28 in. furnaces
¾-in.	7 lbs.	70c	75c
-in.	10 lbs.	90c	1.00

[L] **Sweat-Stop Compound.** Prevents dripping or "sweating" of cold water pipes, tanks, walls, ceilings or other surfaces where condensation takes place, by insulating pipe, etc., from the air. Made of water-proof asphalt and granulated cork composition, carefully compounded for greatest efficiency. Easily applied by hand, or with brush or stick. Economical to use—on ¾-in. pipe, 1 gallon covers about 18 to 20 lineal feet, ¼-in. deep; on flat surfaces like walls, etc., one gallon covers approximately 5½ to 6 square feet. Directions for use on can. Shpg. wt., 9 lbs.
42 K 02230—Gallon.....$1.29

[M] **Stop Leak.** Mix with boiler water to stop leaks in hot water or steam boilers, radiators or pipe and fittings below water line. Helps remove old scale, guards against new accumulations. Directions for use on can. Shpg. wt., 4 lbs.
42 K 8874—Quart can.....56c



[N] **Boiler Cleaner.** Removes grease, oil; removes and prevents scale and rust. Saves fuel, increases boiler efficiency. Use one can for average boiler. Directions included. Shpg. wt., 12 oz.
42 K 8951—8-oz. can. 39c

[P] **Iron Cement.** Handy home cement, helps save big repair bills. Repairs cracks or small holes in radiators, boilers, furnaces, pipes, etc. 8-oz. can takes care of most home jobs.
42 K 8981—Shpg. wt., 10 oz..... 15c

[R] **Soot Remover.** Frees furnace or boiler from soot, greatly increases efficiency of heating unit, saves fuel. You can easily clean your own furnace or boiler; directions on can.
42 K 8983—1 lb. can. Shpg. wt., 1 lb. 2 oz..24c

TO BUY COPPER WIRE WHICH IS **Restricted** READ BELOW

Electric Wire and Supplies for repair and maintenance

Read Notice at left below before ordering—See if you are qualified to buy

Are you eligible to buy copper wire?

As an authorized copper wire mill warehouse, Sears Roebuck and Co.'s mail order houses can sell wire and cable listed at right under WPB Regulation CMP No. 4. You should be able to obtain and use a CMP allotment symbol on your order for wire or cable if it is to be used for one of the following:

1. To install electrical service on a farm in order to increase food production.
2. To repair, replace or maintain electrical service in an industrial or commercial building, or dwelling units leased for profit.
3. To alter or add to electrical service in existing homes in order to provide another dwelling unit in a critical housing area.

If you need wire for any of the purposes outlined above, you should first contact your WPB district Office or U.S.D.A. County War Board. They will be glad to help you.

Be sure to attach your Controlled Materials Certificate or Certification when sending your order

Approved Underwriters' Laboratories

If you are authorized to buy copper wire or cable, buy wisely—buy wiring that will last. Sears wire—every foot of it—is rigidly tested to conform with all requirements of Underwriters' Laboratories. In addition, every order of wire and cable that we ship is backed by Sears absolute guarantee of complete satisfaction or your money back.

Long wearing Toggle Switches

[A] **Powermaster Switch**—Has smooth, quick, positive action. Laboratory tests averaged more than 130,000 "ons and offs" before failure. Brown Bakelite. Type "T" rated. 10 amp., 125-volt. Shpg. wt., ea., 4 oz.

20 K 5247—1-pole (for 1-switch light operation)..**27c**
20 K 5248—3-way (for 2-switch light operation)..**42c**

[B] **Economy Switch**—Low cost quality switch. As high as 51,000 "ons and offs" before failure. Brown Bakelite. 10-ampere, 125-volt. Shpg. wt., ea., 4 oz.

20K5259—1-pole (for 1-switch light operation)..**13c**
20K5261—3-way (for 2-switch light operation)..**18c**

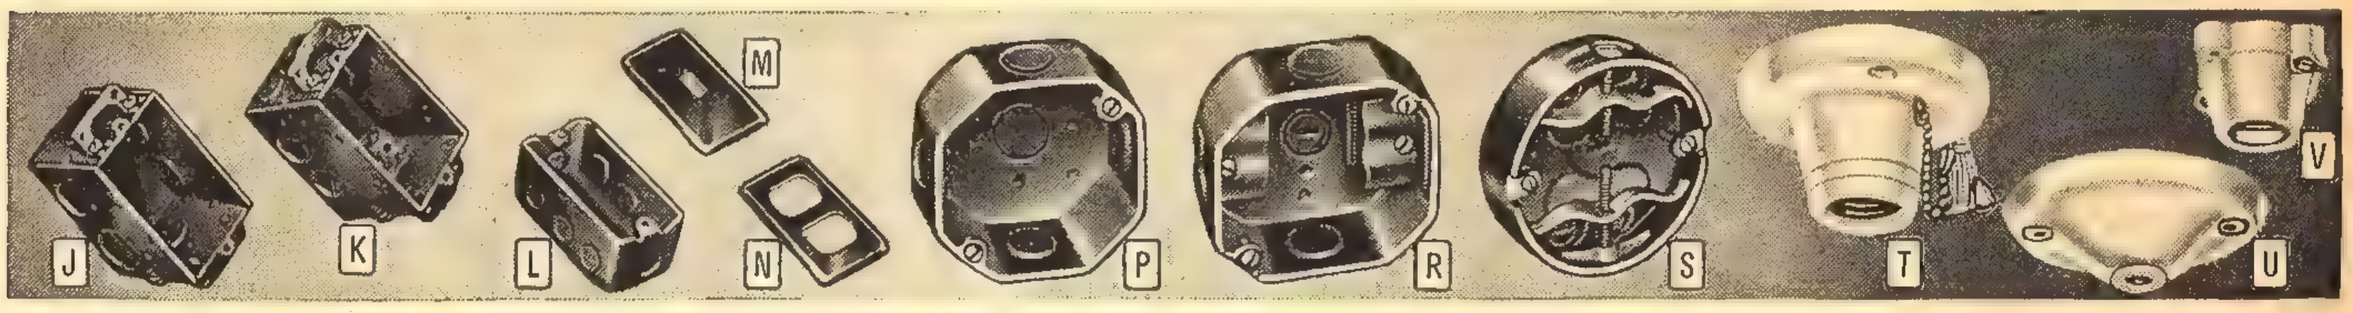
[C] **Surface Switch**—10-amp., 125-volt. Shpg. wt., 8 oz.

20K5263—1-pole (for 1-switch light operation)...**17c**
20K5264—3-way (for 2-switch light operation)...**25c**

Duplex Receptacles or Wall Outlets

[D] **Powermaster Wall Outlet**—Our best. "Sure-Grip"—holds plug in outlet from 2 to 3 times as tight as ordinary outlets. "T" shaped slot takes any standard plug; strong contacts grip both sides of inserted plug blades. Has patented "rigid-mount" bracket; fits any standard switch-box. Has large head terminal screws. Made of durable brown Bakelite. 15-ampere, 125-volt. Screws for installing are included.

20 K 5245—Shipping weight, each, 4 ounces. Ea. **25c**



[E] **Economy Wall Outlet**—Strong construction. Contacts grip one side of plug blades. Will fit all regular switch boxes. Made of durable brown Bakelite. 15-ampere, 125-volt. All screws for mounting included.

20 K 5249—Shipping weight, each,4 ounces. Each **9c**

Wall Switch and Receptacle Plates

Replace your old and tarnished wall plates with the attractive plates shown above. They're easy to install, and come complete with mounting screws—all you need is a screwdriver. Made of durable brown Bakelite; very serviceable and attractive, with embossed design around edges. Edges are beveled, have no sharp corners. No fitting or adjustment necessary; just screw into place over switch or outlet.

	Type of Plate	Shpg. wt.	Catalog No.	Price
[F]	1-gang toggle	3 ounces	20 K 5291	7c
	2-gang toggle	3 ounces	20 K 5292	14c
	3-gang toggle	5 ounces	20 K 5293	21c
[G]	Receptacle	3 ounces	20 K 5295	7c
[H]	Combination	5 ounces	20 K 5296	14c

Switch, Receptacle Boxes; Utility Boxes

Switch and Receptacle Boxes—For old or new work. Full 14-gauge steel, with baked-on black enamel finish that resists rust. Adjustable outside mounting ears make flush installation easy. Removable sides for joining two or more boxes. Strong construction; clean cut knockouts. Shipping weight, each box, 14 oz.

America's Most Famous PAINT

- *Save money and time . . . order it by mail*
- *A product for every use*

Make your paint selection in the comfort of your home, from one of the largest, most complete assortments of paint products in America. Buy every paint need in this one paint store—a store made famous by your demand for and your faith in MASTER-MIXED quality. Our big catalog brings this super store right to your door—simplifies your paint buying and saves valuable time for other important work.

Supplied by 5 Sears Factories . . . Sears record of growth from a single paint factory to five big, modern ones is a tribute to MASTER-MIXED quality—unsurpassed quality for which you pay no extra premium. It shows how well you realize the economy of buying from Sears direct. The busy hum of these 5 big factories tells plainer than words of the widespread belief in our claim that "money can't buy better paint."

Easy Terms—if desired . . . Sears Paint Products may be purchased on Easy Terms that make it easier to buy your complete needs at one time and budget the expense. Only 10% down and monthly payments as low as $5.00. Or you may add paint products to your Easy Payment order for other merchandise, in many cases, without increasing the monthly payment a single cent on total order. For details see inside back cover.

HOUSE PAINT

For wood frame houses, churches, schools, garages and fences

$2.79 GALLON

IN 5 TO 24 GALLON LOTS

No better House Paint made. Today, as in the past MASTER-MIXED is made of the finest ingredients available—just the right amount of each. It is the formula on which we've built our reputation, and we intend making no changes that will affect its high quality. We are as anxious to maintain that reputation as you are to buy the paint that's best for the home you can't replace. Here is what we use and why:

1—**White Lead.** Long known as the basic ingredient for outside house paint—provides easy brushing and lasting protection from weather and decay.

2—**Zinc Oxide.** Gives the paint film the right degree of hardness—not too brittle—not too soft or porous so as to cause premature chalking.

3—**Titanium.** Gives paint its brightness—improves its power to hide the old surface.

4—**Other pigments.** Other pigments are added to provide color and further reinforce the paint film.

5—**Pure Linseed Oil,** *specially treated.* Binds all these pigments into a solid, elastic coating which adheres, protects and beautifies. Gallon protects up to 450 square feet or more, two coats. See page 776 for measuring and thinning, also facts about coverage.

6—**Thinners.** Correct thinners are added to make MASTER-MIXED easy to apply with brush or spray gun.

MASTER-MIXED Guarantee

MASTER-MIXED House Paint is guaranteed to be made of the finest ingredients available—to be unsurpassed in quality by any other House Paint made. All ingredients are combined on a formula guaranteed for:

Longest Wear — **Maximum Hiding Power**
Greatest Spread — **Lowest Cost per year of Wear**

We will refund your money cheerfully, plus any transportation charges you may have paid, if you are not entirely satisfied. SEARS, ROEBUCK AND CO.

NOTE: Orders for 5 gallons or more of house paints shipped in 5-gallon containers insofar as possible, otherwise they are shipped in single gallons. Shipping weights vary by colors; average shipping weights given at right. Freight rates, pages 900 and 901. Paints, varnishes, enamels, etc., shipped in metal containers where now indicated, insofar as possible. We reserve right to ship in other types of containers if metal is not available when your order is received.

NOTE: Orders for 5 gallons or more of house paint shipped in 5-gallon containers insofar as possible, otherwise in single gallons. Shipping weights vary by colors; average shipping weights given above. See freight rates on pages 900 and 901.

House Paint Undercoat

For sealing the surface; making it smoother and easier to apply any good house paint. Grips tightly to wood or previously painted surfaces. Stops absorption of succeeding coat and overcomes any tendency toward a "spotty" finish coat. When MASTER-MIXED House Paint Undercoat is used over new wood or surfaces already painted, only one coat of regular house paint is required. This avoids the expense of a third coat. Grayish white, but may be tinted as desired with Colors-in-Oil, listed on page 771. Gallon covers 400 to 500 square feet, one coat.

77c Quart

30 K 010—Be sure to state SIZE desired

Sero-Tone

OUR OWN TRADE MARK

MAGIC WALL PAINT

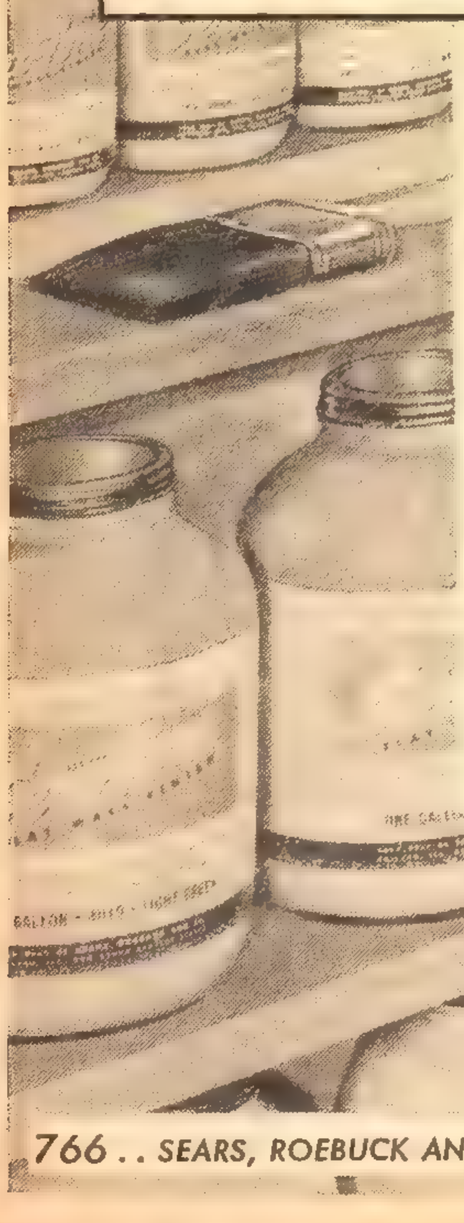
For soft, restful beauty in living rooms, dining rooms and bedrooms

$2.49 GALLON

1—**Thins with water.** Turpentine or other standard paint thinners are entirely eliminated.

2—**Simple to apply.** You need no special skill. Use a kalsomine brush or handy roller at left below.

3—**Dries in an hour.** You can decorate a room in a single day . . . no waiting to replace furniture.



4—**Washable.** Ordinary dirt can be removed with mild soap and water . . . after surface is allowed to cure for about two weeks. We recommend enamel or glossy oil-type finishes for kitchen and bathroom.

5—**Soft pastel tones.** Blend beautifully with your drapes, rugs and woodwork; reflect light without glare. You can obtain unlimited variety of colors by using SERO-TONE Tinting Colors on opposite page.

6—**Brushes cleaned with water.** Solves disagreeable cleaning problems for tools, buckets, hands or for paint spattered on woodwork and floors.

7—**No painty odor.** SERO-TONE has no unpleasant "paint" smell . . . even while it is being applied.

8—**Economical.** Low cost makes it practical for most every use—even in basement and attic. Two quarts of water added to one gallon of SERO-TONE make 1½ gallons of ready-to-use paint . . . enough for walls and ceilings of average room—or from 250 to 700 square feet, one coat, depending upon surface.

EASY TERMS: Easy Terms are available on all paints, enamels, varnishes and painting supplies at Sears. 10% down and monthly payments as low as $5.00. For complete information, see inside back cover.

Handy Roller-Coater

79c Each

For applying Sero-Tone Flat Wall Finish, Casein, Kalsomine and other water-thinned paints to your walls and ceilings. Spreads paint smoothly without laps. Saves brushes, makes painting faster. Easy to use—just dip applicator into paint and roll it on to wall or ceiling surface. 7 inches wide. Easily cleaned with water—can be used again and again. Directions included.

Modern, Water-thinned Wall Paints . . . low cost . . . easy to apply

Paste Casein Flat Paint

$1.79 Gallon

For walls and ceilings in living room, dining room, bedrooms, closets, attic or basement. We recommend oil-type paints or enamel for kitchen and bathroom. A beautiful flat-tone finish that reflects light without glare—kind to the eyes. Dries in 40 minutes. No objectionable odor. Makes your rooms brighter, and its pastel colors are soft, harmonious, restful. Additional colors may be obtained by mixing with Sero-Tone Tinting colors below. One coat of Paste Casein covers most any surface—even fresh plaster. Washable after 30 days with mild soap and water. Low cost—2 quarts of water added to 1 gallon of Paste Casein make 1½ gallons of paint—enough for an average room, or 250 to 700 square feet, depending on surface.

Wall and furniture decoration. See pages 774 and 775, also Color Chart opposite page 770 for attractive, colorful, easy-to-use "Trimz" Wall Decorations and Decalcomanias.

Powder Casein Flat Paint

63c 5 Pounds

For walls and ceilings in living room, dining room, bedrooms, closets, attic or basement. We recommend oil-type paints or enamels for kitchen and bathroom. Soft texture spreads light evenly throughout the room—gives you light without glare. Easily applied with a Kalsomine brush or Roller-Coater on opposite page. One coat covers most surfaces—wallboard, wood, brick, stone, metal, canvas—even over uncured plaster or cement. No sizing required to prepare surface. Dries quickly—no objectionable odor. Washable after 30 days with mild soap and water. 5 pounds mixed with water covers 400 to 500 square feet. For our finest water-thinned Wall Finishes see Paste Casein Paint at left or SERO-TONE on opposite page.

Texture Paint makes old walls look new and attractive

Flat Paint provides a restful, non-glare wall finish

Master Mixed

REG. U.S. PAT. OFF.

MASTER-MIXED Texture Paint

55c 5 Pounds

For making attractive texture effects, and for hiding joints, cracks, crevices and other defects in the surface of walls made of plaster, plasterboard, wallboard, brick, metal, stone, etc.

Plaster-like coating helps correct uneven, bulging appearance in wall surface. Tends to deaden sound. May also be used to cover old, textured surfaces and to make a smooth surface for paint or wallpaper.

Texture Paint Book, 90093K, included in package, or write for FREE copy. Textures above were made with: (A) Whisk Broom; (B) Putty Knife; (C) Comb. 1 pound covers 9 square feet. Can be painted with oil or water-mixed paints, or glazed (if first coated with Wall Primer and Sealer on page 771).

MASTER-MIXED One-Coat Flat

72c Quart

For walls and ceilings in living room, dining room and bedrooms. Use it over any previously painted interior surfaces of plaster, wood, canvas, metal, or composition wallboard—even over brick and cement fireplaces.

The soft, modern pastel colors of this unusually attractive finish have a restful, subdued quality particularly desirable for your living areas. You can harmonize them beautifully with rugs, drapes, furnishings and woodwork. The soft texture of MASTER-MIXED One-Coat Flat spreads light evenly throughout the room—glareless light that's kind to the eyes. One coat does the work of two—so you spend only half the time, half the money, use only half as much paint. It dries fast and can be washed again and again. Gallon covers 600 square feet, one coat, over any painted surfaces. Unpainted surfaces should first be coated with Wall Primer and Sealer or Enamel Undercoat, described on page 771.

High Gloss sparkles with light—is easy to keep clean

Semi-Gloss gives a rich satin sheen to walls and woodwork

WALL FINISHES

MASTER-MIXED High Gloss Finish

90c Quart

For walls, ceilings and woodwork in any room where a brilliant, high gloss finish is desired. Its glistening beauty is so appealing you'll want to use it throughout the house. Many use High Gloss on the woodwork and ■ more subdued finish, like Semi-Gloss or Flat Paint, on the walls and ceilings, particularly in living rooms and bedrooms. The modern, pastel colors of High Gloss harmonize beautifully with wallpaper and with your room furnishings. Its hard tile-like surface makes it easy to clean—perfect for bathroom and kitchen—rooms that get hard wear. Dirt, ink, crayon and finger marks wash off like magic. It resists soap suds, grease, steam and vapors.

MASTER-MIXED High Gloss is simple to apply without streaks or brushmarks. It hides the old surface well and dries rapidly. One gallon of High Gloss covers 500 square feet or more, one coat. For best results, first use a coat of MASTER-MIXED Enamel Undercoat or Wall Primer and Sealer, page 771, particularly before applying a light gloss color over a dark one.

Be sure to state SIZE and CATALOG NUMBER desired

GALLON.... Shipping weight, 15 pounds..... 3.15

MASTER-MIXED One-Coat Semi-Gloss

93c Quart

For walls, ceilings, woodwork, mantels, dadoes, stairways—similar surfaces throughout the house. One of the most beautiful wall and woodwork finishes made. It has a soft sheen like satin—neither too glossy nor too flat. The rich, egg shell finish of MASTER-MIXED Semi-Gloss reflects light without glare, is particularly desirable for rooms in which a softer, more restful finish is desired. Yet its semi-lustrous finish is hard, tough and washable, and can be used in any room you desire.

MASTER-MIXED Semi-Gloss harmonizes beautifully with wallpaper, with all types of wall finish, and with your room furnishings. There's no better Semi-Gloss made. It's simple to use, spreads smoothly, hides the old surface well and leaves no brushmarks. One gallon covers 600 square feet, one coat (on unpainted walls, first apply a coat of Wall Primer and Sealer or Enamel Undercoat, page 771).

4-HOUR ENAMEL

For a sparkling, colorful finish on furniture, woodwork and walls

$1.33 QUART

1—**Has many uses.** You can use it as listed above—on wood or metal, interior or exterior surfaces—on painted or unpainted furniture, as well as on kitchen and bathroom walls, ceilings, cupboards, cabinets—on toys, autos, boats and bicycles.

2—**Easy to apply.** No special skill required—no worrying about results. It flows freely, smoothly, doesn't tire the hand. Quickly hides old surface—saves time. Simple directions on label.

3—**Washes like tile.** Dirt washes off like magic with soap and water; makes your work easier.

4—**Sparkles with color, light.** Wide variety of lustrous colors that reflect maximum light, provide appealing beauty and also add cheer throughout your home.

5—**Resists wear and abuse.** Tough film takes hard knocks, is unharmed by hot water, grease, oil, fruit juices. Keeps wood and metal surfaces in good condition.

Gallon covers up to 700 square feet, one coat. On unpainted surfaces first apply Enamel Undercoat, described on opposite page. For unusual decorative effects on walls, cabinets and furniture, see Trimz Wall borders, Applikays and Decalcomanias, pages 774-775.

SERO-COTE Enamel

Directions on every package

Simple directions on every package make it easy for you to apply any Sears Paint, Varnish or Enamel product—easy for anyone to get excellent results without any special skill.

MASTER-MIXED Spar is sparkling, transparent—brings out beauty of wood. Withstands weather and wear

Master Mixed

REG. U. S. PAT. OFF.

All-purpose Spar Varnish

For interior woodwork and floors, exterior doors, furniture, boats

$1.33 Quart

No better Spar varnish made—for every purpose. A smooth, mirror-like finish to preserve and enhance the beauty of the wood surfaces inside as well as outside your home. Keeps wood in good condition . . . makes it last longer—is unharmed by alcohol, soap, ammonia, fruit juices and acids. Does not lose its luster.

Equip yourself with a supply of this high quality varnish, a good brush, and apply it yourself. It flows freely, levels smoothly. It leaves no brushmarks and dries rapidly. Varnished surfaces are easier to clean—save time. Before applying this or any other varnish, remove all traces of wax or grease, so that varnish will be sure to dry and adhere firmly. Gallon covers 600 to 700 square feet, one coat.

MASTER-MIXED Color Varnish

$1.10 Quart

For sparkling floors, furniture, stairs, woodwork, radiator covers, etc. Popular for finishing unpainted furniture, refinishing previously varnished surfaces where a slightly darker color is desired, and for touching up worn spots on varnished floors. It stains, varnishes, beautifies and protects with just one application. It has a transparent color, a rich, full gloss and extra resistance to hard wear. Fruit acids, alcohol or water do not dull its gleaming luster. Transparent color stains are blended to bring out the natural beauty of the wood grain. Easy to apply . . . dries rapidly. Gallon covers 600 to 700 square feet, one coat. To lighten the color of the old surface, first use Color Varnish Undercoat, listed at right below.

30 K 02680—Light oak
30 K 02681—Dark oak
30 K 02682—Red mahogany
30 K 02684—Walnut

MASTER-MIXED Floor and Trim Varnish has tough, elastic film that resists scuffing feet—keeps its clear, sparkling beauty

VARNISHES

Floor and Trim Varnish

For interior floors, doors—other woodwork or trim throughout the house

98c Quart

Keep your floors—all woodwork in your home—sparkling with the beauty of this transparent varnish. Solves the most difficult problems of appearance and wear. MASTER-MIXED Floor and Trim Varnish is exceptionally water-resistant—just what is needed for surfaces that must be scrubbed again and again—that must withstand repeated hard knocks. Hot water, grease, alcohol, soap and fruit juices will not dull or mar its beautiful high luster or cause the finish to soften or turn white.

You need no special skill to apply MASTER-MIXED Floor and Trim Varnish. Women—even children—apply it with wonderful results. It leaves no brush marks and dries fast. Made of the finest ingredients available, it gives valuable protection to your interior floors and woodwork—keeps them looking their best. Gallon covers 600 to 700 square feet, one coat; enough for the floors in an average five-room house.

BARN PAINT

$1.47 A gallon in 25-gallon lots

For barns, sheds and other farm buildings. Guards them against damage from deterioration and decay—protects them from costly repairs due to the destructive action of weather and wear. Now, more than ever, all necessary painting should be taken care of promptly—it's the surest way to conserve critical repair materials and valuable man hours.

MASTER-MIXED Barn Paint is made of the finest ingredients obtainable—money can't buy better. It's made to give your barn the best possible protection—to make it last. It gives your buildings color and beauty for lasting enjoyment. MASTER-MIXED Red is brilliant and stubbornly resists fading. Gallon covers up to 400 square feet, two coats.

30 KM 815—Bright red. State SIZE desired

GALLON—Shipping weight, 14 pounds.....$1.67

5 to 24 GALLONS	25 GALLONS OR MORE
Per gallon.....$1.57	Per gallon.....$1.47

Shipped in 5-gal. containers insofar as possible. Shpg. wt., of 5-gal. containers, 66 lbs.

Add 40% to life of your barn

Paint lengthens life of buildings as much as 40%, and can bring you an annual saving of about 3¼% in building cost, says University of Missouri Agricultural Experiment Circular No. 279. So don't neglect your barn or other farm buildings. Get every extra year of service you can from them. Decay attacks all unprotected surfaces—causes serious destruction. Avoid this by protecting all your buildings with Sears paint.

Tractor and Implement Paint

79c Quart

For wood and metal parts on tractors, trucks, wagons and other farm implements. Protects them from weather, rust and decay—makes them last. Available in colors to match those used originally on tractors and implements made by leading manufacturers. Select yours from the list below. They set fast and dry hard overnight. Easy to use. Gallon covers 600 square feet, one coat. Quart finishes an average wagon or small implement.

Caulking Guns and Tips

Caulking Guns. For applying caulking and glazing compound below. Works easily, is fast and efficient. Strong pressure forces compound deep into every crack; fills it completely—gives you professional results. Sturdy 2⅛-inch diameter barrels with bright metallic finish. ⅜-inch diameter oval tip—best size for home use. "Snap trigger" stops flow of caulking—saves material and reduces cost. One oval tip included with each gun.

30 K 3906—¼-inch, triangular lip.....35c

How to thin House or Barn Paint

FOR TWO-COAT WORK PER GALLON

KIND OF SURFACE	For 1st Coat use: Raw or linseed Replacement Oil	Turpentine or Paint Thinner
Fair to good (painted)	0 and	1½ pints
Badly worn (painted)	1 pint and	1 pint
Badly worn (unpainted)	3 pints and	1 pint
New wood	3 pints and	1 pint

Second Coat—Do not thin.

FOR THREE-COAT WORK PER GALLON

1st coat—Thin as in 1st coat, above.
2nd coat—1½ pts. turpentine or paint thinner per gal. of paint.
3rd coat—Do not thin.

NOTE: 3 coats recommended for unpainted and painted surfaces in bad condition. It's false economy to "over-thin" paint, because inadequate coverage and short life are the results.

How much Paint do I need? Multiply distance (in feet) around building by 2 ft. more than height to eaves. Add number of sq. ft. in gables (height of each by ½ the width). Divide total by number of sq. ft. each gal. of paint will cover. Barns need 1 gal. of trim color for every 10 gals. of body color—other buildings, about 1 gallon of trim color to 5 gallons of body color.

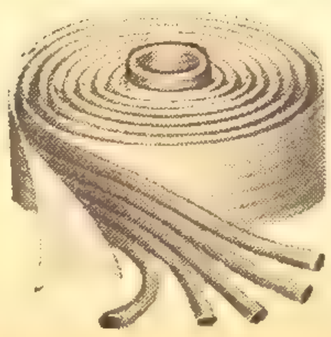
KIND OF PAINT	Surface Condition	Sq. ft. gal. will cover: Two coats	Three coats
Master-Mixed House Paint	Good	450 or more	300 or more
	Good to fair	400 to 450	250 to 300
	New, unpainted or badly weathered	350	200 to 250
Sero-Cote House Paint	Good	325 or more	250 or more
	Good to fair	300 to 325	200 to 250
	New, unpainted or badly weathered	250	175 to 200
Master-Mixed Barn Paint	Good	400 or more	275 or more
	Good to fair	325 to 400	200 to 275
	New, unpainted or badly weathered	275	175 to 200
Sero-Cote Barn Paint	Good	325 or more	225 or more
	Good to fair	300 to 325	200 to 225
	New, unpainted or badly weathered	225	150 to 200

Facts about paint coverage: The amount of paint required depends not only on the condition of the surface—new, good, fair or bad—but upon the painter as well. Our sq. ft. coverages are figured on the needs of the average painter on surfaces of average condition—not the least area they will cover—nor the most. You may run a little over, but you will never run short.

Caulking and Glazing Compound

59c Quart Gun Grade

For filling cracks and crevices around doors, windows, chimneys, foundations, and for fitting glass in wood or metal sash. Better than putty—remains pliable and won't crack. Keeps out rain, wind, cold and dust. Stops heat losses, saves fuels, adds to your comfort. Light gray color. Knife grade is thicker—like putty.



30 K 03494—Gun Grade. State SIZE desired

Master Mixed

REG. U. S. PAT. OFF.

asbestos fiber

ROOF COATING

61c a gallon in 5-gallon lots

For sealing small cracks, joints, seams, nail holes in composition or metal roofing—for protecting exposed foundations, underground tanks, silos—any wood, metal or concrete exterior surfaces—from moisture, acid or rust. Not for slate or wood shingles. Adds years of life to your old roof—improves its appearance—postpones need for a complete new roof covering. Keeps stored materials dry, provides excellent protection against spoilage. Blended asphalts and long asbestos fiber provide water-resistance and toughness. Gallon covers 25 to 50 square feet on concrete or dried-out composition roofing; 50 to 75 square feet on good composition roofing; 75 to 100 square feet on metal roofing, one coat. To repair bad cracks in composition roofing see Asbestos Fiber Roof Cement below.

Wood Shingle Paint

For wood roof or siding shingles on houses, garages, etc. MASTER-MIXED House Paint, makes an excellent finish for new or previously painted wood shingles, is available in a variety of attractive colors. See prices and ordering information on page 764. Just add three pints of Linseed Replacement Oil and one quart of Paint Thinner or Turpentine, page 765, to each gallon of House Paint. Not a stain, but a linseed oil paint that will add years to the life of your home.

$2.79 Gallon 5 to 24 gallons

Creosote Wood Preserver

For protecting fence posts and building timbers from decay, dry rot, termites, worms, insects. Use also as insecticide for poultry houses, stock pens, and for making chinch bug barriers. The finest preservative known for protecting wood exposed to the ground—makes it last longer. Meets Federal Specification No. TTW 556. Nut brown color. Dip brush or spray. Gallon covers 100 square feet, two coats, or dips 20 average size posts to depth of 30 inches, one coat. FARMERS—When you order see page 878C.

1 GALLON.....Shipping weight, 10 pounds.....75c
*55-GAL. BBL...Shipping weight, 555 pounds....Per gallon 37c
*Shipped from Chicago, Ill.; Minneapolis, Minn.; Duluth, Minn.; St. Louis, Mo. or Cleveland, Ohio. You pay charges from nearest shipping point. Order from Sears mail order house.

"Wood Treat" Wood Preservative

For treating new, unpainted lumber, millwork, interior woodwork or trim, furniture, etc. before applying first coat of paint, enamel or varnish. An oil solution that preserves wood and repels moisture, protects it against decay, termites, wood borers, shrinking, swelling, warping, checking, nail-splitting and grain raising. Apply it just like paint to any wood not previously treated with a wood preservative or to edges exposed by cutting or trimming. Untreated wood swells when it absorbs moisture, shrinks when it dries. This causes sticking or rattling of doors, windows, drawers or other fitted parts. Wood Treat seals wood against its natural tendency to absorb water—keeps things in proper condition. One gallon of Wood Treat covers about 700 square feet, one coat.

MASTER-MIXED—the Paint that you made famous

Reg. U. S. Pat. Off.

The first rule in buying paint is to "buy the best"—it costs you less in the long run. That's why so many people continue to buy MASTER-MIXED—why its name has become so famous.

Paint for protection . . . Paint arrests the decay of wood by sealing the pores and keeping out moisture. It prevents rust on metal and the cracking and crumbling of brick, cement and stucco surfaces. It protects from weather and wear.

Paint for beauty . . . Paint provides appealing, colorful beauty inside and outside your home. With it you can re-style any room—create any effect you desire—warm, cool, subtle or gay.

Paint for sanitation . . . Paint provides a smooth, hard surface that repels dirt and germs—is easy to clean.

Paint for light . . . Painted surfaces reflect light from windows and lamps—make rooms lighter, brighter, more cheerful.

Below are the 9 principal types of MASTER-MIXED finishes and the results you may expect from each.

House Paints

Use regular House Paint only on wood surfaces. Stucco, cement, or wood shingles take special paints. (See index.) Special colors are also available for trim and shutters. Top quality in House Paint is important to the appearance and life of your building.

Enamels

For every decorative use—walls, woodwork, furniture. Ideal for kitchen and bathroom. Quick drying. More washable than paint but do not hide as well. Made in brilliant colors and pure white. Hard, smooth, tough and glossy finish.

Barn Paint

A special type of paint finish like our MASTER-MIXED is required for barns, sheds, other farm buildings that shelter your implements and stock. It is made for the protection and beauty of farm buildings, has the right color—the right quality for this special use.

Wall Paints

Four types—Enamel, Gloss, Semi-gloss and Flat. Water-thinned flat paints are the most modern and the lowest in cost. Enamels and Gloss Paints are hardest, smoothest, most durable—the most washable. Flat and Semi-Gloss finishes reflect light without glare.

Floor and Porch Enamel

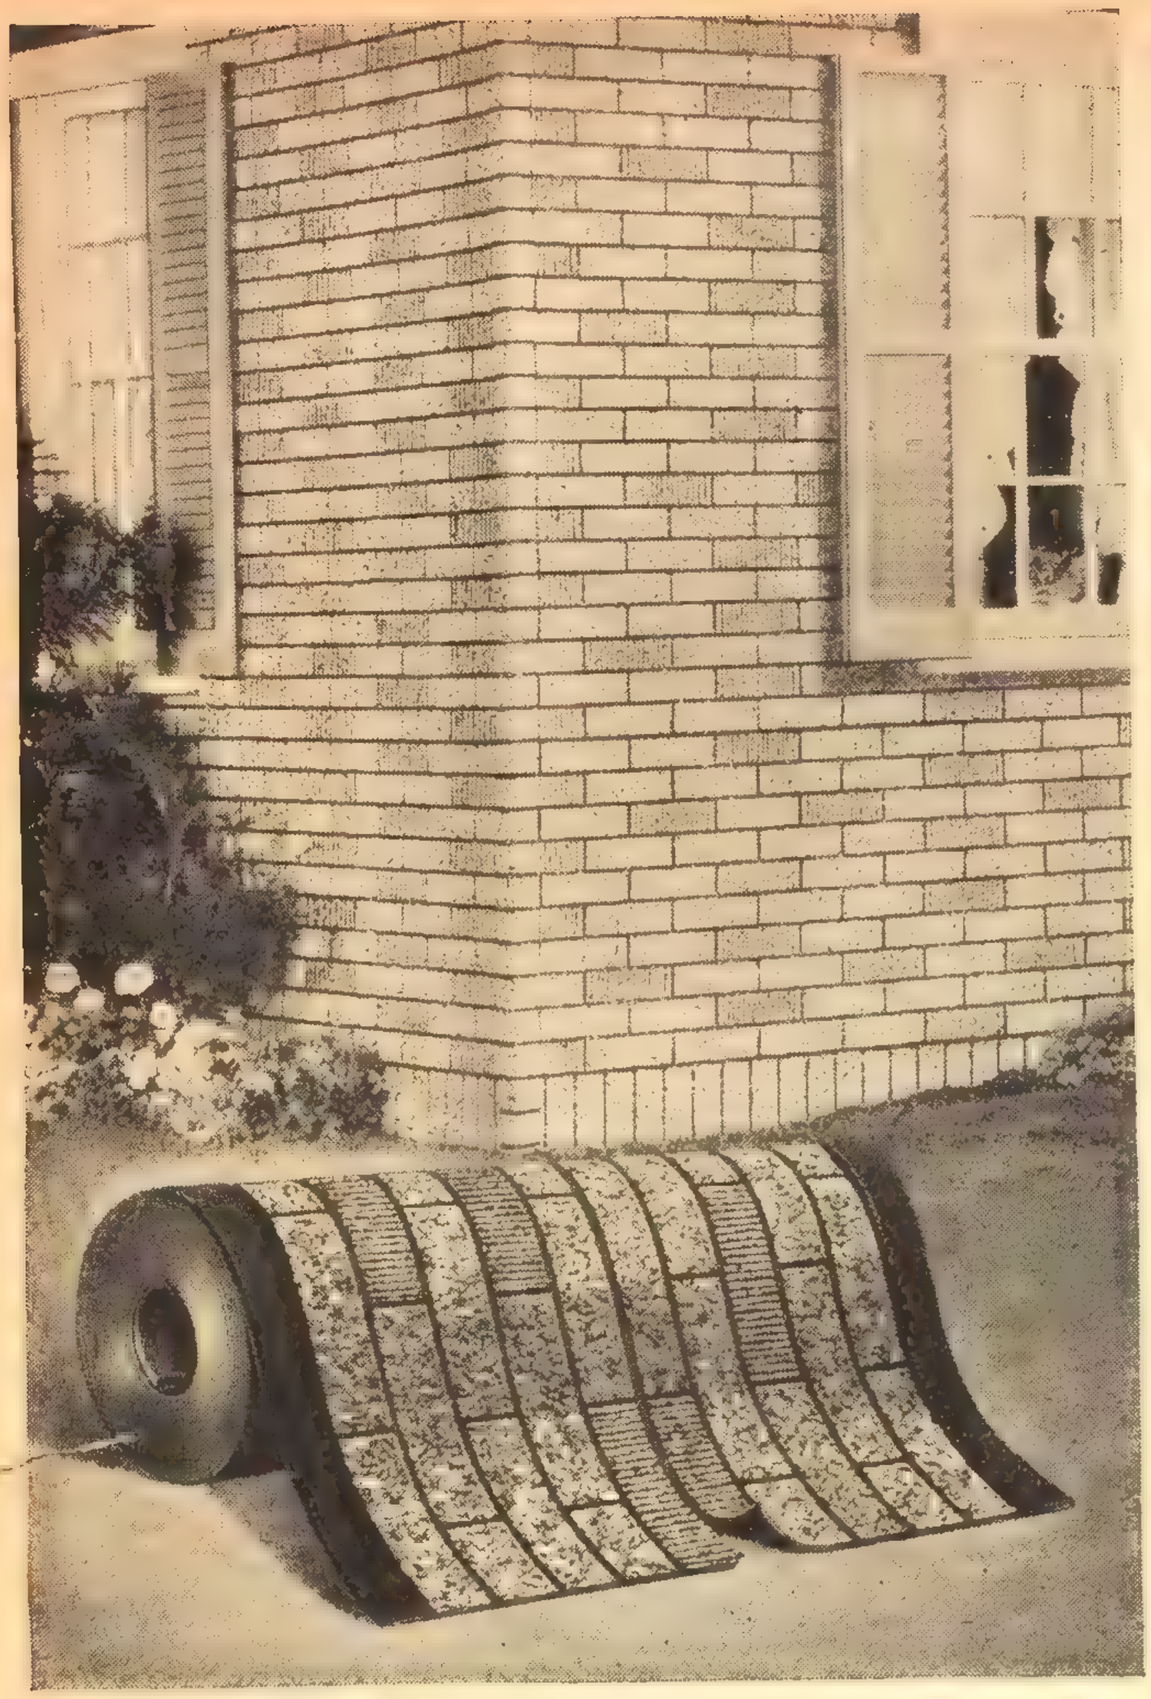
Protects wood, concrete and linoleum surfaces, inside or outside, including basement, porch, steps, terrace or patio. Resists scuffing feet, heavy traffic, hot water, ammonia, is unharmed by sun, rain or snow and can be scrubbed repeatedly.

Roof Coating

Not as permanent as a new roof, but adds years to life of old roof. Seals cracks, joints, seams, nail holes. Made of asphalt—oldest waterproofing material known. Waterproofs exposed foundations, underground tanks, silos, etc. Some have asbestos for strength.

Varnishes

Protect wood surfaces. Sparkling gloss or semi-gloss finishes—either transparent or colored. Clear, transparent varnishes reveal natural beauty of wood. Colored varnishes give wood color effects—oak, maple, etc. Varnish more washable than paint or enamel.



Waxes and Polishes

Have attractive gloss but no color. Clear and transparent they reveal color patterns in linoleum and natural beauty of wood. Not as permanent a finish as paint, varnish or enamel but keep out moisture, prevent decay. Easy to keep clean.

Shingle Finish

House Paint reduced with Linseed Replacement Oil and paint thinner makes a good paint for new or previously painted roof and siding wood shingles. Thinner—more penetrating than House Paint. Protects from weather and decay, prevents warping.

Saturated Asphalt Felt recommended as a base under asphalt shingles or "mop" asphalt roofs

Saturated Asphalt Felt recommended as extra insulating base under Asbestos Siding Shingles

Saturated Asphalt Felt helps keep out drafts when used to insulate homes without basements

Brick-effect Asphalt Roll Siding

Less than **3c** a sq. ft.

Here is one of the best investments you could put into your house. Low in cost, easy to apply, a permanent improvement . . . Sears brick-effect Asphalt Roll Siding will reduce your fuel cost through its insulating effect, improve the appearance of your whole house and make your home more fire-resistant, thereby increasing the value of your property. Any surface covered with roll siding need no longer be painted. In fact, the siding material itself actually costs less than a good paint job, and this low first cost is your last cost. Best of all, roll siding more than pays for itself through these savings in painting, and in the fuel savings it makes possible. Made of high quality heavy felt base, thoroughly saturated with asphalt, then covered with a heavy asphalt coating. Embedded in the coating is a long-wearing surface of tough mineral granules, in bright, fade-resistant colors. Brick design with black mortar lines is permanently impressed—will last for the life of the siding. Easy to nail over clapboards, sheathing, etc.—you can do the work yourself; simple step-by-step instructions included. Over uneven surface, use under-surface of Asphalted Fiberboard Sheets, listed below. Use other accessories listed, including blackhead nails, for a first class job.

Brick-effect Siding Rolls. 43 feet long, 32 inches wide, die-cut down center into two easy-to-handle 16-inch wide strips. Roll covers 100 square feet allowing for lap. Install with black-head nails. Shipping weight, roll, 105 pounds.

64KM1352F—Buff color . . . . Per roll **$2.85**
64KM1353F—Red blend color Per roll **2.85**

Starting Course Rolls give neat trim to base of building. Roll 47 ft. long, 30 in. wide, die-cut into three 10-inch wide strips. Contains 141 lineal ft. Shpg. wt., roll, 105 lbs.

64KM1356F—Buff color . . . . Per roll **$2.85**
64KM1357F—Red blend color Per roll **2.85**

Corner Strips are necessary for finished appearance at corners of building. Each strip is 34½ in. long, 2½ in. wide on each side. Made of same materials as siding rolls, but reinforced with metal. Choice of buff or red blend. Shpg. wt., strip, 2 lbs. 8 oz.

64 KM 1338F—State color wanted. Each **45c**

Asphalted Fiberboard Sheets. Use under roll siding applied over clapboard, sheathing or uneven surfaces. Gives smooth base and helps seal out cold, wind and moisture. Sheets are 30x48 in., about ⅛-inch thick. Bundle contains 10 sheets; covers 100 sq. ft.

64KM1374F—Shpg.wt.,55lbs.Bundle **$2.25**

Black Head Nails for "invisible" nailing in black mortar lines; also for lap nailing. When applying siding over a smooth, thin surface order 2 lbs. of 1¼-inch nails per roll; over a thick or uneven surface, such as clapboard, sheathing, or asphalted fiberboard sheets, order 2¼ lbs. of 1¾-inch nails per roll. Shipping weight, per pound, 1 pound 4 ounces.

64 KM 9070F—1¼-inch nails. Per lb.. **12c**
64 KM 9071F—1¾-inch nails. Per lb.. **12c**

SHIPPING POINTS: All items above shipped by freight from factories in Chicago, Minneapolis, Kansas City, Chester, W.Va., Detroit, Mich. Order from Chicago or Kansas City.

High quality Building Felts

As low as **$1.85** 432 sq. ft. roll

Sears high quality Building Felts serve a wide variety of practical needs in your home, summer cottage, farm buildings, etc. They are low in cost, enabling you to improve your property in many ways at no great expense to you. Installation is easy—you can readily do the work yourself, as no special tools are required. We furnish complete, easy-to-follow instructions with every order. Felts are available in the same high quality that Sears has sold for years. Like all Sears products, Sears Building Felts are guaranteed to give satisfaction—you can buy with confidence. For free samples of our Sound-deadening Felt or Saturated Asphalt Felt, write to our Personal Service Department. Be sure to state catalog numbers wanted.

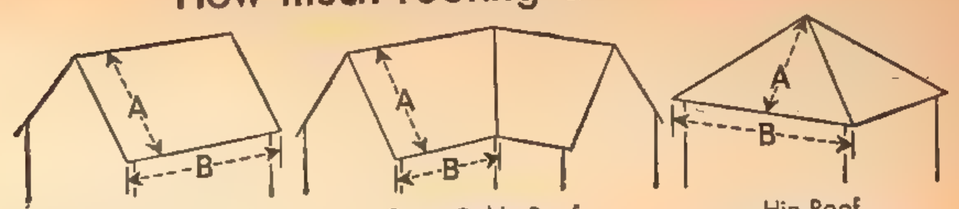
To help you order the right Building Felt for your particular need, we have listed our available felts below, indicating suggested uses. Improve your property NOW with Sears high quality Building Felts.

Sound-deadening Felt—Use as lining or insulation; as a cushion under rugs or linoleum (makes your rugs and linoleum last longer, and helps eliminate drafts); or as a substitute for canvas under wallpaper. Sears Sound-deadening Felt is pliable; easy to work with. Gray in color. Insulates against sound, cold and heat. 36 inches wide, 150 feet long, covers 450 square feet. We recommend the heavyweight roll.

64 KM 3002F—Medium weight. Shpg. wt., 38 lbs. . . . . Per roll **$2.15**
64 KM 3004F—Heavyweight. Shpg. wt., 50 lbs. . . . . Per roll **2.85**

Saturated Asphalt Felt—Use as a base under Asphalt or Asbestos Shingles; as a base under built-up asphalt or asphalt gravel roofs; or as insulation for homes without basements (guards against drafts sweeping in under floor). High quality felt thoroughly saturated with pure asphalt. This felt is waterproofed—use for exterior as well as interior purpose. Felt in the 216 square foot roll is twice as thick as in the 432 square foot roll—the thicker roll is stronger, more durable, has greater insulating value. Roll is 36 inches wide. Shipping weight, roll, 60 lbs.

64 KM 3009F—432 square foot roll . . . . . Per roll **$1.85**
64 KM 3010F—216 square foot roll . . . . . Per roll **1.85**



SHIPPING POINTS: Sears Building Felts are shipped from factories in Chicago, Kansas City, Minneapolis or Detroit, Mich. Order from Sears nearest mail order house. For freight rates see pages 900 and 901.

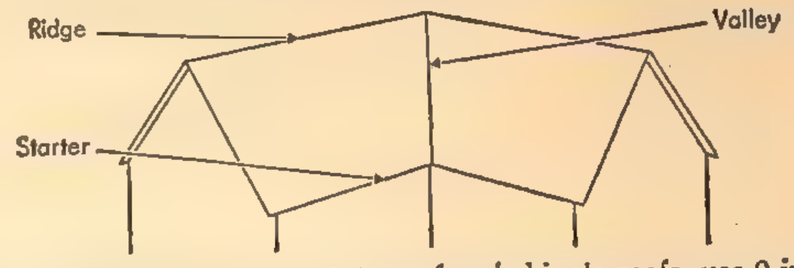
For your convenience, Roll Siding and Building Felts available on Sears Easy Terms—see inside back cover

.RIAL

How much roofing do I need?

Plain Gable Roof — Cross Gable Roof — Hip Roof

Plain Gable Roof—To figure square foot area of roof to be covered, multiply rafter height (A) by length at eaves (B), and multiply result by 2. Add 6% to allow for cutting and fitting at ridges and gables.



Cross Gable Roof—Multiply rafter height (A) by length at eaves (B). Do this for each section of the roof, and then add 11% to allow for cutting and fitting at valleys, ridges and gables.

Hip Roof—Multiply rafter height (A) by length at eaves (B) and divide by 2. Do this for each section of the roof, and then add 11% to allow for cutting and fitting at hip, and ridges.

About Dormers—If your roof has one small dormer, the allowance shown above will be sufficient. If two or more dormers, add 5% more roofing material in addition to regular allowance made for cutting and fitting.

If you need further help, write for Sears Free Estimate Blank 6089K

What about starters, ridges, valleys?

Starters—For starting strips on slate-surfaced shingle roofs, use 9-inch wide slate-surfaced Ridge and Starter Strip listed on following page; or apply shingles in reverse position, with straight edge along eaves of roof.

Valleys—We recommend double thickness valleys for maximum watertight protection. First lay 18-in. wide Valley Strip (listed on following page). Over this lay 36-in. wide slate-surfaced roll roofing (listed on following page).

Ridges—For all slate roll roofing jobs, use 9-inch wide slate-surfaced Ridge Strip listed on following page. For shingle roof we recommend Boston type shingle ridge for best appearance and maximum weather protection. To make a Boston type shingle ridge, order 1 roll of 9-inch wide slate-surfaced Ridge Strip (listed on following page) for every 15 lineal feet of ridge and apply as follows: Cut strip into rectangular pieces each 12 in. long. Place first piece lengthwise at edge of gable, and nail 6 inches in from outside edge and 1 inch in from each side. Second piece should overlap first by 7 in., covering nail heads of first piece. Apply each succeeding piece in same manner—this gives double thickness ridge with nails concealed.

Mica-surfaced Roll Roofing

As low as **85c** per roll to cover 100 sq. ft.

Protect your property! Don't neglect the roofing on your garage, sheds, small farm buildings, chicken houses, barns, etc. You get positive, low-cost, all-weather protection with Sears mica-surfaced asphalt roll roofing—especially recommended for buildings of type mentioned above.

Next in quality to slate surfaced asphalt roofing, described and shown on following page . . . made with same 100% pure asphalt coating . . . contains no mineral fillers. This proven superior coating makes Sears roofing stay waterproof year after year—gives it maximum resistance to all extremes of weather. The basic material for Sears mica roofing is a heavy, long fiber felt, saturated with asphalt and then given a weather coating of 100% pure asphalt. To make it tough and fire-resistant, it is further surfaced with a thick coating of mica flakes.

Same high quality as sold by Sears for years, available in 35, 45, 55, and 65-pound rolls. The heavier weights give longer wear. Each roll is 36 feet long, 36 inches wide; contains 108 square feet of material; covers 100 square feet of roof, with 2-inch lap allowance. Use on roofs with a rise of at least 1½ inches per horizontal foot. Sears mica roll roofing is easy to lay, no special tools required. Complete, easy-to-follow instructions included with every order.

Nails and lap cement included. Free samples of our mica-surfaced roll roofing available—write to our Personal Service Department, stating catalog number of roofing sample wanted.

SUPERWEIGHT—65 pounds per roll—covers 100 square feet . . . Has 20% more felt than Heavyweight roofing below. Labeled "fire-resistant" by Underwriters' Laboratories. Our best mica-surfaced roofing. Use on your home, barns, etc. Shipping weight, roll, 65 lbs.

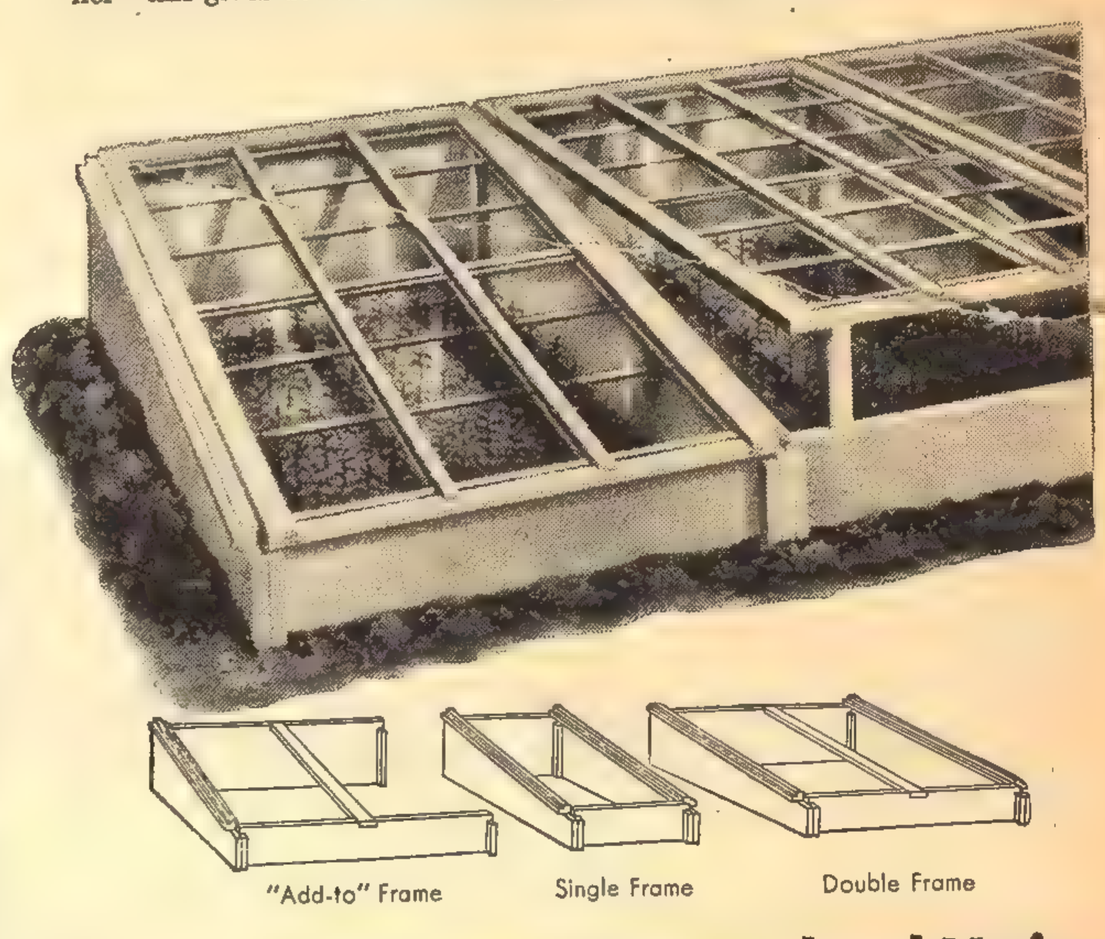
64 KM 3033F—With 1-inch galvanized nails for over roof boards. . . . . Roll **$1.85**

64 KM 912F—With 1¾-inch galvanized nails for over wood shingles. Per roll **$1.95**

HEAVYWEIGHT—55 pounds per roll—covers 100 square feet. . . . Labeled "fire-resistant" by Underwriters' Laboratories. For barns, chicken houses, garages, etc. Shipping weight, roll, 55 pounds.

64 KM 3032F—With 1-inch galvanized nails for use over roof boards. Roll **$1.55**

64 KM 911F—With 1¾-inch galvanized nails for over wood shingles . . Roll **$1.65**



MEDIUM WEIGHT—45 pounds per roll—covers 100 square feet. . . . A good low-cost roofing. Made of same materials as heavier roofing above, but lighter in weight, and not approved by Underwriters' Laboratories. Use on small buildings, hog houses, feed houses, etc.

64 KM 3031F—With 1-inch galvanized nails. Wt., roll, 45 lbs. . . . . Roll **$1.25**

ECONOMY WEIGHT—35 pounds per roll—covers 100 square feet . . . . Not equal to roofings above, but gives enough protection for temporary roof. Priced low for real roofing economy.

64 KM 3111F—With non-galvanized 1-inch nails. Wt., roll, 35 lbs. . . . Roll **85c**

SHIPPING POINTS: Items above shipped by freight from factories in Chicago, Detroit, Mich., or Buffalo, N.Y. Order from Chicago. Freight rates on pages 900 and 901.

"Add-to" Frame — Single Frame — Double Frame

Sears high quality Hotbed Units

Hotbed Sash. Well constructed of 1⅜-inch thick Ponderosa pine, each sash 3x6 feet. Woodguard-treated to guard against moisture, warping, decay. Strong inter-locked corners (mortise and tenon construction); hardwood crossbar prevents sagging. Clear glass securely held with metal points and putty; lapped to drain off rain. Frame not included. Shipped by freight from warehouse in Chicago. Order from Chicago. Freight rates on pages 900 and 901.

64 KM 7270W—Sash only. Shpg. wt., each, 35 lbs. . . . . Each **$4.64**

64 KM 7271W—Sash only. Shpg. wt., three, 100 lbs. . . . . Set of 3 **13.22**

Hotbed Frames. Made of tough, weather-resistant cypress. Single frame, 3x6 feet, takes single sash above. Double frame, 6x6 feet, takes two sash. "Add-to" frame, 6x6 feet, has one side only . . . can be fitted to either end of single or double frame . . . takes two sash. Height of frames at front, 8 inches—at back, 16 inches. Ready to assemble and paint. Sash not included. Shipped by freight from warehouse in Chicago. Order from Chicago.

64 KM 7280W—Single frame only. Shipping weight, 60 lbs. . Each **$5.75**

64 KM 7282W—Double frame only. Shipping weight, 75 lbs. . Each **7.69**

64 KM 7281W—"Add-to" frame only. Shipping weight, 60 lbs. . Each **5.98**

Dark red —(hog or hotbed units on Sears Easy Terms—see inside back cover for complete details

Sears best Roofing . . . as low as 4½c a sq. ft.

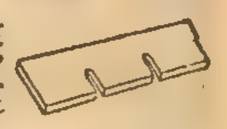
It wears longer . . . 100% pure asphalt coating . . . natural slate granule surface

The asphalt coating is 100% pure—It's the *asphalt* that keeps the roof waterproof . . . gives it lasting protection against rain and snow. It's the *asphalt* that keeps the roof pliable . . . keeps it from becoming stiff and breaking off in high winds. It's the *asphalt* that holds the surface granules firmly embedded . . . keeps them from washing away under a strong rain. It's the *asphalt* that resists the hot summer sun . . . that bonds the roofing materials together so they don't become dry and brittle and fall apart in a few years. Asphalt is the *life-blood* of the roofing—the most important single material used in its manufacture.

That is why for years Sears has used nothing but a *100% pure asphalt coating* for their roofing. Thanks to this superior coating, Sears roofs, *some of them put up over 30 years ago*, are still in good shape . . . still bright and colorful . . . still resisting the toughest weather.

Why is this so important? Because today many dealers are offering asphalt roofings in which the coating has been adulterated with so-called "fillers" or "tempering" materials. These materials are cheaper than 100% pure asphalt. They lower the asphalt content—the waterproof element of the coating. They weaken the resistance of the roofing to year-in-year-out extremes of weather. They reduce the adhesion of granules to the asphalt coating, so that the granules are more apt to shed. *They dilute the life-blood of the roofing.* We are positive that no roofing made with such a "filled" or "tempered asphalt" coating can last *anywhere near as long* as Sears 100% asphalt-coated roofing.

For tested, on-the-roof proof of Sears quality, note the 32-year service record set by the Sears roof owned by Mr. H. A. Schultz of Oshkosh, Wisconsin. He writes:



"The Sears roofing I bought in 1912 is still in good shape. No sags or wrinkles have appeared, and the slate is all there. I bought some other asphalt roofing at a higher price for my porch 15 years ago, and it looks twice as old and the porch leaks."

Here, still in use after 32 years, is real proof of the quality of Sears roofing—a service record that few other roofings can equal. You can buy, on these pages, roofing of the same identical quality. It costs more to make than the "filled" or "tempered" roofings, but the price is no higher. And, in the long run, it *actually costs you less*, based on the extra years of service it will give.

The granule surface is natural Vermont slate—Genuine Sta-So slate granules are the best surfacing for asphalt roofing. Here's why: each small slate granule is flat and irregular in shape, entirely different from the round-shaped stone or ceramic granules used in other roofings. These natural slate granules are firmly embedded in the asphalt coating, and overlap each other in a sort of "fish-scale" coverage. Rain can't seep through to wash away the slate; sunlight can't pass through the granules. You can actually *see* this extra protection when you look at the surface of Sears roofing. The attractive colors go clear through the slate granules, and are fade-resistant—made to stay brighter longer.

In addition, Sears Slate-Surfaced Roofing meets Federal Specifications S-R-521. It is all fire-resistant—and so-labeled by Underwriters' Laboratories, Inc. When you buy Sears Slate-Surfaced Roofing, you buy asphalt roofing at its best. Satisfaction is guaranteed.

"3-in-1" Shingles . . . low as 4½c Square foot

Our finest—weigh 219 pounds per 100 square feet, with a felt base 21% thicker than on our Hexagon shingles. All-over thickness equals thickest point of so-called Thick-Tab shingles. Will not buckle or crack in changing temperatures; can be laid in warm or cold weather. Give *double thickness* of material over 97% of roof. Self-spacing . . . easy to lay; size 12x36 in. For roofs with at least 6-inch rise per horizontal foot. Bundle covers 33⅓ sq. ft.

Catalog Number	Color	Shipping weight	33⅓ sq. ft. Bundle
64 KM 2966F	Jade green	73 lbs.	$1.50
64 KM 2965F	Tile red	73 lbs.	1.50

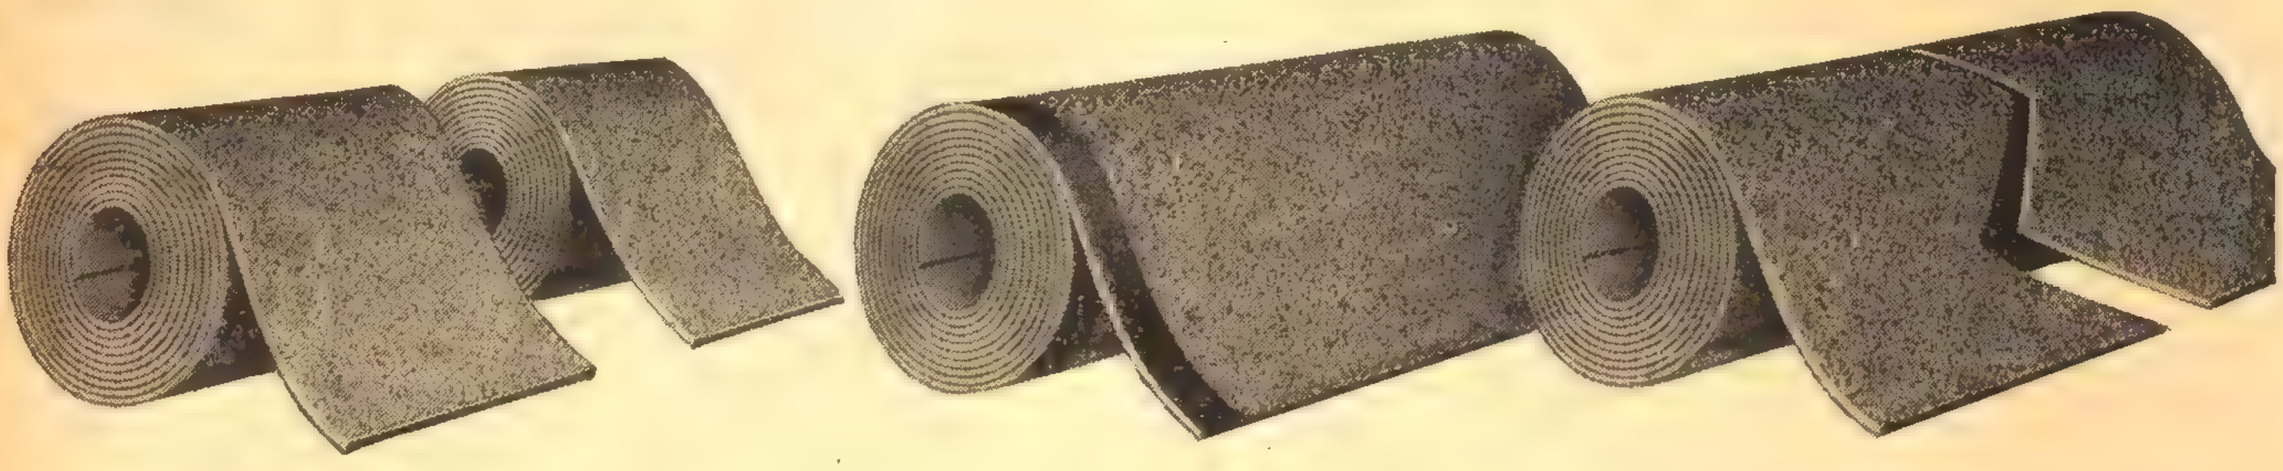
64 KM 2969F	Blue tone	73 lbs.	1.55



Hexagon Shingles . . . low as 3½c square foot

Next in quality to our heavier "3-in-1" design above. Weigh 168 pounds per 100 square feet. Hexagon design gives pleasing appearance and lasting protection, with double thickness of material over 78% of roof. Will not buckle or crack in changing temperatures; can be laid in warm or cold weather. Self-spacing . . . easy to lay; size 11⅓x36 inches. Use only on roofs with at least 6-inch rise per horizontal foot. Bundle covers 50 square feet.

Catalog Number	Color	Shipping weight	50 sq. ft. Bundle

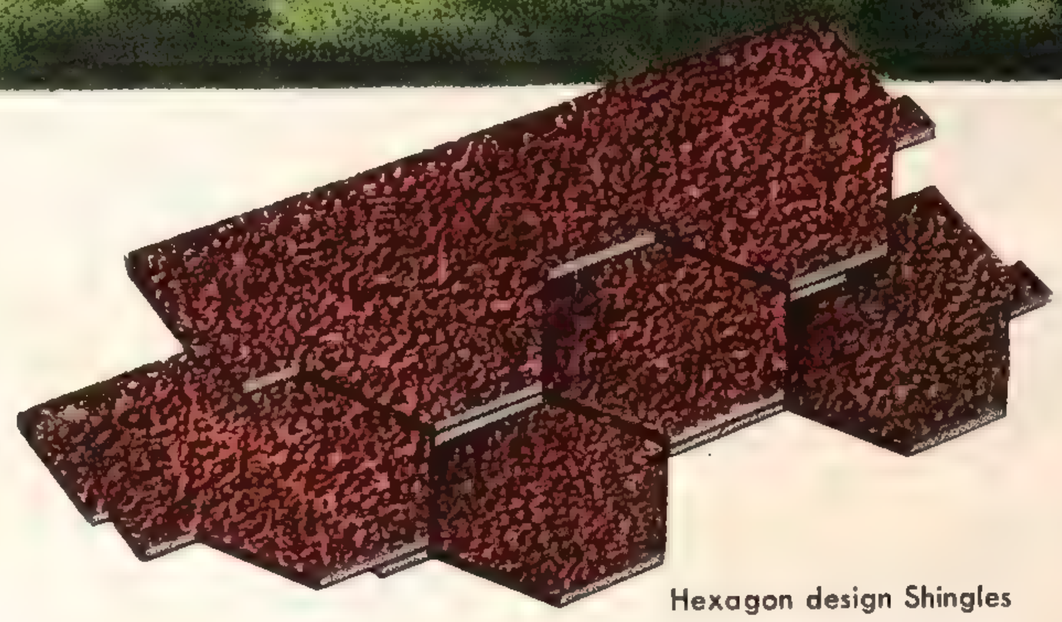
Diamond Point Slate Roll Roofing

Only 2¼c square foot

Made of the same quality materials as Hexagon slate-surfaced shingles listed above. Cut in Diamond Point design, which gives attractive shingle effect at low roll roofing prices. Because of the overlapping pattern, this roofing gives 17% more weight per roll than 90-pound slate roll roofing. Each roll is 36 inches wide, die-cut into two strips that are easily broken apart. Roll contains enough material to cover 100 square feet, allowing for 2-inch lap. For use only on roofs with at least 6-inch rise per horizontal foot. Lap cement not needed; nails, ridge and valley strips listed at left.



Catalog Number	Color	Shipping weight	Per Roll
64 KM 1324F	Gray-green	105 lbs.	$2.25

Put colorful floors in every room . . . kitchen above in marble-like black, green and ivory tiles

Border design in tan and brown

Contrasting squares of ivory and black

Checkerboard pattern in red and tan

Have the Floor of Tomorrow...Today!

SEARS ASPHALT FLOOR TILE

Brings new beauty, new color to every room. Lay it one tile at a time . . . there's no limit to the patterns and color combinations that you yourself can design. It's colorful, durable, easy to work with.

AS LOW AS **10c** PER SQ. FT.

The floor of tomorrow . . . alive with color . . . kept clean and lustrous with amazingly little effort . . . made to withstand years of constant wear . . . priced well within your reach. Sears Asphalt Floor Tile, in 9 by 9-inch squares, is so easy to handle that you can design and install your own floors without expensive, professional help. Use any of the four modern floor plans exactly as shown on the opposite page . . . use these same basic patterns but change the colors to suit yourself . . . or make your own original patterns—there's no limit to the designs and color schemes possible. You can use Sears Asphalt Floor Tile in almost every room in your home—kitchen, bathroom, playroom, nursery or den.

It is the *only* flooring recommended for laying directly over concrete basement floors, because surface moisture, present in most basements, won't affect it. It is also an excellent floorcovering for beauty shops, stores, restaurants, offices—wherever unusual beauty, durability, ease of cleaning, and long-run economy are important. Surface wear will not affect the appearance of the tile, since the lovely colors and marble-like graining go clear through. Each tile is a full ⅛-inch thick. Tiles are pre-waxed at the factory, making floor care as you used to know it a thing of the past. No more down-on-your-knees scrubbing—just swish a damp mop over Sears Asphalt Floor Tile and wax it occasionally to keep it clean and bright.

Install it yourself in 3 simple steps, as shown below. Complete, easy-to-follow instruction sheet is included with your order. In brief, this is all you have to do: **First prepare your floor**—On a clean, smooth concrete floor apply Sears Floor Primer—just like paint—and let it dry. If concrete floor is painted, remove paint with a lye solution. On a wood floor, paste Saturated Asphalt Felt to the floor with Sears Underfelt Paste—no primer needed. **Next spread the cement,** using a trowel or flat piece of wood. **Then lay the tile** — Set Sears Asphalt Floor Tile in any pattern you wish. You can walk on it immediately after laying. All supplies needed are listed at right.

How to Order. Make an accurate drawing of your room, ruled off into squares, allowing one square for each 9 by 9-inch tile. Draw your pattern right on this floor plan, and then figure how many squares or tiles of each color you need. Divide number of tiles needed in each color by 90 to determine number of cartons of each color needed. It's best to allow 5% extra for cutting and fitting at corners, stairs, etc. If you need further help in figuring how much Floor Tile you need, send this drawing to our Personal Service Department, and we will estimate your needs for you. This service is free.

Shipping Points: All items on this page shipped by freight from stock. Order from our mail order house nearest you. Freight rates on page 900.

64 KM 1040—Be sure to state color wanted

Sears Easy Payment Plan makes it possible for you to order Floor Tile and supplies with only a 10% down payment . . . details on inside back cover.

What supplies do I need?

It's wise to have everything you may possibly need right at your finger-tips when you start to install your Sears Asphalt Floor Tile. You'll have a better-looking, better-wearing floor by using supplies that are specially made for use with Asphalt Floor Tile.

Floor Primer. Use in preparing concrete floors only. One gallon covers 150 to 175 square feet.
64 KM 1052—Shpg. wt., gallon, 10 lbs. . Gallon **98c**

Underfelt Paste. For applying Saturated Asphalt Felt (below) to wood floors. Gallon covers 100 sq. ft.
64 KM 1028—Shpg. wt., gallon, 16 lbs. . Gallon **80c**

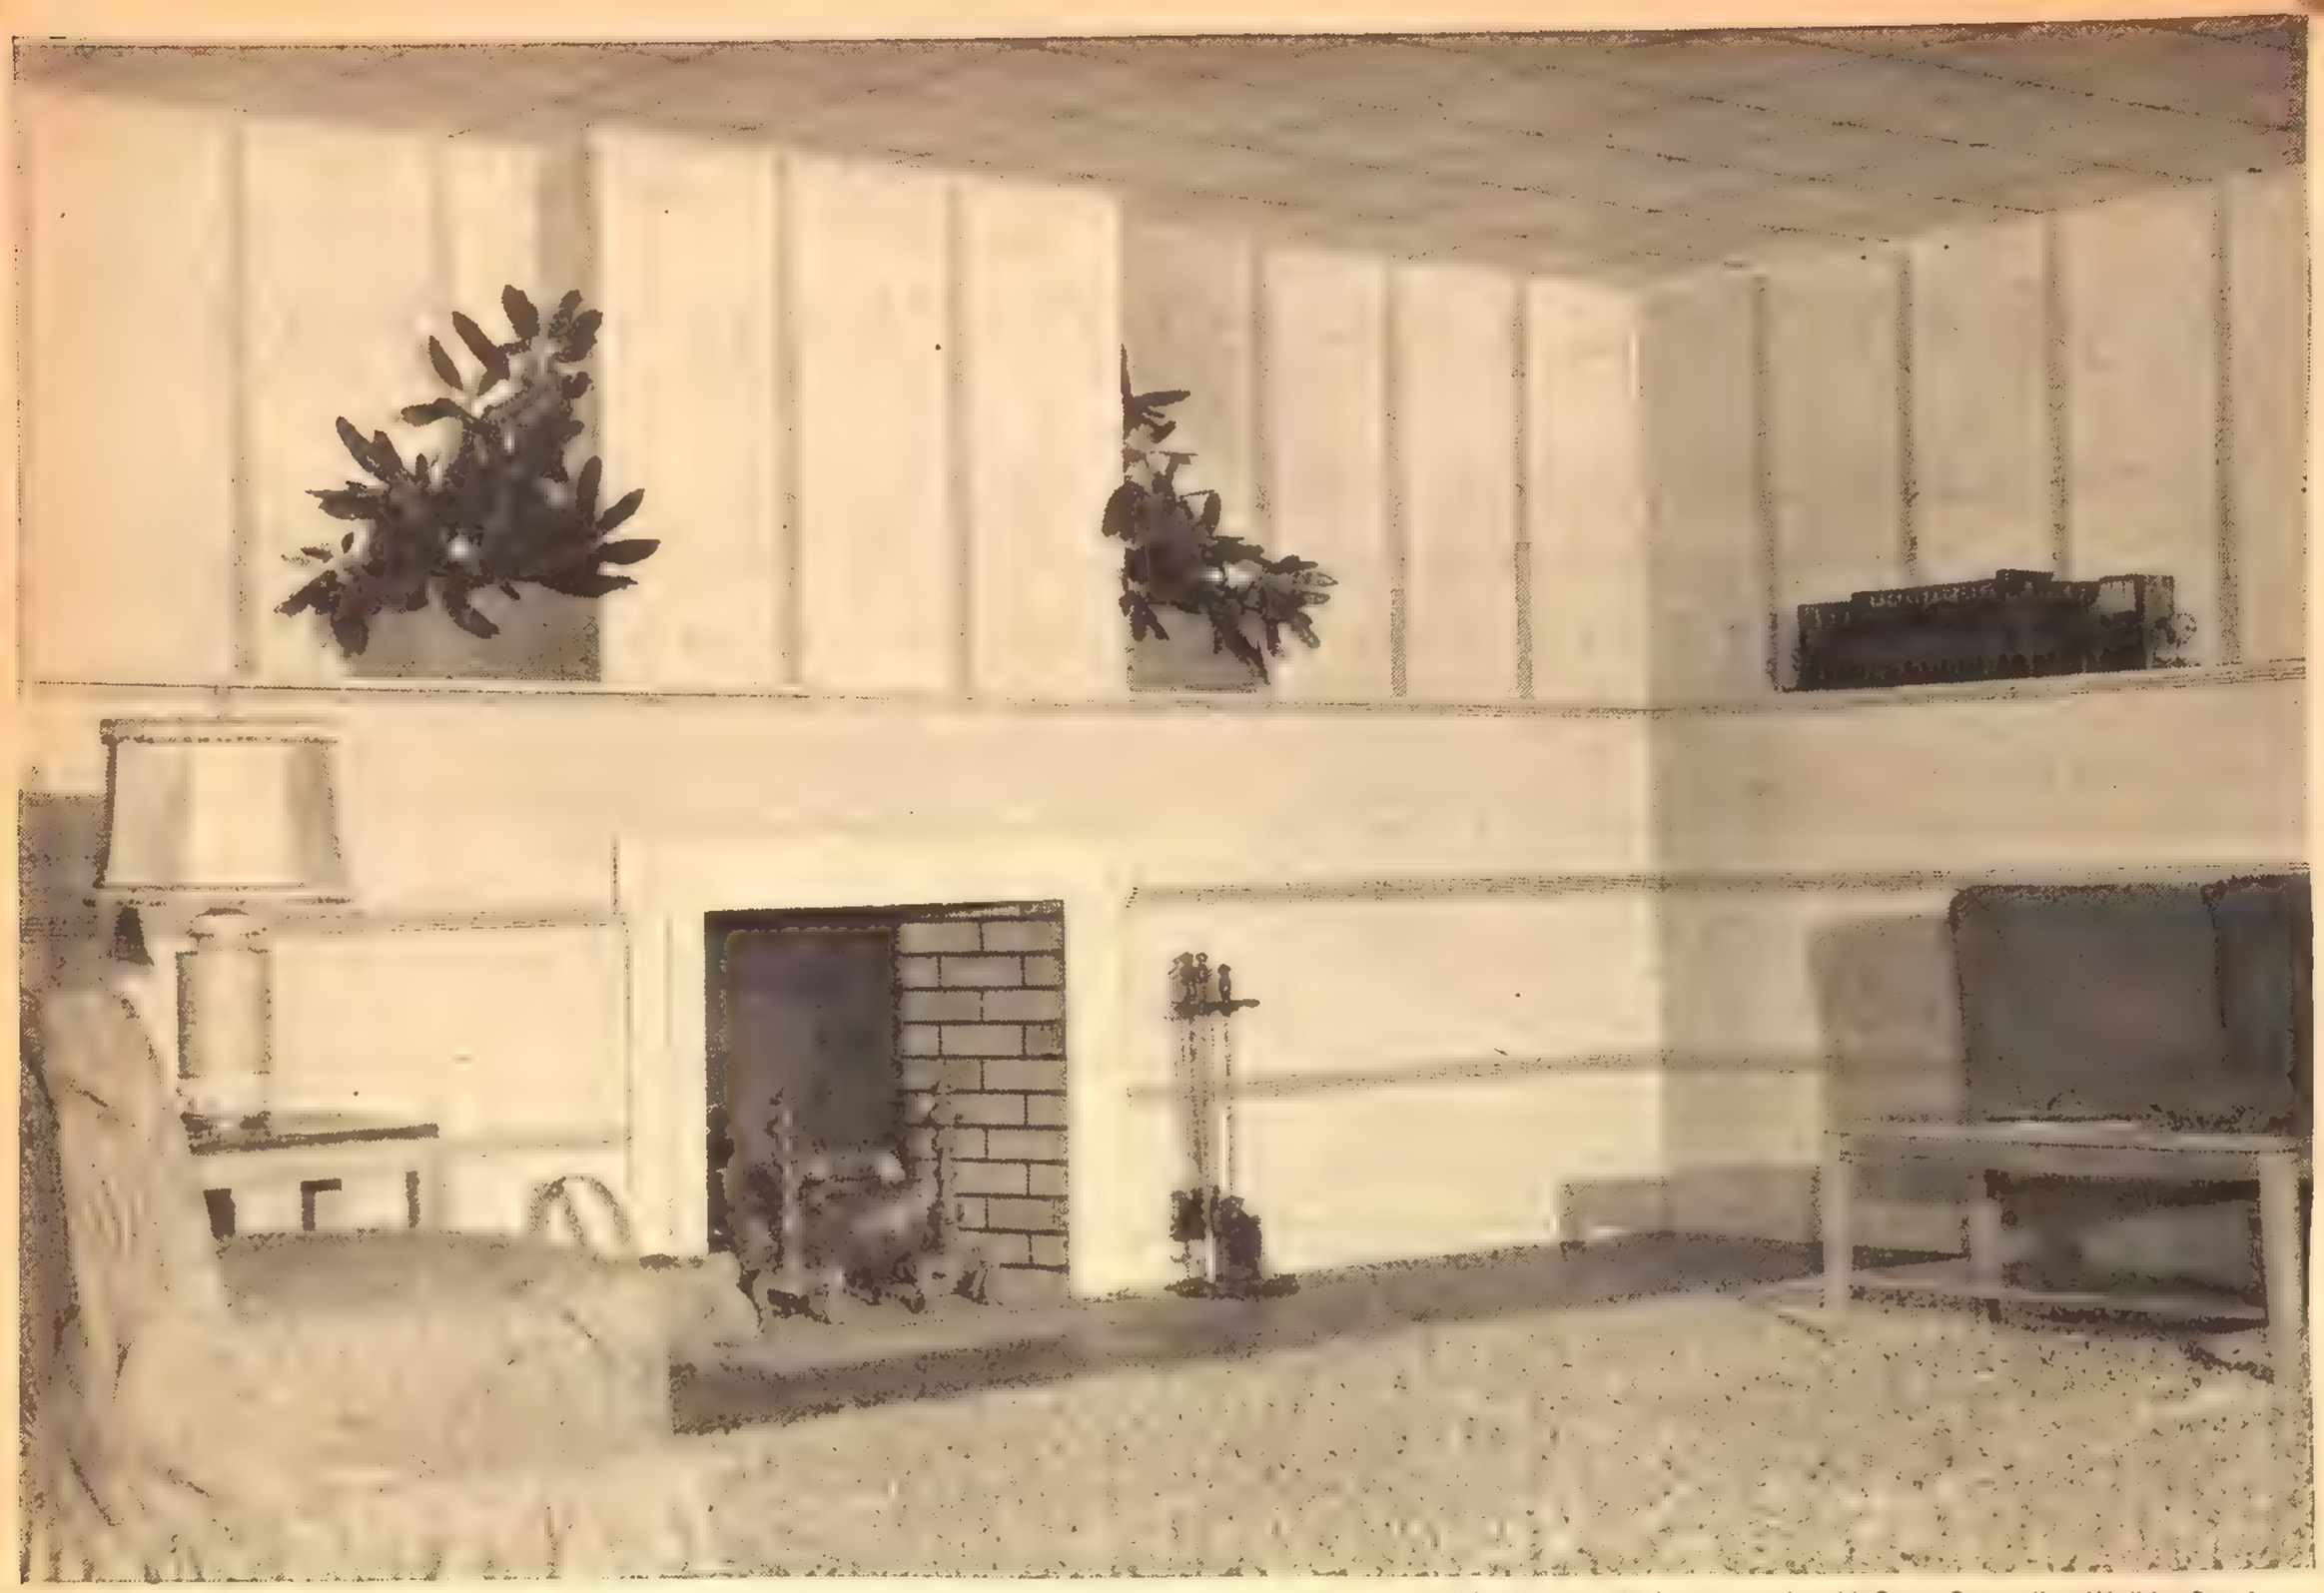
Saturated Asphalt Felt. Use as a base when applying Asphalt Floor Tile over wood floors. Apply with Underfelt Paste above. Rolls are 3 feet wide, any length. **State length wanted.**
64 KM 1027–Shpg. wt., running ft., 8 oz. Running ft. **5c**

Asphalt Tile Cement. For applying Asphalt Floor Tile to wood or concrete floors that have been properly prepared. One gallon covers 100 square feet.
64 KM 1053—Shpg. wt., gallon, 10 lbs. Gallon **98c**

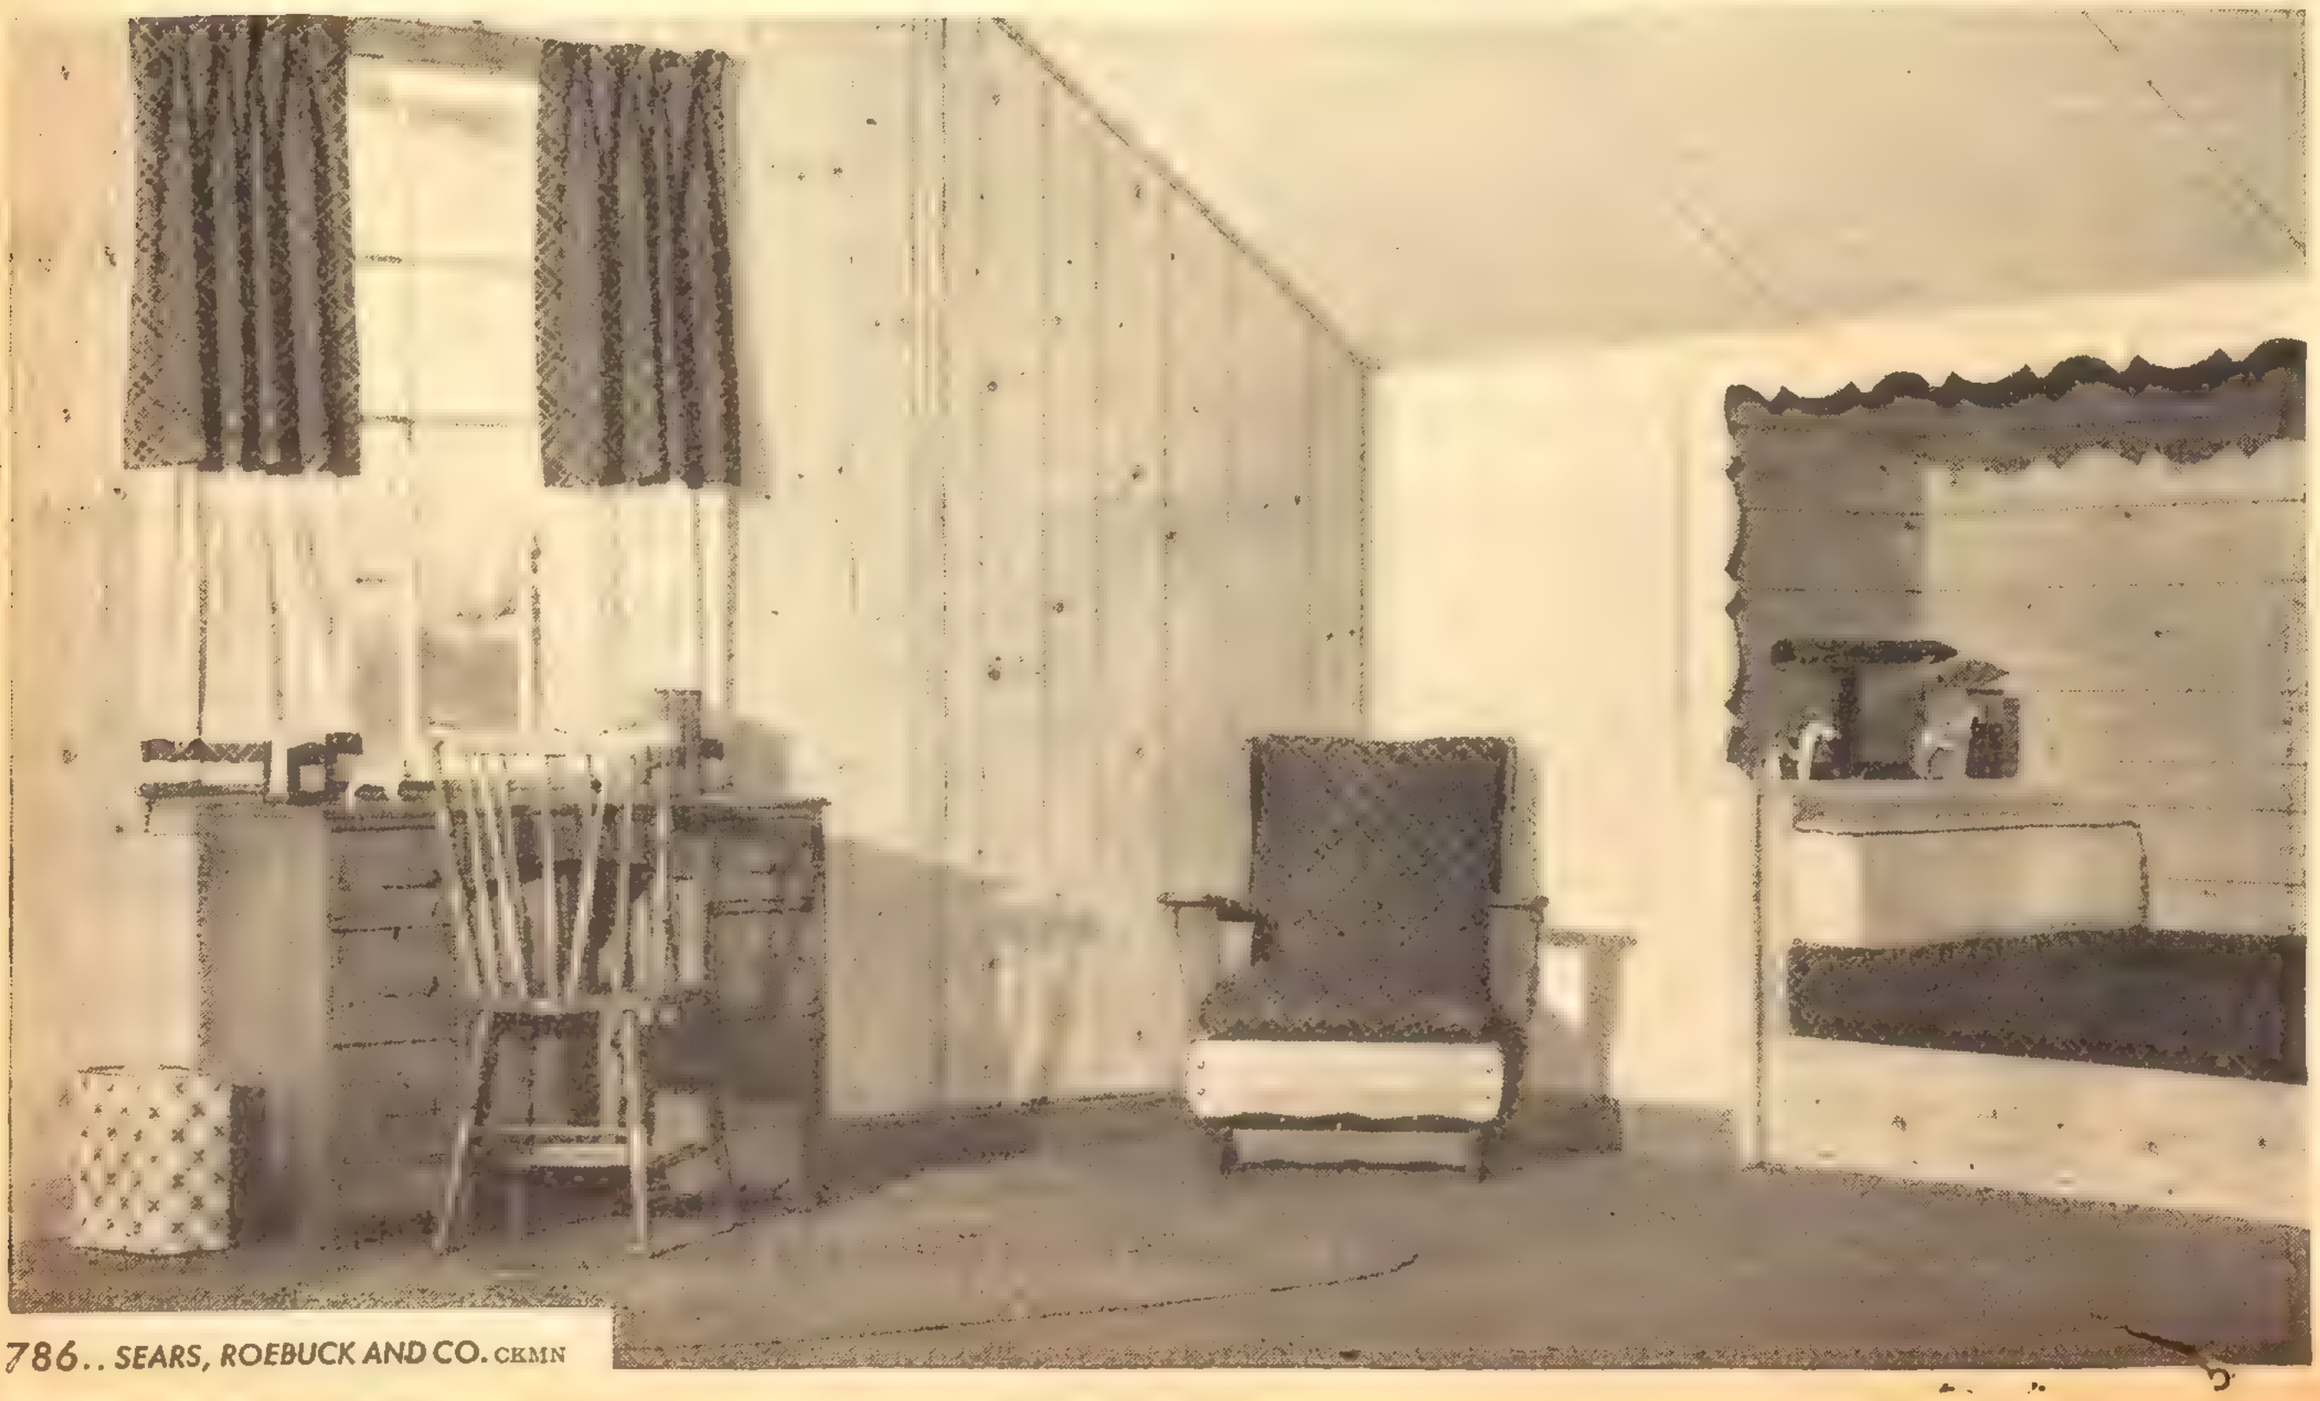
Cove Base Molding. Set on top of Tile at base of wall . . . keeps wall base clean . . . no crevices to collect dust or grime. 4 in. high, 3 ft. long. Plain Black only. Apply with Cove Base Cement below.
64KM1045—Shpg. wt., per strip, 1 lb. 8 oz. Strip **51c**

Cove Base Cement. Quart covers 12 strips of molding.
64KM1043—Shpg. wt., per quart, 3 lbs. . Quart **98c**

Edging Strip. Use at thresholds to give a smoother edge, and a more finished, professional appearance to your floor. Made of the same material as Asphalt Floor Tile. It tapers from the regular tile thickness of ⅛ inch to a feather edge. Comes in strips 1 inch wide, 3 feet long. Plain black only.
64 KM 1041—Shpg. wt., per strip, 1 lb. Strip **39c**



INSTALL IT YOURSELF IN 3 SIMPLE STEPS



Prepare floor, as described above . . . spread cement . . . then lay tiles . . . you can walk on it immediately.

A lovely, practical room made with Sears Streamline Walltite Panels

Build livable extra rooms from unused space

An attic room of Knotty-Pine design Wallboard and Fiber Wallboard

Walltite insulates and decorates for as low as 3¼c a square foot

Build an extra room! Your attic or basement probably offers just the spot for a game room, den, extra living room or bedroom. You can build it yourself, using Sears Walltite Insulating Panels. Same high quality sold by Sears for years—meets all Federal Specifications. Walltite has high insulating value . . . contains millions of dead air cells which resist the passage of heat and retard the passage of sound. Makes rooms warmer in winter, cooler in summer; noises originating within room are deadened; noises entering from outside are lessened. An ideal surfacing for old cracked plastered walls, or open wall studding and rafters.

Walltite is made of chemically-treated interlacing vegetable fibers . . . will not sag, split, decay, rot or support vermin. You can install Walltite yourself—no special tools required. Panels can be easily sawed; they hold nails tightly; are readily handled. Easy-to-follow instructions included with every order. Comes already painted on one side—makes a beautiful room without further decoration—but can be repainted if desired with a water-thinned or oil type paint. (See Sero-Tone Magic Wall Finish on page 766.) No further priming necessary. We do not recommend using Walltite as a base for wallpaper. Use ½-pound of 1¼-inch wire brads or 1½-inch finishing nails for every 100 sq. ft. of Walltite.

[A] **Plain Walltite Panels.** Painted on one side only with one coat ivory colored casein paint. Available in full ½-inch or full ⅜-inch thicknesses. Sold in bundle lots only. Shipping points are listed below. *State size wanted.*

[B] **Walltite "Streamline" Scored Panels.** Shown in room scene at top of opposite page. Full ½-inch thick, painted on one side only with two coats of neutral cream color casein paint. May be repainted if desired—no further priming necessary. You can get beautiful contrasting decorative effects by running colored wax crayon along score lines. Scoring spaced to permit nailing panels directly to 16-inch centered studs; nails applied in the score lines do not show. Panel strips to cover joints not needed. Panels may be installed horizontally or vertically; use together for lovely effects, as shown on opposite page. Installation instructions included with every order. Sold in bundles only.

EASY TERMS
You may use Sears Easy Terms for all wallboards on this page. See inside back cover.

There's a Durable Sears Wallboard for every purpose

A real value, 4-ply Fiber Wallboard, only 3½c Square foot

[C] If you prefer hard-surfaced wallboard for that extra room, Sears 4-ply Fiber Wallboard panels, 5/32-inch thick, are offered at low, economy prices. Use them alone or in combination with Sears Knotty-Pine Design Insulating Panels, as shown in room scene on opposite page. Fiber Wallboard comes tinted, light orange on one side, cream on the other. No further decoration necessary but you can size and repaint it if you wish. Not recommended as a base for wallpaper. Panels are rigid, easy to handle, can be sawed like lumber and nailed directly to studs and rafters, or over old plaster walls. For neatest appearance, cover joints with our Gummed Tape, listed below. Order ½ pound of 1¼-inch plasterboard nails (see page 772) for every 100 square feet of panels.

64 KM 7911F—State size wanted. Minimum order 5 panels.

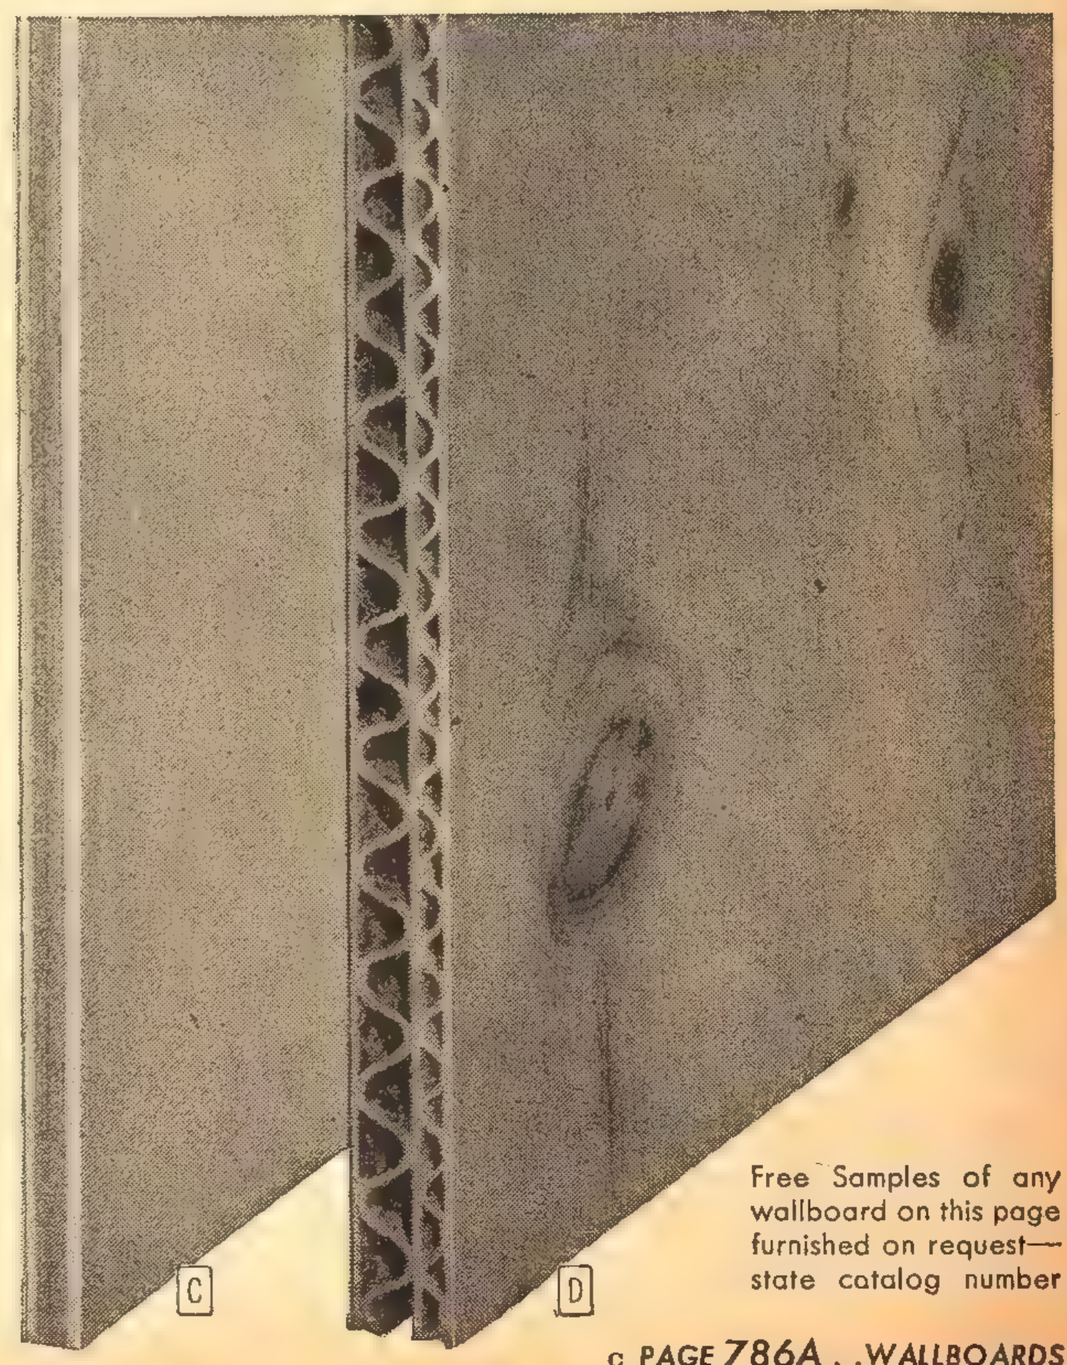
Knotty-pine design Insulating Panels



Less than 3¼c Square foot

[D] If you are going to build an extra room, or "do-over" an old room, why not use Sears Knotty-Pine Design Panels? They look like real Georgian pine—see them used in combination with Fiber Wallboard in room shown at bottom of opposite page. Knotty-pine design panels are 5/16-inch thick, with an asphalt-treated, double-corrugated back, which provides strength to resist warping. Dead air spaces insulate against cold, heat, moisture and sound. Can be used over old plaster walls, or open wall studding and rafters. Panels can be easily cut, quickly installed. Easy-to-follow instructions included. Order ½-pound of 1¼-inch plasterboard nails (page 772) for every 100 square feet of panels.

64 KM 7930—State size wanted. Minimum order 5 panels

Panel Size	Sq. Ft. per Panel	Shpg. Wt. per Panel	Price per Panel
4 ft. x 6 ft.	24	9 pounds	$0.80
4 ft. x 7 ft.	28	10 pounds	.93
4 ft. x 8 ft.	32	12 pounds	1.06
4 ft. x 9 ft.	36	14 pounds	1.16

SHIPPING POINTS: Knotty-pine design insulating panels shipped by freight from stock in Chicago. Order from Chicago. Freight rates on pages 900 and 901.

Free Samples of any wallboard on this page furnished on request—state catalog number

"Full-thick" Rock Wool Batts

less than **5½c** square foot

Rock Wool Batts are best for most homes because they are the easiest type of rock wool to install, and because they provide a full, 3-inch thick, even layer of insulation. In Sears batts the distribution of air cells, which act as the barrier to heat and cold, is carefully controlled at the factory by treating the rock wool with a brown synthetic resin. This treatment assures full thickness, uniform density and maximum insulating efficiency of .0833 B.T.U.'s. It also results in a lighter, fluffy batt—puts less weight on your ceiling plaster—and allows batts to be compressed so that twice as many are packed in each carton. Sears batts expand to full thickness when installed.

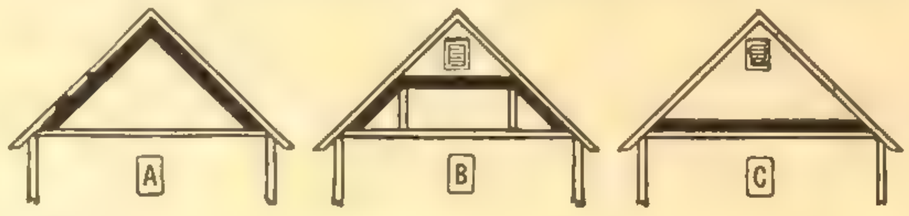
Sears Rock Wool Batts are easy to handle—2 feet long, 15 inches wide. You merely lay them in place between joists of unfloored attics, or tack them between studs or rafters of floored attics, as shown at right. The rock wool in Sears batts is treated to make it water-repellent. One side of batt is cemented with asphalt to a layer of heavy, vapor-proof paper; this gives extra protection from dust, wind and moisture. 1½-inch flanges on long sides are for tacking batt to standard studs or rafters. Sears Batts are odorless, vermin-proof, fire-resistant. Carton of 16 batts covers 42 square feet, allowing for studs, joists or rafters. Instructions included. Shipped by freight from stock in Chicago, Kansas City or Minneapolis. Shpg. wt., carton, 32 lbs.

64KM3298—Carton to cover 42 sq. ft.. **$2.29**

INSULATION . . . you're paying for it—why not have it? . . . from the third year on, fuel savings are clear profit

Insulation pays for itself—It is actually costing you money not to insulate your home! By insulating, you save enough in fuel costs over a three year period to more than pay for the cost of insulation. To insulate the attic floor of an average 6-room house (832 sq. ft.) using "full-thick" 3-inch Rock Wool Batts—Sears best—your cost is only $45.80 for material, or about 5½c per sq. ft. Compare this cost with your fuel savings every year after insulating, and you will readily see that it pays to insulate NOW!

SAVE 16.2%



Fuel cost BEFORE insulating average 6-room house	**$110.60**
Fuel cost AFTER insulating same 6-room house	**92.62**
Yearly Fuel Saving—a reduction of 16.2%, or	**$17.98**

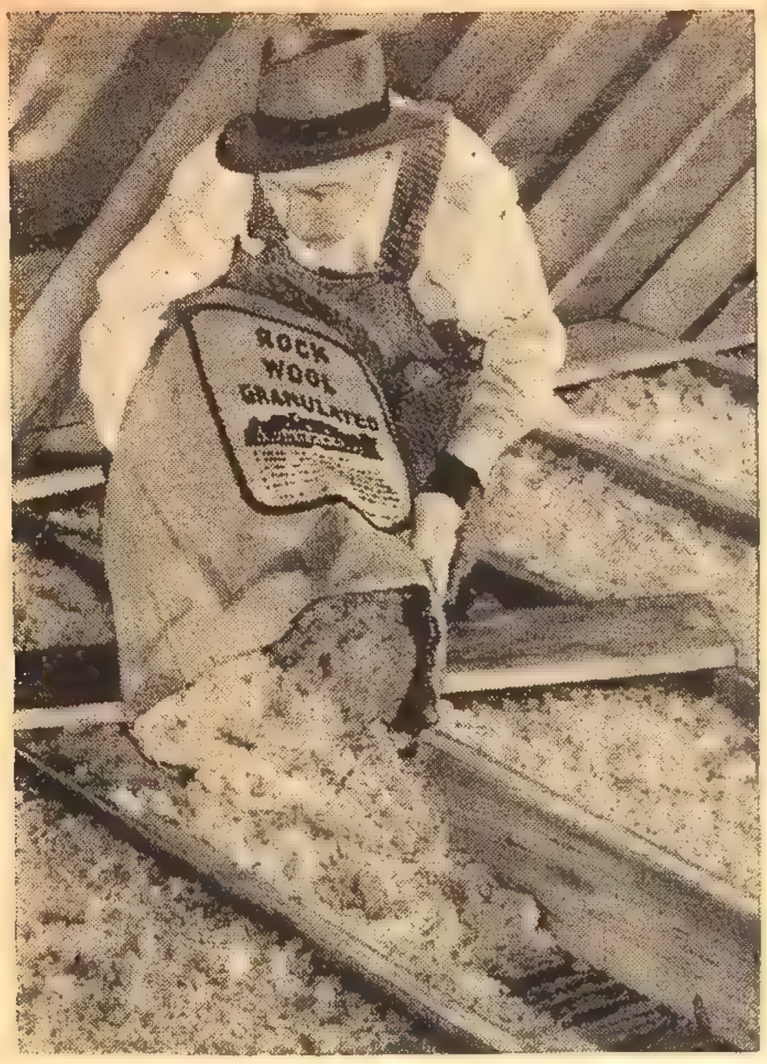
This means that in 2½ years the insulation has paid for itself. And from then on, your yearly fuel saving of $17.98 is extra cash in your pocket! You are paying for insulation . . . why not have it?

Insulation has many benefits—Your home will be more comfortable, offer healthier living conditions, when properly insulated. In winter you will be able to maintain more even temperatures . . . be exposed to fewer drafts. In summer your home will be 8° to 15° cooler, with as little as 2° difference in temperatures between floor levels. Upstairs rooms—which tend to heat up unbearably in summer—will be practically as comfortable as your first floor rooms. Your home will be more quiet . . . insulation helps keep out noise. Your decorating costs will go down, and unsightly lath streaks on your ceilings should be eliminated. Sears insulation will also help keep fires from spreading . . . all Sears insulating materials are fire-resistant and non-conductors of electricity.

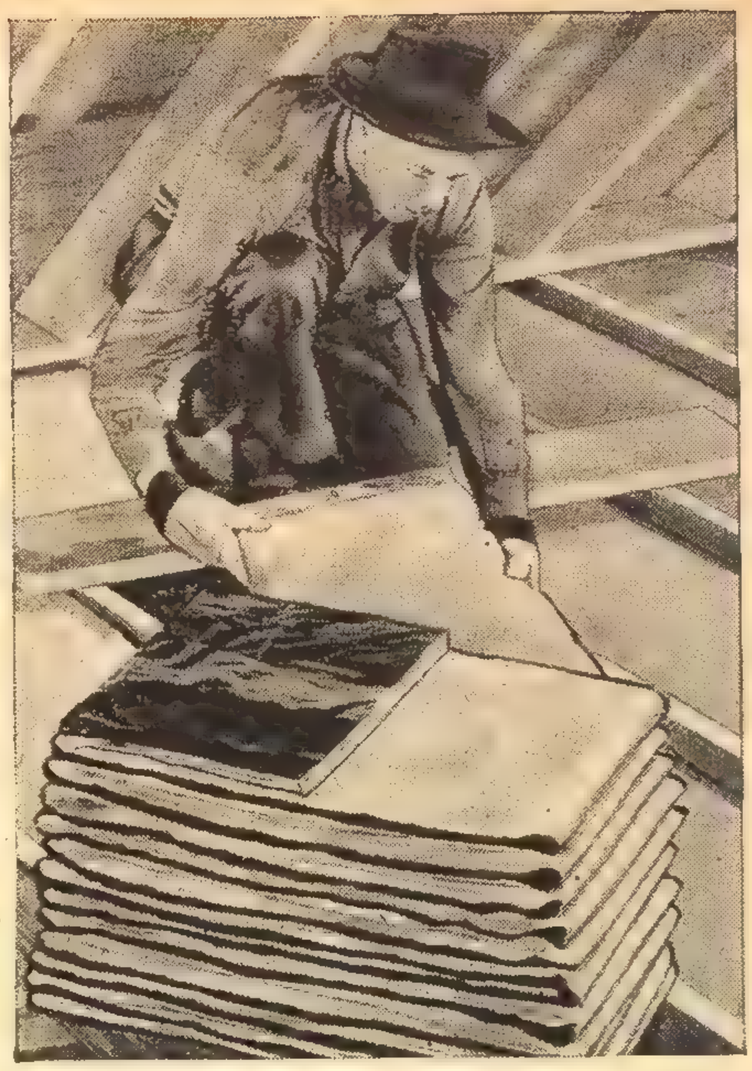
Insulation is easy to install—You can insulate your home yourself in your spare time, making extra savings by eliminating professional installation costs. As shown on these pages, it requires no special skill or equipment. Full instructions with each order.

Where should I insulate my home? This depends for the most part upon whether or not your attic is occupied. For best results, see the descriptions and pictures below, showing typical installations.

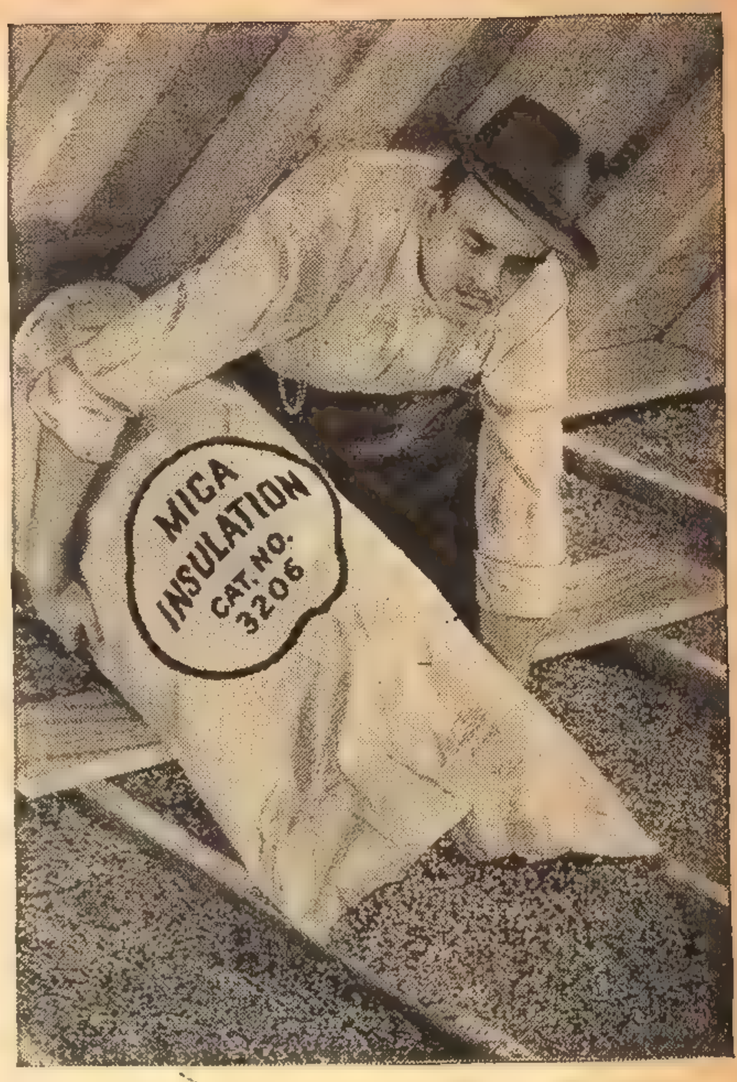
If entire attic is in use as living quarters, or if it will be in the future, insulate the entire attic roof as shown in [A]. Also the gable ends, and walls, if any. For best results use Rock Wool Batts.



If attic has a separate room, you should insulate above and around the room on all sides. See illustration [B]. We recommend Sears Rock Wool Batts, although Granulated Rock Wool or Expanded Pellet Type Mica Insulation may be used for insulating any level surfaces where a "pour-type" insulation will stay in place.



If attic is not occupied, and you do not plan to use it for future living quarters, insulate the attic floor as shown in [C] above. Takes a minimum of material—saves you money—keeps the heat where you need it. If attic is unfloored, place insulation between floor joists. If floored, take up every third or fourth board and pack insulation under other boards. Use Sears Rock Wool Batts, or "pour-type" Granulated Rock Wool or Expanded Mica Insulation.



Which Insulation should I buy? For most homes, batts are best because their density, and hence their efficiency, is controlled at the factory, and cannot ordinarily be altered during installation. Sears full 3-inch thick batts stop 85% of heat attempting to pass. For other types of insulation commonly used, see opposite page.

Proper ventilation is important to maintain the life and efficiency of your insulation. Read about Ventilating Louvers on opposite page.

Insulation works for you all the year around . . . saves fuel in winter, makes homes cooler in summer

Granulated Rock Wool

Less than **5½c** square foot 3 inches deep

Sears Granulated Rock Wool flows freely from the bag, requires no hand packing—simply pour in place and level off to desired depth. May be poured into outside walls through openings in attic, or between joists of unfloored attic. If attic is floored, lift every third or fourth board and pack by hand. Pellets will not sift through cracks. Non-conductor of electricity; can safely be placed around wiring. It is odorless, vermin-proof, fire-resistant . . . has same high insulating value as rock wool batts. Bag covers 20 sq. ft. 3 inches deep, allowing for joists. For best results per dollar invested, use to 3-inch depth (stops 85% of heat attempting to pass). Shipped by freight from stock in Chicago. Shipping weight, bag, 40 lbs.

64KM3236—Bag, to cover 20 square feet.....**$1.09**

Low cost Fluffed Rock Wool—gives all the benefits of granulated rock wool above. Harder to install; does not pour, must be pulled from bag and packed by hand. Use fluffed rock wool to stop openings where other types might sift through. One bag covers 20 square feet 3 inches deep, allowing for joists. Shipped by freight from stock in Chicago. Order from Chicago. Shipping weight, per bag, 40 lbs.

64KM3237—Bag, to cover 20 square feet.....**94c**

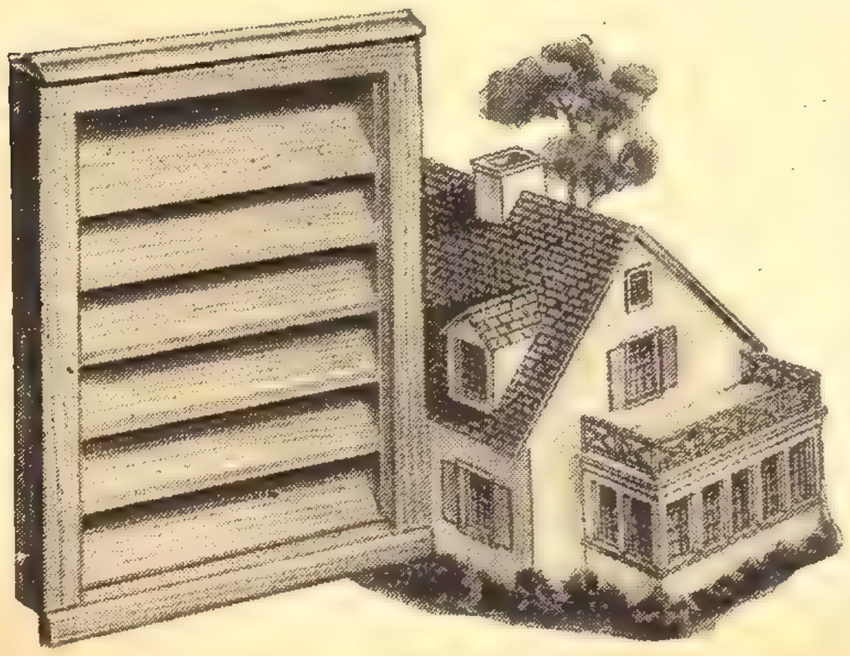
Seamless Cotton Blanket Insulation

Only **4¾c** square foot 2 inches thick

Sears Cotton Blanket is one of the newest types of insulation, offering many desirable features and advantages. It has a slightly greater insulating value than any other material of equal thickness . . . 2 inches of Sears Cotton Blanket Insulation gives same result as 2¼ inches of Rock Wool or Expanded Mica. Ideal for use where less than 3 inches of insulation is needed. Made of gray cotton, completely enclosed in kraft paper. One side is coated with asphalt—acts as barrier to moisture. Very light in weight, extremely easy to handle and install. A ¾-inch flange on each side makes it easy for you to tack to studs or rafters. Instructions included.

Sears Cotton Blanket Insulation is odorless, water-repellent, free from dust and splinters; will not pack or settle, will not disintegrate or support vermin. Chemically-treated to make it permanently fire-resistant. Comes in a continuous piece 75 feet long, 15 inches wide. Easily cut with shears to required size. One 75-foot length insulates about 110 square feet of surface, allowing for joists, studs or rafters. Compressed in packing, blanket expands to full 2-inch thickness when applied . . . original compactness makes for easier handling. Shipped by freight from Chicago. Order from Chicago. Shpg. wt., roll, 20 lbs.

64KM3211—Roll to cover 110 sq. ft.....**$4.75**



Expanded Mica Insulation

Only **5¾c** square foot 3 inches deep

Sears Expanded Pellet-type Mica Insulation is the easiest of all "pour-type" insulations to use. Flows very freely . . . readily reaches many otherwise inaccessible places . . . wires and nails will not hold it back. Ideal for insulating outside walls; pour into walls through openings in attic. In unfloored attics, use for insulating between joists—simply pour from bag and level to desired depth. In floored attics, remove every third or fourth board and pack into place by hand. Clean, odorless, fireproof. Will not disintegrate, settle, rot or support vermin; will not cut or irritate the skin. Has same high insulating value as rock wool. Bag covers about 17 square feet, 3 inches deep, allowing for studs and joists. For best results per dollar invested, use to 3-inch depth (stops 85% of heat attempting to pass).

Expanded Mica is also known as "Vermiculite." Recommended as insulation for farm buildings, where warm, comfortable dairy barns and poultry houses may mean increased milk, egg and meat production. Makes a good, low-cost chicken litter. Shipped by freight from factories in Chicago, Springfield, Ill., Joliet, Ill., Cleveland, Ohio, St. Louis, Mo., or Detroit, Mich. Order from Chicago. Shipping weight, bag, 24 pounds.

64KM3206F—Bag, to cover 17 sq. ft.....**98c**

Ventilating Louvers for homes and farm buildings

Your insulation job is not complete unless you provide for necessary ventilation above the insulated area. By installing a louvered ventilator at each end of your attic, you get thorough circulation of air. This is particularly important in summer, when extremely hot, dead attic air lays over the cool air in your insulated living quarters. Proper ventilation helps to keep this excessive heat from storing up. *Important*—install louvers in gable ends above insulation, as shown in B and C on opposite page; do not install louvers in gable if insulation is applied between rafters of entire roof, as in A.

Louvers are also valuable for ventilating farm buildings—barn lofts, brooder houses, milk houses, etc. Proper ventilation is just as important in these buildings as in your home. Sears louvers give free circulation of air, but are stormproof and keep out rain and snow. Well-built of unpainted Ponderosa pine; fit any type wall construction. Wire screen keeps out insects and birds. Easy-to-install wood back is included; should be installed for winter to keep cold air out of *uninsulated* buildings. Casings 1x2 inches; jambs 2¼ inches wide. For correct size, allow 12½ to 25 sq. in. of vent area for 100 sq. ft. of attic floor area; for best results, order two louvers of that size. Rough openings should be 2 in. wider, 3½ in. higher than vent area. Shipped from warehouse near Chicago. Order from Chicago. *State size.*

High-quality Windows at money-saving prices

Good looking, high quality windows . . . windows that meet official standards of the National Door Manufacturers' Association, the same high quality sold by Sears for years, and backed by our absolute guarantee of satisfaction or your money back. We can offer such high quality windows at these money-saving prices because we buy them in large quantities directly from the mill, and ship direct to you from centrally located warehouses.

Windows are made of clear, kiln-dried Ponderosa pine . . . 1⅜ inches thick . . . Woodguard-treated to resist warping and twisting, rot and termites. They have check-rail construction for weather-tight fit. Mortised and tenoned (interlocked) joints are reinforced with metal pins. Fitted with clear glass securely held by plenty of metal sash points, and sealed with high quality putty. Grooved for sash cord. Sizes shown in table below are the outside measurements of the window (2-sash) and are the same as inside measurements of the frames these windows fit.

Twin and Triple Windows, shown at left below, give more light and air, as well as better appearance to your home. Any window or complete window set listed in the table below can be had in Twins . . . state "Twin" on order and send twice the price of a single window or single complete window set. Rough openings for twin windows should be 12 inches wider than width of two windows, and 5 inches higher than window height. Any size window or complete window set marked with an asterisk (*) in the table below can be had in Triples . . . state "Triple" on your order and include three times the price of a single window or single complete window set. Rough openings for triple windows should be 17 inches wider than width of three windows, and 5 inches higher than window height.

EASY PAYMENT PLAN: When you're short of cash, Sears Easy Payment Plan may help you buy the things you need . . . for complete details of this plan see the inside back cover.

ORDERING INFORMATION: Be sure to *state size, giving width first.* All items shipped by freight from warehouse in Chicago. Order from Chicago. For freight rates see page 901.

Save time, money and labor . . . buy Sears Complete Window Sets

Save time because practically everything needed for proper installation of a window is included in the Complete Window Set, and you need not hunt elsewhere for it . . . *save money* because Complete Window Set prices are lower than when same items are bought separately . . . *save labor* because parts are accurately cut, making assembling and installing much simpler. Complete Window Sets as listed at left are for single windows only . . . for Twin and Triple Window Sets see "Twin and Triple Windows."

Each Sears Complete Window Set includes the following items:

One Window consisting of two sash, as described under "Windows" at top of page; choice of styles A, B, or C illustrated at left above.

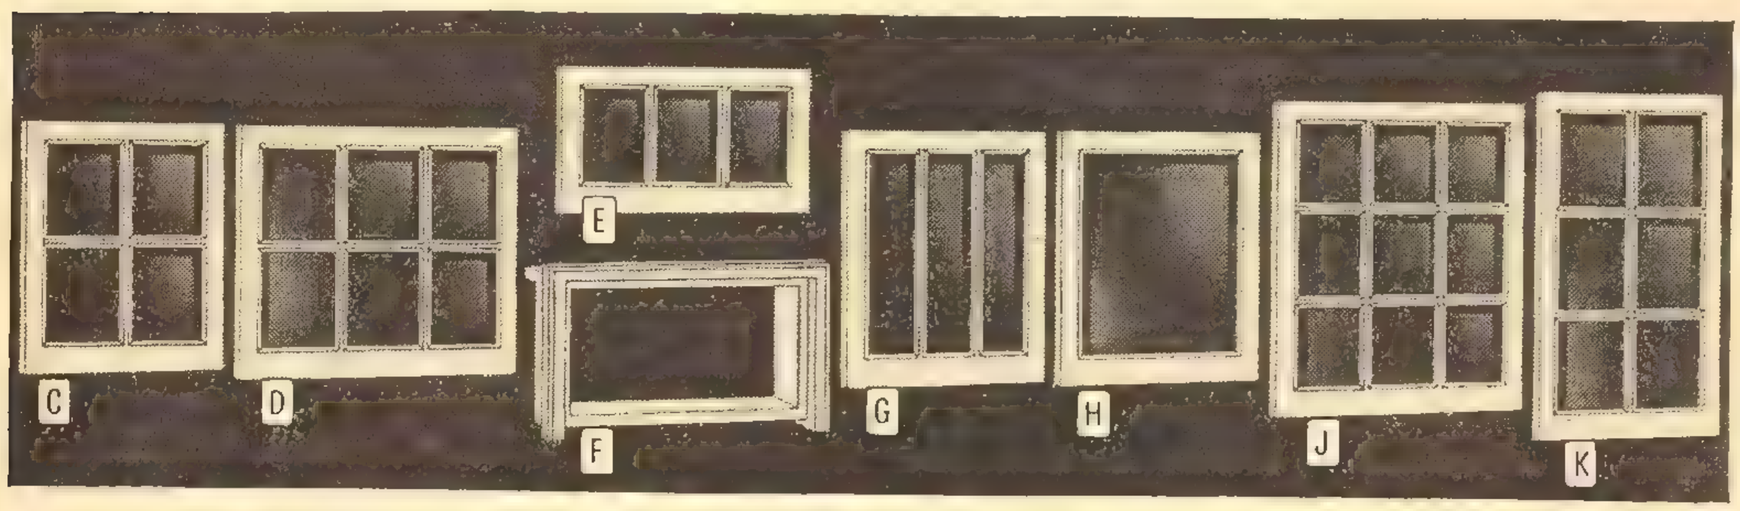
One Outside Window Frame. Clear, kiln-dried Ponderosa pine, smoothly sanded . . . Woodguard-treated to guard against warping, twisting, rot and termites . . . all you do is assemble parts, and paint or varnish them. For use in standard frame wall construction (2x4 stud walls, with siding or shingles over sheathing outside; lath and plaster inside). Has weather-resisting jam-proof pulleys; sash weight pockets already cut. Frame includes blind stops, parting stops, outside casings, sill and drip cap. Fits walls up to 5¼ inches thick. Rough openings should be 6 inches wider and 5 inches higher than overall size of window (2-sash).

Hardware includes **four sash weights** of the correct weight to balance window properly; plenty of Sears special Hy-Test **Sash Cord; sash lifts** (one for windows up to and including 2 ft. 6 in. wide, two for windows over 2 feet 6 inches wide); **one lock fastener** and **screws.**

***Inside Window Trim.** We are very sorry, but as this catalog goes to press we are informed by the manufacturers that Inside Window Trim formerly listed will no longer be available. Prices for our Complete Window Sets have been reduced because of this omission.

A new window deserves the best paint job—for the exterior, use House Paint or Trim and Shutter Paint on pages 764 and 765 . . for the interior, use High Gloss and Semi-Gloss Enamels or Varnishes on pages 769–773.

A closed-in Porch is an extra room



Enclose your present open porch with Sears fine quality windows and have an extra room . . . a room you can live in, summer and winter . . . a room in which to sew, to read, to play or to sleep. Enjoy fresh air and sunshine the greater part of the year, yet keep your porch free from summer rain, falling leaves and winter snow. Use window [A] or window [B] for either front or back porches.

Clear, kiln-dried Ponderosa pine, 1⅜ inches thick. Accurately cut, smoothly sanded, ready to paint. Woodguard-treated as a guard against warping and decay. Wide side rails take standard casement hardware . . . window can be hinged at the side and used as a French (casement) window. Clear glass is held in place with metal points and plenty of putty. Shipped by freight from our warehouse in Chicago. Order from Chicago. Freight rates on pages 900 and 901.

Woodguard protects against decay, warping

Woodguard is a colorless, odorless chemical that adds years of life to millwork by sealing it against its natural tendency to absorb water. When wood absorbs water it swells and warps, causing windows and doors to stick. Then, as the wood dries, it shrinks, so that windows and doors rattle in their frames and let in annoying drafts. Woodguard minimizes this water absorption . . . note how Woodguard-treated wood in picture above has been unaffected by water. It guards against rot, decay, black mold, blue stain, termites and end checking. All Sears pine millwork has been pre-treated with Woodguard to give you this extra protection . . . at no extra cost to you. Apply Woodguard, however, to all new wood not thus pre-treated, and to wood exposed by cutting or trimming. Serves as a primer coat, saving time and money in painting. Apply with a brush—like paint. Gallon covers 680 square feet. Shipped by freight from warehouse in Chicago. Order from Chicago.

You save on Doors at Sears low prices

Why pay more? Every Sears door is built to the exacting standards of the National Door Manufacturers Association or the Fir Door Institute . . . the same high quality that Sears has sold for years . . . and offered to you at low, money-saving prices made possible by Sears large quantity purchases direct from the mill. Order a Sears Complete Door Set and you will make even greater savings in time, money and labor.

Entrance Doors. Dress up the entire front of your house at low cost by installing a new, beautiful entrance door. If your old door is warped or swollen, install one of the well-constructed doors shown on this page. Sears exterior doors for front, rear and side entrances will give your home a modern, up-to-date appearance. A new entrance door will bring extra comfort and fuel economy, and will help protect the health of your family, by eliminating many costly and dangerous drafts. You will find it to your advantage to buy a Complete Door Set . . . installation will be easier and you will make an even greater saving in cost. Complete Door Set includes frame, three hinges, screws, lock set, plus free mortising (pocket cut for lock). All Sears pine entrance doors and frames are Woodguard-treated to make them resistant to warping, checking, moisture, rot, decay, termites, as described on preceding page.

EASY TERMS. You may buy any item on these two pages on Sears Convenient Easy Payment Plan. There is no need to disturb your savings . . . you pay only 10% down, the balance in easy monthly installments. See inside back cover for complete details.

Sears beautiful Entrance Doors

These fine looking entrance doors combine good appearance, sound construction and low cost. They will harmonize with almost all architectural requirements, and their simple lines reflect good taste.

First class workmanship has been used throughout. Accurately cut of fine quality Douglas fir or Western Ponderosa pine, air seasoned and kiln-dried, as listed in table below. Hardwood dowels set in water-proof glue reinforce and secure all joints. All corners are cut square. Door surfaces are sanded satin-smooth, ready to paint, stain or varnish. Pine doors are treated with Woodguard to resist warping and swelling. All glass set in with molded wood beads. *State size, giving width first.*

SHIPPING POINTS—All items on this page shipped by freight from warehouse in Chicago. Order from Chicago. Freight rates on pages 900 and 901.

Save time, save work, save money—buy Sears Complete Door Sets

As shown above, Sears Complete Door Sets include everything you need for proper installation of entrance door, except trim, nails and paint. Each set includes the following:

Outside Door Frame. Shown above. Clear Western Ponderosa pine, sanded smooth and Woodguard-treated to resist warping and decay . . . adds years of life to door sets. Ready to assemble and paint. Includes outside casings, jambs and sill. Frame is pre-fitted and rabbeted (grooved to form door stops) for doors of 1⅜ or 1¾-inch thickness, as listed below. Sizes listed are exact sizes of doors which will fit these frames . . . rough wall openings should be 3 inches wider and 4 inches higher than finished door size. For standard frame wall construction only (2x4 stud wall, with siding or shingles over sheathing outside; lath and plaster inside.)

Sturdy Oak Threshold. Correct size to fit frame.

Necessary Hardware. 3 butt hinges, screws; one 3-tumbler lock set in jet black, rust-resisting finish.

IMPORTANT. We will mortise your door free of charge (cut pocket in the door to take lock furnished with set), when you order a Sears Complete Door Set. This special Sears service makes installation easier for you. Be sure to state if hinges are to be on the *right* or *left* hand side as you face your door from the *outside*. "Outside" of door is the side on which the unremovable molding holds the glass. Doors are not mortised unless ordered as part of a set.

***Inside Door Trim.** We are sorry, but as this catalog goes to press we have been advised by the manufacturers that they can no longer furnish us inside door trim. We have reduced prices of our Complete Door Sets proportionately because of this omission.

Entrance Doors only . . . *state size, width first.* Sears Complete Door Sets . . . door included.

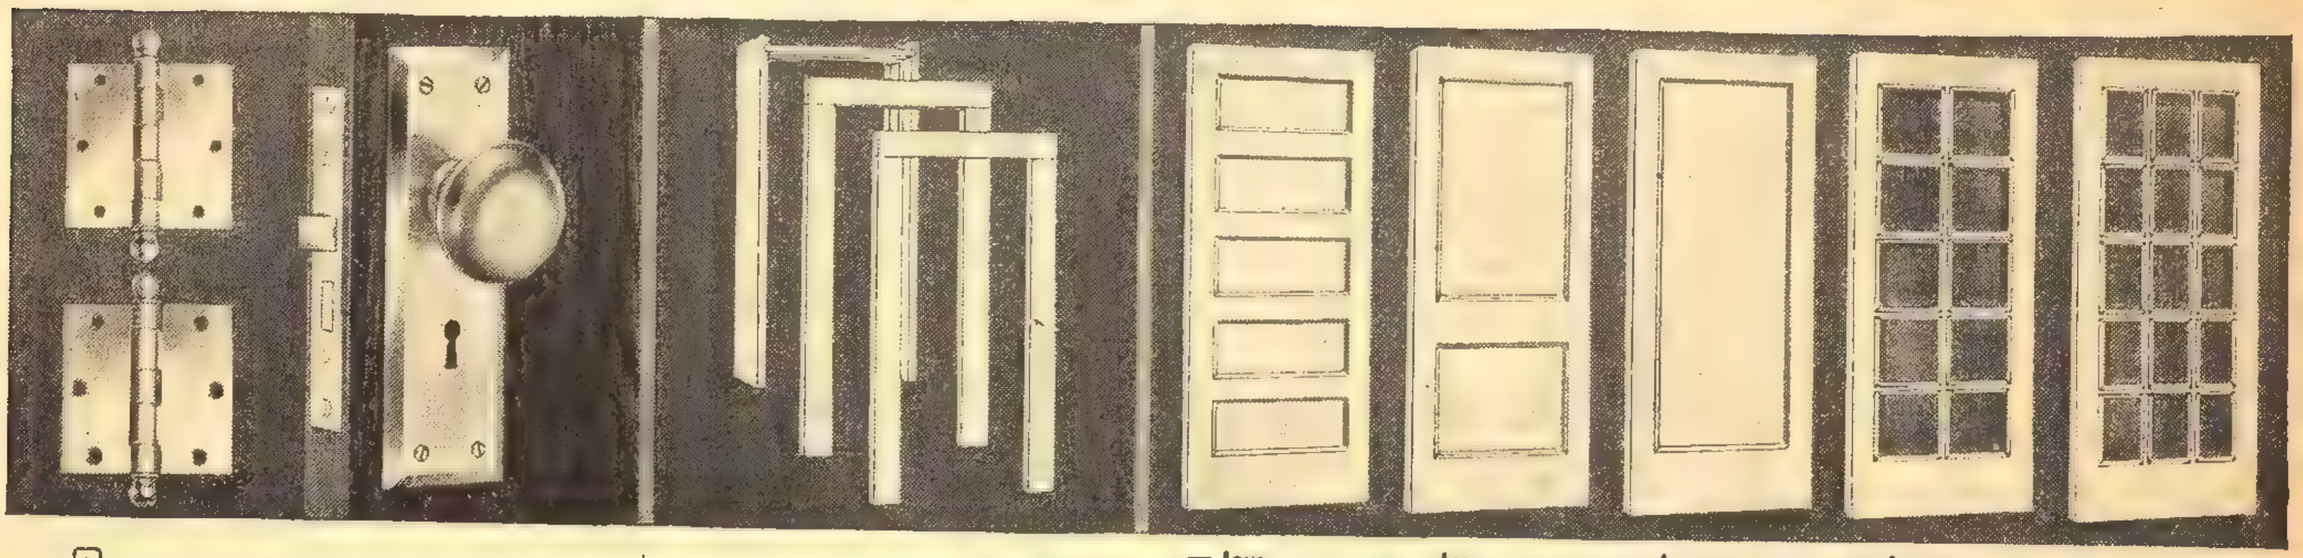
Same high quality we have always sold



Each of the five attractive interior doors shown on this page has been made to the official grading standards of the National Door Manufacturers Association or the Fir Door Institute. Sears can offer them at low, money-saving prices only because of our direct purchases from the mill. We urge you to compare our prices with others, to *see* the large savings you make by buying from Sears.

Interior Doors. The doors you see on this page have been carefully chosen to fit into the decorative scheme of the average American home. They are the most popular styles sold today. Manufactured to high grading standards, they will bring new beauty into your home, and will give you many years of useful service. In bedrooms, closed doors give desirable quiet and privacy—especially important if a member of your family works nights and sleeps days. In rooms used for study and reading, they shut out household noises. And in winter, closed doors can shut off seldom-used rooms that need not be heated . . . this cuts down your fuel bills and makes the rest of the house more comfortable.

If you are remodelling or modernizing your home, French doors, as shown used in pairs in illustration at right, will give lasting satisfaction at low cost. They are particularly desirable in that they admit light—rooms seem larger, brighter. Use French doors singly or in pairs.

GUARANTEE. All Sears millwork is made of high quality materials and constructed by expert workmen to make sure you get the most for your money. Satisfaction guaranteed or your money back, including freight charges both ways.

[A] Hardware Set, includes hinges and lock

Jamb and Trim not available*

[B] low as $3.86 [C] low as $3.94 [D] low as $4.08 [E] low as $5.77 [F] low as $7.04

Interior Door Hardware Sets

[A] As shown above, set includes two butt hinges and a complete door lock set. Hinges are loose pin type, with button tip. Reversible for right or left hand doors. Made of heavy steel, with prime coat finish. Each hinge is 3½ by 3½ inches. Screws included.

Lock set is made to meet Defense Housing Specifications for mortise lock sets. Broad bevel design; sturdy steel construction; jet black, rust-resisting finish. Reversible for 1⅜ to 2-inches thick right or left hand doors. Knobs (on both sides) are 2½ inches across. Knob plates 7x2¼ inches; reversible mortise latch 3¾ in. high, 3¼ in. deep, ⅝-in. wide; face plate 5½x7⅞ in. Complete with lock, key, screws.

***Jamb and Trim**—We are sorry, but as this catalog goes to press, we are advised by the manufacturers that interior door jambs and trim will not be available.

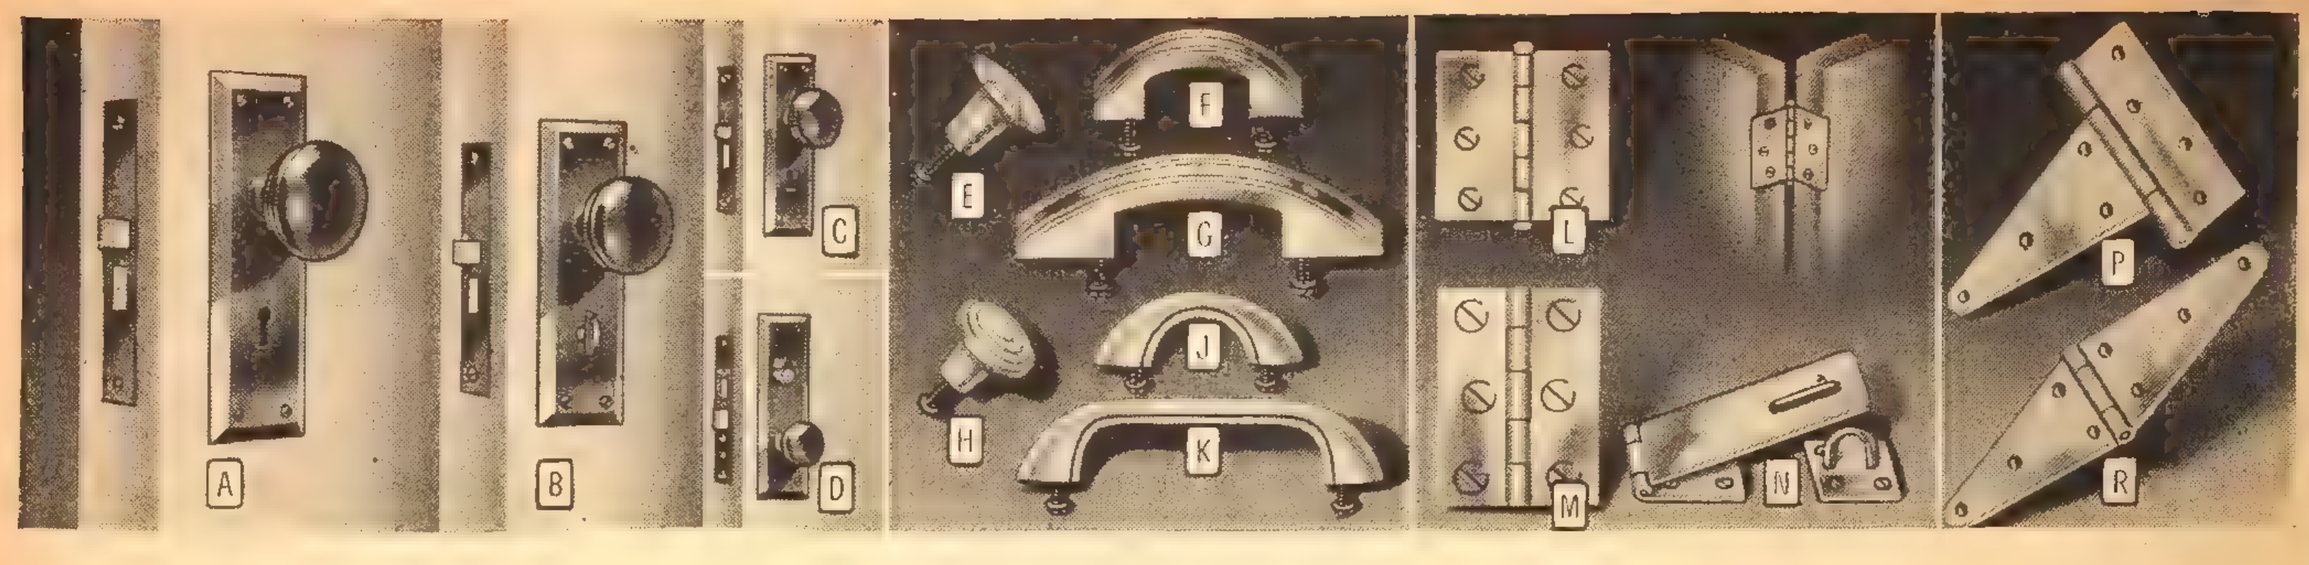
Wood Panel Interior Doors

Illustrated above are our three most popular wood panel doors. Each one is accurately cut from high quality, kiln-dried Douglas fir, 1⅜ inches thick. All rails are joined with 5-inch hardwood dowels, set in waterproof glue, to keep them in perfect alignment. Doors are sanded satin-smooth, ready for you to paint, stain or varnish. New wall openings for these doors should be 3 inches higher and wider than finished door size. If door jamb or frame is already in place, you must be sure to measure inside of jamb opening where door will hang, to determine exact size door you should order. Be sure to state size on your order, giving width first.

SHIPPING POINTS—Wood panel doors and glazed French doors and interior door hardware sets are shipped by freight from warehouse in Chicago. Order from Sears at Chicago. To figure freight rate to your local station, see pages 900 and 901.

Single and Double French Doors

Many people prefer French doors, in the popular 10 and 15-pane designs shown above, because they can be used to close off rooms, while at the same time letting in more light . . . making rooms seem brighter and more cheerful. They may be used singly or in pairs—paired doors being particularly suitable for closing off large living room entrances, or for use between living room and dining room.



These doors are made of clear, kiln-dried Ponderosa pine—best for French doors because of its straight grain and resistance to checking. All joints are securely held with hardwood dowels set in waterproof glue. Doors are 1⅜ inches thick, smoothly sanded, ready to paint, stain or varnish. All glass is held in place with molded wood beads. An astragal molding is included with pairs of doors to cover seam between doors; this serves as a stop, and helps keep out drafts. Hardware not included.

FARMERS: Before ordering Builders' Hardware, Padlocks, Nails, Rivets and Burrs, Washers or Screws, be sure to see page 878C.

Inset view shows how ELGIN weather strip keeps out drafts and stops windows from rattling. Narrow strips fit on inside parting strip (A) and on top of bottom sash frame (B). Wide strips fit on inside sills and bottom of lower sash frame (C). Automatically conforms to all uneven surfaces. Easiest and quickest of all weather strip to apply.

ELGIN Weather Strip . . . conserves fuel

Conserve vital fuel . . . Install ELGIN Weather Strip now

65c Set for Window 2½x5 ft.

Follow U.S. Government recommendations . . . equip all doors and windows with weather strip . . . save up to 20% on your fuel bill this winter. Be warm. Seal your home against cold, rain, snow, dust . . . eliminate chilling drafts . . . stop annoying rattles. The amount you save on your fuel bill will go a long way towards paying for your weather strip at Sears reasonable prices.

ELGIN weather strip is first quality in every way. Made of rustproof white metal and chemically treated felt. Felt is mothproof, water-resistant; won't shrink or come loose from the metal. Simple and easy to install . . . no planing or cutting of frames needed. Just nail on. Will not interfere with smooth action of doors or windows. Self-adjusting. With nails and complete instructions for installing.

99 K 07518—7-piece Window Set. For openings up to 2½x5 ft. Shpg. wt., 15 oz. **65c**
99 K 07519—7-piece Window Set. For openings up to 3x6 ft. Shpg. wt., 1 lb. 2 oz. **75c**
99 K 07520—7-piece Window Set. For openings up to 3½x7 ft. Shpg. wt., 1 lb. 6 oz. . . . **79c**
99 K 07517—6-piece Door Set. For openings up to 3x7 feet. Bottom strip 1¼ inches wide; screw slots take up wear. With nails and screws. Shipping weight, 1 lb. 9 oz. **95c**

Gasket type

$1.19 50-feet

Improved weather strip. For doors, windows, refrigerators, cars, etc. Tough cover, treated to withstand moisture, oil, etc. Cushion core makes airtight contact between surfaces. Double stitched. Tacks included.

9K7498—State length. 50-foot package. Shpg. wt., 1 lb. 8 oz. **$1.19**
100-foot package. Shpg. wt., 3 lbs. **$2.25**

Wood and Felt

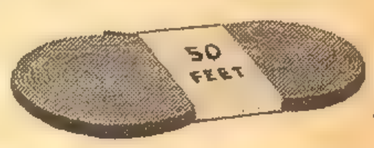
42c 6 Strips ¾-in.

Clincher type. Walnut finish pine. Chemically treated water and moth-resistant felt insert. Strips 3½ feet long, ⅜-inch thick. With nails.

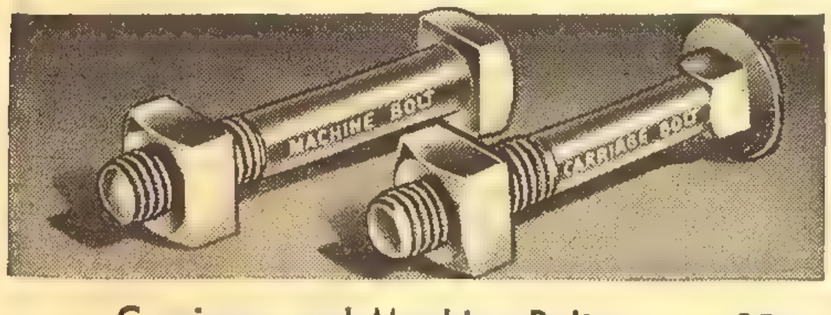
99 K 07521—¾-inch wide. Shpg. wt., 1 lb. 6 strips. **42c**
99 K 07522—1 inch wide. Shpg. wt., 1 lb. 8 oz. 6 strips. **59c**
99 K 07523—1¼ inch wide. Shpg. wt., 2 lbs. 6 strips. **75c**

Metal and Felt

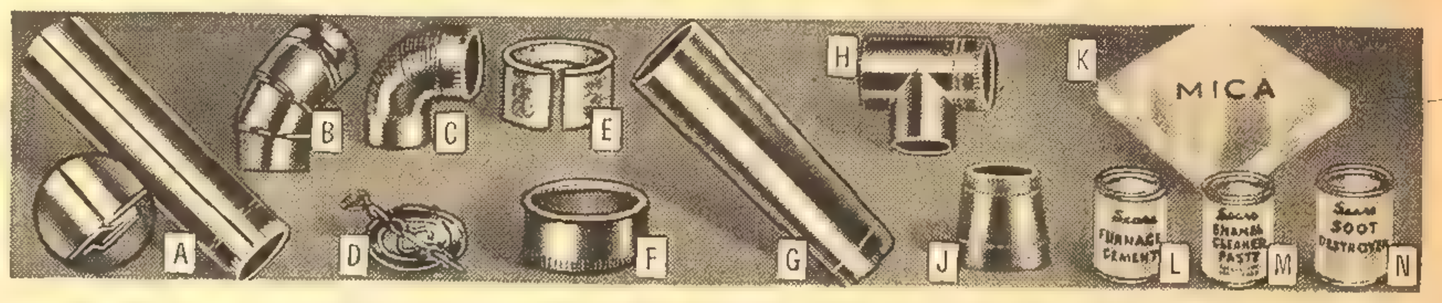
7c ⅝-in. x3 ft.



Best quality weather strip. Rustproof white metal with chemically-treated, moth-proof, water-resistant felt insert. Felt won't shrink. Easy to install. With nails.



99 K 07486—⅝-inch x 3 feet long. Shpg. wt., 3 oz. . . . . Strip **7c**
99 K 07496—1¼ inches x 3 feet long. For door bottoms. Shipping wt., 5 oz. . . . . Strip **19c**



Wool-cotton felt Weather Strip. Better quality than hair felt. Lasts longer—more durable. Moisture and weather-resistant. Saves fuel; provides comfort. ¾-inch wide. Tacks included. Easy to apply.
9 K 7494—100-foot roll. Shpg. wt., 14 oz. **49c**

Hair felt Weather Strip. Strong body; fuzzy surface. Stops drafts—saves heat. Enough in one roll for 3 average doors. Easy to apply; use ordinary carpet tacks. 11/16-inch wide, 3/16-inch thick.

Top quality Stove Pipe, Fittings and Accessories

Take good care of your stove if you want it to last. Recondition it periodically. Make all the repairs that are needed. Replace all rusted stove pipe as a fire precaution. Clean out the soot with Sears soot destroyer. Seal up all the cracks with our specially prepared stove cement. Save fuel; replace all broken mica in stove doors and panels. All Sears stove pipe and fittings are made of heavy 28-gauge uniform blued steel, oil coated to guard against rust.

A Self-locking Stove Pipe. 28-gauge blued steel. Has self-locking seam. Easy to assemble; just push together and "snap"—you have a tightly locked joint the entire length of pipe. No tools needed. No sharp edges. Can be cut without damaging joint. **State size and length.**

CRAFTSMAN Industrial Grinding Wheels

Cut cool, fast and free—unaffected by oil, acid, water, heat or cold

Features that make CRAFTSMAN grinding wheels top quality: 1. Made by America's leading manufacturers of top quality grinding wheels. 2. Each wheel precision-made from finest aluminum oxide abrasives. Abrasives are selected for uniformity of size and ability to stand up under hard use. 3. Sharp, solid, uniform crystalline structure of the grain, plus scientific bonding, insures a wheel that will cut clean and fast. Each wheel bonded and vitrified in an electrically-controlled furnace for over 150 hours. 4. **Dressed square on both sides and face, and "trued" perfectly round.**

The popular and practical type universally used for farm, shop and industrial applications. Each wheel factory inspected for perfect balance, sound composition, uniformity of grit and trueness of sides and face. All wheels with 1, 1¼ and 1⅜-inch and larger arbor holes have lead centers. Wheels for shafts less than 1 inch in diameter have special bushings inserted to meet shaft diameter specified in your order. **When ordering state 3 dimensions: diameter, thickness and size center hole.** See "How to Order" below. **FARMERS: See page 878C for important notice before ordering.**

How to Order Grinding Wheels

Give catalog number, and (1) diameter of wheel; (2) thickness or width of wheel; (3) size of center hole, which is outside diameter of shaft upon which grinding wheel is mounted. Grinding wheels up to and including 8-in. diameter available from stock with ¼, 5/16, ⅜, ½, ⅝, ¾, ⅞ and 1-in. arbor holes. 10 to 14-in. stocked with ⅝, ¾, ⅞, 1, 1¼ and 1⅜-in. holes. Wheels with arbor holes other than listed shipped from factory in central Michigan; you pay transportation from there. Order from Sears nearest mail order house. Allow 2 weeks.

Important Safety Information. (1) Enclose as much of the wheel as possible, using a guard. (2) Place an unbreakable glass shield over the remaining portion. (3) Never run your wheel at a higher rate of speed (R.P.M.) than specified below. (4) **Always wear safety goggles to protect your eyes from flying particles.**

Easy-running Saws . . . fast-cutting Axes

CRAFTSMAN perforated Lance-Tooth Saws for the professional woodsman

A Professional quality one-man saw. Hardened and tempered "Super-Tuff" steel. Stays sharp; holds the set longer. Taper ground 16 to 18-gauge to avoid binding. Even gauge along tooth edge. Deep, wide gullets clear out sawdust. Expertly hand set and filed. Hardwood handle. Supplementary handle included. (To reset use saw set 9K4910 below). Mailable. FARMERS: See page 878C before ordering.

Length, feet (State length)	3½	4	4½
Shipping weight	5 lbs.	6 lbs.	7 lbs.
99 K 04957	$3.85	$4.39	$4.89

B Professional quality narrow pattern two-man saw. "Super-Tuff" steel, hardened and tempered to stay sharp and hold the set longer. Taper ground 14 to 16-gauge—won't bind. Expertly hand set and filed. Width, 3¾ inches. (For resetting use saw set 9K4914 below). Mailable. Shipping weights shown below are without and with handles. FARMERS: See page 878C.

Length, feet (State length)	5	5½	6
Shipping weight, pounds	5–7	6–8	7–9
99K04958—Without handles	$3.85	$4.25	$4.59
99K04959—With 9 K 4993 handles	4.39	4.75	5.10

C Our finest 2-man saw. Super quality in every detail—materials, design and workmanship. Meets all the requirements of the professional woodsman. Blades made from carefully selected "Super-Tuff" steel . . . precision heat treated, hardened and tempered to stay sharp and hold its set longer and do a better cutting job. Four slasher teeth and one raker for fast and easy cutting. Expertly hand set—sharpened and filed by master saw makers. Are ground 14 to 19-gauge—five gauges thinner at center of back than on tooth edge—no choking or binding—easy running and fast cutting. Absolutely flat, free from lumps—even gauge along entire tooth edge. Deep, wide gullets clear out sawdust. Every saw is carefully inspected at the factory; reaches you ready to cut. (For resetting use saw set 9K4914 listed below). Mailable. Shipping weights shown in table below are without and with handles.

CRAFTSMAN Planes . . . fine professional quality

D Many master carpenters, the men who really know, prefer CRAFTSMAN planes because they give a smoother, faster, more accurate cut and stand the gruelling grind of everyday use better than ordinary planes. CRAFTSMAN super-quality 1-piece cutters are strong and smooth cutting. Strong because entire blade is made from "Super-Tuff" steel. Last longer—hold original hand honed razor-like edge longer because of their scientific heat treating and oil tempering.

Patent lever and screw device makes possible closest sidewise and depth adjustments; cuts tissue-thin to coarse shavings. Hammer locking device locks frog-lever, cap and blade to bed of plane in vise-like grip. Blade will not slip its adjustment; will not chatter. Rugged, reinforced frame built to stand abuse. Sides and bottom machined square. Rosewood handle and knob. FARMERS: See page 878C.

CRAFTSMAN Hand Saws for the professional

CRAFTSMAN Miter Box

- Professional quality. For use with any standard 26-inch stiff back saw.
- Guaranteed to do accurate work.

Preferred by skilled wood workers, carpenters, cabinet makers, etc. Back and bed are cast in one solid piece, with two working faces machined at right angles to each other. Saw carriage swings freely from 45° to 90°, either right or left; locks automatically at most used angles. Compression lock holds it at intermediate angles. Depth gauges accurately regulate depth of cut. Can be set for making repetitive cuts. Shpg. wt., 26 lbs.

9 K 03648.....**$10.95**

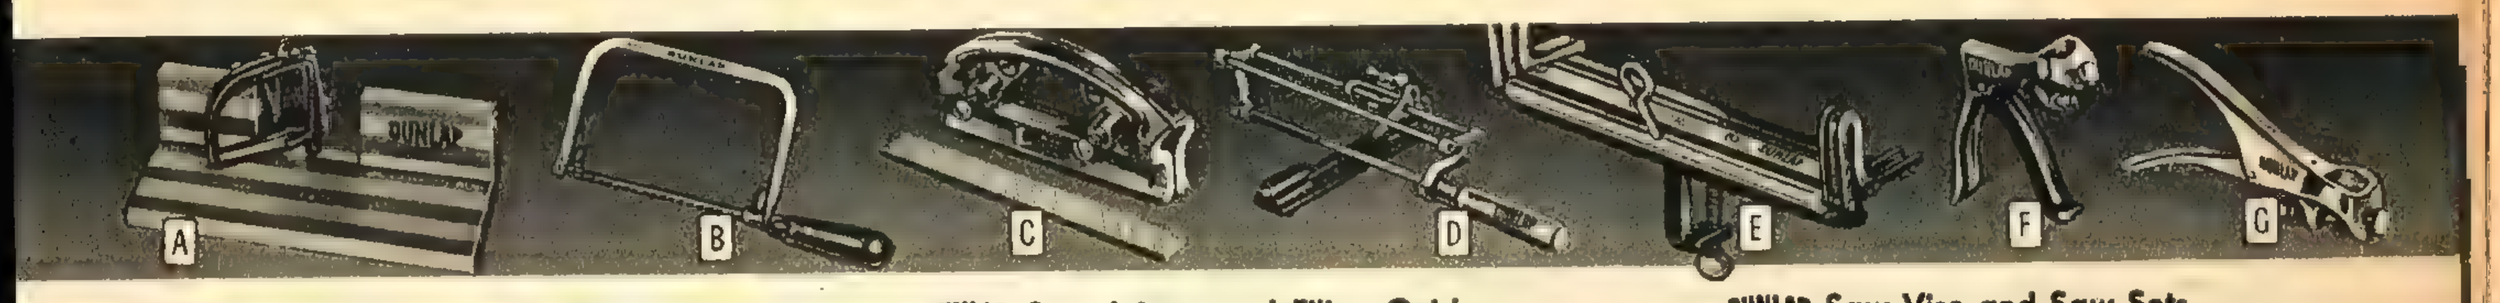
CRAFTSMAN C-8 Hand Saws

- Hi-Carbon steel blade, precision heat treated
- Taper ground 4 gauges from teeth to back and from butt to point of saw. Won't bind.

Thin skew back. Teeth expertly set and bevel filed; same gauge entire length of saw. Perfectly shaped handle . . . held with 4 screws on 24-inch size; 5 on 26-inch size. Perfectly balanced. **State type, size, and points to the inch wanted. FARMERS: See page 878C for important notice.**

9 K 3600—24-inch, 10-point crosscut saw. Shipping weight, 1 pound 14 ounces.....**$2.49**

99 K 03600—26-inch crosscut saw. 8 or 10 points to the inch. Shipping weight, 3 pounds **$2.79**



26-inch 5½-point rip saw. Shpg. wt., 3 lbs.. **2.79**

CRAFTSMAN C-15 super quality Hand Saws

- GRADE A—our finest. "Super-Tuff" best quality saw steel blade
- Precision heat treated. Points hold their set—cut fast and easy
- 4-gauge taper ground from teeth to back and from butt to point
- Teeth are the same gauge the entire length of the saw . . . expertly hand set and bevel filed to keen, fast cutting diamond shaped points
- Hardwood handle designed to eliminate wrist strain

We believe this is the very TOP in hand saw quality. A masterpiece of the sawmakers' craft. Has superb hang and balance. Saw actually does the work; you need only guide it through the wood. Beautiful speed-ribbon-wave polish. Popular ship pattern. 26-inch blade. Available in 8, 10 or 11-point crosscut saw, or 5½-point rip saw. **State type, and points to the inch wanted. Shipping weight, 3 pounds. FARMERS: See page 878C before ordering.**

Ideal all-around tool box for mechanics. Just the right size; plenty of room for all those important tools. **Large lift-out "tote tray"** has heavy round carrying bar and full length compartment for socket wrenches. Heavy 22-gauge steel construction — electrically welded for greatest strength. Size, 19x7¼x9 inches. Full length piano hinge. Heavy reinforcing corner irons, hasp and fittings. Heavy leather handle. Machinery gray finish. Will take all the abuse you can give it . . . assures many years of continuous service. A splendid value in one of the most popular mechanics' tool boxes.

9 K 6520—Shipping weight, 12 pounds....**$3.49**

CRAFTSMAN Tool Chests

Heavy duty tool chest for carpenters and mechanics who must carry lots of tools on the job. Heavy 22-gauge steel construction, electrically welded for extra strength. Has lift-out sliding tray, and clip for saw. Size, 26x8x8 inches. Easy action, full length piano hinge. Heavy reinforcing corner irons. Corbin hasp lock and key. Two hasps. Strong leather handle. Machinery gray finish.

99 K 06513—Shipping weight, 14 pounds.....**$4.85**

99 K 06515—Tool chest as above, but larger and with extra end handle for ease in handling. Size, 32x8x9 inches. Large enough to carry a complete set of tools. Includes clip for regular 26-inch saw. Shipping weight, 18 pounds.....**$5.35**

Center Gauges

A CRAFTSMAN. For checking lathe centers, setting screw-cutting tools, etc. U. S. Standard 60° gauge. Made of tempered steel with ground edges. Graduated in 14ths, 20ths, 24ths and 32nds. Useful for determining threads per inch. Shipping weight, 4 oz.

9 K 4064.....**43c**

CRAFTSMAN Combination Squares

B C Can be used as an inside or outside try square, miter square, depth and height gauge, marking gauge, rule, straight edge, level and plumb. The polished steel blade is accurately graduated in 8ths, 16ths, 32nds and 64ths of an inch; slotted so that handle can be moved to any point on blade. Lock nut securely holds blade at any desired reading. Handle is equipped with level and scriber.

B **9 K 4037**—Less protractor. State size wanted.
6-inch blade. Shipping weight, 14 ounces.....**$2.29**
12-inch blade. Shipping weight, 1 pound 4 ounces....**$3.25**

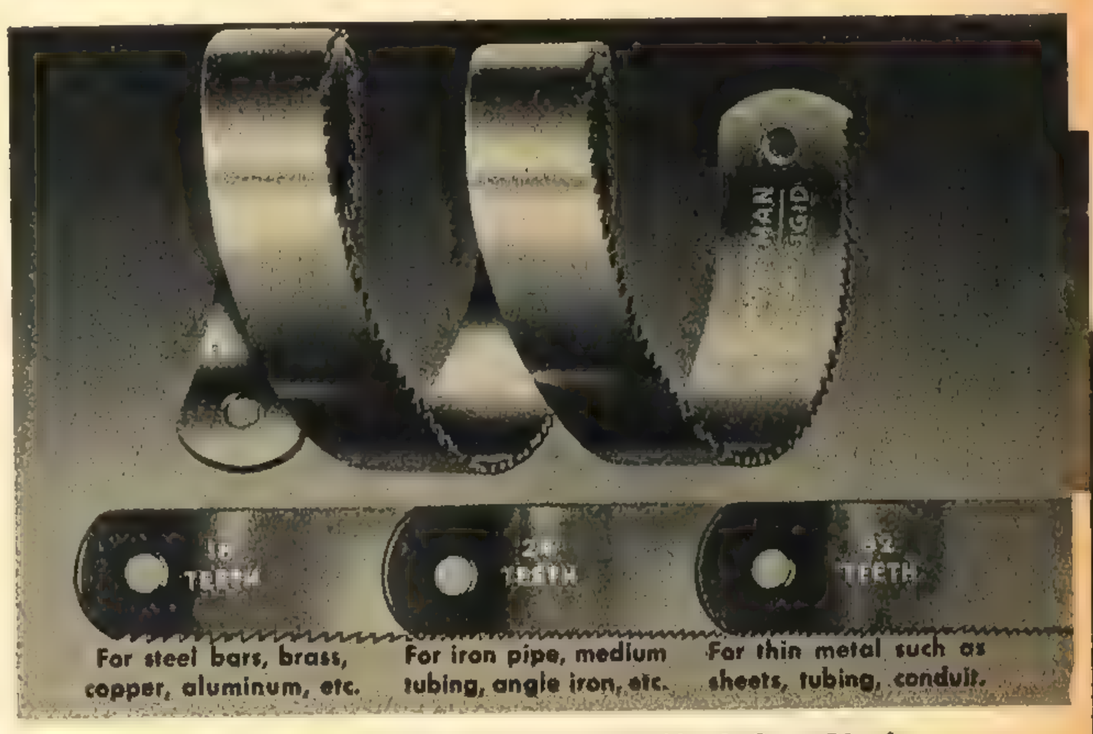
C **9 K 4039**—With 360° graduated turret protractor.
12-inch blade. Shipping weight, 1 lb. 14 oz.....**$6.50**

Micrometer Depth Gauges

D CRAFTSMAN. To take accurate depth measurements in holes, slots, shoulders, etc. Spindle has full one-inch movement; is graduated in 1000ths of an inch. Three measuring rods give 0 to 3-inch capacity. Base is 2½ inches long and 1½-inch wide; handlapped at right angles to rods. Shipping weight, 14 ounces.

9 K 4046.....**$8.95**

Speed Indicators



E CRAFTSMAN. For high speed work. Shows every revolution. Easily set to 0. Two rubber tips. Dial has two rows of figures for right or left hand revolutions. Ball thrust bearing takes up pressure. Shipping weight, 7 ounces.

9 K 4060.....**$1.25**

Magnifiers

F Used by mechanics and machinists for checking readings on precision instruments. High quality 40-millimeter lens, carefully ground and polished. Handy pocket size. Black bakelite case for safety. Shipping weight, 4 ounces.

9 K 4076.....**79c**

CRAFTSMAN Flex-Rigid . . . the two-in-one Hack Saw Blades

Made of "Super-Tuff" steel, scientifically heat-treated. Tooth edge is tempered hard; teeth are guaranteed not to strip. Back of blade is tempered for flexibility. Buy the right blade; see illustrations above before ordering. State length. Shipping weight, dozen, 13 ounces. FARMERS: Before ordering hack saw blades see page 878C.

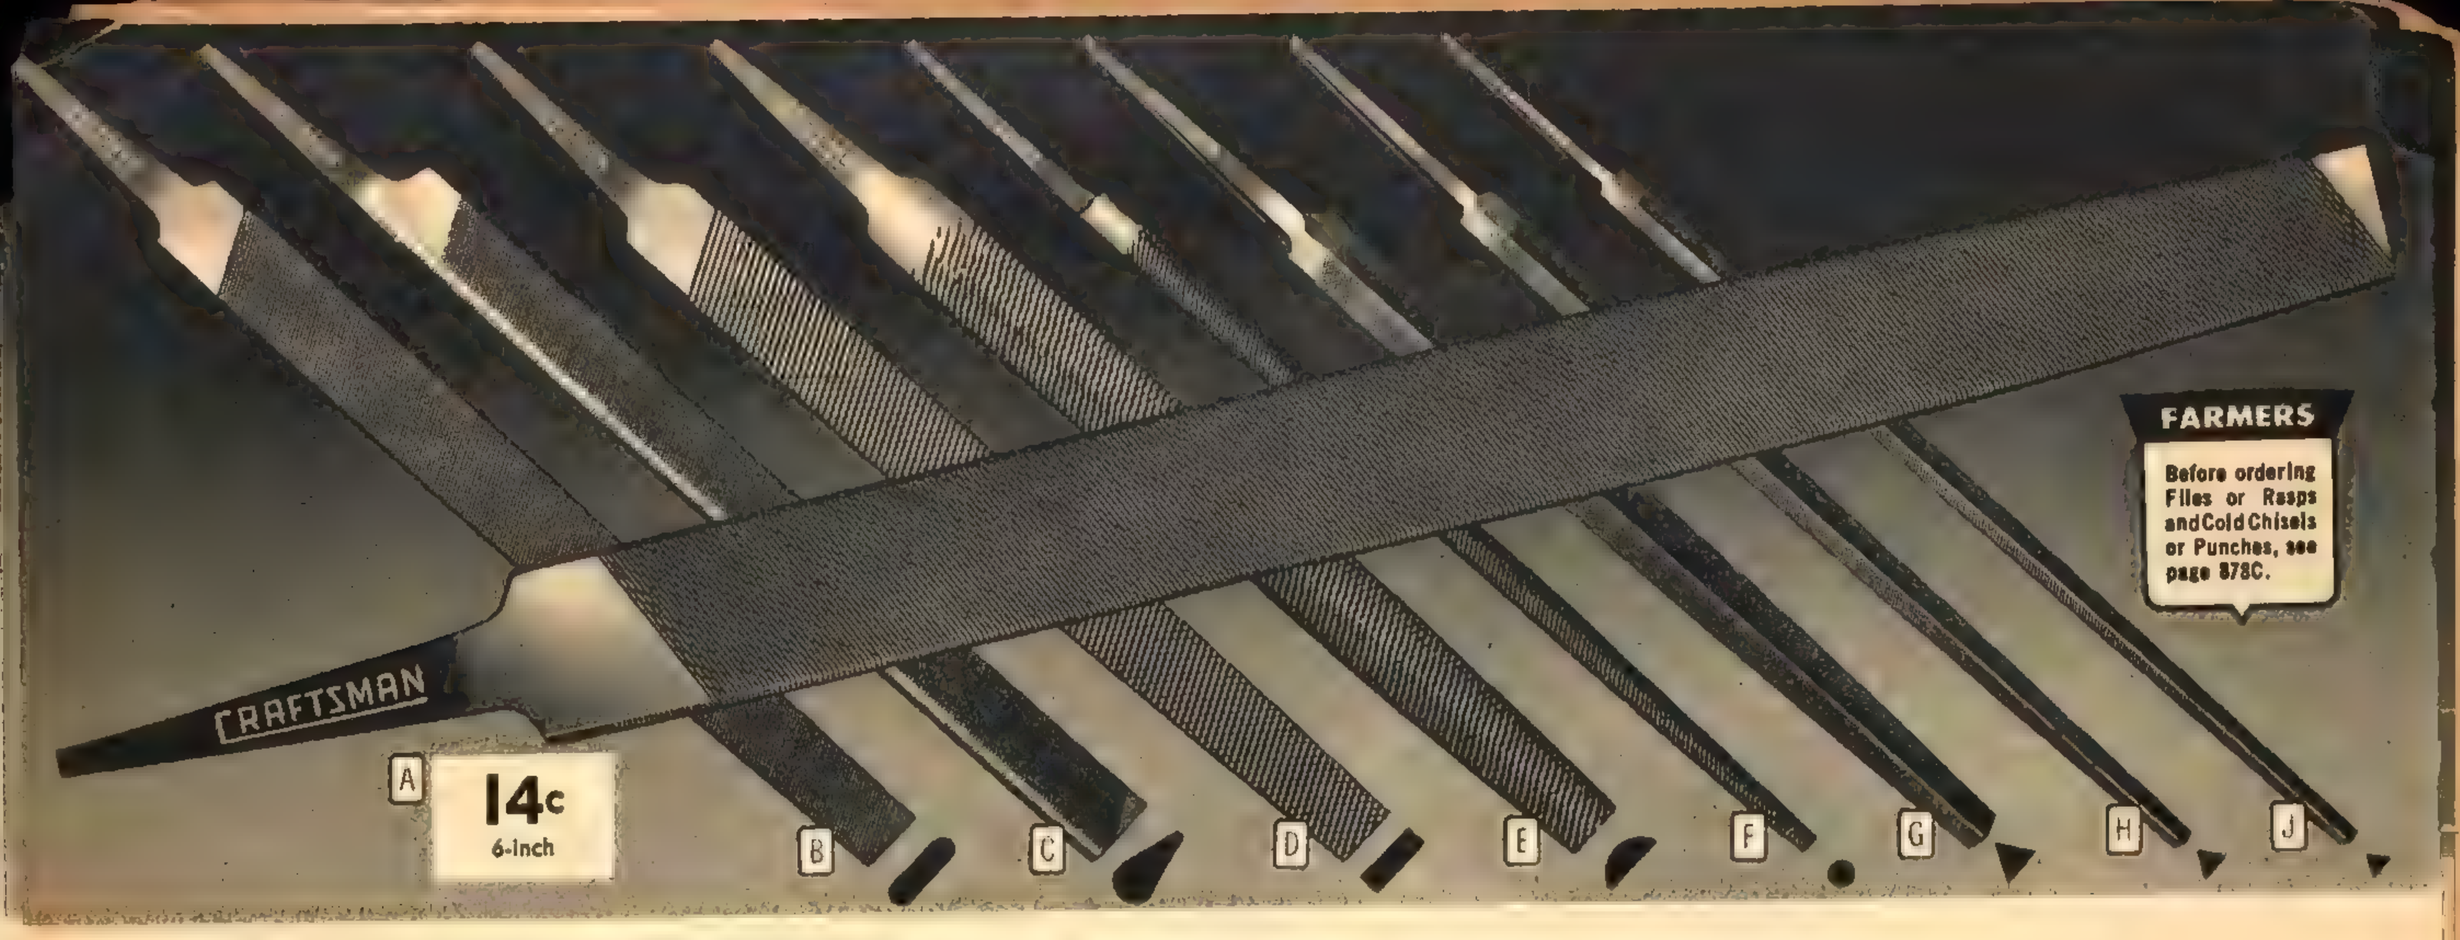
DUNLAP 8-piece Midget Wrench Set

Ignition Wrenches. Light as a feather. Heads carefully tempered . will not break. The combination box end and open end makes these wrenches indispensable for assembly work and for tricky ignition, carburetor, appliance, radio and office machine repair jobs. Duplicate openings permit two wrenches to be used when dual nuts of the same size must be locked tight. **$1.25**

Openings accurately sized for a non-slip grip. Ends offset for easy clearance of obstructions. Sizes: 13/64–7/32; 7/32–15/64; 15/64–1/4; 1/4–9/32; 9/32–5/16; 5/16–11/32; 11/32–3/8; 3/8–7/16-inch. Lengths, 3 to 3 3/4 inches. Black finish. Shipping weight, 12 ounces.
9 K 4475—8-piece set. **$1.25**



FULTON 4-piece Tiny Plier Set

Set of 4 tiny pliers, having a wide range of services. Designed especially for auto mechanics, electricians, radio repairmen, watchmakers, etc., for close, small work. Their thin jaws and unique construction make it easy to reach inaccessible quarters. Positive grip permits either a fine, close adjustment or a strong, firm pull. Set includes standard plier, Parrot slip joint plier, needlepoint plier and flat nose plier. Made from steel, tempered to correct hardness. Milled jaws. Knurled handles for a sure grip. Packed in handy fabric kit. Shipping weight, 1 pound. **$1.65**
9 K 4671—4-piece set. **$1.65**

DUNLAP 7-piece "Spintite" Wrench Set—3/8 to 1/2-in.

Wrenches that work like screwdrivers. Speed up production. For radio, electrical appliance, automobile and aircraft mechanics who are constantly using the same size wrench. Gets in places where socket wrenches can't reach. Difficult nuts can be tightened and loosened quickly. Long, recessed barrel enables nuts to be run up tight when deeply set over bolts. Large hardwood handle. **$2.59**

Made from "Super-Tuff" steel, hardened and tempered. Perfectly broached for a non-slip grip. Sizes: 3/16, 1/4, 5/16, 11/32, 3/8, 7/16, 1/2-inch. With hardwood stand. Shipping weight, 2 lbs.
9 K 4373—7-piece set. **$2.59**

CRAFTSMAN Files meet U. S. Navy Specifications

CRAFTSMAN Files . . . made from specially refined file steel . . . scientifically heat treated and hardened

There are no better files made. Professional quality in every respect. Guaranteed to meet U.S. Navy Specifications No. 41F3D. Every CRAFTSMAN file is forged from specially refined file steel, heat treated and hardened by expert file makers to stand severe service. Each tooth is milled with a deep undercut to give it proper rake and clearance for fast, smooth cutting. Every file is tested individually by factory experts for sharpness, uniform hardness, and freedom from defects. CRAFTSMAN files are used in many major industries. You cannot buy a better file. FARMERS: Before ordering files, see page 878C for important notice.

CRAFTSMAN Mill Files—medium fine cut

9 K 6758	19c	24c	31c	44c	62c

CRAFTSMAN Crosscut Saw Files

C **Rounded back; single cut.** To accurately file and deepen saw gullets and teeth on crosscut saws. **State size.**

Length	8 inches	10 inches
Shipping weight	10 oz.	14 oz.
9 K 6772	34c	42c

CRAFTSMAN Half Round Bastard Files

E **Medium coarse, double cut teeth.** For fast and heavy cutting of flat or uneven metal surfaces. **State size.**

Length	6 inches	8 inches	10 inches	12 inches
Shpg. wt.	4 oz.	6 oz.	12 oz.	1 lb. 4 oz.
9 K 6768	29c	35c	42c	55c

CRAFTSMAN Round Bastard Files—full tapered

F **Medium coarse, single cut spiral teeth.** For irregular surfaces or enlarging holes. For wood or metal. **State size.**

Length	4 inches	6 inches	8 inches	10 inches	12 inches
Diameter	3/32 in.	7/32 in.	11/64 in.	5/16 in.	1/2 in.
Shpg. wt.	1 oz.	3 oz.	8 oz.	12 oz.	1 lb.
9 K 6760	13c	16c	19c	29c	35c

CRAFTSMAN Taper Saw Files

Fine, single cut teeth. Made for proper filing of gullets and saw teeth of all types of hand saws. Also used for sharpening axes, milling cutters, etc. All files taper from near center towards the end.

G **Regular.** For sharpening coarse tooth hand saws, small circular saws, etc. **State size.**

Length	6 inches	8 inches
Shipping weight	3 ounces	5 ounces
9 K 6741	19c	25c

H **Slim.** For filing 5½, 6, and 8-point hand saws and coarse band saws. **State size.**

Length	4 inches	5 inches	6 inches
Shpg. wt.	1 oz.	2 oz.	3 oz.
9 K 6743	10c	11c	14c

J **Double extra slim.** For filing 8, 9, 10, 11 and 12-pt. hand saws and back saws. Also for fine tooth band saws, etc. **State size.**

Length	6 inches	7 inches	8 inches
Shpg. wt.	3 oz.	4 oz.	5 oz.
9 K 6749	15c	19c	22c

CRAFTSMAN Horse Rasps

K **Double ended. Straight sides.** Made especially for blacksmiths, horseshoers, farriers, etc. Forged from specially refined file steel, heat treated and hardened. Extra large, sharp, deep-biting teeth. **44c** 12-in.

FARMERS: See page 878C.

9 K 5310—State length.

Length, inches	Shipping weight	Price Each
12	1 lb. 8 oz.	44c
14	1 lb. 14 oz.	63c
16	2 lbs. 10 oz.	84c
18	3 lbs. 4 oz.	$1.10

CRAFTSMAN Wood Rasps

L **Half round. Tapered sides.** Used by plumbers, cabinet and pattern makers, wood workers, etc. Forged from specially refined file steel, heat treated and hardened. Extra large, sharp, deep biting and fast cutting teeth. **49c** 8-in.

9 K 6776—State length.

Length, inches	Shipping weight	Price Each
8	10 oz.	49c
10	14 oz.	59c
12	1 lb. 4 oz.	85c

General purpose Rasps

M **CRAFTSMAN. Half-round.** One half of each surface rasp-cut; other half file-cut. Sides smooth. Used by shoe repairers, in wood working shops, etc. Forged from refined file steel, heat treated and hardened. Sharp, non-clogging teeth. **35c** 8-in.

FARMERS: See page 878C for important notice.

9 K 6777—State length.

Length, inches	Shipping weight	Price Each
8	3 oz.	35c
10	6 oz.	49c

CRAFTSMAN Bit Files

N For restoring original sharpness to cutting edges of auger bits. One end has top side "safe" or "uncut"; other has "safe sides" with top file-cut. This prevents damage to surfaces adjacent to those being filed. Forged from specially refined file steel, heat treated and hardened. Deep biting teeth for fast cutting. Length, overall. 7 inches. **23c**

FARMERS: See page 878C.

Shipping weight, 2 oz.

9 K 6739 . . . . . 23c

CRAFTSMAN Die Makers' File Set

P **Swiss pattern needle-point files.** Designed for die makers, tool makers, watch makers, etc. who require fine files for close, fine, delicate work. Set includes one each of the following round handle files: round file, half round file, flat file, oval file, knife file, square file, three-square file, equalling file, barrette file, joint file (cut on two round edges only), slitting file, and marking file (cut on half round side only). Forged from specially refined file steel, heat treated and hardened. Teeth are extra sharp and deep-biting for fast, clean work, yet do not clog readily. Will give many long years of satisfactory service. Length, each, 5½ inches. Shipping weight, 10 ounces. FARMERS: Before ordering files, see page 878C for important notice. **$3.19**

9 K 6779—Set of 12 . . . . . $3.19

CRAFTSMAN Pry Bar

R Combination pry and jimmy bar forged from "Super-Tuff" steel. Hardened and tempered to stand up under hardest usage. Can also be used as line-up punch. Made from ½-inch square stock. Length, 16 inches. Handy for many uses on the farm or in the shop. Shpg. wt., 1 lb. 10 oz. **85c**

9 K 4283 . . . . . 85c

CRAFTSMAN Line-up Punches

S Forged from "Super-Tuff" steel. The correct size and type for lining up bolt holes, etc. **State size.** FARMERS: See page 878C.

9 K 4290—½x9 inches. Shpg. wt., 7 oz. 59c
⅝x12 in. Shpg. wt., 1 lb. 2 oz. 69c

CRAFTSMAN Prick Punches

T Made of "Super-Tuff" steel for hardest, toughest use. Tapered point. **State size.** FARMERS: See page 878C for important notice.

9 K 4284—⅜x4½ inches. Shpg. wt., 3 oz. . . . 25c
½x6 inches. Shpg. wt., 6 oz. 38c

CRAFTSMAN precision-made Pin Punches

U Made of non-chipping "Super-Tuff" steel. **State size wanted.** FARMERS: See page 878C.

CRAFTSMAN Tap and Die Sets

CRAFTSMAN 26-piece Button Tap and Die Set

Professional quality tap and die set, designed especially for automobile and general repair work. The taps and dies are made from "Super-Tuff" tool steel. Cut clean, sharp and straight threads—quickly and easily. Cutting edges of taps and dies are hardened and tempered to hold their cutting edge.

Dies are 1 inch in diameter; adjustable by means of screw in die stock. Set includes: 5 NC (USS) coarse taps and 5 NC (USS) coarse dies (¼-20, 5/16-18, ⅜-16, 7/16-14, ½-13); 5 NF (SAE) fine taps and 5 NF (SAE) fine dies (¼-28, 5/16-24, ⅜-24, 7/16-20, ½-20); adjustable die holder; tap wrench; screwdriver; ⅛-inch standard pipe tap and die. In strong hardwood box.

9 K 5460—Shpg. wt., 5 lbs. **FARMERS: See page 878C** **$12.95**

CRAFTSMAN Machinists' Screwplate Set

Professional quality screwplate set. Cuts NC (USS) coarse and NF (SAE) fine right hand bolt threads. (Meets Federal Specifications GGG-T-581 for design, chamfer, taper, material and heat treatment.) Because cutting efficiency is the basic quality built in every tap and die set we sell, our CRAFTSMAN trade name is recognized by expert mechanics as the mark of superior quality.

Sharp, clean cut dies take hold easily and cut readily without hard pushing effort; back off smoothly without jamming or tearing threads. Tap and dies made from highest grade "Super-Tuff" steel possessing great strength to resist distortion and breakage. Heat treatment is full length on all taps and dies. Cutting teeth are properly hardened and tempered. Adjustable dies can be set for deep or shallow threads. Individual guide rings insure accurate threads. In strong hardwood box. **FARMERS: See page 878C.**

NC Coarse Bolt Threads: Threads to inch for sizes given: ¼–20, 5/16–18, ⅜–16, 7/16–14, ½–13, 9/16–12, ⅝–11, ¾–10, ⅞–9, 1–8.

NF Fine Threads: Threads to inch for sizes given: ¼–28, 5/16–24, ⅜–24, 7/16–20, ½–20, 9/16–18, ⅝–18, ¾–16.

All solid dies have special drop forged tool steel inserted cutters with double threaded throats. Dies take hold instantly—cut clean, accurate threads.

CRAFTSMAN self-feed Ratchet Pipe Threaders

- Tool steel dies cut U.S. Standard, tapered pipe threads
- One headstock with solid interchangeable dies eliminates troublesome lead screw. Dies fit all standard die stocks
- Dies can be instantly changed for any size work

Professional quality. Specially designed for close quarter work or where working space is limited—corners, between partitions and floors, wells, ditches, etc. Long handle provides a powerful leverage—requires minimum effort. Ratchet action pumps die on pipe—double action pawls reduce lost motion 50%. Easiest type of die to start. Fine threads in throat take hold instantly and draw themselves on. Dies cut smooth, accurate threads which give a tight joint. **For Easy Terms, see inside back cover. FARMERS: see page 878C.**

1	11½	1 lb.	2.35

Pipe Burring Reamers

For removing burrs caused by cutting pipe; also for enlarging holes in conduit boxes, etc. **69c** Up
FARMERS: See page 878C.

D Standard quality. Forged steel. For pipe ¼ to 1¼ inches. Shipping weight, 4 ounces.
9 K 5515.....**69c**

E Professional quality. "Super-Tuff" steel. Spiral flutes for faster, cleaner work. Will not crack or chip.
9 K 5513—For pipe or holes ¼ to 1¼ inches. Shipping wt., 8 oz....**$1.35**
9 K 5514—For pipe or holes ¼ to 2 inches. Shpg. wt., 1 lb. 8 oz.....**$2.45**

Joint Runner

F Made of strong asbestos fiber; will not burn. Spring clamp of cast iron. ¾-in. diameter. For 2, 4, 5 and 6-in. pipe. For pouring lead into horizontal soil pipe joints. Runner holds lead in until it hardens. Makes safe, tight joints. Not affected by cold or hot lead. Shipping wt., 1 lb. 12 oz. **98c**
9 K 5439.....**98c**

Cleanout Auger

G For removing stoppages in drains, traps, etc. Thin, flat, strong flexible clock spring steel. Width, ¼ inch; length, 25 feet. Spear point plows through traps and around bends with ease. Quickly loosens stoppages. Handy holder; easy to unroll and rewind. Shipping wt., 1 lb. 4 oz. **79c**
9 K 5532.....**79c**

Cleanout Auger

H For cleaning out drain traps; will reach obstructions in closets and other plumbing fixtures. Turn of handle enables wire hook on end to loosen stoppage. Strong spring steel coil spring; ¼-inch wide, 6 feet long. Rust-resisting finish. Wooden handle, steel brace. Shipping weight, 2 pounds 2 ounces. **49c**
9 K 5530.....**49c**

Drain and Trap Auger

J Made from high quality ⅜-inch coiled steel high tension spring. Rust resisting finish. Strong, sharp hook on end plows through all stoppages—makes it easy to clear out drains, traps, etc. Flexible, for sewers with short bends. Auger type handle grips at any desired point on the spring. **$2.25** 15 ft.
9 K 5536—State length wanted
Lgth., 15 ft. Shpg. wt., 7 lbs...**$2.25**
Lgth., 25 ft. Shpg. wt., 10 lbs.. **3.19**

Flat Sewer Rod

K The type used by professional plumbers. For cleaning traps, pipes, etc. Made of high quality spring steel. Will straighten out and lie flat. Revolving spear point digs through stoppages. Self-adjusting handle grips rod at any point. Steel frame holds rod together when not in use; enables one man to unroll the flat rod into pipe. ⅜-inch wide; 1/16-in. thick. **$5.19** 50 ft.
99 K 05539—Length, 50 feet. Shipping weight, 10 pounds.....**$5.19**
99 K 05540—Length, 100 feet. Shipping weight, 18 pounds.....**$7.75**

FARMERS: Before ordering Threading Tools, Wrenches and Reamers, see page 878C.

CRAFTSMAN Machinists, and DUNLAP Bench Vises

REG U.S. PAT OFF

DUNLAP Bench Vises

- Oil tempered and hardened steel jaw faces. Deep cut knurl for sure grip
- Acme threaded forged steel screw has more threads for a better grip on work
- Heavy "U"-shaped slide beam gives added strength

We firmly believe this is the very top in bench vise quality. None other has more features than the DUNLAP. Precision workmanship for better performance and longer life. Extra weight for added strength. Rugged semi-steel body, reinforced at all points of strain. Oversize cold rolled steel beam fits snugly—yet slides easily—jaws won't wobble. Positive-locking 3-point contact swivel base turns a full 360 degrees. Green crackle finish. With lag screws. Jaws, 3½ in.; open to 4¼ in. Weight, 17½ lbs. Mailable. **FARMERS: See page 878C.**

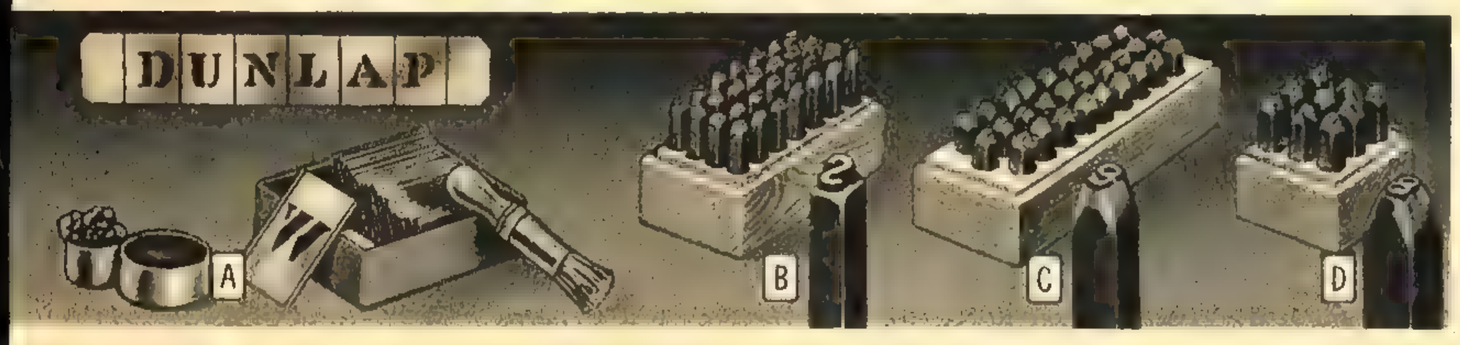
99 K 05244—Shipping weight, 22 pounds... **$3.75**

FARMERS: Before ordering Vises, Oilers, Solder and Flux, see page 878C.

CRAFTSMAN solid and swivel base Industrial Machinists' Vises

- All parts are accurately machined for snug fit and to provide complete interchangeability
- Alloy steel facings on jaws are securely welded in; cannot get loose, lost or broken
- Machined base insures smooth bearing surface, and jaws are parallel with work bench
- Head and collar bearings are machined to avoid screw wear and to eliminate lost motion
- Screw and handle are heat treated high carbon alloy steel for strength and durability
- CRAFTSMAN vises are made to give many years of unfailing service in the hardest use

Solid Base. Guaranteed 10 years against defects. Super quality—constructed for the heaviest machine shop work. All parts have large bearing surfaces. **Semi-steel construction** reinforced at points of strain. Carbon steel screw and handle bar. Heavy milled bar fits snugly, slides smoothly in double broached rectangular hole through body. Four bolt holes for attaching. Actual weights same as shipping weights. Shipped freight or express.



FARMERS: See page 878C before ordering.

Catalog No.	Jaws	Opens	Shpg. wt.	Price
99 KM 5180	3½ inches	5 inches	31 lbs.	$10.12
99 KM 5181	4 inches	6 inches	45 lbs.	11.47

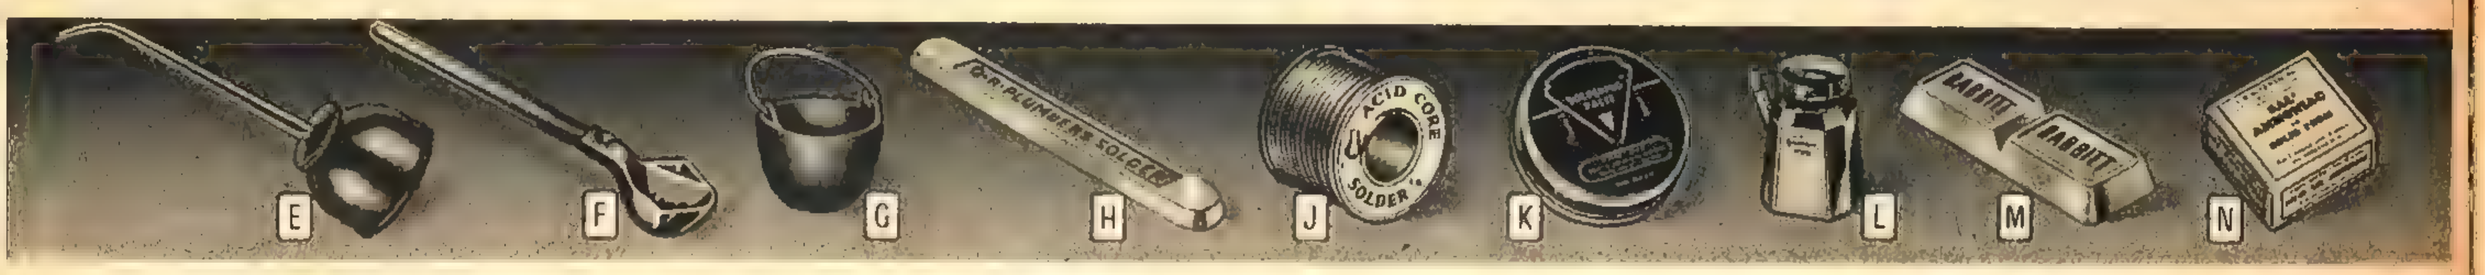
Hinge type Pipe Vises

$4.19 ⅛ to 2 in.



CRAFTSMAN. Professional quality. Malleable iron frame with solid, oil-hardened, tool steel jaws. For holding pipe, rods, shafting, copper tubing, etc.

Extra long jaws of hardened tool steel hold work rigid without tendency to crush, mar or bend the pipe. Reversible lower jaws give the CRAFTSMAN twice the life of ordinary vises. Vise can be adjusted to take up wear; keeps vise from getting loose. Automatic lock. Vise opens so pipe can be removed sideways—a great time-saver. See small sketch above for vise with jaws in open position. **FARMERS: See page 878C.**

99 K 05550—Capacity, ⅛ to 2 inches. Shipping weight, 8 pounds.....**$4.19**

99 K 05557—Capacity, ⅛ to 2½ inches. Shipping weight, 11 pounds.....**$5.15**

Push bottom Steel Oilers

E ½-pint capacity. Leakproof seams and spout. 3½-in. bottom, reinforced with clock spring insert; cannot collapse. 8-inch spout. **FARMERS: See page 878C.**

9 K 6464—Shipping weight, 8 oz.....**45c**

Cast Iron Melting Ladles

F Screen strains dirt and other impurities. Holds about 1½ pounds of molten metal. 10¼-inch handle.

9 K 5436—Shipping weight, 1 lb. 12 oz.**39c**

Cast Iron Melting Pots

G For use with plumbers' blast furnace. Top diameter, about 5 inches. Holds about 12 pounds of molten metal.

9 K 5435—Shipping weight, 2 lbs. 12 oz.**49c**

First quality Solder

Contains 21% tin, 77% lead, ¾% silver and 1¼% antimony in accordance with U. S. Tin Conservation Order M-43-A.

FARMERS: See important notice on page 878C.

H **Plumbers' Solder.** Economical bar; weight, abt. 1 lb.

9 K 8085—Shipping weight, 1 lb. 8 oz.....**50c**

J **Core Solder.** No fluid or paste needed. Ready for instant use—convenient. Best core solder available.

Acid Core Solder. For general work.

Motors RESTRICTED . . . Priority orders only

DUNLAP ⅓-H.P. Split Phase Motor

Restricted to AA-5 Priority or better. See below.

Plenty of power. Handles more than 2½ times its rated horse power before stalling. Equipped with overload burnout protector. Grease sealed precision ball bearings (See notation at right below). Easily reversed. Built-in on-off switch. ½-inch double drive shaft. For 110–120 volts 60-cycle A.C. 1750 R.P.M. Base mounting, 3¾x5 inches. With short connection cord. **FARMERS: See page 878C.**

99 K 05620P—Shipping weight, 30 lbs.....**$11.50**

HOW TO GET A PRIORITY

The following items are marked "RESTRICTED" in this catalog, and Priority Ratings are required before we can make shipment:

Acetylene Welders and attachments
Electric Motors Electric Grinders All Power Tools
Metal Turning Lathes and accessories

You are eligible for priority assistance if you are a prime or sub contractor for the Army, Navy, Coast Guard or other Government agency . . . or if you are directly or indirectly connected with the war program or **connected with any essential civilian industry.**

To get priority assistance, apply to the nearest War Production Board district office on form PD-1A. Application forms and additional information may be obtained from your local War Production Board office.

When your application is approved, send the Priority certificate and complete information along with your order. Remember, the higher the Priority Rating you are granted, the sooner we can make delivery. We will make delivery as promptly as possible, but at times on these critical items delivery is delayed longer than our usual prompt service.

CRAFTSMAN ½-H.P. Condenser Motors

Restricted to AA-5 Priority or better. See at left.

Big . . . heavy . . . powerful. Built to rigid industrial requirements. Great overload capacity. Built-in condenser reduces starting current. Motor starts easier—comes up to top speed quicker. Starts 50% heavier load than split phase motor at left. Grease-sealed precision ball bearings (See notation below). Efficient design eliminates excess weight. Special ventilated openings for cool operation. Built-in start and stop switch. Easily reversed. ½-inch shaft extends on both ends. For 110–120 volt 60-cycle A.C. Mounting dimensions, 3¾x5 inches. With short connection cord. Not recommended for extra hard starting jobs, for which a repulsion-induction motor should be used. **FARMERS: See page 878C.**

99 K 01957P—1750 R.P.M. Shpg. wt., 35 lbs.....**$16.25**
99 K 01971P—3450 R.P.M. Shpg. wt., 36 lbs..... **18.50**

CRAFTSMAN ¾-H.P. Condenser Motor

Restricted to AA-5 Priority or better. See at left.

Not illustrated. 3450 R.P.M. motor built for heavy duty, high speed power tools such as large circular saws, jointers, etc. Motor is controlled by a heavy duty start-stop switch. Precision ball bearings (See notation below). Burnout protector; shuts off current automatically if motor is overloaded or overheated; reset by pushing button. ⅝-inch double drive shaft has keyways. Base mounting, 3¾x5 inches. For 110 or 220-volt 60-cycle A.C. With short connection cord. **FARMERS: See page 878C for important notice.**

99 K 01970P—Shipping weight, 48 pounds.....**$29.50**

Due to scarcity of ball bearings, it may be necessary to substitute bronze bearing motors for those described as being equipped with ball bearings. However, we will continue to ship ball bearing motors just as long as they are available.

CRAFTSMAN R.-I. Industrial Motors

Restricted to AA-5 Priority or better. See at left.

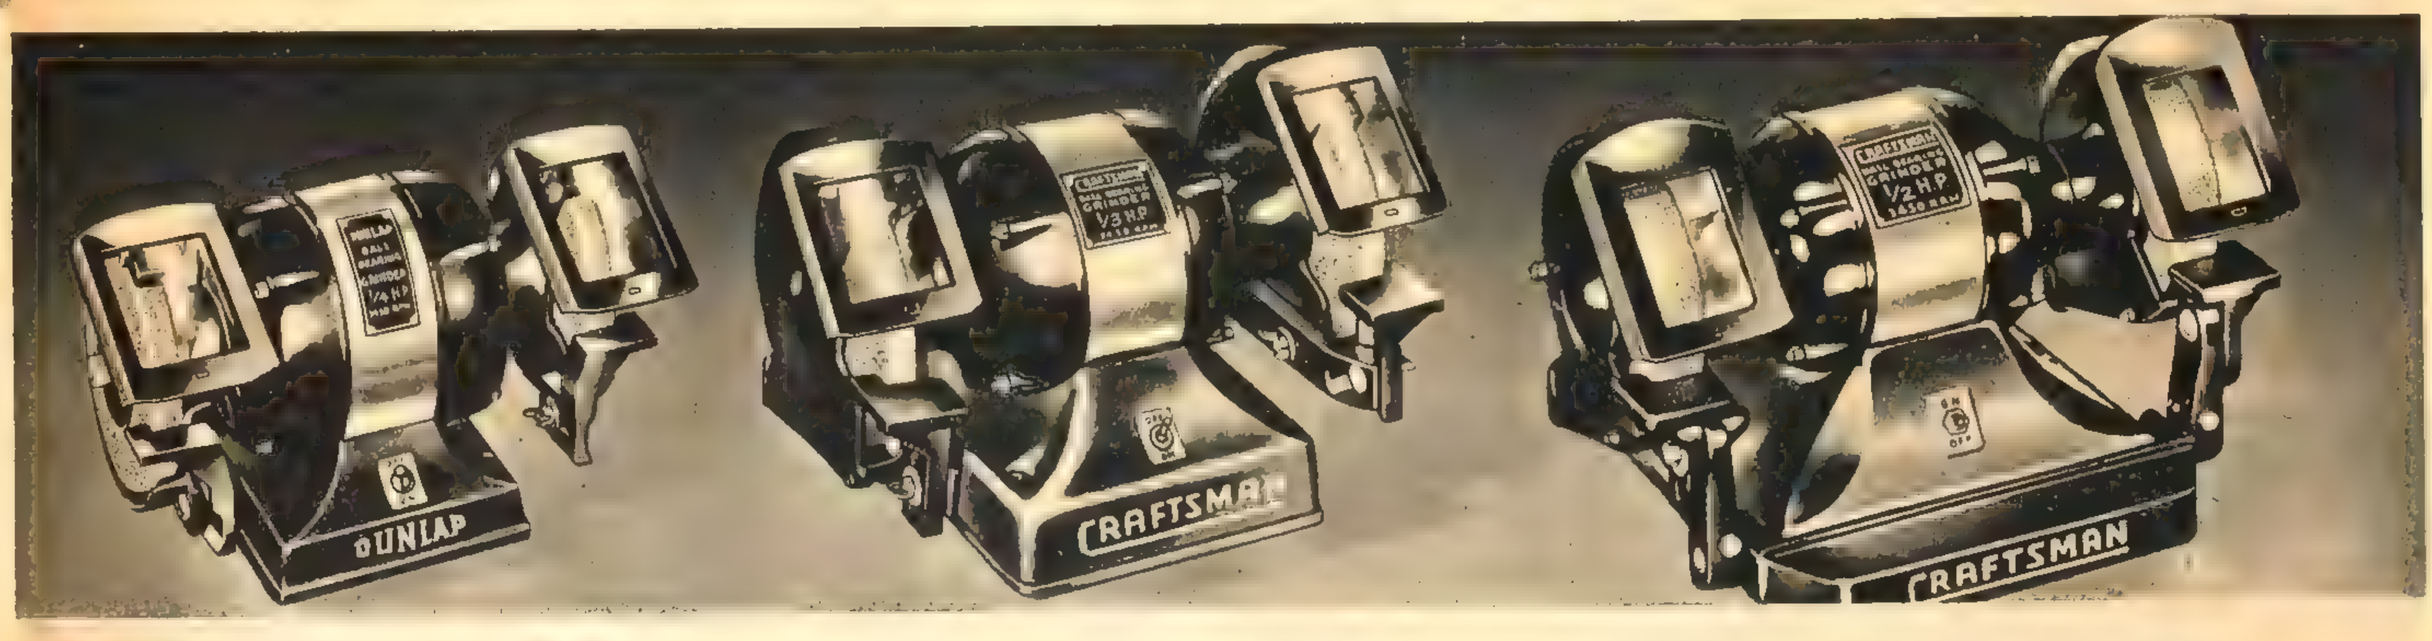
For hard starting jobs these repulsion-induction motors can't be beat. Made to exacting specifications. Built to stand up under hard everyday service. Thousands now giving uninterrupted day-in-day-out service in shops and industries all over America.

Tremendous overload capacity. Develops 3 to 4 times rated H.P. while starting. Easily starts heavy loads on cream separators, refrigerators, water pumps, heavy machinery, etc.

Large, heavy end bells assure permanent alignment. Massive base gives a solid mounting.

Excess weight eliminated in this modern, compact design. Ventilating openings below shaft level—no dirt or chips can drop into motor.

Large ventilating openings for more efficient cooling. Powerful fan forces cooling air into all parts of motor.



Oversize phosphor bronze bearings. Recognized by motor industry as finest sleeve-type bearings.

Giant oil wells packed with absorbent material. Motors will operate longer without oiling.

Meets all A.I.E.E., N.E.M.A., and central station requirements. Four brushes permit easy starting, even with low voltage. Shafts on ⅓-H.P. are beveled; larger sizes have keyway. Easily reversed. Use horizontally only. 1750 R.P.M. Single phase. For 110–220 volt 60-cycle A.C. Before ordering, check with your power company on voltage, cycle, phase and capacity of your line.

FARMERS: See page 878C for important notice.

CRAFTSMAN 24-inch Production Type Jig Saws

Restricted to AA-5 Priority or higher. See page 802 for details

- Cuts up to 2-inch stock to center of 48-inch circle
- Extra large 14x14-inch smoothly finished reinforced table
- Self lubricating precision bronze bearings for smooth operation
- 4 separate speeds—600, 900, 1200 and 1500 R.P.M.
- Universal chuck turns to 90° angle to handle long work

Meets toughest shop problems. Blade tension adjustment. Sawdust blower. Spring holddown guide. Height, 22 in.; width, 14⅛ in.; length, 37 in. With 4-step ½-inch bore motor pulley, and V-belt; less motor. Use ⅓-H.P. 1750 R.P.M. motor.

99 KM 2284PF—Shipping weight, 115 pounds..... **$34.50**

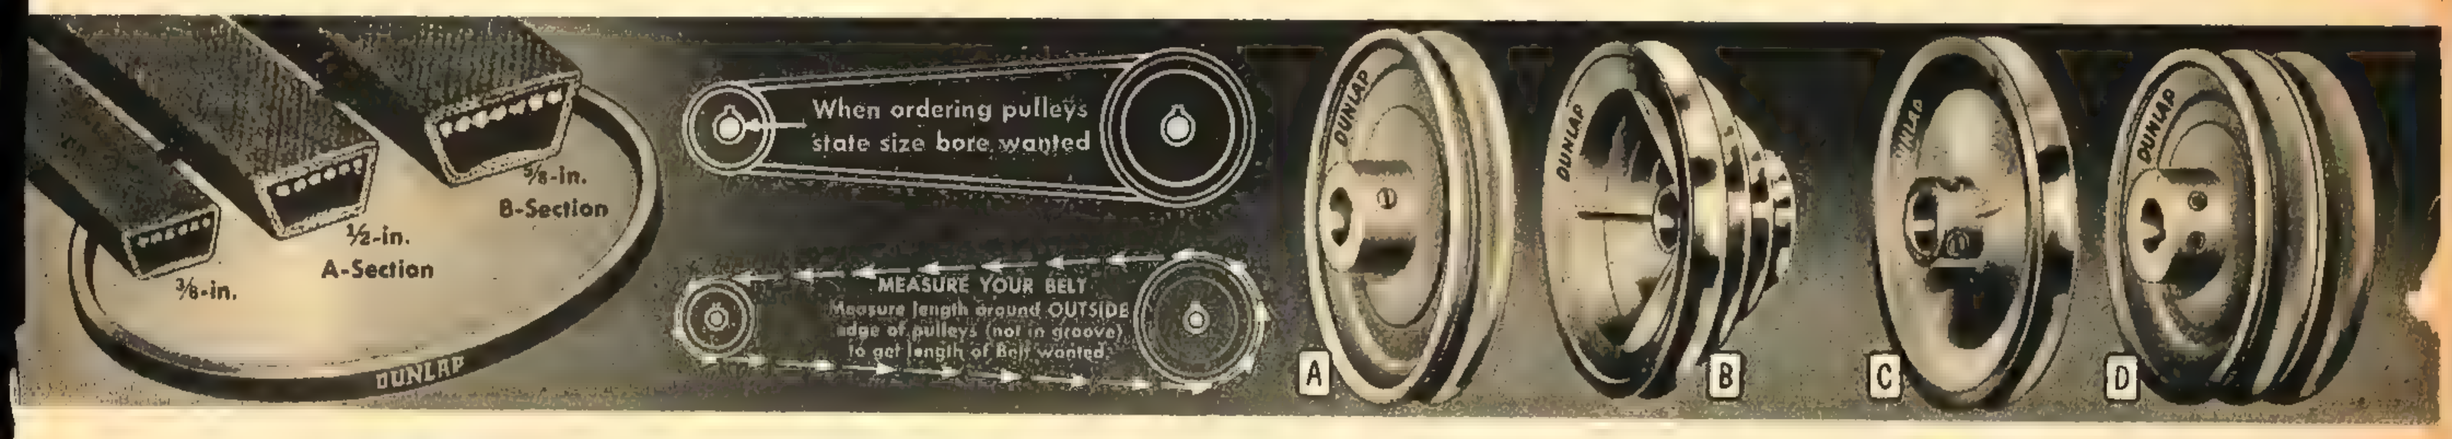
CRAFTSMAN Heavy Duty 8-inch Tilting Table Bench Saws

Restricted to AA-5 Priority or higher. See page 802



- Precision ball bearings packed in grease
- Depth of cut, 2½ in.; miters up to 2-in. stock
- Has removable insert for dado cutting with Dado Saw 9K4888 sublisted below
- ⅝-inch arbor. Polished 15¼x18½-inch table tilts any angle up to 45 degrees
- Miter gauge has indexing device with stops for important angular positions

Heavy duty construction. All mechanism enclosed within base. Saw blade lowered and raised by feed wheel and screw mechanism. Table controlled by hand wheel and self-locking screw. Automatic leveling double-pivot guard. Spring loaded kick-backs. Accurate, easy-to-read gauges show depth of cut, depth of dado cut, angle of table tilt, angle of miter gauge, width of rip. All controls conveniently grouped together. Overall height, 15 inches; length, 26½ inches; width, 20 inches. Use 2½-inch motor pulley (not included) with ½ or ¾-H.P. 3450 R.P.M. motor (not included).

99 KM 2199PF—Shipping wt., 95 lbs.. **$33.00**

DUNLAP 5½-inch Dado Saw. Does not require a priority. For dadoing, grooving, rabbeting, tenoning, etc., either with or across the grain. Tempered high carbon steel. Set includes two 3/32-inch thick outside saws and six 1/16-inch inside chippers. ½-inch arbor hole. Fits above bench saw.

9 K 4888—Shipping weight, 1 lb. 10 oz..... **$3.95**

DUNLAP V-Belts and Pulleys are long wearing and true running

Reg. U. S. Pat. Off.

DUNLAP V-Belts. Resist slipping and stretching. Heavy duty cord wrapper—flexible inner cushion of tough rubber—strong cord reinforcing—all vulcanized into one inseparable unit. See "How to Measure" above.

⅜-inch V-Belts

Ideal for drives over small diameter V-pulleys. See "How to Measure."

9K2974	131 in.	⅝-in.	1 lb. 10 oz.	2.35
9K2975	147 in.	⅝-in.	1 lb. 12 oz.	2.75

Flat Belt Pulleys. Fitted with one slotted, headless, hardened set screw. Accurate bore; correctly crowned; carefully balanced. ⅝-inch bore and larger have standard keyway.

9 K 2798—State size and bore wanted.

Diam. and Face	Bore, inch	Shpg. wt.	Each
2 x2 in.	½	12 oz.	39c
2½x2½ in.	½, ⅝	1 lb. 3 oz.	59c
3 x3 in.	½, ⅝, ¾, 1	1 lb. 8 oz.	79c
4 x3½ in.	¾, 1	2 lbs. 3 oz.	$1.19

DUNLAP V-Belt Pulleys. Scientifically designed, carefully and accurately made. Grooves machined perfectly true. Bores reamed to exact size. Diameters given refer to outer edge of pulley, not groove. **Be sure to state bore wanted when ordering.**

Single groove V-Pulleys

A For ⅜ or ½-inch V-belt, except 9K2800, which uses ⅜-inch V-belt only. 2 slotted-head, hardened set screws. **State bore.**

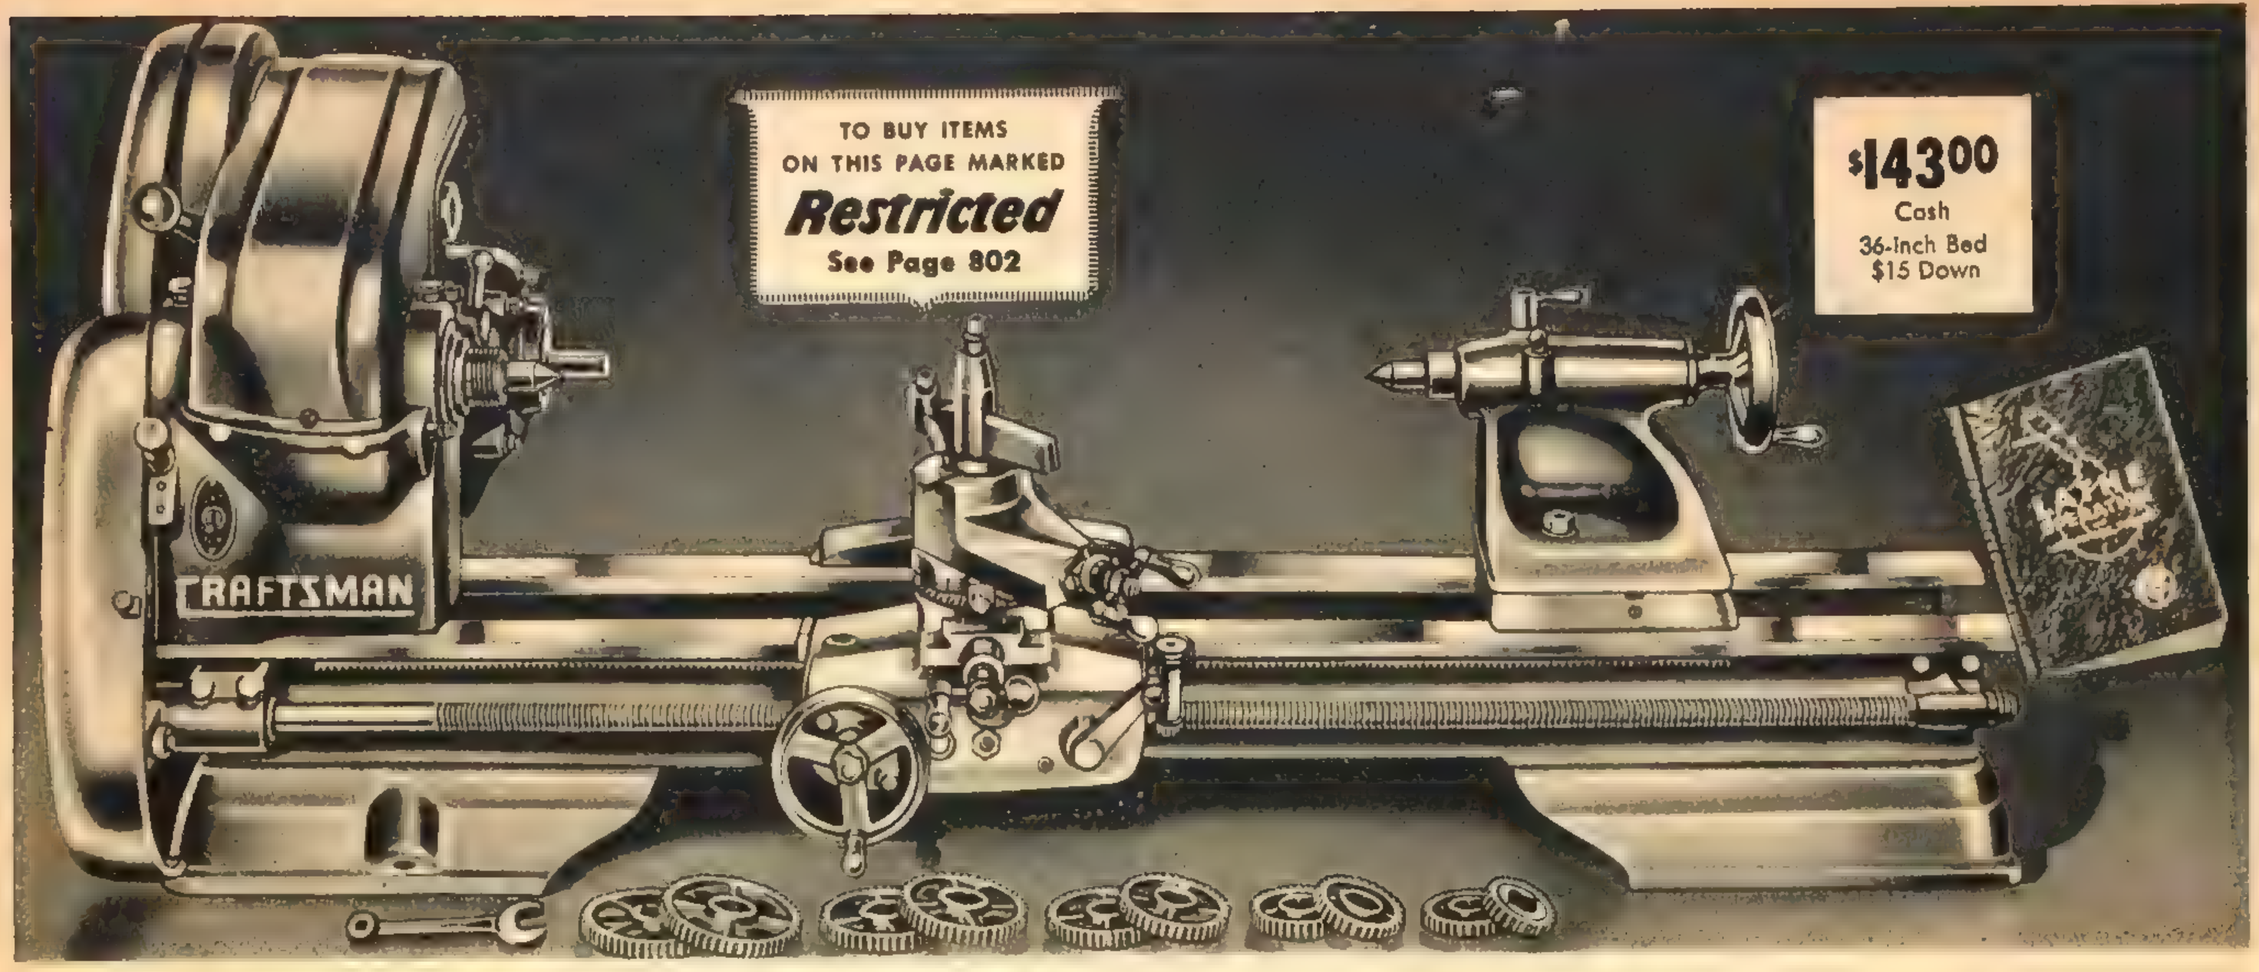
Catalog No.	Diameter	Bore, in.	Shpg. wt.	Each
9 K 2800	1½ in.	½	3 oz.	17c
9 K 2801	2 in.	½, ⅝	5 oz.	20c
9 K 2802	2½ in.	½, ⅝, ¾	6 oz.	27c
9 K 2803	3 in.	½, ⅝, ¾	7 oz.	30c
9 K 2804	4 in.	½, ⅝, ¾	10 oz.	39c
9 K 2805	5 in.	½, ⅝, ¾	15 oz.	49c
9 K 2806	6½ in.	½, ⅝, ¾	1 lb. 6 oz.	79c

3 and 4-step Cone V-Pulleys

B Use in matched pairs for wide variety of speeds. For ⅜ or ½-inch V-belts. 2 slotted-head, hardened set screws. ½, ⅝ or ¾-inch bore. **State bore wanted.**

Catalog No.	Size	Diam., step, in.	Shpg. wt.	Each
9 K 2788	3⅜ in.	3⅜, 2⅝, 2	1 lb.	59c
9 K 2792	4 in.	4, 3¼, 2⅝, 2	1 lb. 10 oz.	69c
9 K 2793	5 in.	5, 4, 3, 2	1 lb. 14 oz.	85c

Single groove V-Pulleys



C Heavy construction. For heavy production work. For ⅜ or ½-inch V-belts. Standard keyways provided in all bores over ½-inch. Each pulley has one slotted-head hardened set screw. **State bore wanted.**

Catalog No.	Diameter	Bore, In.	Shpg. wt.	Each
9 K 2880	1½ in.	½	5 oz.	29c
9 K 2881	2 in.	½, ⅝	6 oz.	37c
9 K 2882	2½ in.	½, ⅝, ¾	9 oz.	42c
9 K 2883	3 in.	½, ⅝, ¾	12 oz.	52c
9 K 2884	4 in.	½, ⅝, ¾	1 lb.	62c
9 K 2885	5 in.	½, ⅝, ¾	1 lb. 4 oz.	75c
9 K 2886	6½ in.	½, ⅝, ¾, 1	1 lb. 10 oz.	93c
9 K 2808	8 in.	½, ⅝, ¾, 1	2 lbs. 4 oz.	$1.25
9 K 2810	10 in.	½, ⅝, ¾, 1	3 lbs.	1.55
9 K 2812	12 in.	½, ⅝, ¾, 1	3 lbs. 13 oz.	2.10
9 K 2815	15½ in.	¾, 1	6 lbs. 5 oz.	3.10

Two-groove V-Pulleys

D Heavy duty. Fitted with standard keyways and two hollow-head hardened set screws. Wrench included. Use V-belts ½ or ⅝-inch wide. **State bore wanted.**

Catalog No.	Diam.	Bore, In.	Shpg. wt.	Each
9 K 2940	3 in.	⅝, ¾, 1	1 lb. 13 oz.	$2.35
9 K 2941	4 in.	⅝, ¾, 1	3 lbs.	2.75

9 K 2943	6 in.	¾, 1, 1 3/16	4 lbs.	3.65
9 K 2944	8 in.	1, 1 3/16	5 lbs. 4 oz.	4.85
9 K 2945	10 in.	1, 1 3/16	7 lbs.	6.75
9 K 2946	12 in.	1, 1 3/16	8 lbs. 10 oz.	8.25

CRAFTSMAN Metal Turning Lathes

Guaranteed accurate to one-thousandth of an inch

Restricted to Priority Rating of AA-5 or higher. See page 802.

- Famous Timken tapered roller bearings in headstock assure accurate, smooth performance even at high speeds.
- Headstock equipped with No. 3 Morse taper with sleeve to No. 2 taper.
- Reversible automatic power cross feed makes it possible to do facing work more accurately. Tested and guaranteed accurate to .001-inch.
- Compound rest swivels and locks to any angle from 0 to 180 degrees.

Now serving in hundreds of industries for light work demanding close tolerances. Headstock is equipped with indexing device so work may be evenly divided, or fluted. Tailstock has ¾-inch set-over for taper turning, and is fitted with center ejector and coordinate ram lock. Ram is graduated in 16ths of an inch and has 2½-inch travel; has No. 2 taper. Headstock has No. 3 Morse taper, with sleeve for No. 2 taper. Spindle capacity, ½-inch. Spindle nose, 1½-in., 8-thread. Pulling knob on front of carriage engages power cross feed; cutting tool feeds across face of work. 5 feeds (.0024, .0035, .005, .0071 and .0087). Thread range, 4 to 96 (standard R.H. or L.H.); also metric, .5 to 7.0 M.M.

Heavily reinforced semi-steel bed has precision ground ways and adjustable gibs for take-up. Back gears give range of 16 speeds (28 to 2072 R.P.M.). Non-slip V-belt drive has adjustable tension and release lever. Hinged belt guard completely covers headstock and motor drive pulleys to meet safety code regulations; easily opened to change speeds.

Overall height, 28 inches; width, 25½ inches; swing over bed, 12¼ inches; over carriage, 8⅝ inches. Complete with threading gears, threading dial, V-belts, pulleys, wrenches and 234-page "Manual of Lathe Operation." Without motor; use ⅓ or ½-H.P. 1750 R.P.M. motor.

Outstanding in every respect—efficient in design and made of the finest materials available to the best standards of performance and accuracy. Each step in its manufacture is rigidly inspected and each finished lathe must undergo a test to insure accuracy to .001-inch.

Shipped from factory in southern Michigan. You pay transportation charges from there. Send your order to Sears nearest mail order house.

Catalog Number	Bed length	Between centers	Shipping weight	Less motor
99 KM 2073PF	36 inches	18 inches	265 pounds	$143.00
99 KM 2075PF	42 inches	24 inches	275 pounds	153.00
99 KM 2077PF	48 inches	30 inches	290 pounds	162.00
99 KM 2079PF	54 inches	36 inches	295 pounds	172.00

CRAFTSMAN 12-inch Metal Cutting Lathe (Not illustrated)

Restricted to AA-5 Priority rating or higher. See page 802.

Similar to lathe above except equipped with high speed, line reamed babbitt bearings and ball thrust bearing. Does not have the reversible power cross feed and belt guards. Has ⅝-inch lead screw compared to the ¾-inch lead screw on lathe above. Precision built. Guaranteed accurate to within .001-inch. **Shipped from factory in southern Michigan. You pay transportation charges from there. Send your order to Sears nearest mail order house.**

Catalog Number	Bed length	Between centers	Shipping weight	Less motor
99 KM 2065PF	36 inches	18 inches	245 pounds	$115.00
99 KM 2067PF	42 inches	24 inches	255 pounds	125.00
99 KM 2069PF	48 inches	30 inches	270 pounds	134.00
99 KM 2071PF	54 inches	36 inches	275 pounds	144.00

¼-inch Tool Bit Holders

Restricted to AA-5 Priority or higher. See page 802. Fit lathes above. "Super-Tuff" steel. Shanks are ⅝-inch high; ⅜-inch wide. Shipping weight, each, 2 pounds.

A **9 K 2194PF** Offset, left..... **$1.39**
B **9 K 2192PF** Offset, right..... **1.39**
C **9 K 2196PF** Straight..... **1.39**
D **9 K 2198PF** Threading..... **$3.25**
E **9 K 2200PF** Cut-off..... **1.95**
F **9 K 2202PF** Knurling..... **3.95**

Set of Six ¼-inch Formed Tool Bits

Restricted to AA-5 Priority or higher. See page 802. Fit above tool holders. High speed tool steel. Set includes: [G] L.H. facing bit, [H] round nose turning bit, [J] threading bit, [K] R.H. facing bit, [L] L.H. turning bit, [M] R.H. turning bit.

9 K 2205P—Set of 6. Shpg. wt., 8 oz..... **$1.65**

Accurately Machined Face Plates

N **Restricted to AA-5 Priority or higher. See page 802.** Fit lathes above or any lathe having 1½-inch 8-thread spindle.

9 K 2097PF—3½-inch. Shipping wt., 2 lbs..... **$1.39**
9 K 2098PF—6-inch. Shipping wt., 3 lbs..... **2.10**
9 K 2087PF—8½-inch. Shipping wt., 6 lbs..... **4.35**

New, improved, independent 4-jaw Lathe Chucks

Restricted to AA-5 Priority or higher. See page 802.

Meet rigid industrial specifications. Now better than ever—heavier, stronger. More efficient because of new improved design. Weight has been scientifically added where it is needed most—longer and thicker jaws—thickened body sections—heavier tongues in jaw slides—deeper and heavier backing behind jaw screws. This weight increase produces needed strength to meet increasing demands for a work-holding tool that has sufficient holding power to hold work rigidly and revolve it smoothly under all normal cutting conditions.

These chucks will fit any make of wood-turning or metal-turning lathe having spindle diameters and threads per inch listed below. The four reversible jaws work independently of each other, thereby increasing the chucks usefulness especially when "chucking" irregular shaped work. All working parts and jaws forged from high grade tool steel, heat treated and tempered to withstand hard use and excessive strain.

P **Fits ½-inch 24-thread spindle.** Diameter, 3 in. With key and back plate. Shpg. wt., 3 lbs.
9 K 2137P..... **$4.75**

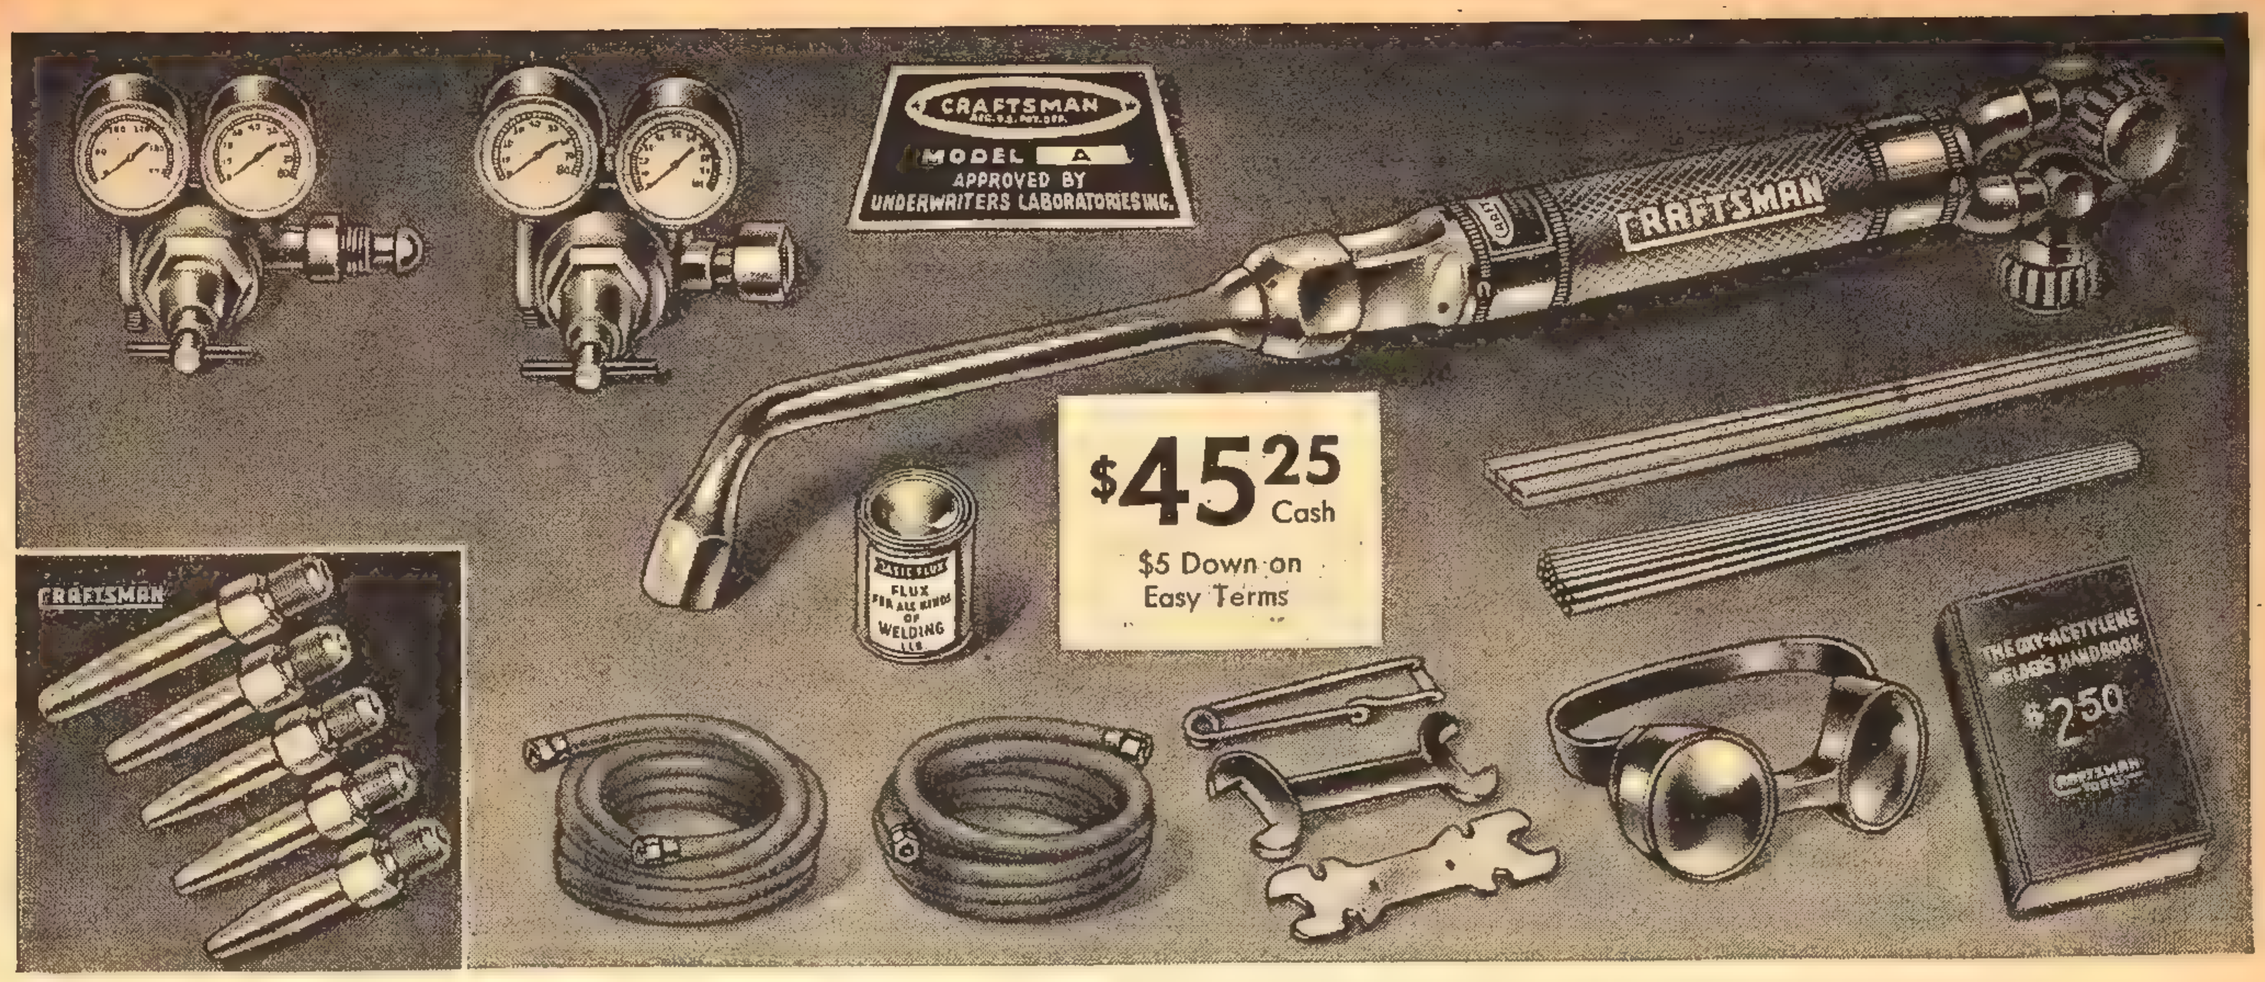
R **Fits ¾-inch 16-thread spindle.** Diameter, 4 inches. Complete with key and back plate. Shipping weight, 4 lbs. 4 oz.
9 K 2156P..... **$5.45**

S **Fits 1-inch 8-thread spindle.** Diameter, 4 inches. With key. Shipping weight, 4 lbs. 4 oz.
9 K 2138P..... **$5.95**

T **Fits 1½-inch 8-thread spindle.**
9 K 2139PF—6-inch diameter. Shpg. wt., 8 lbs. 12 oz..... **$10.50**
99 K 02141PF—8-inch diameter, Shpg. wt., 22 lbs..... **$17.95**

Famous Barron Rotary Planer

Does not require Priority



U **Sears Laboratory tested and approved.** Actually five tools in one—does planing, routing, rabbeting, tenoning and paneling. Fits any make of drill press with ½-inch chuck. **Spindle adapter included.** You actually save $1.00 because we furnish adapter.

Will dress up, true up and accurately finish all types of wood. Will not burn, gouge or scratch the work. All hand finishing eliminated. A 12x28-inch board can be accurately planed and resurfaced in 45 to 60 seconds. Cuts perfectly square sides and edges.

Blades are of special Molybdenum Tungsten tool steel, ground and honed—adjusted for precision work. Size, 3-inch diameter; ½-inch round arbor. Set includes drill press adapter, Allen wrench, set-up gauge, push down pin and complete instructions. Shipping weight, 1 lb. 14 oz. **Postage prepaid.**

9 K 2289—Complete..... **$7.50**

Lathes, Tool Bit Holders, Face Plates, and 9K2139PF and 99K2141PF chucks shipped from factory in southern Michigan, you pay transportation from there. Order from Sears nearest mail order house. Other lathe accessories and rotary planer shipped from stock.

CRAFTSMAN Acetylene Welders . . . sold on priority only

Restricted to AA-5 Priority or better. See page 802.

Extra heavy duty professional quality. Its efficient design and fine construction have made it standard equipment in many shops over America.

Triple tested. (1) Listed by Underwriters' Laboratories and Associated Factory Mutual Insurance Co. (2) Tested and retested during production. (3) Tested by Sears Laboratory.

Super-quality. All parts coming in contact with gas are brass or bronze. All other parts are made of highest quality materials permitted under present W.P.B. restrictions. All joints are ground and hand fitted to eliminate danger of leaks. Regulators have patented safety pressure relief devices. **Patented balance-pressure non-flash mixer** is located beyond head of torch and outside of torch handle for extra safety.

Heavy duty construction. 17¼-inch bronze non-flash torch with mixer and 6-inch gooseneck. Gooseneck is bronze drop forging—will not bend. Forged bronze bodied regulators have 2 pressure gauges with steel cases—100 and 3,000 pounds on oxygen regulator; 100 and 600 pounds on acetylene regulator.

With two 12½-foot lengths of ¼-inch high pressure hose, tested to 600 pounds per square inch; assorted welding rods; flux; lighter; 2 wrenches; 50-mm. professional welders' goggles, **and 224-page Welder's Handbook.** Tips sold separately (see below) per W.P.B. regulations. May be used as cutting torch with 9K5445P attachment, below.

99 K 05425P—Shipping weight, 28 pounds.....**$45.25**

Welding Tips. Restricted to AA-5 Priority or better. See page 802. Heavy one-piece solid drawn copper, highly polished. **State size wanted.**

Size	Capacity, in.	Size	Capacity, in.	Size	Capacity, in.
A-0	Soldering	A-3	⅛ to 3/16	A-6	½ to ¾
A-1	1/64 to 1/16	A-4	3/16 to ⅜	A-7	⅝ to 1
A-2	3/64 to ⅛	A-5	⅜ to 9/16	A-8	1 in. up.

9 K 5441P—Shipping weight, 4 ounces.....Each **$1.59**

Oxy-Acetylene Welding Parts and Accessories

Restricted to AA-5 Priority or better. See page 802.

9 K 5429P—Model A Welding Torch. 17¼ inches long. With 6-inch mixer. Will cut steel with attachment 9K5445P listed below at left. Shipping weight, 3 pounds.....**$14.75**

9 K 5437P—¼-inch Oxygen Hose. With connections. **State length.** 12½-foot length. Shpg. wt., 1 lb. 13 oz. **$2.35**
25-foot length. Shpg. wt., 4 lbs..... **3.55**

9 K 5438P—¼-inch Acetylene Hose. With connections. **State length.** 12½-foot length. Shpg. wt., 1 lb. 13 oz. **$2.35**
25-foot length. Shpg. wt., 4 lbs..... **3.55**

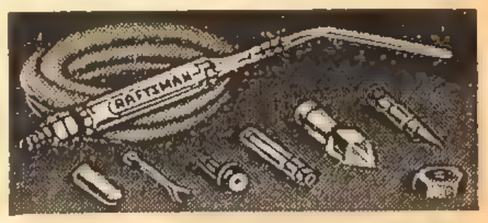
9 K 5430P—Oxygen Regulator. 100 and 3,000-pound gauges. Guaranteed accurate. Shpg. wt., 4 lbs....**$14.75**

9 K 5431P—Acetylene Regulator. 100 and 600-pound gauges. Guaranteed accurate. Shpg. wt., 4 lbs.....**$12.50**

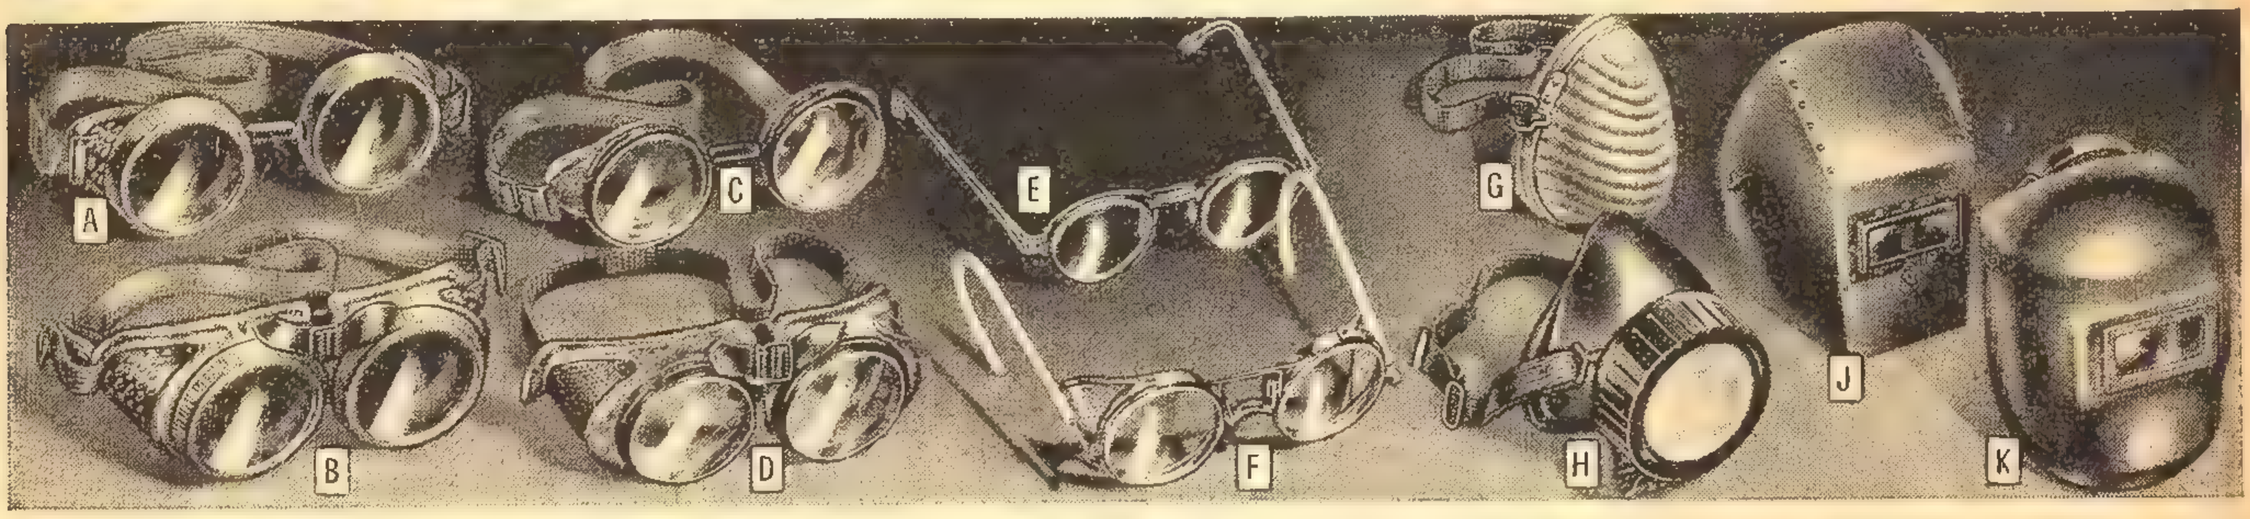
9 K 5440P—90 assorted Welding Rods. For welding cast iron and mild steel. Sizes, 3/32 to ¼-inch; lengths, 18 to 24 in. **Farmers: See page 878C.** Shpg. wt., 12 lbs. 8 oz. **$2.98**

9 K 5443P—12-in. Mixing Chamber. Necessary when using tips A-6, A-7, or A-8 listed at left. Shpg.wt.,12 oz.**$5.95**

CRAFTSMAN Cutting Attachment. Use with 99K05425P outfit above. Replaces mixing attachment. With wrench. **Restricted to AA-5 Priority or better. See page 802.**



9 K 5445P—Shipping weight, 3 pounds 6 ounces.....**$12.95**



CRAFTSMAN Cutting Tips. For above cutter. Size B-2 cuts steel ⅛ to ½-inch thick; B-3 cuts ½ to 1½-inch; B-4 cuts 1½ to 4-inch; B-5 cuts 4 to 6-inch. **State size wanted. Restricted to AA-5 Priority or better. See page 802.**

9 K 5447P—Shipping weight, each, 6 ounces..... **$2.79**

CRAFTSMAN Jr. Soldering Outfit. Use with Prest-O-Lite cylinders to burn paint, braze, solder, etc. With handle, 3 heating tips, soldering copper, paint burning tip, tank connection, tip cleaner and 5-foot rubber hose. Complete—no extras to buy. **Restricted to AA-5 Priority or better. See page 802.**

9 K 5446P—Shpg. wt., 2 lbs.....**$5.95**

Safety Equipment . . . meets rigid Industrial Requirements

A B **Industrial Acetylene Welding Goggles.** Professional quality. Provide positive protection against flying sparks, scale, radiant heat, infra-red and ultra-violet rays. Scientifically designed composition frames assure tight, lightproof fit; day-long wearing comfort assured. Adjustable bridge and headband. 50-mm. cover lenses protect colored filter lenses from pitting or scratching. **State choice of No. 4 or No. 6 density colored filter lenses.**

A **9 K 1300—Regular style.** Shipping weight, 9 ounces.....**$1.89**

B **9 K 1301—Cover glass style.** For welders who wear corrective glasses. Fits over all makes of glasses. Shpg. wt., 12 oz....**$2.29**

9 K 1302—Extra No. 4 density Filter Lenses. 50-mm. For acetylene welding, cutting, brazing. Shipping weight, 3 oz.....Pair **69c**

9 K 1303—Extra No. 6 density Filter Lenses. 50-mm. For heavy acetylene welding, etc. Shipping weight, 3 oz.....Pair **69c**

9 K 1304—Cover glass Lenses. 50-mm. Clear. Shpg. wt., 3 oz. Pair **9c**

9 K 1305—Replacement Headband. Shipping weight, 2 oz.....**12c**

C **Industrial Chipping and Grinding Goggles.** Professional quality. For workers whose eyes are exposed to hazards of flying particles coming from all directions. Special hardening process provides lens with great resistance to impact. Cool, comfortable to wear. Lenses optically ground; designed for perfect wide angle vision. Sturdy composition frames. Fully adjustable headband.

9 K 1306—Complete with 50-mm. lenses. Shpg. wt., 9 oz.....**$1.79**

D **Coverglass Chipping and Grinding Goggles.** For workers who wear their own corrective glasses. Non-fogging and comfortable to wear. Fit over all makes of glasses. Adjustable headband.

9 K 1307—Complete with 50-mm. lenses. Shpg. wt., 12 oz.....**$1.98**

9 K 1308—Extra 50-mm. lenses for above. Shpg. wt., 3 oz.. Pair **59c**

9 K 1305—Extra headband for above goggles. Shpg. wt., 2 oz.....**12c**

E **Spectacle type Safety Goggles.** Professional quality. Popular with men and women alike because of their good appearance and perfect fit. Standard, crystal clear 44-mm. flat lenses provide full angle vision. Non-inflammable acetate frame. Wire-core temples, 6 in. long, with "paddle tips"; hold glasses firmly in place. Comfortable.

9 K 1310—Shpg. wt., 5 oz.**$1.29**

9 K 1311—Extra 44 mm. lenses. Shpg. wt., 3 oz.....Pair **49c**

F **Spectacle type Safety Goggles, with side shields.** Professional quality. Provide frontal as well as side protection. For all operations where flying particles are a menace to the eyes. Ample ventilation eliminates fogging. Non-corroding frame. Insulated temple pieces. Adjustable nose piece. Can be worn all day in perfect comfort. With 50-mm. lenses. Full angle vision assured.

9 K 1312—Shpg.wt.,8 oz..**$1.49**

9 K 1308—Extra 50 mm. lenses. Shpg. wt., 3 oz.....Pair **59c**

G **Low cost Respirator.** For pollens, dust from wood, grain, stone, metal processing, etc. Sanitary plastic frame. Comfortable.

9 K 1334—Shipping weight, 8 ounces.....**$1.49**

H **Industrial Respirators.** Provides positive protection. Airtight fit. Can be worn for long periods without fatigue or discomfort. Valve cannot stick open. Easy to keep clean and sanitary.

9 K 1330—For all dust hazards such as mineral, agricultural, nuisance dusts, etc. With filter. Shpg. wt., 12 oz.....**$2.98**

9 K 1331—Extra filter for 9 K 1330. Shpg. wt., 5 oz.....**98c**

9 K 1332—For fumes and vapors. Protection against low concentrations of fumes and vapors as in paint spraying, dry cleaning, gasoline, benzene, etc. With filter. Shpg. wt., 12 oz.....**$2.98**

9 K 1333—Extra filter for 9 K 1332—Shpg. wt., 5 oz.....**49c**

J K **Industrial Welding Helmets.** Designed for men or women. Tough vulcanized "shockproof" fiber. Light weight, comfortable, cool. Provide maximum protection against glare and impact. "Free-floating" headgear; adjustable to any head size. Replaceable cover glass and filter glass included. **When ordering 9K1325 only state choice of either No. 10 or 12 colored glass filter plate.**

J **9 K 1326—Fabricated construction.** Wt., 2 lbs. 8 oz. **$2.98**

K **9 K 1325—One-piece construction.** Wt.,2lbs.6oz.**$7.49**

9 K 1327—Extra filter plate, shade No. 10. For electric arc welding 75 to 250 amperes. Size, 2x4⅛ inches. Shpg. wt., 5 oz.....**79c**

9 K 1328—Extra filter plate, shade No. 12. For electric arc welding 250 amperes or more. Size, 2x4⅛ in. Shpg. wt., 5 oz.....**79c**

9 K 1329—Extra cover glass. Clear. 2x4⅛ in. Shpg. wt., 5 oz.....**5c**

WARNING: Respirators cannot be used as gas masks.

CRAFTSMAN Circular Saws for shop, mill and factory

CRAFTSMAN Crosscut and Rip Saws

A Our finest. Made for production work in factories, shops, etc. Made of "Super-Tuff" steel. Precision heat treated to get both hardness and toughness. Will hold set, yet permit resetting and filing. Hand-hammered to correct tension for true, fast, easy cutting. Hand set and filed. To reset use saw sets 9K4895 or 9K4896 listed on page 797. **State hole size and diameter. See below for special center hole sizes.**

Diam. In.	Gauge	Center Hole, In.	RPM	Shpg. wt.	9 K 4925 Crosscut	9 K 4926 Rip
7	18	½ or ⅝	4750	13 oz.	$2.55	$2.55
8	18	½ or ⅝	4500	1 lb.	2.95	2.95
10	16	⅝ or ¾	3600	1 lb. 12 oz.	3.69	3.69

Important Circular Saw Ordering Information: When ordering circular saws it is necessary to state size of center hole and saw diameter. All saws are stocked with center hole sizes as listed in tables. However, a smaller center hole can be ordered special and shipped from stock at no extra charge. A special bushing is inserted to meet your requirements. If you require a larger center hole than listed, write to Sears for delivery date before ordering. These saws are shipped from factory in central Ohio, from where you pay transportation charges.

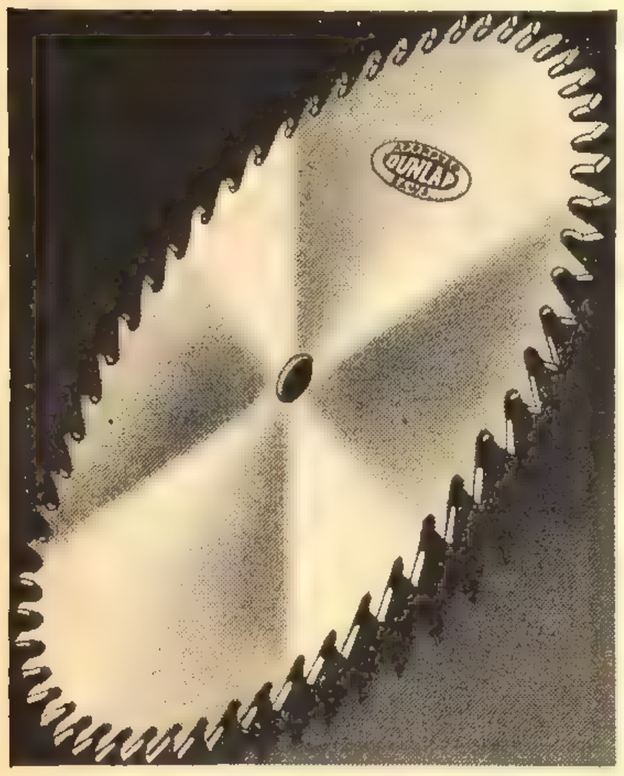
Flat-ground Combination Saws

A combination saw is the handiest of circular saws. 3 saws in 1 . . . for cross-cutting, ripping or mitering. Flat ground. See hollow ground combination saws at right.

B CRAFTSMAN. Our finest. Super quality in every way. Made of special selected "Super-Tuff" steel—accurately heat treated and hardened. Stays sharp and holds the set much longer than ordinary carbon steel. Hand-hammered for proper tension to make it run true and cut straight. Expertly hand-set and filed.

C DUNLAP. Good, general purpose saw. Made of tough, high carbon steel, hardened and tempered. Hand-hammered for proper tension to make it run true and cut straight. Teeth hand-set and filed.

To reset 7 and 8-inch saws use saw sets 9K4895 or 9K4896 (page 797). For 10-inch saws use 9K4910 saw set (page 793). **State size of center hole and diameter of saw wanted. See notice at left for special center hole sizes.**



Diam. In.	Gauge	Center Hole, in.	RPM	Shpg. wt.	CRAFTSMAN 9 K 4937	DUNLAP 9K4915
7	17	½ or ⅝	4750	13 oz.	$2.55	$1.69
8	17	½ or ⅝	4500	1 lb.	2.95	1.74
10	16	⅝ or ¾	3600	1 lb. 12 oz.	3.69	2.42

CRAFTSMAN Hollow-ground Saws

- Hollow ground type, 3-gauge taper grinding; ample clearance for free and easy cutting.
- Special "Super-Tuff" steel, scientifically heat treated for toughness . . . far superior to high carbon steel. Stays sharp much longer.
- The correct saw to use for fine woodworking, furniture building, cabinet work, etc.

D CRAFTSMAN. Our finest. Improved taper grinding for strength and rigidity . . . for free cutting without being set. Hand hammered for proper tension and balance—true running. Specially filed for ripping, cross-cutting or mitering. Leaves a finished surface, smooth enough to glue. No planing or sanding necessary. Cuts slower than flat-ground saws. **State hole size and diameter. For special center hole sizes, see notice at left.**

Diam. in.	Gauge Taper	RPM	Center Hole, in.	Shpg. wt.	9 K 4939
7	15 to 18	4750	½ or ⅝	12 oz.	$4.05

10	14 to 17	3600	⅝ or ¾	1 lb. 10 oz.	5.95

DUNLAP Cordwood Saws

$8.69 30-inch

Ideal for general cordwood sawing and other rough work. For crosscut sawing only. Made of highly refined saw steel, heat treated and hardened in expertly controlled furnaces. Tested for hardness. Tough and hard . . . but not brittle . . . needs less resharpening. Hand-hammered for correct tension to make it run true and cut straight. Hand-set and filed. Long, edge-holding teeth; deep, round gullets free sawdust. Fast and clean cutting.

Saw ground to 10 gauge. Recommended operating speed, 1200 R.P.M. Center hole, 1⅜ inches. To reset teeth use saw set 9K4895 or 9K4896 listed on page 797. Does a quick and accurate job. **For special hole sizes, see circular saw ordering information above.** Shipping weight, 30 pounds.

99 K 04945—30-inch diameter **$8.69**

Spring set Mill or Factory Saws

$5.49 14-inch

CRAFTSMAN. Our finest. Special "Super-Tuff" steel, heat treated and hardened—stays sharp, holds set longer than ordinary high carbon steel. Hand-hammered. Expertly hand-set and filed.

To reset use 9K4914 on page 793. 32 and 36-inch saws shipped freight or express from factory in central Ohio, from where you pay transportation. **State center hole size and diameter of saw. See notice above at left for special center hole sizes.**

CRAFTSMAN Crosscut Saws. State size.

Swage-set Rip Saws

$38.65 36-inch

CRAFTSMAN. Finest quality. For power feed and for hard, knotty wood. Chisel tooth swaged to give two cutting corners. Special "Super-Tuff" steel, tempered and hardened. Hand-hammered for correct tension. Set and filed.

Shipped freight or express from factory in central Ohio or Chicago from where you pay transportation. Allow 4 weeks. Order from Sears nearest mail order house. **State diameter of saw, center hole size, speed of saw in cut, right or left hand.** If pin holes are desired, send tracing showing location and size.

Dependable steel carriage Saw Mills

Steel Carriage Saw Mill

Restricted to Priority Orders. See below

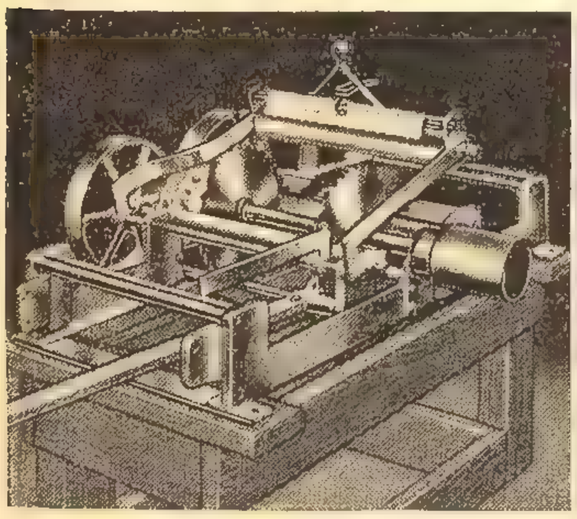
Steel carriage guarantees better sawing results. Very easy to set up and to operate. Unit includes, beside the steel carriage, mandrel assembly, hand feed with cable, 18-inch diameter or smaller pulley (as needed), 36-inch FULTON spring tooth rip saw, and necessary track and fittings for an 18-foot base. Woodwork for base is not included, as the base can be built from your own lumber for less than the shipping charges on factory-built base. Set of simple plans are included for building your own base.

Saws logs up to 10 feet long and 30 inches in diameter. Needs only 15-H.P. Use tractor or old car motor for power. Precision set works give thickness settings by 1/16-inch. True-running mandrel has heavy babbitted bearings, **split to take up wear.** Complete with instructions for installation and operation. Shipped from factory near Kansas City, Mo., you pay freight from there. Order from Sears nearest mail order house. **When ordering state kind of motor to be used, giving R. P. M., H.P., pulley size, year and serial number if available, so we may send you correct mandrel pulley.**

99 KM 4764PF—Shipping weight, 680 pounds..... **$155.00**

FREE CATALOG

Write for Sears FREE Saw Mill Catalog 740K. This large 12-page booklet (shown above) describes other Sears Sawmills and woodworking equipment.



Power-feed production-type Saw Mill

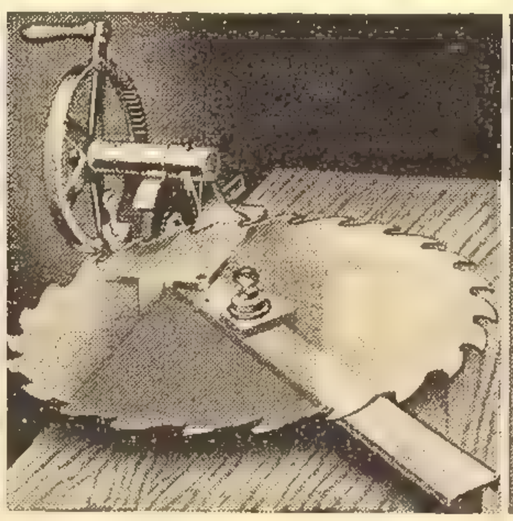
Restricted to Priority Orders. See below

Designed to meet the demands of small professional operators. Equipped with power feed for fast production. Includes heavy duty steel carriage, track and hardware for 18-foot base, mandrel assembly, 40-inch CRAFTSMAN swage set rip saw, slipping belt and friction gig back with power feed and cable and sheaves, 18-inch diameter or smaller mandrel pulley with 6-inch face. Steel carriage headblocks open 26 inches from saw.

Handles logs up to 10 feet long and 30 inches in diameter. Precision set works give thickness settings by 1/16-inch. Cuts can be automatically repeated. Needs only 25-H.P. Use your old car or tractor motor. Mandrel is precision built to run true; has heavy babbitted bearings, **split to take up wear.** Instructions and drawings for setting up and operating. Woodwork for base, roller table, power unit and adapter, edger and belting are not included. Attachments are available to increase sawing capacity to 24 feet. (See Saw Mill Catalog at left.) Shipped from factory near Kansas City, Mo., from where you pay freight. Order from Sears nearest mail order house. **When ordering state kind of motor to be used, giving R.P.M., H.P., pulley size, year and serial number if available.**

99 KM 4791PF—Shipping weight, 825 pounds..... **$198.00**

Saw Mill Gang Edgers



Restricted to Priority Orders. See below

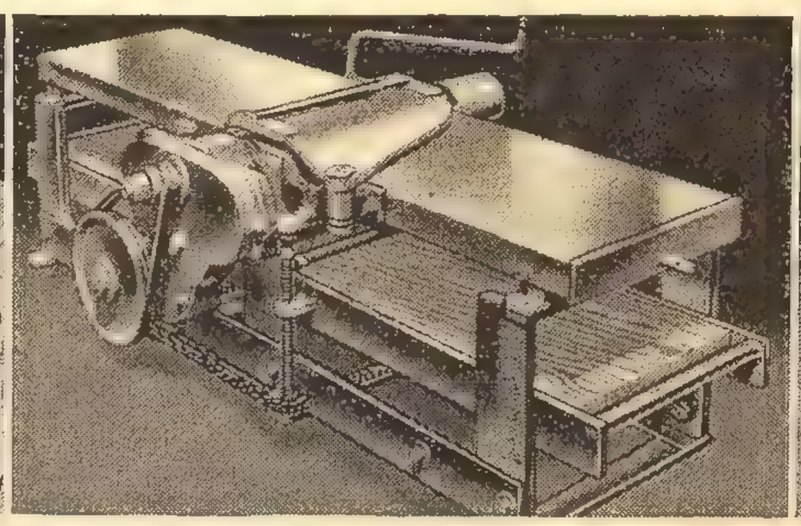
Operates independently of main mill. Relieves mill of all but main cuts —increases production. Edges up to 16-inch width. Maximum depth of cut, 3⅝ inches.

$119.50
99 KM 4779PF

Includes two 12-inch 8-gauge saws. Left hand saw can be set anywhere on arbor. Right hand saw can be shifted to the left 10 in. with lever. Arbor has 5-in. diameter drive pulley for 6-in. belt. Feed speeds from 65 ft. maximum to 50 ft. minimum linear feet per minute, with saw turning 2000 R.P.M. Up to 5 extra saws may be added for gang sawing. Shipped from factory near Kansas City, Mo.; you pay freight from there. Order from nearest mail order house.

99 KM 4779PF—With plain bearings. Shipping weight, 425 pounds.. **$119.50**
99 KM 4780PF—Same, but with ball bearings. Shpg. wt., 420 lbs... **$129.50**
99 K 4781PF—Extra Saw Hub. Needed with extra saw. Shpg. wt., 2 lbs.... **$3.75**
99 K 4774PF—Extra Saw. Shipping weight, 5 pounds..... **7.95**

Saw Gumming Machine



Restricted to Priority Orders. See below

Takes mill saws to 48-inch diameter, and small saws down to 12-inch diameter. Taper arbor fits saw holes from ½ to 2 inches. Includes hand crank grinder with 6x½-inch gummer wheel.

$17.50

Machine joints, that is, brings to true round, and gums, or grinds out gullets to uniform depth, of either rip or cut-off type saws. Gives uniform hook to any desired angle. Saves much hand filing and sharpening time. Speeds up sharpening and makes possible a much better job—needed by every operator who does much sawing. Shipped from factory near Kansas City, from where you pay transportation. Order from Sears nearest mail order house. Shpg. wt., 50 lbs. Not mailable.

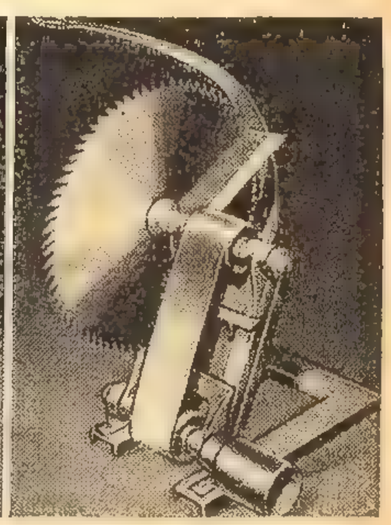
99 KM 4796PF..... **$17.50**
99K4757PF—Extra Gumming wheel. 6 inches x ½-inch. Shipping weight, 4 pounds..... **$1.00**

One-man Planing and Jointing Mill

Restricted to Priority Orders. See below for full details

A combination thickness planer and jointer; planes boards to a uniform thickness and gives them a smooth finish. Doubles value of native lumber. Thickness planer consists of a 12x48-inch adjustable bed, cutter-head with chipbreaker, forward corrugated power feed roll, and plain rear pressure roll. Takes work 12 inches wide to 5½ inches thick. Jointer consists of 2 adjustable upper tables, adjustable guide fence and self-closing cutter guard with opening to dispose of chips when cutter-head is used for planing.

$167.50



Cutter-head is round, safety type, with double row self-aligning ball bearings. Equipped with two thin, high-speed carbon-steel cutter knives.

Arbor has both ends extended. One end is equipped with keyed 4-inch diameter drive pulley taking 4-inch belt. Feed pulley on other end can be removed and groover saw, moulding cutter-head, or bench type saw with 1-inch arbor hole can be installed for auxiliary operations.

With cutter-head turning at 3,750 R.P.M., planer has feed of 40 linear feet per minute with 15 cuts to the inch.

Shipped from factory near Kansas City, Mo.; you pay freight from there. Order from Sears mail order house.

99 KM 4783PF—Shipping weight, 520 pounds.. **$167.50**
99 K 4795PF—Attachment for grinding planer knives. Mounts directly on planer. Complete with 6-inch abrasive cup wheel. Shipping weight, 35 lbs..... **$12.50**

Butting Saws

Restricted to Priority Orders

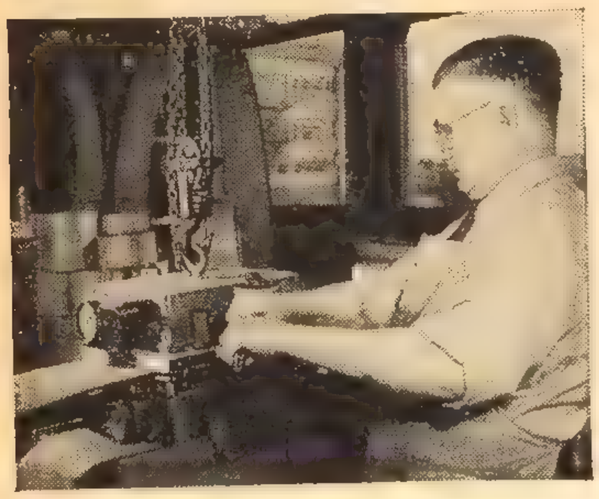
For squaring up the ends of boards, cutting boards to commercial lengths, etc. Saws blocks and flitches to uniform length when making shingles, lath, box stock, crate stock, etc.

$52.50

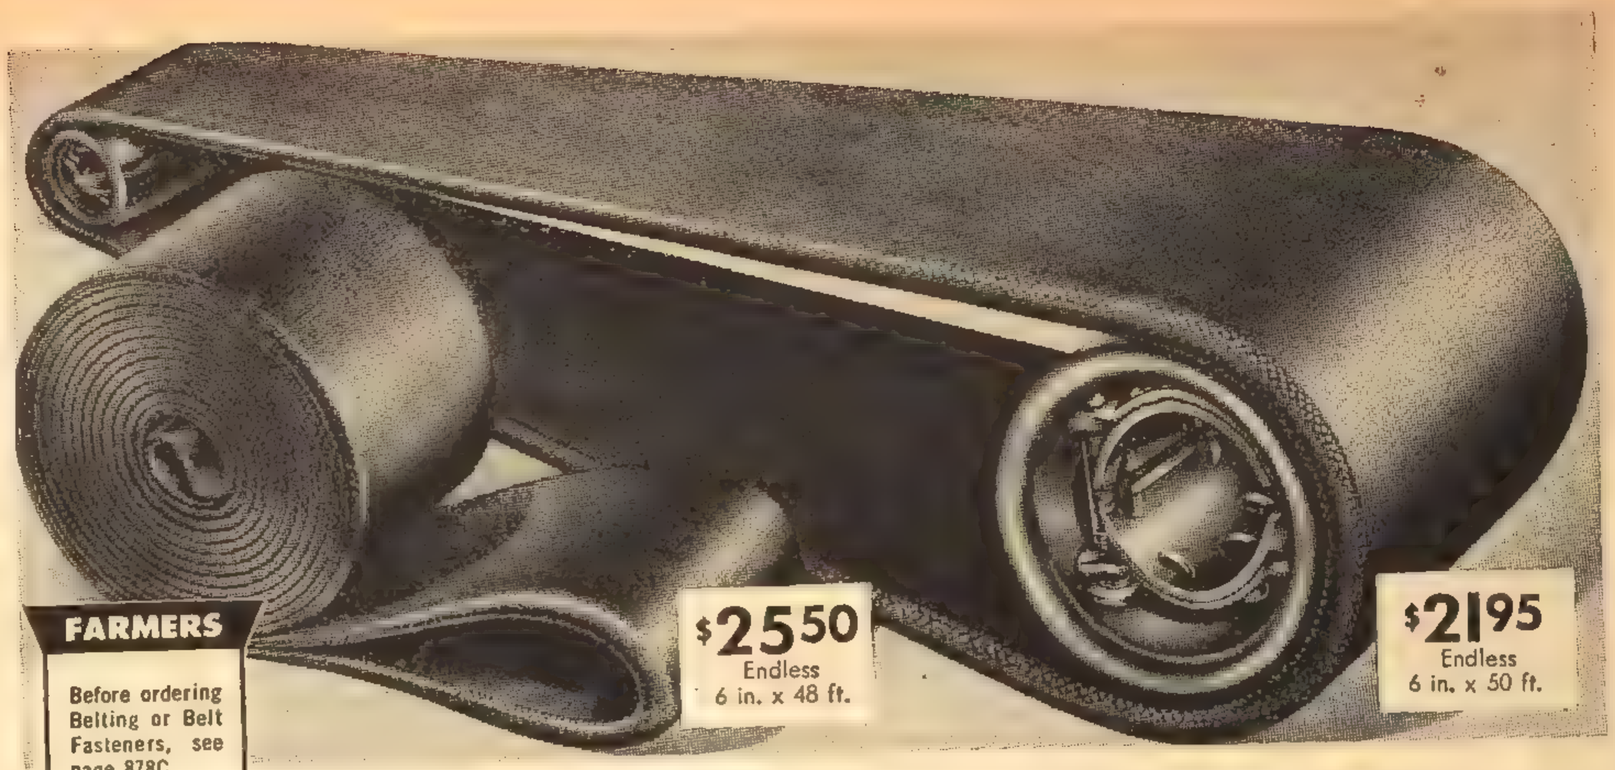
Movable frame supports saw arbor, lower end of frame pivots on trunions, so saw is pulled forward into work by using handle on saw shield. When operator releases handle, saw automatically returns to starting position for new cut.

Takes cordwood type cut-off saw up to 30 inches in diameter, 1⅜-inch arbor hole size. Saw not included. See page 806 for cordwood type cut-off saws. Shipped from factory near Kansas City, Mo.; you pay freight from there. Order from Sears nearest mail order house. Shipping weight, 250 pounds.

99 KM 4782PF...$52.50



Saw Mills Restricted to AA-5 Priority Rating or Higher



All saw mill and wood working equipment on this page is RESTRICTED and Priority Ratings of AA-5 or higher are required before we can make shipment. If you need lumber for farm use or other essential war use you are eligible for a Priority.

To get priority assistance apply to the nearest War Production Board field office on War Production Board form PD-1A. When your application is properly approved send the Priority Certificate and complete information along with your order.

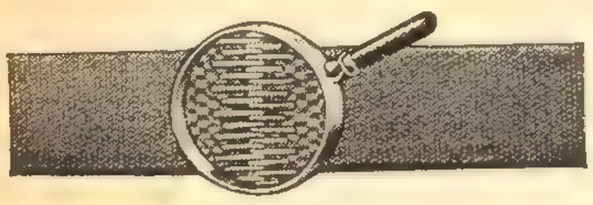
How to Measure: See illustration—measure as shown by arrows around both pulleys. Give exact length wanted. Note that distance between machines will be about one-half the length of belt. **Use a steel tape.**

FARMERS

Before ordering Belting or Belt Fasteners, see page 878C.

Rubber Belts for farm and factory

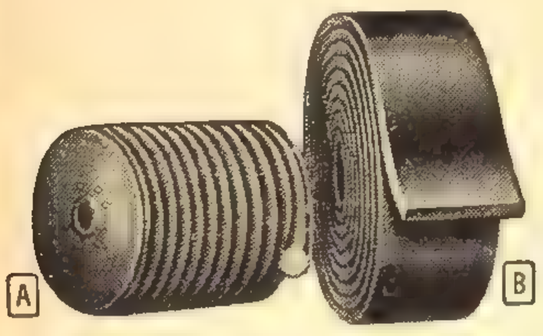
Special Splicing Service



All belts made endless with standard metal lacing at no extra charge if so requested. However, for a small additional charge your belt can be made endless by one of the three methods described below.

Rubber Belts, vulcanized splice. Our 99 K 07080, or 99 K 07088 and 99 K 07089 rubber belts made endless to any length with vulcanized splice for a charge equal to the price of 10 extra feet of belting. Give catalog number and finished length and width of belt wanted. See "How to Measure" above. State that you want vulcanized splice endless belt and include extra charge. Shipped from Chicago stock. Order from nearest Sears mail order house from where you pay shipping charges. This service applies only to belts 3 to 8 inches wide. Minimum length, 8 feet. Allow 5 days.

Canvas Belts, sewed splice. Canvas belts (opposite page) made endless to any length with a factory sewed splice for a charge equal to the price of 6 feet of the size of belt wanted. **State length and size.** Shipped from factory near Toledo, Ohio and you pay shipping charges from there. Allow 10 days.



Leather Belts, waterproof cemented splice. Leather belts (below) made endless to any length with a factory cemented splice for a charge equal to the price of 2 feet of the size of belt wanted. **State length and size.** Shipped from nearest factory branch; you pay shipping charges only from Sears nearest mail order house. Allow 10 days.

Repair Service. If you have a belt that is in need of repair, write Sears Personal Service Department for estimate. Give condition of belt and repairs wanted.

General Splicing Service

Any belt will be spliced with Wirelace or Steelgrip flexible steel lacing at no extra charge if requested. Save the difference. Makes a strong, dependable, long-lasting splice.

Round and Flat Leather Belting

Strong, heavy oak-tanned leather; pre-stretched. Oil-proofed, waterproofed, slip-resistant. Resists splitting and abrasion. Delivers up to 50% more power than fabric belts. Both flat and round belting, in popular widths and diameters. FARMERS: See page 878C for important notice.

3½c Per ft. ⅜6-in. Round

A **Round Belting.** Well rounded; uniform. For round or V pulleys. With couplings. **State diameter and length wanted when ordering.**

FLEX-MASTER Rubber Belt

New, improved . . . made with special purpose synthetic rubber. Has high adhesion qualities, greater resistance to oil and heat . . . more flex-life due to skim coat (rubber film) between the 33-ounce hard duck plies . . . better pulley grip. It's the finest rubber belt made today. Ideal for hammer mills, saw rigs . . . all farm and industrial work. Stands up under the strain of shock loads, high speeds and heaviest "pulls." Has improved rolled edge; plies fully protected against moisture; will not separate. Is stronger . . . has less stretch . . . maximum power transmission assured. Sizes over 70 lbs. not mailable.

BY THE FOOT. 4 or 5-ply. Made endless with Wirelace or Steelgrip lacing at no extra charge, if requested. **State exact width and length.** See "How to Measure" at left above. For special lengths vulcanized endless see "Splicing Service" at left. **FARMERS: Before ordering, see page 878C.**

General purpose Rubber Belt

Now manufactured of 100% synthetic rubber to the highest standards set up by the War Production Board. A film of rubber (skim coat) separates each ply of the 32-ounce cotton duck. It firmly binds the layers together and adds to flex-life and pulley grip. These belts are unaffected by oil, and retain all the best features of crude rubber belt. Rolled edge. Sizes over 70 lbs. not mailable.

BY THE FOOT. 32-oz. 4-ply. Any length made endless with Wirelace or Steelgrip lacing at no extra charge if requested. State exact length. See "How to Measure" at left. For special lengths vulcanized endless see "Special Splicing Service" at left. **FARMERS: see page 878C.**

Include your belting needs in an Easy Terms order. See inside back cover

FARMERS

Before ordering belting, be sure to see page 878C.

HY-TEST Canvas Belts . . . strong, flexible

Brown HY-TEST Belts

Designed specially for use with hammer mills, saw rigs and other high speed, heavy, shock-load operations, which require a strong, durable, flexible belt. Has greater flex-life and better pulley grip than thicker, stiffer belts.

Thoroughly seasoned—permanently flexible—prestretched. Impregnated with a special compound. Gives longer service. Treated to resist water, heat, cold, oil and acids. Double coated with a brown, pulley-gripping traction coating to reduce slipping.

4-ply special specification belt fabric with reinforced lock stitching for extra strength. Triple stitching on both edges.

ENDLESS SEWED SPLICE. Actual length is 3 feet shorter than listed because of lap for splice in accordance with standard practice of belting manufacturers. See "How to Measure," opposite page. Remember — distance between machines is about one-half length of belt. Sizes over 70 lbs. not mailable. **FARMERS: Before ordering, see page 878C.**

Before ordering your belt be sure to see "How to Measure" on the opposite page.

Red HY-TEST Canvas Belts

Our most popular canvas belt. For most general uses, such as tractors, gas engines, threshers, etc. Strong, thoroughly seasoned and permanently flexible. Pre-stretched. Made of 4-ply U. S. Standard 32-ounce duck. Triple lock-stitched edges for extra strength. Special compound lubricates all fibers—reduces internal friction—keeps belt flexible—makes it resistant to moisture, dry rot, heat, cold, oil and acids. Coated and completely sealed with red compound to resist slipping. These belts transmit maximum power at all speeds in all weathers. Sizes over 70 pounds not mailable.

BY THE FOOT. Any length made endless with Wirelace or Steelgrip at no extra charge if requested. For **special length** endless belts with factory splice see "Splicing Service" on opposite page. **State width and exact length.** See "How to Measure" on opposite page. **FARMERS: See page 878C.**

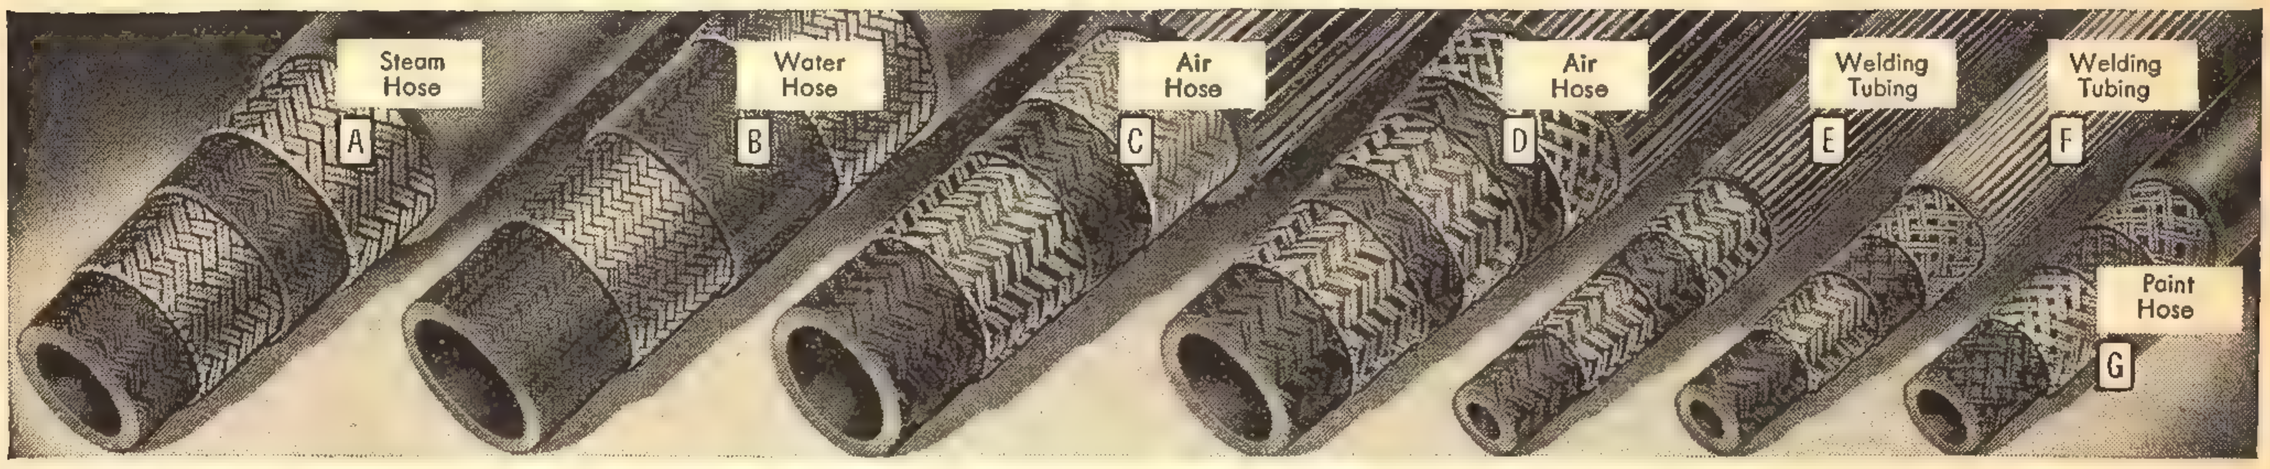
Cotton Belts

Solid Woven Cotton Belts

For both farm and industrial use — on the farm for tractors, separators, shellers, pumps, etc.; in industry for main and counter drives.

Solid woven cotton through and through; no plies to separate; no seams to open up. The same thickness as 4-ply canvas or 4-ply rubber belt. Exceptionally strong for long, trouble-free service.

Treated with a special compound that resists the harmful action of water, barnyard acids, steam, oil, heat, cold, etc. Prolongs the life of the belt . . . gives it a slip-resisting surface for better traction between belt and pulley — reduces power loss. Always pliable and easy to handle in all kinds of weather—ideal for outdoor and indoor use.



BY THE FOOT. Any length made endless with Wirelace or Steelgrip lacing at no extra charge if requested. Makes a flexible, durable, safe joint. Give exact length, making no allowance for splice. See "How to Measure" on opposite page. Remember — distance between machines is about one-half the length of belt. Sizes over 70 pounds are not mailable. **FARMERS: Before ordering, see page 878C.**

CRAFTSMAN Industrial Hose available for immediate shipment

A **CRAFTSMAN Steam Hose.** Used by food processors, creameries, refineries, steel mills, etc. Hose linings specially designed to resist action of heat and steam pressure. Strong reinforcing layers of cotton cord give hose flexibility and great strength. 99K08793 is lightweight for low pressure use. 99K08794 is for moderate steam pressures. 99K08795 is heavy duty steam hose . . . use for greatest safety. **State length wanted when ordering.** **45c** Per ft. 2-braid

Catalog Number	Type Braid	Inside diam.	Working Pressure	Shpg. wt. per foot	Price, foot
99K08793	2-braid	½-in.	50 lbs.	6 oz.	45c
99K08794	3-braid	¾-in.	75 lbs.	8 oz.	58c
99K08795	4-braid	1-in.	125 lbs.	13 oz.	75c

B **DUNLAP heavy duty Water Hose.** Used in industry for washing, flushing, fire prevention, etc.; also in greenhouses, and by contractors as temporary pipe lines for carrying cold water, etc. Strong—flexible—easy to handle; a real economy on those tough jobs where the ability to "take it" counts most. Seamless rubber tube is reinforced with two layers of cotton cord; gives hose great bursting strength. Available in lengths up to 250 feet. **State length wanted when ordering.** **12c** Per ft. ¾-in.

Catalog Number	Inside diameter	Working pressure	Shpg. wt. per foot	Price, foot
99 K 06917	¾-inch	175 pounds	6 oz.	12c
99 K 06918	1-inch	150 pounds	14 oz.	16c

CRAFTSMAN Industrial Air Hose. For use with pneumatic tools, air hammers, drills, etc. For air lines on spray equipment; for cleaning with compressed air; for operating pneumatic signals; used by garages and filling stations for tire inflation. Use this hose for every purpose where air or non-corrosive gas is conducted. **10½c** Per ft. ¼-in.

Two constructions: 2-braid type for most installations; 3-braid type for high pressures and heavy duty service. Specially compounded inner tube resists the action of hot oil.

Inner tube is reinforced by layers of tightly braided cotton cord for extra strength. Inner tube, reinforcing layers and cover are all vulcanized into one inseparable, flexible unit. Available in lengths up to 250 feet. **State length wanted.**

C **2-braid Air Hose**

Catalog Number	Inside diameter	Working pressure	Shpg. wt. per foot	Price, foot
99 K 08775	¼-inch	225 pounds	3 oz.	10½c
99 K 08776	5/16-inch	225 pounds	3 oz.	11½c

99 K 08781	¾-inch	200 pounds	9 oz.	26c
99 K 08782	1-inch	175 pounds	12 oz.	33c

CRAFTSMAN Welding Tubing. For standard oxy-acetylene welding outfits. ¼-inch inside diameter. Same 2-braid construction as air hose at left. Working pressure, 225 pounds. Shipping weight per foot. 3 ounces. **State length wanted.** **10½c** Per ft.

E **Oxygen Tubing.** Black cover.
99 K 08775—Per foot **10½c**

F **Acetylene Tubing.** Red cover for identification. Also used for conducting other type gases. Smooth, seamless tube is not affected by hot gases.
99 K 08783—Per foot **10½c**

G **CRAFTSMAN Paint Solvent Hose.** For material lines on paint sprays; for solvents and similar liquids; for liquid lacquer, grease, glue, etc.; for distillate, gasoline, and other petroleum products with burners, heaters, torches, etc. Strong, 2-braid construction. Specially compounded synthetic rubber inner tube resists action of solvents. Reinforced by two layers of strong cotton braid—all vulcanized into one inseparable, flexible unit. Synthetic compound cover is also solvent-resistant. **State length.** **16c** Per ft. ¼-in.

Catalog Number	Inside diameter	Working pressure	Shpg. wt. per foot	Price, foot
99 K 08790	¼-inch	200 pounds	3 oz.	16c
99 K 08791	⅜-inch	175 pounds	3 oz.	18c
99 K 08792	½-inch	150 pounds	4 oz.	24c

Save on Garden Hose at Sears Low Prices

Reinforced with Layer of Hose Yarn

Made with Reclaimed Rubber

Made from good quality reclaimed rubber. Strong and flexible. Will give good service with reasonable amount of care.

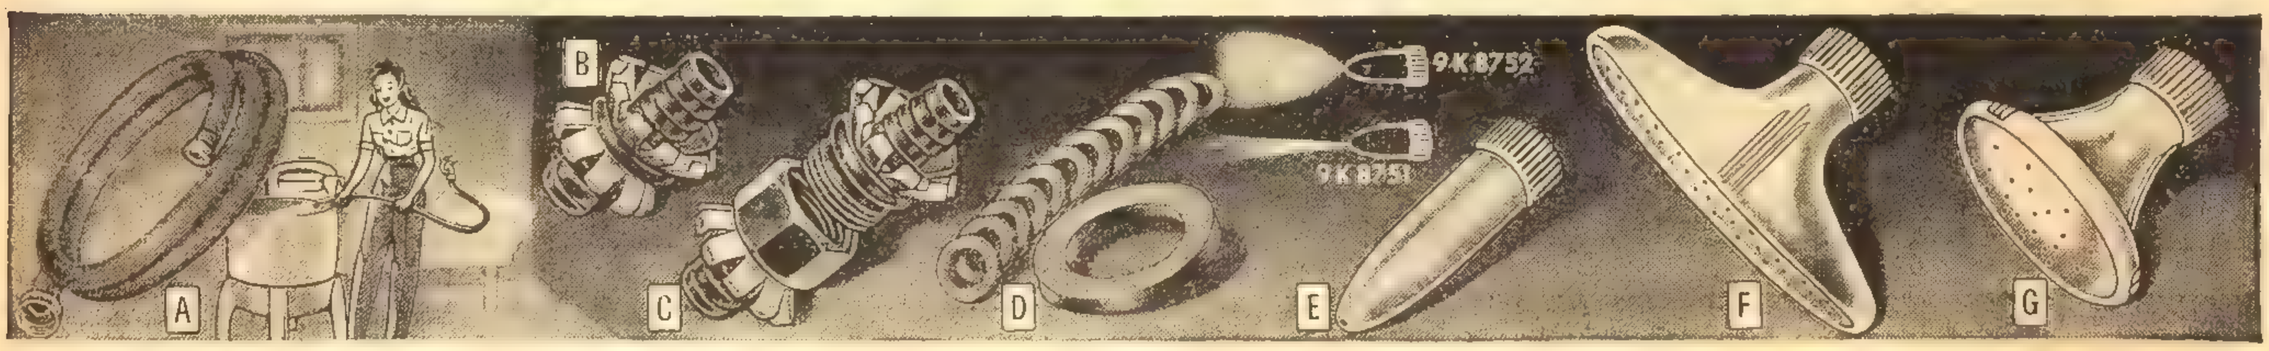
Has ⅝-inch inside diameter seamless rubber inner tube; has reinforcing layer of braided hose yarn to provide strength; tough ribbed rubber cover to help hose resist wear. All three layers vulcanized into one leakproof unit. Built to withstand average city water pressure. Couplings and washers to fit all standard sill cocks included only with 25 and 50-foot lengths. For lengths cut to order see 9 K 6981 couplings below.

99 K 06906—State length wanted.

Length	Per foot	25 ft.	50 ft.
Shpg. wt.	5 oz.	7 lbs.	14 lbs.
Price	6¢	$1.59	$2.98

Extra Heavy Layer of Hose Yarn for Extra Strength

DUNLAP . . . made with Synthetic Rubber



Now, a garden hose made from the new synthetic rubber. This garden hose is among the first civilian items resulting from our nation's vast synthetic rubber program. Careful manufacture, combined with improved materials and laboratory research, make this hose strong—tough—long-wearing. Will give years of satisfactory service, under hard use. Many experts believe this will be the rubber hose of the future.

The ⅝-inch inside diameter, thick, seamless rubber inner tube is firm bodied, yet resilient. Reinforcing layer of extra heavy, tightly braided hose yarn. Tough ribbed rubber cover will resist abrasion and sun and weather-checking. All three layers vulcanized into one leakproof, non-kinking, flexible unit. Withstands 450 pounds—9 times average city water pressure. Couplings and washers to fit all standard sill cocks included only with 25 and 50-foot lengths. For lengths cut to order see 9 K 6981 couplings below.

99 K 06913—Be sure to state length wanted when ordering.

Per foot—Cut to any desired length. Shipping weight, foot, 5 ounces....**8½¢**
25 feet—Shipping weight, 8 pounds.....**$2.29**
50 feet—Shipping weight, 15 pounds.....**4.29**

WE RESERVE THE RIGHT TO LIMIT 50 FEET OF HOSE TO ANY ONE CUSTOMER

Washing Machine Hose

A Convenient and serviceable. Full 6-foot length. Rubber inner tube and cover reinforced with layer of braided hose yarn; vulcanized into one leakproof unit. Same construction as garden hose. Standard coupling on one end, other end moulded; cannot chip or scratch porcelain tubs, etc. Shpg. wt., 1 lb. 8 oz.

9 K 6911.....55c

Hose Menders

B For joining 2 pieces of hose. Clincher type. Rust-resisting steel clincher prongs will not tear hose. Won't leak. For ½, ⅝ and ¾-inch inside diameter hose. State size wanted. Shpg. wt., 4 oz.

9 K 6983.....7c

Hose Couplings

C Clincher type. Merely insert tube in hose ends and hammer down prongs. Makes a leakproof connection; will not cut hose. For ½, ⅝ and ¾-inch inside diameter hose. State size wanted. Shpg. wt., 4 oz.

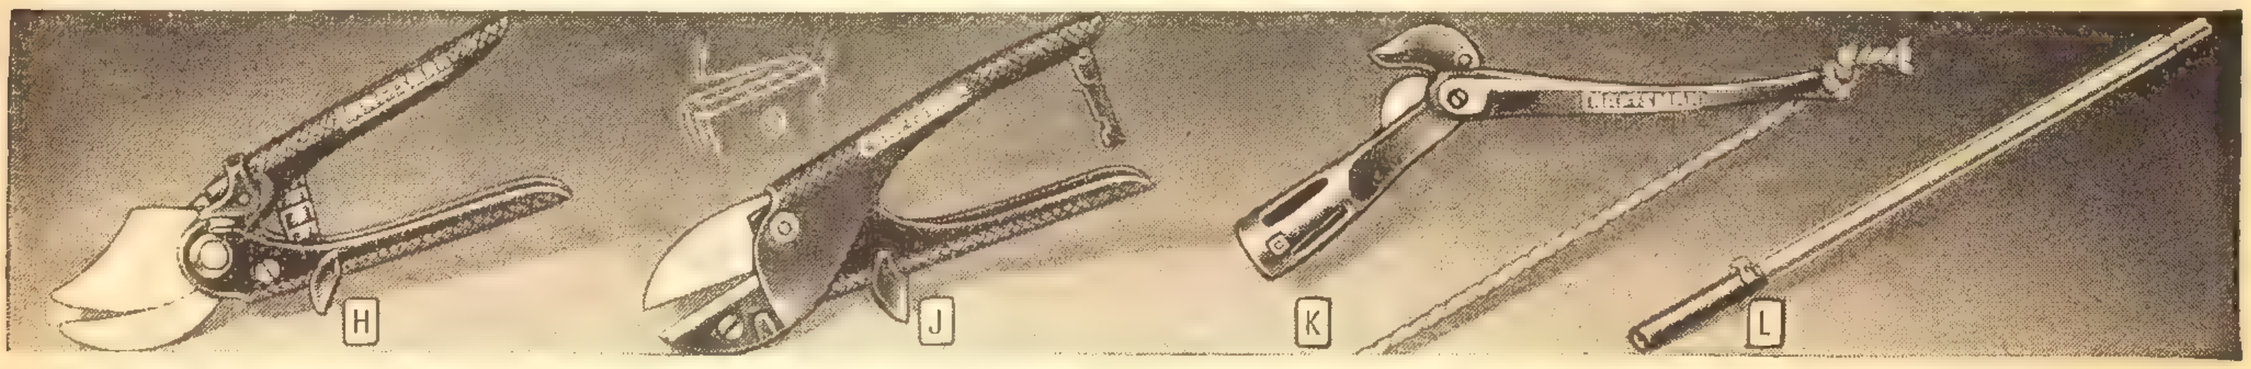
9 K 6981....22c

Hose Washers

D Replace old, worn-out washers to eliminate leaks at connections. Use with nozzles, sprinklers, faucets, etc. Made of rubber. Fit all standard hose couplings. Shipping weight, 2 oz.

9 K 6979
12 for.....**4c**

Popular new Ceramic Sprinklers . . . won't corrode



Ceramic hose nozzles and lawn sprinklers, especially designed to replace those made of critical metals. Colorful, gleaming vitreous finish. No metal to rust, corrode or tarnish. Does a perfect sprinkling job . . . every bit as efficient as old metal type sprinklers. Threaded to fit all standard hose coupling threads.

E **Stream Nozzle.** Throws heavy stream up to 40 feet. For lawns, car washing, etc. Length, 3¾ inches. Shipping weight, 5 oz.
9 K 8751—Each.....18c

Spray Nozzle. Throws fine, misty spray for flowers, etc. Length, 3¾ inches. Shpg. wt., 8 oz.
9 K 8752.....Each 18c

F **Fan Spray.** Gentle rainlike spray. Waters broad or narrow strip. Size: 5¼ inches long and 1¼ inches wide. Shipping wt., 8 oz.
9 K 8753—Each.....37c

G **Shower Spray.** Fine, misty spray; ideal for new lawns, flowers, etc. Diameter, 3¼ in. Shpg. wt., 8 oz.
9 K 8754—Each.....37c

CRAFTSMAN All-steel Pruners

H Fine quality. Unbreakable 2-inch steel blade. Hardened and tempered cutting parts take and hold a keen edge. Cut easy and clean without injuring bark. Has finger guard and quick-acting catch. Strong steel spring. Length, 8 inches. Shipping weight, 12 ounces. **95c**

FARMERS: See page 878C.

9 K 8605.....95c

CRAFTSMAN Marvel Cut Shears

J Fine quality. One of the easiest and cleanest cutting shears made. Full polished tool steel blade cuts against soft metal anvil. Makes a clean cut. Has finger guard and improved quick-acting catch. Strong steel spring. Length, 8 inches. Shipping weight, 15 ounces. **$1.89**

FARMERS: See page 878C.

9 K 8610.....$1.89

CRAFTSMAN Pruner Heads

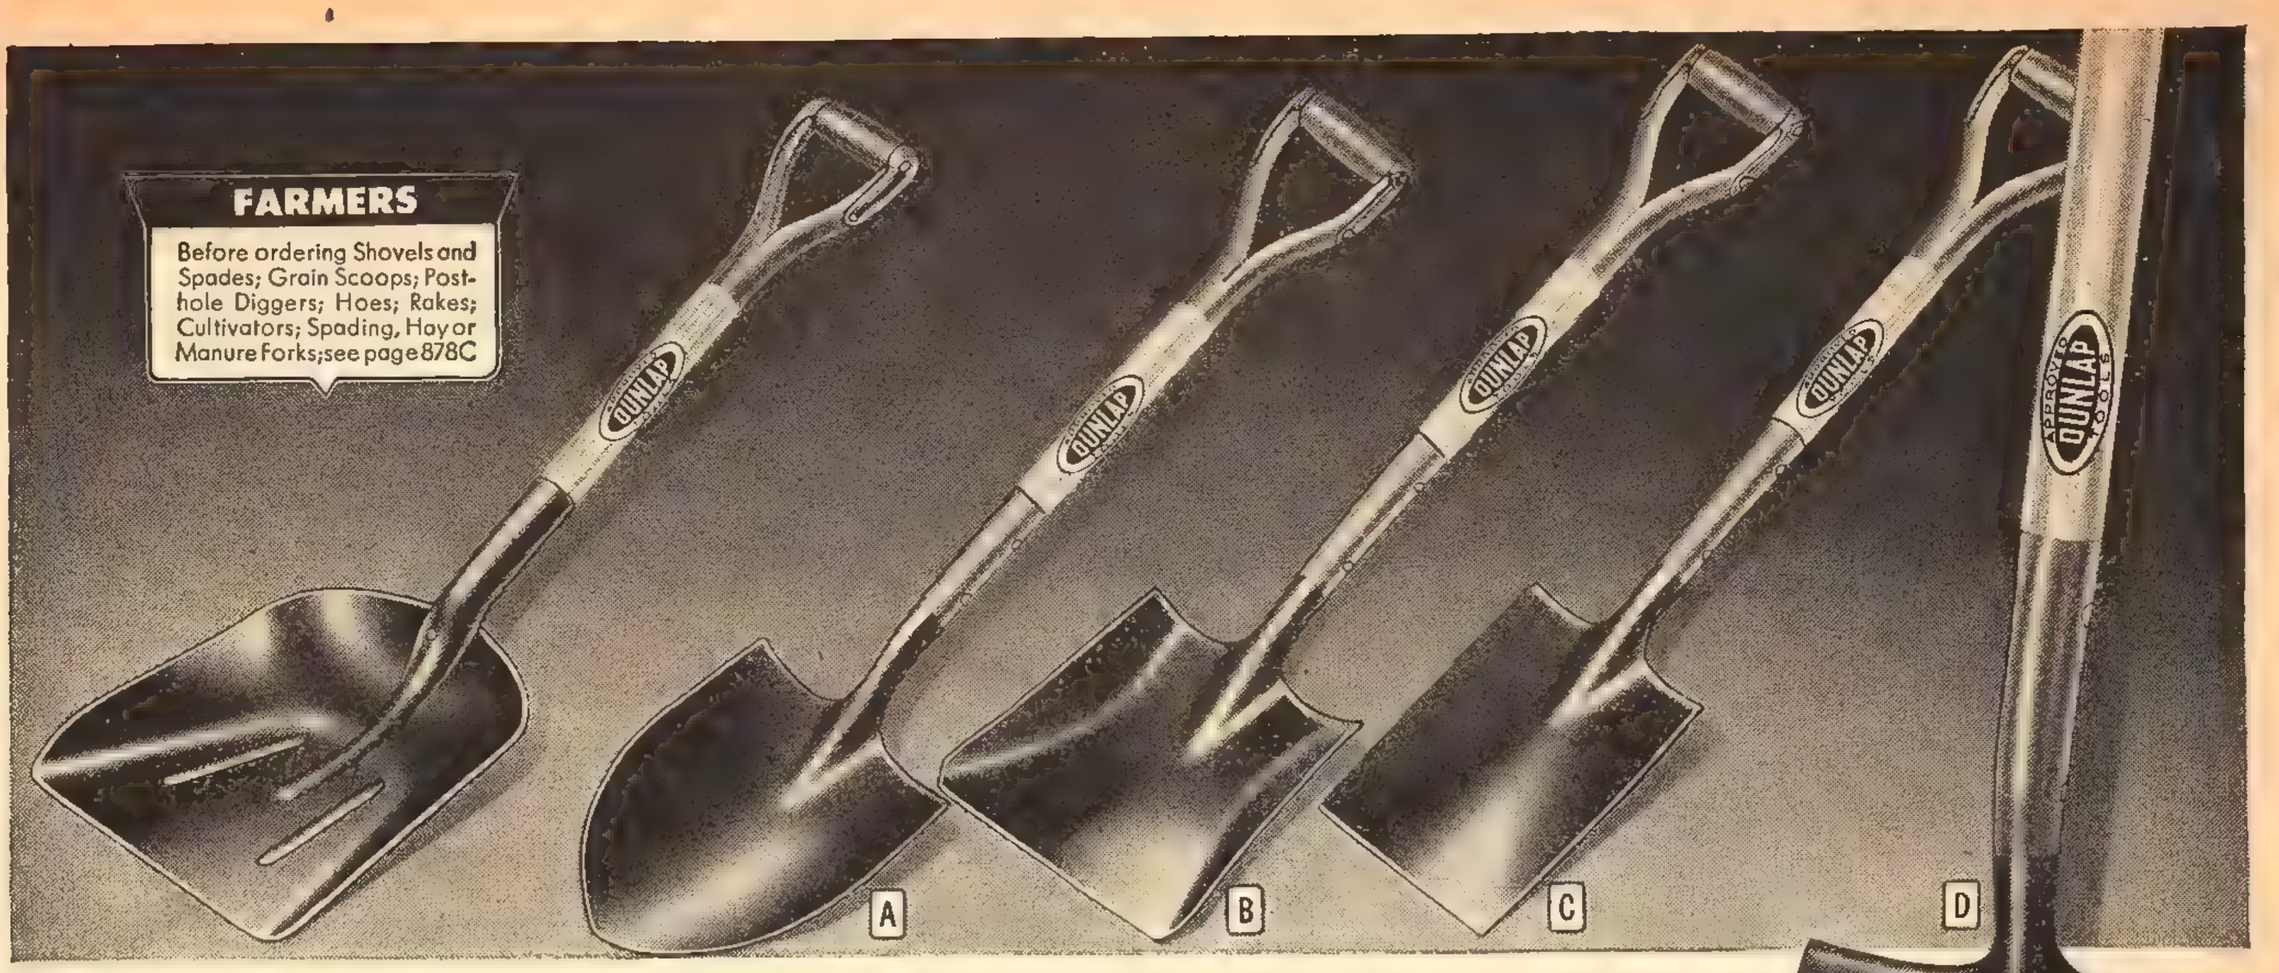
K Strong, malleable iron head and lever. Tool steel blade. Cuts up to 1-inch branches. Complete with 12-foot sash cord. Pole not included (listed separately at right). Makes trimming high branches so easy. Shipping weight, 2 pounds. **$1.75**

FARMERS: See page 878C.

9 K 8624.....$1.75

Sectional Poles

L For pruner head at left. Made of polished spruce. Add several sections to get the length desired. **65c** 4-ft.



99 K 08625—4-foot pole. Shipping weight, 1 lb.....65c

99 K 08626—8-foot pole. Two 4-foot sections. Shipping weight, 3 pounds.....$1.05

FARMERS: *Before ordering Pruning Shears, see page 878C for important notice.*

FARMERS

Before ordering Shovels and Spades; Grain Scoops; Post-hole Diggers; Hoes; Rakes; Cultivators; Spading, Hay or Manure Forks; see page 878C

DUNLAP Shovels for extra long service

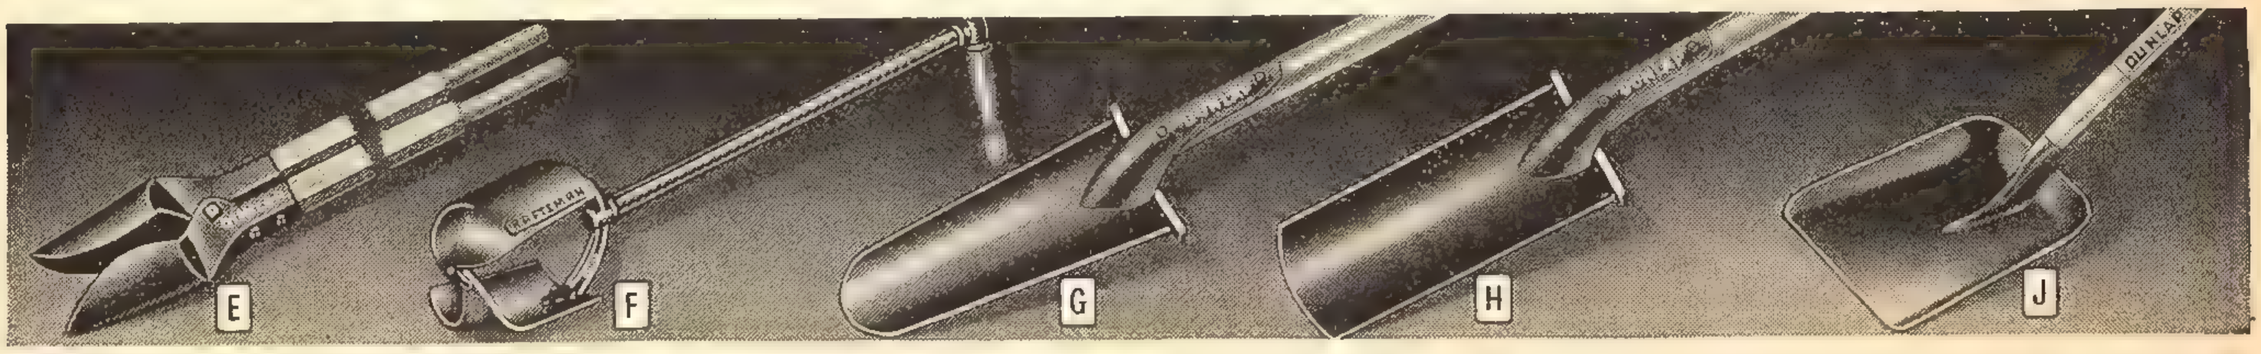
REG U.S. PAT OFF

DUNLAP Grain Scoops

Popular Western pattern. Give the advantage of maximum load with minimum weight of tool. Use for all loose and bulky materials. Extra wide carbon steel blade, deeply ribbed for extra strength. Frog, or ridge, in center of blade gives extra rigidity. Blade and socket forged from one piece of steel. Natural finish. 27-inch straight-grained ash handle; sanded smooth and waxed; comfortable "D" grip. Perfectly balanced for easy handling. Shipping weight, each, 7 lbs. FARMERS: See page 878C.

$1.79 Size 8

Catalog No.	Size	Blade, in.	Each
99 K 08328	8	13½x16½	$1.79
99 K 08329	10	14 x17½	1.89
99 K 08330	12	14½x18½	1.98
99 K 08331	14	15 x19½	2.15



DUNLAP . . . Extra good quality . . . medium priced

Good and strong—well balanced—easy to handle. High carbon steel blade is heat treated to make it practically unbreakable—a very important feature which gives great strength with minimum weight. Another outstanding feature is the extra long reinforcing frog, or ridge, which provides extra strength where needed most.

$1.19 Each

Lightweight, hollow back type. Turned-over top edge not only gives additional strength and rigidity, but provides a foot rest that aids in shoveling—easy on shoes, too. One-piece blade and socket enables this shovel to stand plenty of abuse. Blade finished black; sizes below. Extra strong, well-seasoned ash handle. "D" handles have comfortable, full size wood grip. Perfectly balanced for ease in handling. FARMERS: See page 878C before ordering.

Catalog No.	Blade	Size (about)	Handle	Shpg. Wt.	Each
A 99 K 08291	Round	9x12 in.	"D" (27-in.)	5 lbs.	$1.19

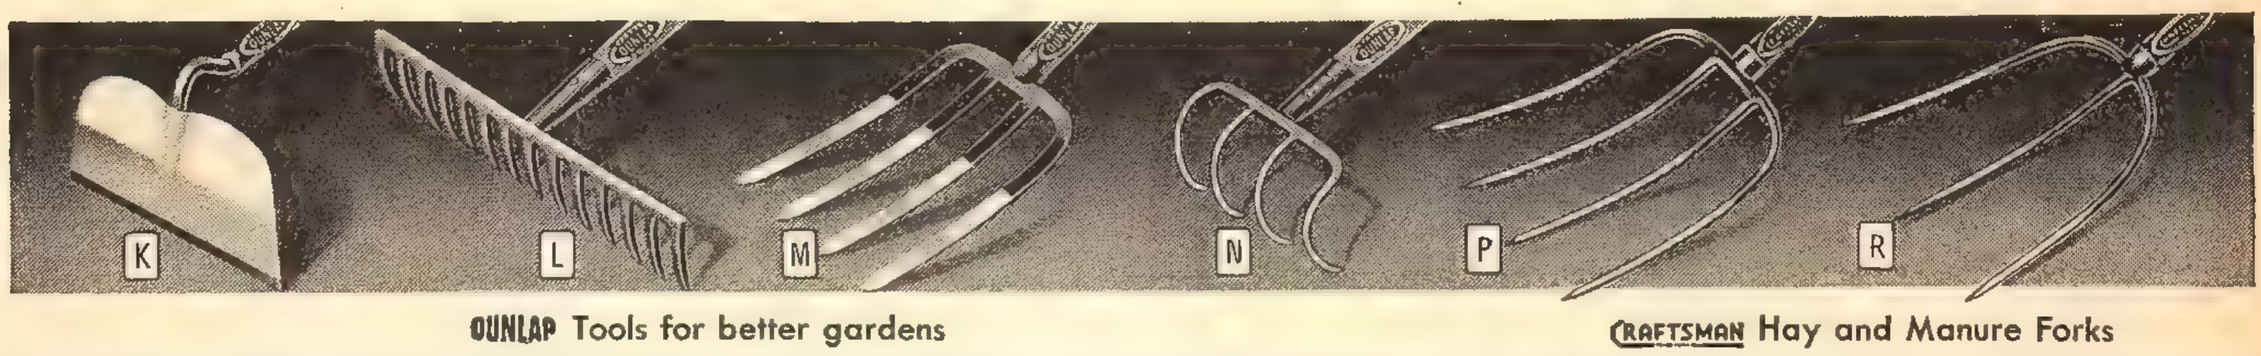
99 K 08309—16-inch blade..... 1.79

DUNLAP general purpose Shovels



J A strong, durable shovel for general use; in yards, barns, for shoveling snow, and many other shoveling jobs. Lightweight hollow back type. Heat treated, high carbon steel blade, 11x13¾ inches. Strong 46-inch straight-grained ash handle. FARMERS: See page 878C befor ordering.

98c

99 K 08315—Shpg. wt., 5 lbs.....98c

DUNLAP general purpose "D" handle shovel. Widely used as a furnace scoop. Same quality as above but with 27-inch ash handle with "D" grip. FARMERS: See page 878C.

99 K 08320—Shpg. wt., 5 lbs.....98c

DUNLAP Tools for better gardens

Heads and shanks are all forged from one solid bar of steel; heat treated for extra strength and wear. No welds or rivets to break. Tubular steel ferrules hold handles securely. All handles are white ash, light in weight but extra strong. Built for hard use, easy handling and extra long service.

K Field and Garden Hoe. Lightweight for ease in hoeing, but strong. Correct shape and balance—reduces back and shoulder strain. Full polished blade; 6½ in. x 4¾ in. deep. 4⅓-foot handle. Shpg. wt., 2 lbs. FARMERS: See page 878C.

99 K 08411.....75c

L Level Head Rake. 14 teeth, correctly curved to penetrate the soil and do a good job. Heavy duty. Head, 14¾ in. wide; teeth, 3¼ in. deep. 5-foot hardwood handle. Shpg. wt., 3 lbs. FARMERS: See page 878C before ordering.

99 K 08382.....79c

M 4-tine Spading Fork. Built to stand the gaff. Does a good job of breaking up earth. 11-inch polished, tempered steel tines. 7½ inches wide at points. 30-inch handle with "D" grip. Shpg. wt., 5 lbs. FARMERS: See page 878C.

99 K 08260.....98c

N 4-tine Speedy Cultivator. Sharp 5-inch curved tines set at proper angle to easily penetrate and loosen soil. Head is 5 inches wide. 4⅓-foot handle. Shipping wt., 3 lbs. FARMERS: See page 878C before ordering.

99 K 08431.....95c

CRAFTSMAN Hay and Manure Forks

Top quality. Polished oval tines forged from spring steel . . . oil tempered to resist breakage. Tubular steel ferrules with "Flex-Beam" construction, the sensational feature that puts the strength of steel into wood at point of strain. First grade sanded white ash handles. FARMERS: See page 878C for important notice before ordering.

P Four-tine Manure Fork. 12½-inch tines. 4-foot handle. Shipping weight, 4 pounds.

99 K 08545.....$1.49

R Three-tine Hay Fork. 12-inch tines. 4½-foot handle. Shipping weight, 3 pounds.

99 K 08531.....$1.45

The New 1945

Now ready to

At your service, Mr. and Mrs. America, stands this great new line of ALLSTATE Tires . . . as fine as money can buy. Into their designing and building have gone well nigh countless thousands of dollars to make sure that they are the very finest tires we can produce for your car, truck or tractor. But much more than mere money has been lavished on this new 1945 ALLSTATE Tire line. Into its development Sears have poured a vast knowledge of and a tremendous amount of experience with America's new miracle material, synthetic rubber . . . a knowledge and an experience that have been the direct result of our extremely close association with the Nation's synthetic rubber program. All of this we are passing on to you in the form of highest possible tire quality at the lowest prices for which such quality can be sold.

ALLSTATE Tires

REG. U.S. PAT. OFF.

Serve America

The sale of Tires still is restricted by Government Rationing. You must send us a Tire Ration Certificate in order to obtain any ALLSTATE Tire or Tube. Be sure to read Tire Rationing Information below before ordering.

TRUCK AND BUS—
SEE PAGE 840

TRACTOR—
SEE PAGE 841

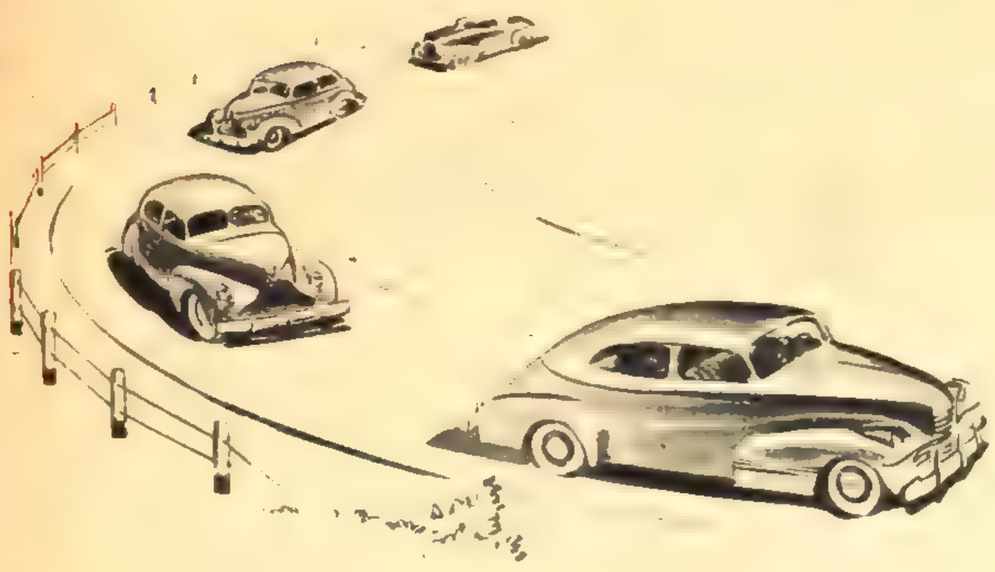
SPECIAL NOTICE: Before we can ship you any ALLSTATE Tires we must have a Tire Ration Certificate from you. To obtain Certificate, have your tires examined at an authorized OPA Tire Inspection Station. If a new tire is needed, the Inspector will state this on your Tire Inspection Record. You then must fill out an application for a new tire and present it and your record to your local Ration Board. If application is accepted, Board will issue you a Tire Ration Certificate. **Be sure to sign Certificate wherever required (including Part A). Mail *all three parts* of Certificate to us with your order.**

Now ready to serve America

A tire as good as money can buy

because it is made from the finest synthetic rubber our Government has been able to produce. There is no finer synthetic than we use in building these great ALLSTATE Tires.

because it is designed with the new 1945 safety tread which our tests have shown gives better traction, greater safety and longer wear than any similar tread we have tested.



because its construction utilizes Sears exclusive "Coolerized" cord plies of low-stretch, high tensile strength cotton to give the tire carcass greater strength, longer life.

because the ALLSTATE Test Car Fleet has shown that no other tire built today gives consistently longer wear under the severe conditions of actual road tests at high speeds and huge overloads than does the ALLSTATE Passenger Tire.

This tire, like every ALLSTATE Passenger, Truck, Tractor or Motorcycle Tire, is guaranteed by Sears. Read the ALLSTATE Guarantee below. **You must send us a Tire Ration Certificate in order to obtain these tires.** **See Page 835 for Rationing Information.**

ALLSTATE GUARANTEE

Every ALLSTATE Tire or tube is guaranteed to be free from defects in workmanship and material, and to give service consistent with the material used. If our examination shows such tire or tube has failed under the terms of this guarantee, we will either repair it or make a reasonable allowance on the purchase of another tire or tube. We do not guarantee an ALLSTATE tire or tube when it has failed as a result of overload, excess speed, improper inflation, abuse, or other non-defective conditions, or when it has been used on rims not conforming to Tire and Rim Association standards.

THE NEW

Passenger

Tires and Tubes are available on Easy Terms. See inside back cover for details

An all-weather tire that fights snow, mud, bad roads

Choose this tire for off-the-pavement driving in any weather, wet or dry . . . for sure-footed traction on improved roads when snow is deep or highways slick. It has the stuff in it to get you there and back regardless of the road or weather. Those husky hexagonal knobs on Traction Grip's tough tread are scientifically designed to grip the highway with bulldog determination . . . are self-cleaning . . . long-wearing. We use high tensile strength, low-stretch "Coolerized" cotton cord, combined with the finest of synthetic rubber, in building Traction Grips. You'll find them even better than we claim.

You must send us a Tire Ration Certificate in order to obtain these tires. See Page 835 for Rationing information

6.00-16 4-Ply **$13.75** Price Includes Federal Excise Tax

Every ALLSTATE Tire, whether for passenger car, truck, tractor or motorcycle, is *guaranteed by Sears.* Read the ALLSTATE Guarantee on Page 836.

A tire designed especially for light commercial vehicles

Owners of light commercial vehicles using tires of passenger car sizes will find in this ALLSTATE DeLuxe Commercial Tire surprisingly high quality at a reasonable price. Because we know the service commercial tires must deliver, we build these to give maximum wear under conditions pickup trucks must meet. Rib tread is unusually silent. The finest synthetic rubber made is combined with Sears exclusive "Coolerized" Cord plies of low-stretch, high-tensile cotton and other materials to meet rigid manufacturing specifications. Why look further for commercial tires when these fine tires cost so little?

A truck tire built to stand up under hard, punishing service

When you buy Truck Tires you want low cost per ton-mile for your tire money. You get it with ALLSTATE De Luxe Safety Treads! Their zig-zag tread provides a good grip on the road for safety, and ample braking power. Shoulders are designed to give maximum heat dissipation. In their construction we have incorporated our finest "Coolerized" low-stretch high-tensile cotton cord to combat road heat, resist wear. These are ideal tires for long; tough hauls over all kinds of roads in all weathers. At Sears low prices they are, we believe, your best truck tire buy.

You must send us a Tire Ration Certificate in order to obtain these tires. See page 835 for Rationing Information.

If you need Bent Valves

Should you require bent valves for your truck or bus tires, request them on your order. Sears supply these in style A or B, as shown at left, without extra charge. Tell us which style you require.

ALLSTATE Tractor Tires cut costs, and speed up food production

Reg. U.S. Pat. Off.

You will find the answer to your tractor tire problem in pneumatic tires. The ALLSTATE is rigidly inspected at every stage of manufacture, it is "farm tested" to bring you superb performance at remarkably low cost. The tread is scientifically designed to give maximum pulling power in all soils. Combining Sears exclusive hexagonal knobs with husky cleats and bars, this tread is self-cleaning, sure-pulling, long-wearing. We use the finest of "Coolerized" low-stretch high-tensile cotton cord, synthetic rubber and other ingredients in building these tires.

You must send us a Tire Ration Certificate in order to obtain these tires. *See Page 835 for Rationing Information.*

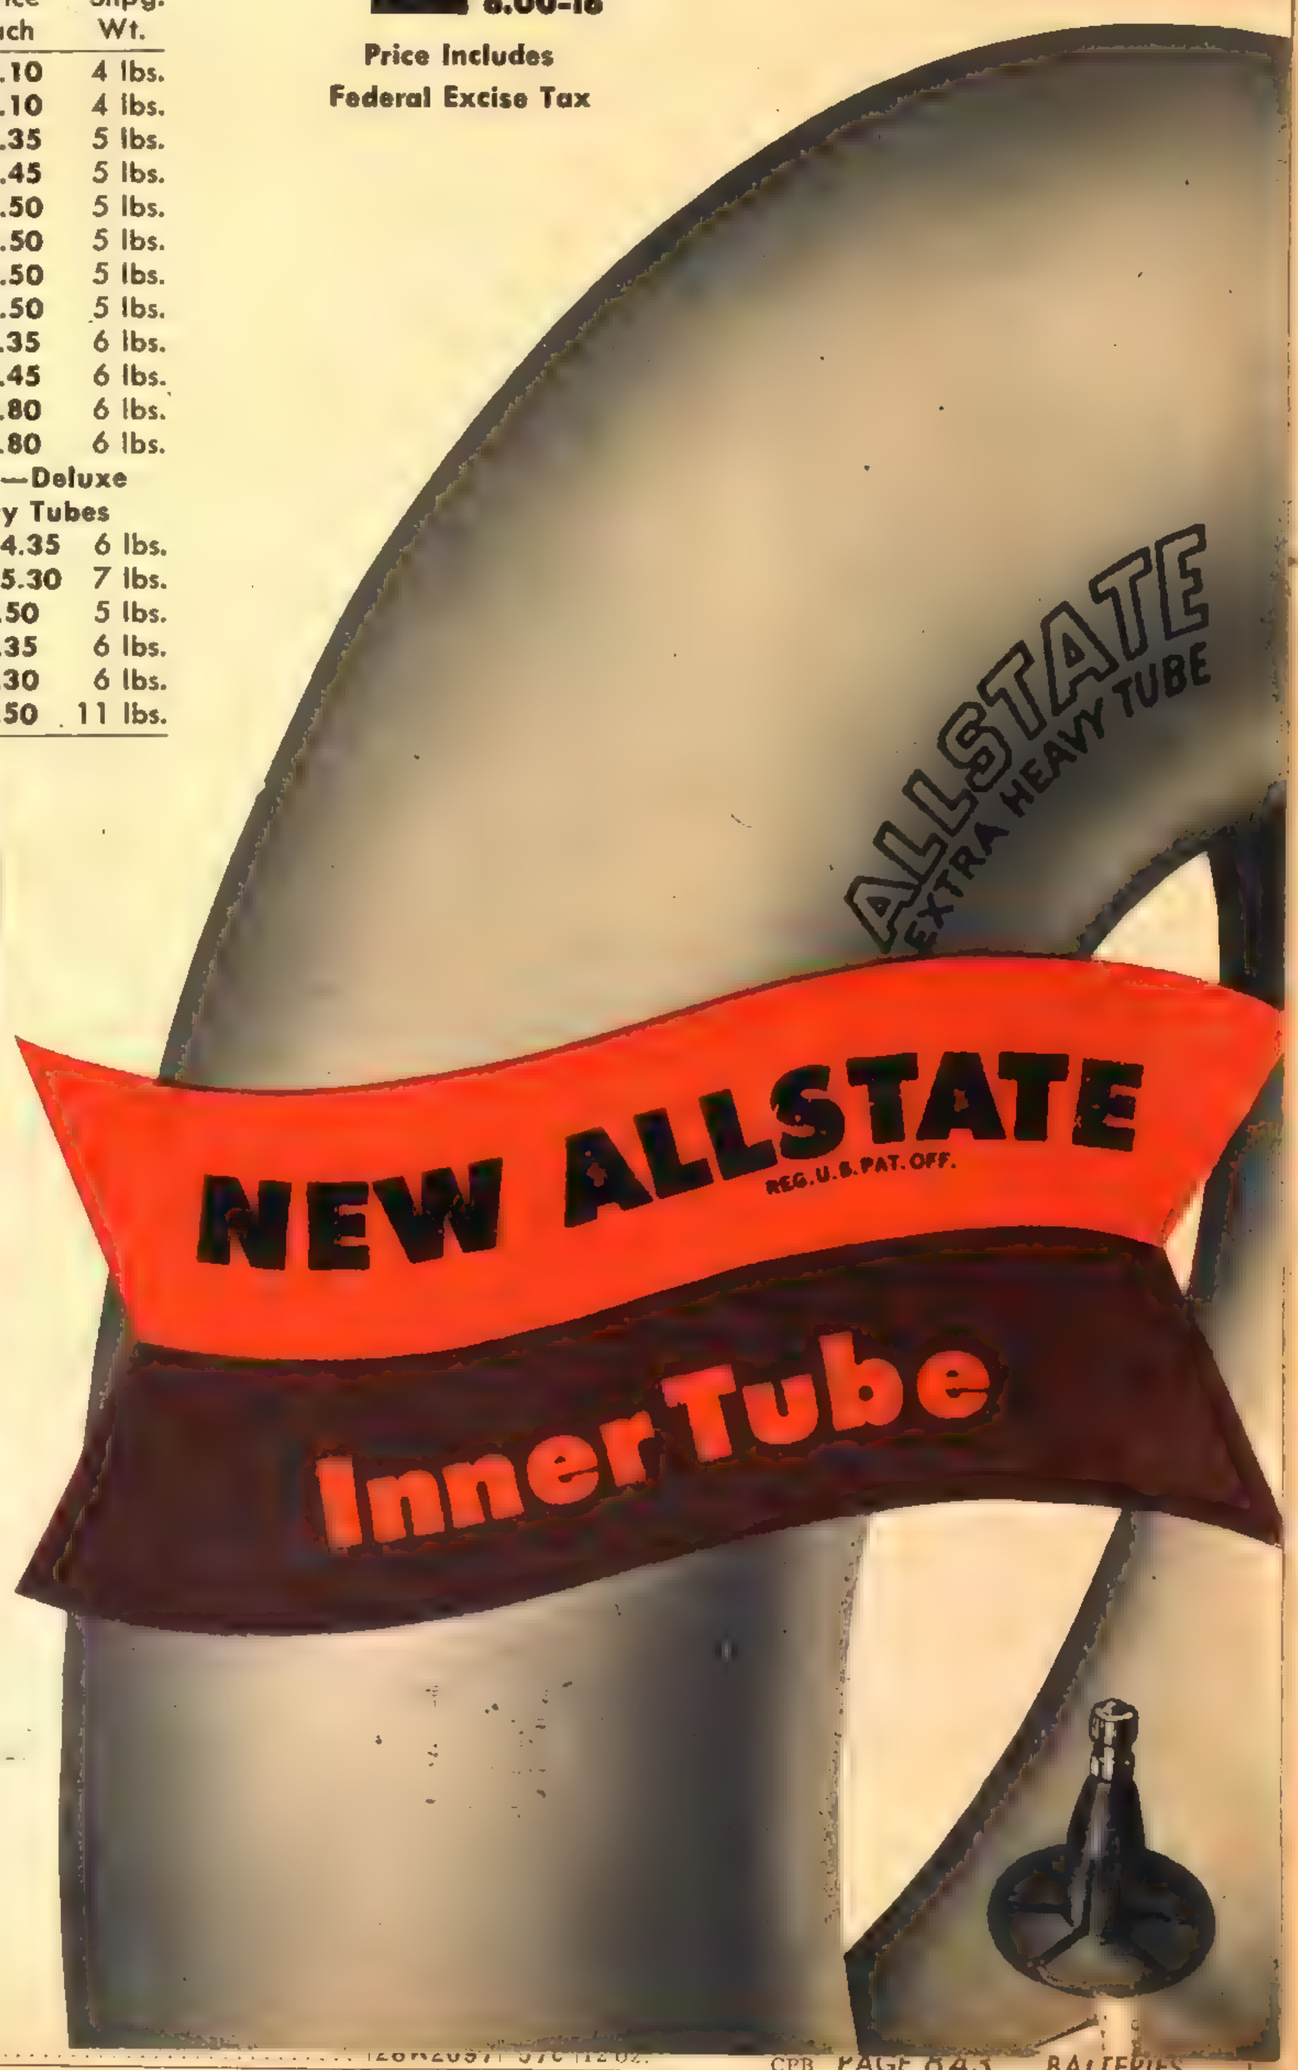
New ALLSTATE TUBES are top quality, for long service

Reg. U. S. Pat. Off.

You will find it wise economy to install a new tube with your new tire, because a new tube holds air longer, giving you better wear from both tire and tube. ALLSTATE Tubes are built of the finest synthetic rubber obtainable; they are tested and inspected at every stage of manufacture. Full circle molded type, with one-piece rubber valve stems on all passenger tubes and fine quality metal valve stems on truck and tractor sizes. ALLSTATE Tubes stay smooth and wrinkle-free inside the tire; this means long service, less danger of pinching. Be sure to choose ALLSTATE Tubes the next time you replace yours.



You must have a Ration Certificate in order to obtain these Tubes. See Page 835 for Rationing Information

Order by catalog number. State size. All prices include Federal Excise Tax

Motorcycle Batteries and Supplies

CROSS COUNTRY Motorcycle Batteries

- Supersealed top insulates connector links and top of battery.
- Vent plugs of improved design.
- Plates anchored so they cannot vibrate or break loose.
- Lead parts subjected to extra strain are 25% heavier.
- Gives even power flow, with minimum danger of shorts.
- Each battery is exact replacement of original equipment.
- Batteries are fresh and fully charged when shipped.

We consider this sturdy CROSS COUNTRY battery, backed by Sears nine-months' service guarantee, to equal or excel the strongest and best constructed motorcycle battery obtainable anywhere. Note the molded top cover (patented) that minimizes leakage, slopping of electrolyte, and terminal corrosion. Terminal posts are imbedded in hard rubber. Vent plugs of improved design are located in wells which retain accidental spillage, and reduce corrosion of metal battery box or carrier.

Dual plate insulation—Port Orford cedar separators with perforated rubber sheet against positive plate—affords extra protection against shorts. Hand-fitted hard rubber dowel pins hold plates in two places to resist effects of vibration. Oversize plates give longer life and deliver more power than standard plates. Outside filler plug makes it handy to water battery without removing saddle or battery holddowns. Select correct model from table below, **and state make, year and model of motorcycle when ordering. Batteries not mailable.** Shipped separately from other merchandise,

GUARANTEE: Sears guarantee CROSS COUNTRY Motorcycle Batteries against failure for nine full months from date of purchase. If battery fails during guarantee period, Sears will replace your battery on a service basis, charging you only for the time it has been in your possession. SEARS, ROEBUCK AND CO.

For greater safety and best control of your motorcycle it is important to keep the braking system in its peak operating condition at all times. This set consists of two pieces of molded asbestos material drilled, countersunk and curved to fit shoes or bands. Ready to be installed. Complete with box of rivets and instructions for installing. Order from table at left.

"Clear the road" with a Blast or Musical Horn

TWO POPULAR HORNS

Twin Air Vacuum Horn

A A quality low-priced trumpet horn that is a real value for the money. The sharp, clear tone of this air horn is produced by diaphragm. Not a reed horn. The 14½-inch screened trumpets operate on air pressure from intake manifold. Mounts on engine. Fittings and hose included. Control on dash.

28 K 1601—Shpg. wt., 3 lbs. 8 oz. **$2.58**

Bugle Power Twins

B This is one of the best electric blast horns you can buy anywhere regardless of price. With the handy select-tone button extending from the steering column, you can choose a melodious single tone warning for city driving, or a penetrating double blast while on the highway that lets everyone know you're coming. Gives a blast that can be heard for a mile and a quarter. No other horn we know of has a stronger power plant . . . built to deliver dependable service for years. Two relays. Horns 12½ inches long, 11½ inches wide. Fit all cars. Wired and assembled ready to be installed. Supply of 10-gauge wire included.

28 K 1613—Shpg. wt., 13 lbs. . . . **$7.85**

ELECTRIC BLAST HORNS

Single Trumpet Horn

C This single-toned horn gives a sharp, clear blast that commands attention. Completely wired, tested and assembled for installation. Built-in relay. Universal bracket for 3-way mounting; supply of 10-gauge wire included. A real value at this low price!

28 K 1616—Shpg. wt., 5 lbs. 4 oz. **$2.43**

Popular Twin-Blast Horn

D This electric straight trumpet horn blows a double-tone blast to "clear the road" for you. Has built-in relays and full-sized, weatherproof power plant. Horn is wired, tested and assembled—ready to be installed. Universal bracket for 3-way underhood mounting. Trumpets have durable luster finish. Supply of 10-gauge wire for installing included.

28 K 1607—Shpg. wt., 9 lbs. **$3.89**

Triple-Tone Blast Horn

E The tone you want at the touch of a finger . . . sharp, single notes from either trumpet separately, or a blast from both trumpets together. 3-way universal bracket for underhood mounting. Two relays, switch, 10-gauge wire. 18 inches long, 11½ inches wide.

28 K 01617—Shpg. wt., 12 lbs. **$5.85**

MELODY HORNS

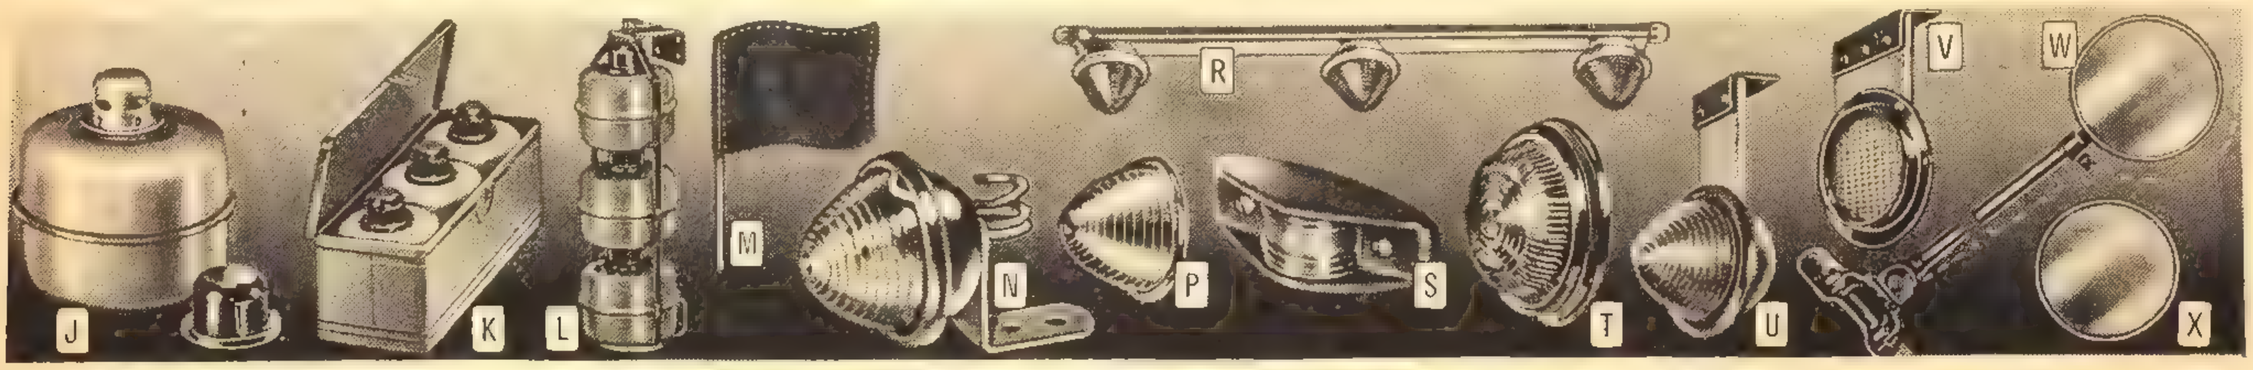
Tri-Trumpet Songster

F You'll get a real thrill out of owning this horn. With the numbered electric piano-keys on the control you can make your own selection by playing them in different sequence. Control clamps to steering post. With each set we include music showing how to play the eight tunes listed under the Muse-A-Tone discs below. Has super-sized power plant and long-life assembly. Fits under hood of any car. All assembled, ready for easy installation. Supply of 10-gauge wire and directions for installing.

28 K 01612—Shipping weight, 12 pounds. **$7.60**

Automatic Muse-A-Tone Musical Horn

G Give a pleasant warning with this musical horn. Plays tunes automatically—you just press a single button on the steering post! There is no fingering to learn, nor music to remember . . . it's all done for you by the Automatic Tune Disc. Easy to change disc and have a different tune. Fits under any hood. Directions for installing and supply of wire included. State choice of tune disc from list below.



28 K 01614—Muse-A-Tone with disc. Shpg. wt., 14 lbs. **$12.35**

Muse-A-Tone Standard Tune Discs

With these popular discs you can change the tune on your Muse-A-Tone horn as often as you like! Eight favorite melodies: God Bless America, Yankee Doodle, The Old Oaken Bucket, The Old Gray Mare, Oh-Susanna, Good Night Ladies, I've Been Working on the Railroad, or Merrily We Roll Along. State catalog number below and name of tune disc you want.

28 K 1615—Extra tune disc. Shipping weight, 6 ounces. Each. **$1.80**

H Horn Relay for Single or Twin Electrical Horns.
28 K 1625—Shipping weight, 8 ounces. **37c**

Make Sears your headquarters for Truck Flares, Lamps and Reflectors

Don't run the risk of serious and costly accidents at night. Keep your truck equipped with proper flares, lamps and reflectors for added protection and safety. Failure to have this equipment has been the cause of many accidents. All listings below meet state and I. C. C. requirements, which is your assurance of top quality. From this wide selection you can find the exact equipment to meet your particular needs and put your truck in proper condition to comply with local, state or I. C. C. requirements. So don't delay equipping your truck any longer . . . order from any of the listings below and save by buying these safety accessories at Sears low prices.

Leakproof Truck Flares

Meet I.C.C. and all state requirements. Also carry approval of Underwriters' Laboratories, Inc. Gaskets under burner and screw cap make flares leakproof. Steel hinged case with hasp for locking. Inside or outside mounting. Holds 48 ounces of fuel oil or kerosene—one filling burns 16 to 20 hours.

J **28 K 1682—Single Flare.** Shipping weight, 2 pounds 5 ounces. **67c**

K **28 K 1684—3-Flare Kit.** Shipping weight, 13 pounds. **$2.79**

L **28 K 1568—Nested Flares.** Three leakproof oil-burning flares as above, mounted in bracket for fastening to cab or side panel. Bracket may be locked.
Shpg. wt., 8 lbs. 8 oz. **$2.17**

M Red Flag with steel staff. Use with oil flares above. Legal.
28 K 1532—Shpg. wt., each, 12 oz. **21c**
Wicks for above flares. ⅝-inch size.
28 K 1683—Shpg. wt., 6 oz. 3 for. **21c**

Colored Lenses, Lamps and Reflectors for trucks

I.C.C. and state laws require amber and red lamps and reflectors on trucks over 80 inches in width. To meet these requirements and for your own protection make your selection from lamps below. **State lens color.**

	Description	Finish	Lens Color	Lens Size	Catalog No.	Wt.	Each	Set of 4
N	Heavy Duty Offset Marker Lamp	Baked Enamel	Red, Amber, Green, Blue or Clear	2½ in.	28 K 1535	12 oz.	27c	$0.95

Install modern Sealed-Beam Lights for safe driving

Sealed Beam Adapter Units

$8.39 Per Pair

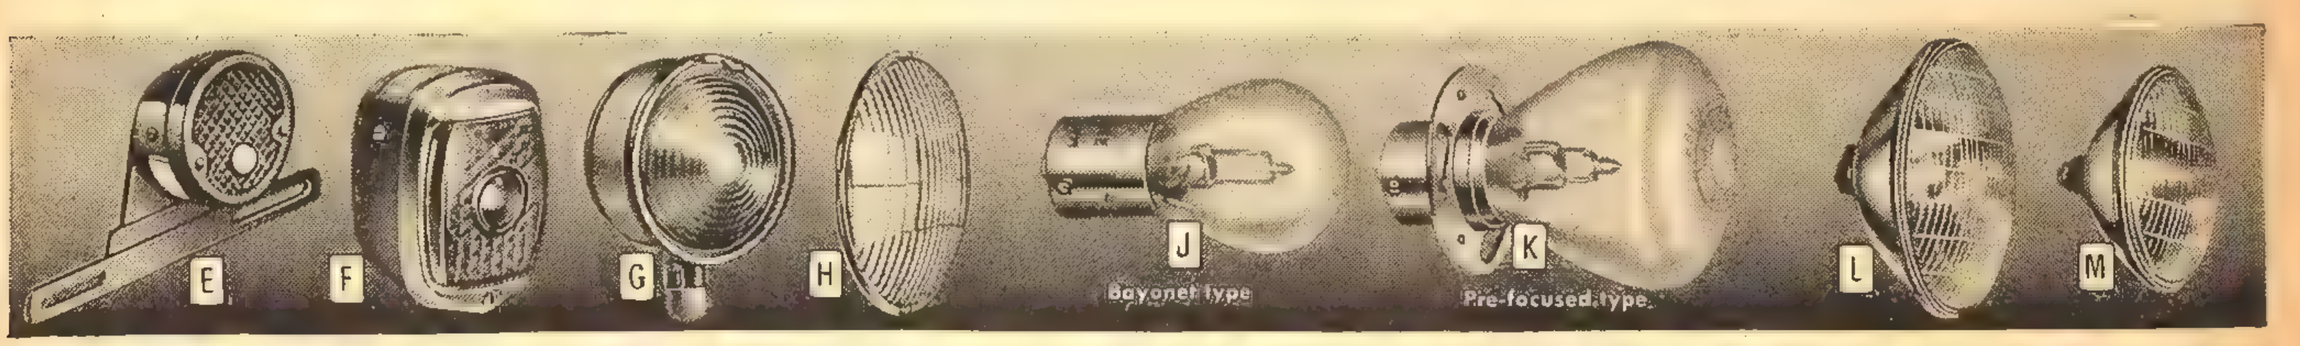
Almost double the output of light for safer night driving. Designed for cars listed below where original head lamps were oval. Die cast housings included for proper installation, perfect fit. Bulbs are standard Mazda Sealed Beams, 28K1505, listed below. **Approved in all states.**

28 K 5894—State make, year, model of car. Chrysler 1939; **Dodge** 1939; **Ford** 1937–39 Standard and Deluxe; **Mercury** all 1939; Plymouth 1939. Built-in parking lights included. **Per pair.** Shpg wt., 7 lbs. 8 oz. **$8.39**

[A] **Parking Lights.** Include a pair when ordering adapter units at right. Mount on headlamp or fenders. Gives much brighter light than 28 K 5897 at right.
28 K 5821—Per pair. Shpg. wt., 4 oz. . **$1.49**

[B] **Headlamp Relay.** Carries current directly from battery to lamps. Brightens lights by increasing voltage at lights. Fuse included. Fits all cars. For best results use two, one each for high and low beam.
28 K 1686—Shipping weight, 4 oz. **56c**

Adapters to almost double light output of old style Reflector Lamps



As low as $4.59 Per pair

[C] These modern Sealed Beam adapters will prove a real help for safer, easier night driving. The output of light is almost double that of old style reflector type headlamps. Easy to install . . . just mount them in your present headlamp. Comes complete with permanently sealed glass units (bulbs). Cannot tarnish or catch dust. All necessary fittings for proper installation included. Where parking light is needed, order 28 K 5897 at right, or 28 K 5821 at left. We recommend the use of 28K1686 Headlamp Relays listed at left for best results with old wiring. (Bulbs used are standard Mazda replacement units 28 K 1505 listed below.)

28 K 5894—State make, year and model of car. EASY TERMS—See inside back cover.

Goggles for the Aviator, Motorcyclist, Sportsman

Aviation Goggles

Dependable, accurately made goggles are important to flying, air force and commercial pilots agree, because they filter out most harmful light rays. From our complete goggle line we recommend the best —**Broadview**—for the aviator. Replacement lenses for goggles below —write our Special Service Dept.

[A] The famous **Fischer Broadview**—same type goggle used by Army and Naval air forces. Has extra large, spherically ground and polished lenses. Can be worn over regular glasses. Glareproof cool green lens that absorbs most of harmful light rays. Has chamois-lined sponge rubber face pad . . . fits snugly and comfortably. Adjustable headband. Exclusive Venturi Tube ventilators prevent fogging. Removable lens.

28 K 6047—Postpaid **$21.00**

[B] **Skyway** is also made by Fischer . . . with same accurately ground and polished lenses, in cool green. Two-piece sponge rubber face pad. Adjustable nose bridge, headband; removable lens.

28 K 6046—Postpaid **$14.50**

Sun Glasses protect against harmful glare

Sun glasses guard eyes against blinding glare of reflected sunlight on snow, ice, sand, etc. Soldiers, sportsmen, aviators—anyone who spends much time outdoors find these glasses ideal protection. The Air Crest (Nos. 28 K 6049 and 28 K 6042) is as fine a sun glass as you can buy. Have carefully fitted lenses that provide eye comfort and protection. **An ideal gift for servicemen in this country or abroad.** When your boys in the service ask for goggles, you can satisfy their needs by sending one of our quality line.

[C] **Air Crest Glasses.** The most popular style and quality—at an unusually low price. **Overwhelming choice of soldiers who want a pair of really good sun glasses**—and aviators who appreciate the comfort and relief from eyestrain these glasses will give, while not interfering with normal vision. Popular with sportsmen and motorists, too. Protect against snow glare . . . snow blindness. Cool green lenses, optically ground. Gold frame.

28 K 6049—*With leather case. Postpaid* **$10.75**

Prescription-ground Air Crest Goggles. You can also order the above goggles ground to your prescription. (Note: Single Vision only.) Orders filled by registered opticians. Accuracy is guaranteed. ***How To Order:*** If you do not have old glasses, send prescription. Have doctor include: (1) Distance between pupils; (2) Width between lenses; (3) Temple length. If you have old glasses, wrap them in tissue paper or cotton, place in eyeglass case with name and address. Send complete glasses with frames. If lenses are broken, wrap all broken pieces of each lens separately and mark whether left or right. Pack eyeglass case with order and money inside. Mark package "Glass—handle with care." Send First Class or Registered Mail to Sears, Roebuck and Co., Aviation Dept. 155, Chicago 7, Ill.

28 K 6042—Postpaid **$24.95**

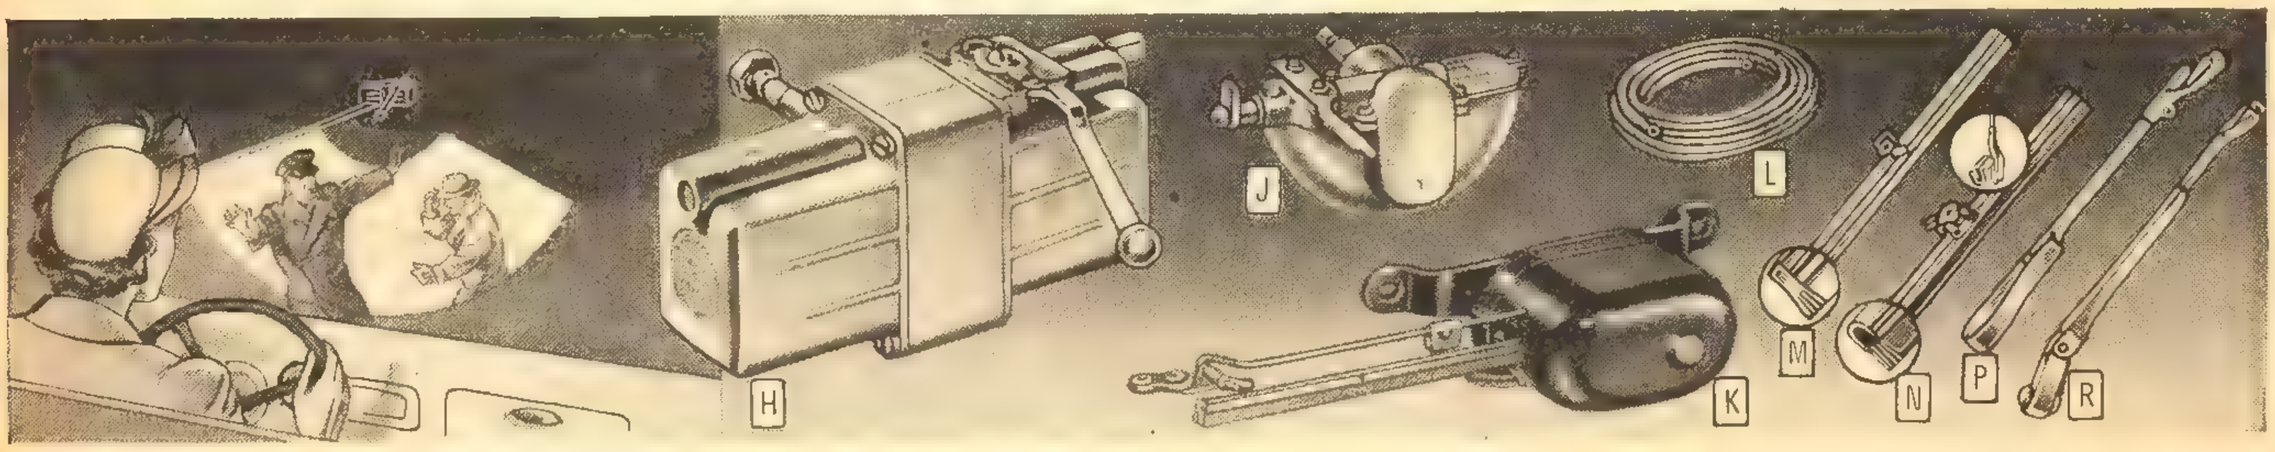
Motorcycle Goggles

Motorcyclists need a goggle that affords the strongest protection to the eye as well as unrestricted vision . . . and Sears have a complete assortment of shatterproof goggles for such wear. All goggles listed below have the well-known "Resistal" shatterproof lenses for maximum eye protection.

[E] **Quality Goggles for Motorcyclists.** Full size Resistal shatterproof lenses in durable, ventilated frames. Face-hugging, molded mask, or sponge rubber padding curves against face comfortably. Weight, 10 oz.

28 K 7971—With molded mask **$2.98**

28 K 7963—With rubber padding **$2.49**



[F] **Economy Goggle.** Although bargain priced, these goggles have Resistal shatterproof lenses and frames lined with fur-like Tussah silk chenille . . . always rest comfortably on face. Shpg. wt., 10 oz.

28 K 7964 ..... **$1.33**

[G] **Sears Best Motorcycle Goggle.** Most comfortable to wear and safest because of their extra wide and deep lenses with heavily padded frames. These goggles have **Resistal** nonshatter lenses, set in ventilated frames so they will not cloud. Mask of face-fitting sponge rubber or soft, triple chenille binding. Sponge rubber is cool and resilient; chenille is extra soft. **Goggles will fit over regular glasses.** (Helmet not included.) Shpg. wt., 10 oz.

28 K 8064—Molded rubber mask **$3.59**

28 K 8067—Chenille padding **$2.98**

New Travler Vacuum Motor for Windshield Wiper

[H] In rain, snow or sleet you need a dependable windshield wiper. This hard-working, low-priced Travler vacuum motor will replace your worn motor. Why risk accidents caused by obscured vision? Be sure your wiper is in good working order to keep your windshield clean by installing a new Travler. Mounts in the same place as your car's original equipment . . . easily installed. Motor case is die-cast. Equipped with adjustable speed control and easy to operate switch lever—pull to start; push in to stop. Complete instructions for installing are included. At this unusually low price why take chances with inferior motors that drag or jam? Keep your windshield clean and avoid danger. You can buy a motor and new accessories on Easy Terms. See inside back cover for complete information about Sears Easy Payment Plan. Shipping weight, 1 pound. **Order by Catalog Number from table below.**

Eye and Face Protectors

Even the tiniest fragment lodged in your eye can cause enormous pain, besides expense and lost working time. **Don't risk it!** Always protect eyes and face with one of these goggles or shields whenever you are doing welding, riveting, grinding, chipping or any work where there may be injurious light or dangerous flying particles.

Heavy duty Goggles

A Safety goggles fit comfortably and snugly—elastic head band . . . correctly shaped eye cups. Adjustable rubber-covered ball chain nose bridge. Ventilated side shields keep eyes cool, prevent lens fogging. Screw caps permit changing of lens or cover glass. Over-spec type can be worn over prescription glasses. Shpg. wt., 4 oz.

Welders' Safety Goggles. Ideal for all-around protective wear against intense light.

28 K 6076—Shade 5. For light acetylene welding, cutting. . . . **$1.95**
28 K 6079—Over-spec type with Shade 5 lenses. **$2.25**
28 K 6077—Shade 6. Standard for acetylene gas welding. **$1.95**
28 K 6080—Over-spec type with Shade 6 lenses. **$2.25**

Chipper's Goggles. Shatterproof 50-mm. lenses of laminated glass guard eyes from impact hazard . . . heavy duty type frame. Shpg. wt., 4 oz.

28 K 6075 . . . . . **$1.95**
28 K 6078—Over-spec type . **2.25**

Spectacle Goggles, Face Shield

B Lightweight safety goggles with specially hardened 50-mm. lenses exceeding new government specification GGG-G-501A for impact resistance by 100%! Light weight but strongly made . . . comfortable nose rest pads . . . metal frames with fully covered, folding metal temples and side shields. Shpg. wt., 4 oz.

28 K 6082—"Chipper's" Goggles. Clear lens for general wear to protect against flying particles. Metal mesh side shields. **$1.95**

28 K 6083—Glare Goggles. Special green lenses that protect eyes against injurious rays as well as flying particles—yet permit clear, restful vision. Green plastic side shields have sturdy metal binding. Ideal for spot welding, foundry or furnace work, protection from sun and snow glare. **$2.25**

C **28 K 6085**—Face Shield. Ideal for safety and comfort. Plastic (10¾x6 in.) is non-inflammable, can be raised to any level. Window snaps on to head shield, is attached to fiber headband that has slide adjustment for firm fit, padded sweat band for comfort. Plastic window is bound in metal, permitting the plastic to be shaped as needed. Green eye shade softens glare. Shipping weight, 1 lb. **$1.85**

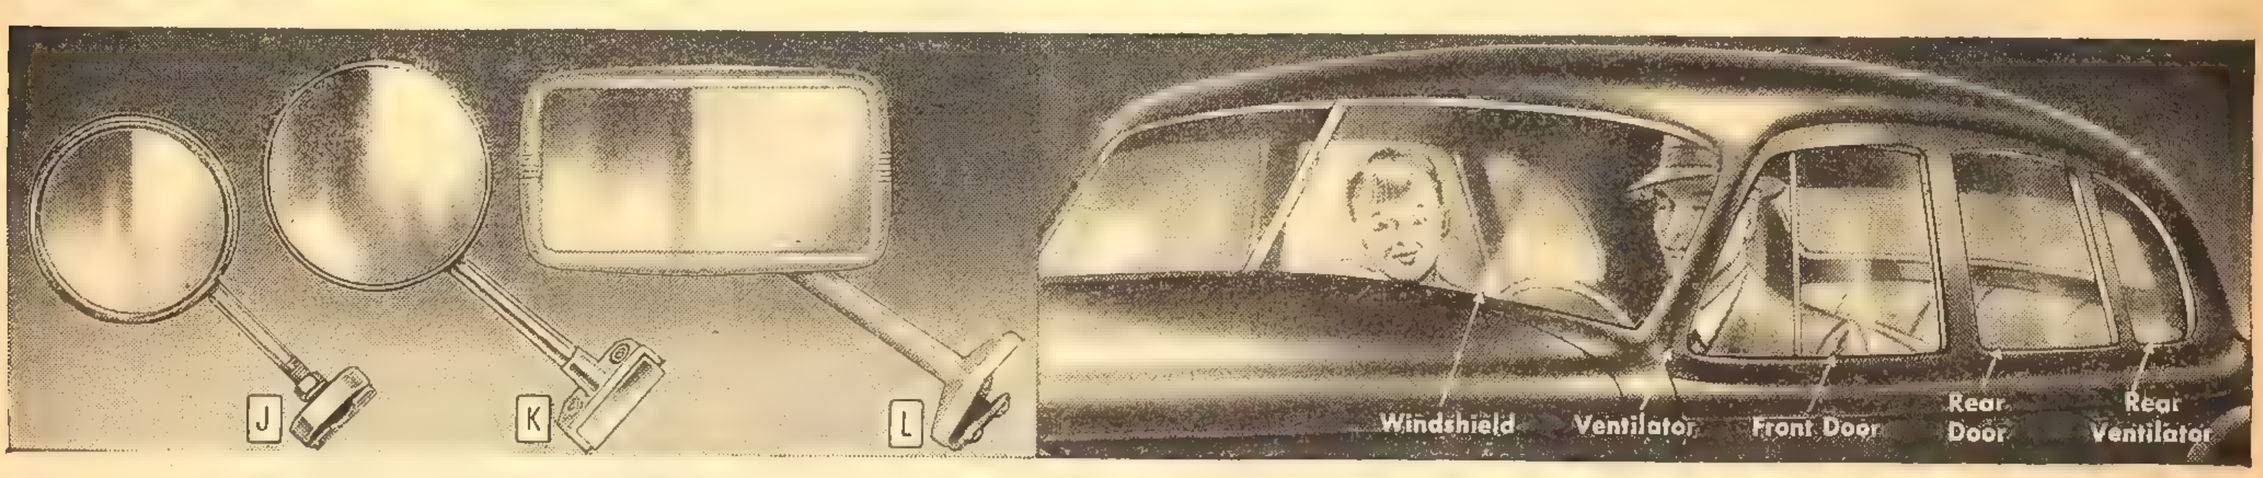
Fire Fighting Equipment

Fire Extinguishers available

You can buy fire extinguishers at Sears! Through a special purchase we are again able to offer them . . . **so now you can have protection against heavy fire losses.** Equip your car, home, garage! It simply does not pay to risk serious fire damage when it costs so little to be protected. **FARMERS: When ordering see page 878C.**

D **Dependable Ero Extinguisher.** Fast working, double-action pump—throws powerful, fire-quenching stream for 20 feet. Low priced, dependable. Occupies small space, 14 inches long. Not approved by Underwriters' Laboratories. Brass container. Brackets for wall mounting. Not filled . . . we recommend filling with CROSS COUNTRY Extinguisher Fluid. Quart size.
28 K 7929—Shipping wt., 2 lbs. 4 oz. . . . **$3.29**

E **Heavy duty S. O. S. Fire Guard.** Double action hand pump fire extinguisher. Approved by Underwriters' Laboratories, Inc.; meets all federal, state, I.C.C. rulings. Easy to operate. Brass container. Compact size—14 in. long. Fast-acting fluid (carbon tetrachloride) will extinguish electrical, oil, gasoline, wood or paper fires . . . does not injure fabrics. Extinguisher is spring-sealed to prevent evaporation of liquid. With liquid and wall brackets for mounting. Quart size.
28 K 7987—Shpg. wt., 8 lbs. 8 oz. **$7.95**



Extinguisher Refills

Is your fire extinguisher ready for instant use? Check it regularly . . . and keep a supply of extinguisher refills on hand at all times so that the extinguisher can be refilled immediately after using. Fire insurance experts recommend that every home and car be equipped with a reliable extinguisher. Remember that you should keep it filled, ready for action. Choose the correct type below.

F **CROSS COUNTRY Extinguisher Fluid.** For hand pump type fire extinguishers. Non-conductor of electricity. Can be used on oil, gasoline, electrical, wood or paper fires. Quart size.
28 K 7985—Shipping weight, 4 pounds 8 oz. **79c**

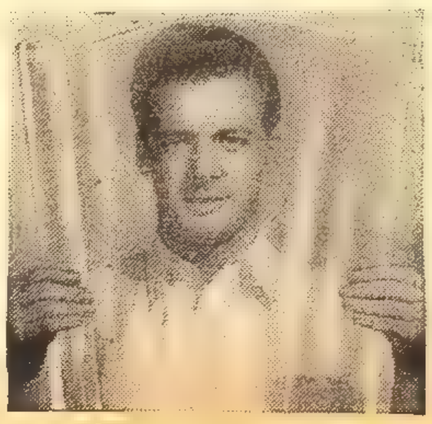
G **Recharge for foam type Extinguishers.** For 2½-gallon size. Not mailable.
28 K 7981—Shipping weight, 5 pounds. **88c**

H **Recharge for soda and acid-type Extinguishers.** For 2½-gallon size. Not mailable.
28 KM 7979—Wt., 3 lbs. . **35c**

Rear View Mirrors aid driving

By installing one of these attractive rear view mirrors you can eliminate a "blind spot" at the left rear of your car. These are beautiful, long-wearing. All three at right have non-glare mirror . . . clamp on door edge. They will fit either side of any car—are practically theft-proof when door is locked. Adjust to any angle by means of the ball and socket joint construction. No drilling necessary . . . easily installed. All commercial vehicles use this type mirror for safety—you will find it helpful, too. Makes parking and pulling away from curb and passing cars in crowded traffic easier.

J **Round Mirror.** Handsomely styled. Strongly constructed of steel. 3 inches in diameter.
28 K 5508—Shpg. wt., 9 oz. . . **75c**



K **Deluxe Round Mirror.** All steel—attractively styled. Finished in smart gray enamel to simulate chrome. 4-inch diameter.
28 K 5507—Shpg. wt., 1 lb. . . **$1.18**

L **Oblong Mirror.** Attractive variegated cream-colored plastic over steel. Rust and tarnish-proof. Large 2½x5-inch mirror . . . can be used vertically or horizontally.
28 K 5515—Shpg. wt., 1 lb. . **$1.89**

Transparent Sheets

This fine transparent sheeting will enable you to repair side curtains on car or windows in shed, hen house or tent. Flexible, yet does not split or tear easily. Choice of two weights . . . 12½-gauge is thicker and tougher. Either weight has many uses around home or shop. Keep a supply on hand. Easy to cut with shears and stitch on sewing machine. **20x50-inch sheets.**

28 K 07355—Heavy 12½-gauge sheet. Shpg. wt., 2 lbs. . . . . Each **75c**
28 K 07358—Standard 10-gauge sheet. Shpg. wt., 2 lbs. . . . . Each **69c**

Protect with Safety Glass

Install Hi-Test Safety Glass—it affords much greater protection than ordinary glass which may shatter just from a door slamming. Made with a plastic sheet between two layers of glass . . . if the glass breaks, this sheet holds broken particles together—prevents glass splinters from flying all over . . . protects passengers from serious cuts. Always replace broken windows and windshields with safety glass. All materials included. For Easy Payment Terms see inside back cover.

Two types are available: (1) **Non-shatter sheet glass.** Crystal clear. (Not legal in Pennsylvania or N. J.) (2) **Non-shatter plate glass.** Thicker and heavier, carefully ground and polished. (It is unlawful in most states to use any glass other than non-shatter plate glass when replacing a broken windshield.) Average shipping weight, windshield and windows, each, 24 pounds (not mailable); ventilators, each, 5 pounds (mailable).

HOW TO ORDER: Be sure to give us following information. (1) Catalog No. (2) Make and year of car. (3) Model No. or letter (Chev. BA, Packard 120, etc.) (4) Serial No. (5) Body style (3 or 5-window coupe, etc). (6) Location of glass. If for 1930–31 Ford state whether windshield is straight or slanting. If for 1938–39 Chrysler state whether windshield is ventilating or stationary. For 1933 GM cars state whether dividing bar in front door lowers or is stationary.

Shipped from factory at Chicago, Philadelphia, Kansas City or Minneapolis. You pay transportation from nearer one. Order from Sears nearest mail order house.

Keep your Tires and Tubes in good repair

Prolong the life of your tires with Sears Repairs

A **Tire Reliner.** You can get many extra miles, with extra safety from worn casings by installing Sears quality tire reliner. Made from selected used tires, these reliners are thoroughly dependable . . . will give long service. All have three or more plies of tire fabric and rubber. **Protects tires against blowouts.** Easily installed . . . just roll reliner in the tire. Guaranteed to fit tire sizes listed below.

28 K 1130—Fits 4.50–21. Shipping weight, 5 lbs. 4 oz. **$2.25**
28 K 1131—Fits 4.75–19 and 5.00–19. Shpg. wt., 5 lbs. 4 oz. . . **2.25**
28 K 1132—Fits 5.25–17 and 5.50–17. Shpg. wt., 5 lbs. 12 oz. . **2.25**
28 K 1133—Fits 6.00–16. Shipping weight, 6 lbs. 4 oz. **2.25**
28 K 1134—Fits 6.50–16 and 7.00–16. Shpg. wt., 7 lbs. 4 oz. . . **2.25**

B **Tire Boot.** Made from selected used 4-ply tires—adds mileage to old casings. Reinforces tires with breaks, cuts or bruises up to 4 in. One of these in a tire that has a cut or break will protect it from further harm, decrease blowout-danger. Approximate size 12x15 inches.
28 K 1011—**For 5.50. 6.00, 6.50, 7.00 pass. car tires.** Wt., 1 lb. **39c**

C D **Super quality Tire Patches.** Our finest repairs. Use them to repair casing breaks promptly and your tires will give you longer service. Center reinforcement is made of all new tire cord, sturdily woven and imbedded in live rubber, molded with a flexible edge. A layer of uncured gum cushions the patch. **Self-vulcanizing.** When patch is applied and used with fully inflated tire, this gum oozes into the break and seals the patch permanently to the casing—avoiding deterioration, shifting of patch or pinching of tube. Available in a wide range of sizes and plies for every need.

C **28 K 1002**—For passenger car tires. **Order by Cat. No. and sizes.**

Hand Protective Creams

K **CROSS COUNTRY Hand Protector.** Before you begin any messy job, smooth a little of this protective cream onto your hands. It rubs on like cold cream. Then when the job is done, wash your hands with mild soap and water—and **the grease and grime** that usually is absorbed into pores and creases of your hands . . . **wash away easily!** It covers your hand like an invisible glove, protects the skin from paint, lacquer, grease, thinner and many other liquids. Will not roughen or chap the hands. You scarcely know you have it on while you work . . . it isn't greasy or oily. Hand Protector is necessary equipment in household, garage, workshop, factory. Women like it because they can do painting, dusting, sweeping and still keep their hands grime-free. Car owners and factory workers use it whenever they work with greasy or dirty parts.
28 K 6999—**12-ounce jar.** Shipping weight, 2 lbs. . . **24c**

L **DuPont Pro-Tek.** For garage workers, machinists, painters—this soft, greaseless cream protects the skin. Covers your hand with an invisible protective coating that prevents paint, grease, dust, etc. from penetrating into the skin. Washes away after job is done.
28 K 6970—**8-ounce jar. Postpaid.** **29c**

4-way Rim Wrench

M Greatly speeds tire changes . . . makes fast work of tightening nuts and bolts. Fits ⅝, ¾, 13/16 and ⅞-inch nuts. Forged steel. 16-inch arms. **FARMERS: When you order see page 878C.** Shpg. wt., 2 lbs. 12 oz.
28 K 6225. . . . . **79c**

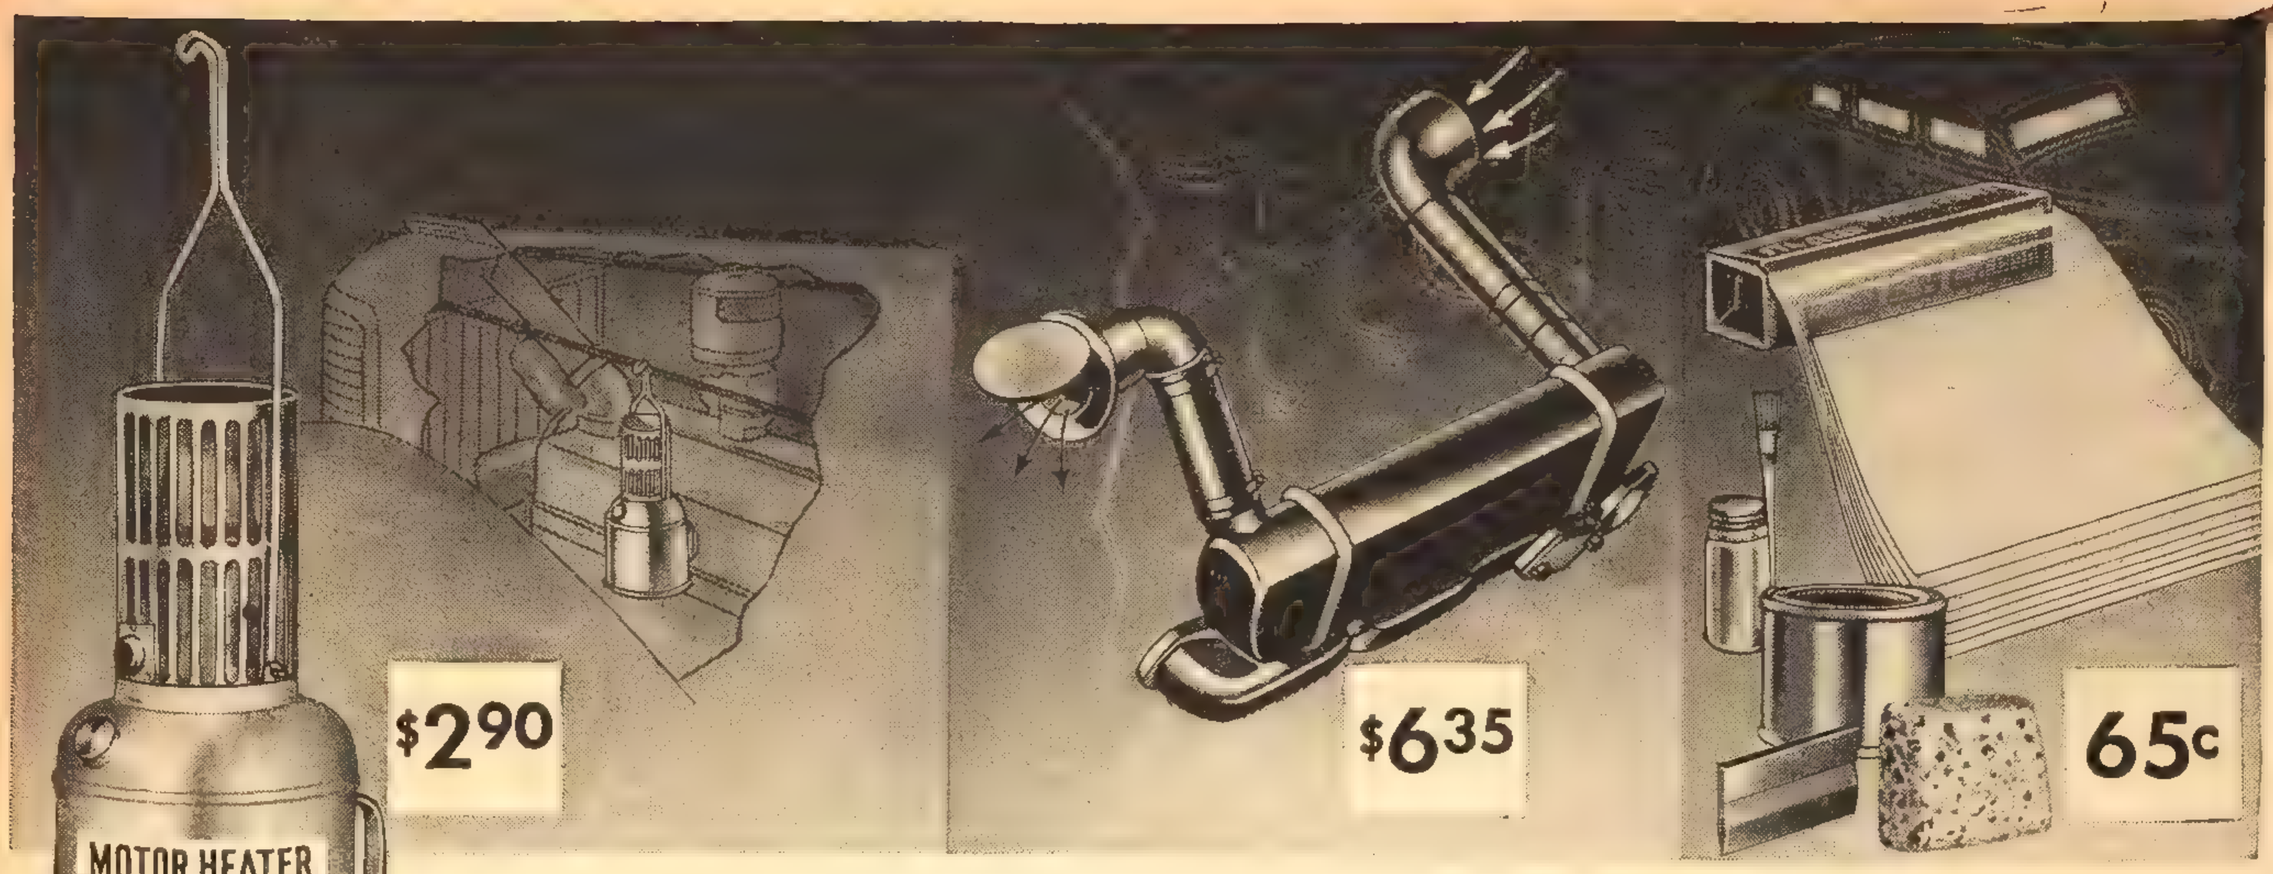
Valve Caps, Cores

N New Cross Country plastic valve cap is very sturdy, effective against leaky valves. Protects them from dust and dirt. Saves vital war material. Shpg. wt., package of five, 2 oz.
28 K 1085—**Package of 5** **15c**

P **Valve Cores.** Cross Country fine quality. Leaky valves cause your tires to be unevenly inflated . . . you can keep air pressure in with these cores. Regular length. Shpg. wt., box of five, 2 oz.
28 K 1078—**Box of 5** **15c**

Tire Cut Filler

R Fills small holes and cuts in tire tread—seals them against entrance of dirt or moisture. Apply this refined rubber filler to gouges; retards deterioration. Shipping weight, 8 ounces.
28 K 1000—**1x6-in. tube. 12c**



Rubber Cement

S Nothing sticks like rubber cement! Pure rubber product with the natural adhesive qualities of rubber improved. For mending auto inner tubes and other rubber articles, coats, boots, garden hose, hot water bottles, etc.
28 K 1050—**4 ounces.**
Shpg. wt., 9 oz. **13c**
28 K 1051—**Pint.**
Shpg. wt., 1 lb. 11 oz. **27c**

Tire Preservative

T Cross Country Tire Preservative is a black coating compound that retards oxidation—oxidation that causes rubber to deteriorate from exposure to sun and air, **even if never used.** This preserver is easily applied to any rubber article. Just brush it on with an ordinary paint brush . . . it flows on smoothly. It is not just a surface coat, however . . . **the chemical is absorbed into the rubber.** The anti-oxidant used in this product is the same as that in Sears famous, long-wearing Allstate Tires —Santoflex "B". Coat your rubber things with this compound . . . you will find it lengthens their usefulness amazingly! Black. A quart coats 5 tires.
28K1054 — **Quart.** Shipping weight, 3 pounds 4 ounces. **75c**

c PAGE 849 . . . AUTO SUPPLIES

Save on your winter Auto Needs at Sears

Portable kerosene under-hood Heater

Get "heated garage" protection for as little as 30c a month with one of these kerosene heaters. No installation problem—just hang the heater under the hood of your car and cover the hood with a blanket. Motor stays warm and starts instantly in sub-zero weather. This is important when you are not operating your car often. Quicker starting means a saving on gas and battery power, too. Keeps engine lubricants and water in cooling system at proper temperature, thus avoiding excessive motor wear.

This heater is very simple to use—fill with kerosene only once in 24 hours and it will give steady, ample heat. It will not blow out or ignite gas fumes. It's safe—made on the same principle as a miner's lamp. Gives clean, odorless heat. Compact—only 14 inches high . . . lightweight—easy to carry—costs very little to operate.

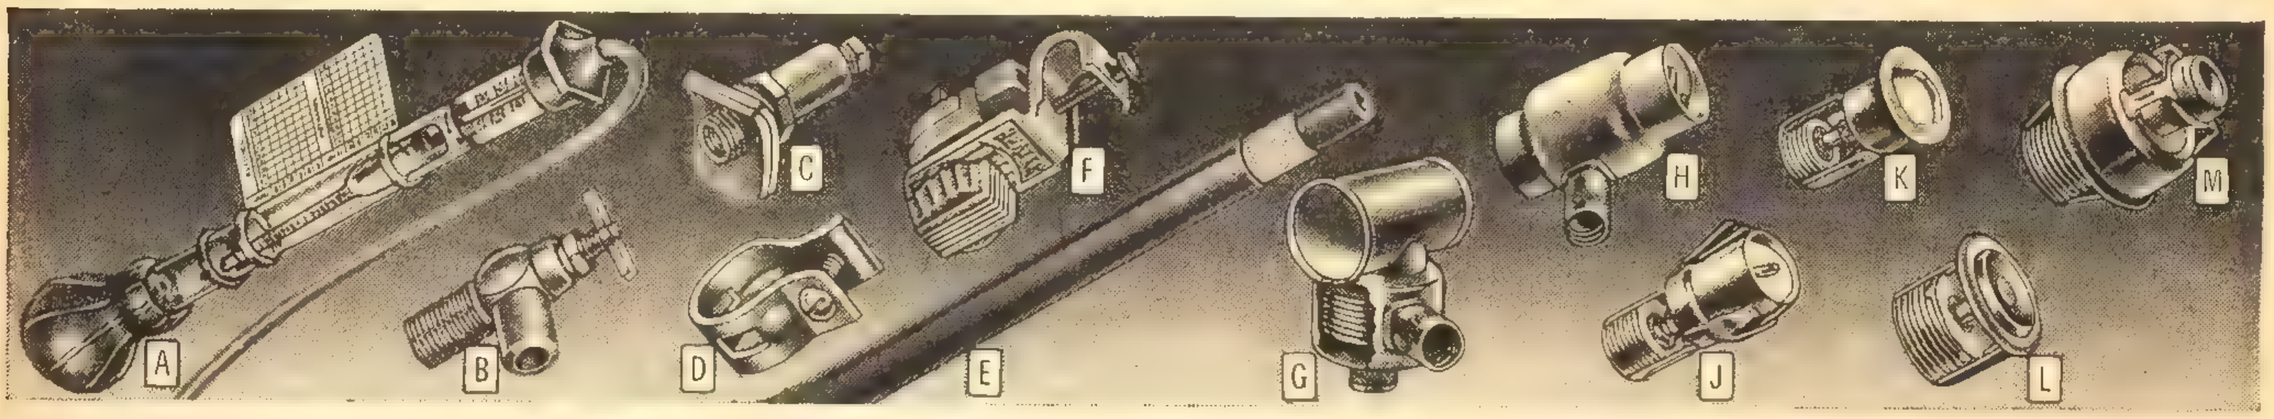
You will find many other uses for this handy heater other than for your car. Easily portable . . . take it on camping trips—will warm a small tent. Heat trailers, prevent exposed plumbing from freezing, maintain even temperature in chicken coops. At this low price you can have a heater for all such needs—costing about 1c a day to use.

28 K 7799—Shipping weight, 2 lbs. 3 oz.....**$2.90**

Sunwarm Manifold Heater for Fords

- Fresh air heat produced within three minutes
- Heats when motor is at high, low or idling speeds
- Heat rapidly forced into car by radiator fan
- No drain on battery. Can be easily installed

Here is a big heater value for Ford owners. This manifold heater uses the intense heat of the engine to heat your car interior. Fresh air is forced into the heater by the radiator fan . . . where it is heated. This super-heated, pure air is then passed into car to give you complete winter driving comfort. Gives 195° heat on 85-H.P. Fords and 160° heat on other models—**in only 3 minutes at 25 miles per hour.** Made of quality gray iron, heater has 12-tube insulated heating chamber attached to special replacement manifold. Custom-built to fit perfectly. Instructions and parts included. Order on Sears Easy Payment Plan. See inside back cover for complete information. **State year and model** of Ford when ordering.



28 K 07737—For Ford 1933–38 85-H.P. passenger cars; 1939 Standard; all 1935–39 85-H.P. pick-up trucks. Shipping weight, 21 pounds.....**$6.35**

Sta-Clear makes driving safer

Install these popular Sta-Clear transparent cellophane shields on the inside glass of your car this winter for clearer vision and safer, more enjoyable driving. They cement firmly to windshield and windows to give satisfactory protection against frosting and condensation in the areas covered. They are practically invisible, do not obstruct driver's vision. Install them on your car and see how satisfactory they really are. Sta-Clear strips do not interfere with the operation of heat-defroster or fans for melting ice on outside of windshield.

Handy kit includes 8 sheets—enough for every window in a sedan. Everything included for easy, permanent installation . . . exclusive film adhesive, sponge, squeegee, and edge-sealing compound. Fits glass firmly—no edges are visible. Does not interfere with opening or closing of windows. Takes only a minute to install; just as easy to remove. Complete instructions for installing are included.

28 K 7835—Shipping wt., 13 oz.....Set **65c**

Accurate Freezometers for all anti-freeze

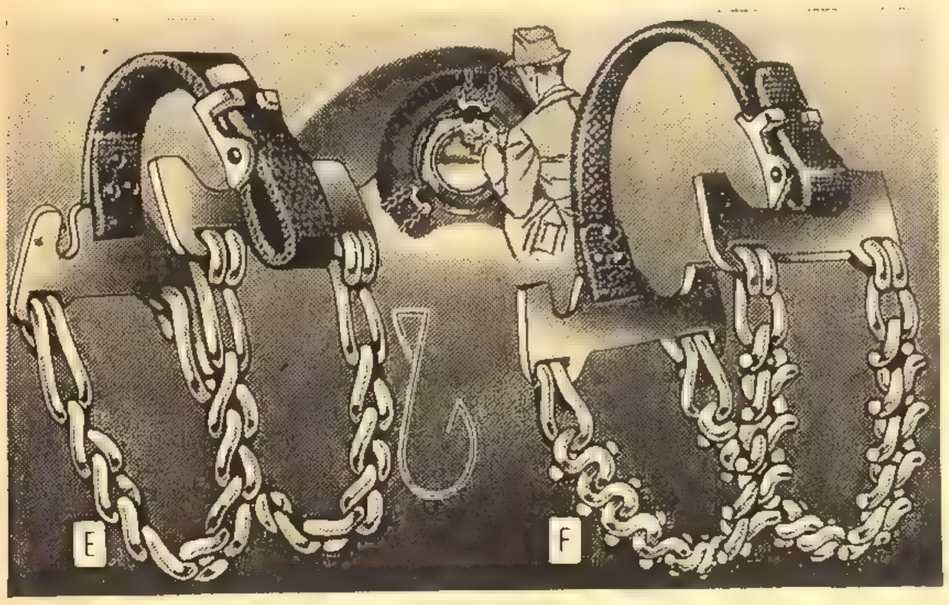
Glass—Electric and Plastic—Shield Defrosters

No matter what your requirements may be in the way of a defroster unit for winter driving, Sears can supply it. You need the added safety a dependable defroster shield can give.

Perma-Tite non-electric Frost Shields. These shields are of plastic with Perma-tite rubber gasket that conforms to irregularity of windshields and windows. No tape needed. Does not interfere with opening or closing of windows. Now, more than ever, you need the added safety of a dependable frost shield. Costs very little to give yourself all the protection these shields provide.



[A] **28 K 7819—8x12 inches.** Round corner type for front or side windows. **Postpaid**.....**60c**

[B] **28 K 7820—8x18 inches.** Round corner type for front or side windows. **Postpaid**.....**68c**

[C] **28 K 7821—8x18 inches.** Best for curved rear windows . . . not suitable for side windows. **Postpaid**.....**68c**

[D] **Glass Electric Defroster Shield.** Snow and ice will vanish from your windshield when you turn the switch on this shield. Four heating wires keep frost and ice from forming on outside of windshield when current is on. Clears space 15¾x7¾ in. Strong brown enamel steel frame with 4 rubber cups creates air-tight seal—prevents formation of mist on inside of windshield. Carefully made, sturdily constructed and nicely finished shield . . . will operate perfectly when installed according to instructions supplied with each defroster. Select the best—you get greater safety, value and longer service. Complete with cord and instructions. Easily installed.

28 K 7784—Shipping weight, 5 pounds 3 ounces.....**$1.95**

ALLSTATE Emergency Chains

These chains are quality ALLSTATE brand: Two qualities are available—Heavy Duty and Traction Grip. Both have heavy woven strap with an exclusive buckle that cannot open by itself on the tire . . . reduces danger of loss. Also keeps chain from turning on tire. Recommended for emergency use only—and how you'll appreciate the added traction they give you when driving on slippery roads! Use 3 or more to each wheel. Will not fit wheels which have no slot under felloe or space between spokes for strap. Handy slip-on hook is included with each set of 6 chains.

[E] **Heavy Duty.** Bargain-priced twist-link chains. Made of a special steel tougher and harder than case-hardened carbon steel. Equal to any standard twist-link strap-on chain.

28 K 7652—Fits tires 6.00, 6.25, 6.50. Shpg. wt., ea., 1 lb. 14 oz. Each sold separately...**55c** Each, in sets of 6 or more...**52c**

ALLSTATE long-wearing Truck Chains

Interstate Commerce Commission rulings make it necessary that you carry chains in your truck. Be sure to get chains you know will give you long wear and safe, dependable service. ALLSTATE heavy duty Truck Chains are standard weight with four link spacing. **Case-hardened over a tougher core** to take plenty of hard service. **Cross chains lie flat** and cannot gouge or injure the tire. **Electrically welded** at all points for extra strength. The easy-operating, positive-locking fasteners cannot fall open, even on roughest roads. So equip your truck with ALLSTATE Chains and be sure of necessary traction to get your loads through on the worst kind of roads all winter long. Enjoy the feeling of safety and satisfaction you will get from having these chains ready for any emergency that might occur. Sizes to fit buses, light panel and delivery trucks. **State tire size.**

CROSS COUNTRY Stop Seep

Protect against seepage of anti-freeze through hose connections and gaskets . . . use CROSS COUNTRY Stop Seep. You will avoid loss of anti-freeze and prevent expensive repairs caused by anti-freeze leaking into cylinders of crankcase. Not designed to repair radiator leaks . . . order CROSS COUNTRY Leakstop (see "Sealer, Radiator" in Index). Stop Seep is easy to use. Just pour into radiator while motor is running. One 4-ounce can is sufficient for cooling systems up to 22-quart capacity.

28 K 7874—Shipping weight, 5 ounces **19c**

CROSS COUNTRY Spark Plugs

REG U S PAT OFF

Famous name in Spark Plugs — Sears own brand

We maintain that you can buy no better plugs than these Sears offer you. And when was that more important than today? Defective or worn plugs that cause starting troubles, sluggish pick-up and general motor inefficiency mean one thing to auto owners today . . . less mileage. Remember—under gas rationing there is no way to obtain more mileage except to reduce your motor's gasoline consumption rate. Actual tests prove where waste is due to defective plugs, installing a new set saves as much as one gallon of gas in 10.

Look at the plugs in your car today. Are they fouled, pitted, out of adjustment? You will want to replace them now for more gasoline economy and better motor performance. And when you install new plugs, be sure they are CROSS COUNTRY. In addition to the savings you will effect in operating costs, you will save substantially with Sears low prices. Plugs on this page can be used in cars, trucks, tractors, busses, motorcycles, marine engines, washing machines, stationary engines, outboard motors, lighting plants, etc.

CROSS COUNTRY Spark Plugs

- "D"-shaped side electrode provides large flat area . . . for proper firing
- Extra heavy electrodes keep spark gap in adjustment longer . . . long life
- Thermoseal construction makes a compression-tight seal . . . saves gas

39c Ea. In sets of 4

[A] Into this plug Sears have built all the features usually found in plugs selling for much higher prices. CROSS COUNTRY plugs give long, trouble-free service. Their hot, fat spark gets every last possible drop of power out of today's lower octane gas—that means fast starting in all weather . . . quick get-away . . . smooth driving. You can buy no finer spark plug than our CROSS COUNTRY. Made of finest materials—top quality porcelain, heavy electrodes. Efficiently designed, too. Thermoseal construction, D-shaped side electrode. Thermoseal gives a compression-tight seal that prevents loss of power, saves gasoline. The electrode design gives a large flat-to-flat area that produces proper sparking with 25% less voltage. Heavy electrodes minimize wear—keep plugs in adjustment longer. Read "How to Order." Shpg. wt., each plug, 4 oz.
28 K 1405—Each, in sets of 4 or more, with gap gauge. **State make, year, model. 39c**
Each, sold separately (without gauge). **State make, year, model, No. of cylinders . . . 41c**

Super CROSS COUNTRY Spark Plugs

- Protex-All synthetic rubber insulator jacket completely covers full size porcelain, providing extra protection against shorting.
- Finned-type shell increases cooling effect of air 30% . . . for longer life

55c Ea. In sets of 4

[B] These plugs have every feature of famous CROSS COUNTRY Spark Plugs (described above)—plus the exclusive feature of shock-proof, short-proof Protex-All insulation. Choose Super CROSS COUNTRY and know you have the finest spark plug obtainable, regardless of the price you pay. The Protex-All synthetic rubber insulator jacket, used only on Sears Super CROSS COUNTRY, protects the full size porcelain insulator. Reduces the danger of cracking . . . provides extra protection against shorting . . . insulates against weather. Not affected by heat or cold, water, oil and dirt. Buy the best—get the longest service. Order on Easy Terms. See inside back cover for information. **Be sure to read complete ordering instructions below.** Shpg. wt., each plug, 4 oz.
28 K 1404—Each, in sets of 4 or more. With gap gauge. **State make, year, model, etc . . . 55c**
Each, sold separately (without gauge). **State make, year, model, No. of cylinders. 59c**

Installation Note: When using a socket wrench to install these plugs, be sure that the socket fits over top of plug freely. Do not force. Use wrench which came with car or order wrench (Catalog Number 28 K 6208), shown at bottom of this page.

A. C. Spark Plugs

[C] Nationally known A.C. Plugs are used as original equipment by many car manufacturers. Heat-sealed, compression-tight units. See Important Notice "How to Order." Postpaid.
28 K 1406—State make, year and model.
Each, in sets of 4 or more. **59c**
Each, sold separately. **65c**

Champion Spark Plugs

[D] Top quality, nationally advertised spark plug that will give the service you need under hard driving conditions. Original equipment on many cars. See Notice, "How to Order." Postpaid.
28 K 1411—State make, year, model.
Each, in sets of 4 or more. **63c**
Each, sold separately. **70c**

Important Notice: On the above spark plugs we will ship your preference, but we reserve the right in the event of shortages to ship whichever is available. If neither A.C. nor Champion Plugs are available, we will ship you our Super CROSS COUNTRY Spark Plugs (Cat. No. 28 K 1404). You will be charged accordingly.

Champion and A.C. Plugs sold without terminals to conserve metal . . . use those from your old plugs.

HOW TO ORDER SPARK PLUGS

Compare the thread on your plug with these sizes

- ⅞-inch thread
- ½-in. pipe thread
- 18-mm. thread
- 14-mm. thread
- 10-mm. thread

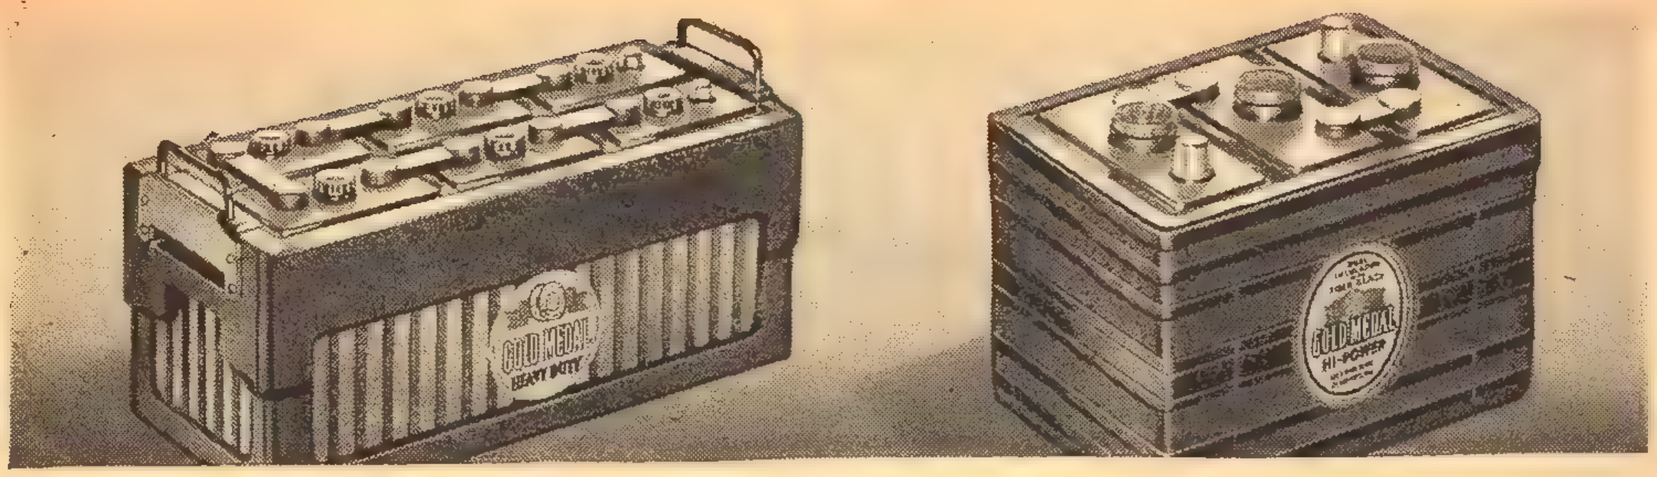
State choice of "Hot," "Cold" or "Normal" type plug on order. Use size chart at left . . . place old plug with thread on outline and order size which matches.

Cold Plug. For use only in extreme cases of sustained driving at maximum allowable speeds, for long hauls or with heavy loads.

Hot Plug. For city drivers, or those operating at extremely low speeds, where normal plugs foul or accumulate carbon at firing tip.

Normal Plug. Recommended for ordinary driving under present limitations on speed and distance.

IMPORTANT: When ordering give catalog number of plug, make, year, model and number of cylinders of your car, truck, tractor or motorcycle. If old plugs have given satisfactory service send us name and number of them.



We need all the above information. If ordering plugs for 1938 Ford V8 state whether plug is 18MM. Any plug on this page can be used in marine engines.

Spark Plug Wrench

[E] This double end type wrench makes it easy to install or remove spark plugs. Sizes: 31/32 and 15/32; 29/32 and 1 1/32; 21/32 and 27/32; and 3/16 and 1 1/16-inch. Handle is included. When using this type of wrench on Spark Plugs No. 28K1404, follow installation instructions. **State wrench size, or state name of plug, make, model, year of car.**
28 K 6208—Shipping weight, 11 oz. . . . **25c**

Handy Gap Gauge

[F] For best spark plug performance and gasoline economy, check and reset your electrode gaps with this handy gauge. Easy to do . . . the fine wires slip easily between electrodes—it is not necessary to use a wedging action that might cause breaking of insulators. Keep this gauge on hand for periodic checks. **2.85**
28 K 1403—Shipping weight, 2 oz. . . . **5**

GOLD MEDAL Truck and Diesel Batteries

Our Own Trademark

With these GOLD MEDAL heavy duty truck and diesel starting batteries in your trucks or buses, you are sure of having batteries built to highest capacities permitted under WPB limitations. **Rigidly inspected** to insure maximum life and power. **Highest quality materials** used throughout. **Heavy Duties** are built with dual insulation—highest quality wood separators, plus Fiberglas retainer mats . . . service guaranteed for 24 months. **Diesels** are made with selected wood separators, and are guaranteed for 12 months, on a service basis.

In addition to these two types of batteries, any of our four classes of GOLD MEDAL 6-volt batteries may be used in trucks using standard sized batteries. We recommend Hi-Power or Powermaster for this use. (Complete description on the next two pages.)

When ordering, find type battery required for your truck or bus in the table at right. Then select that type number from the Heavy Duty or Diesel batteries, or from the 6-volt batteries listed below. If truck is not listed in table at right, follow ordering instructions on page 855. Also see notice about 75c allowance on old battery. Allow 3 weeks shipping time on Truck or Diesel Batteries. Standard sized batteries shipped promptly.

Battery Trays, Hold-downs, Hydrometers, Straps

Battery Trays. These trays are of heavy gauge steel to replace old, corroded equipment.

A This type battery tray can be used on most cars because of the adjustable steel straps. Easily installed. Shipping weight, 4 lbs.

28 K 7180—For 9¼-inch long batteries **37c**
28 K 7181—For 10¼-inch long batteries **37c**

B For Chevrolet only. Duplicates original equipment tray. Shipping weight, 3 pounds.

28 K 7182—For 9¼-inch long batteries **32c**
28 K 7183—For 10½-inch long batteries **32c**

C **Battery Carrier Strap.** This strap greatly simplifies the hard job of lifting or carrying battery. Metal safety catch, illustrated in small insert view, grips terminal post securely . . . can't slip. Heavy strap is of acid-resisting rubberized webbing—no stretch, for sure grip. Shipping weight, 10 ounces.

28 K 7154—17 inches long **35c**
28 K 7155—27 inches long **45c**

D **Cable Terminal.** Repair your old battery cable quickly with this solderless terminal. Easily adjustable . . . made of corrosion-resisting brass.

28 K 7110—Shpg. wt., 8 oz . . **23c**

Battery Post Shims. Provide perfect contact on all worn battery posts. Extra heavy lead. Box of 25.

28 K 7145—Shpg. wt., 7 oz . . . **39c**

E **Battery Hold-downs.** Sturdy hold-downs; have adjustable stud holders—can be placed in any location on either side (see illustration). Provides extra protection by keeping it in place at all times. Saves battery much road shock . . . adds to its service and life. An economical investment that pays big returns. Shpg. wt., 10 oz.

28 K 7164—For 9¼-in. batteries . . . **45c**
28 K 7165—For 10¼-in. batteries . . **45c**
28 K 7161—For General Motors cars with 19½-inch batteries **49c**

Bargain Battery Hydrometer

F Priced very low, but this hydrometer will give accurate and dependable service. Easy to read. Float will not stick. Annealed barrel is tapered . . . has hexagonal non-roll end cap—prevents accidental breakage. Accurate ball bottom float gives correct test.

28 K 7141—Shpg. wt., 1 lb. 4 oz. **45c**

Sears best Hydrometer

G A temperature-corrected hydrometer of CROSS COUNTRY quality . . . as accurate and dependable as you can buy. Sealed-in temperature correction scale (see insert view) and accurate cotton-packed ball bottom float mean true test of battery charge in any weather. Thermometer sealed in barrel prevents damage, makes scale easy to read. Hard neoprene-rubber tip. Tapered barrel prevents float sticking. Complete with hanger.

28 K 7134—Shpg. wt., 10 oz. **92c**

New CROSS COUNTRY Battery Cables cut current loss

H J K L M CROSS COUNTRY cables are finest quality, heavy duty type, uniformly thick and corrosion-resisting, with super-strong terminal construction. Do not confuse with ordinary 3 or 4-gauge types sold at this price. Get top quality at Sears for the price of ordinary battery cable elsewhere.

Equal to your original equipment in size, insulation and gauge. Insulation has heavy black lacquer finish. Meets S.A.E. standards. All standard gauges, as used by car manufacturers. **Order from table at right if car is listed. Give catalog number, make, model of car, type of cable.**

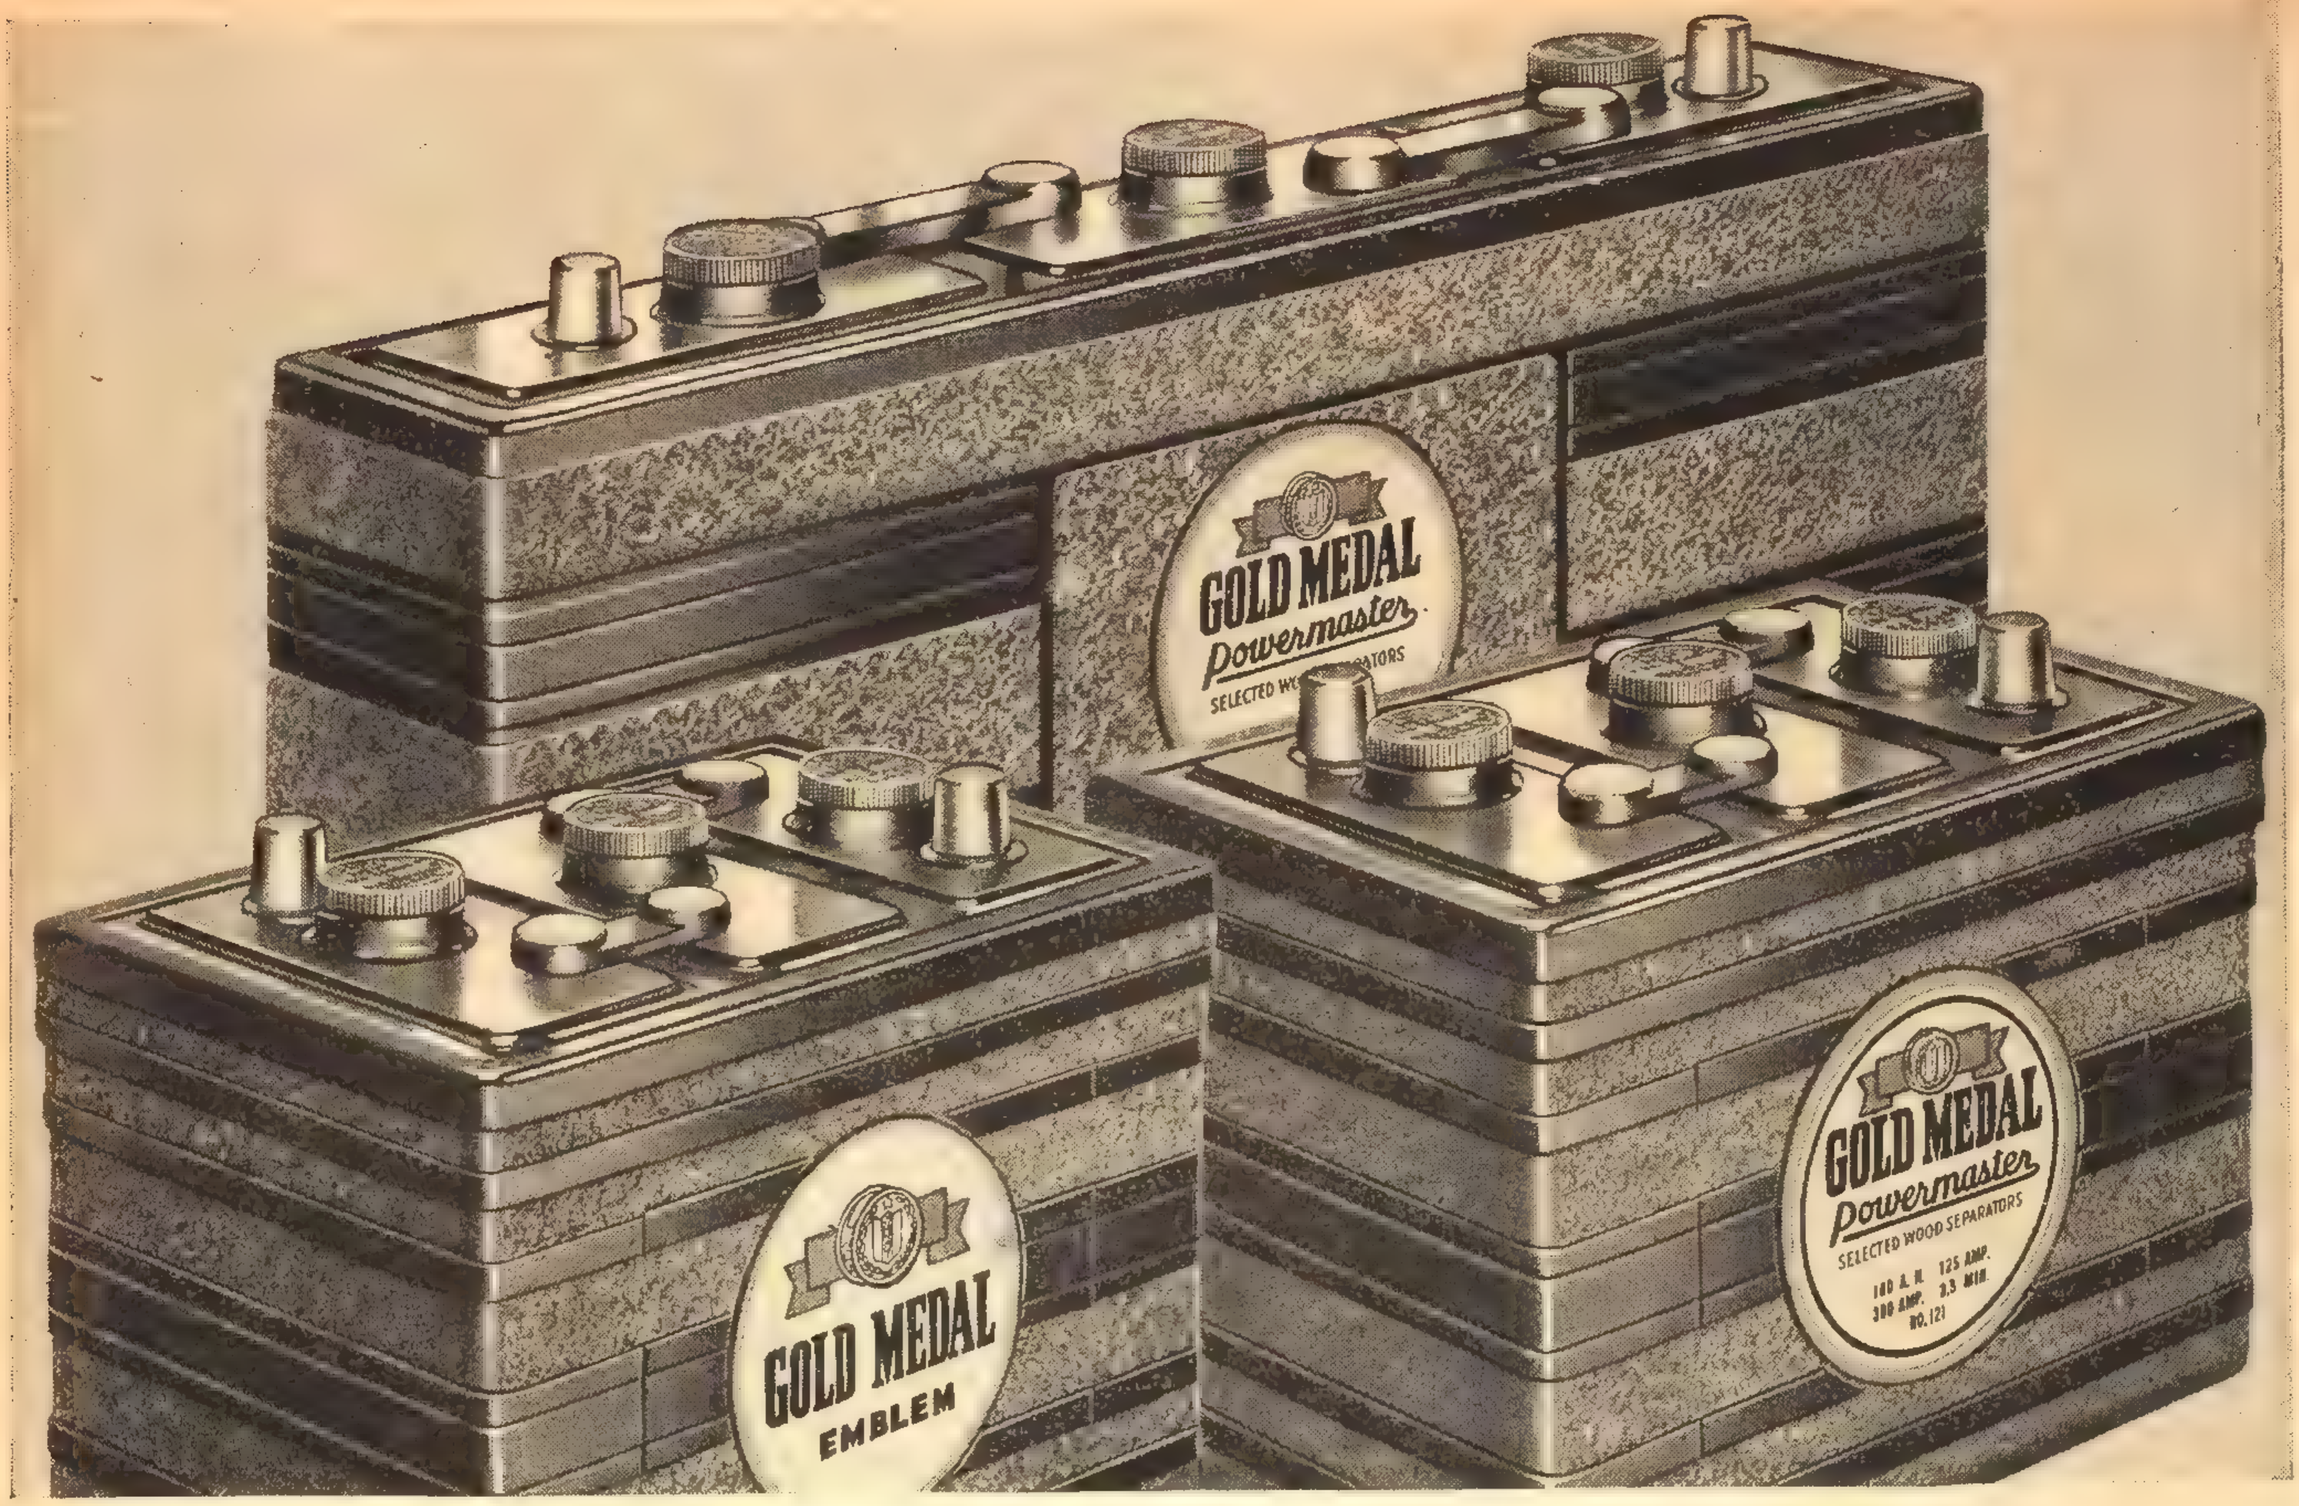
Chargemaster

N Battery and generator gauge which reflects immediately any electrical condition that may cause battery, regulator or generator failure. Avoid these repair bills. You can read it at a glance. Attractive plastic case, attaches to dashboard. Easily installed—complete instructions included. Draws only one-tenth ampere at 6 volts. **State make, year and model of car when ordering.**

28 K 1348—Shipping weight, 1 lb. **$3.49**



Charger Bulbs

P Mercury Vapor 10-ampere bulbs for all 6 or 10-ampere chargers.

28 K 7173—Shpg. wt., 12 oz. **$4.28**

Longlife Bulbs. For chargers handling 6 to 12-batteries. Guaranteed. 6-ampere bulb, gas filled.

28 K 7197—Shpg. wt., 12 oz. **$2.85**

Famous GOLD MEDAL Guaranteed Batteries

Our Own Trade Mark

CENTURY $3.90

6-month Guarantee

- 39 Chem-Set processed standard plates
- 80 ampere hours, 100 ampere rating
- Selected straight-grain wood separators

Ample capacity for starting and lighting service . . . a real buy for light car use. If low first cost is especially important, or if you will sell your car soon, invest in the CENTURY. It is built to deliver real power for at least 6 months. Selected wood separators . . . carefully processed plates—assuring longer battery life. A fine buy, but we suggest a Hi-Power or Powermaster to use with extra accessories, for longer service and extra power. See "How to Order" on facing page. Dimensions: 8 1/16x7 1/16x9 inches. We reserve the right to limit quantities

28 KM 151F—Type 1. Wt., 38 lbs. **$3.90**

EMBLEM $4.65

12-month Guarantee

- 45 Chem-Set standard processed plates
- 90 ampere hours, 112 ampere ratings
- Automatic No-Spill safety vents

Selected straight-grain wood separators. EMBLEM, with its year guarantee, has 90-ampere-hour capacity . . . 112 ampere output . . . sufficient for quick, sure starting. The 45 plates are Chem-Set processed to retard "shedding." Will handle several standard accessories. However, for longer life and extra power, choose the batteries at right. See "How to Order" on facing page. Allowance of 75c on old battery—see notice below.

28 KM 141F—Type 1. Size 8 1/16x7 1/16x9 inches. Shipping wt., 41 lbs. **$4.65**

28 KM 143F—Type 1B. Size 7 7/8x7 1/8x 10 3/16 inches. Shpg. wt., 42 lbs. . . . **$4.65**

Protect your present battery, get maximum life and power by having it checked frequently and recharged when necessary. This is especially important under present reduced driving program, as your generator cannot keep the battery fully charged.

GOLD MEDAL POWERMASTER $4.90

18-month Guarantee

- Separators of tough, long fiber wood—for 1 1/2 years or more service
- Heavy duty plates, Chem-Set processed . . . an exclusive development
- Automatic No-Spill safety vent caps, except Types 4 and 6

Powermaster delivers the long-lived, satisfactory service that millions of users have found they can expect from a GOLD MEDAL Battery. *Plenty of added power because it is built with more plates*—greater plate area—than standard 39-plate batteries. Battery retains its power longer, too, because the plates are Chem-Set Processed to resist shedding of the power-creating oxides . . . also retards battery failure due to "shorts" caused by shedded material. Batteries shipped fresh, fully charged. See notice of 75c allowance below. Read ordering instructions, facing page.

GUARANTEE

If any Sears battery in normal use fails to give you service as specified (except for broken cases, covers or posts) it will be replaced on a service basis, charging you only for the time it has been in your possession. If Century, Emblem, or Powermaster auto battery is used in truck or commercial service, guarantee periods are reduced one-half. Hi-Powers, when used in this service, carry full 24 months guarantee.

SEARS, ROEBUCK AND CO.

Batteries for farm use

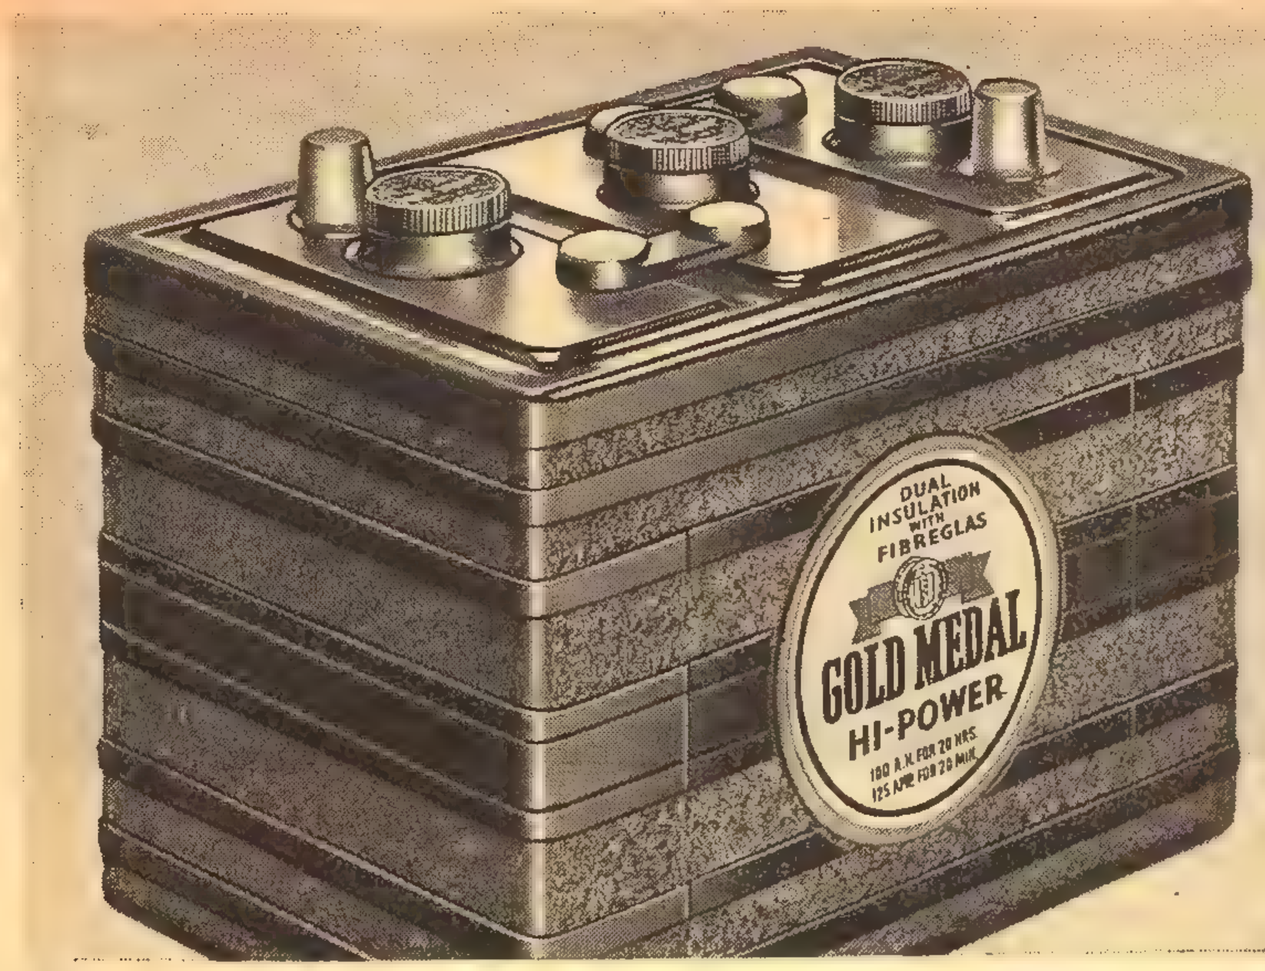
Any of these batteries may now be purchased for operating shocking devices for wire fencing, and other farm equipment. If battery is ordered for that purpose, please so state on order, and we will send a special certificate to be signed.

75c Allowance

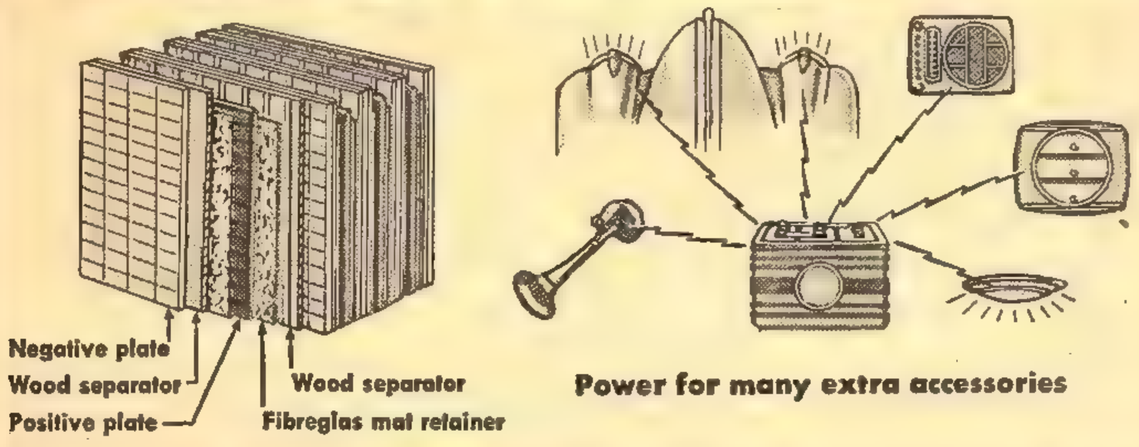
With every battery, we send a coupon entitling you to a 75c allowance when your old battery is delivered, prepaid, to any Sears mail order house, order office or retail store. Be sure to send full purchase price with your order.

Order on Sears Easy Terms

With the help of Sears Easy Payment Plan you can afford to purchase the best quality battery because payments are small and are distributed over several months. Any order totalling $10 or more may be purchased on Easy Terms. You will find this a convenient way to buy . . . and you can use your battery while you are paying for it. See inside back cover of this catalog for Easy Terms information.



Important—about Old Batteries



Under Government regulations a used battery must be turned in when a new one is purchased. In order to qualify for a new battery, you must copy the following wording on your order and sign:

"I (or we) will within 30 days turn in a used battery for every new battery that is shipped on this order."

Signed. . . . . .

Power for many extra accessories

. . . Long life at low cost

GOLD MEDAL HI-POWER $6.75

24-month Guarantee

- DUAL insulation—specially selected wood separators PLUS oxide-retaining Fiberglas mats.
- 45 heavy duty plates (Type 1) Chem-Set Processed—an exclusive feature—retards shedding
- Ample capacity in all sizes for operating many electrical accessories.

GOLD MEDAL doubly-insulated Hi-Power is one of the best battery buys for car, truck or tractor. **It is guaranteed to give two years of service . . .** and with proper care will last **much longer.** Hi-Power is the product of years of battery building experience—it is the finest battery which can be built under present W.P.B. regulations. Dual insulation of first quality wood separators and Fiberglas retainer mats (see illustration above) **lengthens plate life . . . keeps battery capacity up over a longer period.** Fiberglas mats are sheets of pure glass fibers that cling to the plates, holding the power-producing oxides firmly in place, instead of allowing them to drop to the bottom of each cell where they may produce shorts. These retainer mats are backed up by the scientifically designed, fine grain wood separators. Hi-Power also has **ample reserve power for many extra accessories**—radio, heater, lights, horn, etc.—besides giving a quick, sure start and trouble-free service in any weather. Plates resist shedding by Sears exclusive Chem-Set Processing. No-spill safety vents prevent corrosion of cables and terminals due to overflow of acid. Buy a powerful new GOLD MEDAL—then keep it fully charged for longer life. Read "How to Order" above, at right.

How to Order Batteries

First, find your passenger car model in the listings below, or your tractor model in listings at bottom of this page. Note what **Type** battery it takes. Then choose one of the GOLD MEDAL Batteries listing this **Type**, and **order by catalog number and price.**

Even if your car is not in the general listings, you can order a battery from Sears—by case size and voltage. Measure your old battery for height, width and length, and select one of the batteries that is available in the size and rating you need. **Also state make, year and model number of car, truck, bus or tractor.**

SHIPPING POINTS: Batteries are not mailable. They are shipped by freight or express, separate from other merchandise. The map at right shows all the shipping points from which Sears ship batteries; in this area . . . you save substantially on the shipping charge—figure how little it will cost you by referring to the Freight Rate Tables on pages 900 and 901. Batteries are stocked in cities near you . . . in mail order house, factory or warehouse in Chicago, Cincinnati, Milwaukee, Kansas City, Minneapolis or Memphis, and are shipped from whichever is nearest you. **Send order to Sears nearest mail order house.**

For Cars, models, years not listed see ordering directions above.

§ After Type Number indicates 2 batteries are required.

Equip your tractor with a new GOLD MEDAL Battery, and be ready for the work ahead! Find the type battery your tractor needs from the table at left . . . then choose one from the four listings of batteries on these pages. We recommend that you order the sturdiest battery with highest guarantee and rating **—the cost per month at Sears price will be low and you will have extra power for all your heaviest work.** Sears service-guaranteed batteries are unsurpassed at their price. Before ordering, be sure to read "How to Order" above; also notices regarding allowance on your old battery and care of your battery. **(Batteries for most models of tractors not listed can also be supplied.)**

Coils, Distributors and Wiring Sets

CROSS COUNTRY Coils give hot spark

[A] **Sears Super Universal type Coils** give best performance, longest life. Note the plus features: **screw-top terminal,** providing positive waterproof contact; **stepped top,** designed to avoid external surface leakage when coil is wet or oily; **deep bakelite skirt,** for insulation against internal high tension leakage top and bottom. Contains 5,000 more turns of wire than standard replacement coil. Oversize 2⅝-inch container. Best for high compression motors of 6 or more cylinders, especially when driving conditions do not permit keeping battery fully charged. Constructed throughout according to CROSS COUNTRY quality standards.

28 K 1315—Shipping weight, 3 pounds 12 ounces **$2.35**

[B] **Cross Country Standard Universal Coil.** Stands up under hard usage. Gives a hot spark on as low as 4 volts which will save you plenty of gas. Equal to original in size and output.

28 K 1333—For Ford A and Chevrolet 1929–32 and other light 4 and 6-cylinder cars. Shipping weight, 3 pounds..... **$1.40**

Order Universal type if old coil does not have terminals on bottom.

Lock Switch type Coils. Order this type if your present coil has bottom terminals. Same features as on Super Universal (A). Restricted driving causes your battery to be less than fully charged. These coils help you get started quickly . . . give the fattest spark under today's limited driving. Use old cable, key, switch. Shipping weight, 2 lbs. 10 oz.

Set of 4 pairs. Shipping wt., 4 oz..... **46c**

When ordering parts be sure to state make, year and model of your car, truck or tractor.

Ignition Wire Sets

[U] [V] [W] For best performance, faster cold weather starting, install a new CROSS COUNTRY ignition wire set in your car. Every set meets all S.A.E. specifications. Tested at 35,000 volts. Our finest quality, like sets used on highest priced cars as original equipment. Heavy rubber insulation; woven braid, impregnated and heavily coated with lacquer. Withstands hot oil, grease and zero weather to assure you of dependable performance at all times. Complete, including plastic rain guards. Faulty insulation means lost current, inefficient car performance and excess gasoline consumption, so take this opportunity to enjoy improved driving at lower cost. A new wire set is easy to install.

New and rebuilt Starters and Generators

Rebuilt Starter Drives and Starters

Replace that old worn starter drive with one of these Sears rebuilts. All are completely rebuilt to rigid factory specifications. Complete with new Wickwire starter spring and drive head. Check type you want with illustration above before ordering. **State make, year and model of car when ordering.** Av. shpg. wt., 1 lb.

Enjoy faster starting and put an end to unnecessary battery wear and costly gasoline waste with a Sears NU-BILT starter assembly. These NU-BILT starters for Fords and Chevrolets are rebuilt to make them equal to original equipment. All worn parts are replaced and new installed. Starters for Chevrolets are complete with drive. Starter drives for Fords are listed at left. Sears replacement parts are guaranteed (see below) which is your assurance of top quality and dependable service. With the liberal trade-in allowance given for your old starter, your savings are even greater. Read "How to Order" directions below. Shipping weight, 20 pounds.

HOW TO ORDER

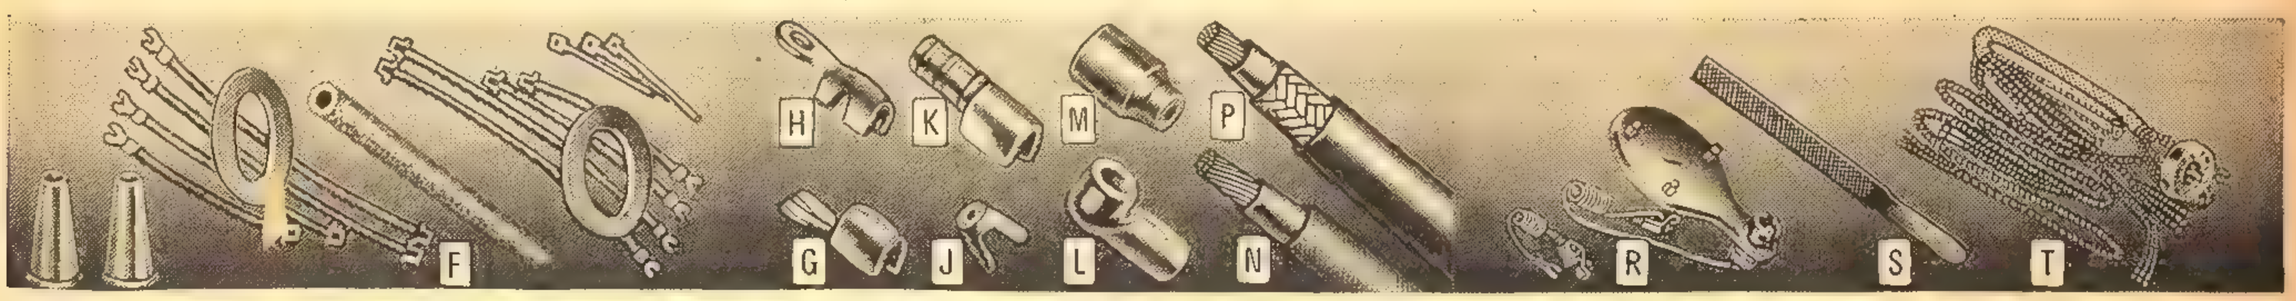
Generators or starters may be ordered in two ways:

(1) Send full price with order and we will ship new unit with coupon, which you return to us with your old unit for credit.

(2) Send old unit **prepaid**, plus the exchange price. Keep old cutout or regulator. Generator or starter returned must be for the same car as one ordered. Deductions made for missing or broken parts. **State make, year and model of car.**

GUARANTEE

Sears guarantee all NU-BILT replacement parts to give service equal to original equipment. This money-back guarantee affords you full protection. All parts have been carefully and thoroughly tested and are ready for immediate operation.



Money-saving prices on NU-BILT Generators

[E] Sears replacement parts have long been famous with motorists and mechanics everywhere for delivering satisfactory service, and these NU-BILTS continue to uphold that fine record. Every worn part has been replaced with a full size part in order to give "like new" performance. Each one is rigidly factory-tested and inspected by skilled workmen in accordance with the latest manufacturing standards. Your NU-BILT will deliver maximum output without overheating. All field coils and armatures are ample size. The NU-BILT 12 to 14 ampere generators are standard replacement. Air cooled NU-BILTS deliver 18 to 36 amperes (depending on the car for which they are built). Some of the 18 to 36-ampere assemblies may be used as extra power units to replace non-air-cooled generators. You get a really dependable generator when you buy a NU-BILT, and the price is unusually low for this quality. Read "How to Order" directions below. See listings below. State make, model and year of car.

Save at Sears by mail on Wiring Accessories to keep your car in shape

Wiring Set for Ford V8

[F] One of these complete wiring sets for Ford V8, 1932–42, will quickly renew wornout spark plug wiring. Takes all the hard work out of rewiring and considerably shortens the time to do a complete job. You will get a much faster, hotter spark through these Cross Country wires . . . made to withstand high voltage.

Set includes a special loom to be used as an auxiliary conduit for generator and primary leads that normally are run through the left-hand spark plug wire conduit. Clamps for attaching included. Faulty wiring slows starting, lowers power, pulls your battery down. Restore full firing power.

28 K 8107—Shipping weight, 1 pound 4 ounces.....**$1.40**

High quality Wire Accessories

Include all the terminals you need with your wire order. Average shipping weight, 2 ounces.

Oil Filters protect your motor

Filtrite Unit

A Under today's curtailed driving, motors become coated with sludge and grit. The specially prepared cellulose filtering bed on this Filtrite, filters out dirt and abrasive materials that cause valves and rings to stick and reduce the motor's power. **Install a Filtrite . . .** you save gas. You save on oil and motor repairs, too. Replaces any standard equipment sealed-can type filter, such as Purolator or AC, without extra oil line tubing. **Only for cars equipped with such filters.** Filtrite is 4 5/16 inches in diameter and 5 inches long.

28 K 4657—Shpg. wt., 2 lbs. **$1.25**

Reliance Oil Filter

When you install a new filter, you help to reduce engine wear and oil consumption substantially. Next in quality to Filtrite. Gives thousands of miles of trouble-free driving with clear, bright oil. Only for cars originally equipped with throw-away, sealed-can type filter.

28 K 4665—Shpg. wt., 2 lbs. **79c**

Oil Filter Unit

B Why let dirt, gum and grit in your oil grind away at hard-to-replace motor parts . . . clog them up, reducing motor power? This excellent quality oil filter **halts abrasive action** of impure motor oil by filtering out all dirt, sludge, grit, foreign particles—restoring the oil to its original lubricating efficiency. Replaces throw-away "sealed can type" filters on **Chrysler, Dodge, DeSoto, Plymouth,** without extra fittings. **Install this inexpensive filter . . . and save from then on by using Sears low-priced refills.** Replaceable filter element is of long-fiber, non-channeling cotton material in perforated shell . . . easy to change with one wrench. This unit keeps new oil bright and clean for a long time. Keep several refills on hand.

28 K 4599— Complete filter. Shpg. wt., 4 lbs.... **$2.19**

28 K 4598—Refill with new cover gasket. Shpg. wt., 1 lb..... **55c**

Refill Filter

C Sears Filtrite Senior is a refill type filter — has larger area for removing all grit, gum, sludge and impurities from oil. Keeps oil at top lubricating efficiency for ■ longer period. **Conserve your car and get full power out of your fuel ration by installing Filtrite Senior.** Avoid motor repair bills caused by gritty oil. Install this unit and you will save many times its low cost in lower oil and gas bills. No extra parts needed. Order an extra refill, see table at right. Shpg. wt., each, 11 lbs.

28K4552—For all Plymouth, Chrysler, Dodge, DeSoto. **$3.98**

28K4553—For all Chevrolet 6-cylinder 1937–42 cars and trucks..... **$3.98**

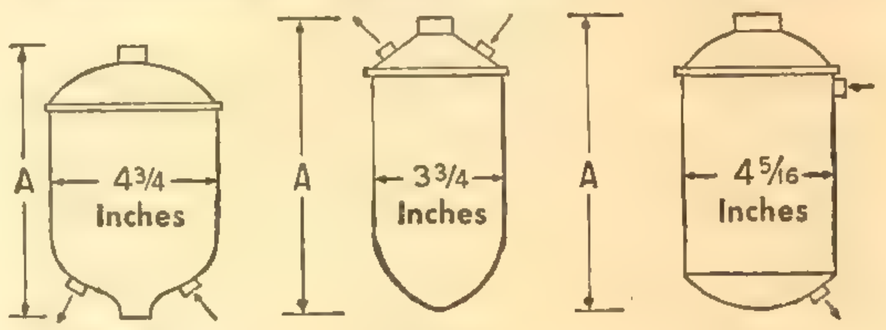
28K4554—For Ford V8, Mercury cars, trucks (except cab-over-engine type). **$3.98**

28K4555–With Universal fittings for all other cars and light trucks..... **$5.10**

Keep your oil clean—Now, more than ever, an oil filter can help you. With motors idle for long periods at a time, you can't afford to have vital surfaces coated with sludge, grit or gum that are the cause of most lubricating problems. Abrasive wear would be greatly accelerated—sludge and gum would cause valves and rings to stick and waste precious fuel. An oil filter will help conserve your car by keeping the motor clean and in free operating condition. In ordering your filter be sure to **state make, year and model of your car, truck or tractor.** For Sears Easy Terms, see inside back cover of this catalog.

Filter Refills

Cartridge Refills for popular makes of Filters



D Under present conditions, change your element at least every four months and be sure of removing varnish and gum that cause valves and rings to stick, thereby wasting gasoline. Sears **low-priced elements do this economically,** remove all abrasives and sludge that accumulate now that engines are idle more of the time. Finely perforated case, packed with long-fiber cotton filtering material. **Perfect interchangeability and seal guaranteed.**

HOW TO ORDER: Because replaceable element filters on most cars are not standard equipment, but are accessory equipment usually installed afterward, **you must check your filter very carefully before ordering.** Most filters are marked with manufacturer's name and number. Check this with listings below. Average shipping weight, each, 2 pounds.

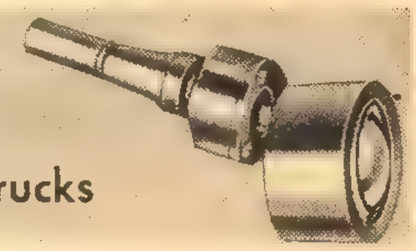
New Barrel Pump

Just the kind of pump you need for drawing gasoline, oil or tractor fuel out of storage containers. Extremely well built. As all parts of pump have metallic fittings, there's nothing to wear out. Adjustable to any depth barrel and opening. Spout threaded to take garden hose coupler. Steel pump cylinder is 42 inches long, 1½ inches in diameter. For any liquid.

28 K 04549—Shpg. wt., 7 lbs... **$2.98**



Brand new Cylinder Heads for Fords

Replace Ford cracked cylinder heads with one of these high quality heads that are exact duplicates of original equipment. Each one is water-tested under high air pressure at the factory to assure you of dependable service. **Sears guarantee that these cylinder heads will give a perfect compression-tight fit.** These heads are accurately machined from close-grained, high-grade iron castings. When replacing an old cylinder head it is necessary to install new cylinder gaskets also. Include these with your order for a complete job. For Sears high quality gasket material see index. **Order from table below. Be sure to state model, year and serial number of your Ford.**

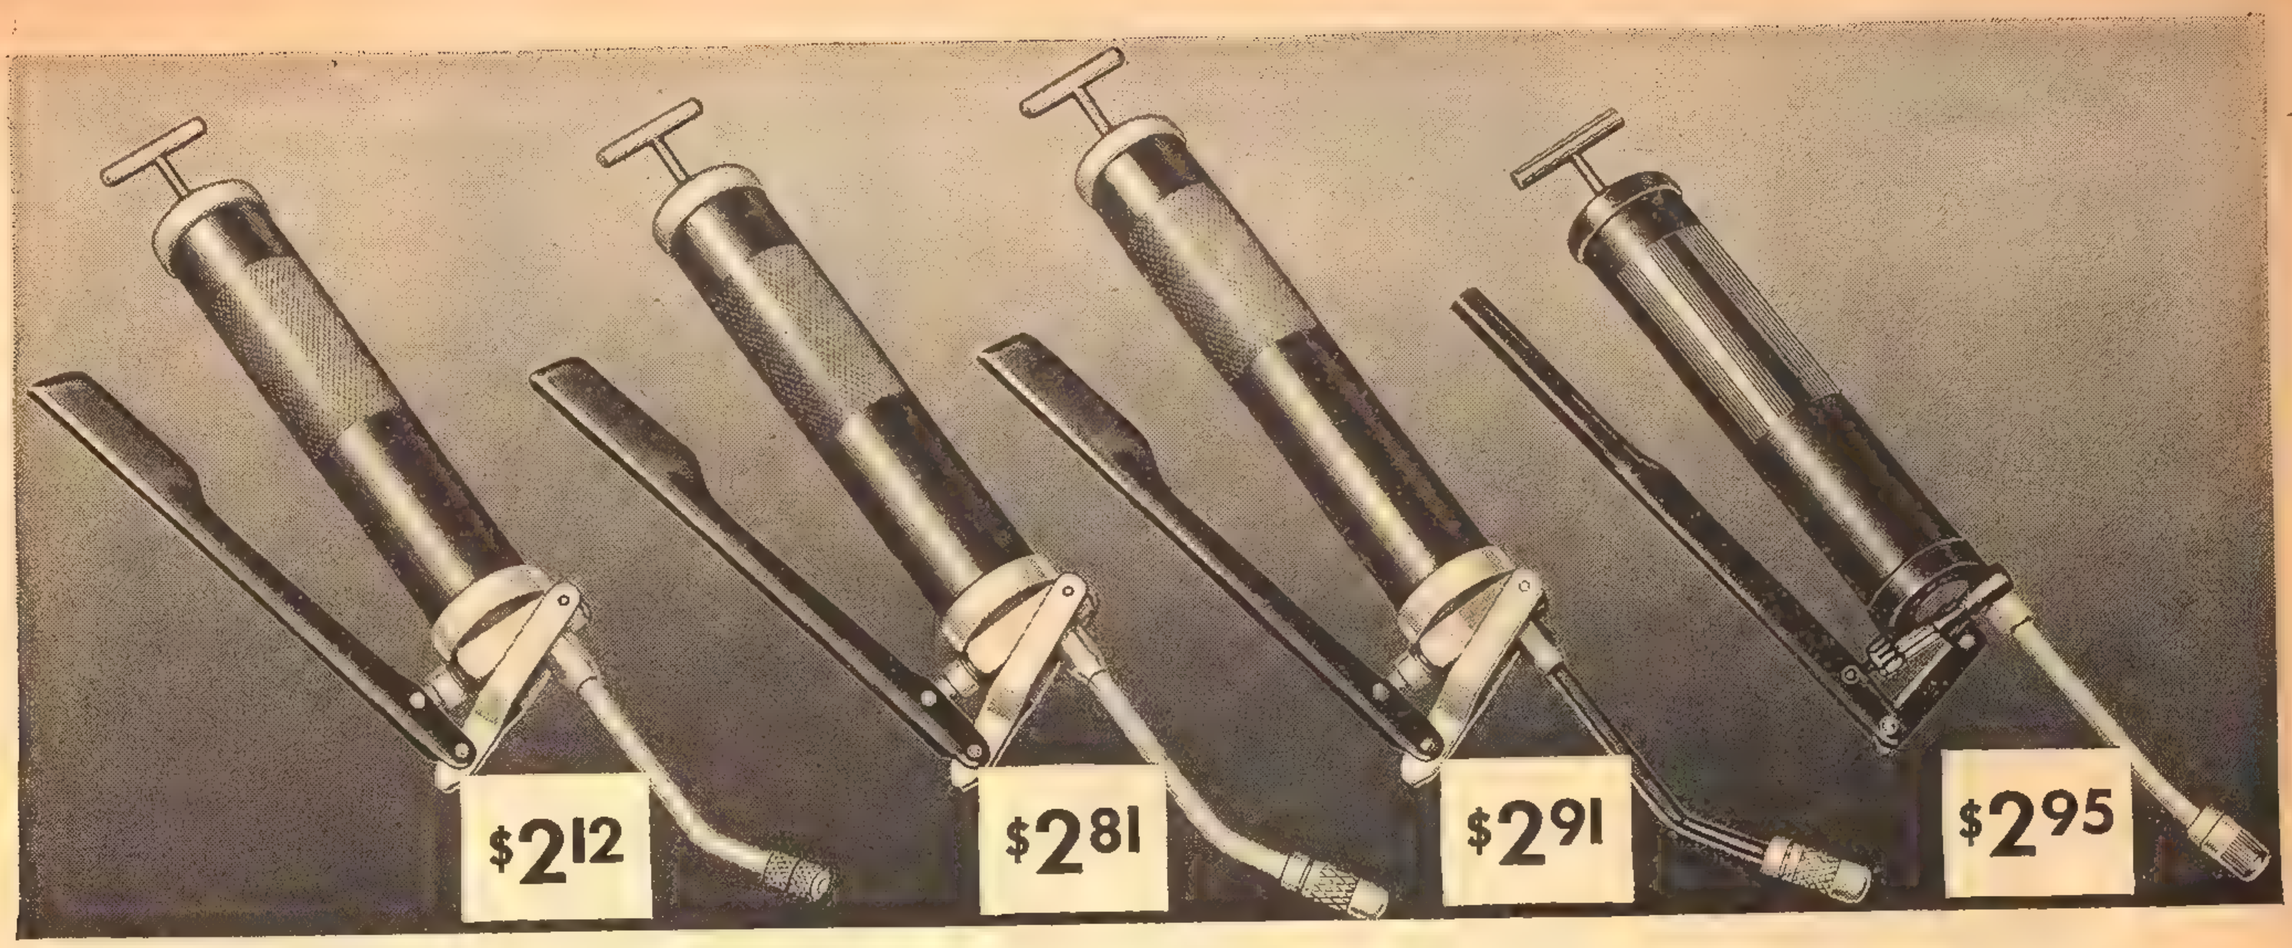
Oil Pump Assemblies for Chevrolet Cars, Trucks



Oil Pump Assemblies for Chevrolet

No part of your car's lubrication system is more important than its oil pump assembly, for it is the function of this part to maintain a constant flow of oil to all parts of the motor. If your engine is not being properly lubricated you may have costly repair bills to pay. If oil pump assembly is defective you may be wearing out your motor too fast. Be sure to check your oil pump assembly, and if in need of replacement, order a new one from Sears. These assemblies have been carefully tested and inspected and will deliver long, trouble-free service. Guaranteed to deliver full capacity. Made from quality materials by expert workmen, they are duplicates of original equipment. If you wish, you may add one of these assemblies to your Easy Payment order. For complete information see inside back cover. Average shipping weight, 4 pounds.

Regular greasing makes equipment last longer

Safeguard the sizeable investment you have in your car, truck, farm equipment by proper lubrication. Many experts claim that fully 70 per cent of repair bills could be saved by proper lubrication. Do it yourself and know it is done right . . . you save a great deal of expense, and you can be sure that every point of lubrication is properly treated. Sears guns make the job much easier. They develop tremendous pressure to get grease into fittings. All Sears guns are designed for full free feed of light or heavy greases, in all temperatures. Durable construction, generous capacity, easy filling, maximum power are built into these guns for long, satisfactory service. Remember—one neglected bearing may cause a big repair bill. Grease your equipment regularly for maximum service and maximum wear. You will have fewer breakdowns that are expensive and time-wasting . . . that may keep your equipment out of service for a long time.

Universal Gun

Grease flows freely out of this gun because of the **full length spring-primed construction.** Has the constant pressure you need to get grease into clogged fittings. Disappearing filler ram. Universal nozzle fits hydraulic or Zerk fittings. 20-ounce capacity.

28 K 4625—Shipping weight, 4 pounds 12 ounces.....**$2.12**

Snap-on coupler for above gun. Best for hydraulic fittings.

28 K 4608—Shipping wt., 3 oz...**57c**

Easy-action Gun

Lever action gun designed for easy filling and long wear. Develops real pressure for thorough, speedy greasing jobs. Snap-on coupler for hydraulic fittings supplied. Spring-primed grease feed gives constant pressure in any temperature. Filler ram disappears for handier operation. All-steel construction; rust-resisting finish. 16-ounce capacity.

28 K 4623—Shipping weight, 4 pounds 12 ounces.....**$2.81**

Sears finest Gun

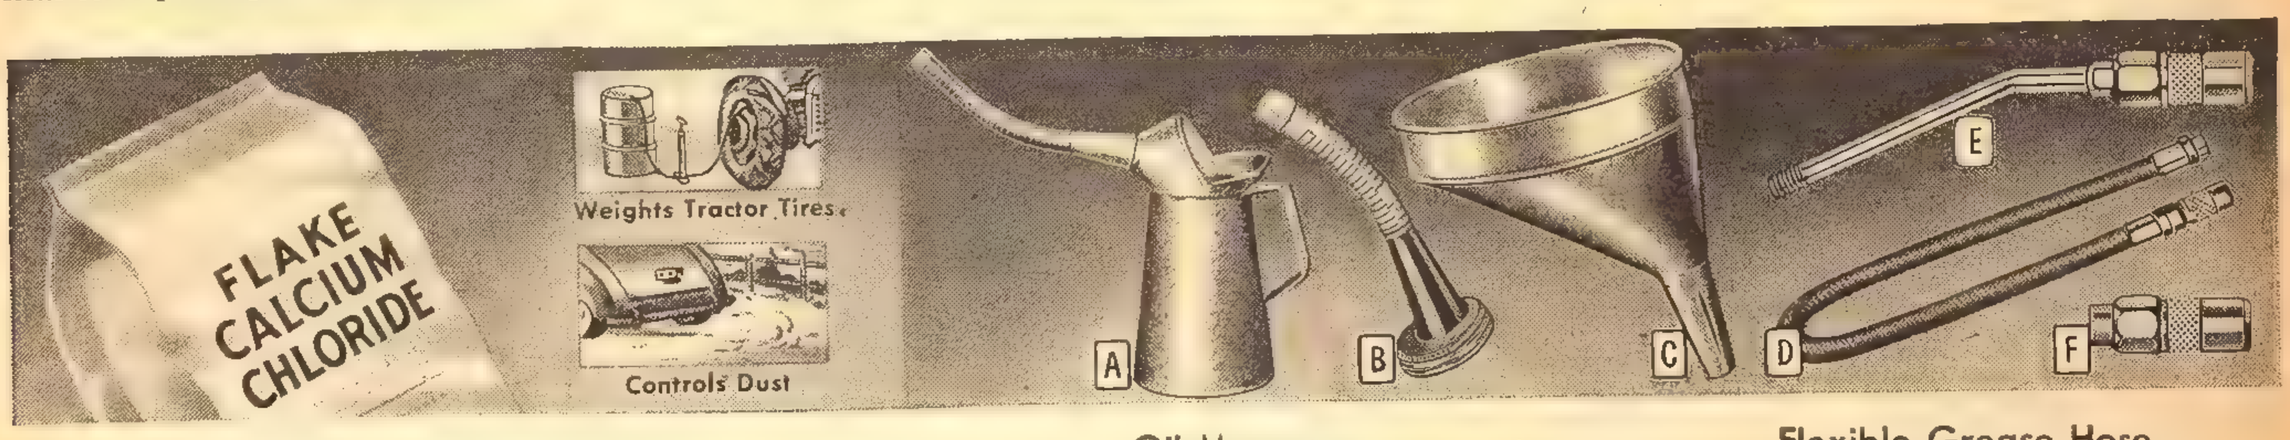
You can't go wrong choosing this extra quality, large capacity gun of rust-resistant steel. Develops the terrific pressure needed to lubricate every fitting. Easy lever action. Full length spring-primed . . . it won't get air-bound and slow up your greasing. Has disappearing filler ram. Extra large capacity—23 **ounces**—does much work without refilling. Hydraulic snap-on coupler included.

28 K 4600—Shpg. wt., 5 lbs....**$2.91**

Alemite Grease Gun

Lever type grease gun made by Alemite, nationally known manufacturer of greasing equipment. Built to the exacting standards of this famous company. Gun is equipped with snap-on coupler for positive connection to hydraulic fittings. Filler ram disappears. Produces constant pressure for easy operation and fast greasing jobs. 17-**ounce** capacity.

28 K 4629—Shipping weight, 4 pounds 13 ounces.....**$2.95**



For a complete line of quality CROSS COUNTRY Lubricants see thn following pages. Greases available for every type of lubrication on car, truck, tractor or farm equipment

Alemite hydraulic Grease Fittings

You can't get grease into broken fittings, so insure a good grease job by first replacing all worn or broken grease fittings. These are well-known Alemite hydraulic type—give surest connection with gun. It will cost you very little to replace with these Alemite fittings . . . and they make all the difference in a thorough greasing job. Sizes quoted are thread diameters having overall dimensions corresponding to diagram above.

Calcium Chloride has many uses

Calcium chloride is a low-cost product that has many uses in farms and homes. Dissolve in water and put in tractor tires . . . it will increase drawbar pull, without the use of expensive and cumbersome steel weights. Solution will not freeze—use in tires the year around, in any climate. Easily added to tractor tire with a Water Valve Attachment (see page 841).

Many other uses. Calcium chloride will also eliminate dust on roads, parking lots, tennis courts, driveways. Harmless and odorless. Easily applied . . . just spread over dusty area. Controls dust . . . kills weeds. Thaws ice, too—use it on roads, sidewalks, drain pipes, etc. Add to fire pails and barrels; it prevents freezing and evaporation.

Still another use for this chemical is in basements, cellars, vaults, closets and the like . . . calcium chloride will absorb several times its weight in moisture from the atmosphere . . . thus controlling dampness. Complete directions on each bag.

95 K 9949—100-pound bag. Prepaid.....

Oil Measure

[A] Strongly made oil measures of steel with rust-resistant coating. U.S. legal measures. Flexible spout is 5½ inches long. Will not leak.

28 K 4631—Quart. Shpg. wt., 1 lb. 2 oz.....**68c**

28 K 4632—2 quarts. Shpg. wt., 1 lb. 8 oz....**84c**

Oil Jar Pour Spout

[B] Flexible spout attached to cap. Fits oil jar or Mason jar. Pours at any angle. 9-inch.

28 K 4683—Shipping weight, 8 ounces.....**25c**

Funnels

Big funnels—8-quart capacity—with fine mesh strainer. Heavily galvanized. Handy for gas, oil, water. Two types. Shipping weight, 4 pounds.

[C] **28K04697**—Offset Spout.**90c**

28K04699—Center Spout. (Not illustrated).....**86c**

Flexible Grease Hose

[D] Makes sure connection with hard-to-reach lubricating points. 14 inches long, with hydraulic snap-on coupler. Hose fits all guns having ⅛-inch female pipe thread.

28 K 4628—Shipping weight, 6 ounces..**$2.45**

Hydraulic Couplers

[E] **Coupler with nozzle pipe.** Fits ⅛-inch female pipe size threads on guns. Positive connection. Fits most guns.

28 K 4592—Shipping weight, 12 ounces....**72c**

[F] **Hydraulic Snap-on Coupler** only, like above. Fits ⅛-inch female pipe size threads.

28 K 4608—Shipping weight, 3 ounces.....**57c**

High Quality Oils to protect and preserve your motor

GOLD CREST Oil

As low as **7½c** Qt. Incl. Fed. Tax

- Low carbon content—keeps power-wasting deposits to a minimum
- Tough oil film protects every moving part

A safe, dependable low-priced motor-oil. GOLD CREST is 100% distilled, wax-free, modernly refined to remove harmful impurities. Compare GOLD CREST with other medium priced oils, and you will see why we recommend it with confidence. For greater economy, order drum sizes.

State catalog number, S.A.E. grade, size of container. Prices include 6c per gal. Fed. tax.

ARGOSY Motor Oil

As low as **10c** Qt. Incl. Fed. Tax

- 100% pure paraffin base
- Resistant to sludge formation
- Minimum carbon formation
- A "balanced" specification oil

It is especially important that you keep your car and truck motor well lubricated under today's driving conditions and to keep it in service longer. Choose a fine, free-flowing oil like ARGOSY to do this important job. Holds up under hard driving in all weather, too, making it excellent for truck and tractor engines. ARGOSY is refined by the newest methods to bring you the finest quality oil obtainable at this price.

PENN MEDAL . . . 100% Pennsylvania Motor Oil

As low as **14c** Qt. Incl. Fed. Tax

- Toughened friction-reducing film protects all moving parts
- Conserves power—saves gasoline—by effecting a better piston seal against compression losses
- Resists sludge formation. Less engine wear, fewer repairs
- Costs much less than other oils of comparable quality

You just can't buy better oil at a price near PENN MEDAL. **It is a pure Pennsylvania motor oil that equals or surpasses premium quality oils selling at twice the price.** This is your oil if you are interested in having fine quality lubricant which will flow freely at temperatures that congeal many other types of oil . . . but which will not thin out dangerously or boil away in summer heat. Protects moving engine parts with a toughened, friction-reducing, protective film . . . which minimizes wear—and consequently, repair bills. PENN MEDAL Oil is refined under the most modern refining methods . . . because of its purity and greater chemical stability, sludge formation is kept to a minimum. **It is the oil to choose if you are interested in quality and economy.** PENN MEDAL has a high flash point so it stands more heat, making the oil last longer and thereby effecting further economies.

Study the comparative chart shown below carefully. You will see that PENN MEDAL is unexcelled by three other premium quality Pennsylvania Motor Oils . . . although Sears price is much lower.

S.A.E. 30	Penn Medal	Oil B	Oil C	Oil D
Viscosity Index (The higher the better)	107	105	105	107
Flash (A high flash means economy)	450	450	445	440
Carbon (Low carbon is desired)	0.55%	0.65%	0.54%	0.43%

Take advantage of a lower cost per quart by buying the drum sizes. Buy on Sears Easy Payment Plan if you wish—you save substantially on the cost per quart and pay for the oil as you use it. See inside back cover.

State catalog number, S.A.E. grade, size of container when ordering. Prices include 6c per gallon Federal Tax.

Catalog Number	S.A.E. Grade	TYPE of Oil

30-gallon drum	250	21.60*
54-gal. steel drum	450	34.24*

*Includes drum deposit. See notice at left about returning drums.

NOTICE ABOUT DRUM DEPOSIT

*Drum deposit is $2.00 for 15-gallon drum, $3.00 for 30-gallon drum and $4.00 for 54-gallon drum. This is included in the prices shown above. Deposit is refunded when empty drums (must be undamaged and fit for reuse) are shipped prepaid to our manufacturer, in accordance with instructions we send with each shipment. We cannot accept drums for refund other than those on which a deposit was made. (Be sure bungs are securely in place.)

Containers: Because our supply of containers is very limited, it may be necessary to substitute our closest available size and type can. You will be charged accordingly.

Motor Tune

32c

- Increases gas mileage . . . because of better compression seal
- Increases film strength of motor oil

Get more mileage—obtain maximum pep, speed and power from your engine by using CROSS COUNTRY Motor Tune regularly. It frees sticky valves and aids compression, reduces or eliminates "blow-by" caused by carbon deposits, and gum binder on pistons, rings and other parts giving you a smoother running engine . . . no bucking or pinging. Remove carbon and gum with Motor Tune—results are quickly noticeable, and it costs only a fraction of a tune-up job. No danger of clogged screens because gum and sludge are actually dissolved. Add to gear lubricants in cold weather for easy shifting.

Motor Tune helps your oil to do a better job of lubricating because it toughens oil film strength. This greatly increases efficiency of ordinary motor oil, assures better lubrication with minimum wear and tear on moving parts. Contains "essence of oiliness"—which is removed from most motor oils by modern refining methods. Motor Tune assures free flow of lubricants, does away with drag and strain even during cold weather . . . relieves battery drain—gives quick pick-up.

Motor Tune is easy to use. Pour some in the gas tank; balance in the crankcase in amounts indicated on each container. Treat your car regularly with it. **Be sure to state size when ordering.**

Shipping Points on Penn Medal, Argosy, Gold Crest Oils

To save money on shipping charges, Sears ship oil in 15, 30 and 54-gallon drum sizes from points shown above . . . Chicago, Milwaukee, Minneapolis, Omaha, Kansas City, St. Louis, Danville, Ill., Cincinnati (Penn Medal only), Pittsburgh, Detroit or Cleveland.

Nearby shipping points mean economy—oil is shipped from city nearest you. Figure how little it will cost to have a drum of oil shipped from one of these points. See Freight Rate Tables on pages 900 and 901. Send orders to nearest Sears mail order house. ↓38

All other sizes of oils stock at mail order hou — Shipped by parcel post, express or freight as desired, from ped separately from other merchandise.

CROSS COUNTRY Lubricants for every car, truck or tractor

REG U S PAT OFF

Don't fail to lubricate your car and all your machinery regularly! With CROSS COUNTRY lubricants—Sears guaranteed highest quality—it will cost you surprisingly little. Your repair bills will be reduced (the majority of repairs are necessary because of neglected lubrication). You will have fewer breakdowns . . . breakdowns that today may keep your equipment out of service. Properly greased, your car and machinery will operate more smoothly. Check your equipment . . . then go over the list of lubricants—our line is complete. Order the right greases and a grease gun—and lubricate all your machinery thoroughly. Do it regularly for savings in time and repair bills. Buy the larger sizes for greatest savings.
SHIPPING POINTS: 100-lb. drums of grease shipped from factories at Chicago, Denver, Detroit, Cleveland, Camden, N.J., Milwaukee, Minneapolis or Kansas City. You pay shipping charges from nearest point. Order from nearest mail order house.

High pressure Gun Grease.

Use CROSS COUNTRY high quality, waterproof Gun Grease for best lubrication of cars, trucks, tractors and other farm equipment requiring lubrication through fittings. This grease is made from high grade oils with a viscosity many times greater than used in ordinary greases. Refined and compounded for best service under any conditions. Has special adhesive qualities that protect moving parts from wear, but it will not harden or clog fittings. For Alemite, Zerk and other lubrication systems. **State catalog number and size.**

28 K 04400	Shipping weight	Price
1-lb. can	2 pounds	$0.14
5-lb. can	7 pounds	.56
10-lb. pail	14 pounds	1.03

100-lb. drum	120 lbs.	7.10

Transmission and Differential Grease

CROSS COUNTRY quality **heavy duty** Gear Grease for older cars, trucks, tractors not requiring an extreme pressure type of lubricant. Semi-fluid, fibrous. Adheres to parts, reducing wear, but does not interfere with shifting. **Reduces noise; will not leak through the gear case.** Lubricate equipment regularly with Sears quality greases, for much longer wear. **Be sure to state catalog number and size wanted.**

28 K 04406	Shpg. wt.	Price
5-lb. can	7 lbs.	$0.53
2 5-lb. cans	15 lbs.	1.06
25-lb. pail	31 lbs.	2.27
100-lb. drum	120 lbs.	6.95

All-purpose Gear Lubricant

Especially compounded for 1937–42 cars with hypoid gears. Very satisfactory for all other cars. A modern powerful E.P. gear lubricant. Will not separate or oxidize. **State catalog number and size.**

Buy the 40-lb. size, and have a handy utility type kerosene can for many other uses in shop or on farm.

28 K 04418–SAE 140 Summer
28 K 04419–SAE 90 Winter

Size	Shpg. wt.	Price
5-lb. can	7 lbs.	$0.69
2 5-lb. cans	15 lbs.	1.25

40-lb. Utility	65 lbs.	4.80
100-lb. drum	120 lbs.	9.70

Wheel Bearing Grease

A A fibrous clinging grease of CROSS COUNTRY quality. Will withstand severe wear in wheel bearings and universal joints. Provides utmost lubricating effectiveness. **State size.**

2 K 04407—1-lb. can. Shpg. wt., 1 lb. 12 oz. . **17c**
10-lb. pail. Shpg. wt., 12 lbs. **$1.25**

Rust Preventative cuts replacements

B Prevents rust before it starts! You can do it by coating metal parts of equipment or machinery that are exposed to the weather with CROSS COUNTRY Rust Preventative. It affords the utmost protection against rust damage—which means fewer repair and replacement bills for you. Rust Preventative keeps bright metal surfaces shiny. Prolongs life of plowshares, discs, harrows, mower knives, open gears, etc. Contains an effective anti-oxidant which prevents rusting. Very inexpensive—and gives protection that is especially important now with machinery hard to replace. Easily applied—brush it on. Stays on! Snow, rain, ice do not wash it away.

28 K 04415—Gallon. Shpg. wt., 10 lbs. **88c**

Light Machinery Lubricants

C **CROSS COUNTRY Light Machine Oil.** A high quality lubricant for motors, sewing machines, typewriters, cream separators, windmills, guns, other appliances, machinery. Non-corrosive, non-gumming. Flows at very low temperatures.

28 K 04408—Quart. Shpg. wt., 2 lbs. 3 oz. **19c**
Gallon Shpg. wt., 9 lbs. **58c**

D **CROSS COUNTRY General-Purpose Oil.** Light-bodied oil for all household, shop and auto use. Full bodied, free flowing. Non-corrosive.

28 K 4411—4 ounces. Shipping wt., 10 oz. . . . **9c**

E **CROSS COUNTRY General-Purpose Lubricant.** A soft textured grease for light machinery lubrication and many other uses. Will not drip. For ns, hinges, bicycles, and many auto applications. handy collapsible tube.

4432—4 ounces. Shpg. wt., 11 oz. **14c**

Water Pump Grease

F This CROSS COUNTRY grease is manufactured especially for lubricating water pumps on automobiles, motorboats, bilge pumps and stuffing boxes. It is waterproof and will not melt or drip into cooling system. Lubricates thoroughly in hot or cold weather. **State size.**

28 K 04403—1-pound can. Shipping weight, 1 pound 12 ounces. **17c**
10-pound pail. Shipping weight, 12 pounds. **$1.30**

Pyroil Lubricants

G Nationally-advertised lubricant. Cleans engine of carbon, gum, sludge and other harmful accumulations. Non-corrosive. Pyroil "A" lubricates upper cylinder walls and valves. Pyroil "B" removes gum and sludge. **Be sure to state size and type when ordering.**

	28 K 4440 Pyroil "A", add to gas			28 K 4441 Pyroil "B", add to oil

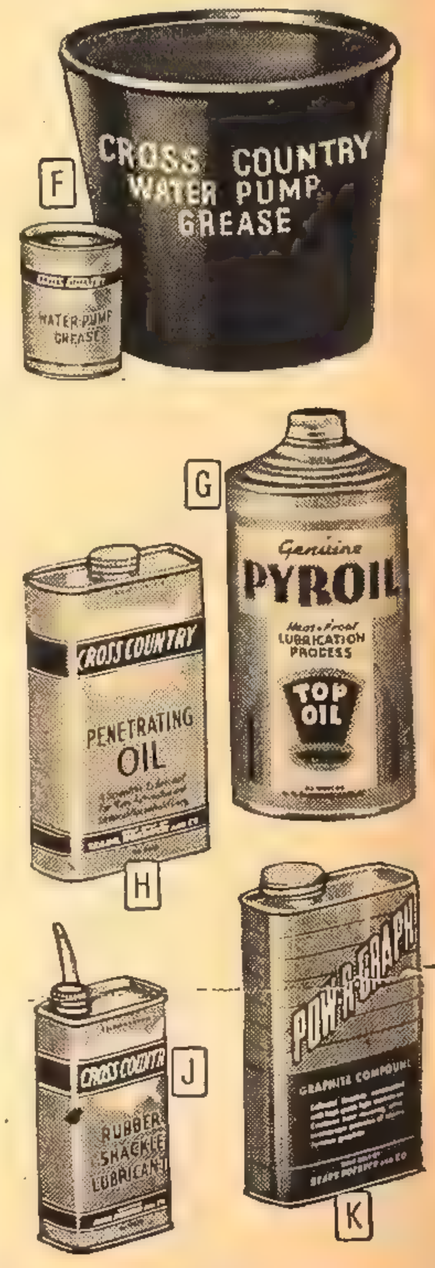
CROSS COUNTRY Penetrating Oil

H Positive penetrating action loosens rusty bolts, pipe threads, locks, springs, etc.—acts quickly. Stops auto body and door squeaks. Add to transmission and differential in winter to insure easy gear shifting.



28 K 4410—Pint. Shpg. wt., 1 lb. 13 oz. **21c**

J **CROSS COUNTRY Rubber Shackle Lubricant.** Stops squeaks and chirps in rubber parts of chassis. Preserves rubber, now so hard to replace, by keeping it soft and pliable.

28 K 4423—8 oz. Shpg. wt., 1 lb. 14 oz. . . . **35c**

K **CROSS COUNTRY Pow-R-Graph.** Upper cylinder oil—colloidal graphite compound—for use in motor oil and gasoline. Good for "breaking in" motors; also for hot-running motors.

28 K 4433—Pint. Shpg. wt. 1 lb. 13 oz. . . . **29c**

RELIANCE Cellular Radiator Core

The RELIANCE Cellular Core has ⅝-inch hexagonal cells and large, non-clogging water channels that resist clogging or sludge formation. The water passes over the zig-zag channels for faster cooling. Sturdy construction. This core is equal to or better than original equipment.

HOW TO ORDER YOUR RADIATOR FROM SEARS

When ordering your new radiator from Sears be sure to **state make, year, model, number of cylinders and serial number of car.** This information is on your state license card. All are mailable except those with "M" in catalog number (such as 28 KM 9459F) which are shipped freight or express. To estimate freight charge, see pages 900 and 901. Chevrolet K* has outlet on left; V* on right. (Driver's side is *left* side of car.) For Pontiac 1928–29, also specify whether hose connections are at sides or at top and bottom. For 1933 Plymouth, also state whether Model PC or PD, and if PC, state whether filler neck is under the hood or outside. On 1929 Plymouth give inside diameter of lower outlet. Due to manufacturing limitations, **we can supply only one radiator to a customer.**

Shipping Points: Radiators for Chevrolets and Fords are shipped from our mail order house except as indicated by (†). Radiators indicated by (†) and radiators for other cars are shipped from factory in Chicago, Philadelphia, Kansas City or Minneapolis. You pay transportation from nearest one. **Order from nearest mail order house.**

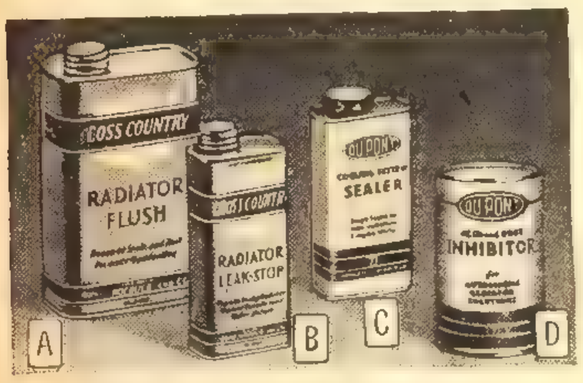
75c ALLOWANCE for your old Radiator

With each order for a new COOLMASTER or RELIANCE Radiator, we issue a coupon entitling you to the above amount to be paid upon receipt of your old radiator by us. Return old radiator, prepaid, to any of our mail order houses or retail stores, following the installation of your new COOLMASTER or RELIANCE Radiator in your car or truck.

IMPORTANT NOTICE about Radiators

In ordering your COOLMASTER or RELIANCE Radiator from Sears, please be sure to **state the make, year, number of cylinders and serial number of your car.** This is essential if we are to fill your order without delay. Also, please be sure to read instruction on "How to Order your Radiator" above, before mailing your order, and the allowance notice at left.

RELIANCE Radiators



Our Own Trade Mark

- Next quality to our COOLMASTER . . . made from the same materials, in the same factory as our COOLMASTERS
- Sears RELIANCE Radiator is equal in every respect to the original radiator equipment on your car
- The RELIANCE Radiator gives splendid service . . . it is carefully made by skilled, reliable radiator craftsmen
- Priced remarkably low for their outstanding quality

Sears RELIANCE Radiators are next in quality to our well-known COOLMASTER brand. They are made from the same high quality materials as our finest radiators, and are manufactured in the same factories. The basic difference between our lower-priced RELIANCE Radiators and our COOLMASTER models is in the construction of the honeycomb cells. RELIANCE has a slightly reduced cooling surface, hence a smaller water capacity. For example, COOLMASTER Cellular type Radiators have ¼-in. diamond-shaped cells, as compared with ⅝-in. in the RELIANCE Radiator of the same type. Naturally this gives COOLMASTER Radiators a more rapid cooling efficiency. In all other respects RELIANCE Radiators are identical with our higher priced COOLMASTERS.

IMPORTANT NOTICE Regarding Radiator Availability

While the production of radiators for civilian use has been greatly reduced, we will be able to fill practically all orders if our customers are willing to accept a reasonable delay. Most of our radiators can be shipped within 2 weeks. On a limited number there may be a delay of from 3 to 4 weeks. Please bear these facts in mind when placing your order, and rest assured that we will handle it as promptly as possible under present circumstances.

Quality Radiator Needs

Your radiator will last longer and operate more efficiently when given proper care. Stop small leaks immediately. Clean radiator regularly. We recommend that before removing old radiator, clean the motor block thoroughly with CROSS COUNTRY Radiator Flush. Rust and scale, which have collected in an old block, will clog the finest new radiator a few minutes after the motor has started. Order a new hose and new fan belt, too, and completely overhaul the cooling system of your car for miles of trouble-free driving.

A CROSS COUNTRY Radiator Flush. Removes rust and scale from cooling system. Use before and after anti-freeze season.
28 K 6406—16 ounces. Shpg.wt., 2 lbs. **23c**

B CROSS COUNTRY Radiator Leakstop. For small leaks in radiator, water jacket or cracked cylinder head. Won't clog cooling system. Shpg. wt., 1 lb. 6 oz.
28 K 6400—10 ounces. **27c**

Anti-freeze Rust Inhibitor (Not illustrated). To be added to permanent type anti-freeze to protect cooling system against rust, acid and scale formation. Add to anti-freeze when removing from system in spring, or in fall when placing anti-freeze in radiator. Shipping weight, 1 pound.
28 K 6415—8-ounce bottle. **47c**

C DuPont Cooling System Sealer. Repairs leaks in radiators and engine blocks without clogging. Postpaid.
28 K 6402—8 ounces. **44c**

D DuPont Acid and Rust Inhibitor. For reconditioning old anti-freeze. Neutralizes acid developed in the anti-freeze and renews its rust-preventative powers.
28 K 6416—5-ounce can. Postpaid. **37c**

†Shipped from factory. See "How to Order." *For Pontiac 1928–29 specify if hose connections are at sides or at top and bottom. For 1933 Plymouth also state if Model PC or PD, and if PC state whether filler neck is under hood or outside, and on 1929 give diameter of lower outlet. Radiators marked "M," such as 28KM9459F, are **Not mailable,** but are shipped by freight or express. Others mailable.

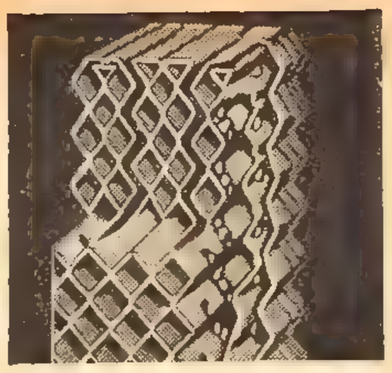
38c

PLIES



28 K 1318. . . . . 19c

TUBULAR TYPE core like standard equipment Radiators on all model A, AA, V8 Fords.

MULTI-V-TYPE cellular core like standard equipment on 1933 and later General Motors cars.

DIAMOND SHAPE cellular core like standard equipment on Chrysler and other popular cars.

Tubular type for V8 Fords

Tubular core similar to original. Flat, ribbon-type "staggered" tubes. More cooling fins per inch. Note extra large size and close spacing of tubes—they cool faster.

For Model A Fords

Contains more tubes and fins than standard equipment. Designed with triple row of oval brass tubes.

For 1933-41 Chevrolets and other G. M. cars

Latest Multi-V-type cellular construction. The vertical water passages containing scientifically designed water pockets promote faster cooling and resist radiator clogging or formation of troublesome scale. Give much greater cooling efficiency because they contain 30% more metal . . . therefore dissipate heat faster.

For 1925-32 Chevrolets and Chrysler Makes

Provide more efficient, speedier cooling than original equipment. Has ¼-inch diamond shaped cells with thousands of scientifically designed air deflectors. Creates two-way air stream through core. Water passes in thin stream over maximum area of metal in zigzag channels of the core for faster, more efficient cooling.

†Refer to "How to Order" on opposite page. We can deliver only one radiator to a customer.

As low as **$11.90** For Chevrolet

COOLMASTER Radiators

Our Own Trade Mark

- Sears best radiator . . . has extra long efficient type water passages . . . more cooling fins. • Will fit perfectly
- The correct core designs for most efficient operation—like the original equipment on the different cars
- Highest grade materials used in COOLMASTERS to make them stronger, more resistant to corrosion, clogging, freezing
- Built by skilled workmen with factory precision methods

Get a COOLMASTER for the real answer to overheating! So much of your motor's efficiency depends on proper cooling that we recommend a COOLMASTER for the job. Husky construction includes leakproof, double lock-seamed tanks and header plates, as rust-resistant and long lived as it's possible to make any radiator today. We allow 75c for old radiators. †See facing page for ordering information.

Sears Fan Belts give long service

As low as **19c**

Avoid over-heating and resultant motor troubles by replacing that worn or slipping fan belt now. Sears Fan Belts are of V-type cable cord construction . . . 40 to 50 gum-insulated tire cord plies 2-ply vulcanized outer cover . . . a tough single unit. Finest grade treated fiber cords are embedded in firm, flexible, heat-resisting rubber. All parts are securely vulcanized to resist internal friction and over-heating. Flat belts are made of layers of strong fabric vulcanized between rubber. Shipping weight, each, 14 ounces.

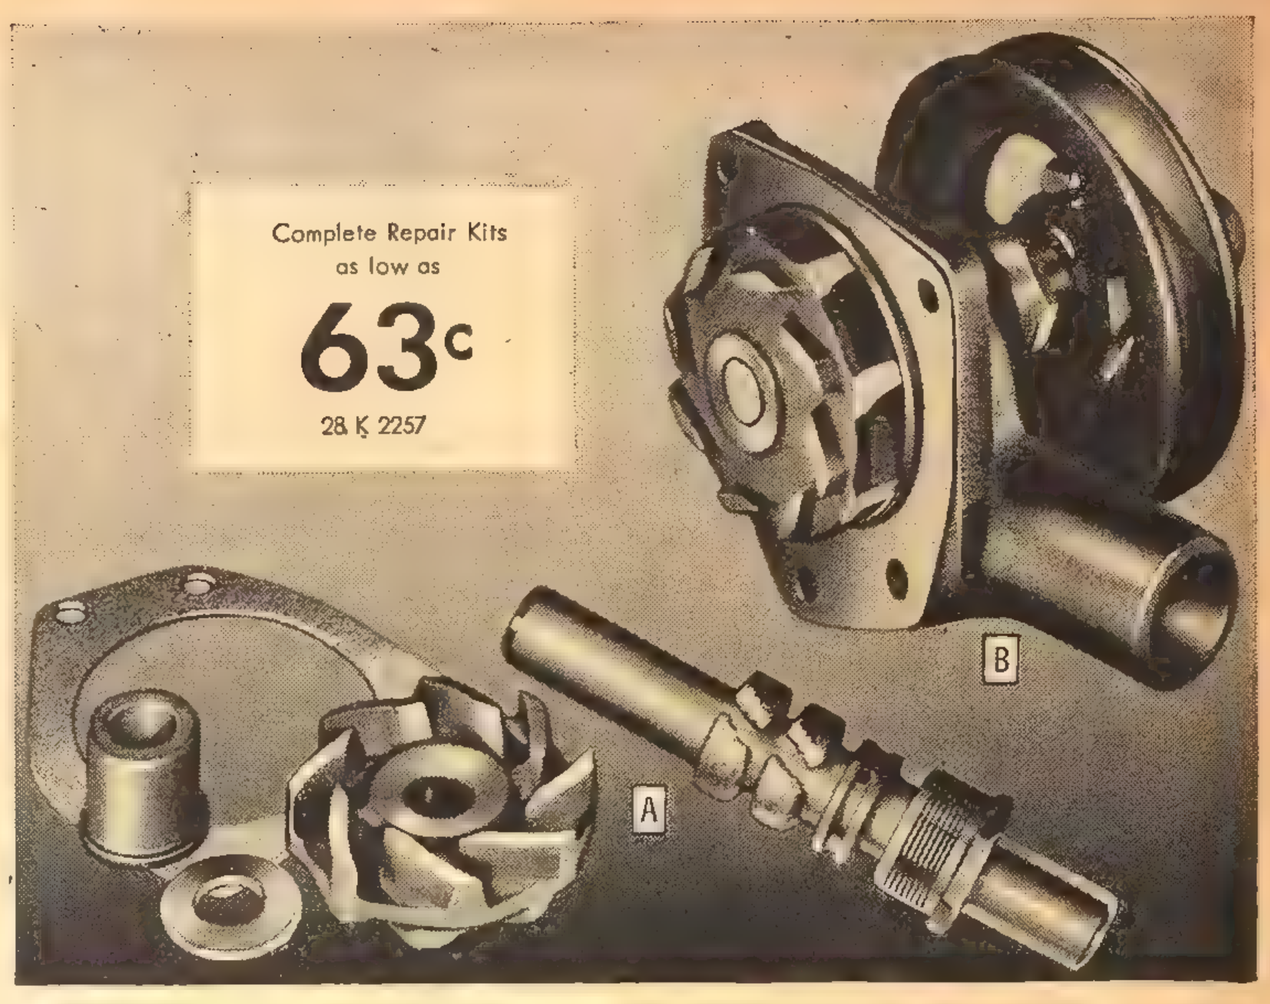
Water Pumps and Kits



New Water Pumps for Ford and Chevrolet

If the water pump in your car is leaking, squealing or imperfect in any way, now is the time to get a brand new, exact replacement. Latest improved packless type **Aqua-tite** seals used in all pumps except for early model Ford and Chevrolet. Easy to install. Complete with pulleys and gaskets, except 28 K 4769 and 28 K 4770. Thus you do not have to remove pulley from old pump and press it on the new one.

Two Ways to Order. Send outright price and return old unit later, **prepaid** for allowance. Or, send exchange price with your old unit, **prepaid. State make, year and model.**

Mechanical Brake Cables

C For safety's sake and best car operating condition keep the brake system of your car in perfect working order at all times. With these brake cables, made of highest quality materials obtainable, you're assured of dependable replacements equal to original equipment. Conduits are capped to protect the cables from water and dirt for longer service and a smoother working brake system. All fittings firmly attached. Tested for 10 times normal strain so that you can always depend on them to deliver top service.

Will Fit Your Car Perfectly

Each cable is designed for use on a particular car . . . sure to fit. Sears can furnish brake cables at real savings for service and hand brakes on most passenger cars and ½-ton trucks (using cable type brakes), except Ford 1939–42. Brake rods for Fords up to 1936 not available. Cables **shipped from factory** in Chicago. You pay postage from there. Include the following information: **State make, year, model, serial number of car** (on trucks, the wheel base also.) **State also position of cable—front, rear, right, left or hand brake.**

28 K 1938F—Shpg. wt., 1 lb. 8 oz. . . **$1.35**

Brake Fluid

D CROSS COUNTRY Hydraulic Brake Fluid. Highest quality, safe and dependable for all hydraulic brakes, as it mixes perfectly with Ford, Chrysler, General Motors and all other fluids. Operates perfectly at all temperatures. Does not freeze at 40° below zero or evaporate at high temperatures. Will not clog or corrode systems. Check the hydraulic brake system of your car regularly to be sure it has adequate fluid. Keep the system free from dirt and gum by draining and refilling with CROSS COUNTRY highest quality hydraulic brake fluid.

28 K 1930—1 pint. Shpg. wt., 1 lb. 14 oz. . . **47c**

28 K 1929—1 quart. Shpg. wt., 3 lbs. 6 oz. . **79c**

Keep the brake system of your car in good condition at all times. Replace worn parts at Sears low prices.

Bleeder Hose

E You'll need one of these bleeder hoses to exhaust air from hydraulic brake system after relining brakes or adding fluid. Complete with all connections. Universal for all cars. A real help when repairing hydraulic brakes. Shipping weight, 3 oz.

28 K 2202—Each **12c**

Brake Hose

F Install these quality brake hoses, too, when replacing worn brake linings. Tested for 5,000 lbs. pressure. All fittings are permanently attached. For all cars. Pennsylvania state approved. License No. VH 20. For cars listed in How to Order at right shipped from stock, others from factory in Chicago. In ordering, **state make, year, model, serial number, and** whether for **front** or **rear** wheel. Shpg. wt., 4 oz.

28 K 2175F **81c**

Stoplight Switch

G Heavy duty type for hydraulic brakes. Genuine replacement. Include one with your other brake accessories. Shipping weight, 2 oz.

28 K 1318 . . . . . **19c**

Master Cylinder Parts

H For the utmost safety and protection against serious accidents, keep the brake system of your car in perfect condition. This set consists of all high quality parts to rebuild the master cylinder of your hydraulic brake assembly. Each part is made and inspected by expert mechanics for exact trouble-free replacement if cylinder walls are true. Set includes valve, piston cup, boot, spring, and clamps (where needed). Complete instructions included to make installation easy. In ordering, **state make, year, model and serial number of car.** Read "How to Order" instructions below.

28 K 2159—Shipping weight, 8 ounces . . . . . Kit **70c**

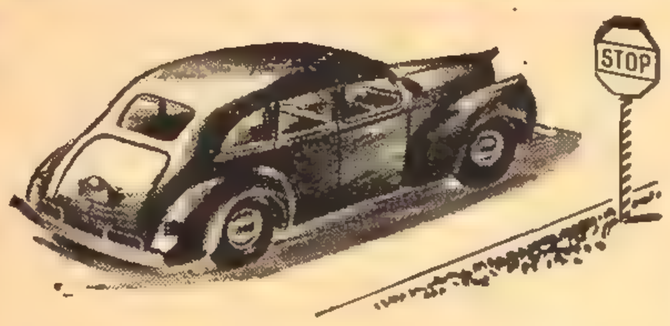
Wheel Cylinder Parts

J All new parts to completely recondition one wheel cylinder to keep brakes in top condition. Set includes cups, return spring and boots. For complete job and best results, two front and two rear sets are needed. **State wheel position, front, left, right, rear, etc.** Also **make, year, model, and serial number** of car.

28 K 2160—Shipping weight, 5 ounces . . . . . Each wheel **26c**

HOW TO ORDER

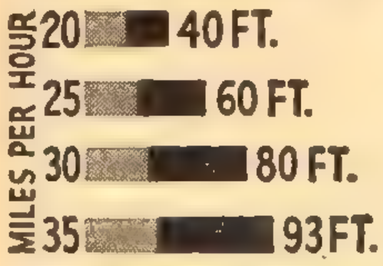
Master Cylinder Parts, Wheel Cylinder Repair Parts and Flexible Brake Hose carried in stock for these passenger cars: Buick, 1936–42, Chevrolet 1936–42, Chrysler 1929–42, DeSoto 1928–42, Dodge 1929–42, Ford 1939–42, Plymouth 1928–42, Pontiac 1935–42, Oldsmobile 1935–42, and for 1½-ton Chevrolet trucks 1936–42. These parts also fit many other cars and trucks not listed. Kits for almost all cars and trucks available.



If we cannot ship from stock we will ship from Chicago factory. You pay postage from there. Order from nearest mail order house. Give make, year, model of car, serial number and whether for front or rear, right or left wheel.

All auto accessories are available on Sears convenient Easy Terms. For complete information see inside back cover of this catalog.

IMPORTANT NOTICE



Our government requires that when new or rebuilt functional parts are purchased, a similar used, defective part be turned in for each part purchased (WPB Order L-158). When you receive your parts from us, you will be advised how to handle your old parts.

To be assured of getting the correct replacement part **always give make, model and year** of car with your order.

Restricted driving speeds do not solve your braking problem nor prevent accidents

BRAKES SHOULD STOP CAR IN THESE LIMITS

The above chart is considered as "par" for safe braking under normal conditions. Since brakes are your first line of defense against accidents, never allow them to fall below "par." Reline worn brakes with Sears guaranteed linings.

CROSS COUNTRY Brake Lining

REG U S PAT OFF

Guaranteed for 20,000 miles of service

- Only highest grade asbestos and mineral compounds are used in Cross Country
- Designed for perfect fit to each car or truck . . . quickly and easily installed
- All Cross Country Brake Sets are guaranteed to give you 20,000 miles of service
- Every set complete with necessary rivets and easy-to-follow installation instructions

Sears can guarantee CROSS COUNTRY Brake Lining Sets for 20,000 miles because these sets are properly engineered to fill the exact requirements of your particular braking system . . . and because they are made of the top quality materials proven to be the best for your brakes. **Highest grade asbestos and mineral compounds in CROSS COUNTRY sets.** That is why they give such perfect service over such a long time. **Smooth, powerful braking action, with featherweight pedal effort!** It takes no longer to install Sears fine quality, CROSS COUNTRY Brake Lining Sets than it does to reline with a brake lining material of lesser quality. To get the extra mileage and safer, smoother braking, it is worth far more than the slight extra cost of this superb material, to install CROSS COUNTRY 20,000-mile sets when you reline your brakes. Emergency brake lining not included . . . use Cross Country Super-Flex Lining, shown at right, for this purpose.

CROSS COUNTRY Sets for Ford, Chevrolet, Plymouth, Chrysler, Dodge, De Soto, Buick, Oldsmobile, Pontiac and Zephyr

All sets are for four wheels and are drilled and countersunk (except as noted).

Transmission Lining for all Model T Fords

Famous CROSS COUNTRY Transmission Lining for all Model T Fords — **unsurpassed for quality and dependability.** To reduce noise and jerkiness; gives excellent service. Extra heavy duty—made of long fiber cotton, extra thick, extremely flexible. **Oil treated to resist heat, grit, moisture and wear.** Set includes 3 strips cut to exact length, and rivets. Order a set for your car for improved driving. Shpg. wt., 14 oz.

28 K 1857—For 1909–25 Ford.....88c
28 K 1858—For 1926–27 Ford.....97c

IMPORTANT NOTICE

Our government requires when new or rebuilt functional parts are purchased, a similar used defective part to be turned in for each part purchased (WPB Order L-158). When you receive your parts from us, you will be advised how to dispose of old parts.

CROSS COUNTRY ready-lined Brake Shoes

REG U S PAT OFF

It's quick and easy to have New Brakes this way

Ready-lined Brake Shoes for passenger cars

It pays to buy the best quality. By installing CROSS COUNTRY ready-lined brake shoes you'll drive many thousands of miles before brake adjustment is needed, and you'll receive 20,000 miles or more service before relining is needed. All shoes are factory-made to each car's requirements. Line with CROSS COUNTRY lining. Sets listed are for front or rear unless otherwise stated. Order two sets for complete job. Emergency shoes not included.

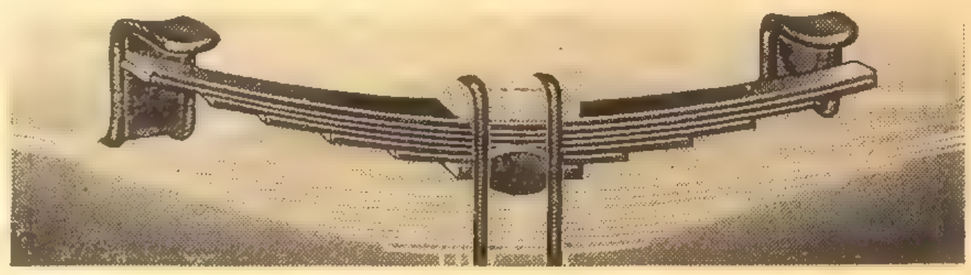
Quality Car and Truck Springs at Sears low prices

Install new Springs for smoother riding and increased driving comfort!



• Individually heat-treated, oil-tempered leaves are stronger . . . accurately tested for arch and temper. • Precision formed. • Perfectly fitted. • Ready to install. • Pins and bushings included if part of spring. • High quality . . . made of top grade materials.

Be sure that the springs on your car are always in good shape. This is important as an aid to easier steering, protection against excessive and uneven tire wear, and general all-around improved car performance. The springs listed below are perfectly fitted and have correct resilience to duplicate original equipment exactly. Made of highest grade materials . . . carefully tested for correct arch, firmness and temper. All leaves are individually heat-treated and oil-tempered for longer service. Best results obtained when installed in pairs. **Be sure to state make, model, year, serial number, body style, number of leaves, and whether front or rear, right or left.** Come ready to be installed. We furnish springs for many cars, trucks and trailers not listed below. Write Sears Personal Service Department for prices and availability. For Sears Easy Payment Terms see inside back cover of this catalog.

Stocks in mail order houses assure prompt delivery

All springs are now carried in stock in our mail order houses to assure you prompt delivery. Factory and warehouse stocks are depleted and unreliable, but numbers listed can be shipped promptly. Springs at left and number 28 K 09915 below, are mailable. You pay transportation from nearest mail order house. See inside back cover of this catalog for Sears convenient Easy Terms.

Helper Springs for passenger cars and trucks

Install a set of these dependable helper springs on your car or light truck for increased carrying capacity. They give positive reinforcement to original springs against breakage and shock . . . help reduce maintenance cost. Light loads ride original equipment springs only, with the helper springs coming into service as the load increases. Easy to install, as no changes, drilling or special tools are needed. Come complete with brackets, bolts and spring. A smart investment for salesmen, farmers, and others who are using their cars or trucks to do extra hauling.

All Sears Helper Springs are easily installed. Complete instructions included. **Not Mailable** except 28 K 09915.

Avoid mistakes. Check your license card. Give correct make, year and model

Spring Shackles

Spring Shackle Sets for Ford, Chevrolet and Plymouth

A big difference between the riding qualities of an old car and a new one is in the spring action. Install new shackles and notice the vast improvement. New shackles and bushings also eliminate many hard-to-find knocks and rattles. New shackles should be installed with new springs to avoid excess wear on spring bushings. **Strongly and accurately made of highest quality materials.**

A **Front Shackles for 1928-'31 Ford A only.** Install a full set of spring shackles on your Model A. Set incl. 2 hangers, 2 bars, 4 bushings, 4 nuts.
28 K 4755—Front Spring Set. Shipping weight, 2 pounds **59c**

B **Rear Spring Set for 1928 to 1931 Ford A only.** Complete with fittings. Same high quality as above. Install both sets for best results.
28 K 4754—Shipping weight, 2 pounds 12 ounces **63c**

Shackles for Ford V-8. Shackle sets are of **first-quality steel.**
28 K 4815—For front spring 1932–34 passenger. Shpg. wt., 1 lb. 13 oz. Set. **$1.00**
28 K 4816—For rear spring 1932–34 passenger. Shpg. wt., 2 lbs. 2 oz. Set. **1.00**
28 K 4817—For front spring 1935–42 passenger. Shpg. wt., 1 lb. 13 oz. Set. **1.00**
28 K 4818—For rear spring 1935–42 passenger. Shpg. wt., 2 lbs. 2 oz. Set. **1.00**
28 K 4819—For front spring 1935–42 truck. Shpg. wt., 4 lbs. 5 oz. Set. **2.10**

C **Shackles for Chevrolet.** For 1930–33 passenger and ½-ton truck and 1934–35 Standard passenger. With shackles, bolt, nut, lock, plates. Pins not included. Use pins (D) 28 K 5379 listed below.

K **Speedometer Rebuilding Service.** To comply with the 35 M.P.H. regulation and save tires, you need a dependable speedometer. Let **Sears rebuild your speedometer head completely** and return it ready to install. New parts installed when necessary. **Cable and housing not included.** See listings above. Send old speedometer head **in its case or housing** only, **postpaid,** with order to us. See "How to Return Goods," page 898. Old head must be in condition to rebuild. Pack it properly to avoid damage in transit. Allow ample time for rebuilding and return shipment. We pay postage on return from factory.
28 K 2285F **$4.39**

Steering Repair Sets for popular makes of cars

L **Complete Tooth type Steering Sector and Bushing Sets.** Exact replacement for original. **Made by skilled factory workmen to meet perfectly the requirements of each car.** Alloy steel, precisely machined. Each set consists of sector and one or two bushings as required. New gears give easy, smooth steering, help prevent transmission of road shocks to driver, and holds the car on a steady course. **State make, year and model.**

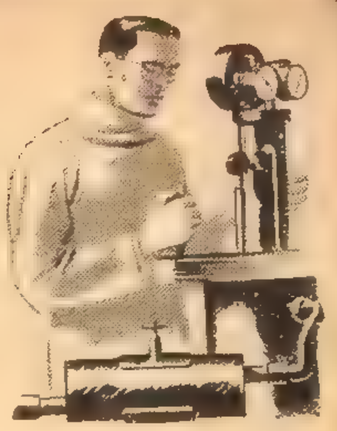
Friction Type Stabilizer



This stabilizer reduces steering gear wear, and front wheel wobbling. Also helps reduce tire wear. **Operates freely at all times.** Easy to install. Adjustable for length. Can be attached at top or bottom of axle. **For all cars with "I" Beam axles.**
28 K 6296—Shipping weight, 2 pounds. **59c**

Tailor made

Mufflers look alike but differ in performance. CROSS COUNTRY assures correct back pressure plus noise control, being tailored to your motor.

Stronger

The shell of 20-gauge cold rolled steel construction with sturdy, reinforced end pieces is stronger than most original equipment mufflers.

Prices Cut on *CROSS COUNTRY* Mufflers and Pipes

REG U S PAT OFF

Mufflers equal to original equipment

- Each type tested at factory for operating efficiency and quietness on car it fits
- Gives low back-pressure for economy in high speed engines . . . cuts fuel waste
- Restore full power . . . motor operates as freely as when equipped with original
- Clamps are included with muffler where necessary for proper installation

Choose a CROSS COUNTRY, now offered at big savings, and you get the correct inner muffler construction for your car. Remember—**clogged or poorly designed mufflers can create enough back-pressure to waste 15% of your gasoline and reduce your power drastically.** Low speeds and short drives cause mufflers to clog up and rust out quickly, because low temperatures and low pressures do not permit the muffler to clear itself. **Cross Country mufflers permit the low back pressure necessary to prevent power loss and fuel waste.** Sturdily made to resist leaks and blowouts; of heavier material than most original equipment. **A new Cross Country will increase your car's efficiency**—giving added gasoline mileage and full engine power—and you will have a smoothly operating engine. **All mufflers are mailable.**

Fits motor exhaust outlets from 1¾ to 2½ inches in outside diameter. Muffler outlet fits pipes 1½ to 2½ inches in outside diameter Clamps furnished. A real Sears v at this low price. Shipping weight, ▮ pounds . . . . . $

Intake, Exhaust Valves

- Heat-treated steel for intake . . . heat-resisting alloy for exhaust
- Accurately ground and polished for improved engine performance
- For best results always install new valves in sets

AA Save fuel by replacing worn valves. To get best results always install in sets . . . one corroded valve indicates wear in others. Intake valves are quality steel, heat-treated, with specially hardened tip to prevent wear at tappets. "Heat-Resisting" valves equal finest you can buy. Exhaust valves especially designed to resist heat and acid developed by high-test gasoline. The quality materials and precision construction features of these valves assure you of long wear, increased mileage and all-around improved engine performance.

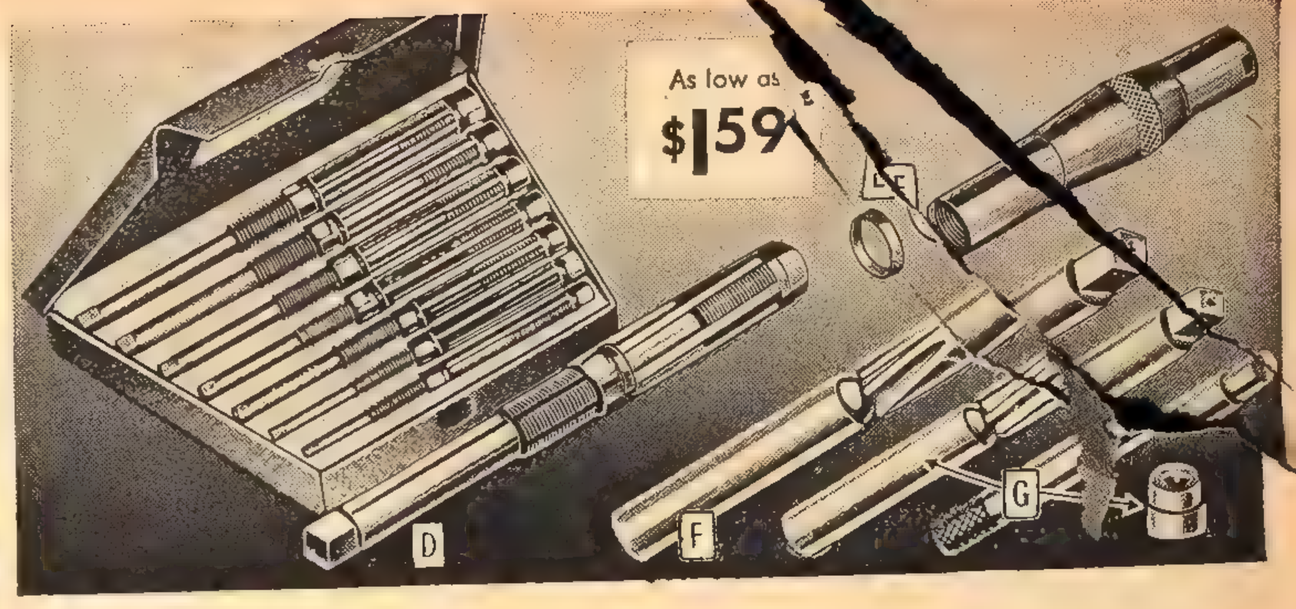
Valve Lifter for Ford V8

R Heavy straight beam of drop-forged steel. Fits both old-new type springs. For all Ford V8 motors except 60 HP type.

28 K 3222—Shpg. wt., 2 lbs .**59c**

Valve Spring Compressor



P For replacing valve springs in all types gasoline engines. Will serve as valve lifter in many cases when ordinary lifter cannot be used.

28 K 3220—Wt., 1 lb. 8 oz..**$1.25**

Universal Valve Lifter

S Fits practically all cars. Fast and simple to operate. Adjustable jaws.

28 K 3221—Wt., 1 lb. 4 oz.**$1.25**

Precision-built Auto Reamers

Famous Cross Country quality for long service

D **Expansion Reamers.** Designed for work requiring great accuracy. Precision built of high quality steel with blades set at proper angle to give smooth cut. The ideal tools for piston pin, king bolt and water pump jobs. Smaller sizes are particularly suited for electric motor, vacuum cleaner, refrigerator, car door hinge and valve guide work. They're built for great precision and long wear. See table below.

E **Expansion Reamer Pilot.** Precision ground for greatest accuracy. Prevents reamer from chattering, jumping or digging in. Necessary for use with expansion reamer on king bolt, water pumps, pistons, etc. The first 8 sizes listed below are extension shanks only to extend length of reamer. See table below for listings of sizes available.

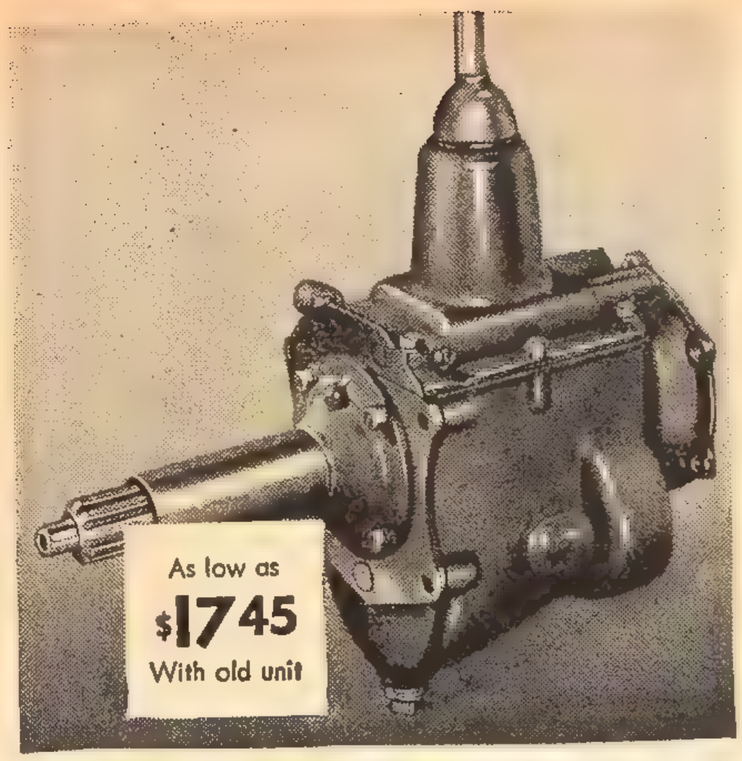
Rebuilt Transmissions

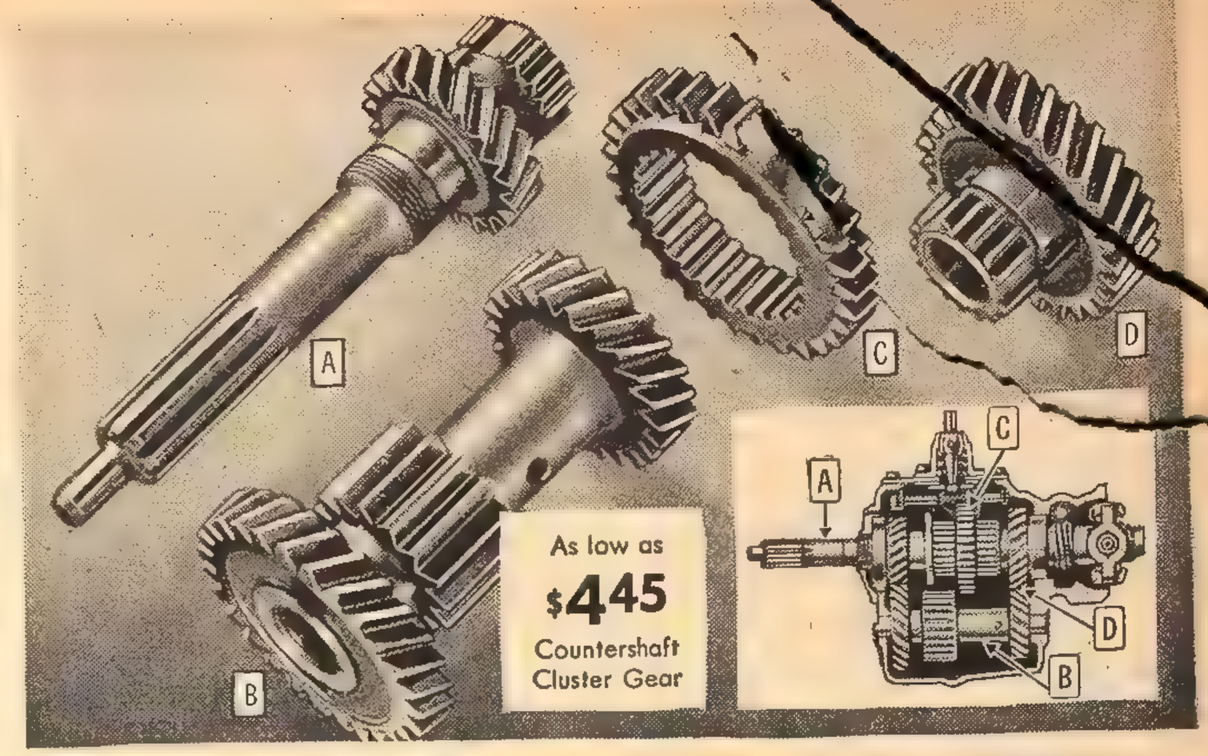
for popular cars and trucks



Get these satisfaction-guaranteed "like new" rebuilt assemblies. All gears, bearings, shafts and other parts which show wear are replaced. Completely assembled and tested by factory experts. Complete with gear shift lever and cover on passenger cars only. Grease not furnished . . . for transmission grease, refer to Index. Overdrives and free wheeling not included.

HOW TO ORDER

Mail order with outright cash price or down payment to mail order house. We ship transmission in crate, which you use to return old unit, **freight prepaid to factory.** Do not return old transmission to mail order house. Instructions for return of old unit are included with rebuilt transmission. Credit for old unit issued from mail order house. Reasonable deduction made for any missing or broken parts. Minimum allowance $2.00. **State make, year, model and serial No.** Transmission shipped from factory in Chicago or St. Paul. You pay freight from shipping point. We do not furnish transmission for 1928 Ford A with multiple disc clutch. *Give full information as to year and model.*



Many four-speed truck transmissions available. Write Sears Personal Service Department for prices.

Limitation order L158 requires that a used part be turned in whenever one is purchased.

Rebuilt units for many models not listed below are available from factory. Write to Sears Personal Service for prices giving complete information as to make, year, model and serial number. On trucks state tonnage, wheelbase and transmission casting number, if possible.

Transmission Gears for popular makes of cars and trucks

Exact replacements—S. A. E. quality. Only the best alloy steel is used. All forgings are heat-treated before machining. Each gear is finished on a gear tooth shaver which leaves a glossy, absolutely smooth surface so that your gears operate together, smoothly, efficiently and quietly. Average shipping weights: Main Drive, 4 lbs.; High and Intermediate, 3 lbs. 12 oz.; Low and Reverse, 3 lbs. (exc. 1929–36 Ford Truck, 8 lbs. 12 oz.): Cluster, 6 lbs. (except Chevrolet and Ford Truck, 18 lbs.) **State make, year and model.**

Drop-forged Gear and Pinion Sets

Exact replacements! Equal to or better than original equipment. **Meet or surpass all S.A.E. requirements.** Made from **seasoned forgings** of highest grade steels. Accurately cut, mated with pinion gear, and **lapped-in for perfect fit;** that is, actually operated on test machines in proper relation to each other so that in your car they will operate silently and smoothly as soon as they are installed. Rivets furnished when needed. Buy these gear sets and other repair parts on Sears Easy Terms . . . see inside back cover of this catalog for complete details.

Timing Gears for other cars

Silent fiber camshaft, metal crankshaft, or idler gears for almost any passenger car not listed above. State make, year, model, engine and serial number, number of cylinders and teeth, approximate diameter of gear. **Timing chain sprocket gears are not available.** Shipped from Chicago. You pay postage from there. Allow 5 to 10 days. Order from nearest mail order house. **For our low prices and availability on truck and tractor timing gears,** write our Personal Service Dept. Be sure to give us full information.

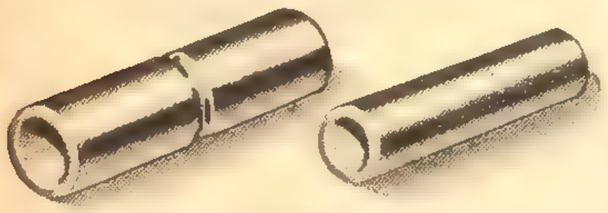
28 K 2539F—Average shipping wt., 3 lbs. **$6.25**

Don't Guess: Car Parts in most cases are not interchangeable. Check your license card.

New Pistons for economical, quiet operation

HOW TO ORDER PISTONS

1. Find out if cylinders have previously been reconditioned oversize. **Examine tops of old-pistons—if oversize they usually are marked** with size .005 (five-thousandths), .030 (thirty-thousandths), .040 (forty-thousandths), etc.



2. If cylinders are tapered or out of round more than .003, we recommend honing or reboring. You can usually have cylinders refinished by your garage man for from $1.50 to $2.50 each. Always re-bore to one of the following official oversizes: .020, .030, .040, .060.

Note: We can supply sizes only as listed in this catalog. Do not order other sizes as they are prohibited by WPB Order L-158.

3. State actual cylinder oversize. Don't guess—use a micrometer or have cylinders measured by a competent mechanic. Pistons are finished with proper running clearance—do not allow for this.

4. Give make, year, model, engine number, serial number and number of cylinders. See your license card.

5. Rings available: **Regular** are plain compression and wide slot oil control rings. **Deluxe** are plain compression, scraper compression and wide slot channel oil control.

High grade Piston Pins

As low as **18c** Each

Of high quality, special analysis steel. Each pin heat-treated and ground to exact size. Carried in standard, .003 and .005 oversize. State which size is wanted when ordering. Make your ring job complete with a set of brand new piston pins. Average shipping weight, per pin, 11 ounces.

Perfectly fitted Pistons for economical performance

- Each piston is furnished complete with Piston Pin—nothing else to buy
- Every Sears piston equal to or better than original equipment in your car
- Precision made, ground by skilled factory workmen to meet S.A.E. standards
- Aluminum pistons cast from special low-expansion alloy for longest service
- Iron pistons cast from special close-grain alloy . . . highly wear-resistant
- Designed throughout for long life, satisfactory service, economical operation

Install a complete set of new pistons . . . and you will soon see why we urge you to use Sears pistons in your car. Cut gasoline and oil bills. Aids your car in operating smoothly and quietly, with plenty of power.

Be sure to read How to Order at left. Following pistons shipped promptly from stock in sizes shown: 28 K 3507—For Ford A, 5, 20, 30, 40, 60-thousandths. 28 K 3584—For Chevrolet 6, 5, 20, 30, 40-thousandths. 28 K 3560—For Chevrolet 6, 5, 20, 30, 40-thousandths. 28 K 3513—For Plymouth and Dodge, 5, 20, 30, 40-thousandths. 28 K 3502—For Plymouth and Chrysler, 5, 20, 30, 40-thousandths.

All others for above cars and other cars shipped from factory in St. Louis, Mo. (for aluminum pistons) or Milwaukee, Wis. (for iron pistons). You pay postage from shipping point. Order from nearest mail order house.

Shipping weight: **Iron pistons**, each, 3 pounds; **Aluminum pistons**, each, 1 pound 8 ounces. Before ordering be sure to read "How to Order Pistons" at left.

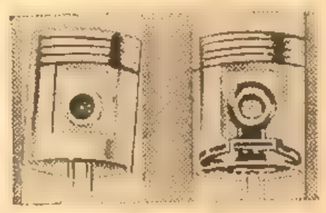
4-ring Pistons for Fords



For Ford A, AA, B, BB. The extra compression ring in these 4-ring aluminum pistons adds power, saves gas. Three ⅛-inch compression grooves and one 5/32-inch oil groove. Shipped from stock in 5, 20, 30, 40 and 60-thousandths oversize. Order from nearest mail order house. Pin fitted. See "How to Order Pistons" at left. Shipping weight, 3 pounds.

28 K 3518—Piston without rings	**$1.96**
Piston with Regular rings	**2.27**
Piston with Deluxe rings	**2.46**

For Ford V8. A 4-ring aluminum piston gives you greater rigidity and more strength . . . and the double oil control makes your car cost less to operate. Pin fitted. Shipped from factory in St. Louis. Available in Std., 5, 20, 30, 40, and 60-thousandths oversize. Read "How to Order Pistons" at left. Shipping weight, 1 pound 11 ounces.

28K3525F—Flat head. For 1932–36 Ford V8. Without rings	$1.32
Piston with Regular rings	1.72
Piston with Deluxe rings	1.86
28 K 3519F—Dome head. For 1937–42 Ford V8-85. (Not for earlier models.)	
Without rings	$1.42
Piston with Regular rings	1.76
Piston with Deluxe rings	1.88

U-type Skirt Expanders

37c These U-type skirt expanders provide an easy and inexpensive way to correct piston slap and increase the power of your motor. **No machining or grooving necessary . . . easily installed.** Made of strong heat-treated spring steel. They restore collapsed piston skirts and maintain perfect cylinder wall pressure. Stop rocking action of work pistons—create straight ring travel. Locked securely in place by piston pin. Shipping weight, each, 2 oz.

For cars and trucks	Year	Cat. No.	Each

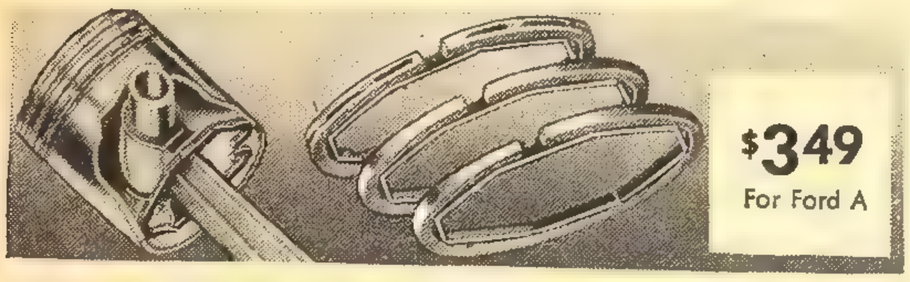
6-cyl. 3¼ cyl. diam.	1934-41	28K3767	

Rebuilt Crankshaft and Connecting Rod Assembly



- Crankshafts reground on rod and bearing surfaces
- All parts are precision fitted . . . tested for alignment
- Connecting rods realigned, fitted with new bearings
- Slip-in main bearings to fit . . . furnished where used

You can trade in that old, out-of-round crankshaft—with its loose, noisy connecting rods—and install one of Sears fine Rebuilts at very small cost. Complete rebuilt assembly. All crankshafts have **brand new factory duplicate main bearings**—except Ford A and V8 1932–36, using cast-in-block main bearings. On these models motor block must be rebabbitted and line-bored to fit our crankshaft. Order from Sears and save money on this Rebuilt Assembly.

HOW TO ORDER: We ship assembly ready to install. Use same crate to ship old assembly, freight prepaid, to factory at St. Louis, Mo., Trenton, N. J. or Chicago, whichever is nearest you. Full credit will be issued if crankshaft will regrind to .030, or less, undersize, and if rods are suitable for reconditioning. Shipped by freight or express from factories in St. Louis, Trenton, or Chicago. You pay freight from closest point. **State make, year, model.**

Year and Model	Catalog Number	Wt., lbs.	Full Price	Credit on Old Ass'y	Exch. Price
Ford A, AA, no main bearings	28KM4708F	45	$12.50	$2.00	$10.50

28 K 3773—For Dodge 6, 1935–40 (pass. cars). 3¼-inch cylinder diameter. Standard to .009 oversize. Shpg. wt., 2 lbs. 2 oz. . $6.49

28 K 3774—For Dodge 6, Chrysler 6, 1931–32 and DeSoto 6, 1931–33 . cars equipped with Tungtite compression rings. 3¼-inch cyl- r diameter. Standard to .009 oversize. Shipping weight, unds 2 ounces. $6.49

Be sure to state make, year and model when ordering parts

As low as **98c**

HOW TO ORDER

(1) Send full purchase price with order. We ship with coupon. Return coupon with old rods **prepaid** for credit. Or (2) send old rods **prepaid** with exchange price. **State make, year, model on order.**

Rebuilt Connecting Rods

These "like new" Rebabbitted Connecting Rods are finished to rigid S.A.E. specifications. For best results install in complete sets. **Returned rods must be exactly the same type ordered.** Piston pin clamp screws not supplied—keep your old screws. See two ways to order at right. If you want UNDERSIZE rods, add 60c to price in table below, mark order SPECIAL UNDERSIZE, and state undersize. Average shipping weight, each, 2 lbs. 8 oz.

For Car and Model	Catalog No.	Full Price	Exch. Price
Chevrolet 6-cyl., 1929–31	28 K 2301	$1.19	.....
6-cylinder, 1932	28 K 2302	1.19	.....
6-cyl., Master & Truck, 1933–34	28 K 2330	1.39	$1.19

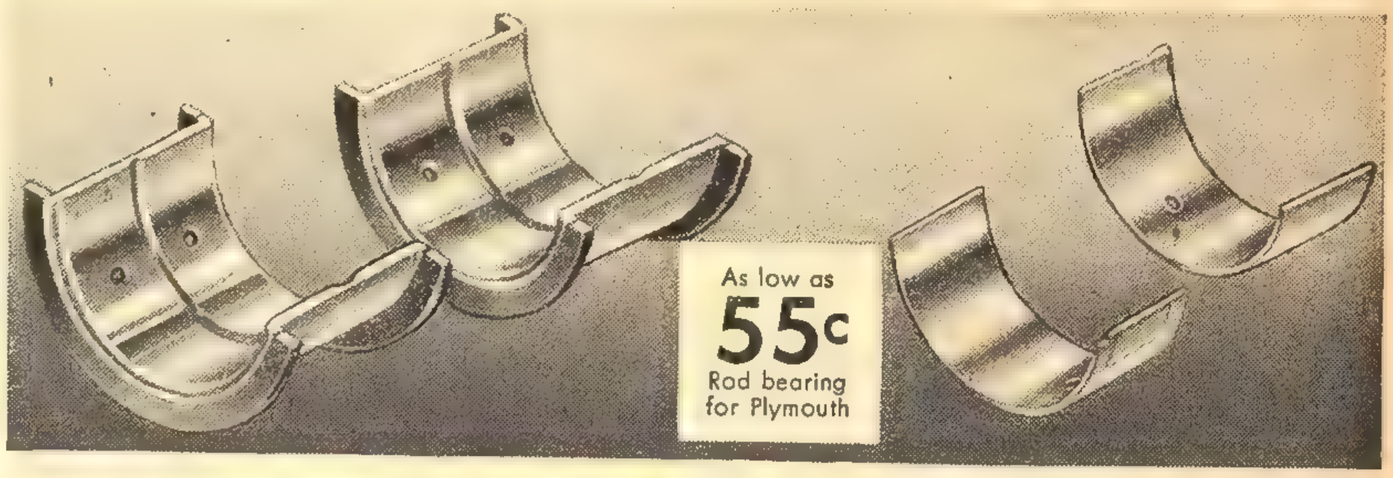
Ford, A, AA, All	28 K 2316	1.19	1.09
Ford T all	28 K 2350	.98	.....

For cars not listed above (except rods using "slip in" bearings). **State make, year, model and for which cylinder** (1st, 2nd, etc., counting from radiator). Also give number on old connecting rod. Shipped from factory in Chicago, Philadelphia, New York, Minneapolis or St. Louis. You pay postage from shipping point. Order from nearest mail order house. Shpg. wt., each, 4 lbs.

28 K 2335F—For 4-cylinder cars. Exch. price, with old rod . . . $1.95
Outright price, exchange coupon included 2.45

28 K 2336F—For 6, 8-cylinder cars. Exch. price with old rod . . . $2.50
Outright price, exchange coupon included 3.25



Reconditioned Connecting Rods

For rod bearings with standard outside diameter. Bearings not included. New precision-reamed pin bushings fitted for standard pins. Follow "How to Order" directions above.

28 K 2318 — For Ford V8-85 1932–38. Shpg. wt., 1 lb. 4 oz.
Outright price $1.59
With old rod 1.29

28 K 2325 — For Plymouth 6 1934–40, Cylinders 1, 3, 5. Shipping weight, 2 pounds 2 ounces.
Outright price $2.59
With old rod 1.33

28 K 2326 — For Plymouth 6 1934–40, Cylinders, 2, 4, 6. Shipping weight, 2 pounds 2 ounces.
Outright price $2.59
With old rod 1.33

Slip-in Connecting Rod and Crankshaft Main Bearings

Guaranteed equal to or better than original. Each bearing consists of two pieces, upper and lower. These bearings (unless otherwise listed) are all standard size. If **undersize** is wanted, add 60c to price shown, state exact UNDERSIZE wanted and mark order SPECIAL UNDERSIZE. Average shipping weight, 13 ounces.

SBB is Steel-Back, Babbitt-lined; BBB is Bronze Back, Babbitt-lined; CL is Copper Lead alloy.

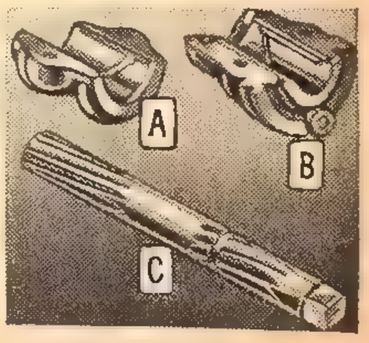
*Rod Bearing also fits 8-cylinder 1937–40. **Notice:** "Slip-in" bearings are used only in cars originally equipped with them.

Rebabbitted Main Bearing Caps for Ford A, AA Trucks



A Front and Center Main Bearing Cap for Ford A, AA, 1928–31.
28 K 4835—Shipping weight, 11 ounces . . . . . Each **89c**

B Rear Main Bearing Cap for Ford A, AA, 1929–31.
28 K 4836—Shipping weight, 2 pounds 11 ounces **$1.79**

Reamer for Connecting Rods

C Solid reamer for reaming piston pin bushings and connecting rods. Tempered tool steel. Gives true center. .005 oversize.

28 K 6227—For Ford A, AA, B, BB. Shipping weight, 1 lb. 4 oz. $1.33
28 K 6233—For Ford V8-85, Merc., Linc. Zephyr. Shpg. w ., 1 lb. 1 oz. . 1.19
28 K 6234—For Chevrolet 6, 1929-36.
Shipping weight, 1 pound 14 ounces $1.33

Skilled workmen test and inspect Sears Rings

Econo-Steel Ring Sets reduce oil pumping

A Top ring—Plain cast iron compression type. Size accurate.

B Second ring—Sectional steel expander type with spring steel inner ring.

C Oil ring—Econo-Steel sectional type separator ring. Made of lightweight steel instead of the cast iron usually found in ring sets priced as low as this. Thin steel wiper rings above and below separator, and the heat-treated inner ring, reduce oil consumption. Excess oil drains back to oil pan through holes in piston ring groove. This set is priced very low for its quality. Read "How to Order." **Order from table at right below.**

Steel-Drain set design restores compression

D Top ring—Taper-face compression type. Combustion heat can't reach cylinder to burn off lubricating oil.

E Second ring—SEALFLEX Expander compression ring with steel inner ring. Follows cylinder wall closely, stops "blow-by," gives compression-tight seal.

F Oil ring—Steel-drain design. Includes two steel segment rings, oil drain inner ring of spring steel and cast iron ring. Segment rings gather excess oil from cylinder wall for return to crankcase. Cast iron ring controls lubrication . . . slotted to permit escape of excess oil. Read "How to Order" at left.

HOW TO ORDER PISTON RINGS

State diameter, width, and oversize. Also give make, year, model of car or truck, serial number and engine number.

"Standard" means new-car cylinder diameter. **Always order "Standard" if cylinders have not been rebored,** regardless of car mileage or age. If cylinders have been honed, reground or rebored, and oversize pistons installed, or if motor has been rebuilt, **be sure to determine actual oversize.** Give the exact oversize as measured with an inside micrometer, or examine top of pistons for oversize markings, or send us heavy wire or metal rod cut to fit across smallest part of cylinder. We stock sets for cylinders up to .060-inch oversize. If possible, check your pistons for width of rings, number and type required, before ordering. Always remove ridge at top of cylinder.

Piston rings in sizes and oversizes not listed here, and all those except Econo-Steel and All-Steel sets with (F) following the catalog number (as 28 K 3825F) are shipped from factory in St. Louis, Mo. Econo-Steel and All-Steel sets are shipped from Cleveland, Ohio. You pay postage from there. Order from nearest mail order house.

For early Ford A or for Plymouth 6, 1933–34, be sure of oil ring width. On 1929–36 Chev., check all groove widths when ordering new rings as various pistons have different groove widths. For a rebuilt Ford A or V8 with 4-ring pistons, see Steel-Drain rings.

Stock Sizes of Sealflex and Factory Replacement Type

(*) Oil rings only. (**) Compression rings only. Others in both sizes.

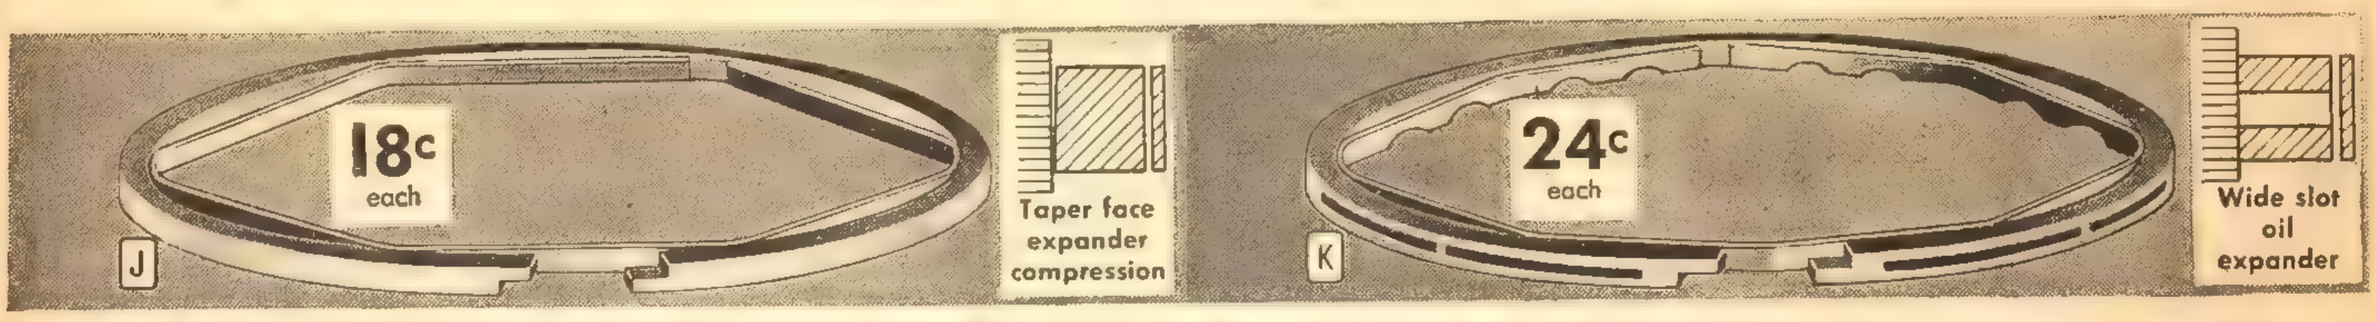
Groove Cleaner



G Removes carbon from piston grooves to make your new rings fit better, work more freely. Fits all pistons. Shipping weight, 1 pound 3 ounces.

28 K 3791 ..... 37c

Ring Remover

H Rings cannot be damaged while being installed with this tool. Fits rings from $2\frac{3}{4}$ to $4\frac{1}{4}$ in. in diameter. Easily operated. Wt., 12 oz.

28 K 3782 ..... 89c

Factory-tested SEALFLEX Expander rings

Road tests, as well as factory inspection, show that SEALFLEX expander type piston rings stop oil pumping, "blow-by" and piston slap in worn motors. They stabilize the piston to prevent knocking **—lubricate cylinder walls properly.** Reduce fuel consumption because of the better compression produced, and lengthen life of your motor. Rings have taper face and surface finish for quick and easy seating. When ordering SEALFLEX rings, read "How to Order" above. Stock sizes in which these rings are available are listed there. **State size wanted.** If you wish to buy your rings in complete sets, order from table at right.

J SEALFLEX Expander Compression Ring. For both upper grooves of piston. Notice cross section view. Live, flexible, cast iron outer ring—requires no harsh pressure to create perfect seal against uneven cylinder walls. Inner ring of finest heat-treated spring steel has eight pressure points (45-degree, patented design) . . . providing perfect pressure on cylinder walls. Especially effective in badly worn, tapered or out-of-round cylinders to restore proper compression seal.

28 K 3700—Shpg. wt., 4 oz. Each . **18c**

K SEALFLEX Expander Oil Ring. (Use 2 on a 4-ring piston.) See cross section view. Large, wide oil slots prevent pile-up of harmful carbon and insure best cylinder wall lubrication. Inner ring also has large oil notches to provide free drainage. Excess oil is returned to crankcase—eliminates oil burning.

28 K 3702—Shipping weight, 4 ounces. Each **24c**

SEALFLEX Ring Sets for Ford, Chevrolet and Plymouth

Order SEALFLEX rings in complete sets—they include the proper assortment of compression and oil rings. You will save on first cost . . . and enjoy better car operation **plus lower fuel bills. Standard size** fits cylinders up to and including .009; **first oversize** fits cylinders from .010 to .025 oversize. **State size wanted,** following directions given above in "How to Order." Larger sizes shipped from St. Louis, Mo.

For Car and Model shown below	Year	Comp. No.	Comp. Size	Oil No.	Oil Size	Wt., Set Lbs.	Wt., Set Oz.	Catalog Number	Price Set

Piston Rings built with precision machinery

CROSS COUNTRY All-Steel Ring Sets for overhaul jobs

A Top ring—alloy iron compression type. Quick-seating. Chemically treated for safe break-in.

B Second ring — All-Steel laminated compression type. Holds power.

C Oil ring—All-Steel laminated and ventilated. Controls oil consumption—provides correct amount of cylinder lubrication without any waste of oil. Spring steel inner ring. Restore power, stop oil waste, with less cylinder wall drag or pressure. Excellent for any overhaul job. Recommended for motors with worn cylinders. See "How to Order Rings" on facing page.

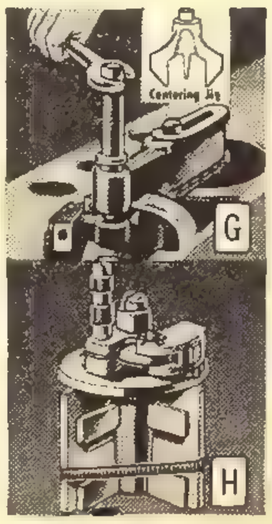
IMPORTANT NOTICE ABOUT OVERSIZES: WPB Order L-158 permits only the following oversizes for piston rings: Standard, .020, .030, .040, .060, and for medium and heavy duty trucks and busses. .080 and .100. Oversizes offered by Sears conform to this ruling, and we ask that you order only authorized oversizes.

CROSS COUNTRY Steel-Master Rings—Sears finest

D Top ring—Taper-face compression ring. Lektro-Lube coated . . . electrically covered with pure, soft tin.



E Second ring—Bevel-back scraper expander type compression ring. Lektro-Lube coated. Spring steel inner ring.

F Oil ring—Lightweight all steel, Lektro-Lube coated. Two steel wafer rings control oil consumption . . . corrugated steel separator provides drainage . . . notched spring steel inner ring.

CROSS COUNTRY Steel-Master rings are the best Sears offer. They have all the features of finest quality rings—plus the extra protection of Lektro - Lube coating, which makes break-in safe, sure. Recommended for all cases of heavy oil consumption and high mileage . . . best for replacement when motor is not being rebored. Easily installed because they have no thin cast iron sections which may break in installation. Be sure to read, "How to Order Rings" on facing page.

Steel-Master Piston Ring Sets for cars below	Year	Catalog Number	Price	Lbs.	Oz.
Ford A, AA, B, BB using 5/32 Oil Ring. (3 ring pistons)	1928-34	28 K 3650	$4.40	1	6

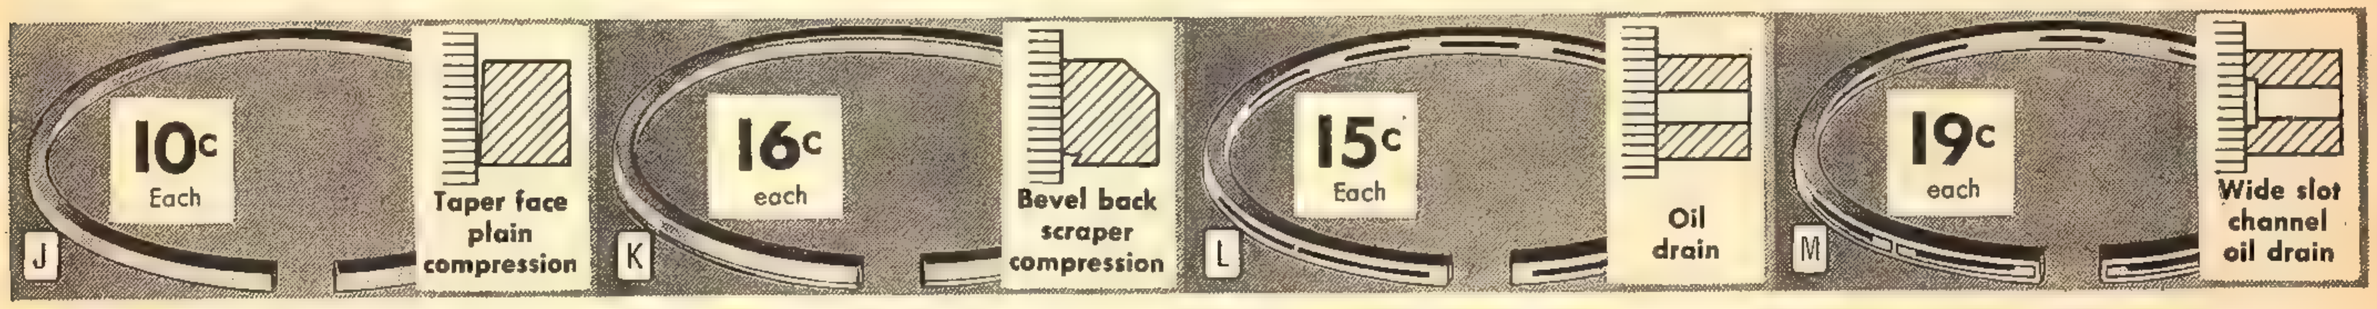
Steel-Master rings furnished only for cars listed above. Other models are not available. Order Steel-Drain or Econo-Steel sets at left for cars and trucks not listed here.

Cylinder wall Ridge Reamers



G Economy Reamer. Removes ridge on upper cylinder caused by ring wear. Bolts to block. Centering jig included. Handles cylinders from 2 3/4 to 4 1/4 inches in diameter.
28 K 6251—Shipping weight, 3 pounds 4 ounces.....**$3.19**

H Professional type Reamer. Works within cylinder. Stopping device prevents cutting cylinder walls too deep, regardless of out-of-round condition. Adjustable diameter screw. Fits 2 3/4 to 4-inch, straight or chamfered cylinders.
28 K 6252—Shipping weight, 1 pound 12 ounces.....**$6.75**

Extension Block. Extends range of above reamer up to 5-in. diam.
28 K 6253—Shipping weight, 1 pound 4 ounces.....**$3.15**

Ridge Reamer. Same as professional type reamer above (Cat. No. 28 K 6252), but reams cylinders from 4 1/2 to 6 in. in diameter.
28 K 6255—Shipping weight, 6 pounds.....**$12.00**

Extension Block. Increases range of reamer 28 K 6255 up to 7 1/2 in.
28 K 6256—Shipping weight, 1 pound 8 ounces.....**$1.75**

Taper-face Compression Ring

J Provides perfect compression seal because of built-in tension. Seats quickly. Used in top groove of 3-ring piston; in top and second groove of 4-ring piston. Shipping weight, 4 ounces.
28 K 3707—Standard to .005 oversize.....Each **10c**
28 K 3708—.010 oversize..Each **10c**

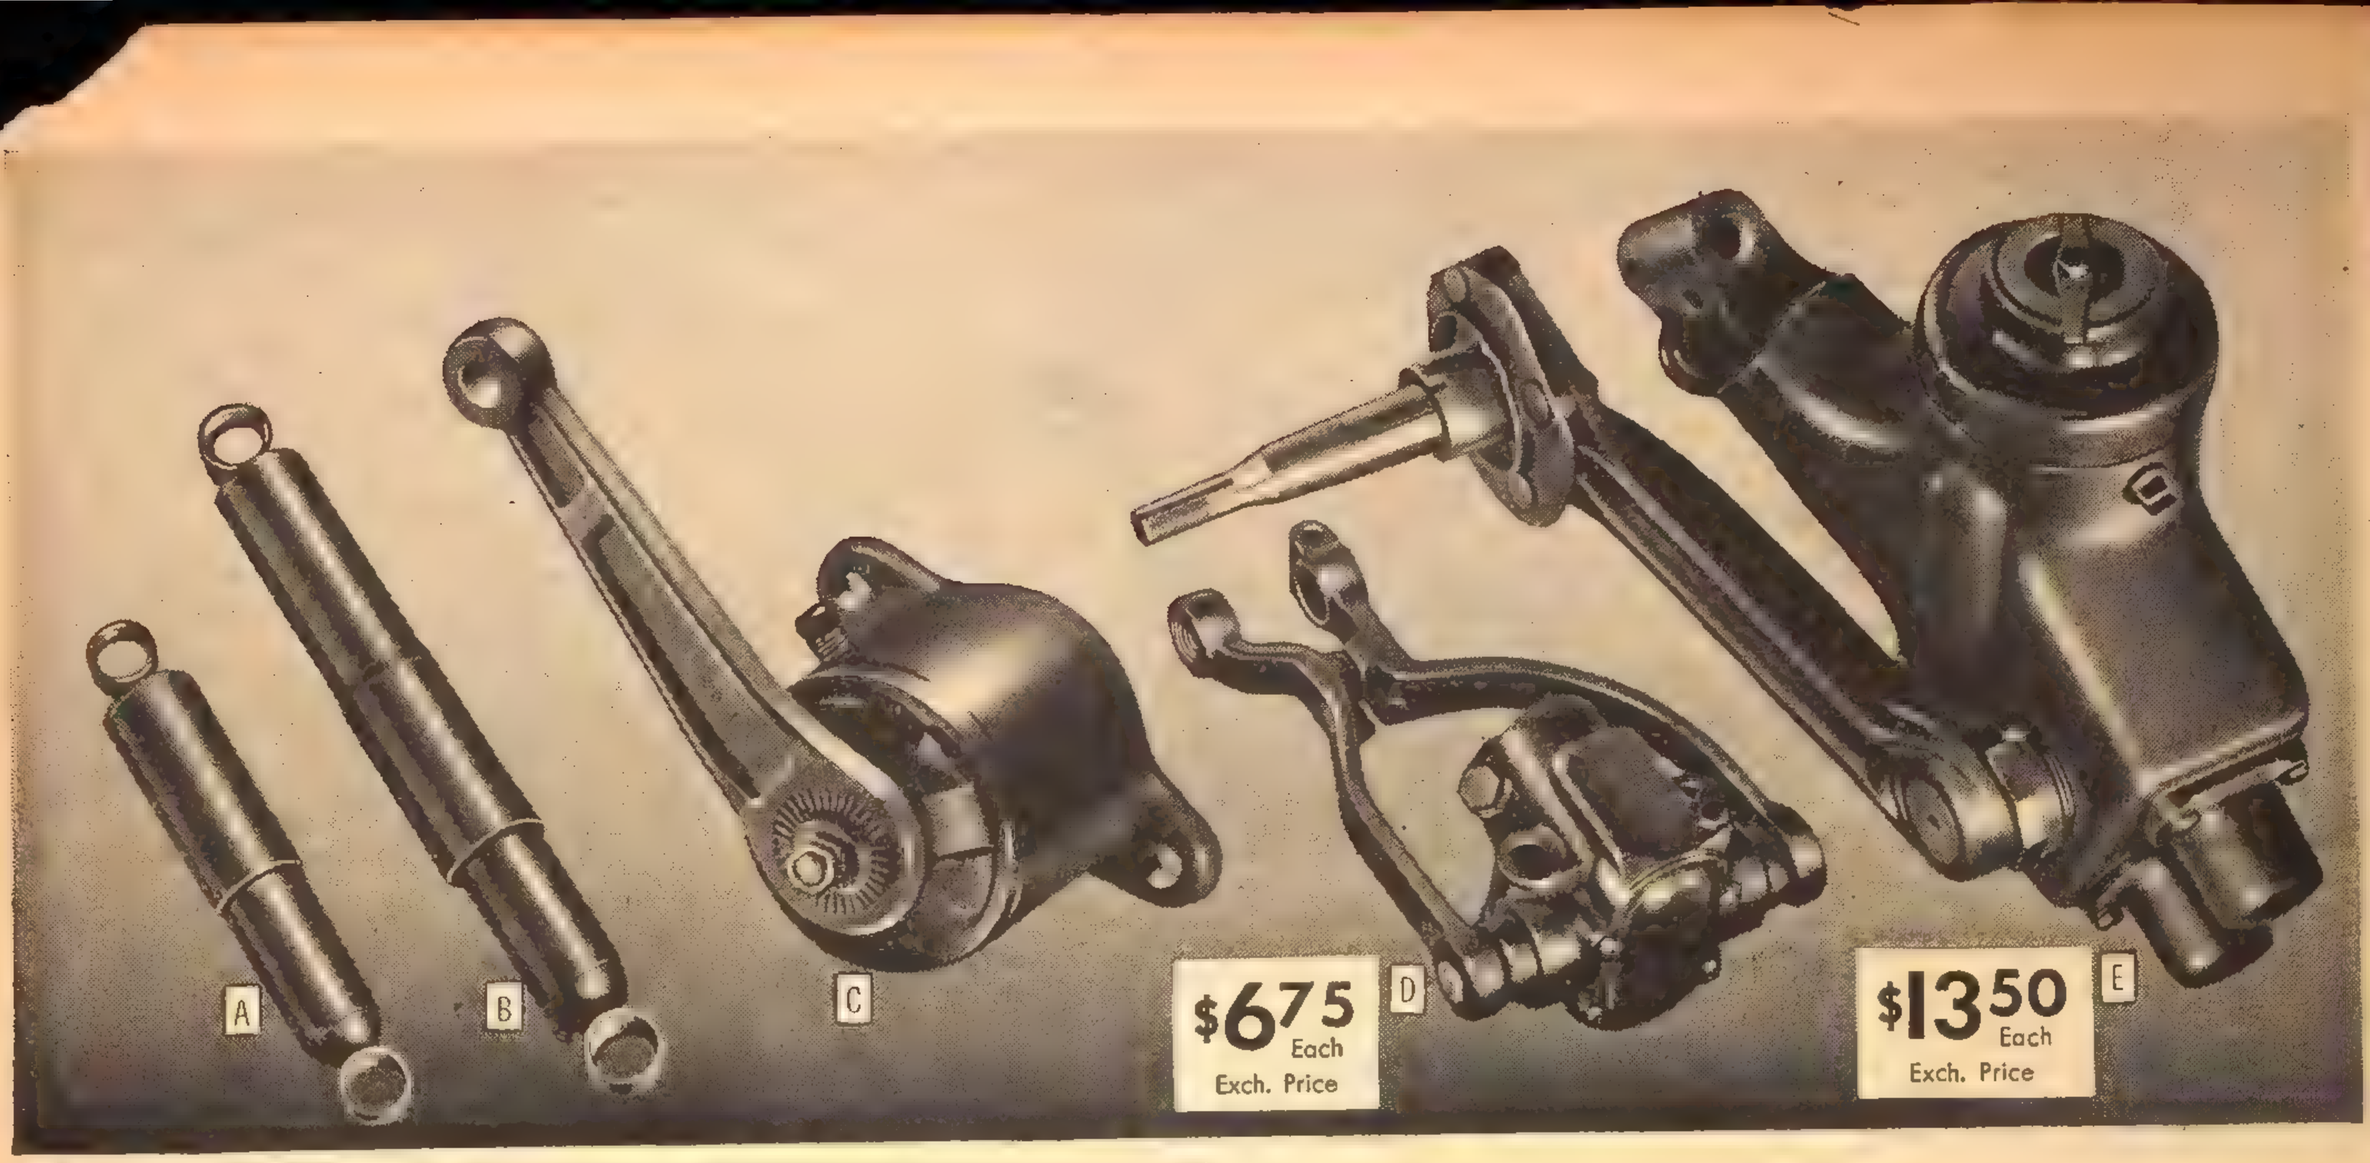
Beveled scraper Compression

K Scrapes surplus oil back to crankcase—cuts oil burning and waste. Quick seating. Used in top groove of 3-ring piston; in top and second groove of 4-ring piston. Shipping weight, 4 ounces.
28 K 3722—Standard to .005 oversize.....Each **16c**
28 K 3723—.010 oversize...Each **16c**

Wide slot Oil Drain Ring

L Wide slots provide free drainage of excess oil to crankcase through holes in piston groove . . . prevents carbon clogging. Used in bottom groove of 3-ring pistons; in both lower grooves of 4-ring. Shipping weight, 4 ounces.
28 K 3715—Std. to .005 oversize.**15c**
28 K 3716—.010 oversize..... **15c**

Channel type Oil Drain Ring



M Twin-action ring—wide groove in face traps surplus oil . . . slots provide for return of oil through holes in piston. Used in bottom groove of 3-ring piston; in both lower grooves of 4-ring piston. Shipping weight, 4 ounces.
28 K 3727—Std. to .005 oversize...**19c**
28 K 3728—.010 oversize.....**19c**

...oove rings are Lektro-Lube coated for safe break-in. Oversizes .020, .030, .040, .060 ...ed from factory in St. Louis, Mo. See "How to Order" on facing page. State type ...gs wanted and make, year, model of car when ordering.

Factory replacement types in Regular and Deluxe Sets

Sets are carried in two qualities—Regular, consisting of taper-face compression and wide slot oil control rings, and Deluxe, which have bevel-back and channel type oil drain rings. Available in the following sizes: Standard to .005, .020, .030, .040, .060 oversize. **State oversize wanted when ordering, and make, year and model of car.** See "How to Order" on facing page.
NOTE: Types of rings in some of these sets may vary from description above, because sets are engineered for maximum performance. You are sure to get the best possible combination.

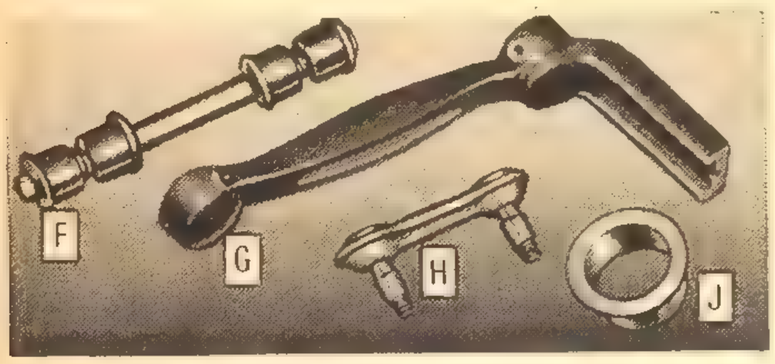
NU-BILT Shock Absorbers for popular cars

New direct-action Shocks



A B **For Chevrolet, Plymouth, Dodge, De Soto, Chrysler.** Replace your direct-action shocks now when they are priced so low! Brand new shock absorbers—**equal to original equipment**—will give your car smooth riding qualities, besides reducing hard steering, shimmying and wear on tires due to worn shocks. These shocks have oil seal several inches above oil level, reducing danger of leaking. For most satisfactory service order shock absorbers in pairs. **State make, year and model of your car, and whether for front or rear.**

28 K 8021—For Chevrolet 1939–40 Master; Chrysler; Dodge; De Soto; Plymouth 1937–42. Shipping weight, 5 pounds 8 ounces.....Each **$2.79**

Rebuilt airplane-type Shocks

Carefully rebuilt direct-action shock absorbers . . . will give long, satisfactory service, prevent oil leakage. Be sure to read "How to Order" at bottom of page. No old shocks accepted in exchange that have broken eyes or damaged cylinders. **State make, year, model and whether for front or rear.** Shipping weight, 5 pounds 8 ounces.

For Car and Year	Position	Catalog Number	Outright Price	Exch. Price
B **Plymouth, Dodge,** 1937–38	Front	28 K 8037	$2.89	$2.49

J **Brake Flange Bushing** for Chevrolet, Pontiac 1934–38 front wheel spindle.

28 K 5265—Shipping weight, 4 ounces.....**44c**

Rebuilt Shocks for Fords

C You can't replace your car . . . but **you can give your old car "like new" riding quality** by installing NU-BILT shock absorbers in your Ford. Restore that balanced spring action your car had when new. Besides vastly improved riding, rebuilt shocks will correct hard steering and excess wear on tires caused by old bent arms. Shocks usually need to be replaced every 5,000 miles for efficient operation. How many miles have yours been driven?

Sears NU-BILT shock absorbers are completely rebuilt to equal original equipment . . . reconditioned to stand up under all driving conditions. Each unit is carefully tested and inspected by skilled workmen, using factory precision methods. Worn parts are replaced wherever necessary to give full shock absorber action. Ready to install. For best results order shock absorbers in pairs. Also order new links, listed at left below. **When ordering shocks, be sure to read, "How to Order" information below.** Some models fit Mercury and Lincoln Zephyrs also. See table. You can add shock absorbers to your Easy Terms order and enjoy the improved riding quality of your car while you pay. See inside back cover for information.

SORRY— NOT AVAILABLE

†Before ordering these shocks, check carefully the base measurement "A" as indicated on the sketch at left, and order according to the base size.

* Arms are furnished if they are not removable from old shocks. Save arms on other model shocks.

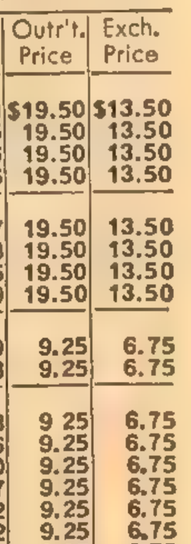
▲Fit Mercury and Lincoln Zephyrs of the same years.

§Fit Mercury and Lincoln Zephyrs, 1937–1939 only.

HOW TO ORDER SHOCKS

Give make, year and model of car and state whether for front or rear, and for right or left side. (Steering wheel is left side.) **Single shocks will not improve your riding.** Be sure to order in pairs, and for best results replace links, stabilizers, etc., at the same time. After replacing front end parts **always have wheels checked for alignment** to make sure other parts are not damaged, so as to cause excess tire wear.

Two Ways to Order: (1) Send full price plus postage. Government Order L-158 requires that you return your old shocks for credit. Ship them **postpaid.** Or, (2) Send old shocks, **postpaid,** with exchange price for rebuilt shocks.



Rebuilt knee-action Shocks

D E Replace shock absorbers that are worn or have bent arms—these cause hard steering, excess tire wear, rough spring action. Sears rebuilt shocks will restore the front end spring action. Completely reconditioned to equal new, original equipment shocks of the same type. **All worn parts replaced, all arms carefully gauged and trued for alignment.** Ready to install, filled with fluid. Always replace shocks in pairs and check wheel alignment.

HOW TO ORDER: **For Shock (E), give length of front wheel spindle (6 or 6½ in.) from dust shield to tip.** No credit will be given on shocks exchanged for Cat. No. 28K07947 or 28K07948 unless rubber bumpers are included. No credit given on any units with broken arms or castings. **Read "How to Order."** Shpg. wt., (E), 60 lbs., not mailable; shipped by freight to express only. Shpg wt., (D), 15 lbs.

Complete Tractor Light Outfit

- Work any time—at any job . . . plowing, seeding, dusting, spraying
- Permanent, easy installation; all accessories included
- Lights without running motor . . . equipped for battery (not incl.)
- Run your tractor longer . . . overcome lack of equipment, bad weather

$27.95

Available after October 1st. Equip your tractor with Sears 6-volt Tractor Light Outfit—then operate it day and night. Make the most of good weather, of all available help and machinery resources . . . install this lighting outfit on your tractor. A powerful lamp floods the rows ahead of your tractor with light—another lamp shows clearly the area behind it. Lights can be used in harvesting, cultivating, seeding, dusting, spraying or any job that cannot be delayed. These lights will pay for themselves many times over . . . especially during these days when full crops are needed most. During burning summer heat, work in the cool of the night. Lengthen the short fall and winter working days by using these lights.

It is vitally important that large farm quotas be met to satisfy the demands for military and civilian needs. Our manufacturers obtained permission from the WPB to make these light outfits as an essential aid to farm production. Buy the outfit on Sears Easy Payment Plan. See inside back cover.

The complete Tractor Light Outfit includes a 6-volt dust-tight generator, belt, two large floodlamps, ammeter, cutout, switches and wire. Instructions included . . . ready to install. Battery and carrier are not included. We recommend GOLD MEDAL Powermaster, Catalog Number 28 KM 123F on page 854, or Hi-Power, Catalog Number 28 KM 111F on page 855, as suitable batteries for this outfit.

These outfits will fit only models below

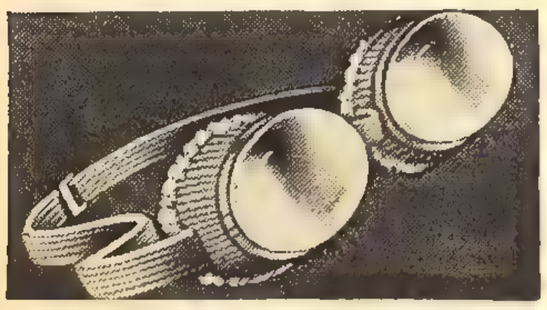
For **Farmall** Regular 1924–32, F12 (except with Waukesha motor) 1934–38, F14 all, F20 1932–37, F30 all, F20 1938; Farmall H, M; **McCormick-Deering** W30 10–20; **John Deere** General Purpose A, B, G (except 1943–44), Model D (state whether steel or rubber tires); **Case** Model L; **Allis-Chalmers** WC. **State make, year and model.** Shpg. wt., 40 lbs.

28 K 06726 . . . . . **$27.95**

Replacement Parts

Build your own light outfit if the set offered at left will not fit your tractor. Lights will lengthen the short working day. We offer generators and lamps for making your own outfit . . . also batteries on pages 854 and 855. We cannot supply brackets only, because of steel limitations.

[A] **Tractor Light Generator.** Complete with ammeter, switch, cutout. Has maximum output of 12 amps . . . supplies enough current to battery for three lamps of type below. Same generator as offered in the set at left—can also be used as replacement generator with that light set. Shpg. wt., 30 lbs.
28 K 6728—Outright Price . . . . **$11.95** Exchange Price **$8.95**



[B] **Tractor Lamps.** Easily installed on tractors already equipped with generators . . . or used with generator 28 K 6728 to build your own lighting equipment. Throws light in any direction. 6-volt, 32-C.P. Universal bracket. 6-inch reflector with scientific lens. Shipping weight, each, 3 lbs. 8 oz.
28 K 5850—Each . . . . . **$2.09** Pair **$3.98**

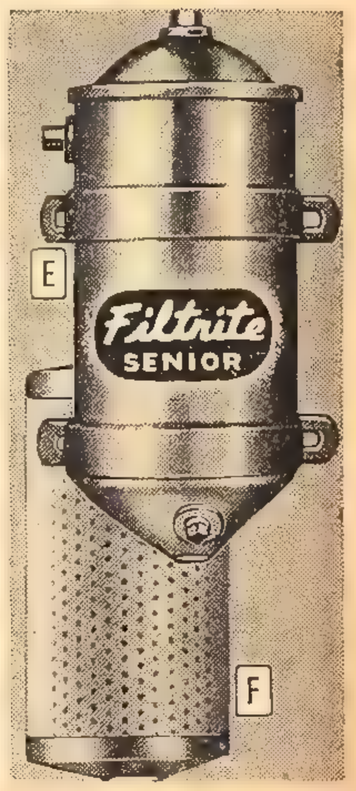
[C] **Tractor Lamp Lens.** Fits tractor lamps listed above, and 6-inch lamps on Tractor Light Outfits not originally equipped with sealed beam lights.
28 K 5851—Shipping weight, 8 ounces . . . . . Each 49

Tractor Spark Plug Wire Set

[D] For most efficient tractor performance, install a new wire set. This set is made with highest quality ignition wire—heavy rubber insulation, woven braid covered, impregnated and heavily coated with lacquer. 4 pieces to a set with terminals . . . takes all the hard work out of re-wiring. You will get faster, hotter spark through these wires—tested at 35,000 volts.

28 K 8151—For Allis-Chalmers W, WC. Shipping weight, 8 ounces **35c**
28 K 8152—For Fordson 1917-26. Shipping weight, 14 ounces **35c**
28 K 8153—For Fordson 1927-34. Shipping weight, 14 ounces **35c**

Wind and Dust Goggles. Protect your eyes during long working hours in the wind and dust with these inexpensive goggles. Fitted with clear glass lenses that do not distort vision. Cloth sides filter out dust, prevent fogging. Comfortable to wear—chenille bound edges. Has an adjustable head band. Shpg. wt., 4 oz.
28 K 6062 . . . . . **65c**
28 K 6068—Larger lenses than above and shatterproof **$1.45**



Tractor and Farm Implement Seat Pad. This soft sheepswool pad will absorb shocks and jars and give real riding comfort during long working hours. Put an end to rough, hard riding on your tractor and other farm implements. An unusual value at Sears low price. A "must" for long days in the field. Approximately 14x18 inches in size; has tie strings to fasten to tractor or implement seat. Shipping weight, 8 ounces.
28 K 7321 . . . . . **$1.89**

Sears offer Filtrite Oil Filter Refills to fit most tractors

[F] Replace the filter refill on your tractor with a Sears Filtrite. Does a superior job of filtering dirt, water, grit, sand, metal particles out of oil so that it lasts longer and protects your engine better. Change refill every 225 hours. Seal and interchangeability guaranteed. State make, year, model. Average shipping weight, 1 pound 6 ounces. **Order Filtrite refills at right, others from table below.**

Sears Filtrite Refill for 1940 Filtrite Senior Tractor filter (No. 5095); Briggs Clarifier G300.
28 K 4564—Shipping weight, 2 pounds **75c**

Sears Tractor Sleeve Assemblies

will put new power and pull in your tractor

- Assembly consists of high-grade cast iron sleeve, complete with piston, pin and rings
- Easily installed. Rubber packing rings included if used, otherwise use old packing
- Add extra power to tractor for faster work, more strength, smoother operation
- Built of quality materials to give long, dependable service under the toughest working conditions

Put new pep and power in your tractor by installing a set of these standard replacement type sleeve assemblies. In addition to the general improvement in performance you'll also notice big savings in fuel expense. Note the many features above which make these quality assemblies equal to or better than original equipment. These assemblies are supplied in standard medium compression ratio. Come with piston, pin, rings and rubber packing rings (if used) for a complete installation job. Easy Terms (see inside back cover) make it a simple matter to repower your tractor with these assemblies. For best results we suggest installing in sets. **State make, year and model of tractor. Shipped from nearest mail order house.**

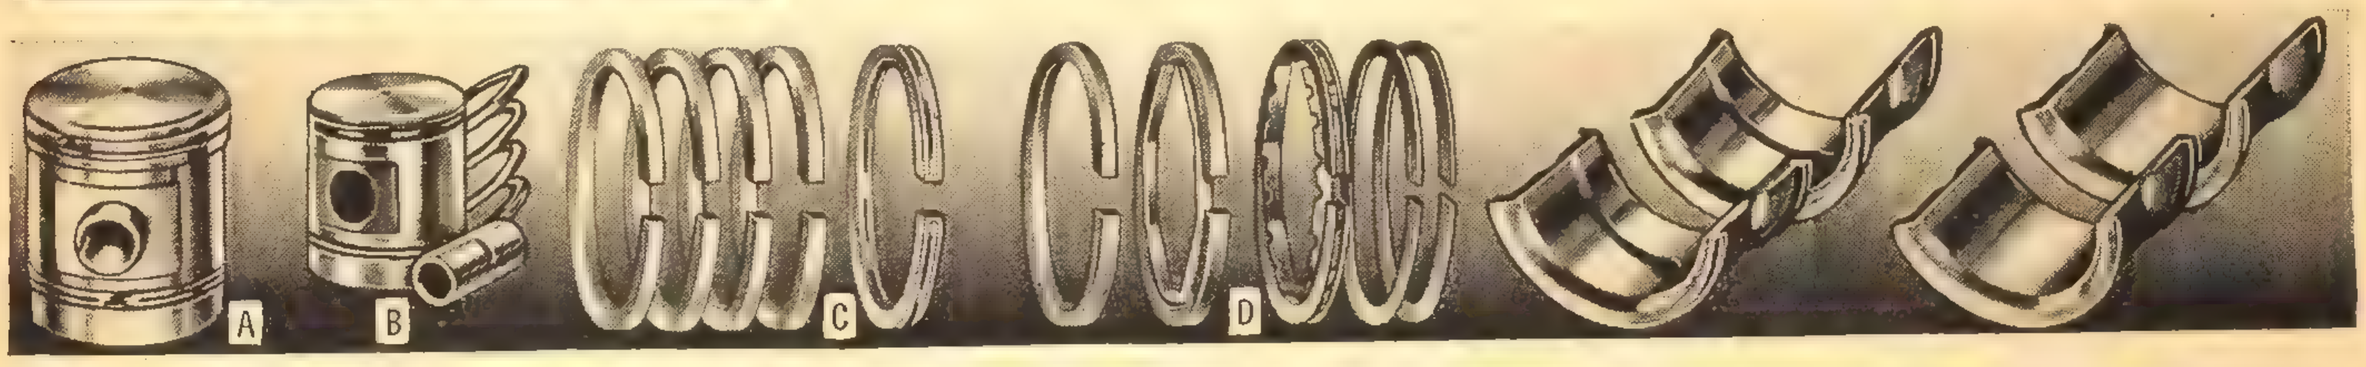
High-power, high-compression Sleeve Assembly steps up tractor efficiency



Higher compression means more power. Absolutely necessary at altitudes of 3000 ft. and over when using regular fuel. **Steps up efficiency in three ways** when used with gasoline at lower levels: (1) Increased drawbar pull—handle three plows instead of two; (2) Increased speed—finish more acreage in less time; (3) Increased power—all the added strength needed for muddy fields and heavy loads. Sleeve, rings and pin same as those in regular type, but piston is designed to increase compression ratio. **Instructions included.** Rubber packing ring included where used. Must be installed in full sets. **Give make, year, and model wanted.** Use "colder" type spark plug for proper ignition. Shipped from mail order house.

For Make and Model	Bore	Cat. No.	Each	Shpg. wt.
Allis-Chalmers W, WC, WF, 1933-40	4	28K06781	$5.85	11 lbs.

Magneto Rebuilding Service

Send your old magneto to us to be entirely rebuilt by factory experts to a like-new condition. **All worn parts replaced.** Send complete magneto, **postpaid**, to Sears nearest mail order house. Include impulse coupling, distributor block breaker cover and assembly for complete overhauling. Pack magneto in wooden box and pad carefully. We will ship from factory in Chicago or Minneapolis. You pay postage from nearer one.

28 K 5123F—Average shpg. wt., 16 lbs....**$12.95**

NOTE: We cannot rebuild Accurate Engineering, Eckert, Heco, Heinze, National, Remy or Phoenix.

New Valves and Guides help maintain efficiency

[G][H][J][K] New valves and valve guides in your tractor will go a long way toward stopping power loss which is important today. You'll also enjoy the benefits of generally improved performance to make every job a bit easier and faster to complete. In the illustrations shown above [G] is Valve Guide for Fordson, [H] is Valve Guide for Farmall 20 and 10/20; [J] is Valve Guide for John Deere D; [K] is Valve for McCormick-Deering 10/20. Use heat treated valves for intake only, not for exhaust. Use heat-resisting valves for exhaust at all times, and if listed, also use for intake. Heat-resisting valves will give longest service and best performance. Order from the listings below and include them when buying other tractor accessories and parts. Shpg. wts.: valves, guides, each, 1 lb. 2 oz.

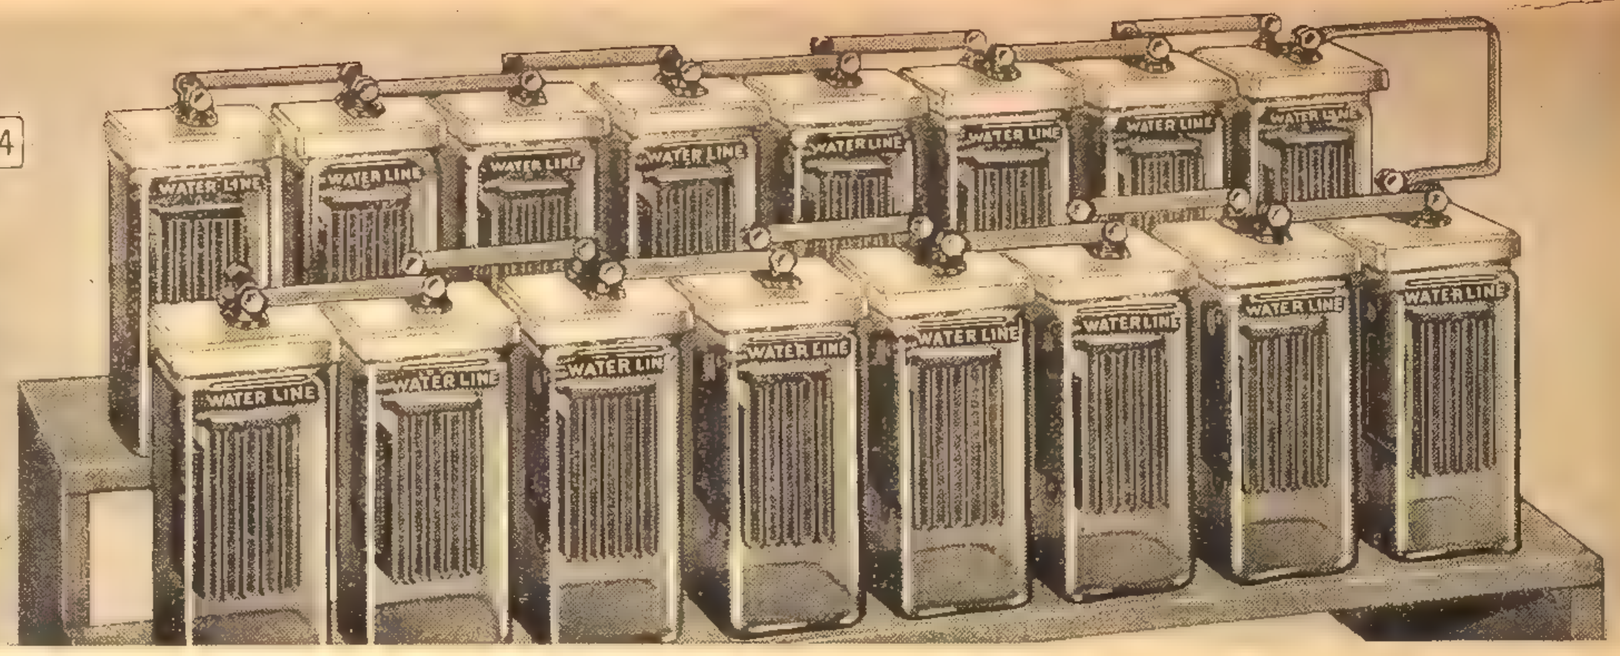
FARM-MASTER AND DEFIANCE
Batteries built for long service

1 **Heavy Posts**—Permit free flow of current. Non-corrosive. All batteries furnished with two posts, except 21-plate sizes, which have four posts.

2 **Visible 3-ball Indicator**—Easy to read. 3 large size balls tell if battery is fully or partially charged or discharged. Indicator furnished with pilot cell on 32 or 110-volt set of batteries. (16 or 56-cell set.)



3 **Large size Glass Jar**—Scientifically designed to give proper balance between liquid and size of plates; permits free flow of liquid around plates. Large sediment space—Never needs cleaning; no short-circuiting.

4 **Glazed porcelain Cover**—With special asphalt seal. Will not sag or leak. Not affected by acid or temperature changes. Ideal insulator for top of jar.

5 **Molded Water Line**—Correct level clearly shown; regular filling prolongs life.

6 **Heavy-duty Plates**—Large, specially designed to retard shedding. Have large quantities of power-creating materials.

SHIPPING NOTICE: All light plant batteries are shipped from factories in Memphis, Milwaukee, Kansas City, Minneapolis, Philadelphia or Dallas whichever is nearest you; you pay freight from factory. Order from Sears nearest mail order house.

FARM-MASTER replacement Light Plant Batteries

Our Own Trade Mark

NOW GUARANTEED FOR 10 YEARS

"We guarantee all Farm-Master, Defiance and Fulton Batteries to deliver the number of years of service advertised. Should your light plant battery fail to give the years of service guaranteed, we will replace it on a service basis, charging you only for the time it has been in your possession."—Sears, Roebuck and Co.

Select the proper size Battery

$112.50
13-Plate, 16-Cell 32-volt Battery
Less old battery allowance

Your light plant battery will give you bright, steady, dependable light, and in addition, if you select the proper size, it will run refrigerators, churns, separators, washing machines, etc. A refrigerator takes a 21-plate battery. Add up the number of watts your lights and appliances need, add 20% for overload, then select the size from the "Normal Weekly Watt Hour" column in the tables below.

32-volt service requires 16 cells; 110-volt, 56 cells (3½ 16-volt units). Hydrometer included with each set.

Extra heavy-duty FARM-MASTER—now guaranteed for 10 years

Improved manufacturing practices plus actual experience of our customers in how long these famous batteries really do last, make it possible for us now to back them with a 10-year guarantee. Fiber-Glass retainer mats, in addition to selected wood separators on each side of plates, reduce shedding and greatly increase battery life.

Heavy-duty DEFIANCE Batteries—guaranteed for 5 years

Note the low cost of current delivered by these batteries (Cost per K.W.H.) in the table below. This, plus low cost, has made them excellent replacement values for thousands of owners. Can be used to replace any other make battery. Selected wood separators on each side of plate; ribbed to permit free circulation of acid.

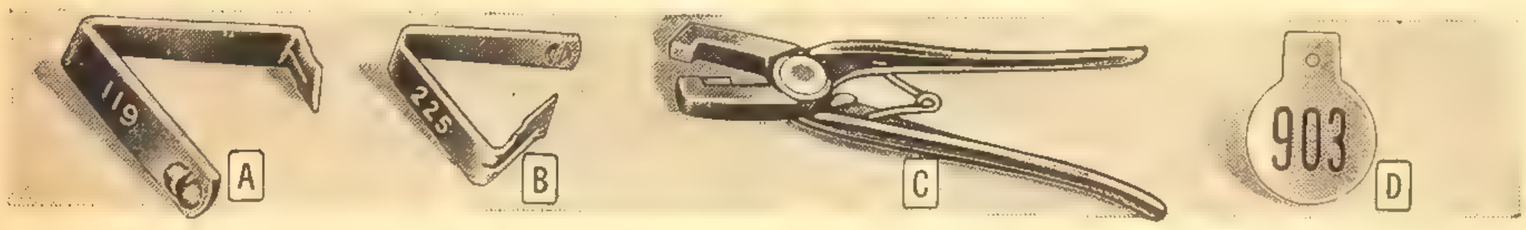
Liberal Battery Trade-in Allowance



Even if your old glass jar battery is worn out, it is worth money at Sears. We include with each 32-volt set of 5 or 10-year guaranteed batteries a credit coupon entitling you to the following allowances, if the batteries are shipped prepaid to any Sears retail or mail order store; on old 32-volt set of 7-plate batteries, $5.00; on sets of 9, 11 or 13-plate glass jar batteries, $10; on old 15 or 17-plate glass jar batteries, $14; on old 21-plate batteries, $20. Deduct these liberal allowances and see how much you save.

Parts to fit Delco Plants

Need repairs to fit your Delco light plant or pump? Order them from Sears at money-saving prices. Just write for special booklet and price list No. 751K. It is free, and will save you money.

If you prefer you may purchase Light Plant Batteries on Sears convenient Easy Payment Plan. See inside back cover for details.

Numbered Ear Tags

CRAFTSMAN self-lubricating Cylinder Grinder

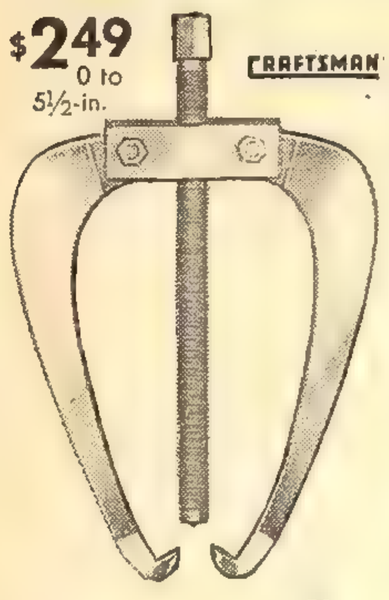
A No time wasted—no flying dust—no vacuum cleaner needed. It's the only self-lubricating grinder made for fast, clean, accurate cylinder reconditioning. Removes metal at uniform high speeds—continues to cut without frequent adjustments—easily removed to check work—no complicated adjustments. Provides mirror finish for longer piston ring wear. Fits any cylinder 2 11/16 to 4 1/8-inch. Includes set of coarse stones, set of fine stones, set of lubricating pads, 2 sets of stone carriers, extension and instructions. Use any ½-inch electric drill.
9 K 4681—Shipping weight, 9 pounds 8 ounces.....**$26.95**

Replacement Parts for above grinder. Shipping weight, 14 oz.
9 K 4684—Set of 2 coarse stones, 2 lubricating pads....**$3.98**
9 K 4685—Set of 2 fine stones, 2 lubricating pads..... **3.98**

B **Oversize Stone Carriers for above grinders.** Set of 4. For use in large bore truck, bus and tractor engines.
9 K 4682—Range, 4 1/8 to 4 15/16 in. Shpg. wt., 2 lbs **$7.49**
9 K 4683—Range, 4 15/16 to 5 5/8 in. Shpg. wt., 2 lbs. 8 oz. **7.49**

CRAFTSMAN Burnishing Hone

C The best tool for rapidly and effectively removing cylinder glaze. Will not remove metal. Resurfaces cylinder walls preparatory to installing expander type rings. Enables rings to seat immediately. Shortens running-in time—provides new motor performance. Automatically centers itself—no adjustments or special set-up required. Tool automatically expands to fit any cylinder 2 11/16 to 4 1/8-inch diameter. Oversizing cylinder is impossible. Use any ½-inch electric drill. Complete with holder, extension, 2 extra stones, 2 extra lubricated pads. Instructions included.
9 K 4679—Shpg. wt., 21 lbs. .**$7.50**
9 K 4680—Set of 2 replacement stones and pads. Shpg. wt.,8 oz.**$3.98**



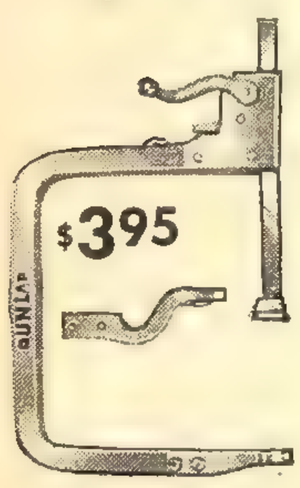
CRAFTSMAN Expansion Hone

D For precision work where speed and quality of work turned out is important. Hones steel, cast iron, brass, bronze, alloys, etc. For precision piston pin fitting—honing spindle bolt or water pump bushings, brake cylinders and any internal cylinder bore 47/64 to 1 1/8-inch. Will not jam in split bushings. Self-centering cone maintains perfect alignment. Special stop nut limits expansion to any desired diameter—permits grinding all holes to same size when necessary—eliminates over-grinding. Use with ¼ or ½-inch electric drill or drill press. Complete with 2 sets each of fine and coarse abrasive pads, and pad carriers.
9K4688—Shpg. wt., 1 lb. 5 oz.....**$7.95**
9K4689—12 replacement abrasive pads; 6 coarse, 6 fine. Wt., 4 oz....**$1.48**

Piston Ring File

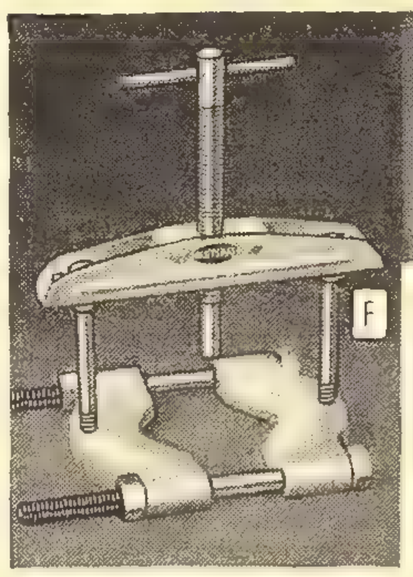
E **CRAFTSMAN.** Developed for proper fitting of piston rings. Cuts ring fitting time in half. Attaches to vise or cylinder block. Handles all types and sizes of piston rings. Enables you to precision-fit every ring to the cylinder—eliminates ring distortion, scored cylinders, overheating, etc. File holder slotted to hold file in 3 positions; vertical, and at 45° left or right. Shpg. wt., 2 lbs.
9 K 4687—With file..**$3.45**

9 K 4694—Replacement files. Size, 2 5/8 x 9/16-inch. Shpg. wt., 4 oz. Set of 4..**98c**

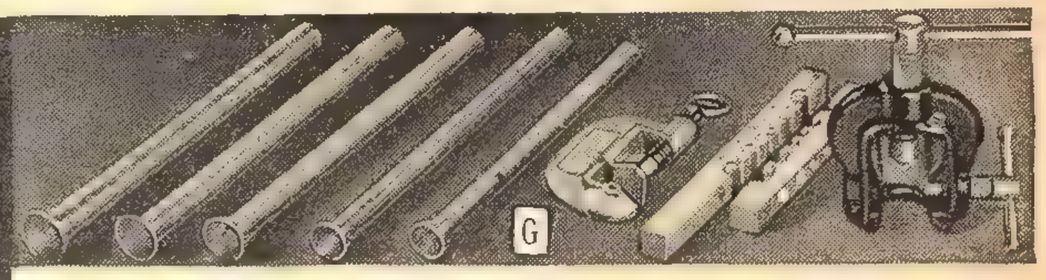


Auto-grip Gear Pullers

CRAFTSMAN. Available in 3 sizes to cover a complete range of automotive and industrial needs. The 3 sizes will pull gears, pinions, bearings, pulleys, wheels, etc. from ½ to 10½-inch diameter.



The design of the jaw assures an automatic, positive, non-slip grip that prevents the jaws from slipping when pressure is applied. Jaws are drop forged alloy steel—thin enough to work in close quarters, yet strong enough for most strenuous pulling jobs. Fine pitch screw thread provides tremendous slow pulling power with minimum effort; eliminates gear and pulley breakage.



Cat. No.	Jaw spread	Shpg. wt.	Each
9K4690	0 to 5½-in.	2 lbs.	$2.49
9K4691	0 to 8 -in.	4 lbs.	6.25
9K4692	0 to 10½-in.	9 lbs.	10.50

Valve Spring Compressor

DUNLAP. Services more different cars than any other type made. Size frame, 9x11 inches. Clears exhaust manifolds and other obstructions—no need for their removal. Straight type jaws fit all sizes of springs and washers on 90% of older model cars, trucks and small tractors. Ratchet type crank handle permits work to be done in restricted places. Automatic lock to hold valve springs at any position; leaves hands free for removal of valve locks, etc. Provides a positive, vertical lift.
9 K 4695—Shpg. wt., 6 lbs..**$3.95**
9 K 4697—Special No. 2 Offset Jaws. For General Motors cars and Continental motors. Shipping weight, 4 ounces.....**$1.00**
9 K 4699—Special No. 5 Offset Jaws. For Plymouth, Dodge, Chrysler, Waukesha motors. Shipping weight, 4 ounces.....**$1.25**

←Pulley Remover

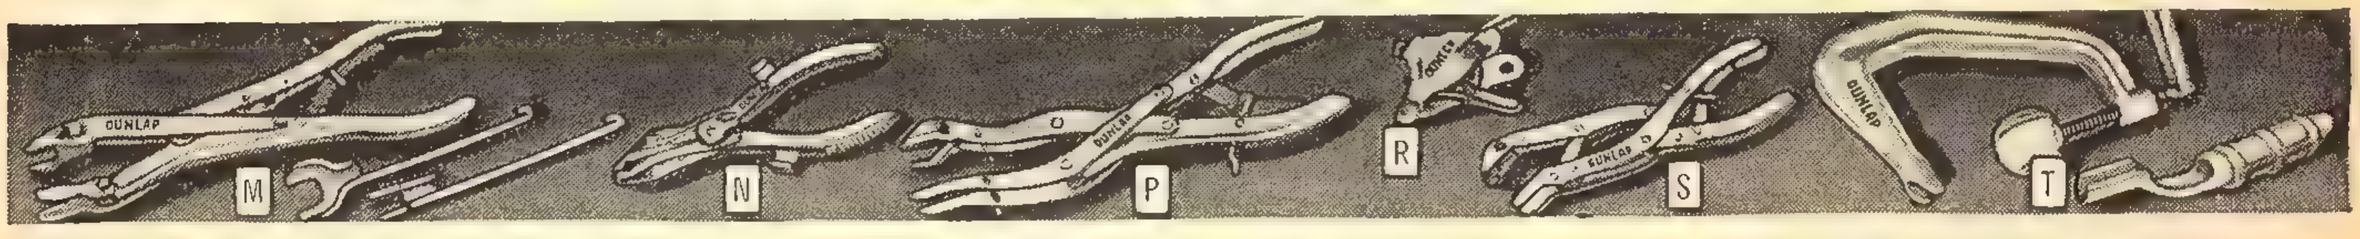
F **CRAFTSMAN.** Removes small pulleys when frozen fast on electric motor shafts and other power tools. Fits single or multiple-groove pulleys, gears, bearings, etc. Provides positive support which prevents breakage or damage to pulley being removed. Capacity, 1¼ to 4½ inches. Shipping weight, 4 pounds.
9 K 4696.....**$1.98**

8-piece Flaring Tool Set

G All the tools necessary for cutting, bending and flaring tubing from ¼ to ½-inch inside diameter. Tube cutter cuts any tube up to 1-inch diameter. Tool steel blade makes clean cut clear through—no ragged edges. Flaring vise has 7 openings to handle all popular sizes of tubing. Spring coil tube benders enable you to bend tubing by hand without danger of collapsing. 5 tube benders, sizes ¼, 5/16, 3/8, 7/16 and ½-inch.
9 K 5546—Shpg. wt., 5 lbs.....**$4.75**

DUNLAP Valve Guide Puller Set

H J Includes guide puller (J) and driver (H). For Ford V-8-85, Mercury, Lincoln-Zephyr. Pulls valve assemblies no matter how tightly stuck with carbon. Does a thorough job without damage or delay. For complete job both puller and driver are required. Puller made of drop forged steel; hardened tool steel jaw plate.
9 K 4665—2-pc. set. Shpg. wt., 8 lbs.....**$7.50**



H **Guide Retainer Driver Only.** Removes guide retainer on all Ford motors. Tempered steel.
9 K 4662—Shipping weight, 2 pounds.....**98c**

DUNLAP Valve Spring Lifter—bar type

K For Ford V-8-85, Mercury, Lincoln-Zephyr. 30 inches long; powerful leverage to lift toughest valve assembly. Identical jaws each end give the tool double life; tempered.
9 K 4655—Shipping weight, 5 pounds.....**$2.25**

DUNLAP Valve Guide Driver

L For Ford V-8-85, Lincoln-Zephyr. Drives guides far enough to permit removal of retainers. Will not pass through valve bore. CANNOT be used on late model cars with heavy valve springs.
9 K 4660—Shipping weight, 1 pound.....**98c**

DUNLAP Valve Lifter—our most popular

M For old model cars with exposed valve assemblies. Safety ratchet locks jaws in place; both hands are free. Tempered interchangeable jaws. Parallel jaw action.
9 K 4651—Length, 11 inches. Shpg. wt., 2 lbs.....**95c**

DUNLAP Valve Keeper Insert

N Use when installing slit keys on valve stems. Easy to load. Jaws keep a firm grip on keepers. Self supporting. Quick and convenient.
9 K 4675—Shipping weight, 10 ounces.....**98c**

DUNLAP Valve Spring Lifter

P Strong, dependable. For practically all L-head motors, old or new. Equipped with safety ratchet lock. Hardened steel jaws; fully adjustable.
9 K 4653—Length, 10 in. Shpg. wt., 2 lbs.....**$1.95**

DUNLAP Piston Ring Compressor

R For putting on and taking off piston rings. Easy, fast to operate—safe. Avoids stretched rings and cut fingers. Handles all types of piston rings.
9 K 4677—Shipping weight, 8 ounces.....**95c**

DUNLAP "Hi-Offset" Valve Lifter

S Designed for under-the-fender operation (with manifolds on), in late model L-head car and truck motors. Strong, tempered steel jaws. Parallel lift, 3 inches.
9 K 4652—Length, 8¾ inches. Shpg. wt., 1 lb. 6 oz.**$1.55**

DUNLAP Valve Guide Puller Set

T Includes guide puller and guide retainer driver. For Ford V-8-60 motors only. Pulls valve assemblies no matter how tightly stuck. Never fails.
9 K 4666—2-piece set. Shpg. wt., 6 lbs.....**$7.00**

DUNLAP Valve Grinding Attachment

U Use with mechanical valve grinder. Self centering rubber cap. Diameter, 1⅜ inches.
9 K 4669—Shipping weight, 6 ounces.....**45c**

FULTON Vacuum Cup Grinder

V For hand grinding. Coil spring keeps retaining ring in place; prevents cup from slipping off valve while grinding.
K 4667—1⅜-inch diameter. For Ford V-8-85, ercury, and Lincoln-Zephyr. Shpg. wt., 8 oz.**49c**
K 4668—1 1/16-inch diameter. For Ford V-8-60 ly. Shipping weight, 6 ounces.....**49c**

Ignition File

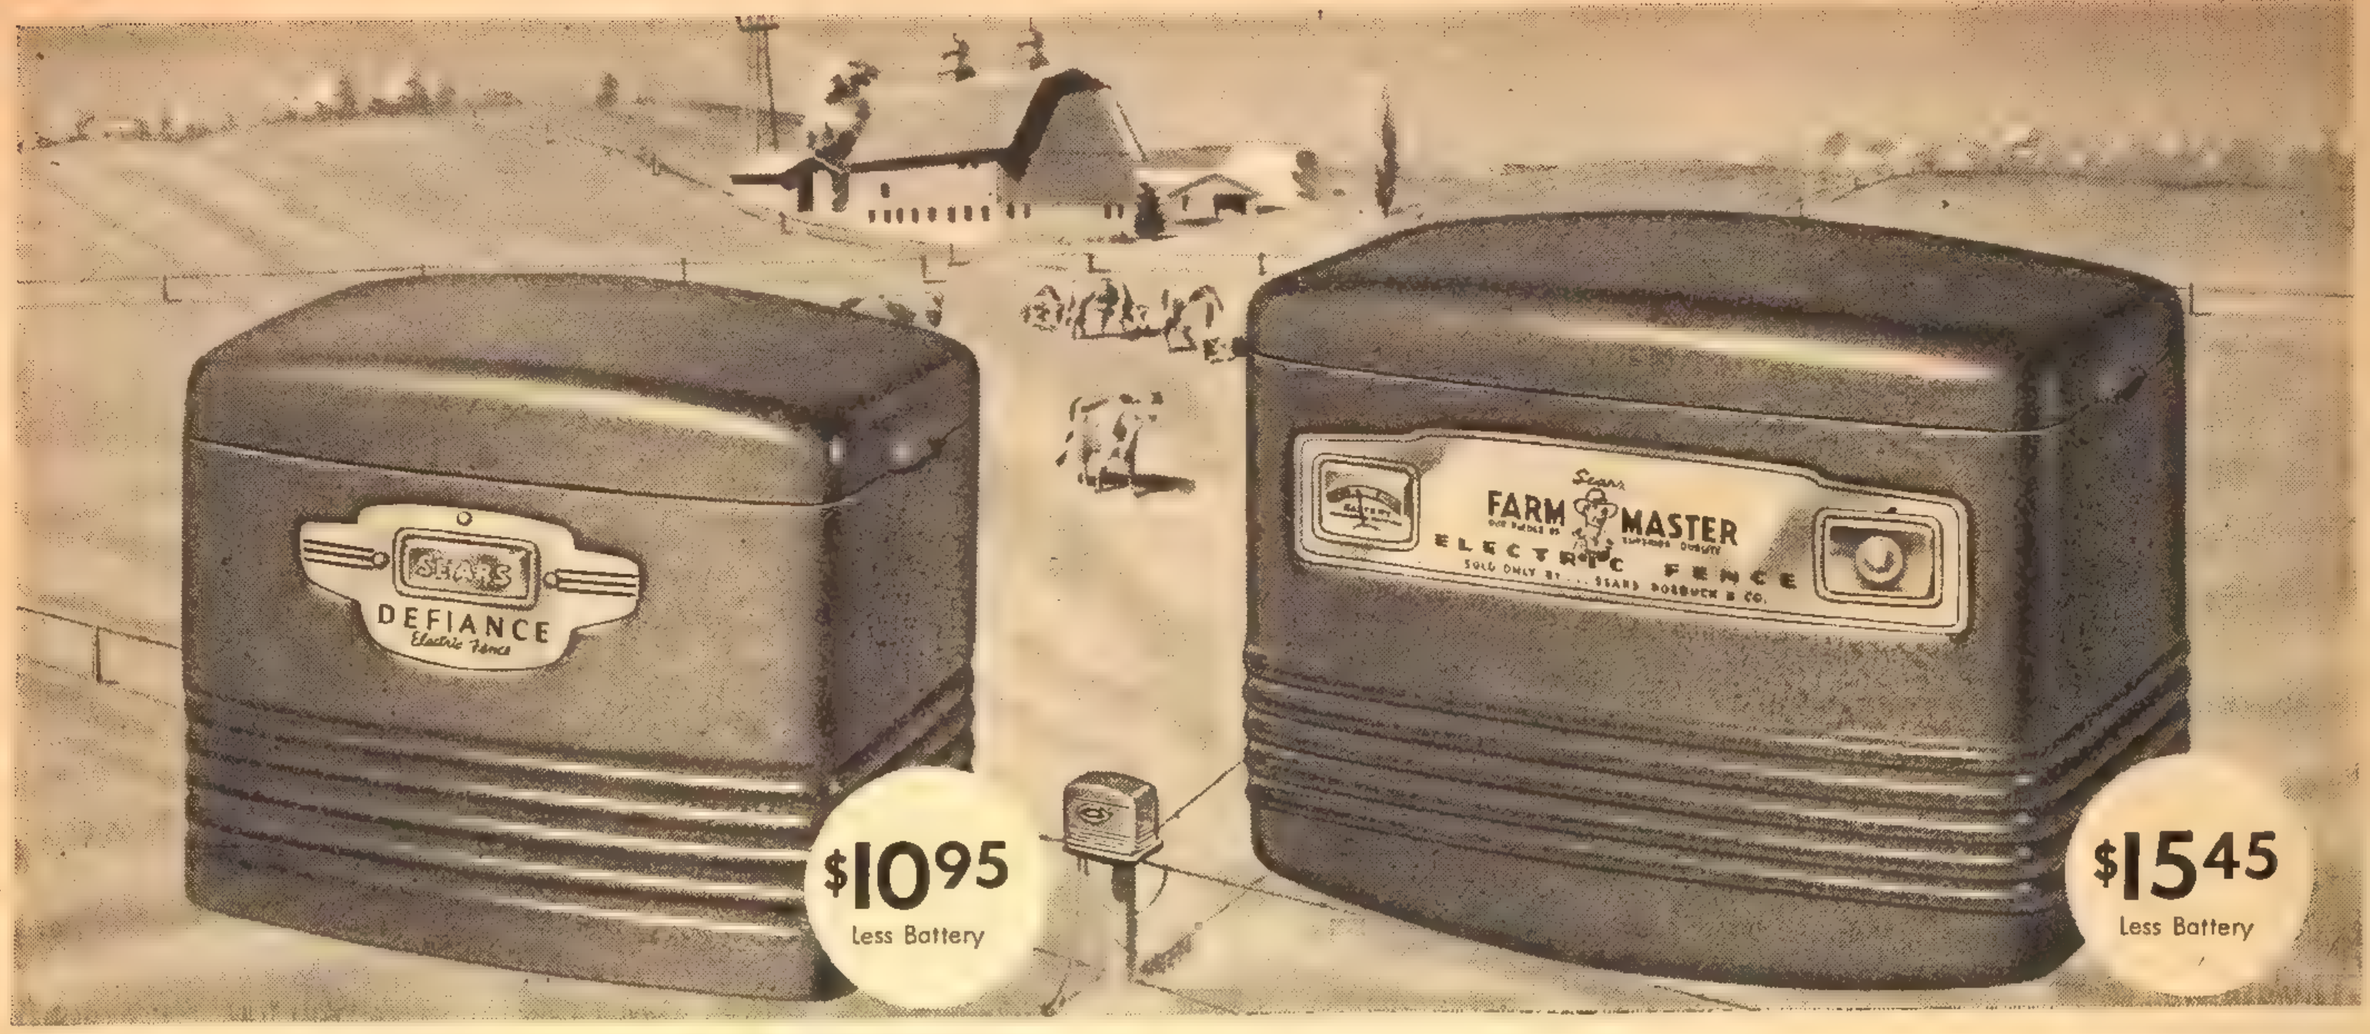
W **CRAFTSMAN.** Fine double-cut teeth produce a perfectly smooth contact between points. For distributor or spark plug points, magnetos, etc., tipped with tungsten, iridium and similar metals. Length, 5 in. Shpg. wt., each, 4 oz.
9 K 6740—Each...**9c**
3 for..**25c**

Adjustable File Holder

X Simple adjustment makes file either concave or convex, or can be used for straight filing. For 12 to 14-inch files. File not included; see below for file to fit.
9 K 4572—Shpg. wt., 3 lbs....**$2.50**

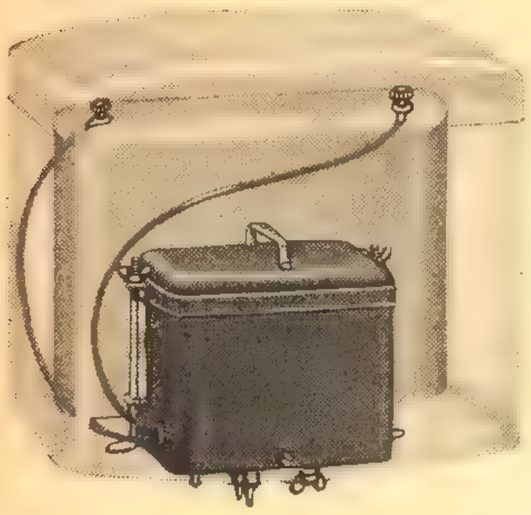
Vixen Body File

Y Fits above holder. Quick cutting curved teeth; machine milled. Highest quality file made. Length, 14 inches.
9 K 4576—Shpg. wt., 1 lb....**$2.25**



Reveal File Holder

Z For filing in corners, or for difficult filing on small work where larger files do not allow the necessary stroke. Teeth milled on both sides, doubling their life and service. Size, 4⅛ inches long; 1 1/16 inches wide. Shipping weight, 1 pound 8 ounces.
9 K 4577—With file...**$1.50**



AA **9 K 4578**—Extra file for above holder. Shipping wt., 6 oz.....**50c**

Eccentric Stud Remover

BB **CRAFTSMAN. ½-inch square drive.** Cam principle develops tremendous power. Capacity, 5/16 to ¾-inch. Forged from special alloy steel. Precision cut teeth of roller grip studs that have broken off close to surface. Shpg. wt., 1 lb.
9 K 4457.....**$2.19**

NEW! Battery-type Fence Chargers

NEW! Sealed-in controller unit fits inside steel charger case, doubly protected by two steel cases against dust, dirt, moisture and insects—**gives you long trouble-free service**

NEW! Precision-built, carefully inspected, factory sealed controller unit holds its fine factory adjustments; reaches you ready to hook up to your fence—**lasts longer.**

NEW! Completely redesigned compact unit uses less current so your battery will last longer; strong shock voltage to stop even unruly and hard-to-hold stock—**costs less to operate**

NEW! Controller unit is factory sealed in heavy steel enameled case with convenient handle —**sealed-in unit cannot be tampered with unless seal is broken**

NEW! Sealed-in controller unit can be removed from charger case as quickly and easily as a battery; just remove two wing nuts—**easily replaceable**

New DEFIANCE battery-type Electric Fence Charger

New! Sealed-in Controller Unit: Lower operating cost, longer life, easily replaceable. An exclusive Sears feature in electric fence chargers. Only two moving parts; balance wheel turns on sealed-in-oil bearings. Self-wiping contact points. Built-in lightning arrestor. High voltage and low voltage terminals for dry or normal ground conditions.

New! Streamlined Outer Case: Redesigned case approved for inside or outside use. Heavy zinc galvanized 18-gauge steel, with weather-resistant baked-on enamel finish. Both sealed-in controller unit and 6-volt hot spark battery (or four 1½-volt dry cells) fit inside charger case, protected from weather. Terminals, off-on switch and ground are on bottom, protected by extended sides of case. With post-mounting bracket and convenient carrying handle. Snap-on cover; you can change battery without the use of tools.

Ground wire, ground clamp and full instructions included. Handles up to 12 miles of fence. Shipped promptly from stock.

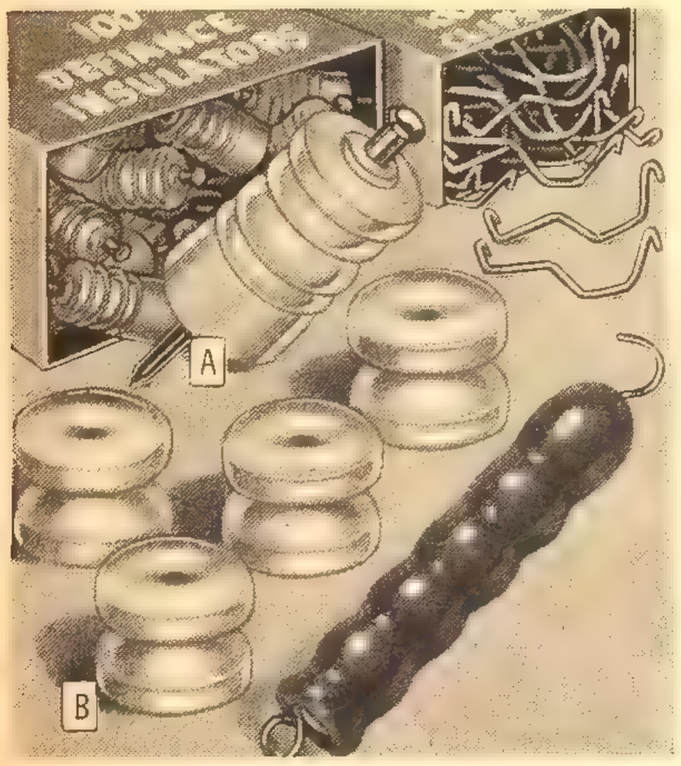
32 K 07752—Charger without battery. Shpg. wt., 18 lbs.....Each **$10.95**
32 K 07753—Charger with 6-volt hot spark. Shpg. wt., 26 lbs.....**$12.40**

BARBED WIRE: Sold only with orders for fence chargers, limit 3 rolls to a customer. 2-point; 14-gauge galvanized steel wire.
32 KM 9900—80-rod rolls. Shpg. wt., 53 lbs.....Each **$2.59**

New improved FARM-MASTER battery-type Fence Charger

New! Sealed-in Controller Unit: Newly designed compact mechanism is factory sealed in a strong metal case, which fits inside the outer steel case. The two cases form a double protection against dust, dirt, insects and moisture, the things which cause most trouble in an electric fence charger. Unit is factory sealed-in, it holds its accurate factory adjustments and cannot be tampered with, unless the seal is broken. Off-on switch. Built-in lightning arrestor; only two moving parts, balance wheel turns on sealed-in-oil bearings.

Streamlined Steel Case: Formed from heavy 18-gauge galvanized steel, further protected from weather by baked-on enamel finish. Snap-on cover; you can remove battery or controller unit without tools. Houses 6-volt hot spark or four 1½-volt dry cell batteries. Extended sides protect terminals and switch from weather and damage from stock. With post mounting bracket and carrying handle. Flash indicator tells if set is operating.



Battery Condition Meter: With push button control switch; tells charge in battery.

Our Best battery-type Charger: Has the strongest shock voltage and the longest battery life of any charger we have tested. Approved for inside or outside use. Will handle up to 15 miles of properly installed barbed or smooth wire fence.

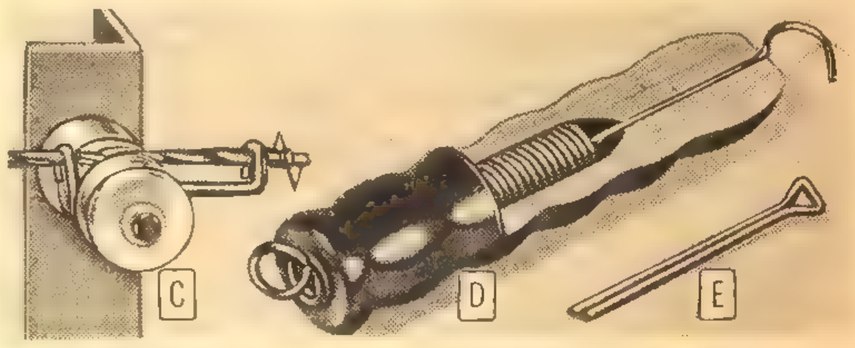
Ground wire, ground clamp and full instructions are included. For barbed wire to be ordered with your charger, see at left. **Available after Aug. 15th.**

32 K 07764—Farm-Master charger without battery. Shpg. wt., 20 lbs.....Each **$15.45**
32 K 07769—Farm-Master charger with 6-volt hot spark battery. Shpg. wt., 30 lbs. Ea. **$16.90**

Approved: All FARM-MASTER and DEFIANCE Electric Fence Chargers on this and the facing page have been approved for safety by the Wisconsin Industrial Commission, and meet the requirements of the National Electrical Safety Code. Every Charger is guaranteed to satisfy you.

Electric Fence Accessory Kit

$2.25 Kit — A convenient money-saving way to buy all the accessories you need to build 200 to 300 rods of electric fence. The same high-quality parts we sell separately below. Kit is made up of 100 line post insulators with nails for fastening to wood posts (we will furnish 100 insulators with clips for fastening to steel posts instead if requested), 100 wire fasteners for fastening barbed or smooth wire to insulators, 4 corner insulators and 1 gate fastener. Shipping wt., 18 lbs.



32 K 07778—Accessory Kit.....**$2.25**

Porcelain Insulators for electric fence

[A] **For Wood Line Posts:** 1¾ inches long; the extra length reduces shorts across insulator. Complete with leather washer and nail.
32 K 7774—For 100; Shpg. wt., 14 lbs....**$1.77**
For 10. Shpg. wt., 2 lbs. 2 oz....**19c**

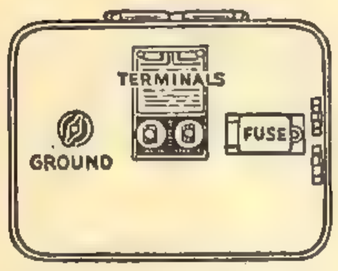
For Steel Line Posts: (Not illustrated.) Same as above except less nail and washer. Order fasteners 32 K 7784 for attaching to posts.
32 K 7773—For 100. Shpg. wt., 12 lbs....**$1.49**
For 10. Shpg. wt., 1 lb. 12 oz...**17c**

[B] **Corner Insulators:** For all corner posts.
32 K 7772—Ea. Wt., 4 oz..2½c; 10 for **22c**

Galvanized wire-to-insulator Fasteners

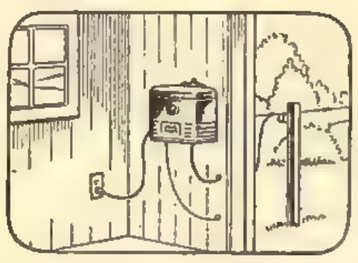
[C] Spring wire. Make it easy to fasten barbed or smooth wire to insulators without the use of tools. Save time in building or moving your electric fence. Use one for each insulator on your fence. **29c** Box of 100
32 K 7782—Box of 100. Shpg. wt., 10 oz.....**29c**

Improved one-piece Core Gate Fasteners

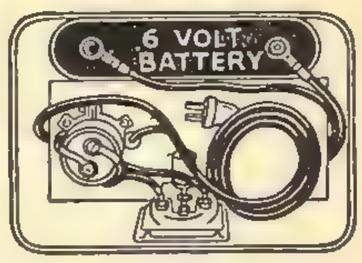


[D] Improved design gives positive electrical circuit through the one-piece core; core is made from galvanized spring steel wire, with built-in spring. Eliminates current leakage in gate; gives stronger, more positive shock on the fence line. Improved shape of handle for better grip. Make your gate any place you desire in the fence line.
32 K 7783R—Shipping weight, each, 10 ounces. Each..**20c**

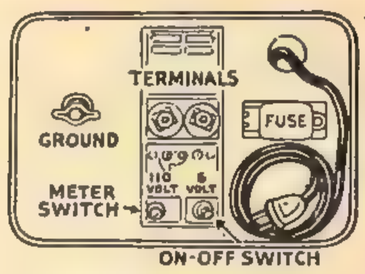
Insulator-to-post Fasteners—galvanized steel



[E] For attaching porcelain insulators to punched steel post
32 K 7784—Box of 100. Shpg. wt., 2 lbs. 2 oz. Box..3



Hi-Line and Battery-Hi-Line Fence Chargers



Weather-protected terminals and fuses on bottom of case; high-low voltage terminals.

Simple reliable mechanism; just plug it into a high-line socket; plug and cord included.

Terminals, switches and extra fuses on bottom of case protected from weather and animals.

Compartment inside case for Hot-Spark battery or 4 dry cells; retractible A.C. cord.

FARM-MASTER Hi-Line (110-volt A.C.) Charger

Build your fences faster; rotate crops and pastures; get full use from every possible piece of ground; use an efficient, economical FARM-MASTER Charger and save money when you buy your charger; save money when you build your fence.

Simple—very economical mechanism: Draws only 2½ watts of power. Runs 30 days for less than a dime (at 5c per KWH). No tubes to burn out. Only 2 moving parts. Balance wheel turns on life-time bearing. Self cleaning, non-corrosive breaker points. Lightning arrestor built into Hi-Line and fence line circuits.

Strong steel Case: Heavy 18-gauge steel, with baked-on enamel finish. Approved for inside use.

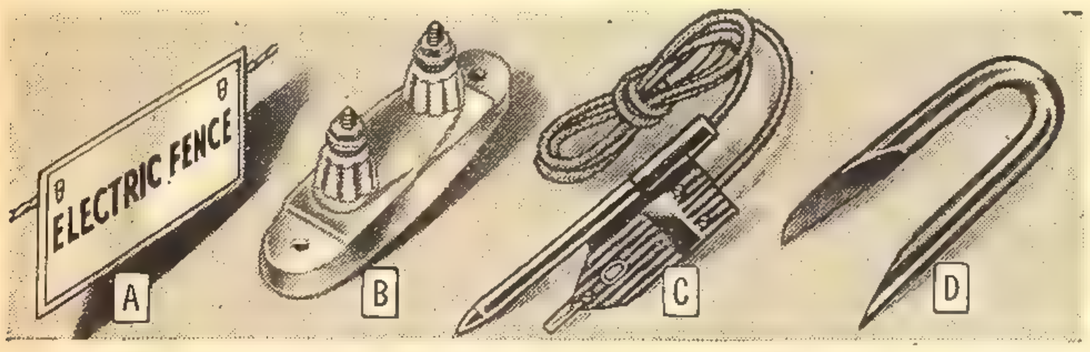
High-Low Terminals: Use low-voltage during normal season and for trained stock; use high voltage for training stock and during dry season. Separate terminals for each voltage.

Alternating Current: Operates on 110 to 120-volt, 60-cycle A.C. Ground wire, ground clamp, cord and plug, 2 extra fuses and instructions included. Shipped promptly from stock. See opposite page for barbed wire to be bought with fence chargers.

32 K 07780—Hi-Line Charger. Shpg. wt., 19 lbs....Each **$19.90**

FARM-MASTER Battery or Hi-Line Fence Charger

A real aid in saving time and in better farming. If you want to run a fence across or around a field in the back of the farm, just hang this charger on a post and operate it from a 6-volt battery. For fences near to farm buildings, operate it from the 110-volt alternating current Hi-Line.



Dual-Purpose Mechanism: Simple, positive cut-over switch sets charger for use with 6-volt battery or with 110-volt Hi-Line current. Only draws 2½ watts of 110 to 120-volt, 60-cycle A.C.; runs a month for a dime (at 5c per KWH). Also operates from 6-volt Hot Spark or four 1½-volt dry cells (either of which fit into case) or from 6-volt storage battery. Only 2 moving parts; balance wheel turns on sealed-in-oil bearings. No tubes to burn out. Built-in battery condition meter and lightning arrestors. Flash indicator tells if set is working. Off-on battery circuit switch.

Heavy Steel Case: 18-gauge steel case with weather-resistant baked-on enamel finish. Snap-on cover; change batteries without the use of tools. Terminals and switches on bottom of case, protected from weather and animals.

High-Low Voltage Control Terminals: Use low voltage for trained stock and during normal ground and weather conditions. Use high voltage for training stock and when ground is dry, sandy or rocky. Handles up to 15 miles of barbed wire fence. Ground wire, ground clamp, battery lead wire, cord and plug, extra fuses, complete instructions are included with each set. Shipped promptly from stock. See opposite page for barbed wire to be bought with fence chargers.

32 K 07765—Charger without battery. Shipping weight, 22 lbs.....Each **$22.50**

32 K 07766—Charger with 6-volt hot-spark battery. Shpg. wt., 33 lbs. ....Each **23.90**

Painted metal Fence Sign

[A] Required by law for electric boundary fences in some states. Clear easy-to-read black letters. **6c** Each

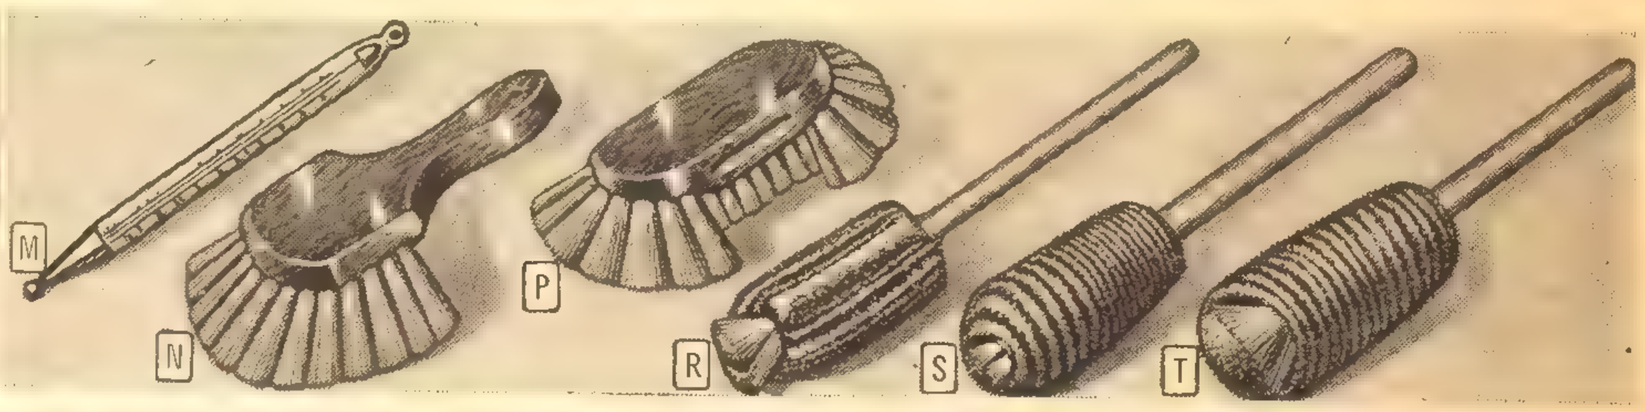
SEARS, ROEBUCK AND CO.

Calf and Cow Weaners

69c Calf size

Jabs the animal doing the sucking. Weans calves; also stops cows from sucking themselves or each other. Won't come off. Made of strong metal; jabbing points of clock-spring steel. Adjustable chain halter with snap. Shipping weights, 1 pound and 2 pounds.

32 K 9204—Calf size. 69c
32 K 9208—Cow size. $1.09



New Milk Record Blanks

9c Per pad

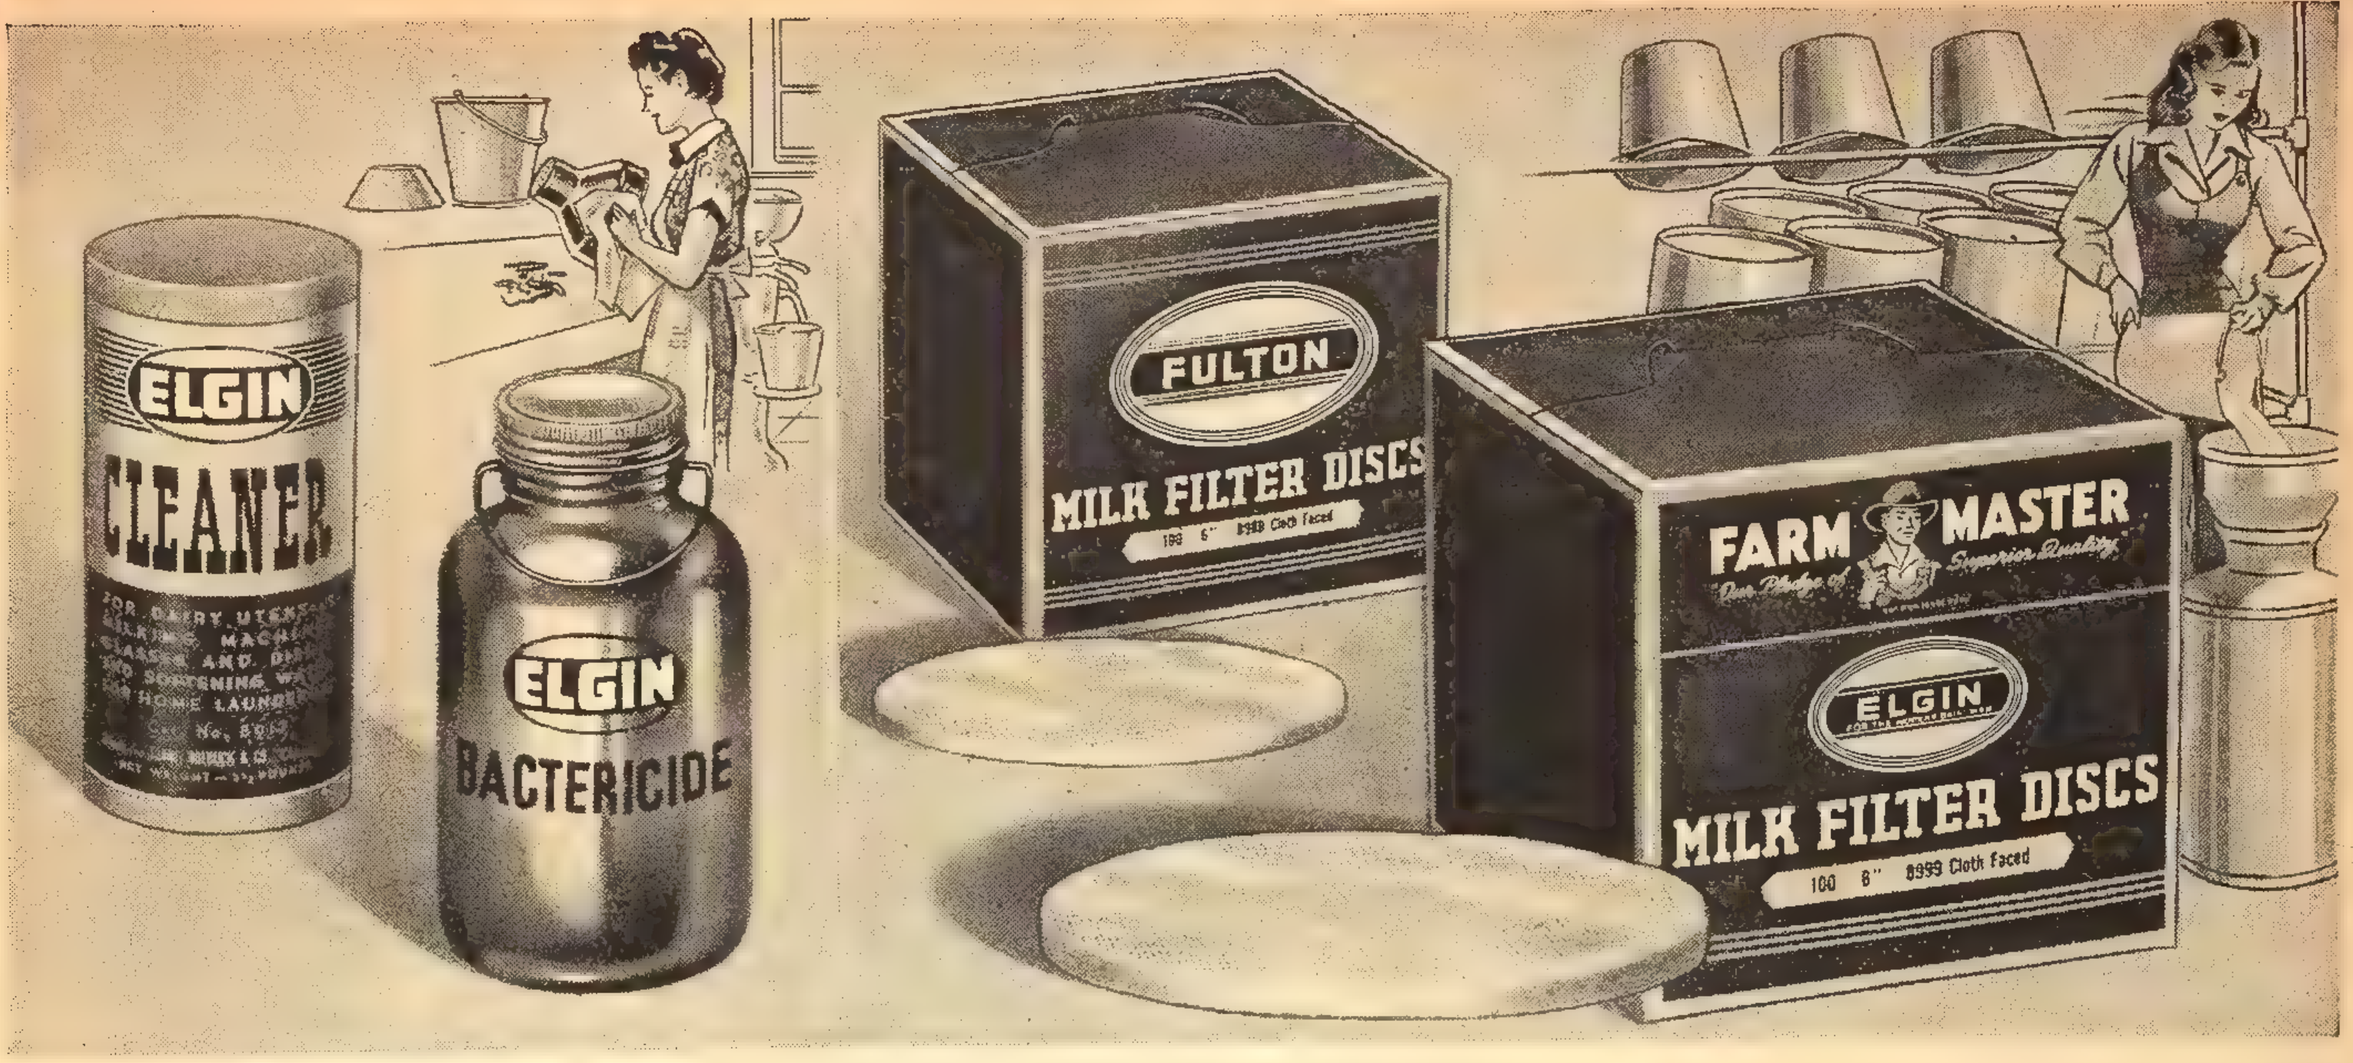
The most complete Milk Record Blanks we have ever seen. One pad provides a year's supply for a herd of 20 cows. Enables you to keep an accurate production record—by the day, week and month for each cow.

New, simplified design permits sure, easy, day-to-day totaling for every month. Each pad consists of 12 record sheets with an extra sheet on back which has space for a monthly and yearly herd record and also contains gestation table, breeding dates, drying-off period and calving dates. These new Milk Record Blanks will enable you to identify the low-producers and weaklings; will help you build up production in your herd at a saving in cost. Priced low as a service to you.

32 K 9119—Milk Record Pad. Shpg. wt., 8 oz. **9c**

[M] **Dairy Thermometers.** Finest Taylor quality . . . guaranteed accurate. Degrees show points of churning, cheese-making and freezing. Shot-weighted to float upright. Ranges 20° to 220°F. Size, 10 inches long. Boxed. Shipping weight, each, 11 ounces.
4 K 2900—Taylor standard model. 87c
4 K 2902—Taylor finest shatter-proof model. $1.15
4 K 2915—Taylor thrift model. 8¾ inches long 37c

[N] **Milk Can Brush.** Ideal for cleaning milk cans, pails, and other utensils. Rounded Palmetto 2-inch fiber, securely bound in smooth block. Flared-end design.
32 K 9048—Length, 10 inches. Shpg. wt., 1 lb. **33c**



[P] **Double End Brush.** Double-end design; gets into seams and crevises. Removes sediment, grease, etc. Flaring end reaches all corners. Palmetto pure fiber. Polished wood block. 6⅞ inches long; 2½ inches wide.
32 K 9049—Shipping weight, 1 pound **44c**

[R] **Fruit Jar Brush.** A mighty convenient brush to have . . . especially at canning time. Helps you to keep your fruit jars clean and sanitary. Has good stiff bristles that loosen dirt, grease, etc. Wound securely with strong wire. Overall length, 16 inches.
32 K 9043—Shipping weight, 6 ounces. **15c**

[S] **Milk Bottle Brush.** Has a 6-inch brush. 2¾ inches in diameter—of good construction. The stiff bristles loosen all particles of grease, dirt, etc. Overall length of 15 inches permits easy cleaning of all sizes of bottles, also very handy for gallon milk jugs.
32 K 9044—Shipping weight, 8 ounces. **59c**

[T] **Washer Brush.** Does fast work; saves time and labor. Fits standard chucks for use with all washers. Select quality hair. Diameter, 3 inches, 6½ inches long. Overall length 15 inches. Fits all milk bottles.
32 K 9046—Shipping weight, 8 ounces. . . . . .

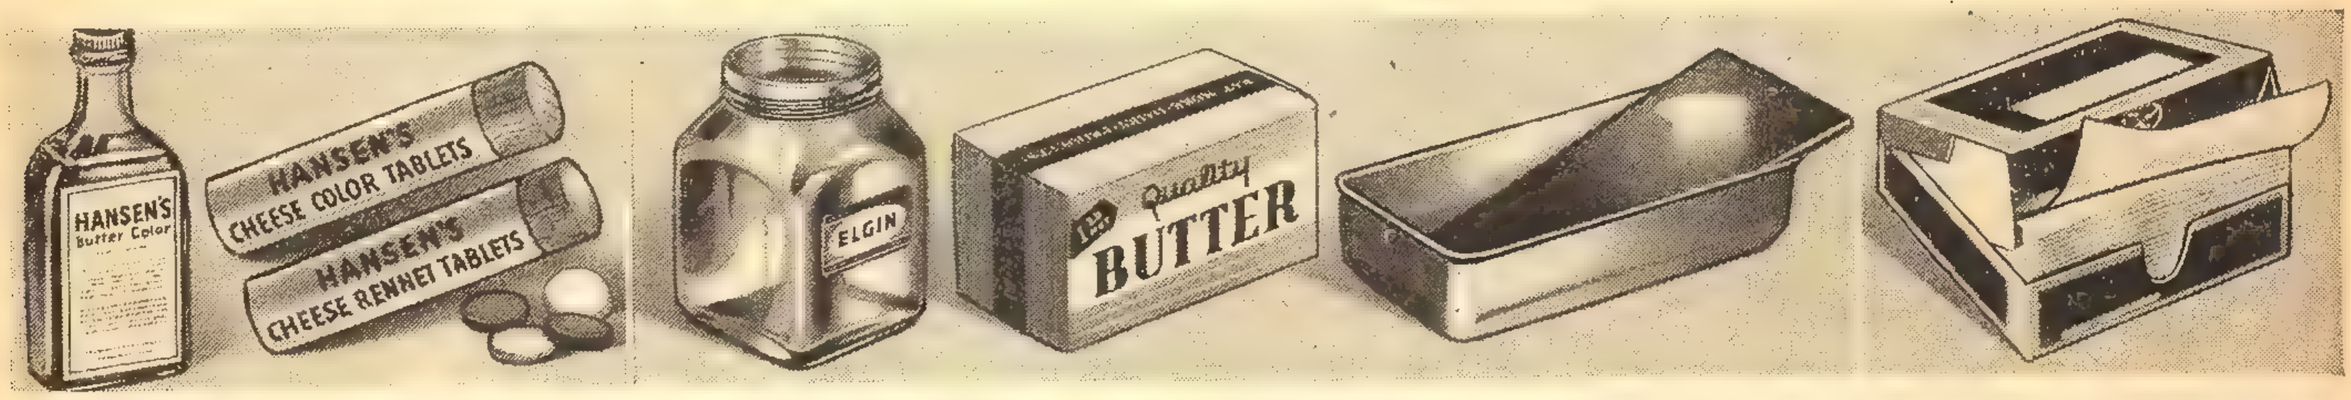
FARM-MASTER ELGIN special quality Milk Filter Discs for fast, efficient filtering



The finest milk filter disc we have ever seen. FARM-MASTER ELGIN discs are the choice of dairymen who take pride in producing high quality milk, and who know that it's just plain common sense to use a disc that's strong enough to filter an entire milking quickly and efficiently.

The new "fiber-treated" process creates extra strength for the amazing performance of ELGIN milk filter discs. This "fiber-treated" process produces a thick, fluffy disc with fibers bound together for maximum strength and filtering speed. Owners of 10 to 12 cows will find that one ELGIN disc will filter an entire milking, maintaining top efficiency and without any appreciable diminishing of speed.

ELGIN discs are new, finest grade long-fiber cotton, bleached pure white. Packed in sanitary cartons. Guaranteed to meet exacting dairy regulations everywhere.

Try ELGIN filter discs—and you'll be convinced of their outstanding quality. The prices are low; in lots of 300 the cost per disc is still lower. Discs with one side gauze-faced are stronger and will filter more milk than plain discs; gauze-facing on both sides makes disc still more substantial for filtering larger quantities quickly and efficiently. Shipping weight, per box of 100 discs, 1 pound. **FARMERS—When you order Milk Filter Discs see page 878C.**

Governor Repair Kit for FARMALL

Pep up your FARMALL, get it to do more and better work for you, and at the same time run on less gasoline. Sears improved governor kit has been designed to give the engine more "snap" at top speed and better control of throttled-down speeds; wear points have been strengthened. Whether you are using your tractor in the field or for belt power, it will work better for you when it is equipped with one of these governor kits.

For all 15–30, 22–36, 10–20, W-30, F-30 and F-20 I.H.C. tractors and Regular FARMALL 20 tractors made from 1926 to July 1st, 1937. **Will not fit other makes or other models.** The kit includes all parts necessary to convert your old governor into a variable speed type; also includes the master governor throttle spring and rocker arm. The new rocker arm casting adds to the fast action of the governor in increasing or decreasing engine speeds. The governor weights have also been redesigned to improve the action of the governor. With these improvements you can now get the action of newer model tractors from your old one. Cultivate your corn in high-gear with a throttled-down motor; the governor will save fuel, save wear and tear on your engine when doing belt work, keep the engine at constant speed whether or not there is any load on the belt.

Governor controls an F-20 from 400 to 1350 R.P.M., and other models at corresponding speeds. Complete illustrated instructions included. **State year and model of your tractor when ordering.**

32 K 04838—For 15–30 and 22–36 I.H.C. tractors. Shipping weight 14 lbs. Each.....**$12.25**

32 K 04839—For 10–20, W-30, F-30 and F-20 I.H.C. tractors and Farmall F-20 tractors made from 1926 to July 1st, 1937. Shipping weight, 13 lbs..**$9.75**

Gate Steels . . . build your own low-cost gates

It's easy, quick and economical to build wood gates with a set of these steels and your own 4 or 6-inch wide boards. Gates can be made any length up to 16-feet. The entire assembly can be made with a wrench; no holes to drill, no special tools needed. Braces are adjustable to take up sag. Set of steels includes 8 steel uprights (4 for each side of the gate), 2 brace irons, 2 lag bolt type hinges for attaching to wood posts, with straps. Latch irons, all necessary bolts and nuts and complete, easy-to-follow instructions are included. Use seven 4-inch boards or five 6-inch boards up to 1-inch thick. Any board can be quickly replaced without taking entire gate apart; just loosen bolts above and below the particular board you want to change, slide it out and slide a new one in. Shipping weight, of set, 39 pounds. Shipped from mail order house stock. Mailable.

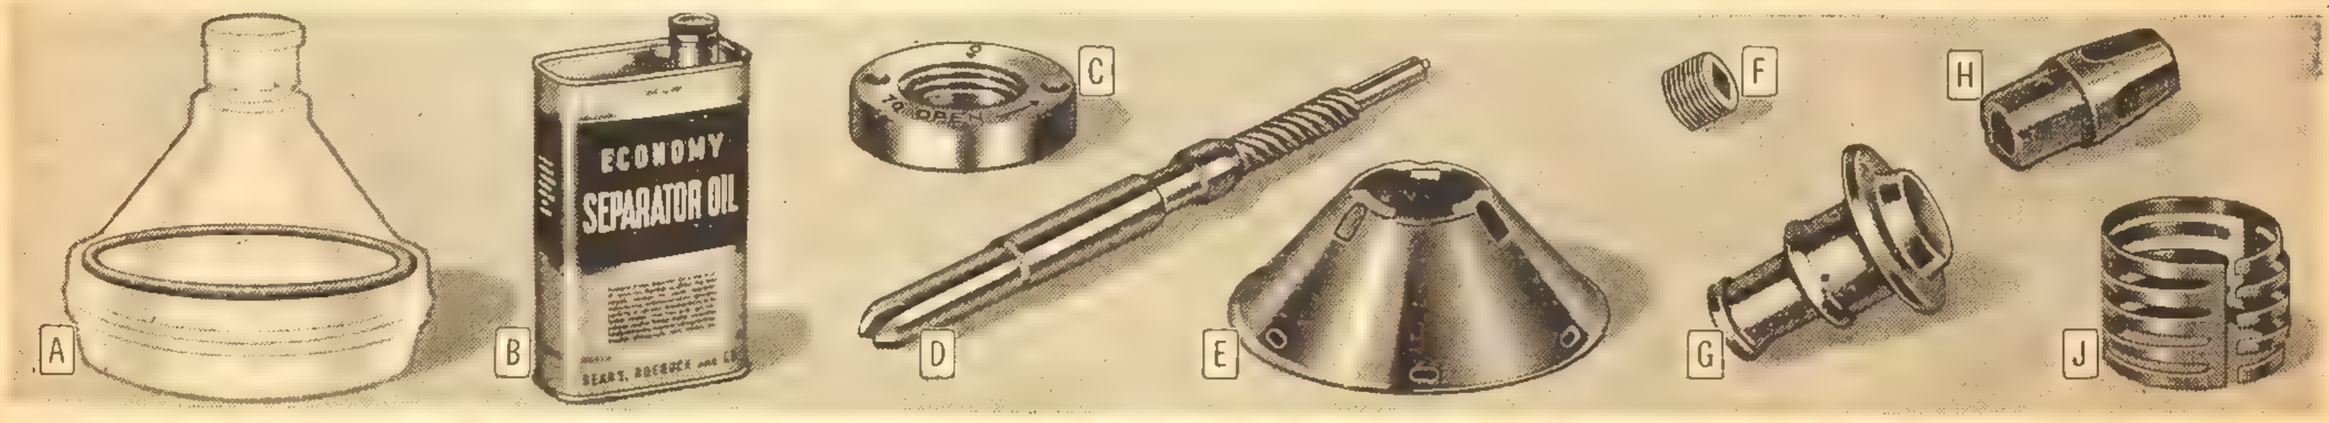
32 K 09701—Gate Steels for seven 4-inch boards (illustrated).....Set **$3.95**

32 K 09700—Gate Steels for five 6-inch boards (not illustrated) ....Set **3.90**

Everything at Sears on Easy Terms

With the help of our convenient Easy Payment plan Sears customers can buy the things they need, or better quality merchandise and get the benefit of it while they are paying for it. Anything in this big catalog can be included on Easy Term orders of $10 or more. The amount of the down payment is only 20% for farm equipment and monthly payments are reasonable. Just make out the Easy Payment order blank in the back of the book and refer to the inside back cover for amount to be included with order, and the size of the monthly payment.

Borax



Borax is now being put to important farm uses. It is recognized in many regions as a valuable plant food for increasing yields of alfalfa and other crops in boron-deficient soils; ask your County Agent. It can also be used effectively for controlling flies around barnyards; simply scatter a small quantity of borax on straw or manure piles to keep flies from hatching. Borax is an excellent water softener and soap saver—for washing clothes, dishes, etc. Instructions included. Shipped from factory in Chicago, Ill., St. Louis, Mo. or Cleveland, Ohio.

Sturdy, light-draft Steel Wheels

Make your work easier, get it done faster. Put new life into your wagon by equipping it with a set of light-draft, sturdy WEARWELL steel wheels. Built for hard service. Large barrel section provides ample grease space. Carefully made hubs fit skeins accurately for light draft and long wear.

Steel tired wheels are furnished with 4-inch wide Deep-Gruv tires; the heads of the spokes are set in the groove so they do not wear off and become loose. Spoke-type wheels have ½-inch steel spokes, firmly set into hub and headed into groove of tire. Drop-Center Rim Wheels are disc type, steel tire wheels are spoke type.

Read "How to Order Wheels" below and give all information requested. All wheels are shipped from factory near Mt. Sterling, Ill., from where you pay freight.

Special Note: Drop Center Rim Wheels 32 KM 4320F are available for shipment within 15 to 20 days; all other wheels will be available after Sept. 1, 1944.

Made-to-measure Wheels

These wheels are made up to the specifications you give us on your order; this takes about 20 to 25 days. Can be furnished to fit cast tapered skeins from 2½x8 to 3½x11 inches, or straight skeins from 2½x8 to 3½x11 inches if nut diameter is not greater than 3¾ inches. Read "How to Order Wheels" before ordering.

With Steel Tires

32 KM 4311F—State size and catalog number when ordering.

Long-lasting ARMOR POINT Plowshares

Reg. U.S. Pat. Off.

To fit all popular make plows

The importance of keeping your old plow in first-class working order is still great. One of the best ways to make it plow cleaner, pull lighter, enter the ground easier and last longer is to equip it with new ARMOR POINT shares: Because of continual manufacturing improvements in these famous shares, the ARMOR POINT shares now available are better than ever—they are stronger and will last longer. The extra thickness of hardened tool steel welded to the side and bottom of the point takes the hard wear, so the share holds its suction and requires less resharpening than ordinary shares. The improved hardening processes and improved lap weld, make it stronger and longer wearing. ARMOR POINT shares save you money.

There is an ARMOR POINT for every type of soil. For best plowing results buy the type that suits your soil best. Be sure to give the proper catalog number on your order for the type of share you want.

Soft-center steel Shares: For obstruction-free, hard-to-scour soils such as black land, clay or gumbo. The extra hard outer surface of these shares takes on a very high polish, so the soils do not stick to it. The soft inner layer of steel helps absorb shocks.

Solid (crucible) steel Shares: These shares are for light clay or sandy soils where scouring is not a problem, or where the share may be subjected to sudden or severe shocks.

IT IS EASY TO ORDER SHARES BY MAIL:

(1) Give catalog number of type (solid or soft-center steel)—use type best suited to your soil.
(2) Give make of plow, mark on old share and size.

Check the make, mark and size with the tables below. Two or more numbers listed together (like Deere 217QD, 207QD, 321QD, 266QD) mean they all fit the same plow. The share shipped you will carry the first number given.

Order by catalog number and give all information requested below

Share Size	Shpg. Wt.	Solid Steel (Crucible) Shares 32 K 2746F	Hardened Soft Center Steel Shares 32 K 2745F
10-inch	9 lbs.	$1.65	.....
12-inch	12 lbs.	2.15	$3.40
13-inch	13 lbs.	2.38	3.59
14-inch	13 lbs.	2.45	3.65
16-inch	14 lbs.	2.70	4.08
18-inch	15 lbs.	3.40	4.85

An asterisk (*) before the number means the share is furnished in Solid Steel only. QD means Quick Detachable. A dagger (†) before the number means the share is shipped from factory at Bradley, Ill. All other shares are shipped from mail order house. Order and pay postage on all shares from your nearest Sears mail order house.

IMPORTANT: Read Carefully before ordering shares

Because of raw material conditions beyond our control, we may not be able to furnish Soft Center steel shares of the particular mark you need at the time your order is received; in most cases the Solid Steel shares of the same mark will work satisfactorily in your soil. Therefore, when you order a Soft Center steel share, indicate on your order if you will accept a substitution of Solid Steel; the difference in price will be refunded to you. Be sure to give the proper catalog number for the type share you want, as well as make, mark and size you need. Every ARMOR POINT share is equal in shape, fit and weight to the share it replaces. **Catalog numbers are shown in box at left. When ordering, be sure to give correct number.**

T-68 or 20-168	16x5/16 in.
T-77-L	16x5/16 in.

Partly Finished or Blank Shares

Made from same high-quality steel as shares at top of page, but without the Armor Point. If make and share number for your plow are not known, order these blank shares and have them fitted by a blacksmith. Fully welded and point finished. Not drilled. Drill holes and cut landside using old share for pattern. Landside is long enough to fit all plows.

32 K 02735—Solid Steel Right Hand Shares only. **Be sure to state size wanted.**
12-inch share. Shipping weight, 11 pounds...$1.7
14-inch share. Shipping weight, 12 pounds...$2.
16-inch share. Shipping weight, 13 pounds... 2.

EasyTerms: Everything at Sears, including repair parts, may be included on Easy Term orders; see inside back cover.

Guaranteed WEARWELL Harrow Parts

Our Own Trade Mark

Galesburg Blades for the tougher discing jobs

A Genuine Galesburg blades, save you money and stand up under the toughest kind of discing. Particularly suited to discing in the tough, hard stalks and roots of hybrid corn. Made from Galesburg Tem-Cross steel—cross-rolled to give an interlocking mesh grain which resists splitting. Electrically heat-treated to hold a keen cutting edge which seldom needs resharpening. Takes a high polish to scour cleanly and easily in all soils. Tough and springy to hold their shape without curling.

These highly efficient, long-lasting blades do your discing faster and prepare a better seed bed in less time than ordinary blades. At Sears low prices they really save you money. 16-inch diameter, with 1 5/16-inch center hole to fit ⅞-inch square axle. Shipping weight, each, 7 pounds.

32 K 04350—Price each, lots of less than 6..... $1.10
Price each, lots of 6 or more $1.04

Bumper Washers

B Heavy castings. 6½-inch diameter. With square hole to fit square axle or gang bolt. Low priced.

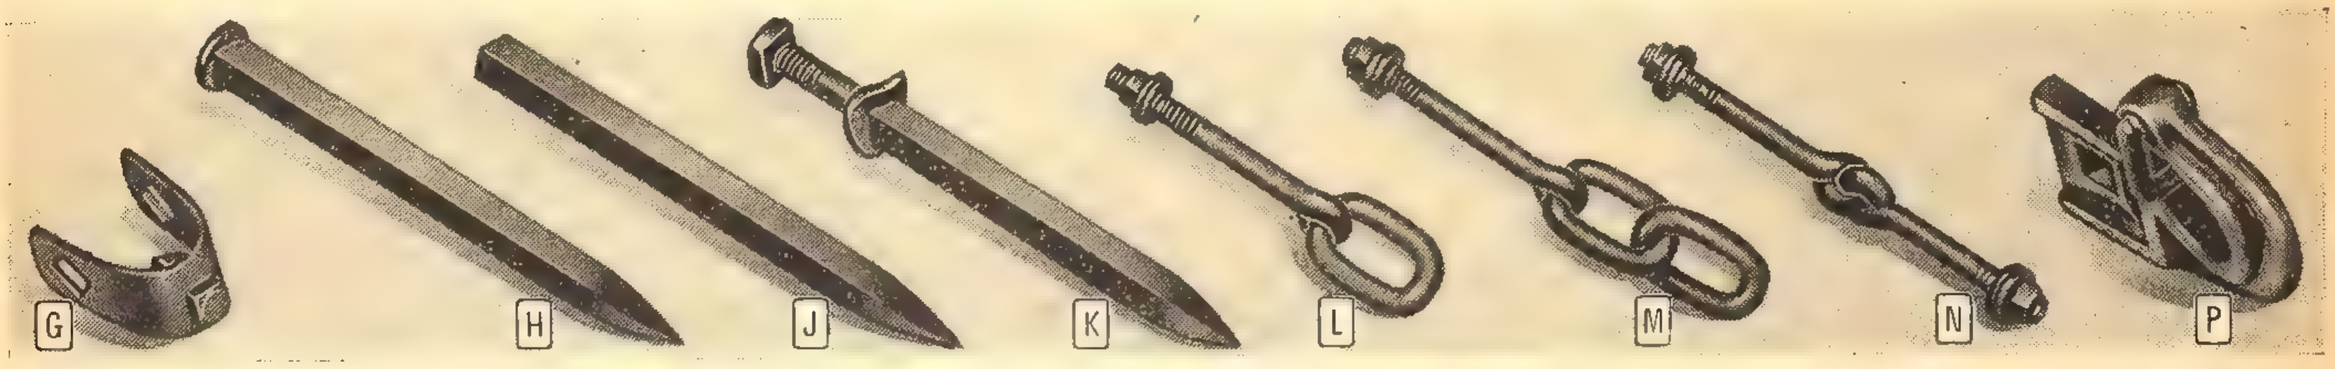
Disc Harrow Bearing Boxes



65c
KK1297

The bearing boxes on any disc harrow are subjected to a great amount of hard wear and need frequent replacement. WEARWELL boxes are made from strong, long-lasting iron, and are guaranteed to fit and wear as well as the originals furnished by the maker of your harrow. And they are priced to save you money. Order your boxes and other parts early and have your harrow in first class working order before fall field work starts. **When ordering state make of harrow, number of box and position it is used on harrow.**

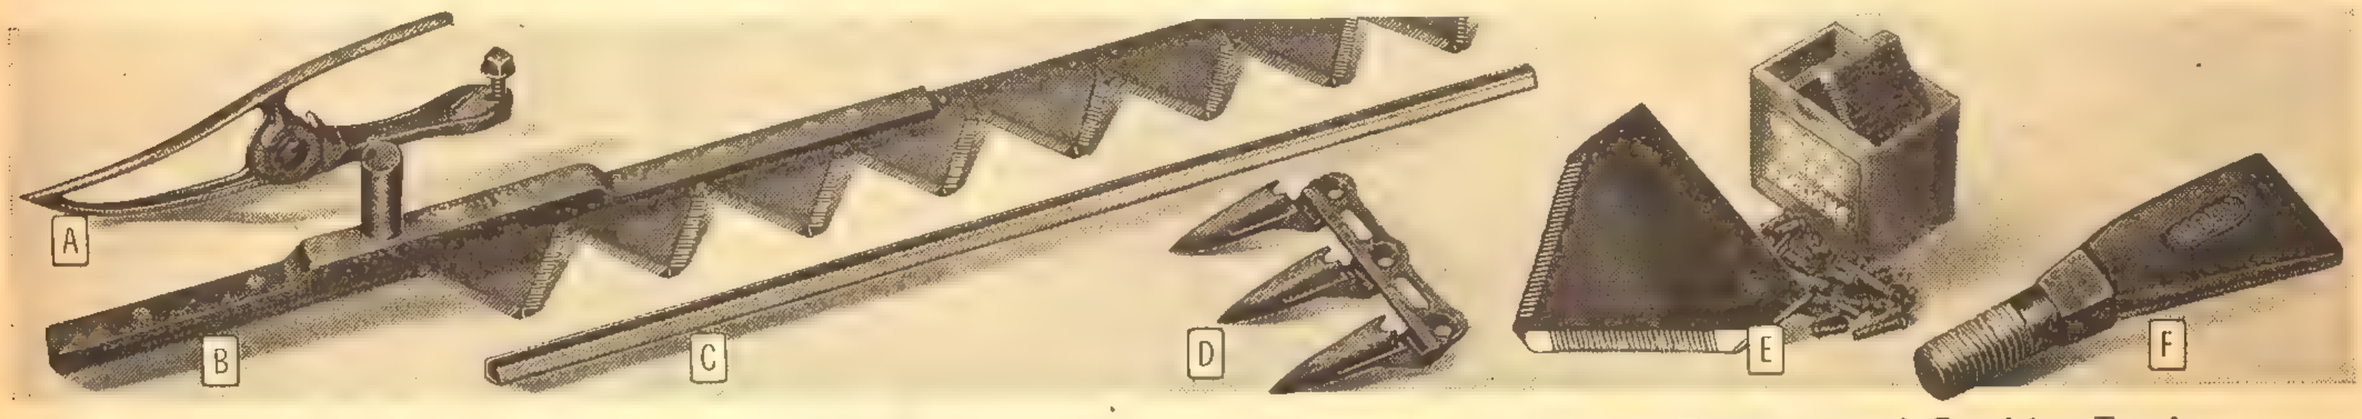
Canvases to fit A.-C. Combines

Made in same style and guaranteed to fit and wear as well as original canvases. With composition-filled metal slats. Made from No. 6 duck, weighing 21.27 ounces per square yard; waterproofed canvases weigh about 50% more than weights given below. State size, type and model of combine.

Width Cut	Model No.	Size Inches	Shpg. wt.	Plain 32K02845	Waterproofed 32K02844
5 -ft.	60	59½ x 49	10 lbs.	$ 6.95	$ 7.95
5 -ft.	60	59½ x152	21 lbs.	15.75	18.80
3½-ft.	40	35½ x42	5 lbs.	4.59	.....
3½-ft.	40	36 x111½	9 lbs.	8.95	.....



Made-to-measure Combine Canvases

If the canvas to fit your combine is not included in the tables above, order a made-to-measure canvas at Sears low prices. Made from No. 6 duck, weighing 21.27 ounces per square yard; plain white duck canvases (not waterproofed) have 2-inch wide continuous side straps. Waterproofed canvases have 2-inch wide belting side straps.

When ordering give make of machine, if possible the number of old canvas, width of cut and length and width of old canvas, also extreme width of slats. For the width of canvas measure distance between canvas guides; for length, run a string around the rollers and add 20 inches for flap. Length should be from buckle to end of strap. Figure cost in full feet of length and fractions of feet. Shipping weight, plain duck, 1 pound 8 ounces per foot; of waterproofed, 2 pounds 4 ounces. **State type and width.**

32 K 2846F—Prices per lineal foot

Width	Plain	Waterproofed
Up to and including 36-inch	$1.09	$1.48
Over 36 and including 42-inch	1.23	1.58

Combine Grain Saver Guards

A To fit Allis-Chalmers All-Crop Combines. Stout steel spring automatically returns guard to position after it strikes an obstacle. For best results, use 4 on 3½-foot and 5 on 5-foot sickle. **89c** Each

32 K 02902—Shipping weight, 2 pounds..Each 89c

Sickles to fit Allis-Chalmers Combines

B Will fit and wear as well as originals. Mark on head, K5D15321; to fit All-Crop combines.

32 K 02897—3½-foot. Shipping weight, 7 pounds.....Each $2.78

32 K 02898—5-foot. Shpg. wt., 9 lbs. Each $3.78

Sickle Head. Illustrated on sickle. Mark K5D-15321. Fit All-Crop Combines. Good quality.

32 K 2899—Shipping weight, 2 lbs....Each $1.08

Slats to fit Allis-Chalmers Combines

C Same design as slats furnished on your original All-Crop canvases. Strong metal sides with composition filling in center for driving staples. Length 59¼ inches. Intermediate slats are not drilled. End slats are punched for bolt holes. See illustration of canvas on top of page. Bolts not included with slats; order bolts separately, see below. **28c** Each 32K02887

32 K 02887—Intermediate slats. Shipping weight, 14 ounces.....Each 28c

32 K 02888—End slats. Wt., 13 oz....Each 29c

32 K 2889—Set of bolts, lock washers and nuts for 1 pair of end slats. Shpg. wt., 3 oz. Set.....17c

Malleable Combine Guards

32 K 8718.....Pair $1.29

FARM-MASTER Minerals

Our Own Trade Mark

can save feed for you

Now is the time to take advantage of every feed-saving method in the production of meat, eggs, milk, etc. Stretch those home-grown feeds to the fullest value by adding Minerals which are often lacking. The cost is only a fraction of a cent per head per day—and when you add FARM-MASTER minerals to mineral-deficient rations you can save money on valuable feed. You'll find that excessive quantities of high-priced rations will not be necessary to provide the required minerals for best health and condition in your animals.

FARM-MASTER minerals contain only top-quality ingredients, properly balanced and thoroughly blended. FARM-MASTER cattle and hog minerals now contain Vitamin D, made possible by the addition of Fleischman's Type 9 Irradiated Yeast. Every pound of this yeast contains 4,000,000 units of Vitamin D—so important in the development of bones, teeth and hard tissues . . . especially good for pregnant animals in the proper pre-natal development of the young. Builds resistance to rickets in young animals.

Note Sears wide selection of minerals. Dairymen, poultry raisers, owners of beef cattle, hogs or sheep, can all find a FARM-MASTER mineral prepared especially to meet their feeding requirements.

Sears low prices on FARM-MASTER minerals mean an extra saving in economical livestock feeding for you. Be sure to order a supply.

Learn about mineral requirements of farm animals. Send for Booklet No. 755K "Mineral Hunger in Livestock." Free on request.

Hog Mineral

$3.19 100 lbs.

Guaranteed analysis: calcium, not less than 20%; phosphorus, not less than 3.5%; iodine, not less than .022%; salt, not more than 14%. PHENOTHIAZINE

Greatest worm killer ever discovered

An article published by the Department of Agriculture contains the following statement: "No other known anthelmintic (de-wormer) removes so many kinds of parasites from the host animals mentioned (sheep, goats, cattle and hogs) as does Phenothiazine." Livestock raisers are amazed at the miraculous effect of Phenothiazine on many kinds of worms that have caused tremendous livestock losses annually. This chemical, developed by the U.S. Dept. of Agriculture is prepared for Sears from materials produced by DuPont, and has brought spectacular results as a treatment for stomach worms, "bankrupt" worms, nodular worms, hookworms and large-mouth bowel worms in sheep; round worms and nodular worms in hogs; round worms, stomach worms and nodular worms in cattle and calves; and pin worms (cecal worms) in poultry. Phenothiazine is relatively harmless to animals when given in proper doses.

Worm Bombs for poultry

[A] Effective against pin worms (cecal worms) in all poultry. Contain 0.5 gram phenothiazine each. Give one per dose. Especially designed for individual dosing. Economical. Be sure to order a supply for your stock. Shipping weight, 6 oz. **43c** Box

32 K 9406
Box of 100.....43c

Worm Bomb Pellets—small

[B] For individually dosing lambs and kids under 50 lbs. Size, 5/16-inch diameter. 1½-inch length, 7½-gram weight. Contain phenolphthalein for laxative effect. 2 per dose. Shpg. wts., 1 lb.; 4 lbs. **$1.19** 25 Pellets

Salt and Phenothiazine

[E] For sheep and goats. After a regular dosing of phenothiazine, give sheep the new Farm-Master Salt and Phenothiazine mixture in place of regular salt. Helps keep sheep thrifty. One part phenothiazine to nine parts salt. Shipped from factory near Indianapolis, Ind. Order from Chicago. Shpg. wt., 102 lbs.

32 KM 9376F—
100-pound Bag....$11.90

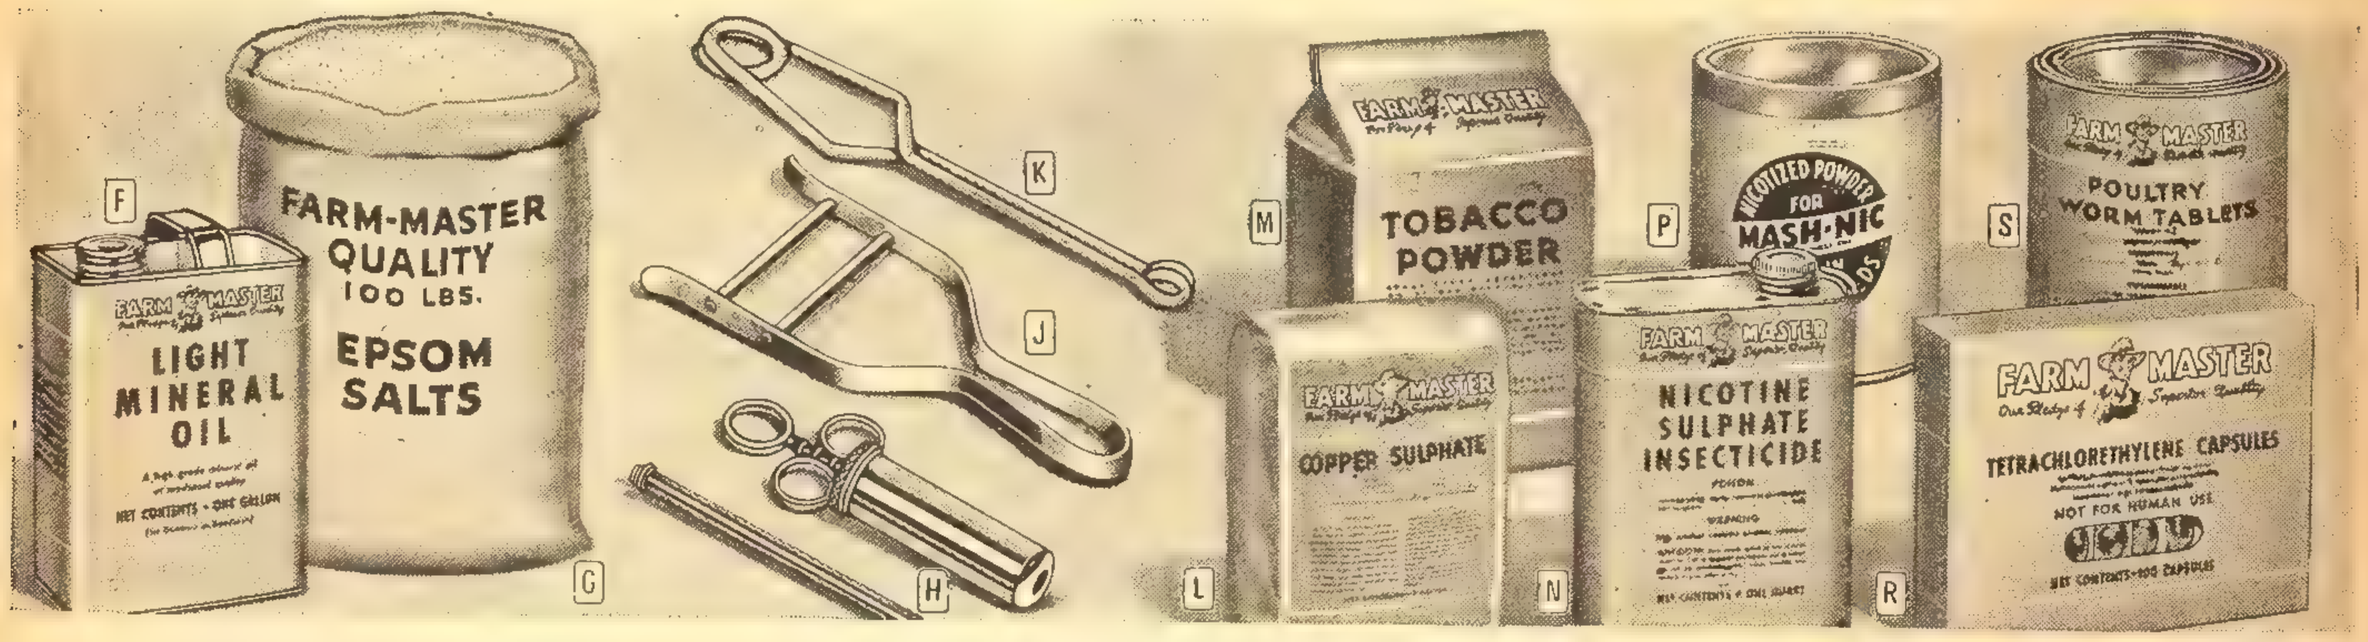
Phenothiazine kills worms in cattle

"Phenothiazine has been found a practical and effective treatment for cattle under range and farm conditions. Single treatments have given better results than repeated dosings with other de-wormers. Ridding cattle of parasites enables them to gain weight much more rapidly, and this fact more than repays the moderate cost."*

Phenothiazine kills worms in sheep

"Phenothiazine is effective in removing both adult nodular worms and most of the other important parasites (in sheep and goats). The dose for adult sheep is approximately 25 grams. For adult lambs weighing less than 60 pounds, 15 grams is generally adequate. Phenothiazine may be administered as a drench, with syringe, in pellets or in feed."*

*From "The Story of Phenothiazine" by the Du Pont Company, manufacturers of materials for Sears Farm-Master Phenothiazine, the famous de-wormer.



Phenothiazine kills worms in hogs

"Phenothiazine has proved to be the only drug effective against nodular worms (in hogs). It also controls round-worms or ascarids. The ascarid is probably the most important single parasite of hogs in the United States. The nodular worm also causes considerable damage. Infection with worms may cause loss of weight."*

Phenothiazine kills worms in poultry

"Phenothiazine is 95% to 100% effective in removing cecal worms, which are believed to carry the organism causing blackhead in poultry. The cecal worms will be eliminated in the droppings during two or three days following treatment. Where practical, the birds should then be removed to clean ground to prevent reinfestation."*

FARM-MASTER Mineral Oil

[F] A safe, mild intestinal lubricant that works off as an oil instead of being digested. Better than irritating purgatives. U.S.P. quality. Keep on hand for emergencies. See Farmers' Bulletin 1723. Mailable.

H Stockinette Material. Stretches over quick frozen cuts of meat and poultry that have been wrapped in waxed paper or stored in cellophane bags like those listed at left. Keeps wrapper tight and helps prevent loss of flavor or drying out of meat. Comes in open weave tubes from which you can cut any length desired.

32 K 6949—100-foot tube.
Shipping weight, 2 pounds..... **93c**

J Moisture-proof Waxed Paper. For wrapping cuts of quick frozen meats, fryers, broilers, fish, etc. In sheets 18 inches wide by 24 inches long. Shipping weight, 7 pounds.
32 K 06984—About 150 sheets... 98c

K Sausage Seasoning. A highly successful, popular seasoning. Ready for use; nothing to add. Contains salt, spices and all necessary ingredients. Gives a delicious flavoring to pork sausage. Also a splendid seasoning for gravies, dressing and roasts of all kinds. Economical to use. One 10-ounce can will season about 30 pounds of meat. Directions for use shown on label. Shipping weight, 1 pound.
32 K 6116—10-ounce can.. 25c

L Meat Sugar Cure. Well known and widely used. Simplifies and speeds up meat curing process. Saves time and labor, yet gives the fine, delicious flavor of "old fashioned" meat-curing methods. For hams and bacon. A combination of refined, condensed wood smoke, salt and other ingredients. One 10-pound can will cure from 100 to 110 pounds of meat. Complete instructions on label make it easy for you to cure meat successfully with this Sugar Cure. Don't fail to try it and see what a difference it makes in better flavor for your home-butchered meats. Shipping weight, 12 pounds.
32 K 6117—10-pound can.. 89c

M Moist-pack Pork Sausage Casings. Produced by one of the nation's largest meat packers. Will keep indefinitely. Figure about 3 feet of casings for one pound of meat. Shipping weights, 1 lb. 4 oz. and 3 lbs. 4 oz. **Available after September 15.**
32 K 6120—About 75 feet..... 69c
32 K 6121—About 300 feet..... $2.19

N Liquid Meat Smoke. Gives fish or meat a delicious sugar-cured, smoked flavor. One quart will cure about 250 lbs. of meat. State quantity.
32 K 06125—1 quart. Shipping weight, 4 lbs. 14 oz..... **59c**
2 quarts. Shipping weight, 9 pounds 12 ounces..... **98c**

P Egg Preservative. Enables you to keep eggs edible for many months. Sodium silicate "water glass" solution in concentrated form. It forms a protective coating over the surface of eggs, preserving them effectively. Use only on fresh eggs with sound shells. Very economical; one quart added to 10 or 11 quarts of water in a six-gallon container makes ample solution for 15 dozen eggs. Follow the simple, complete instructions on label for easy preserving. Egg preservative will be shipped by express in zero weather; by parcel post in milder weather. Shipping weight, 5 pounds.
32 K 06119—1 quart..... 39c

R Bar-type Hog Rings. Shipping weight, package, 4 ounces.
32 K 5977—Hog size. 12 rings. 19c
32 K 5978—Shoat size. 20 rings.. 19c
32 K 5979—Pig size. 24 rings.. 19c

S Blair Hog Rings. Shipping weight per box, 9 ounces.
32 K 5913—Hog size. 100 rings. 10c
32 K 5914—Pig size. 100 rings.. 10c

T Nostril Hog Rings. Package of 25 rings. Shipping weights, 5 ounces and 8 ounces.
32 K 5975—Hog size... ..... 19c
32 K 5976—Pig and shoat size.... 17c

U Hill Hog Rings. A popular type of ring everywhere. Hill hog rings are made of strong copper-coated steel. They are easy to insert, keep their shape and prevent animals from rooting. Box of 100. Shpg. wt., 9 oz.

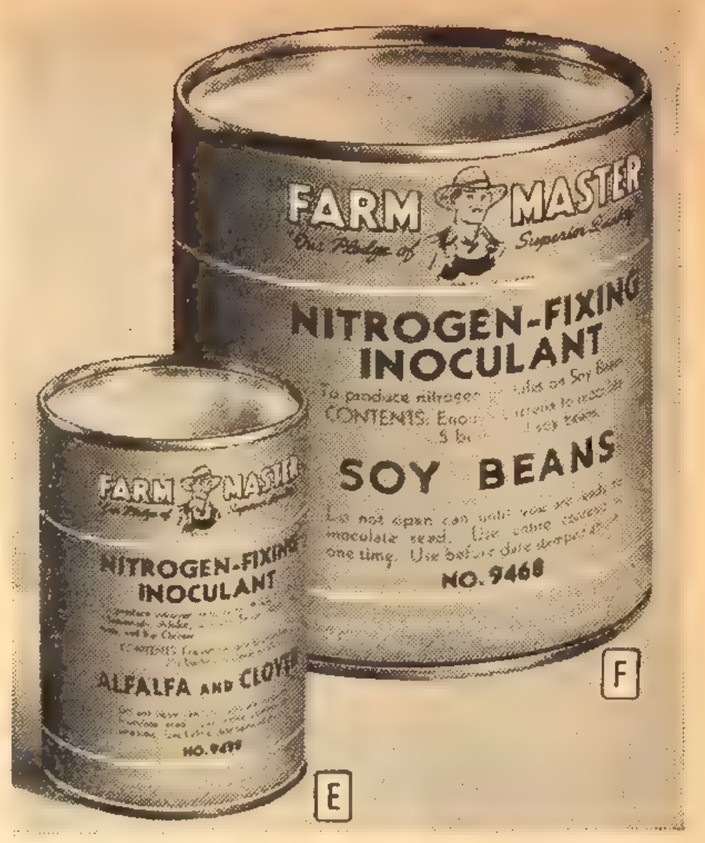
32 K 5898—Pig size..... 9c
12 boxes. Shipping weight, 6 pounds 8 ounces..... **98c**

V Fish Hook Hog Rings. The "dozen" price saves cost of one box of rings.
32 K 5888—Fish Hook Rings for hogs.
32 K 5889—Fish Hook Rings for pigs.
Box of 100, any size. Shipping weight, 11 ounces..... **15c**
12 boxes. Wt., 7 lbs. 10 oz..... **$1.59**



Masonite Farrowing House

Made of famous Masonite Tempered Presdwood, sturdy and rigid. Has convenient "tilt-top" design. A real value in a single unit farrowing house. Gives your brood sows and small pigs good protection against rain and chilly drafts. Makes snug, warm quarters for new litters. Easily portable; you can move this light but strong and rigid farrowing house easily from place to place to any desired location. Sides and top are made of 3/16-inch Masonite Tempered Presdwood, with 2x2-inch wood bracing. Strong 2x4-inch pig rail protects pigs against crushing. Width, 6 feet; length, 7 feet; sides, 3 feet high. Hinged top tilts back to admit sunlight and to permit easy feeding, watering or cleaning. With or without rough wood floor to protect animals from slipping. Well coated with red paint. Shipped taken apart in easily assembled sections to assure low freight rates—an extra saving for you. Shipped from factory near La Crosse, Wisconsin or Chillicothe, Missouri, from where you pay freight. Order from Sears nearest mail order house. May be purchased on Sears convenient Easy Terms, if you prefer; see inside back cover for complete details.

32 KM 5874F—Farrowing House, less floor. Shpg. wt., 250 lbs..... **$24.90**
32 KM 5876F—Farrowing House, with floor. Shpg. wt., 420 lbs..... **28.90**

Poultry Mix

$1.29 5 pounds

Here's a real food stretcher for home-grown poultry feeds. It's FARM-MASTER Vitamin D, B-G Mix—a new high-quality, vitamin-rich concentrate for poultry. Now more popular than ever, because of big demand for increased meat and egg production. When it is added to Vitamin-deficient rations, Vitamin D Mix helps keep hens, in heavy production during season of high egg prices. Helps put growth and faster gains on chicks and broilers. Builds resistance against rickets in chicks. If your home-grown feeds lack vitamins, just add Farm-Master Vitamin-rich Poultry Mix. Guaranteed to contain 100 A.O.A.C. chick units of vitamin D per gram. Contains valuable Vitamins, B_1 and G.

Economical to use

Carefully balanced. Economical to use. Add one to 2 pounds to 100 pounds of home-grown feeds. Don't fail to try FARM-MASTER Vitamin-rich Poultry Mix.

32 K 9358—5-pound package. Shipping weight, 6 pounds.....**$1.29**

Stock Vitamins

$4.98 Quart

A **Wheat Germ Oil.** Add it to rations lacking Vitamin E. Helps increase egg hatchability. Also used to help reduce stillbirths, strengthen weak offspring; aids in getting more pigs per litter; helps dairy cows to calve regularly.

32 K 9366—Pint. Shipping weight, 1 lb. 10 oz..... **3.19**
32 K 9367—Quart. Shipping weight, 2 lbs. 14 oz..... **4.98**

B **Vitamin D Feeding Oil.** Standardized to contain 85 A.O.A.C. units of Vitamin D per gram. Blended fish oil. Helps keep poultry and livestock healthy where rations lack vitamins.

32 K 09369—1 gallon. Shipping weight, 10 pounds.....**$2.39**

C **FARM-MASTER Cod Liver Oil.** Splendid quality pure cod liver oil, fortified and standardized to contain 1000 U.S.P. units of Vitamin A and 400 A.O.A.C. units of Vitamin D per gram.

32 K 09325—1 gallon. Shipping weight, 10 pounds.....**$5.79**
32 K 09326—5 gallons. Shipping weight, 44 pounds....**$27.90**

D **NOPCO XX Fortified.** Scientific blend of Vitamin A and D concentrate and cod liver oil (not U.S.P. in color and odor). Vitamin potency, 1,800 U.S.P. Vitamin A and 400 units A.O.A.C. Vitamin D units per gram. Contains 3 times the Vitamin A and almost 5 times the Vitamin D as in minimum standard U.S.P. cod liver oil. Helps build resistance against rickets in growing chicks; helps increase egg production when added to vitamin-deficient poultry rations.

32 K 9311—5-pound can. Shipping weight, 6 pounds.....**$4.09**

Crop Inoculants

29c (E) ½ lb.

E F **Nitrogen-Fixing Inoculants.**—Don't let the scarcity of nitrogen-containing fertilizers affect your soil. Inoculate your alfalfa, clover and soy beans with FARM-MASTER nitrogen-fixing inoculants. It's an easy, economical way to build up and conserve soil fertility. Especially valuable today, when there is such a tremendous demand for greatly increased crop production. FARM-MASTER inoculants are carefully prepared by experienced bacteriologists. Developed from strains of bacteria known to be efficient in nitrogen fixation. Finely powdered humus base. Freshly packed. Economical; costs only a few cents per acre to inoculate alfalfa, clover or soy beans.

Not available after November 1st

Shipping weight, 2 pounds..... **$1.19**

FARMERS—when you order insecticides and disinfectants, see page 878C

4-A Grade Chicks

FARM-MASTER 4-A Grade baby chicks are for the commercial poultry raiser who wants a money-making flock of high egg producers and more profitable market birds. Every one of the FARM-MASTER 4-A Grade chicks of the breeds listed on the following page is sired by trapnest pedigreed males from dams with egg records of 200 to 300 eggs per year—big eggs, weighing from 24 to 28 ounces per dozen.

Bred for Production

Trapnest pedigree breeding means more and better eggs for you. Egg production ability is a family trait, the egg-laying ability of the parent stock is handed down to the daughters. The only way to get big egg production from pullets is to have egg production bred into them. Hatcheries supplying FARM-MASTER chicks annually use thousands of expensive cockerels from 200 to 321-egg trapnested hens.

Rigid Standards

To make sure of high quality and livability, all of the breeding birds producing FARM-MASTER chicks are individually hand selected by an official state inspector or State authorized agent. They are examined for health, type, size, weight and production capacity, and are blood tested and banded. Hatching eggs are selected for shape and shell texture and must average 23 ounces or more per dozen.

Health Tests

Each bird in the parent flock is tested for Pullorum (bacillary white diarrhea) disease by a state authorized agent examining a blood sample from each bird. In this way all infected birds are eliminated from the flock. This careful, thorough health testing is an important factor in obtaining strong, healthy chicks. High profits for poultry raisers are possible only with low mortality and high production.

Pedigreed Males

Sires of FARM-MASTER 4-A Grade chicks are wing-banded after being hatched in special pedigree baskets. Careful wing banding identifies these birds as the sons of pedigree dams with laying records of 200 to 300 eggs per year. A Certificate of Breeding is sent you with every order for FARM-MASTER 4-A chicks, certifying the official egg record and breeding of the sire's dam. Note Certificate at right, your proof of high quality chick breeding.

Strict Sanitation

To make doubly sure that you get vigorous, healthy chicks, strict sanitary measures are taken throughout the incubation and hatching of FARM-MASTER chicks. Every part of the hatchery building and equipment is kept sanitary at all times. The hatching trays are thoroughly disinfected frequently. FARM-MASTER chicks get the right start in clean, sanitary surroundings. They come to you strong and sturdy, ready for quick growth.

State Supervision

FARM-MASTER chicks come from leading U.S. Approved hatcheries; State inspected for sanitation and operated according to regulations of the National Poultry Improvement Plan. Each grade of FARM-MASTER chicks is hatched in separate marked trays. Official State inspectors check the hatcheries for strict observance of regulations.

Instruction Book

A special Booklet, "How to Feed and Manage Poultry" was written by poultry experts for Sears. It covers the entire field of poultry raising, from chicks to broilers and pullets. Contains valuable information on feeding, brooding, management, etc., to help you make more money on poultry. Sent with every shipment of FARM-MASTER Baby Chicks.

FARM MASTER Baby Chicks

"Our Pledge of Superior Quality"

OUR OWN TRADE MARK

FOR PROFITABLE FALL AND WINTER FLOCKS

There's a real opportunity for you to cash in on "off season" poultry profits with late summer and fall broods of baby chicks. Order a brood of hardy, vigorous FARM-MASTER baby chicks for either egg or meat production. They have the breeding it takes to grow into profitable early broilers, or profitable early egg producers. During any season, high quality chicks are the most profitable to buy. Especially when feed is scarce, a brood of FARM-MASTER chicks from parent flocks that have been bred up for heavy egg production, vigor, swift growth and early maturity is your most profitable investment. Because of their inherent sturdiness they are easier to raise, and you'll find that they will produce more eggs or more meat than average flocks from the same amount of valuable feed. Note, at left, the illustrations and description showing the special attention hatcheries give to FARM-MASTER Baby Chicks. Sears secure chicks from numerous hatcheries, one of which is conveniently located for quick delivery of chicks to you.

EASY TERMS . . .You can order a brood of profit-making FARM-MASTER Baby Chicks on Easy Payment Terms, if you prefer. See inside back cover for detailed information.

FARM-MASTER
Baby Chick Guarantee

WE GUARANTEE chicks will be exactly as represented by us.

WE GUARANTEE 100% live arrival. Extra chicks are included in each shipment. Count the live ones and report within 24 hours any losses from the number of chicks ordered.

WE GUARANTEE to replace once, at half price, any losses over 5% during the first 14 days, providing proper care and equipment have been used, and loss is reported within 17 days after arrival of chicks.

WE GUARANTEE 90% sexing accuracy on pullet orders. Should you receive more than 10% cockerels we will refund difference in price between pullets and cockerels on cockerels in excess of 10%, providing claims are filed when chickens are 8 to 10 weeks old.

SEARS, ROEBUCK AND CO.

(1) All cash. (2) 25% with order, balance C. O. D. (Only on orders for $10 up, or minimum of 100 chicks. 5% of selling price plus transportation will be forfeited whenever delivery is not accepted and we are not at fault.) (3) Easy Terms: see inside back cover.

Our best 4-A Grade Chicks

As low as **16c** Ea.
In Lots of 100
Shipped Prepaid

Sired by pedigreed males from R.O.P. dams with egg records of from 200 to 300 eggs per year. These dams have been trapnested and bred for generations past for high egg production, large egg size, high livability, early maturity and fast feathering. Blood tested for Pullorum. You'll make more money with Sears Farm-Master 4-A quality chicks, whether you raise them for eggs or meat. Cost only a few cents more, but the extra quality will return dollars in extra profit. **State breed and date wanted.** When ordering specify date chicks are wanted. We pay postage or express.

FARM-MASTER Baby Chicks may be purchased on Easy Payment Terms. See inside back cover

Two-way Price Protection on Chicks

You get Two-way Price Protection when you order Baby Chicks from Sears: (1) Should we find it possible to reduce our baby chick prices, we will charge you the lowest price in effect at the time your chicks are shipped. (2) Should market prices of baby chicks be increased, you pay no more than the prices shown in this catalog.

FARM-MASTER high quality Poultry Supplies

Our Own Trade Mark

Vacuum-type Fountains

Furnished with or without heater and base. Heavy galvanized steel. Spring valve regulates flow of water. Double-wall construction. Clean burning wick-type kerosene burner. Fuel tank holds 1⅓ gallons, three weeks' supply. Anti-roost top keeps fountain clean. Handy bail on outer shell so it can be used to fill inner container. **Available after August 1.**

Heated Fountains with base

32 K 01475—5-gal. For 50 hens. Shpg. wt., 17 lbs. Each **$3.79**

32 K 01476—8-gal. capacity. For 80 hens. Shpg. wt., 20 lbs. . **$4.29**

Unheated Fountains, less base

32 K 01467—3-gal. capacity. For 30 hens. Shpg. wt., 7 lbs. . . **$1.65**

32 K 01477—5-gal. capacity. Shpg. wt., 12 lbs. . . . . Each **$2.45**

32 K 01478—8-gal. capacity. Shpg. wt., 15 lbs. . . . . Each **$2.95**

Float-type Fountains

Furnished with or without heater and base. Heavy steel, hot-dip galvanized after forming for complete protection of seams and surfaces against rust. Removable non-roost top. Water tank is heavily beaded. Brass float valve keeps water in pan at desired level. Wick-type kerosene burner with 1-qt. fuel tank. **Available after Sept. 1.**

Heated Fountains with base

32 K 01493—5-gal., with 4-inch float. Capacity 50 hens. Shpg. wt., 12 lbs. **$3.95**

32 K 01494—10-gal., with 6-inch float. Capacity 100 hens. Shpg. wt., 20 lbs. . . . . Each **$4.95**

Unheated Fountains, less base

32 K 01455—5-gallon. Shpg. wt., 7 lbs. . . . . Each **$2.55**

32 K 01456—10-gallon. Shpg. wt., 14 lbs. . . . . Each **$3.59**

Electric Fountains

Fully automatic, electrically heated fountain keeps the water at proper temperature at all times without fuss or bother. Just set thermostat at temperature you want water, and it turns the snap-action switch on and off. 100-watt heating element; cord and plug included. For 110–120-volt A. C. only.

Water tank and base are made from heavy 26-gauge galvanized steel. Non-roost top. Valve and 5½-inch float regulate flow of water into the pan. 15-inch diameter base, 6 inches high. **Available after August 1.**

32 K 01488—5-gallon. Shipping weight, 17 pounds. **$4.19**

32 K 01489—8-gallon. Shipping weight, 20 pounds. **$4.60**

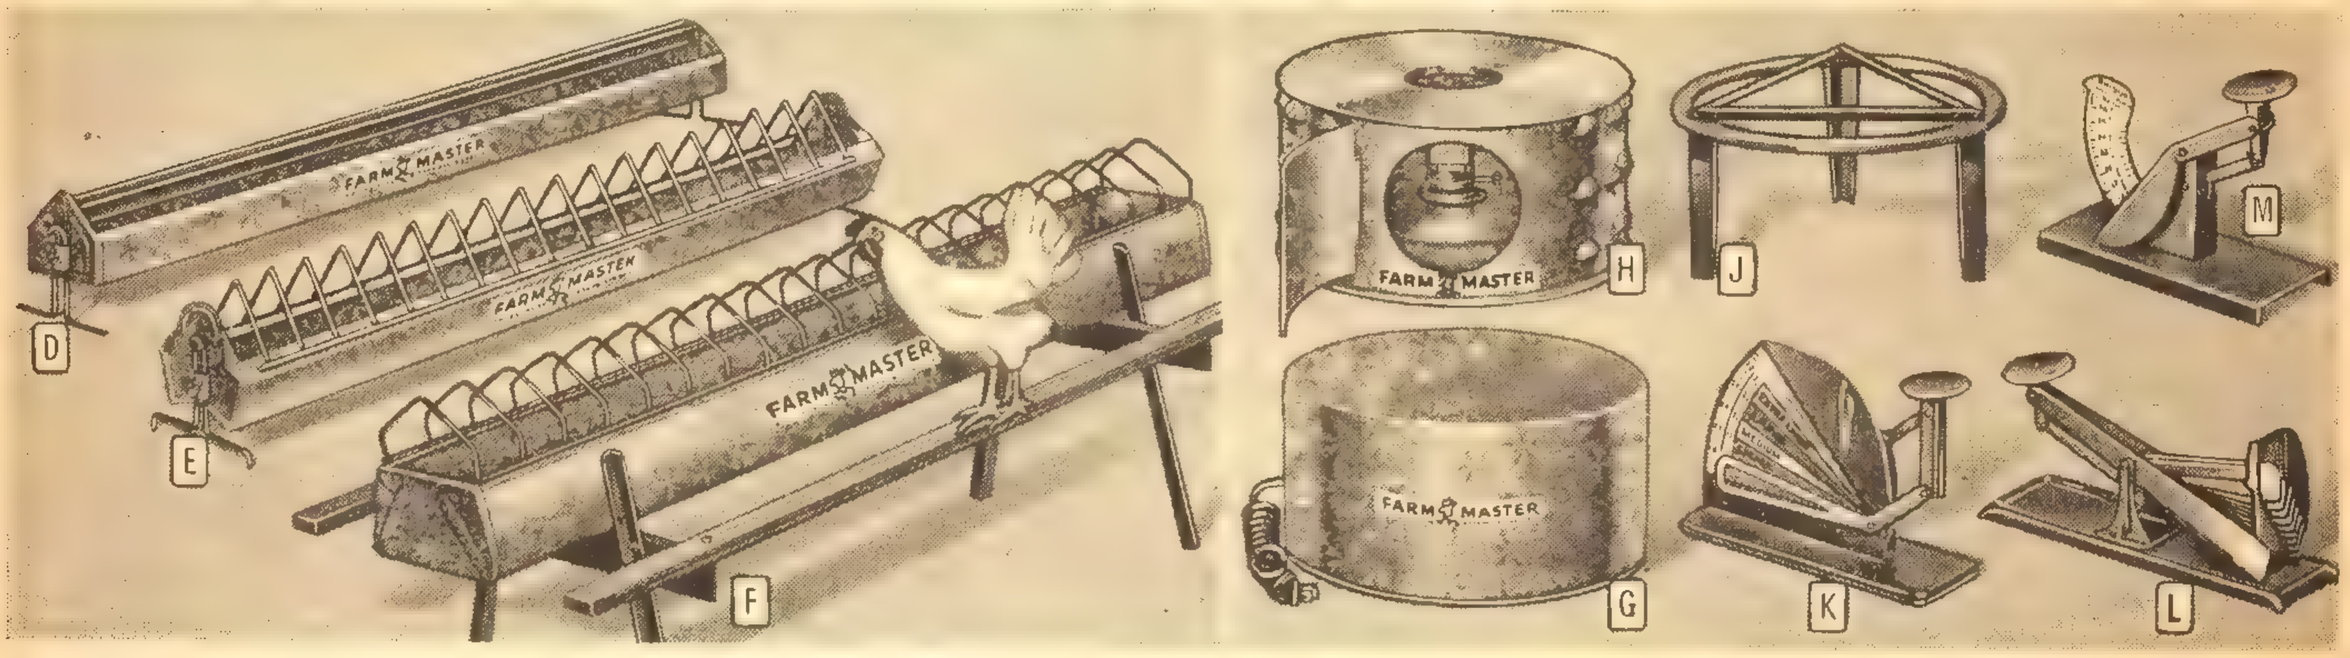
FARM-MASTER heated Trough Fountain

A Big capacity waterer for 100 or more fowl. Removable galvanized steel trough is 40 inches long, 9 inches wide and 5 inches deep; holds 6 gallons. Hinged grill top. Channel steel legs and wood perches, 15 inches high. Two-quart kerosene tank; manifold type heat distributor trough. Shpg. wt., 22 lbs. **Available after Sept. 1.** **$4.60** Each

32 K 01500—Kerosene heated **$4.60**

32 K 01491—Same as above except electrically heated. Has 100-watt element with thermostatic heat regulator. For 110–120-volt A.C. Shpg. wt., 20 lbs. **$5.75**

Automatic Float Valve



B Make your own automatic waterer with this shut-off float valve, and a pan or trough. Can be used with any water pressure. Adjustable for depth of pan or trough. Double threaded for ¼ or ½-inch pipe. Galvanized steel and copper. Long lasting, efficient.

32 K 1409—Shipping weight, 12 ounces. . . Each **75c**

Molded glass Mason jar Fountain Base

C For 1 or 2-qt. jar (not included). Fine for medicated water or buttermilk. Have at least 1 for each 50 chicks.

32 K 1402—1-piece glass base. Shipping weight, 8 ounces. . . . . Each **9c**

Galvanized steel Chick Feeders

D With legs adjustable for height. 4-vane metal reel prevents roosting and keeps chicks out of feed. Flared-in sides to save feed. Trough is 4 inches wide, 2 inches deep and 48 inches long. Feeding capacity 50 three-week-old chicks. **85c** Each

32 K 01591—Shpg. wt., 4 lbs. Each **85c**

Raised center Broiler Feeder

E An improved design feeder with the center of the bottom raised so the feed flows to the corners where chicks can reach it; prevents sticking. Heavy galvanized steel; sides are flared in to reduce feed waste. Ends are inset into sides and welded in place for greater strength. Hinged wire grill with wires 2⅛ inches apart. Adjustable height legs. Trough is 6½ in. wide, 3 in. deep and 48 in. long; capacity of 2, 75 to 100 broiler-size chicks. Wt., 10 lbs. **Available after Aug. 1.**

32 K 01547. . . . . 2 for **$2.75**

FARM-MASTER Feeder

F A strongly built, big capacity feeder for flocks up to 50 birds. Holds 1 bushel of feed; 22 to 26 birds can eat at one time. Heavy galvanized 26-gauge steel trough is 8 inches wide, 4½ inches deep and 5 feet long. Rounded bottom corners for easy cleaning. Ends are welded to sides for extra strength. The hinged to sides for extra strength. The hinged grill top keeps fowls out of feeder trough; easy to open for filling or cleaning. Strong angle steel legs bolt to trough; perches are bolted to angle steel cross braces. 1x3-inch wood perches, 16 inches high. A feed-saving, time-saving feeder at a real money-saving price. Easily assembled in a few minutes. Mailable. Shipping weight, 21 pounds. **$3.75** Each

32 K 01588—Feeder. Each **$3.75**

Feeders may be included in your Easy Payment order. See inside back cover for details.

Electric Fountain Heater

G Automatic thermostatic regulator to maintain proper water temperature. Made from heavy galvanized steel, 11½ inches in diameter, 5 inches high. 100-watt heating element for 110–120-volt alternating current. Cord and plug included. Economical to operate. **$2.95** Each

32 K 1611—Wt., 6 lbs. . Each **$2.95**

Kerosene Fountain Heater

H Galvanized steel, 6 in. high, 11 in. in diameter. Oil bowl forms base; holds 5 pints. Wick-type kerosene burner. Hinged door, with safety fastener. **Available after August 1.**

32 K 1615—Wt., 5 lbs. . . . Each **$1.18**

Poultry Fountain Stand

J Keeps fountain out of litter and water clean. Takes fountains with 12 to 15-inch bases. Sturdy 16-gauge steel frame; perches 15 inches high; 30-inch overall diameter.

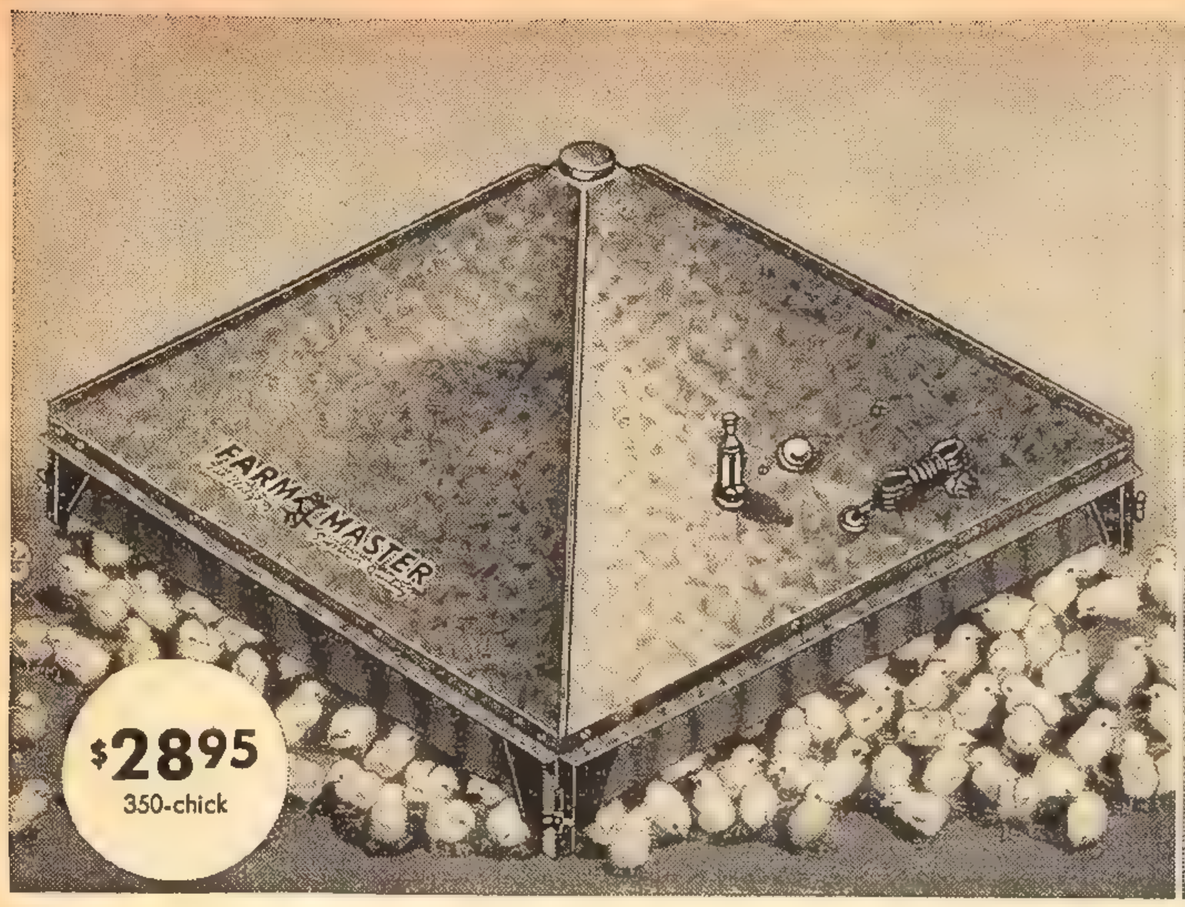
32 K 01490—Wt., 10 lbs. . Ea. **$1.48**

Jiffy Egg Scale

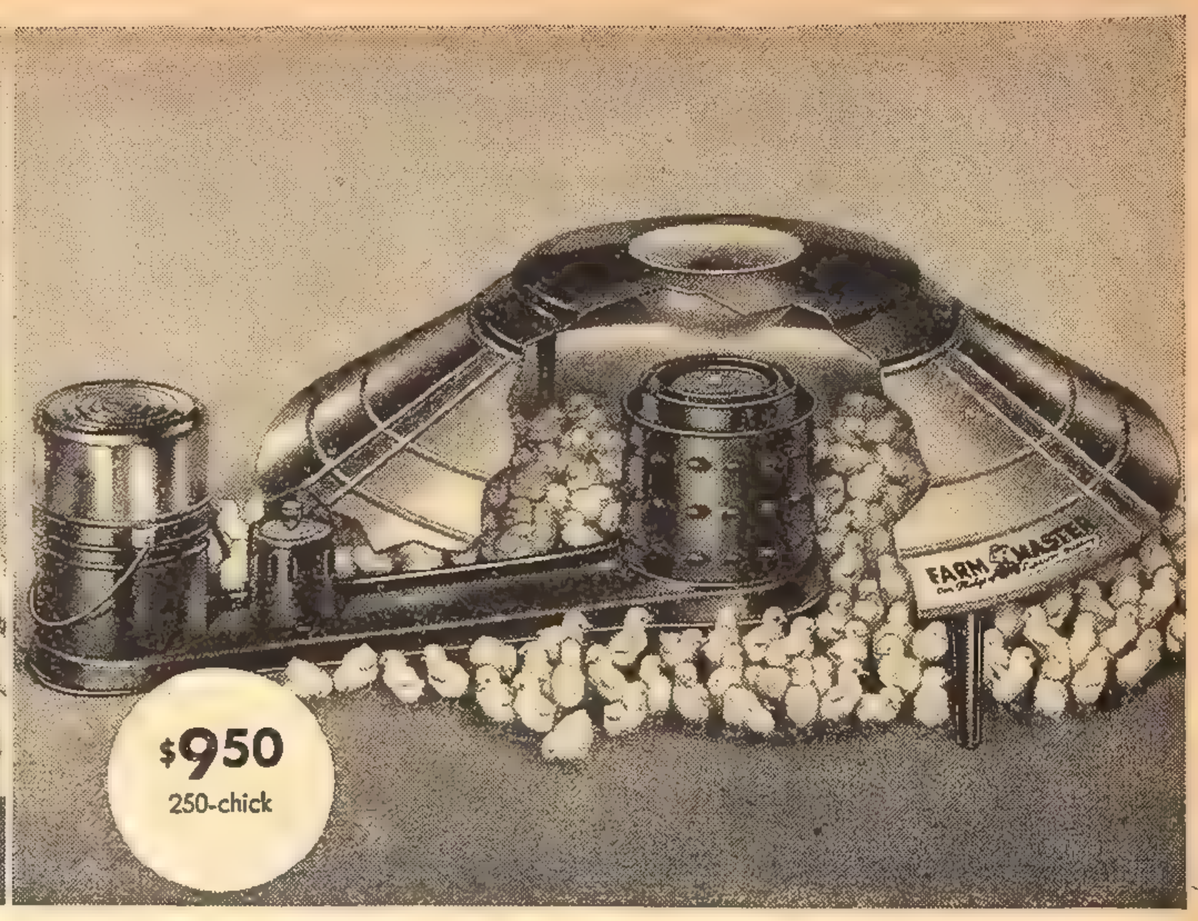
K Colored dial gives you instantaneous reading of weight and grade. Perfect accuracy. Adjustable stop speeds up grading. No springs. Made from 22-gauge steel with baked-on enamel finish. Size 6½x8x3 inches. **$1.29** Each

32 K 1683—Shipping weight, 1 pound 2 ounces. . . . . Each **$1.29**

FARM-MASTER Egg Scale



L Automatically shows weights per dozen in figures of 19 to 24, 26, 28 and 30 ounces. Sturdy metal construction. Grades eggs quickly and accurately. **Available after September 1.**



32 K 1656—Shipping weight, 1 pound 8 ounces. . . . . Each **$2.60**

DEFIANCE Egg Scale

M Balance type. Shows weights per dozen. Sorts eggs over 25 and under 20 ounces per dozen. **Available after September 1.**

32 K 1681—Shipping weight, 1 pound 2 ounces. . . . . Each **$1.0**

FARM-MASTER dependable Chick Brooders

Our Own Trade Mark

Dependable, economical FARM-MASTER Electric Brooder

- **It is Dependable** . . . Big, adjustable automatic thermostat maintains even temperature and operates fan to keep chicks supplied with fresh, pre-heated air
- **It is Economical** . . . Thermostat turns heat on and off; no wasted electricity
- **It is Safe** . . . Heater and electrical connections are metal enclosed
- **It is Strong** . . . Galvanized steel canopy, securely bolted together; adjustable meta legs raise edge of canopy from 7 to 12 inches; rubberized drop curtain

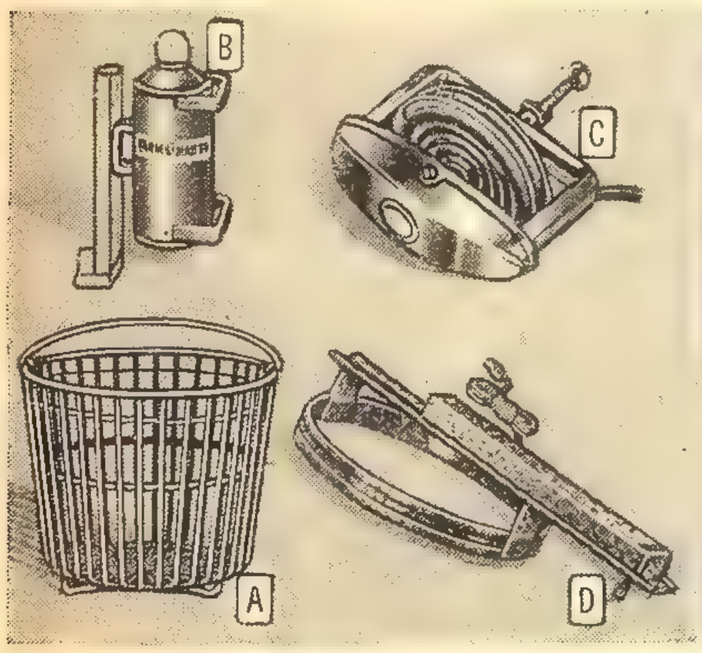
FARM-MASTER Electric Brooders are designed and built to give chicks every possible growing advantage—plenty of room, plenty of even heat and plenty of fresh air, all at a minimum cost. Subceiling and ½-inch insulation board hold heat down. Sides are insulated with ½-inch of insulation board; saves heat and helps keep the chicks comfortable. Saves electricity and reduces the cost of brooding your baby chicks. Special ventilation tube takes air off top so fresh air comes to floor where chicks get full benefit from it.

Outside thermometer gives temperature reading at chick level. Thermostat regulation screw on outside of canopy. With pilot light and chick attraction light. Canopy made in sections, shipped flat to save you freight. Easily assembled. Cord plug included. For 110–120-volt alternating current only. Shipped from stock. See inside back cover for complete details on Sears convenient Easy Payment Plan. **Available after August 1.**

32 KM 1178—**Canopy size, 52x52 inches.** Capacity, 350 six-week-old chicks. 1000-watt heating element. Motor-driven fan. Shpg. wt., 60 lbs. **$28.95**

32 KM 1179—**Canopy size, 60x60 inches.** Capacity, 500 six-week-old chicks. 1200-watt heating element. Motor driven fan. Shpg. wt., 76 lbs. **$34.95**

FARM-MASTER Blue Flame kerosene-burning Brooders



- **Clean-burning** big Blue Flame burner gets maximum heat from kerosene; burns 1 to 2 gallons of kerosene in 24 hours. Full 1-gallon glass kerosene tank
- **Sub-canopy around burner** with cone-shaped reflector circulates heat to floor
- **Filter strainer** keeps dirt and water out of fuel line; burner burns evenly
- **Strong sensitive thermostat** automatically regulates flow of oil to burner to keep a constant heat under canopy; can be adjusted for proper temperature

You can depend on this sturdy, long-lasting brooder to operate 24 hours a day, furnishing even, proper heat for the brooding of healthy, robust chicks. It is economical to operate and requires a minimum of care. Equalized heat under the entire canopy area reduces crowding and smothering of chicks. Metal enclosed thermostat, with large, strong, sensitive wafer, is adjustable so you can set it for the proper temperature for any age chicks.

Special air louvres in outer jacket of burner draw air from outside of canopy; do not consume oxygen needed by chicks, keep air circulating under canopy. 5-in. Blue Flame burner. Reinforced steel canopy with sturdy legs. Thermostat, fuel valve and oil line are all protected by rigid steel housing. One asbestos lighting ring included. Shipped in sections; easily and quickly assembled. Does not heat an entire brooder house. Mailable. Shipped from stock. Brooders like everything else at Sears can be bought on Easy Terms, see inside back cover for complete details.

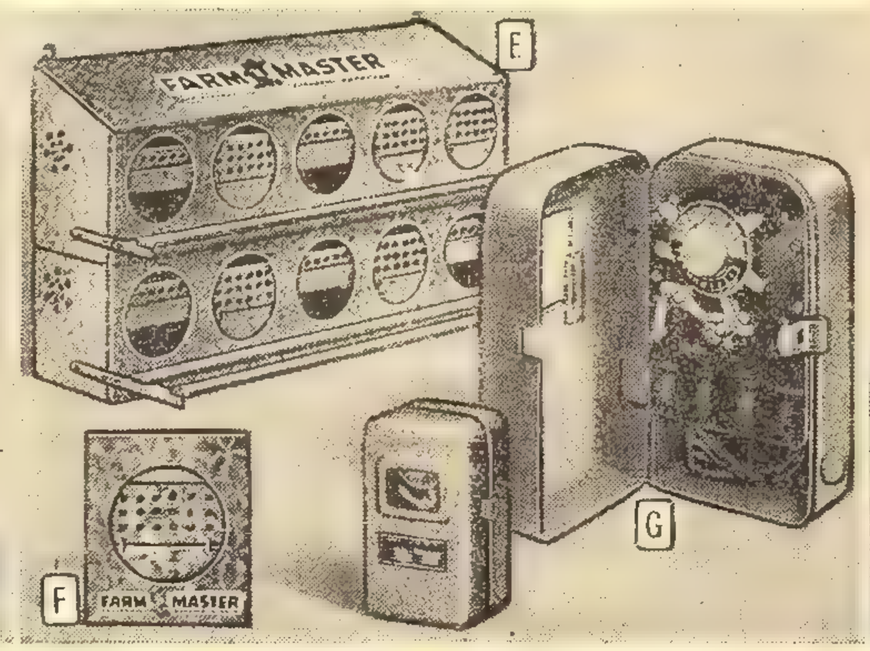
32 K 01047—**42-inch diameter canopy.** Capacity, 250 six-week-old chicks. Shipping weight, 35 pounds. **$9.50**

32 K 01048—**52-inch diameter canopy.** Capacity, 350 six-week old chicks. Shipping weight, 40 pounds. **$10.50**

Welded wire Egg Basket

[A] Holds 15 dozen. ½-bushel capacity.
32 K 01686—Shpg. wt., 4 lbs. . . Each 79c

Electric Egg Candler



[B] Use in horizontal or vertical position. With cord and plug. Takes 20 to 60-watt bulb. Bulb and stand not included.
32 K 1682—Shpg. wt., 2 lbs. . . . . Each **$1.10**

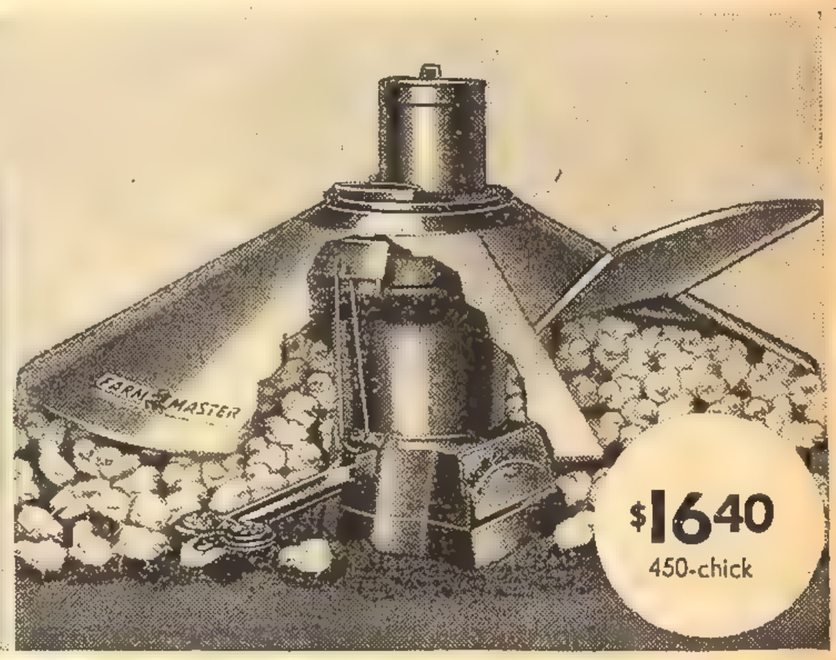
Automatic Brooder Heat Regulator

[C] Holds temperature to 1 degree. For up to 1200-watt heating elements. No radio interference. For 110 to 120-volt alternating current.
32 K 1305—Shipping weight, 1 lb. Each. . **$1.59**

Bar-type Brooder Heater Unit

[D] With automatic temperature regulator to maintain uniform brooding temperature. 300-watt heating element, fully enclosed; 12-inch ring. With socket for light or attaching auxiliary heating unit. Complete instructions for building your own brooder included. For 110 to 120-volt alternating current only.
32 K 01137—Shipping weight, 5 lbs. **$2.98**

Galvanized Steel Laying Nests



[E] Strong, durable. Tiers of 5 nests, 55 in. long, 13 in. deep; open back. Traps not included; see below. Not mailable. **Nests and traps available after September 1.** **$7.95** 10-nest

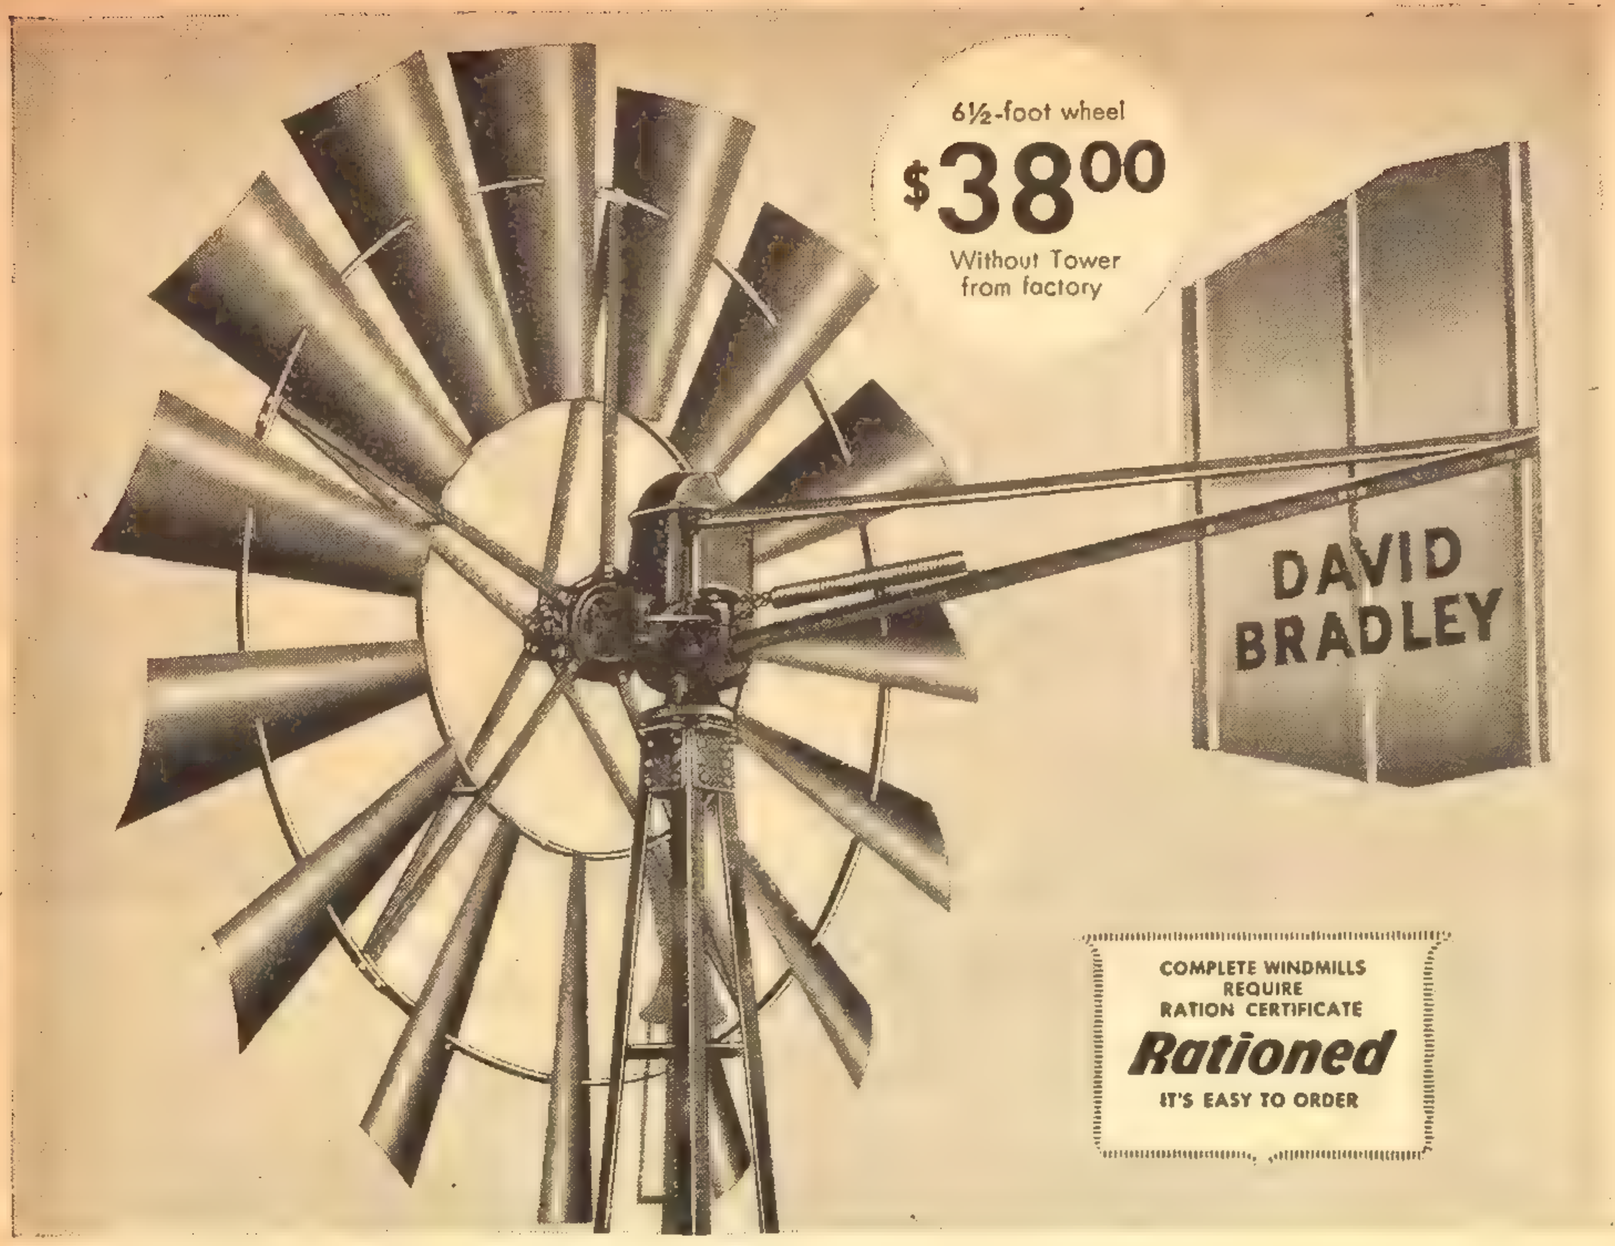
32 KM 1711—10-nest section; 2 tiers of 5 nests each. Shipping weight, 40 pounds. **$7.95**
32 KM 1712—15-nest section: 3 tiers of 5 nests each. Shipping weight, 55 pounds. **$10.90**

[F] **Traps to fit above nests.** Easy to install.
32 K 1707—Shipping weight, of five, 4 lbs. 5 for 85c
Traps for Wooden Nests. Galvanized steel, 15 inches high, 12 in. wide, 8-in. opening. *State quantity.*
32 K 01715—Shpg. wt., each, 2 lbs. . . . . Each 39c
Shpg. wt., of six, 12 lbs. . . . . 6 for **$2.10**

FARM-MASTER automatic Light Controls

[G] Turns lights on and off each morning and evening. Dims lights about 15 minutes before completely turning on or off. Pure silver contact points. Handles up to 1100 watts. Heavy steel case.
32 K 01623—**Self-starting electric** for 110 to 120-volt A.C. only. **Approved by Underwriters' Laboratories, Inc.** Case, 7¼x4⅜x3¼ inches. Shpg. wt., 4 lbs. Each **$9.75**
32 K 01624—**10-day key-wind spring movement.** For 110–120-volt A.C. or 32-volt D.C. Case, 8½x6½x4½ inches. Shipping weight, 6 lbs. . Each **$12.40**

FARM-MASTER coal-burning Brooder



Heavy gray-iron stove, tapered firepot; no leaking gas. Revolving metal canopy. Powerful twin thermostats operate air intake and check draft at same time; they automatically maintain an even brooding temperature, regardless of outside temperature changes. Burns hard or soft coal; reserve fuel magazine. Special draft passage cleaner. Takes about 10 feet of 5-inch pipe, not included. (See index for pipe).

32 KM 1108—**54-inch diameter canopy.** Capacity, 450 six-week-old chicks. Shpg. wt., 130 lbs. **$16.40**
32 KM 1109—**60-inch diameter canopy.** Capacity, 500 six-week-old chicks. Shpg. wt., 135 lbs. **$17.40**

IMPORTANT NOTICE ON BROODERS

The supply of brooders is limited by Government order. Therefore we cannot guarantee to fill your brooder order. When baby chicks and ■ brooder are ordered together, if our supply of brooders is exhausted, we will ship the chicks and refund your money on the brooder, unless you instruct us to the contrary on your order.

EASY TERMS: All poultry supplies may be included on Easy Term orders of $10 or more—see inside back cover.

COMPLETE WINDMILLS
REQUIRE
RATION CERTIFICATE
Rationed
IT'S EASY TO ORDER

DAVID BRADLEY
Our Own Trade Mark

Easy-running Windmills

Storm-safe brake. Strong cast circular V-brake will not release the mill even if the pull-wire breaks. Greatly reduces storm damage.

Strong piston swivel. Located in piston bearing. Provides a solid driving rod from mill to pump connection. Saves wind power.

Positive vane lock. When wheel is out of wind, latch locks it parallel to vane and sets brake.

Ball-bearing turn table. Makes mill head sensitive to slightest breeze. Grease-filled race.

RATIONED—It's Easy to Order

All windmill heads and towers are rationed. So just obtain an approved ration certificate from your County War Agricultural Board and send it to us with your regular order for a head, a tower or both. This certificate is necessary wherever you buy your mill.

If you buy both head and tower, to make a complete mill, the stub tower priced with the head is not needed; therefore you can deduct $1.20 for a 6½ or 8-foot head from the prices below. Mention on your order that the stub tower is not needed. When ordering a tower without a head, state the make of your old head, and the correct tower plates will be included. State size of head on all orders. Your mill should stand 15 feet above surrounding buildings.

DAVID BRADLEY Windmill Heads with stub towers

Scientifically designed Wheel and Vane. Properly shaped, based on latest aerodynamic theories, to take maximum power from a light breeze. Proper shape and set to sails. Flat, braced wheel arms, placed at same angle as sails, give increased strength and pumping power to wheel. Extra strong vane stem with angle brace attached to mill head forms a strong support for vane and stops whipping. Vane is made with three reinforcing corrugations, running at right angles to stem. Wheel turns freely on long-lasting bronze bearings; run in a continual bath of oil. Made of heavy steel, galvanized to resist rust.

Improved Wind Governor. Extra heavy spring gives constant pumping speed in variable winds. Saves wear and tear on mill. Protects mill from damage even in heaviest storms.

Strongly built Head Mechanism. Double width steel cut gears, one-piece reversible pitman eliminates wrist pins. Large wheel shaft is tilted to stop oil leakage and to bring wheel closer to center of tower; gives better balance of mill on tower.

Universal Pump Pole Connector. Fits onto old pump pole.

Oil-tight cast Gear Box. Keeps oil in . . . keeps dust and dirt out. Red enameled.

Stub Tower. Strong angle steel. Will fit any make of old steel or wood tower. Give make of old tower, whether wood or steel, and number of posts.

RATIONED—See right above before ordering.

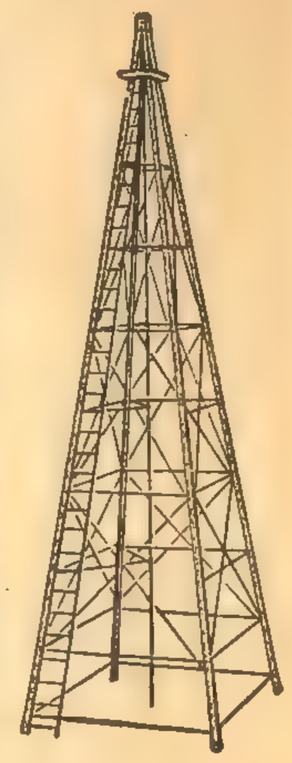
SHIPPING NOTICE: **All windmill heads and towers are shipped from factory near Janesville, Wisconsin. You pay freight from there.**

DAVID BRADLEY Windmill Towers



Properly Engineered. Built with four heavy 3/16-inch thick angle steel posts, of the proper size in each section and with strong truss and cross braces to provide a margin of safety over normal peak wind velocities.

Ladder and Platform. Strong steel ladder to platform. Wide wood platform at proper height for working on mill head.

Pump Pole Guides. Hold pump pole in center of tower—not affected by strong winds. Cannot bind and pole cannot get out of line. No wear on pump pole by rubbing on supports. One guide furnished with each section. New pump pole included with tower. If tower is bought without head, state make of old head; the right tower plates will be furnished. For complete mill, order tower below, and head from table at left. **State size head in all orders.**

This merchandise is NOT AVAILABLE in your Sears Catalog this Fall

To send our fighters the arms and munitions they must have to fight our battles, we at home must do without many of the things we formerly enjoyed. And we do it willingly and gladly that Victory may be won. The lines of merchandise listed below are omitted from this catalog because the materials and factories that produced them are now doing important war work. The list may seem long, but thousands and thousands of items are still available. See our Catalog Index beginning on page 879. And, though the special item you want may not be available—look through the catalog for others that will serve your needs. For Sears have been busy finding worthy alternates for the items that have gone to war . . . and Sears pledge to keep on bringing you the best buys possible for your money.

Fall seeding and re-seeding brings far better lawns

This year, sow your lawn seed in late August or September, right after late summer dews begin falling. Nights are cool, dew is plentiful, weeds stop germinating, fall rains soon start. Roots become well established before the ground freezes; your lawn will obtain a faster growth—start next spring to render it more resistant to summer's hot, dry spells that burn so many spring-sown lawns. For new lawns, sow one pound to each 200 square feet. For established lawns, about one-half this quantity. Kentucky Blue Grass is ideal for re-seeding old lawns.

Our highest quality mixture . . . GARDEN MASTER Superfine

Contains an extremely high percentage of hardy perennial Kentucky blue grass and bent, skilfully combined by Sears Tru-Blend process with finest "nurse" grasses; red top and rye. Guaranteed at least 99% weed-free; fresh-crop seed of high germination. You'll be proud of its velvety smooth thickness. **Not Postpaid.**

71 K 4700—1-pound bag. Shipping weight, 1 pound 3 ounces..... 58c

GARDEN MASTER Peat

A high grade, granulated horticultural peat. One of nature's own soil improvers. **For your lawn:** Apply a top dressing in fall, repeat next spring. Makes a springy turf. **For your garden:** Spread 1-inch deep before fall plowing. Adds humus to replace that absorbed by plants in the former season. Loosens clay. Bale covers about 300 sq. ft. **Shipped from near Mason City, Iowa by freight or express. Not prepaid.**

$1.69 — 50 pounds

71 KM 905F—1 Bag. (4 cu. ft.) Shpg. wt., 50 lbs... $1.69
71 KM 906F—1 Bale (10 cu. ft.) Shpg. wt., 135 lbs.. $3.35

Adco Manure

Start your Adco-enriched compost pile this fall. Will be ready for use next spring. You can make your own fertilizer this easy and economical way. Return to your garden the vital elements of plant growth removed each year. Makes a true organic manure. Combine a few handfuls of Adco with leaves, straw, grass clippings, vegetable peelings, etc. A little Adco manure goes a long way; 1000 lbs. of manure can be made with 25 lbs. of Adco. Full easy-to-follow instructions included. **Not Postpaid.**

$2.15 — 25 pounds

71 K 0975—25 pounds.
Shpg. wt., 26 lbs..... $2.15

Vitamin B_1 Tablets

Treat your transplanted nursery stock and perennials this fall to off-set shock and to help them become established. They obtain a quicker start next spring. Will help stimulate them to a more luxuriant growth. Effective for use on house plants, also. Contains Vitamin B_1 in concentrated form. Creases makes half portions—½ tablet in 2 gallons water for applying to plant roots. Full instructions included with every package.

29c — 100 Tablets

71 K 923—Postpaid.
100 tablets for..... 29c
200 tablets..... 49c

Rootone for more roots

Have greater success with your slips and cuttings . . . dip them in Rootone powder before planting. Very easy and economical to use—merely dip, then plant in the usual way. Rootone is a plant hormone powder. The synthetic hormones which it contains help promote rapid rooting of cuttings ordinarily quite difficult to start. May also be used on seeds and bulbs. Use according to directions. **Postpaid.**

25c — 400 treatments

71 K 910—¼-oz. packet.
400 treatments..... 2
71 K 911—2-oz. jar.
3,000 treatments..... $1.

IMPORTANT NOTICE TO FARMERS

Special priority assistance on your purchases of needed farm supplies

(Under War Production Board Order Priorities Regulation 19)

On many of the farm supplies shown in this catalog appears this notice: "Farmers—when you order see page 878C."

If you are a farmer and need any of those farm supplies for the operation of your farm, it is important that you fill out one of the certificates below, sign it and attach it to your order. This certificate is your most effective means of obtaining necessary equipment because it helps the government in its effort to maintain the flow of supplies from the manufacturers to the farm front where they are needed for vital food production. No other priority is necessary.

Who May Sign Certificates

Any person engaged in farming as a business, either raising crops, livestock, bees or poultry. Also custom operators who use farm supplies in performing services for farmers.

How Farmers May Order

1 Make out your order on a Sears order blank in the usual way.

2 If your order includes any of the Farm Supplies in this catalog on which the "notice to farmers" appears and you are a farmer qualified to sign the certificate shown below, fill out, sign and attach it to your Sears order blank.

3 Should you use up all certificates below, simply write the following statement on a separate piece of paper: "In accordance with Priority Regulation PR-19, I certify to the War Production Board that I am a farmer and that the supplies covered by this order are needed now and will be used for other than household purposes in the operation of a farm." After this statement write the catalog number, name and total price of the items you are ordering, sign your name and attach this separate piece of paper to your Sears order blank.

Show on Certificates below only Farm Needs as Indicated in this Catalog

Proved* CORN-MASTER

OUR OWN TRADE MARK

Freight Prepaid on two-bushel lots or more
Order now for spring 1945 planting

*Proved in farm and officially conducted field tests—the high yields and all-around excellence of Sears Corn-Master Hybrids! See story below. Farm and field-test performance figures given in descriptions on opposite page. The difference lies in the superior inbreds used in producing our Corn-Master hybrid seed corn.

- **Adapted to Your Locality:** Each Corn-Master number adapted to conditions of section for which it is specified.
- **Controlled Breeding:** Experts select inbreds to produce high quality. Care keeps Corn-Master "bloodlines" pure.
- **Detasseled 10 to15 Times:** Inspected and detasseled daily during pollinating. You receive only pure seed corn.
- **Thoroughly Tested:** You get the grower's best hybrids developed from hundreds of tested high yielding varieties.
- **Inspected Ear by Ear:** Every ear examined; all undesirable ears thrown out. 90% or higher germination guaranteed.
- **Carefully Processed:** Hand-sorted kernels, accurately graded to give you uniform, dependable hybrid seed corn.

- *We offer only 100% new-crop hybrid seed corn, grown in 1944*
- *All seed carefully treated for your protection*

$1.00
DOWN
Per Bushel

Reserve your Spring 1945 seed corn. No carrying charge on orders fully paid before shipment. See details of our simple, easy buying plan below. We pay the freight on 2-bushel lots or more. Shipped direct from grower.

Trial Seed Offer

Prove to yourself on your own farm the amazingly high yield and uniform dependability of Corn-Master Hybrid Seed Corn. Order this 10-lb. trial package . . . test it on your farm, under local conditions. We will select and ship you the Corn-Master hybrid that is best adapted to your locality. Will be shipped to you before planting time next spring, about March 15th, 1945. **Postpaid from grower.**

71 K 2000F—10 pounds **$2.00**

Above Corn-Master Numbers described on opposite page. Order hybrids by Catalog No. from opposite page.

No other Hybrids have produced higher averages!

Big news for the corn farmers of America! Sears now offer a truly great line of Hybrid Seed Corn. For years we have been combing the nation in an endeavor to find a superior line of hybrid seed corn that would come up to Sears standards of high quality and productiveness. We found this seed corn in the most logical place . . . the officially conducted field tests.

Proved in Farm and Official Field Tests

Here were all well-known brands of hybrid seed corn making their competitive records under official State supervision, with conditions for all growers exactly the same. Published reports, year after year, proved that our grower's hybrids consistently scored well up among the leaders. We now are marketing these hybrids under our trade name, Corn-Master.

High yield . . . all-around dependability

Now we offer the corn farmers of America Corn-Master Seed Corn with full confidence that this great line of proved hybrids will give them big, profitable yields and all around satisfaction. Bred by a highly reliable producer. You cannot buy better quality hybrid seed corn at any price, in high yield, strong standability, feeding quality, easy picking ,resistance to the corn borer as well as to corn diseases, or heavy root development and strong stalks to resist droughts and high winds. Corn-Master Hybrid Seed Corn is treated for your protection.

There are Hybrids for your own farm

Order from chart above. Read descriptions of Corn-Master numbers, opposite page. There are numbers adapted for your locality, for making an early, midseason or late crop. There are uniform, dependable Corn-Master Hybrids for every farmer.

Save money . . . buy CORN-MASTER Hybrids

Sears low prices enable you to make a substantial saving. Order now, ahead of the buying rush. As little as $1.00 per bushel reserves your seed for planting your spring 1945 crop.

Order now to be sure of next year's CORN-MASTER Hybrid Seed Corn

All Seed Corn prices void after December 31, 1944, and are subject to Government regulations and change without notice. Your Corn-Master Hybrid Seed Corn will be ready for delivery to you about January 1, 1945, if you want it this early. Please specify the shipping date desired. We will store your seed corn for you in the grower's warehouse under the best conditions until the time you want it. **However, we cannot reserve your Seed Corn beyond March 15, 1945.**

90% germination guaranteed

We guarantee the germination of Corn-Master Hybrid Seed Corn to be 90% or better. We will allow 10 days after delivery of the seed corn for germination test. All Corn-Master Hybrid seed 99% strain purity.

As vigorous growth depends upon proper planting, soil conditions, and other factors over which we have no control, we cannot be responsible for the crop, nor for any amount greater than purchase price. If seed crop conditions justify lower price, we will make adjustment, and notify you.

Three easy ways to buy by mail

1. Cash in full with your Corn-Master Hybrid Seed Corn order.

2. $1.00 down per bushel with your order, the balance paid any time before we make shipment (no carrying charge). However, we cannot reserve your Seed Corn beyond March 15, 1945.

3. $1.00 down per bushel with your order, Easy Payments on unpaid balance at time of shipment, not later than March 15, 1945. (For Sears Convenient Easy Terms see inside back cover.) Corn-Master Hybrid Seed Corn shipped freight prepaid from grower on 2-bushel lots or more.

Corn-Master Hybrid No. 77

105–109-day Hybrid. Great northern variety. Fast grower; medium stalks hold large ears 8 to 9 inches long. Fine feeder. Averaged 75 bushels per acre. Heavy dark foliage. Strong grower. Ideal for northern farms. A fine yellow hybrid.
71 KM 2095—State grade wanted.

Corn-Master Hybrid No. 88

113–117-day Hybrid. High-yielding. Yellow ears. Stiff stalks, easily harvested. Yielded over 88 bu. per acre. Good feeder.
71 KM 2100F—State grade wanted.

Corn-Master Hybrid No. 99

114–118-day Hybrid. Strong grower; big yields. Fine for picker. Drys down fast. Deep yellow ears. High shelling percentage. 2-year test yielded over 91 bu. per acre.
71 KM 2111F—State grade wanted.

Corn-Master Hybrid No. 111

115–119-day Hybrid. Tall, early, drought-resistant. Stiff stalks, long yellow ears. Yielded over 92 bu. per acre in tests. Proved for hot, dry summers; on thin soil.
71 KM 2110F—State grade wanted.

Corn-Master Hybrid No. 222

115–120-day Hybrid. Higher borer resistance. Average last 4 years, over 86 bushels per acre. 1943 yield, 94 bu. per acre. Rough, yellow feeding ears. For bottom land.
71 KM 2118F—State grade wanted.

Corn-Master Hybrid No. 333

115–120-day Hybrid. Resists borers. Large, yellow ears; good feeder. 1943 yield over 89 bushels per acre. Excellent for picker.
71 KM 2977F—State grade wanted.

Corn-Master Hybrid No. 444

118–122-day Hybrid. One of our best. High yielding; large yellow ears. Stiff stalks. 3 yr. average over 87 bu. per acre. 1943 yield over 91 bu. per acre. Good for all soils.
71 KM 2117F—State grade wanted.

Corn-Master Hybrid No. 555

118–122-day Hybrid. Stiff stalks. Yields big crops of large yellow ears. Borer-resistant. Thrives in all soils. 1943 yield over 96 bu. per acre. Excellent feeder.
71 KM 2987F—State grade wanted.

Corn-Master Hybrid No. 666

118–122-day Hybrid. One of our best yellow hybrids. Stiff stalks. Resists corn borer. Medium-rough for good feeding. 1943 yield over 95 bu. per acre; 3 year average 91 bu.
71 KM 2124—State grade wanted.

Corn-Master Hybrid No. 777

120–125-day Hybrid. Good feeder. Thick, yellow ears. Strong standing. Resists borers. 2-year average over 81 bu. per acre. For all soils.
71 KM 2123F—State grade wanted.

Corn-Master Hybrid No. 888

130-day Hybrid. Heaviest yielding in Southern regions. Deep-yellow kernel. Good feeder. Yielded 79 bu. per acre. Our latest hybrid.
71 KM 2130F—State grade wanted.

Amoor River Privet: Similar to above but hardier. May be pruned to any height, anytime during the growing season. Makes very dense foliage.

Caragana: Grows 10 to 12 ft. high. Bright green leaves. Very hardy hedge.

Cotoneaster: Grows 10 to 12 ft. tall. Is very hardy for the far North. Dark green, glossy leaves. Soft pink flowers in spring; black berries.

Buckthorn and Russian Olive: Best Northern hedges. Buckthorn, green leaves; grows 10 feet high. Russian Olive, silver leaves. Grows to 18 feet.

Spirea Van Houttei: Grows 5 to 7 feet high. Also known as Bridal Wreath. Countless snowy-white flowers in the early spring. Very popular hedge.

Barberry, Green Leaf: Low-growing. Makes a dense, rounded hedge 3 to 4 feet tall, or may be trimmed lower as desired. Green foliage turns red the fall. Bright red berries all winter attract many birds. Has thorns

Hardy Juniper Virginiana Evergreen: Grows 30 feet. Best for tall hedges.

Postpaid from grower. State variety and quantity

Variety of Hedge	91 K 3667—Good 12 to 18-in. size			91 K 3668—Better 18 to 24-in. size			91 K 3669—8 2 to 3-ft. size

NOTICE

CONCERNING OUT-OF-SEASON GOODS

Occasionally, when you look for an item in this index you are referred to this page ("See Notice on Page 892"). That reference means that the item is not offered for Sale in this Fall and Winter Catalog because it is Spring and Summer Merchandise.

If you want out-of-season merchandise, write for prices. When writing, be sure to give us full information on the merchandise you want.

SEARS GUARANTEE

TO SAVE YOU MONEY . . .
TO DELIVER ALL MERCHANDISE SAFELY
TO SATISFY YOU PERFECTLY

We guarantee that every article in this catalog is honestly described and illustrated.

We guarantee that any article purchased from us will give you the service you have a right to expect.

If for any reason whatever you are not satisfied with any article purchased from us, we want you to return it to us at our expense. We will then exchange it for exactly what you want, or will return your money, including any transportation charges you have paid.

SEARS, ROEBUCK AND CO.

Statement of Policy about ars Big Catalog

s Big General Catalog has been the nation's g guide for more than half a century. The that America grew up with, now serves than 12 million customers all over the ry.

send our Big Catalog without request to ners who buy regularly from any Sears g—by mail, phone or at catalog order s.

cause it costs about a dollar to print and his great book, you can readily understand would be impractical to send it to those o not buy regularly from us.

t is why the millions of catalogs we do de are mailed to our regular customers—the ies just like yours who know the worth and of our Big Catalog and use it year in and out as an important part of their home- ng equipment.

to the advantage of your family to place ur orders under one name, preferably that e head of the household. For example, if members of your family, ordering under wn names, each had orders totaling $5.00 the preceding season, neither might re- a General Catalog. The same orders made e person's name would total $10.00, and amily would then be assured of receiving xt catalog without request. Assure yourself iving your Sears catalogs regularly by or- your everyday needs from this or any atalog . . . directly by mail . . . through a Order Office . . . or by phone through Sears rift Shopping Service.

rtant about Prices rders

ve you will find the prices in this catalog e to reflect the economies of mail order that have appealed to thrifty people hout the nation. Prices in this catalog nly to orders placed by mail, telephone, h or at the catalog order desk in a Sears Store, Order Office, or in one of Sears d Stores.

d the Federal, State or Local Govern- crease or impose additional taxes after es to press, we shall be obliged to add ices shown.

We believe our purchases and stock on hand are sufficient to meet all normal requirements of our customers during the period for which this catalog is intended. However, we are unable to guarantee that we shall be able to supply every item throughout the life of this catalog. To protect you, as well as ourselves, we may—before filling, refuse orders so large as to indicate that we are being used as a source of supply by those who intend to sell the goods again either directly or as a service.

Every item in this catalog is accurately described and illustrated. However, should the defense needs of the Government further restrict the sale of certain items or cause a change in the manufacturing specifications of certain items—we will wherever possible fill your orders with goods made according to Government regulations when our existing stocks are exhausted. Your attention will be called to such changes when the merchandise is sent to you.

C.O.D. Orders

Unless there is real need for C.O.D. service, we urge you to enclose money order or check when you mail your orders and avoid the extra handling and expense of C.O.D. orders. On parcel post C.O.D. shipments, in addition to the price of the merchandise and regular parcel post charges, we will bill you for the C.O.D. collection fee which we are required to pay the postoffice. The postoffice also collects a money order fee for forwarding the total amount to us. See page 899 for information about C.O.D. fees.

The cost of this type of service is so great that we believe very few of our customers will want to order C.O.D. However, when you need the fastest possible service regardless of cost to you —for example on emergency orders for repair parts—we will ship C.O.D. if you will send a paid telegram, giving full information about the merchandise you want and your complete name and address.

We do not accept C.O.D. orders:

- For less than $2.00 (except orders for repair parts)
- For merchandise that is cut or made to special measurements
- For items that are shipped direct from one of our factories
- For shipment to foreign countries

Prompt Service

The vast majority of Sears orders are carefully filled and on their way to the customer within 24 hours after they are received.

Where catalog descriptions show factory or warehouse shipping points, please allow us enough time to forward your order to the fact or warehouse for shipment from that po to you. When merchandise is shipped factory or warehouse, we give you fa ble service and notify you of appr when shipment will be made.

Our Ten Mail Order Houses

Sears, Roebuck and Co. operate mail or houses in Chicago, Philadelphia, Boston, Kan City, Minneapolis, Atlanta, Memphis, Dalla Seattle, and Los Angeles. We'd enjoy a visi from you. Our door is always open and you ar welcome to come in and visit us at any time.

Write in Any Language

We can always take care of your order and assure you of complete satisfaction at all ti or your money will be gladly refunded.

Important Tax Notice

Washington (Sales Tax)	

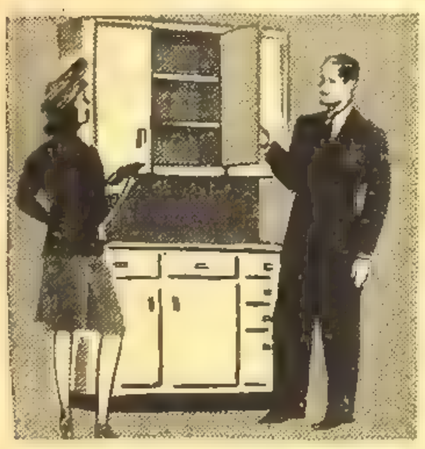
Five easy ways to shop at Sears

Shop at home by mail

Shop the convenient way . . . at home in your easy chair you can select just what you want from over 100,000 catalog items at Sears low prices with satisfaction guaranteed or your money back. Simply write your order on a Sears Order Blank or plain paper and mail it to us. Your order will be carefully filled and shipped usually on the day we receive it.

Shop at Sears by phone

Just pick up your phone and call Sears . . . it's the easiest, quickest way to shop. Give the catalog number, price and description of the merchandise you want. Your order will be filled promptly at our Mail Order House and you pay on delivery. It takes only a few minutes to do your shopping for the entire family by telephone . . . with satisfaction guaranteed.



Shop at Sears order offices

For Sears mail order prices and *special services*, visit or phone Sears Order Office. A salesperson will take measurements, write out orders, show you our helpful sample books with thousands of sample fabrics, and show you our many special catalogs. You pay Sears low prices, eliminate money-order fees, and save considerably on transportation charges.

Shop at catalog order desks

There's one in your nearest Sears store. You'll find thousands of fabric samples to see and touch-test, and many special catalogs, to help you make selections. You can buy at Sears low catalog prices and save letter postage and money order fees. You can save on transportation charges, too. Our sales people will be glad to help you and write your order.

Shop at Sears retail stores

At your service throughout the country—over 600 Sears stores filled with nationally accepted, always up-to-date merchandise offered at Sears usual low prices. Buy over the counter and take the merchandise with you. We also arrange for home delivery and installation whenever such services are required. You'll find the store nearest you shown in the list at right.

If you have a question . . . just write to us

If, after looking through this catalog, there is something additional you want to know about our merchandise, how to make out your order, or how to have it shipped . . . we invite you to write to our Personal Service Department and request whatever information you need.

Ask us anything you want to know about Sears service. Your questions will receive prompt, individual attention. Address your letter to Personal Service Department, Sears, Roebuck and Co., at our Mail Order House nearest you. See page 893 for locations of Sears ten Mail Order Houses.

Sears great Laboratories test Sears merchandise to secure your money's worth

rs Technical Laboratories are the invisible guard- of your pocketbook—protecting your dollars ore they are spent! With the advice of Labora- y experts, our buyers know just what to look for nerchandise before they buy. In this way, Sears p modern discriminating and enlightened cus- ers satisfied, supplying them with high quality chandise at low prices!

When you buy by mail at Sears, you do so with knowledge that statements concerning quality l serviceability of merchandise are continually checked. Sears laboratory conducts many under conditions similar to actual usage.

mall wonder, then, that more than 12,000,000 omers the country over depend upon and have in the many thousands of articles they find in s catalogs and sale books.

ou can shop with confidence at Sears, knowing our buyers have the benefit of technical advice ever needed and that merchandise is accurately ibed in every respect.

☆

Help conserve Fabrics and Materials

small swatch of yard goods or a set of samples of eting may not measure much in yardage. How- multiply these few small pieces by hundreds of nds of customer requests we receive each year e result is thousands of yards of fabrics that d in the way of samples during normal times. ight of present day conditions, every scrap of l must be put to essential use. Therefore, lo not ask for samples of yard goods, up- ng, carpeting, curtain fabrics, draperies, shade fabrics, etc. We cannot send them.

ur building material, and wallpaper depart- nly can we continue to fill your requests for s. We have a supply of samples on hand and tion, are able to make up samples from ends ner pieces normally wasted in the process of facture.

☆

For wise buying know what these terms mean

WASHABILITY— We use the following terms to describe care required for fabrics and garments which may be washed. The original appearance can best be retained by following these washing instructions:

Superior Washfastness: May be washed under severe conditions.

Washfast: Wash in washing machine with any good soap and hot water. Usually only cottons and linens are so described.

Washable: Wash with care in warm suds (about 120° F.). Use mild soap flakes . . . we recommend Lux.

Washable Separately, or Wash Separately: Wash with care in rich warm suds (about 120° F.). Remove trimmings and wash article *by itself* because it may fade or stain other fabrics. Use mild soap flakes . . . we recommend Lux.

Hand Washable: Wash by hand in rich, lukewarm suds (about 100° F.). Use mild soap flakes . . . we recommend Lux. ***Wash With Care:*** Indicates articles such as bedspreads, rag rugs, slip covers, where weight or size requires use of washing machine and rich lukewarm suds (about 100° F).

Hand Washable Separately, or Wash by Hand Separately: Wash by hand in rich, lukewarm suds (about 100°F.). Remove trimmings and wash article *by itself* because it may fade or stain other fabrics. Use mild soap flakes.

FABRIC SHRINKAGE— All fabrics shrink (or stretch) some in washing. Below we explain what shrinkage may be expected on Sears washable merchandise.

The shrinkage tests are made in accordance with Commercial Standard CS59-44 issued by the National Bureau of Standards. Garments with over 5% shrinkage are cut to allow for this shrinkage or they are described as "Allow for Shrinkage."

Sanforized Shrunk or Preshrunk Fabrics: The shrinkage in Sanforized fabrics will not exceed 1%. The shrinkage on preshrunk fabrics will not exceed 3% except on corset fabrics which will not exceed 5%. The maximum shrinkage is always stated in the description.

Ordinary Woven Fabrics: Unless otherwise stated the maximum average shrinkage will not exceed 5% except on ginghams, chambrays, coverts, denims and woven striped ticking.

Knitted, Napped, Braided or Sheer Fabrics: Unless otherwise stated shrinkage will not exceed 10%. These fabrics include such articles as rag rugs, blankets, curtains, flannelettes, sweaters, voiles, batistes, bedspreads and tablecloths.

SUNFAST—Superior Sunfastness: The fabrics identified by "Superior Sunfastness" will withstand exposure to sunlight under severe conditions without noticeable fading or color change.

Sunfast: Where "Sunfast" has been used to describe fabrics it means that dyes have a high resistance to conditions of normal use. Their color should not alter noticeably during the normal life of the fabrics.

Sun Resistant: Where "Sun Resistant" is used to describe fabrics, such as draperies, it means that dyes have good resistance to conditions of normal use. Because fabrics so qualified are ordinarily subjected to considerable sunlight, their colors may alter slightly during the normal life of the fabrics.

WATER RESISTANCE—Waterproof: Where "waterproof" is used, the fabric has been treated so that water will not penetrate and is nonporous. Where garments are described as wholly or 100% waterproof the seams of the waterproof fabric have been sealed for complete protection.

Water Resistant or Water Repellent: Where either term is used, the material has been treated to resist water, but is porous to air. Where "Durable" is used with either term, the material has been treated so that it will withstand repeated washings or dry cleanings.

Water Spot Resistant: Where this term is used the fabric has been treated to resist water spots without leaving a mark.

WOOL LABELING TERMS— The Federal Government requires all wool and part-wool products (except carpets, rugs, mats and upholstery fabrics) to be labeled as to fiber content.

Wool goods are made of the same materials as in the past—Three kinds of wool are used: New, Reprocessed and Reused. Grade for grade—New Wool gives most warmth and has the greatest resistance to wear. However, Reprocessed and Reused Wools are good materials and equally as sanitary. Reprocessed and Reused Wools are reduced from their woven or felted form to fibrous state, scoured and cleaned before reprocessing. Over half a century of volume wool buying has taught our Buyers the correct blending of New Wool, Reprocessed Wool, and Reused Wool to give you the best service for your dollar. They buy wool and part-wool goods with you in mind . . . the use to which you are going to put the goods, the warmth and hard wear you have a right to expect, and the price you wish to pay. You can buy woolens by mail at Sears with confidence.

Wool, New Wool, Virgin Wool are three terms employed to describe wool fibers which have never before been woven or felted.

Reprocessed Wool is the term employed to describe wool fibers reclaimed from woven or felted products that have never been used by the customer—such as leftover trimmings and cuttings.

Reused Wool is the term employed to describe wool fibers reclaimed from wool products that have been used by the customer.

How to order your p[illegible]ming size

Order the exact size in your new coat, dress or suit. You'll find it easy to be correctly fitted when you order from Sears. Simply check your measurements each time you order and consult the size scales below. When you have selected the proper size, use that size for your coat, dress, suit or blouse, whether high priced or low priced, whether made of rayon, cotton or wool

We have made all the necessary allowances for style and fit. Be certain of fit by measuring carefully—you get the most accurate results when you have one else measure you. *IMPORTANT:* Give special attention to hip and waist urements; most garments fit more closely at these points than at the bust. measurements should be taken over slip or lightweight dress with belt rem

Misses', Women's, Juniors', Larger Women's Dresses, Coats and Suits

JUNIORS' SIZE SCALE . . The Junior figure is slightly shorter than a Misses'. The bustline is higher, the waistline slimmer. Garments are youthful in style for youthful figures of all ages.

Order Size	**9**	**11**	**13**	**15**	**17**	
If hips are	33	34½	36	37½	39	in.
If waist is	23½	24½	26	27½	29	in.
If bust is	30½	32	33½	35	36½	in.
Dress lengths	39½	40½	41	41½	42	in.
Coat lengths: (fitted coats)	40	40½	41	41½	42	in.

MISSES' SIZE SCALE . . Misses' figure has a well-developed but youthful bustline. The waist is slender. The figure is well proportioned throughout. This average figure type has the widest choice of styles.

Order Size	**10**	**12**	**14**	**16**	**18**	**20**	**22**	
If hips are	34	35	36½	38	39½	41	43	in.
If waist is	24	25½	27	28½	30	32	34	in.
If bust is	31	32½	34	35½	37	39	41	in.
Dress lengths	41	41½	42	42½	43	43½	44	in.
Coat length (fitted coats)	41½	42	42½	43	43½	44	44½	in.

WOMEN'S SIZE SCALE . . The Woman's figure is a well proportioned, mature figure with waistline slightly larger than a Misses' figure.

Order Size	**34**	**36**	**38**	**40**	**42**	**44**	
If hips are	38½	40½	42½	44½	46½	48½	in.
If waist is	30	32	34	36	38	40	in.
If bust is	36	38	40	42	44	46	in.
Dress lengths	43	43½	44	44½	45	45½	in.
Gracious Lady Dress Lengths	45	45½	46	46½	47	47½	in.
Coat length (fitted coats)	43	43½	44	44½	45	45½	in.

SHORTER WOMEN'S SIZE SCALE . . Shorter Women are 5 feet 3 inches or under. The figure proportions are similar to the Misses', except for slight increase in waist and hips due to shorter height.

Order Size	**14½**	**16½**	**18½**	**20½**	**22½**	**24½**	**26½**	
If hips are	38	40	42	44	46	47½	49	in.
If waist is	29	31	33	35	37	39	41	in.
If bust is	35	37	39	41	43	45	47	in.
Dress lengths	41½	42	42½	42½	43	43½	44	in.
Coat length (fitted coats)	41½	42	42½	42½	43	43½	44	in.

LARGER WOMEN'S SIZE SCALE . . Larger Women's figure is heavier through the upper body than the woman's figure. Garments are styled with Sears famous trimline perfection to make you look slim.

Order Size	**46**	**48**	**50**	**52**	
If hips are	49½	51½	53½	55	in.
If waist is	42	44	46	48	in.
If bust is	47	49	51	53	in.
Dress lengths	45½	46	46½	47	in.
Gracious Lady Dress Lengths	48	48½	49	49½	in.
Coat length (fitted coats)	45½	46	46½	47	in.

Teen Girls' and Growing Girls' Dresses, Coats and Suits

Be sure to measure each time you order

GROWING GIRLS' SIZE SCALE . . Check her size each time you order. Measure over dress. Measure chest, close up under arms; waist, at natural waistline. Take length down center back from collar line.

Order Size	**7**	**8**	**10**	**12**	**14**	
If chest is about	26	27	29	30½	32	in.
If waist is about	23½	24	25	26	27	in.
If hips are about	28	29	31	33	35	in.
Dress length	27	26½	31	34	36	in.
Coat lengths (fitted coats)	27	28½	32	34	36	in.

Be sure to measure each time you order

TEEN GIRLS' SIZE SCALE . . Have someone else measure you over slip or light dress. Measure chest around fullest part (be sure tape does not slide down in back); measure natural waistline; measure hips 7 inches down. Take length down center back from collar line.

Order Size	**10**	**12**	**14**	**16**	
If chest is	30	31½	33	34	in.
If waist is	24½	25½	26½	27½	in.
If hips are	33	34½	36	37	in.
Dress length	36½	38	39½	40½	in.
Coat length (fitted coats)	37	38½	40	41	in.

How to measure for Women's, Girls' Clothing

MEASUREMENTS SHOULD BE TAKEN OVER SLIP OR LIGHTWEIGHT DRESS WITH BELT REMOVED

Preferably, have someone else measure you. If you must measure yourself, do it in front of a mirror. Take measurements 1, 2, 3 and 4 at figure points illustrated below Find the corresponding measurements in the size scale of the garment you are ordering, and determine your size. Do not change the size for one inch variation in bust measure . . . if hip and waist agree with scale. If hip and waist measurements are between sizes, order size nearest to these two measurements. *In determining girls' sizes;* if her measurements come in between sizes, order the *larger* size. Be sure the garment you want comes in your size.

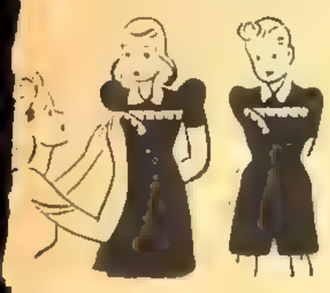
1. HIPS
Measure around the fullest part of the hips, 7 inches below your natural waistline. Hold the tape firm but not tight.

2. WAIST
Measure around the smallest part of the body at natural waistline. Be sure to stand evenly balanced on both feet.

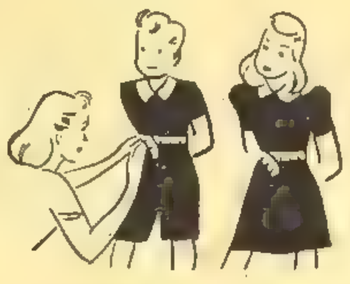
3. BUST OR CHEST
For women, measure fullest part of bust. For girls, measure close up under arms. Do not let tape slide down in back

4. LENGTH
Length is measured from "bump" at back of neck, following curve of body to hem. Take in two steps—from neck to waist, waist to hem. Dress, coat lengths given in size scales above, other lengths in description of garment.

5. OUTSEAM
Length of slacks and ski pants given in description of garments is taken from waistline to ankle, measured straight down outside of leg.



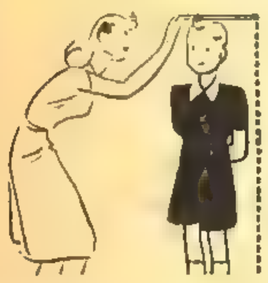
Send for a Free Tape Measure:



If you haven't a tape measure, we will gladly send you one FREE. Just send us a post card or add a note to your order.

How to Measure for Little Girls' and Boys' Clothing

RDER BY SIZE, NOT BY CHILD'S AGE, since children the same age vary greatly in size. MEASURE CHILD CH TIME YOU ORDER to insure correct fit.



ttle Girls' Chest Meas-rement determines sizes underwear, playsuits, weaters and pajamas. easure around the fullest art of her chest, with tape ld snugly and well up er her shoulder blades.

Little Girls' Waist Measurement should always be taken at natural waistline.

Little Boys' Waist Measurement should be taken around trousers at natural waistline just above his hip bones. Remove belt before measuring. Refer to size scales on the merchandise pages. If his measurement comes between sizes, order the larger size.

o measure height, have our child stand in stocking et against wall. Mark a ot on the wall level with top of the child's head, shown above. Measure rately along the wall the point which you marked to the floor.

Length of Little Girls' Dresses and Coats. Measure in any well-fitting dress or coat straight down center from neckline to desired length. See size scales on merchandise pages. If measurement is between sizes, order larger size.

How to Measure for Men's and Young Men's Clothing

ve someone else measure you if possible

escription of each garment, we tell you the measents we need to fit you properly. Send us these body measurements; make no allowances. Stand ally and don't expand chest; take bulky material pockets. Order suits, overcoats, topcoats and rain- on Men's and Young Men's special order blank in of catalog or on one of our regular order blanks.

easurement is takup under the arms. easuring keep the ne snug but not ape-line should be under the arms er the shoulder Measure over vest , overcoats, topd raincoats.

Waist Measurement is taken at the natural waistline which is that part of the body right above the hip bones. Remove belt before measuring. Place tape-line all around the body, measuring over trousers. Be sure to keep the tape-line snug but not tight.

Inseam is taken se up in crotch to of trousers at the esired, usually to eel. Or, you can air of trousers that roperly, lay them table and measn from crotch to the trouser leg.

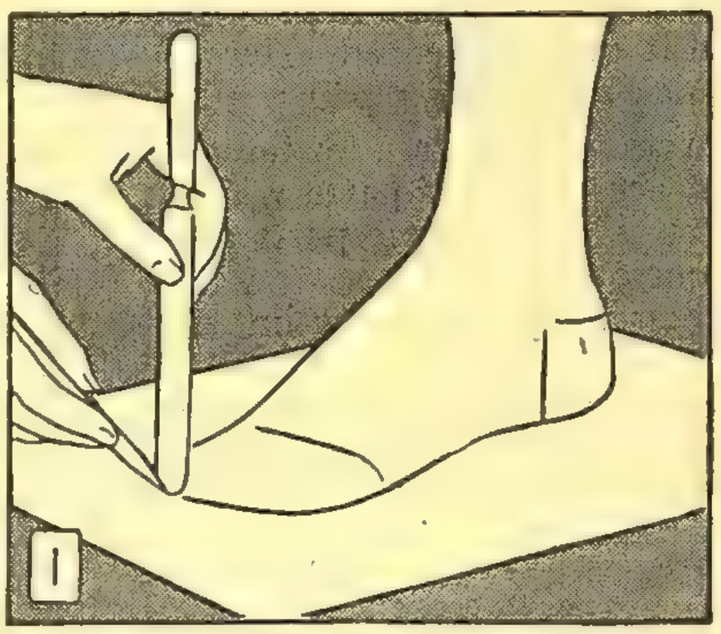
Sleeve Inseam Measurement. Take this measurement from the sleeve of a coat that fits correctly. Measure under the arm and along the seam to end of sleeve as shown in the illustration above. Take this measurement carefully and do not make an allowance.

Three Ways to Order Your Correct Shoe Size

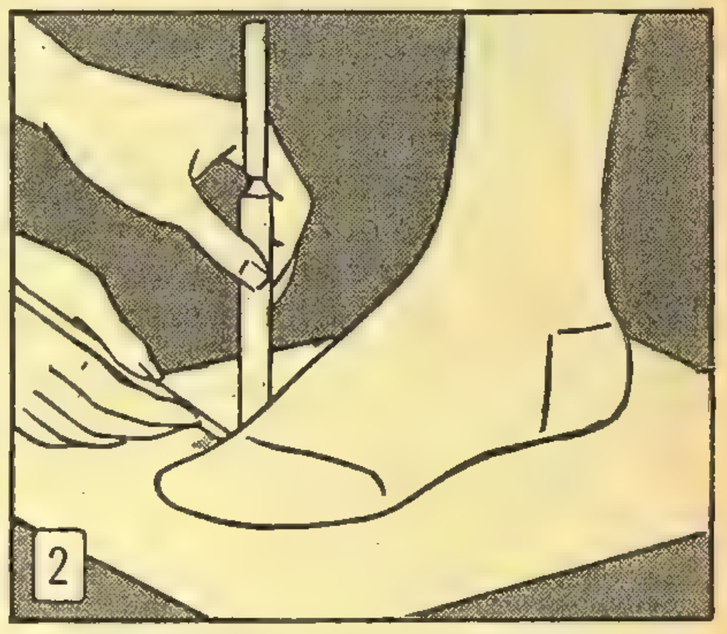
1 Tell us your shoe size—length and width—if you know it

For men and women only—not for children. (For children, use 4-point measuring system and see important notice at bottom of page.) Make sure that shoes you order are sold in your particular size and width.

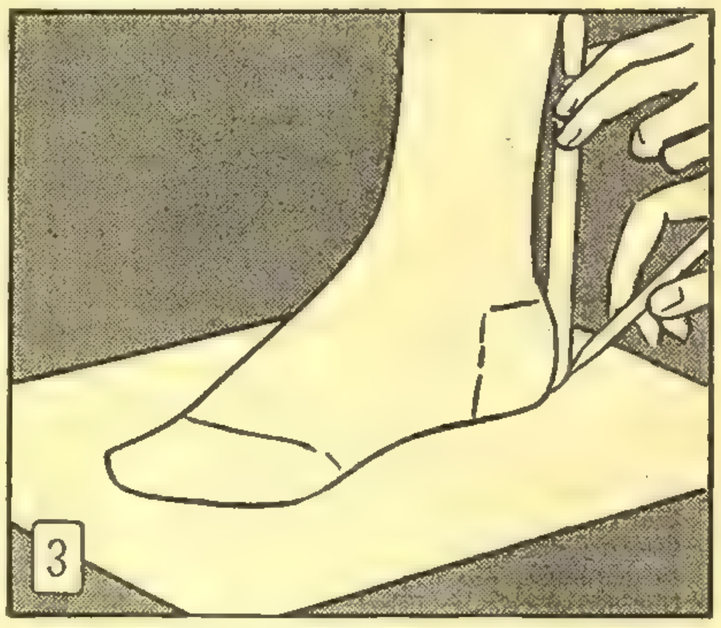
or 2 Give us all numbers and letters in your shoe



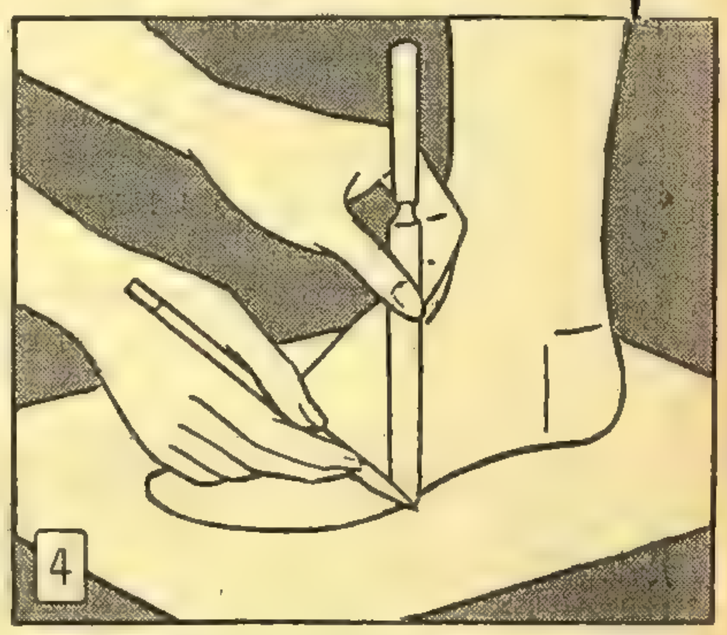
For men and women only—not for children. (For children, use 4-point measuring system and see important notice at bottom of page.)—Just write on your order all the numbers and marks you find in the lining of a comfortable old shoe—whether you bought it at Sears or not—and your new Sears shoes will fit just as comfortably. Be sure to include any dashes that occur, as they sometimes indicate half sizes.



or 3 Use Sears Scientific 4-point measuring system



For men, women, older boys, girls and children—Take a piece of blank paper large enough to fit under your foot . . . an ordinary kitchen knife . . . and a sharp pencil. **Sit on a chair** and let the foot which gives you the most trouble rest naturally and without moving on the piece of paper as shown below. **Do not stand** as this will spread the foot and result in an incorrect measurement. Our measurements allow for normal spread of foot when standing.



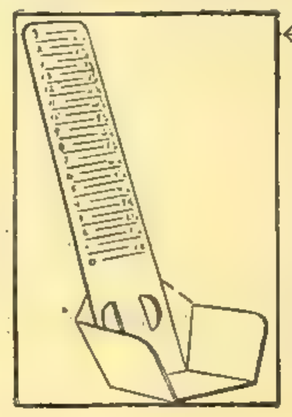
Have someone else hold the knife straight up and down at the tip of your longest toe as shown in Point Number (1) above, and make a mark with the pencil along the outside edge of the point of the knife.

Have the knife blade moved to the joint at the inside of the foot (widest part), as shown in Point Number (2) above, and again make a mark with the pencil along the outside edge of the blade.

Next, have the knife blade placed at back of the heel, as shown in Point Number (3) above, and make another mark along the outside edge of the blade. Be sure that the knife is held straight up and down.

And last, have knife blade placed at widest part of the outside of your foot, as shown in Point Number (4). This gives us your exact foot measurement so do not send us pencil outlines of your foot.

Now you will have a piece of paper with four pencil marks on it as shown at the right.→ Enclose this piece of paper with your order blank (if ordering more than one pair, send diagram for each with catalog number noted). Sears 4-Point Foot Measurement gives us all the information we need to determine your correct shoe size.



For Children's Shoes measure each time you order

New measuring device now Free for the asking!

Before purchasing new shoes for children, check for correct size, following the 4-point system above. Never order same size twice without again measuring, as children's feet grow fast — even in the teen years. Short or tight shoes will cramp the feet and may do lasting harm. Measure carefully each time!

←Sears new measuring device, very easy to use in getting exact size measurement for children only. Simple and complete instructions are printed right on device.

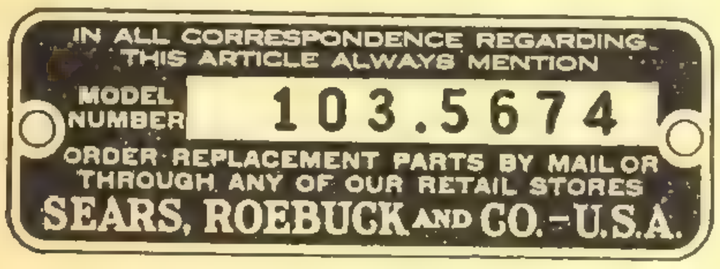
Send for one today—use it again and again to determine correct size before ordering your children's shoes. Ask for number F13818.

How to order REPAIR PARTS

At Sears, Roebuck and Co. the term "Service" as applied to mechanical merchandise means much more than satisfactory operation for a few months—or years. The finest piece of equipment ever built has parts that will eventually become worn in normal service and need replacement. And we consider it our responsibility to provide replacement parts for Sears-Roebuck equipment, and to provide these parts at the lowest prices obtainable. On repair parts, as on all other Sears-Roebuck merchandise, we guarantee to satisfy you perfectly.

What have Sears done to provide repair service?

Millions of customers buy farm machinery, power tools, washing machines, stoves, and hundreds of other things from Sears, Roebuck and Co. with confidence and faith in Sears ability to provide speedy, low-cost repair service, should it ever be needed. Here's how we make it easy for you to get quick service on repair parts:



1. At all ten of our big mail order houses we maintain for immediate shipment large stocks of replacements for parts which may wear out through natural use. Most of these parts are shipped *the same day* we receive your order.
2. Sears Retail Stores carry large repair parts stocks for immediate delivery.
3. Complete lists of repair parts for all Sears mechanical equipment, old and new, are kept in all our Retail Stores. Sales people will help you order the correct part.

How do I order repair parts by mail?

Before ordering, please be sure to check this catalog—as many regular replacement parts are listed along with the equipment for which they are intended. (Please turn to Index for page references on the type of equipment you wish to repair.)

Prompt service on repair parts depends upon the completeness of information you give us. With each major piece of mechanical merchandise sold, we include a complete repair parts list. Keep this list and refer to it when in need of repairs. All repair lists give you the price of each part, as well as the exact weight so you can include proper postage. *If in a special hurry*, just send your order by paid telegram, giving us *complete information*, and we will rush the parts to you.

1. Give us the exact name and number of part you want.
2. Give us the model number of machine or item for which part is being ordered.

To find the model number, look for the metal tag carried on most of Sears mechanical merchandise. If the tag does not appear on your merchandise, you will find the number stamped or stenciled somewhere on the article.

How about repair parts for very old equipment?

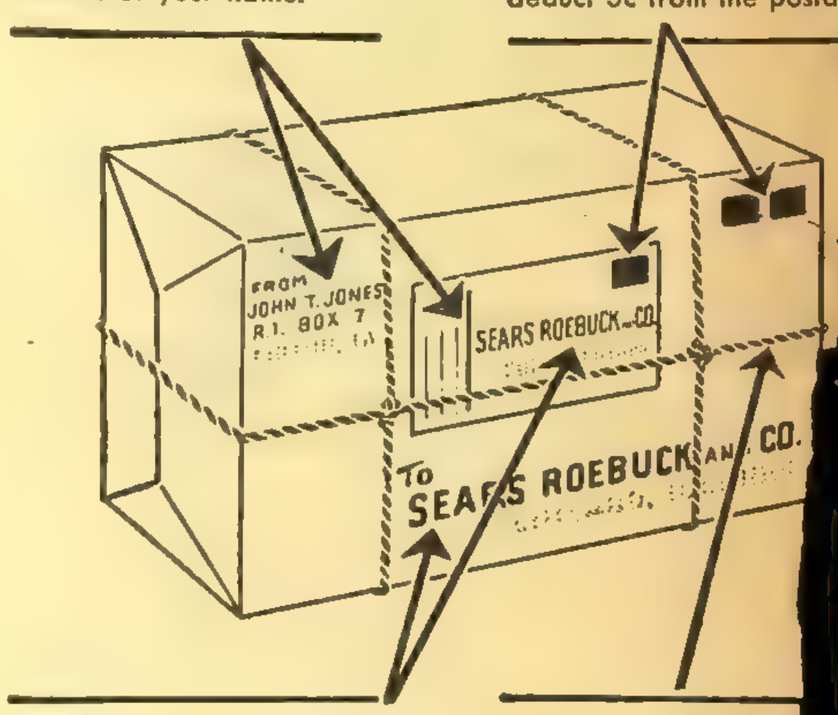
We are able to supply parts in most cases for equipment 10, 15, and 20 or more years old. We have supplied parts for furnaces and David Bradley farm machines sold over 40 years ago. If the article bears no plate like the one shown above, send us the following information:

1. Name and model number of the machine or item referred to. If there is no model number, give us a complete description of the item, including the year purchased.
2. Exact name and number of part wanted. If no number appears on the part, send us a pencil outline, or the old part itself. Tell us location of part on equipment.

Repair parts for older equipment are quoted at reasonable prices which will be supplied on request, or can be obtained at any Sears Retail Store. When you order mechanical equipment, you can be sure that you will be able to obtain repair parts.

IF NECESSARY TO WRITE US OR SEND GOODS

When writing to us about an order, help us g
you quick service by including any papers,
voices, or correspondence pertaining to the
der about which you are writing. Give us f
information as to catalog number, size, col
price, etc. But first examine the order or
voices and check with the merchandise, as ve
often changes in invoices or orders are fully
plained, making it unnecessary for you to wri
us. Sometimes the papers come separately
mail a day or two after your merchandise h
been received.



If necessary to return goods, please tell us why y
are returning the merchandise and what articles y
want in exchange, or if you want your money
turned. Also send all invoices and papers receiv
which pertain to the order.

We always allow you any postage paid for returni
goods to us. *Attach letter of instructions to OUTSID
of package when sent by Parcel Post.* The letter and i
voices must not be put inside the package as th
makes the entire package subject to the First Cla
(letter) rate which is much higher than the Parc
Post rate. Wrap and address package carefully,
shown in directions below. Pack fragile merchand
with special care. The postoffice requests that c
rect postage be put on package and letter bef
depositing them in your mail box.

If necessary to return very small articles
sewing machine needles, wrap them in paper, enc
with your letter, and send by first class mail. P
letter postage on envelope.

Please print your full name and complete return address plainly both on the letter and in the upper left hand corner of the package, as illustrated, with "FROM" in front of your name.

Put correct amount of pos
on package, according
weight and zone, plus
stamp on letter. If you li
a rural route, mark pa
"Mailed on Rural Route"
deduct 3c from the postag

Please print or write plainly and address both the letter and the package to Sears, Roebuck and Co.

Wrap in strong paper,
curely, but do not seal
letter on outside of p
under string.

If necessary to return goods by freight
press . . . Write us first for instructions.
merchandise securely and address properly, acc
to our directions. Put your full name and addi
inside or outside of package with "FROM"
your name. Your station agent will give you a
to be mailed to us at once together with our le
instructions. If the freight station is not th
as your regular postoffice address, be sure to

How to figure PARCEL POST RATES

ckages weighing up to 70 pounds, and measuring not more than 100 inches in mbined length and girth (distance around at widest point), can be sent by parcel st in all postal zones. However, explosives, highly inflammable articles, and poisons ith the exception of germicides, insecticides, and fungicides) cannot be sent by rcel post. Whenever the catalog description states "Unmailable" it means that at article is of such a nature, size or weight that it cannot be sent by parcel post. ou should then specify freight or express shipment and turn to the following pages r instructions and rates.

gure the total weight of the articles you are ordering. The shipping weight of each ticle is given in the catalog description. When you write your order show the ship- ng weight of each article ordered, in pounds and ounces, in the last two columns on e right side of the order blank. Add the pounds and ounces and change ounces into ll pounds (16 ounces to a pound). Then show the total weight in pounds. Consult he parcel post rate table at right for the correct amount to include in your remittance r postage. *For example*, if your order adds up 25 pounds and you live in Zone 3, the ostage on your merchandise would be 59c. If you do not know your postal zone, fer to the zone map below or see the example shown directly below the map.

hen figuring postage on packages weighing more than one pound, always remem- r that the postoffice counts a fraction of a pound as a full pound and charges post- e accordingly. For example, if the total weight of your order is 7 pounds and one nce, the postoffice charges the parcel post rate for 8 full pounds. Therefore you uld include additional articles weighing 15 ounces without having to pay one cent re for postage. It means extra savings for you when you build up your order to pounds.

de money for postage with your order as we must pay postage on parcel post ages before we can send your merchandise. *Don't worry about sending more than orrect amount—if you send us too much, every cent extra will be promptly returned* You pay only the exact postage needed for your order.

u are not sure which Parcel Post Zone you are in, ask your or postmaster or look at your address on the wrapper of this atalog we mail to you, or on the label on any package you from Sears. The number that appears on the line with your as shown in the example below, is your Parcel Post Zone.

JOHN T. JONES
R I B 7
TIPTON, IOWA 3

DISTANCE FROM CHICAGO

Local Zone	Within Chicago
Zones 1 and 2	Not over 150 miles
Zone 3	151 to 300 miles
Zone 4	301 to 600 miles

Postoffice money order charges

The postoffice makes the following charges for Money Orders, regardless of where they are purchased.

Amount	Charge	Amount	Charg
Up to $ 2.50	10c	$20.01 to $ 40.00	25c
$2.51 to 5.00	14c	40.01 to 60.00	30c
5.01 to 10.00	19c	60.01 to 80.00	34c
10.01 to 20.00	22c	80.01 to 100.00	37c

For amounts above $100, purchase additional Money Orders at the same charges as shown above.

Parcel Post C.O.D. fees

On parcel post C.O.D. shipments, in addition to the price of the merchandise and regular parcel post charges, we will bill you for the C.O.D. collection fee which we are required to pay the Post Office, as follows:

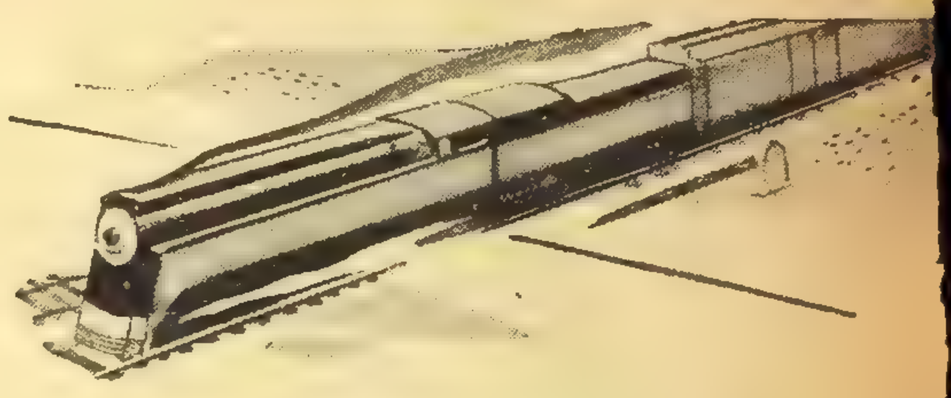
Amount Due	Fee	Amount Due	Fee
Up to $ 5.00	24c	$25.01 to $ 50.00	44c
$5.01 to 25.00	34c	50.01 to 100.00	64c

In addition the postoffice collects a Money Order fee for forwarding the total amount to us.

Special delivery

If you want your order mailed Special Delivery, mark it "Special Delivery Mail" and allow the following charges in addition to regular Parcel Post charges.

Up to 2 pounds	15c
Over 2 pounds to 10 pounds	25c
Over 10 pounds	35c



For any other information regarding parcel post matters, ask your mail carrier or your postmaster

How to estimate Express Rates an

reight is the best and most economical way to ship heavy, bulky erchandise. Improved handling, faster trains and more frequent runs ave greatly speeded up freight service. Rates are the same, regardless who ships the merchandise.

d up your freight shipment to 100 pounds. The minimum charge any rail freight shipment is the rate for 100 pounds, but it is er less than 55 cents. Minimum charge by truck may in some instances ntly exceed the hundred pound rate. Charges on shipments over 100 nds, however, are based on actual weight. If your order weighs less, ill be to your advantage to anticipate future needs and build it up 00 pounds. On freight orders of 100 pounds or less, made up of several les taking different freight rates, the highest rate applies to the shipment.

ransportation companies are required to collect a Federal tax of 3% their charges.

If there is a freight agent at your station, you pay freight char when shipment is received. *If there is no freight agent*, include additio money with your order to cover freight charges. If you send too mu we will return the difference.

Estimated Rail Freight Rates Per 100 Pounds for various types of merchandise

Freight charges are based on distances. Therefore, the rates below can be used to estimate freight charges from CHICAGO, or any of our warehouses or factories. Figure up the total weight of your order, refer to the chart below, and you can easily estimate the freight charges. The actual charge, however, may be slightly more or less than your estimate.

EXAMPLE: Suppose you live about 200 miles from CHICAGO and order p weighing 125 pounds. The rate table below shows the 200-mile freight rate for pounds of paint to be 48 cents. Multiply the shipping weight, 125 pounds (times the hundred pound rate), by 48 cents. 1¼ times 48 cents is 60 cents, t add 3% (2c) for Federal tax making the approximate total freight charge 62

The letters KD wherever used in con nection with freight rates mean *knocked down* which is the railway companies' way of say ing the article shipped is sufficiently take apart to ship it at lowest freight rate.

SU means *set up*.

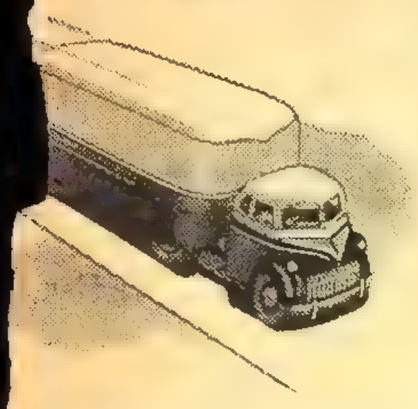
Express Rates

The fastest way to ship unmailable m chandise is by express, as express shipmen are carried on regular passenger trains a get special handling all along the line. not send money for express charges w your order; charges are paid on delive They can be easily figured from rates belo

Example: If your order weighs 30 poun and you live about 200 miles from the shi ping point, the approximate charge on 30-pound package shipped 200 miles wou be 85c, plus 3% (3c) Federal tax, or 88c.

Distance from Shipping Point	100 Miles	200 Miles	30 Mi
Charges on Packages Weighing			
5 Pounds	$0.35	$0.40	$0
10 Pounds	.40	.50	
15 Pounds	.44	.53	
20 Pounds	.52	.63	
30 Pounds	.68	.85	1
40 Pounds	.84	1.06	1
50 Pounds	1.00	1.28	1
75 Pounds	1.40	1.82	2
100 Pounds	1.70	2.25	2

American Express Money



Money orders can be purchased at any Ex at the following rates:

Amount	*Charge*	*Amount*
Up to $5.00	10c	$25.01 to $50
$5.01 to $25.00	15c	$50.01 to 10

For amounts above $100, you can pur Express Money Orders at same charges

OEBUCK AND CO. ... antee to Satisfy ... pletely on Every Order

reight Charges to your station

It's easy to figure freight charges. The rate on heavy, compact articles like roofing is different from the rate on light, bulky furniture. Use the rate tables on these two pages to estimate freight charges to your town. Or ask your station agent, or write us giving catalog numbers of items on which you want actual freight charges.

ipments from factory or warehouse. Many heavy articles are ipped direct from factories and warehouses near you. The catalog de- riptions of the articles give the various points of shipment. *Articles ipped from factories or warehouses may be included on the same order blank th goods shipped from our mail order house, but they will be sent as separate ipments with separate shipping charges.*

Direct-to-home freight delivery. Many railroads offer direct-to-home truck delivery service on rail freight shipments—usually only within city or village limits. Ordinarily there is no extra charge except where the freight rate is very low—then a slight extra charge is made by the railroad to cover the cost of delivering the merchandise.

Ask your freight agent or write us about this service—we are always glad to give you information about the shipment of your orders.

Truck line shipments. Truck rates are slightly higher than railroad rates. But before ordering goods shipped to you by truck, consult the local representative of a reliable trucking company to be sure truck of that line can make proper connections with shipping points given in catalog description. Then mark an "X" in space provided on the order blank—and *specify name of trucking company serving your community.*

Actual Rail Freight Rates Per 100 Pounds from factories and warehouses . . . See below

you are ordering merchandise to be shipped from one of our conveniently lo- ed warehouses or factories, first find in the table below the city in which you r the city nearest you. Then find the rate per 100 pounds from the factory rehouse from which your order is to be shipped to this town, and it will be for you to estimate the freight charge.

EXAMPLE: If you live in or near Hoopeston, Ill., and order insulating board weighing 200 pounds, which is to be shipped from our factory in Dubuque, Ia., the rate per 100 pounds from Dubuque to Hoopeston, Ill. is 63c. Multiply ship- ping weight, 200 lbs. (2 times the 100-lb. rate), by 63c and your answer is $1. Add 3% (4c) for Federal tax, making the total freight charge $1.30.

How to make out an order

Just five simple steps, as shown below, and your shopping is done. To enjoy all the advantages of shopping by mail at Sears, please give us all the information requested in the description of merchandise you are ordering.

The Sears order blank shown below is correctly made out. Use it as a guide in writing your own orders and you can be sure your order is complete. Please give special attention to Step Number 1 and follow the simple instructions given.

SEARS, ROEBUCK AND CO. ORDER BLANK

WE GUARANTEE TO SATISFY YOU

SEND MONEY The best way to send money is by postoffice or express ...der, by bank draft or check. The mail carrier will be glad to buy a ...oney order for you if you live on a rural route. It is better not to ...aper money or postage stamps with orders but should it be neces... ...o send your order by registered mail.

...POST SHIPMENTS figure and include the parcel post charges. Add the weights given for articles ordered and refer to table of rates on Parcel Post Page in our Catalog. Don't be afraid to send too much postage, as we will return every penny not used to ship your order.

ON FREIGHT SHIPMENTS You pay freight charges to the freight agent at your station when goods are received. If there isn't a freight agent it is necessary to send money to prepay freight charges.

RATIONED MERCHANDISE Enter opposite each *rationed* item in the column headed Ration Stamps the number of ration stamps needed. *Detach* from your War Ration Books the correct number and color stamps, and attach them to your order. Please be guided by O.P.A. radio and newspaper announcements as to the value of your ration stamps and the periods in which they can be used. *Do not send your War Ration Books.*

THE HEAD OF HOUSEHOLD SHOULD SIGN BELOW AND ANSWER QUESTIONS

Articles priced at $10.00 or more require a down payment. See Easy Payment explanation in your Sears catalog.

SEARS, ROEBUCK AND CO.: Enclosed is a deposit of $..... which is to be used in part payment of the merchandise shipped. Beginning thirty days after the shipment is received, I will pay $..... each month as required by your terms until the unpaid balance, plus carrying charge to be added as shown in your catalog, has been entirely paid. Until full payment is made, I agree that title to and right of possession of the merchandise shall remain in you, that I will not sell, remove, or encumber the same without your written consent, that I assume and shall be responsible for all loss or damage to said goods, and that upon default of any payment or payments, you may, at your option, take back the merchandise or affirm the sale and hold me liable for the full unpaid balance.

Diagram below shows a regular shaped room

To order any of the Servistan Linoleum Floor Designs by room size as listed on pages where they are shown, fill in the information as requested below. Be sure to state catalog number, size of room and price as listed.

CAUTION! In determining the proper room size, measure the widest width and longest length of your room from baseboard to baseboard (not from quarter-round to quarter-round). If the exact size needed is not listed, order the next size larger (if it's within four inches in either width or length). All you will need to do in laying the linoleum is trim off the outside edges and the material will fit perfectly.

IMPORTANT! In the event your room size is not listed or if your room is irregular in shape, you may secure a FREE ESTIMATE on the Floor Design of your choice by filling in the information on the back of this page.

CATALOG NUMBER OF COLOR SELECTION	FLOOR DESIGN NO. (1, 2, 3, 4, 5 OR 6)	ROOM SIZE—LENGTH AND WIDTH	Total Amount DOLLARS	CENTS	Shipping Weights POUNDS	OUNCES

Order threshold strips extra for each doorway unless doorway has wooden threshold. See Gibraltar linoleum page for description. **Note:** Threshold strips are not included in Floor Design prices.

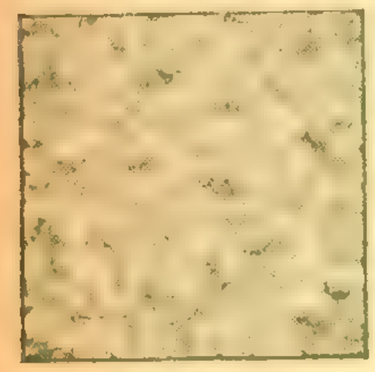
IF ORDERING ON EASY PAYMENTS fill in application form on bottom of Easy Payment Order Blank and attach it to this order blank.

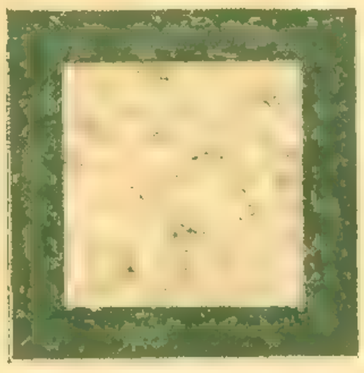
FOR FREE ESTIMATE on any Floor Design, cut to fit any size or shape room, fill in the information requested on the back of this form and send to nearest mail order store. Free Estimate will be sent to you promptly.

ESTIMATE FORM FOR SPECIAL LINOLEUM FLOOR DESIGNS



SEARS, ROEBUCK AND CO.

USE THIS SIDE TO ORDER FLOOR DESIGN WHEN YOUR ROOM IS IRREGULAR IN SHAPE OR IF SIZE IS NOT LISTED



If your room size is not listed on catalog pages where the Floor Design you want is shown, or if the shape of your floor is irregular (as in illustration) draw a free-hand diagram of your floor on the squared paper below. Clearly show each dimension as in diagram—*PLEASE CHECK DIMENSIONS ACCURATELY.* Be sure to indicate on diagram all doorways so we can put cost of threshold strips in your estimate.

Put check mark in square below indicating which Floor Design you want. Then, be sure to state catalog number of your color and selection in space provided below. A FREE ESTIMATE will be sent promptly without any obligation to you.

The mail carrier will be glad to buy a postoffice money order for you if you live on a rural route. It is better not to send coins, paper money or postage stamps with orders but should it be necessary, be sure to send your order by registered mail.

ON PARCEL POST SHIPMENTS figure and include the parcel post charges. Add the weights given for articles ordered and refer to table of rates on Parcel Post Page in our Catalog. Don't be afraid to send too much postage, as we will return every penny not used to ship your order.

ON FREIGHT SHIPMENTS You pay freight charges to the freight agent at your station when goods are received. If there isn't a freight agent it is necessary to send money to prepay freight charges.

DO YOU WEAR Belt ☐ Suspenders ☐

SIZE SCALES FOR MEN'S AND YOUNG MEN'S SUITS

To insure a perfect fit when ordering clothing from this catalog, *be sure to state chest, waist, inseam and sleeve length measurements as well as your height, weight and age.* When you measure your chest wear a vest, and measure over it. Don't order a larger size than you actually take as all our suits are cut full and according to a standard size range. Our descriptions show the sizes in which our clothes are made. If your size is listed in the suit you select, we guarantee the garment will fit you.

Men's Suit Size Chart for Regular Sizes . . . in regulars, shorts and longs

Chest sizes.	34	35	36	37	38	39	40	42	44
Comes in waist sizes.	29 to 31	29 to 32	30 to 33	31 to 34	32 to 35	33 to 36	34 to 37	36 to 39	39 to 41

Men's Suit Size Chart for Semi-Stouts and Stouts

Chest sizes.....	38	39	40	42	44	46	48	50
Waist for semi-stouts.....	36–37	37–38	38–39	40–41	42–43	44–45	.....	.....
Waist for stouts.....	38–39	39–40	40–41	42–43	44–45	46–47	47 to 49	49 to 51

MEASURING INSTRUCTIONS FOR Overcoats, Topcoats and Raincoats

State actual chest measure taken over vest. Be sure tape is over shoulder blades at back. *Do not* make allowances as our overcoats, topcoats and raincoats are full cut to fit over suits. State age, height, weight also as all Sears overcoats and topcoats come in regulars and longs. The proper length is figured for the regular or tall man.

THE HEAD OF HOUSEHOLD SHOULD SIGN BELOW AND ANSWER QUESTIONS

Articles priced at $10.00 or more require a down payment. See Easy Payment explanation in your Sears catalog.

SEARS, ROEBUCK AND CO.: Enclosed is a deposit of $..... which is to be used in part payment of the merchandise shipped. Beginning thirty days after the shipment is received, I will pay $..... each month as required by your terms until the unpaid balance, plus carrying charge to be added as shown in your catalog, has been entirely paid. Until full payment is made, I agree that title to and right of possession of the merchandise shall remain in you, that I will not sell, remove, or encumber the same without your written consent, that I assume and shall be responsible for all loss or damage to said goods, and that upon default of any payment or payments, you may, at your option, take back the merchandise or affirm the sale and hold me liable for the full unpaid balance.

HOW TO SEND MONEY The best way to send money is by postoffice or express money order, by bank draft or check. The mail carrier will be glad to buy a postoffice money order for you if you live on a rural route. It is better not to send coins, paper money or postage stamps with orders but should it be necessary, be sure to send your order by registered mail.

ON PARCEL POST SHIPMENTS figure and include the parcel post charges. Add the weights given for articles ordered and refer to table of rates on Parcel Post Page in our Catalog. Don't be afraid to send too much postage, as we will return every penny not used to ship your order.

ON FREIGHT SHIPMENTS You pay freight charges to the freight agent at your station when goods are received. If there isn't a freight agent it is necessary to send money to prepay freight charges.

RATIONED MERCHANDISE Enter opposite each *rationed* item in the column headed Ration Stamps the number of ration stamps needed. *Detach* from your War Ration Books the correct number and color stamps, and attach them to your order. Please be guided by O.P.A. radio and newspaper announcements as to the value of your ration stamps and the periods in which they can be used. *Do not send your War Ration Books.*

You are invited to join *Peoples Book Club*

- You receive a gift book when you join. It comes to you without extra cost with your first regular Club selection.
- You pay only $1.66 each for books that sell for $2.50 to $4.00 in the publishers' editions.
- You may buy as few as four books a year and still retain all privileges of Club membership.
- With every fourth book you purchase you will receive an additional $2.50 to $5.00 book (regular publisher's edition list price) as a gift.
- You will receive regularly without charge "The Peoples Choice," the Club magazine which reviews in full the forthcoming selection.
- Club selections are issued exclusively for Club members, in handsome bindings. Famous Gallup Poll methods are used to determine which of the new books will be most enjoyed by Club members.
- You must be pleased. Satisfaction is guaranteed or your money back.

(Dept. F73)

PULITZER PRIZES AWARDED TO TWO P. B. C. AUTHORS

Journey in the Dark, by Martin Flavin, a current Peoples Book Club selection, has been awarded the coveted Pulitzer prize for the most distinguished American novel of 1943.

The Pulitzer Prize for the most distinguished war correspondence during 1943 went to Ernie Pyle, author of *Here Is Your War,* also a current Club offering. In the book, as in his newspaper reports from the battlefronts, Ernie Pyle describes the warm, human side of the war, for the folks at home.

Both books were overwhelming favorites with the Peoples Book Club juries to which they were submitted. The Pulitzer awards are proof that the Club's method of allowing its own members to determine Club selections assures fine books for distribution. The awards are a tribute also to the discrimination of the member juries to which these books were submitted for judging.

***Here Is Your War* and *Journey in the Dark* are included in the current Peoples Book Club offer on pages 492 and 493.**

TAILORED TO-ORDER

Virgin Wool Suits
for men and young men

AS LOW AS
$29.85
Easy Terms Available

DESIGNED FOR PERFECT FIT

Sears Tailored-to-Order Clothes

The pattern for your suit is designed for you . . . so your suit will fit you, and you alone, perfectly. Every tailoring operation . . . the hand cutting, the essential hand stitching, the hand pressing, is done by long experienced tailors with your measurements as a blue print.

Your Sears Tailored-to-Order Suit will be a better looking, longer wearing suit than you ever thought you could afford. And remember . . . you save money when you shop at Sears.

WE GUARANTEE TO FIT YOU PERFECTLY . . . NO MATTER WHAT YOUR BUILD

SEARS EASY PAYMENT PLAN

Applies to everything we sell

With the help of Sears Easy Payment Plan you can buy the better quality merchandise and budget payments over the months ahead. Your order need total only $10 or more. The down payment required depends upon the kind of merchandise you buy as explained below. 10% down payment is required on orders which include only items priced at $10.00 or less (including tax on sales, if any, and shipping charges). Below are instructions for ordering on Easy Payments, showing amount to send with order and amount to pay monthly for all kinds of merchandise. Use Sears Easy Payment Plan. It's easy to open an account.

HOW TO ORDER

List the items you are ordering on the Easy Payment side of one of Sears Order Blanks. Total the cash prices and be sure your order amounts to $10.00 or more. Several copies of order blanks are furnished for your use in making a copy of the order.

The head of the household should fill in the answers to the questions on the lower portion of the order blank and sign it. Then enclose a check or a money order for the required down payment and mail the order to Sears.

For amount to send with your order refer to the four down payment groups at right. If you are ordering merchandise from more than one group, figure the down payment on each group separately and add them together. The total of these down payments is the amount you send with your order.

For example: You may wish to include in the same Easy Payment order a $7.50 bookcase, a $3.50 pair of shoes, $2.95 sweater, and $1.45 hosiery (each article is less than $10.00—only 10% down payment required), a $12.00 coat and a $15 mattress. Figure down payment as follows:

		Down Payment	
BOOKCASE....$7.50 SHOES..... 3.50 SWEATER..... 2.95 HOSIERY..... 1.45	*Price** ..$15.40	$1.54	(10%)
COAT.....	12.00	4.00	(33⅓%)
MATTRESS.....	15.00	3.00	(20%)
TOTAL.....	$42.40	$8.54	

For amount payable monthly refer to the *Payment Table* at the right. Notice that the monthly payment is only $5 for an unpaid balance up to $55. Usually you can fill many of your needs on one Easy Payment order without increasing the amount you pay each month.

ADDITIONAL PURCHASES

Once you have an open account on our books, you'll find it a real convenience. As you need new things, you may add them to your current account—in most cases with no increase in your monthly payments. If the articles you add are individually priced at $10 or less (including tax on sales, if any, and shipping charges), you need not send a down payment. For items over $10, the down payments at the right apply.

DOWN PAYMENTS

10% (ONE-TENTH) **DOWN PAYMENT*** **on any Article priced at $10.00 or less** (including tax on sales, if any, and shipping charges) regardless of the type of merchandise

10% (ONE-TENTH) **DOWN PAYMENT*** **on Building Material, Hardware, Wallpaper, Paint, and Light Plant Storage Batteries**

20% (ONE-FIFTH) **DOWN PAYMENT*** **on Furniture, Mattresses, Bed Springs, Farm Equipment, Fencing, Wheel Chairs and Monuments** individually priced at more than $10.00

33⅓% (ONE-THIRD) **DOWN PAYMENT*** **on all other Merchandise** individually priced at more than $10.00

**Where any tax on sales, or transportation charge is to be included in the bill, such amount must be added to the cash price before figuring the down payment you are to send.*

Famous brand, hand washable

Rayon Broadcloth

94c yard

OUTSTANDING IN EVERY WAY:

- Deep-dyed brilliant colors
- Balanced weave for uniform strength in length and width
- Resists slipping at seams
- Beautiful exclusive designs
- Convenient 41½-inch width

Firm-textured nubby broadcloth, in a border print designed to be equally smart for mother or small daughter. It's made of smooth strong rayon, firmly woven and finished to Darbrook's rigid standards. Soft and drapey . . it's easy to sew. Laboratory tests prove it keeps its radiant beauty, vivid coloring, its soft touch through repeated washings. We recommend LUX for washing. *Colors:* Blue, red or moss green, shown actual size below. *State color.* Width, 41½ in.
36 K 8511—Shipping weight, yard, 7 ounces. A yard . . 94c

MOTHER'S DRESS PATTERN with shirtwaist top, yoke front and back. Unpressed pleats, front and back, in skirt. *Sizes:* 12, 14, 16, 18, 20, 40, 42. Size 16 takes 3⅞ yds. 41-in. fabric.
36 K 6831—*State size.* Postpaid 25c

DAUGHTER'S DRESS like mother's, but all-around pleated skirt. *Girls' sizes:* 4, 6, 8, 10, 12. Size 8 takes 2¼ yds. 41-in. fabric.
36 K 6832—*State size.* Postpaid 15c
